(4) If a judgment or recovery includes both damages for bodily injury or death for which the division has paid compensation under this part and damages for which the division has not paid compensation, then the division's subrogation interest shall apply only to that proportion of the judgment or recovery for which it has paid compensation. In a civil action in a court of this state arising out of criminally injurious conduct, the judge, on timely motion, shall direct the jury to return a special verdict indicating separately the amounts of the various items of damages awarded. A claimant may not make recoveries against the offender or collateral source in such a way as to avoid and preclude the division from receiving its proper subrogation share as provided in this section. The division shall release its lien provided for in subsection (1) above upon receipt of its subrogation share.

Community Services Block Grant Program

53-10-501. Definitions. As used in this part, the following definitions apply:

(1) "Block grant" means the federal community services block grant established under 42 U.S.C. 9901, et seq.

(2) "Department" means the department of public health and human services provided for in 2-15-2201.

(3) "Human resource development council" means a nonprofit public or private community organization serving low-income persons in a multicounty area that has the same boundaries as one or more substate planning districts established by executive order of the governor.

History: En. Sec. 1, Ch. 237, L. 1983; amd. Sec. 463, Ch. 546, L. 1995.

53-10-502. Allocation of federal community services block grant funds. The department shall allocate the state's share of the block grant funds as follows:

(1) The department may retain 5% for administrative costs and 5% for special projects.

(2) The balance of the block grant funds after any retention pursuant to subsection (1) must be distributed to human resource development councils that are eligible to receive such funding under 53-10-503 as follows:

(a) $500,000, or if the balance of the block grant funds is less than $500,000, then the entire balance of the block grant funds, must be equally divided among the eligible human resource development councils; and

(b) except as provided under 53-10-504(2), the balance of the block grant funds after distribution under subsections (1) and (2)(a) must be divided among eligible human resource development councils as follows:

(i) one-half based upon the population residing within the areas of human resource development councils; and

(ii) one-half based upon the low-income population, as that population may be determined under the provisions of the block grant, residing within the areas of the human resource development councils.

History: En. Sec. 2, Ch. 237, L. 1983.

53-10-503. Eligible human resource development councils. The department may not distribute block grant funds unless the human resource development council:

(1) meets the eligibility requirements set forth in 42 U.S.C. 9904, including composition of the board; and

(2) has complied with federal and state fiscal control requirements and agrees to comply with all fiscal and program requirements of federal law.

History: En. Sec. 3, Ch. 237, L. 1983.

53-10-504. Block grant plan — county and state approval. (1) A human resource development council shall prepare a plan for use of block grant funds. The planned use must be in compliance with block grant requirements, and the plan must be made to further the goals stated in the block grant.

(2) The human resource development council shall submit the plan to the county governing bodies within its multicounty area. A county governing body may approve, disapprove, or offer amendments to the plan. If the county governing body and the human resources development council cannot agree as to the plan's components, the department shall prepare and approve a plan for such county. The department shall then allocate block grant funds to the appropriate human resource development council to administer according to the plan approved for such county by the department.

(3) The plan must be submitted to the department for approval prior to distribution by the department of block grant funds allocated to the human resource development council. The department may disapprove a plan, in whole or in part, only if the plan conflicts with a federal law or regulation. A disapproved plan may be amended and resubmitted to the department.

History: En. Sec. 4, Ch. 237, L. 1983.

53-10-505. Fiscal and program responsibility. The department shall ensure state compliance in fiscal accountability and program integrity relating to block grant funds and services. The department shall audit the human resource development councils as may be required by state and federal law.

Part 1
General Provisions

53-18-101. Definitions. As used in this part, the following definitions apply:

(1) "Department" means the department of public health and human services provided for in 2-15-2201.

(2) "Self-sufficiency trust" means a trust created by a nonprofit corporation that is a 501(c)(3) organization under the United States Internal Revenue Code of 1954, as amended, and that was organized under the Montana Nonprofit Corporation Act, Title 35, chapter 2, for the purpose of providing for the care and treatment of one or more persons who are residents of this state and are persons with developmental disabilities, mental illness, or physical disabilities or are otherwise eligible for department services, as defined by the department.

History: En. Sec. 1, Ch. 542, L. 1989; amd. Sec. 21, Ch. 255, L. 1995; amd. Sec. 464, Ch. 546, L. 1995; amd. Sec. 58, Ch. 472, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 472 in definition of self-sufficiency trust, near end, substituted "physical disabilities" for "physically handicapped"; and made minor changes in style.

53-18-102. Creation of self-sufficiency trust account. (1) There is created a self-sufficiency trust account in the state treasury. The state treasurer shall deposit to the credit of the trust account money received from a self-sufficiency trust for that purpose. The state treasurer shall direct payments from the trust account upon claims certified by the director of the department.

(2) The assets of the trust account must be preserved, invested, and expended in the manner and for the purposes provided in 53-18-103. At the end of each fiscal year, the unexpended account balance must carry forward to the next fiscal year and may not revert to the state general fund.

History: En. Sec. 2, Ch. 542, L. 1989; amd. Sec. 31, Ch. 325, L. 1995.

53-18-103. Administration of trust account. (1) The department may accept money from a self-sufficiency trust for deposit in the self-sufficiency trust account pursuant to an agreement with the self-sufficiency trust naming one or more beneficiaries who are residents of this state and are persons with developmental disabilities, mental illness, or physical disabilities or are otherwise eligible for department services, as defined by the department. The agreement must specify the care or treatment to be provided for each named beneficiary. Money in the trust account must be accounted for separately for each named beneficiary. The department of public health and human services shall administer the trust account for beneficiaries who are mentally ill.

(2) (a) The department shall adopt rules to administer the trust account.

(b) The money in the trust account may be spent by the department, pursuant to its rules, only to provide care or treatment for the named beneficiary in accordance with the terms of the agreement.

(c) If the director of the department determines that the money in the trust account for a named beneficiary cannot be used for the care and treatment of the beneficiary in a manner consistent with the rules of the department and the agreement or upon request of the self-sufficiency trust, the remaining money in the trust account for the named beneficiary, together with any accumulated interest, must be promptly returned to the self-sufficiency trust that provided the money for deposit in the trust account.

(3) The trust account money must be deposited in the state treasury and invested as required by law and the earnings credited to the trust account.

History: En. Sec. 3, Ch. 542, L. 1989; amd. Sec. 1, Ch. 262, L. 1991; amd. Sec. 21, Ch. 255, L. 1995; amd. Sec. 465, Ch. 546, L. 1995; amd. Sec. 59, Ch. 472, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 472 in (1), near end of first sentence, substituted "physical disabilities" for "physically handicapped"; and made minor changes in style.

53-18-104. Benefits not affected. Receipt by a beneficiary of supplemental services as a result of the self-sufficiency trust account or of care and treatment provided by the trust may not in any way reduce, impair, or diminish the benefits to which the beneficiary is otherwise entitled by law.

History: En. Sec. 4, Ch. 542, L. 1989.

53-18-105. Special account. There is created within the self-sufficiency trust account a special account for the disabled. The director of the department may accept money from any source for deposit into the special account. The money in the special account must be used by the department, subject to appropriation, for the purpose of providing for the care and treatment of low-income persons with developmental disabilities, mental illness, or physical disabilities or low-income persons otherwise eligible for department services, as defined by the department.

History: En. Sec. 5, Ch. 542, L. 1989; amd. Sec. 21, Ch. 255, L. 1995; amd. Sec. 60, Ch. 472, L. 1997.

53-19-101. Purpose. The legislature, in recognition of needs of persons with severe disabilities and of the desirability of meeting those needs on a community level to the extent of available funding and in order to reduce the need for institutional care settings, establishes by this part a community program to assist persons with severe disabilities to live and function independently. This program implements Title VII of the federal Rehabilitation Act of 1973 (29 U.S.C. 796, et seq.), as may be amended, for persons with severe disabilities in Montana.

History: En. Sec. 1, Ch. 713, L. 1985; amd. Sec. 3, Ch. 514, L. 1987; amd. Sec. 1, Ch. 330, L. 1989; amd. Sec. 3, Ch. 326, L. 1993.

53-19-102. Definitions. As used in this part, the following definitions apply:

(1) "Community home for persons with severe disabilities" means a facility licensed by the department, as provided for in 52-4-201 through 52-4-205.

(2) "Department" means the department of public health and human services established in 2-15-2201.

(3) "Disability" means a permanent physical or mental condition recognized as a disability by Title VII of the federal Rehabilitation Act of 1973, 29 U.S.C. 796, et seq., as may be amended.

(4) "Live and function independently" means to have control over one's life based upon a choice between acceptable options in a manner that minimizes reliance upon others for making decisions and conducting activities of daily living.

(5) "Person with a severe disability" means the same as "individual with a severe disability" as defined in the federal Rehabilitation Act of 1973, 29 U.S.C. 706(15)(B), as may be amended. The term includes an individual whose ability to function independently in family or community or whose ability to engage or continue in employment is so limited by the severity of the physical or mental disability that the services provided under this part are required in order for the individual to achieve a greater level of independence in functioning in family or community or in engaging in or continuing in employment.

History: **En. Sec. 2, Ch. 713, L. 1985; amd. Sec. 4, Ch. 514, L. 1987; amd. Sec. 2, Ch. 330, L. 1989; amd. Sec. 4, Ch. 326, L. 1993; amd. Sec. 466, Ch. 546, L. 1995; amd. Sec. 242, Ch. 42, L. 1997; amd. Sec. 61, Ch. 472, L. 1997.**

Chapter 472 in definition of person with a severe disability substituted "individual with a severe disability" for "individual with severe handicaps"; and made minor changes in style.

53-19-103. Department authorized to provide services. (1) Subject to available appropriated funds, services provided under this part include:

(a) vocational and other rehabilitation services that enhance the ability of a person with severe disabilities to live and function independently and to engage in or continue in appropriate employment; and

(b) any services specified in Title VII of the federal Rehabilitation Act of 1973 (29 U.S.C. 796, et seq.), as may be amended.

(2) To the extent that funds are appropriated and allocated for the purpose of providing services to persons with severe disabilities, the department may establish the facilities and services it determines are in the best interest of persons with severe disabilities.

(3) The scope, amount, and duration of services made available to persons with severe disabilities under this part are within the discretion of the department to determine.

History: **En. Sec. 3, Ch. 713, L. 1985; amd. Sec. 5, Ch. 514, L. 1987; amd. Sec. 3, Ch. 330, L. 1989.**

53-19-104. Department contracts for services — governmental units providing for community homes for persons with severe disabilities. (1) The department may expend money appropriated or available for the purposes of this part and may contract for services for eligible persons with any person or entity providing the services to persons with severe disabilities.

(2) Governmental units, including but not limited to counties, municipalities, school districts, or state institutions of higher learning, may at their own expense provide services, funds, materials, and facilities for services to community homes for persons with severe disabilities.

History: **En. Sec. 4, Ch. 713, L. 1985; amd. Sec. 6, Ch. 514, L. 1987; amd. Sec. 4, Ch. 330, L. 1989.**

History: **En. Sec. 5, Ch. 713, L. 1985.**

53-19-106. Eligibility for services. (1) The department, in its discretion and in accordance with this part and Title VII of the federal Rehabilitation Act of 1973 (29 U.S.C. 796, et seq.), as may be amended, may determine eligibility of persons for services under this part.

(2) To be eligible for services under this part, a person must have a disability of such severity that, to secure and maintain employment or to function independently, he requires intensive vocational or comprehensive rehabilitation services.

(3) A person with severe disabilities not receiving other vocational and rehabilitation services provided by the department has priority for services provided under this part.

History: **En. Sec. 1, Ch. 514, L. 1987; amd. Sec. 5, Ch. 330, L. 1989.**

53-19-110. Eligibility for residential services in a community home for persons with severe disabilities. (1) The department, in its discretion and in accordance with this part, may determine eligibility for residential services in a community home for persons with severe disabilities, based on the residential needs of the person and on the availability of residential services. Any person with a severe disability, as defined in 52-4-202, may be considered for placement in a community home, regardless of the source of funding for his residential services.

(2) A person who has a primary diagnosis of mental illness or who receives mental health services under Title 53, chapter 21, is not eligible for placement in a community home for persons with severe disabilities unless he is eligible for and receiving services under this part and Title VII of the federal Rehabilitation Act of 1973 (29 U.S.C. 796, et seq.), as may be amended, or Title XIX of the Social Security Act (42 U.S.C. 1396, et seq.), as may be amended.

53-19-112. Rulemaking. (1) For the purposes of providing services to persons with severe disabilities, the department may adopt rules necessary for the administration of services provided under this part. Rules adopted may include but are not limited to eligibility for services, facility design and acquisition, program staffing, staff training, service goals and design, quality of services, client placement procedures, client rights and privileges, client grievance procedures, fair hearings, provider grievance procedures, and accounting procedures which include accounting of client financial resources.

(2) The department shall, in cooperation with the board of nursing, adopt rules under which a properly trained staff member of a facility providing

services to persons with severe disabilities under this part may supervise and assist a client of a facility in taking a medication if the medication is usually self-administered and if a physician has prescribed the assistance.

Telecommunications Services

53-19-301. Legislative findings and declaration. (1) The legislature finds and declares that many Montana citizens have physical disabilities and are unable to use traditional telecommunications equipment and services without assistance. These citizens constitute a substantial and valuable resource within the United States and the state of Montana, and this segment of our population needs access to telecommunications services in order to function as contributing and productive members of our society.

(2) The legislature further finds and declares that the role of telecommunications in our world today is inestimable. Telecommunications is the primary vehicle of commerce and industry, the means to convey and receive information and knowledge, and the way that we connect with others on a personal as well as business level. Telecommunications gives people independence and self-sufficiency, and it provides goods and services, human contact, and fellowship.

(3) The legislature further finds that access to telecommunications services should be provided to persons who have disabilities not only for their own sake but for the benefit of society at large. Access to telecommunications services would enhance the business and personal lives of persons with disabilities, and its availability to persons with disabilities would be an investment of benefit to all of Montana.

(4) Consistent with the findings stated in subsections (1) through (3), the legislature finds it appropriate to provide persons with disabilities access to telecommunications services by creating a program to make specialized telecommunications equipment and services available to persons with disabilities.

History: **En. Sec. 1, Ch. 669, L. 1989; amd. Sec. 2, Ch. 396, L. 1997; amd. Sec. 62, Ch. 472, L. 1997.**

1997 Amendments — Composite Section: Chapter 396 throughout section, in six places, substituted "disabled" for "handicapped" (voided by Ch. 472 amendment). Amendment effective July 1, 1997.

Chapter 472 throughout section substituted references to persons with disabilities for references to handicapped persons; and made minor changes in style.

Style changes in the chapters were slightly different. In each case, the codifier chose the more appropriate.

53-19-302. Definitions. As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Committee" means the committee on telecommunications access services for persons with disabilities established in 2-15-2212.

(2) "Local exchange company" means a telecommunications company that provides telephone access lines or wireless service to members of the general public who are its customers.

(3) "Person with a disability" means the condition of a person who is deaf and blind, deaf, hard-of-hearing, or speech-impaired.

(4) "Program" means the program established in 53-19-306.

(5) "Specialized telecommunications equipment" means any telecommunications device that enables or assists a person with a disability to communicate with others by means of the conventional telephone network. The term includes but is not limited to text telephones (TTY), amplifiers, signaling devices, puff-blow devices, electronic artificial larynx devices, and telebraille.

(6) "Telecommunications relay service" means a service that permits full and simultaneous communication between those using specialized telecommunications equipment and those using conventional telephone equipment.

(7) "Telephone access line" means the telephone exchange access line or channel or wireless service that provides the customer of a local exchange company with access to the telecommunications network to effect the transfer of information.

History: En. Sec. 2, Ch. 669, L. 1989; amd. Sec. 3, Ch. 396, L. 1997; amd. Sec. 63, Ch. 472, L. 1997.

Compiler's Comments

1997 Amendments — Composite Section: Chapter 396 in definitions of Committee and specialized telecommunications equipment substituted reference to disabled for reference to handicapped (voided by Ch. 472 amendment); in definition of Committee inserted "access"; deleted definition of dual party relay system that read: ""Dual party relay system" means a service that permits full and simultaneous communication between those using telecommunications devices for the deaf (TDD) and those using conventional telephone equipment"; substituted disabled for handicapped as defined term (voided by Ch. 472 amendment) and substituted "deaf and blind, deaf" for "blind, deaf"; in definition of local exchange company inserted "or wireless service"; in definition of specialized telecommunications equipment, in second sentence, substituted "text telephones (TTY)" for "telecommunications devices for the deaf (TDD)"; inserted definition of telecommunications relay service; in definition of telephone access line, near middle, inserted "or wireless service", after "that provides" deleted "access from the premises of", and after "company" inserted "with access"; and made minor changes in style. Amendment effective July 1, 1997.

Chapter 472 in definitions of Committee and specialized telecommunications equipment substituted reference to persons with disabilities for reference to handicapped persons; substituted person with a disability for handicapped as defined term; and made minor changes in style.

Style changes in the chapters were slightly different. In each case, the codifier chose the more appropriate.

53-19-303. Term of office — vacancies. (1) Each member of the committee shall serve for a term of 3 years.

(2) A vacancy on the committee must be filled in the same manner as the original appointment.

History: En. Sec. 4, Ch. 669, L. 1989; amd. Sec. 4, Ch. 396, L. 1997.

1997 Amendment: Chapter 396 in (2) substituted "four times a year" for "once every 3 months"; in (3), at beginning, substituted "Seven" for "Six"; and made minor changes in style. Amendment effective July 1, 1997.

53-19-305. Power and duties. The committee shall oversee administration of the program provided for in 53-19-306. In fulfilling this duty, the committee shall:

(1) establish policies and procedures governing administration of the program;

(2) analyze and approve a budget for administration of services under the program;

(3) monitor the expenditure of funds for the program;

(4) provide for administration of eligibility and the delivery of services for the program as provided for in 53-19-306 through 53-19-309; and

(5) perform any other duties necessary to properly oversee administration of the program.

History: En. Sec. 6, Ch. 669, L. 1989; amd. Sec. 70, Ch. 10, L. 1993.

53-19-306. Program established — purpose. (1) The committee shall establish and administer a program to provide specialized telecommunications equipment and services to persons with disabilities.

(2) The purpose of the program is to:

(a) furnish specialized telecommunications equipment to meet the needs of persons with disabilities; and

(b) provide a telecommunications relay service system to connect persons with disabilities with all phases of public telecommunications service, including telecommunications service to emergency services and public safety agencies as defined in 10-4-101.

History: En. Sec. 7, Ch. 669, L. 1989; amd. Sec. 6, Ch. 396, L. 1997; amd. Sec. 64, Ch. 472, L. 1997.

1997 Amendments — Composite Section: Chapter 396 in three places substituted "disabled" for "handicapped" (voided by Ch. 472 amendment); and in (2)(b) substituted "telecommunications relay service" for "dual party relay". Amendment effective July 1, 1997.

Chapter 472 throughout section substituted "with disabilities" for "who are handicapped".

Style changes in the chapters were slightly different. In each case, the codifier chose the more appropriate.

53-19-307. Provision of services. In administering the program established in 53-19-306, the committee shall:

(1) develop an appropriate means test to determine eligibility for participation in the program;

(2) require that participants in the program be residents of Montana and that residency be maintained as a condition of eligibility for continued participation in the program;

(3) require that participants provide satisfactory evidence that they have disabilities and would benefit from the use of specialized telecommunications equipment;

(4) provide specialized telecommunications equipment to participants through loan, lease, cost sharing, or other methods that are determined appropriate by the committee;

(5) determine the type of specialized telecommunications equipment that it considers necessary and economically feasible for use by Montana's persons with disabilities;

(6) purchase or lease all specialized telecommunications equipment through bid by wholesale manufacturers on a competitive basis;

(7) require, as a condition of each equipment purchase or lease, that the original manufacturer provide repair and maintenance service for new and returned equipment;

(8) maintain records of each item of equipment, including the location, serial number, and telephone number of each device;

(9) at the discretion of the committee, require an appropriate security deposit for equipment at the time of delivery that must be refunded without interest when the equipment is returned;

(10) make reasonable efforts to recover equipment from those who become ineligible for continued participation in the program;

(11) provide a telecommunications relay service system that would be available statewide for operation 7 days a week, 24 hours a day, including holidays; and

(12) adopt rules necessary to administer the program.

History: En. Sec. 8, Ch. 669, L. 1989; amd. Sec. 7, Ch. 396, L. 1997; amd. Sec. 65, Ch. 472, L. 1997.

53-19-311. Special assessment. (1) A charge of 10 cents a month may be assessed on each telephone access line provided and billed by each local exchange company and is imposed for the purposes of this part.

(2) Each customer of a local exchange company is liable for payment to the local exchange company of any charge properly imposed pursuant to this part. The local exchange company is not liable for any uncollected charge, nor does

the company have an obligation to take legal action to enforce the collection of any charge that is unpaid by its customers.

(3) Each local exchange company shall bill each customer for the charge provided for in subsection (1). Except as provided in subsection (4), all charges billed and collected by a local exchange company must be transmitted to the state treasurer no later than the last day of the month following the end of each calendar quarter in which the charge is billed. All charges received by the state treasurer must be deposited in the fund established in 53-19-310 to the credit of the committee.

(4) Each local exchange company may deduct and retain 3/4 of 1% of the total charges billed and collected each month to cover its administrative expenses in complying with the requirements of subsection (3).

History: En. Sec. 12, Ch. 669, L. 1989.

53-19-312. Records — audit. (1) Each local exchange company shall maintain a record of the charges billed and the charges collected pursuant to 53-19-311 for a period of 1 year from the date of billing or collection, respectively.

(2) The committee may require an audit of each local exchange company's records to assure proper accounting of all charges billed and collected pursuant to 53-19-311. The audit must be conducted at the expense of the committee.

Part 1
Treatment

53-20-101. Purpose. The purpose of this part is to:

(1) secure for each person who may be a person with developmental disabilities such treatment and habilitation as will be suited to the needs of the person and to assure that such treatment and habilitation are skillfully and humanely administered with full respect for the person's dignity and personal integrity;

(2) accomplish this goal whenever possible in a community-based setting;

(3) accomplish this goal in an institutionalized setting only when less restrictive alternatives are unavailable or inadequate and only when a person is so severely disabled as to require institutionalized care; and

(4) assure that due process of law is accorded any person coming under the provisions of this part.

History: En. 38-1201 by Sec. 1, Ch. 468, L. 1975; R.C.M. 1947, 38-1201; amd. Sec. 21, Ch. 255, L. 1995.

53-20-102. Definitions. As used in this part, the following definitions apply:

(1) "Board" or "mental disabilities board of visitors" means the mental disabilities board of visitors created by 2-15-211.

(2) "Community-based facilities" or "community-based services" means those facilities and services that are available for the evaluation, treatment, and habilitation of persons with developmental disabilities in a community setting.

(3) "Court" means a district court of the state of Montana.

(4) "Developmental disabilities professional" means a licensed psychologist, a licensed psychiatrist, or a person with a master's degree in psychology, who:

(a) has training and experience in psychometric testing and evaluation;

(b) has experience in the field of developmental disabilities; and

(c) is certified, as provided in 53-20-106, by the department of public health and human services.

(5) "Developmental disability" means a disability that is attributable to mental retardation, cerebral palsy, epilepsy, autism, or any other neurologically disabling condition closely related to mental retardation and that requires treatment similar to that required by mentally retarded individuals. A developmental disability is a disability that originated before the individual attained age 18, that has continued or can be expected to continue indefinitely, and that results in the person having a substantial disability.

(6) "Habilitation" means the process by which a person who has a developmental disability is assisted in acquiring and maintaining those life

skills that enable the person to cope more effectively with personal needs and the demands of the environment and in raising the level of the person's physical, mental, and social efficiency. Habilitation includes but is not limited to formal, structured education and treatment.

(7) "Individual treatment planning team" means the interdisciplinary team of persons involved in and responsible for the habilitation of a resident. The resident is a member of the team.

(8) "Next of kin" includes but is not limited to the spouse, parents, adult children, and adult brothers and sisters of a person.

(9) "Qualified mental retardation professional" means a professional program staff person for the residential facility who the department of public health and human services determines meets the professional requirements necessary for federal certification of the facility.

(10) "Resident" means a person committed to a residential facility.

(11) "Residential facility" or "facility" means the Montana developmental center and the Eastmont human services center.

(12) "Residential facility screening team" means a team of persons, appointed as provided in 53-20-133, that is responsible for screening a respondent to determine if the commitment of the respondent to a residential facility is appropriate.

(13) "Respondent" means a person alleged in a petition filed pursuant to this part to be seriously developmentally disabled and in need of developmental disability services in a residential facility.

(14) "Responsible person" means a person willing and able to assume responsibility for a person who is seriously developmentally disabled or alleged to be seriously developmentally disabled.

(15) "Seriously developmentally disabled" means a person who:

(a) has a developmental disability;

(b) is impaired in cognitive functioning; and

(c) has behaviors that pose an imminent risk of serious harm to self or others or self-help deficits so severe as to require total care or near total care and who because of those behaviors or deficits, cannot be safely and effectively habilitated in community-based services.

53-20-104. Powers and duties of mental disabilities board of visitors. (1) The board is an independent board of inquiry and review established to ensure that the treatment of all persons committed to a residential facility is humane and decent and meets the requirements set forth in this part.

(2) The board shall review all plans for experimental research or hazardous treatment procedures involving persons committed to a residential facility to ensure that the research project is humane and not unduly hazardous and that it complies with the principles of the statement on the use of human subjects for research of the American association on mental deficiency and with the principles for research involving human subjects required by the United States department of health and human services. An experimental research project involving persons committed to a residential facility affected by this part may not be commenced unless it is approved by the mental disabilities board of visitors.

(3) The board shall investigate all cases of alleged mistreatment of a resident.

(4) The board shall at least annually inspect every residential facility that is providing a course of residential habilitation and treatment to any person pursuant to this part. The board shall inspect the physical plant, including residential, recreational, dining, and sanitary facilities. It shall visit all wards and treatment or habilitation areas. The board shall inquire concerning all habilitation programs being implemented by the facility.

(5) The board shall inspect the file of each person committed to a residential facility pursuant to this part to ensure that a habilitation plan exists and is being implemented. The board shall inquire concerning all use of restraints, isolation, or other extraordinary measures.

(6) The board may assist a resident at a residential facility in resolving a grievance the resident may have concerning the resident's commitment or course of treatment and habilitation in the facility.

(7) If the board believes that a facility is failing to comply with the provisions of this part in regard to its physical facilities or its treatment of a resident, it shall report its findings at once to the superintendent of the facility and the director of the department of public health and human services. If appropriate, after waiting a reasonable time for a response from the superintendent or the director, the board may notify the parents or guardian of the resident involved, the next of kin, if known, the responsible person appointed by the court for the resident involved, and the district court that has jurisdiction over the facility.

(8) The board shall report annually to the governor concerning the status of the residential facilities and habilitation programs that it has inspected.

(1) A person who believes that there is a person who is seriously developmentally disabled and in need of commitment to a residential facility may request the county attorney to file a petition alleging that the person is seriously developmentally disabled and in need of commitment to a residential facility.

(2) The petition must contain:

(a) the name and address of the person requesting the petition and the person's interest in the case;

(b) the name and address of the respondent;

(c) the name and address of the parents or guardian of the respondent and of any other person believed to be legally responsible for the care, support, and maintenance of the respondent;

(d) the name and address of the respondent's next of kin, to the extent known;

(e) the name and address of any person who the county attorney believes might be willing and able to be appointed as a responsible person; and

(f) a statement of the rights of the respondent and the respondent's parents or guardian that must be in conspicuous print and identified by a suitable heading.

(3) A copy of the petition must be sent to the residential facility screening team.

53-20-125. Outcome of screening — recommendation for commitment to residential facility — hearing. (1) A person may be committed to a residential facility only if the person:

(a) is 18 years of age or older; and

(b) is determined to be seriously developmentally disabled and in need of commitment to a residential facility by the residential screening team, as provided in 53-20-133, and by a court, as provided in 53-20-129 or in this section.

(2) If as a result of the screening required by 53-20-133 the residential facility screening team concludes that the respondent who has been evaluated is seriously developmentally disabled and recommends that the respondent be committed to a residential facility for treatment and habilitation on an extended basis, the team shall file its written recommendation and report with the court. The report must include the factual basis for the recommendation and must describe any tests or evaluation devices that have been employed in evaluating the respondent.

(3) At the request of the respondent, the respondent's parents or guardian, or the responsible person, the court shall appoint counsel for the respondent. If the parents are indigent and if the parents request it or if a guardian is indigent and requests it, the court shall appoint counsel for the parents or guardian.

(4) Notice of the determination of the residential facility screening team must be mailed or delivered to:

(a) the respondent;
(b) the respondent's parents, guardian, or next of kin, if known;
(c) the responsible person;
(d) the respondent's advocate, if any;
(e) the county attorney;
(f) the residential facility;
(g) the attorney for the respondent, if any; and
(h) the attorney for the parents or guardian, if any.

(5) The respondent, the respondent's parents or guardian, the responsible person, the respondent's advocate, if any, or the attorney for any party may request that a hearing be held on the recommendation of the residential facility screening team.

(6) Notice of the hearing must be mailed or delivered to each of the parties listed in subsection (5).

(7) The hearing must be held before the court without jury. The rules of civil procedure apply.

(8) If the court finds that the respondent is seriously developmentally disabled and in need of commitment to a residential facility, it shall order the respondent committed to a residential facility for an extended course of treatment and habilitation. If the court finds that the respondent has a developmental disability but is not seriously developmentally disabled, it shall dismiss the petition and refer the respondent to the department of public health and human services to be considered for placement in community-based services according to 53-20-209. If the court finds that the respondent does not have a developmental disability or is not in need of developmental disability services, it shall dismiss the petition.

(9) If none of the parties notified of the recommendation request a hearing, the court may issue an order for the commitment of the respondent to the residential facility for an extended period of treatment and habilitation or the court may initiate its own inquiry as to whether the order should be granted.

(10) The court may refuse to authorize commitment of a respondent to a residential facility for an extended period of treatment and habilitation if commitment is not in the best interests of the respondent.

(11) An order for commitment must be accompanied by findings of fact.

(12) A court order entered in a proceeding under this part must be provided to the residential facility screening team.

History: En. 38-1208 by Sec. 8, Ch. 468, L. 1975; amd. Sec. 7, Ch. 37, L. 1977; amd. Sec. 2, Ch. 568, L. 1977; R.C.M. 1947, 38-1208(1) thru (4); amd. Sec. 3, Ch. 417, L. 1987; amd. Sec. 10, Ch. 381, L. 1991; amd. Sec. 11, Ch. 255, L. 1995; amd. Sec. 470, Ch. 546, L. 1995.

53-20-126. Maximum period of commitment to residential facility. The court order approving the commitment must specify the maximum period of time for which the person is committed to the residential facility. The maximum period may not exceed 1 year.

History: En. 38-1209 by Sec. 9, Ch. 468, L. 1975; amd. Sec. 3, Ch. 568, L. 1977; R.C.M. 1947, 38-1209(1), (2); amd. Sec. 12, Ch. 255, L. 1995.

53-20-127. Transfer to another facility — release to community-based alternative — hearing. (1) If, at any time during the period for which a resident is committed to a residential facility for an extended period of habilitation and treatment, the qualified mental retardation professional responsible for the resident's habilitation decides that the resident no longer requires placement in a residential facility and that there exist sufficient community-based alternatives to provide adequate treatment and habilitation for the resident and adequate protection of the life and physical safety of the resident and others, the qualified mental retardation professional may release the resident to the community-based alternative.

(2) Notice of the proposed release must be sent at least 15 days prior to the date of release to:

(a) the resident;
(b) the resident's parents or guardian;
(c) the attorney who most recently represented the resident, if any;
(d) the responsible person appointed by the court, if any;
(e) the resident's advocate, if any; and
(f) the court that ordered the commitment.

(3) If a party that was notified objects to the release, the party may petition the court for a hearing to determine whether the release should be allowed. The hearing must comply with the procedures set forth in 53-20-125. The court may on its own initiative inquire concerning the propriety of the release.

(4) A resident may be transferred without the notice provided in subsection (2) to a hospital or other medical facility for necessary medical treatment or to a mental health facility for emergency treatment provided that the emergency transfer complies with the statutory requirements for emergency detention of the mentally ill. Within 24 hours of an emergency medical or psychiatric transfer, notice must be given to the parents or guardian of the resident, the responsible person appointed by the court, if any, and the court.

(5) If a person is committed to a residential facility for an extended course of habilitation without a hearing and if subsequent to commitment one of the parties who could have requested a hearing learns that an alternative course

of treatment is available that is more suitable to the needs of the resident, the party may request the qualified mental retardation professional responsible for the resident's habilitation to release the resident to the alternative if it is a community-based alternative. A release must comply with the requirements of subsections (1) through (4). If the qualified mental retardation professional in charge of the resident refuses to authorize the release, the party may petition the court for a hearing to determine whether the resident's commitment should be continued. The hearing must comply with the procedures set forth in 53-20-125.

53-20-128. Recommitment. (1) If the qualified mental retardation professional responsible for a resident's habilitation determines that the resident continues to be seriously developmentally disabled and in need of commitment to a residential facility beyond the term of the current commitment order, the qualified mental retardation professional shall request that a petition for recommitment be filed.

(2) A petition for recommitment must be filed with the district court before the end of the current period of commitment.

(3) The recommendation of the qualified mental retardation professional must be presented in a written report that includes a summary of the current habilitation plan for the resident.

(4) The resident must be screened in accordance with 53-20-133 by the residential facility screening team.

(5) Copies of the petition for recommitment and the report of the qualified mental retardation professional must be sent to:

(a) the court that issued the current order;
(b) the residential screening team;
(c) the resident;
(d) the resident's parents or guardian or next of kin, if any;
(e) the attorney who most recently represented the resident, if any;
(f) the responsible person appointed by the court, if any; and
(g) the resident's advocate, if any.

(6) If the residential facility screening team recommends that the resident be recommitted, the court may enter an order for recommitment without hearing unless a person notified as provided in subsection (5) requests that a hearing be held or the court determines that it would be in the best interest of the resident to hold a hearing.

(7) If the court sets a hearing, the court shall provide notice to all of the persons notified pursuant to subsection (5).

(8) A court may order a resident's recommitment to a residential facility if the court determines that the resident continues to be seriously developmentally disabled and in need of continued commitment to the residential facility. If the court finds that the resident is still in need of developmental disabilities services but does not require commitment to a residential facility or if all parties are willing for the resident to participate in a community-based program of habilitation, it shall refer the resident to the

department of public health and human services to be considered for placement in community-based services according to 53-20-209. If the resident is placed in community-based services or if the need for developmental disabilities services no longer exists, the court shall dismiss the petition.

(9) The court may not order recommitment to a residential facility that does not have an individualized habilitation plan for the resident.

(10) At a hearing, the court may inquire concerning the suitability of continuing a resident's commitment to a residential facility.

History: En. 38-1209 by Sec. 9, Ch. 468, L. 1975; amd. Sec. 3, Ch. 568, L. 1977; R.C.M. 1947, 38-1209(4), (5); amd. Sec. 4, Ch. 417, L. 1987; amd. Sec. 12, Ch. 381, L. 1991; amd. Sec. 14, Ch. 255, L. 1995; amd. Sec. 471, Ch. 546, L. 1995.

53-20-129. Emergency admission and commitment. (1) A person believed to be seriously developmentally disabled may be admitted in a residential facility on an emergency basis when necessary to protect the person or others from death or serious bodily harm.

(2) An emergency admission to a residential facility may be initiated only by a developmental disabilities professional.

(3) An emergency admission may not proceed unless the residential facility and the department of public health and human services are given reasonable notice of the need for placement by the developmental disabilities professional responsible for emergency admission.

(4) A petition for emergency commitment must be filed on the next judicial day after an emergency admission by the county attorney of the county where the person resides.

(5) The residential facility screening team shall report back to the court on the seventh judicial day following the filing of the petition for emergency commitment.

(6) Once the report of the residential facility screening team is received by the court, continued placement in the residential facility may not continue without an order of the court for emergency commitment.

(7) A court may order an emergency commitment only when the court determines that the emergency commitment is necessary to protect the respondent or others from death or serious bodily harm.

(8) An order for emergency commitment may be entered without a hearing before the court, if the court finds that the record supports the order.

(9) An emergency commitment to a residential facility may not continue for longer than 30 days after placement in the residential facility unless a petition for an extended commitment to the residential facility has been filed before the court.

(10) The residential facility screening team may recommend that the respondent under a petition for emergency commitment be committed by court order to the residential facility on an extended basis.

53-20-130. Patient transfers from mental health facilities. If a person is a patient in a mental health facility and the professional person, as defined in 53-21-102, in charge of the patient determines that the patient is suffering from a developmental disability rather than mental illness and should more properly be committed to a residential facility or an appropriate less restrictive alternative, the professional person shall commence proceedings to effect a commitment, consistent with the procedures set forth in this part for commitments generally.

53-20-131. Placement in nonstate facility. (1) Consistent with other provisions of this part, a person admitted to a residential facility under this part for a period of more than 30 days may be committed by the court to the custody of friends or next of kin residing outside the state or transferred to an out-of-state facility for the habilitation of persons who are persons with developmental disabilities if the out-of-state facility agrees to receive the person. Such a commitment or transfer may not be for a longer period of time than is permitted within Montana. If the person is indigent, the expense of supporting him in an out-of-state facility and the expense of transportation must be borne by the state of Montana.

(2) The transfer of persons admitted to a residential facility out of Montana under the provisions of this part or into Montana under the laws of another jurisdiction must be governed by the provisions of the Interstate Compact on Mental Health.

53-20-132. Court-ordered placement in community-based services prohibited. Nothing in this part may be construed as authorizing the placement of and delivery of services to persons with developmental disabilities in community-based services by court order. Placement of persons in community-based services is governed by 53-20-209.

History: **En. Sec. 1, Ch. 417, L. 1987; amd. Sec. 15, Ch. 381, L. 1991; amd. Sec. 21, Ch. 255, L. 1995.**

53-20-133. Residential facility screening team — referral by court — membership — rules. (1) When the district court receives a petition for commitment to a residential facility under this part, the court, prior to proceeding, shall refer the respondent to the residential facility screening team for screening to determine whether placement and habilitation in a residential facility are appropriate for the respondent.

(2) A court may not commit a respondent to a residential facility under 53-20-125, 53-20-128, or 53-20-129 unless the residential facility screening team determines that placement and habilitation in a residential facility are appropriate for the respondent.

(3) The residential facility screening team may not determine that placement and habilitation in a residential facility are appropriate on an extended basis unless the residential facility screening team determines that the respondent is seriously developmentally disabled.

(4) The residential facility screening team shall provide the court and the county attorney with the social and placement information relied upon by the residential facility screening team in making its determination.

(5) For purposes of this part, the department of public health and human services shall adopt rules providing for the membership and terms of the members of the residential facility screening team and setting forth the criteria

and procedures to govern the determinations made by the residential facility screening team.

53-20-141. Denial of legal rights. (1) Unless specifically stated in an order by the court, a person admitted to a residential facility for an extended course of habilitation does not forfeit any legal right or suffer any legal disability by reason of the provisions of this part, except insofar as it may be necessary to detain the person for habilitation, evaluation, or care.

(2) Whenever a person is admitted to a residential facility for a period of more than 30 days for an extended course of habilitation, the court ordering the admission may make an order stating specifically any legal rights that are denied the respondent and any legal disabilities that are imposed on him. As part of its order, the court may appoint a person to act as conservator of the respondent's property. Any conservatorship created pursuant to this section terminates upon the conclusion of the admission if not sooner terminated by the court. A conservatorship or guardianship extending beyond the period of the admission may not be created except according to the procedures set forth under Montana law for the appointment of conservators and guardians generally.

(3) A person who has been admitted to a residential facility pursuant to this part must, upon the termination of the admission, be automatically restored to all of his civil and legal rights that may have been lost when he was admitted. However, this subsection does not affect any guardianship or conservatorship created independently of the admission proceedings according to the provisions of Montana law relating to the appointment of conservators and guardians generally. A person who leaves a residential facility following a period of evaluation and habilitation must be given a written statement setting forth the substance of this subsection.

53-20-142. Rights while in residential facility. Persons admitted to a residential facility for a period of habilitation shall enjoy the following rights:

(1) Residents have a right to dignity, privacy, and humane care.

(2) Residents are entitled to send and receive sealed mail. Moreover, it is the duty of the facility to foster the exercise of this right by furnishing the necessary materials and assistance.

(3) Residents must have the same rights and access to private telephone communication as patients at any public hospital except to the extent that the individual treatment planning team or the qualified mental retardation professional responsible for formulation of a particular resident's habilitation plan writes an order imposing special restrictions and explains the reasons for

the restrictions. The written order must be renewed monthly if any restrictions are to be continued.

(4) Residents have an unrestricted right to visitation except to the extent that the individual treatment planning team or the qualified mental retardation professional responsible for formulation of a particular resident's habilitation plan writes an order imposing special restrictions and explains the reasons for the restrictions. The written order must be renewed monthly if restrictions are to be continued.

(5) Residents have a right to receive suitable educational and habilitation services regardless of chronological age, degree of retardation, or accompanying disabilities.

(6) Each resident must have an adequate allowance of neat, clean, suitably fitting, and seasonable clothing. Except when a particular kind of clothing is required because of a particular condition, residents must have the opportunity to select from various types of neat, clean, and seasonable clothing. The clothing must be considered the resident's throughout the resident's stay in the facility. Clothing, both in amount and type, must make it possible for residents to go out of doors in inclement weather, to go for trips or visits appropriately dressed, and to make a normal appearance in the community. The facility shall make provision for the adequate and regular laundering of the residents' clothing.

(7) Each resident has the right to keep and use the resident's own personal possessions except insofar as the clothes or personal possessions may be determined by the individual treatment planning team or the qualified mental retardation professional to be dangerous either to the resident or to others.

(8) Each resident has a right to a humane physical environment within the residential facility. The facility must be designed to make a positive contribution to the efficient attainment of the habilitation goals of the resident. To accomplish this purpose:

(a) regular housekeeping and maintenance procedures that will ensure that the facility is maintained in a safe, clean, and attractive condition must be developed and implemented;

(b) pursuant to an established routine maintenance and repair program, the physical plant must be kept in a continuous state of good repair and operation so as to ensure the health, comfort, safety, and well-being of the residents and so as not to impede in any manner the habilitation programs of the residents;

(c) the physical facilities shall meet all fire and safety standards established by the state and locality. In addition, the facility shall meet the provisions of the life safety code of the national fire protection association that are applicable to it.

(d) there must be special facilities for nonambulatory residents to ensure their safety and comfort, including special fittings on toilets and wheelchairs. Appropriate provision must be made to permit nonambulatory residents to communicate their needs to staff.

(9) Residents have a right to receive prompt and adequate medical treatment for any physical or mental ailments or injuries or physical disabilities and for the prevention of any illness or disability. The medical treatment must meet standards of medical practice in the community. However, nothing in this subsection may be interpreted to impair other rights of a resident in regard to

involuntary commitment for mental illness, use of psychotropic medication, use of hazardous, aversive, or experimental procedures, or the refusal of treatment.

(10) Corporal punishment is not permitted.

(11) The opportunity for religious worship must be accorded to each resident who desires worship. Provisions for religious worship must be made available to all residents on a nondiscriminatory basis. An individual may not be compelled to engage in any religious activities.

(12) Residents have a right to a nourishing, well-balanced diet. The diet for residents must provide at a minimum the recommended daily dietary allowance as developed by the national academy of sciences. Provisions must be made for special therapeutic diets and for substitutes at the request of the resident, the resident's parents, guardian, or next of kin, or the responsible person appointed by the court in accordance with the religious requirements of any resident's faith. Denial of a nutritionally adequate diet may not be used as punishment.

(13) Residents have a right to regular physical exercise several times a week. It is the duty of the facility to provide both indoor and outdoor facilities and equipment for exercise. Residents have a right to be outdoors daily in the absence of contrary medical considerations.

(14) Residents have a right, under appropriate supervision, to suitable opportunities for the interaction with members of the opposite sex except when the individual treatment planning team or the qualified mental retardation professional responsible for the formulation of a particular resident's habilitation plan writes an order to the contrary and explains the reasons for the order. The order must be renewed monthly if the restriction is to be continued.

The use of medication may not exceed standards of use that are advocated by the United States food and drug administration. Notation of each individual's medication must be kept in his medical records. A pharmacist or a registered nurse shall review monthly the record of each resident on medication for potential adverse reactions, allergies, interactions, contraindications, rationality, and laboratory test modifications and shall advise the physician of any problems. Medications must be reviewed quarterly by the attending or staff physician. At least monthly, an attending physician shall review the drug regimen of each patient on psychotropic medication. All prescriptions must be written with a termination date that may not exceed 90 days. Medication for newly admitted residents must be reviewed and reordered as necessary upon admission and then every 30 days for the first 90 days. Medications may not be used as punishment, for the convenience of staff, as a substitute for a habilitation program, or in quantities that interfere with the resident's treatment program. Nothing in this section may be interpreted to relieve a physician or other professional or medical staff person from any obligation to adequately monitor the medication of a resident, with due consideration to the nature of the medication, the purpose for which it is given, and the condition of the resident.

History: En. 38-1226 by Sec. 26, Ch. 468, L. 1975; R.C.M. 1947, 38-1226; amd. Sec. 7, Ch. 485, L. 1979; amd. Sec. 18, Ch. 381, L. 1991.

53-20-146. Right not to be subjected to certain treatment procedures. (1) Residents of a residential facility have a right not to be subjected to unusual or hazardous treatment procedures without the express and informed consent of the resident, if the resident is able to give consent, and of the resident's parents or guardian or the responsible person appointed by the court after opportunities for consultation with independent specialists and legal counsel. Proposed procedures must first have been reviewed and approved by the mental disabilities board of visitors before consent is sought.

(2) Physical restraint may be employed only when absolutely necessary to protect the resident from injury or to prevent injury to others. Mechanical supports used to achieve proper body position and balance that are ordered by a physician are not considered a physical restraint. Restraint may not be employed as punishment, for the convenience of staff, or as a substitute for a habilitation program. Restraint may be applied only if alternative techniques have failed and only if the restraint imposes the least possible restriction consistent with its purpose. Use of restraints may be authorized by a physician, a developmental disabilities professional, or a qualified mental retardation professional. Orders for restraints must be in writing and may not be in force for longer than 12 hours. Whenever physical restraint is ordered, suitable provision must be made for the comfort and physical needs of the resident restrained.

(3) Seclusion, defined as the placement of a resident alone in a locked room for nontherapeutic purposes, may not be employed. Legitimate "time out" procedures may be used under close and direct professional supervision as a technique in behavior-shaping programs.

(4) Behavior modification programs involving the use of noxious or aversive stimuli must be reviewed and approved by the mental disabilities board of visitors and may be conducted only with the express and informed consent of the affected resident, if the resident is able to give consent, and of the resident's parents or guardian or the responsible person appointed by the court after opportunities for consultation with independent specialists and with legal counsel. These behavior modification programs may be conducted only under the supervision of and in the presence of a qualified mental retardation professional who has had proper training.

(5) A resident may not be subjected to a behavior modification program that attempts to extinguish socially appropriate behavior or to develop new behavior patterns when the behavior modifications serve only institutional convenience.

(6) Electric shock devices are considered a research technique for the purpose of this part. Electric shock devices may be used only in extraordinary circumstances to prevent self-mutilation leading to repeated and possibly permanent physical damage to the resident and only after alternative techniques have failed. The use of electric shock devices is subject to the conditions prescribed by this part for experimental research generally and may be used only under the direct and specific order of a physician and the superintendent of the residential facility.

History: En. 38-1227 by Sec. 27, Ch. 468, L. 1975; R.C.M. 1947, 38-1227; amd. Sec. 8, Ch. 485, L. 1979; amd. Sec. 19, Ch. 381, L. 1991; amd. Sec. 18, Ch. 255, L. 1995.

53-20-147. Right not to be subjected to experimental research. (1) Residents of a residential facility have a right not to be subjected to experimental research without the express and informed consent of the resident, if the resident is able to give consent, and of the resident's parents or guardian or the responsible person appointed by the court after opportunities for consultation with independent specialists and with legal counsel.

(2) The proposed research must have been reviewed and approved by the mental disabilities board of visitors before consent may be sought. Prior to approval, the board shall determine that the research complies with the principles of the statement on the use of human subjects for research of the American association on mental deficiency and with the principles for research involving human subjects required by the United States department of health and human services for projects supported by that agency.

History: En. 38-1228 by Sec. 28, Ch. 468, L. 1975; R.C.M. 1947, 38-1228; amd. Sec. 71, Ch. 10, L. 1993.

53-20-148. Right to habilitation. (1) Persons admitted to residential facilities have a right to habilitation, including medical treatment, education, and care suited to their needs, regardless of age, degree of retardation, or disabling condition. Each resident has a right to a habilitation program that will maximize the resident's human abilities and enhance the resident's ability to cope with the environment. Every residential facility shall recognize that each resident, regardless of ability or status, is entitled to develop and realize the resident's fullest potential. The facility shall implement the principle of normalization so that each resident may live as normally as possible.

(2) Residents have a right to the least restrictive conditions necessary to achieve the purposes of habilitation. To this end, the facility shall make every attempt to move residents from:

(a) more to less structured living;

(b) larger to smaller facilities;

(c) larger to smaller living units;

(d) group to individual residences;

(e) segregated from the community to integrated into the community living;

(f) dependent to independent living.

(3) Within 30 days of admission to a residential facility, each resident must have an evaluation by appropriate specialists for programming purposes.

(4) Each resident must have an individualized habilitation plan formulated by an individual treatment planning team. This plan must be implemented as soon as possible, but no later than 30 days after the resident's admission to the facility. An interim program of habilitation, based on the preadmission evaluation conducted pursuant to this part, must commence promptly upon the resident's admission. Each individualized habilitation plan must contain:

(a) a statement of the nature of the specific limitations and the needs of the resident;

(b) a description of intermediate and long-range habilitation goals, with a projected timetable for their attainment;

(c) a statement of and an explanation for the plan of habilitation for achieving these intermediate and long-range goals;

(d) a statement of the least restrictive setting for habilitation necessary to achieve the habilitation goals of the resident;

(e) a specification of the professionals and other staff members who are responsible for the particular resident's attaining these habilitation goals;

(f) criteria for release to less restrictive settings for habilitation, based on the resident's needs, including criteria for discharge and a projected date for discharge.

(5) As part of the habilitation plan, each resident must have an individualized postinstitutionalization plan that includes an identification of services needed to make a satisfactory community placement possible. This plan must be developed by the individual treatment planning team that shall begin preparation of the plan upon the resident's admission to the facility and shall complete the plan as soon as practicable. The parents or guardian or next of kin of the resident, the responsible person appointed by the court, if any, and the resident, if able to give informed consent, must be consulted in the development of the plan and must be informed of the content of the plan.

(6) In the interests of continuity of care, one qualified mental retardation professional shall whenever possible be responsible for supervising the implementation of the habilitation plan, integrating the various aspects of the habilitation program, and recording the resident's progress as measured by objective indicators. The qualified mental retardation professional is also responsible for ensuring that the resident is released when appropriate to a less restrictive habilitation setting.

(7) The habilitation plan must be reviewed monthly by the qualified mental retardation professional responsible for supervising the implementation of the plan and must be modified if necessary. In addition, 6 months after admission and at least annually thereafter, each resident must receive a comprehensive psychological, social, habilitative, and medical diagnosis and evaluation and the resident's habilitation plan must be reviewed and revised accordingly by the individual treatment planning team. A habilitation plan must be reviewed monthly.

(8) Each resident placed in the community must receive transitional habilitation assistance.

(9) The superintendent of the residential facility, or the superintendent's designee, shall report in writing to the parents or guardian of the resident or the responsible person at least every 6 months on the resident's habilitation and medical condition. The report must also state any appropriate habilitation program that has not been afforded to the resident because of inadequate habilitation resources.

(10) Each resident, the parents or guardian of each resident, and the responsible person appointed by the court must promptly upon the resident's admission receive a written copy of and be orally informed of all the above standards for adequate habilitation, the rights accorded by 53-20-142, and other information concerning the care and habilitation of the resident that may be available to assist them in understanding the situation of the resident and the rights of the resident in the facility.

53-20-149 through 53-20-160 reserved.

53-20-161. Maintenance of records. (1) Complete records for each resident must be maintained and must be readily available to persons who are directly involved with the particular resident and to the mental disabilities board of visitors. All information contained in a resident's records must be considered privileged and confidential. The parents or guardian, the responsible person appointed by the court, and any person properly authorized in writing by the resident, if the resident is capable of giving informed consent, or by the resident's parents or guardian or the responsible person must be permitted access to the resident's records. Information may not be released from the records of a resident or former resident of the residential facility unless the release of the information has been properly authorized in writing by:

(a) the court;

(b) the resident or former resident if the resident or former resident is over the age of majority and is capable of giving informed consent;

(c) the parents or guardian in charge of a resident under the age of 12;

(d) the parents or guardian in charge of a resident over the age of 12 but under the age of majority and the resident if the resident is capable of giving informed consent;

(e) the guardian of a resident over the age of majority who is incapable of giving informed consent;

(f) the superintendent of the residential facility or the superintendent's designee as custodian of a resident over the age of majority who is incapable of giving informed consent and for whom no legal guardian has been appointed;

(g) the superintendent of the residential facility or the superintendent's designee as custodian of a resident under the age of majority for whom there is no parent or legal guardian; or

(h) the superintendent of the residential facility or the superintendent's designee as custodian of a resident of that facility whenever release is required by federal or state law or department of public health and human services rules.

(2) Information may not be released by a superintendent or the superintendent's designee as set forth in subsection (1)(f), (1)(g), or (1)(h) less than 15 days after sending notice of the proposed release of information to the resident, the resident's parents or guardian, the attorney who most recently represented the resident, if any, the responsible person appointed by the court, if any, the resident's advocate, if any, and the court that ordered the admission. If any of the parties so notified objects to the release of information, they may petition the court for a hearing to determine whether the release of information should be allowed. Information may not be released pursuant to subsection (1)(f), (1)(g), or (1)(h) unless it is released to further some legitimate need of the resident or to accomplish a legitimate purpose of the facility that is not inconsistent with the needs and rights of the resident. Information may not be released pursuant to subsection (1)(f), (1)(g), or (1)(h) except in accordance with written policies consistent with the requirements of this part adopted by the facility. Persons receiving notice of a proposed release of information must also receive a copy of the written policy of the facility governing release of information.

(3) These records must include:

(a) identification data, including the resident's legal status;

(b) the resident's history, including but not limited to:

(i) family data, educational background, and employment record;

(ii) prior medical history, both physical and mental, including prior institutionalization;

(c) the resident's grievances, if any;

(d) an inventory of the resident's life skills, including mode of communication;

(e) a record of each physical examination that describes the results of the examination;

(f) a copy of the individual habilitation plan and any modifications to the plan and an appropriate summary to guide and assist the resident care workers in implementing the resident's habilitation plan;

(g) the findings made in monthly reviews of the habilitation plan, including an analysis of the successes and failures of the habilitation program and whatever modifications are necessary;

(h) a copy of the postinstitutionalization plan that includes a statement of services needed in the community and any modifications to the postinstitutionalization plan and a summary of the steps that have been taken to implement that plan;

(i) a medication history and status;

(j) a summary of each significant contact by a qualified mental retardation professional with a resident;

(k) a summary of the resident's response to the resident's habilitation plan, prepared by a qualified mental retardation professional involved in the resident's habilitation and recorded at least monthly. Wherever possible, the response must be scientifically documented.

(l) a monthly summary of the extent and nature of the resident's work activities and the effect of the activity upon the resident's progress in the habilitation plan;

(m) a signed order by a qualified mental retardation professional or physician for any physical restraints;

(n) a description of any extraordinary incident or accident in the facility involving the resident, to be entered by a staff member noting personal knowledge of the incident or accident or other source of information, including any reports of investigations of the resident's mistreatment;

(o) a summary of family visits and contacts;

(p) a summary of attendance and leaves from the facility;

(q) a record of any seizures; illnesses; injuries; treatments of seizures, illnesses, and injuries; and immunizations.

53-20-162. Training for resident care workers. All resident care workers who have not had prior clinical experience in a residential facility for habilitation of persons with developmental disabilities must be given suitable orientation training. Staff members on all levels must be given suitable, regularly scheduled inservice training. Each resident care worker shall receive supervision that emphasizes the protection of residents and their rights.

53-20-163. Abuse of residents prohibited. (1) Every residential facility shall prohibit mistreatment, neglect, or abuse in any form of any resident. Alleged violations must be reported immediately to the superintendent of the facility, and there must be a written record that:

(a) each alleged violation has been thoroughly investigated and findings stated; and

(b) the investigation into the alleged violation was initiated within 24 hours of the report of the incident and the results were reported to the director of the department of public health and human services.

(2) The reports must also be made to the mental disabilities board of visitors monthly. Each facility shall cause a written statement of this policy to be posted in each cottage and building and circulated to all staff members.

53-20-164. Resident labor. The following rules govern resident labor:

(1) A resident may not be required to perform labor that involves the operation and maintenance of the facility or for which the facility is under contract with an outside organization. Privileges or release from the facility may not be conditioned upon the performance of labor covered by this provision. Residents may voluntarily engage in such labor if the labor is compensated in accordance with the minimum wage laws of the Fair Labor Standards Act of 1938, 29 U.S.C. 206, as amended.

(2) A resident may not be involved in the care (feeding, clothing, bathing), training, or supervision of other residents unless he:

(a) has volunteered;

(b) has been specifically trained in the necessary skills;

(c) has the humane judgment required for such activities;

(d) is adequately supervised; and

(e) is reimbursed in accordance with the minimum wage laws of the Fair Labor Standards Act of 1938, 29 U.S.C. 206, as amended.

(3) Residents may be required to perform vocational training tasks that do not involve the operation and maintenance of the facility, subject to a presumption that an assignment of longer than 3 months to any task is not a training task, provided the specific task or any change in task assignment is:

(a) an integrated part of the resident's habilitation plan and approved as a habilitation activity by the qualified mental retardation professional and the individual treatment planning team responsible for supervising the resident's habilitation; and

(b) supervised by a staff member to oversee the habilitation aspects of the activity.

(4) Residents may voluntarily engage in habilitative labor at nonprogram hours for which the facility would otherwise have to pay an employee, provided the specific labor or any change in labor is:

(a) an integrated part of the resident's habilitation plan and approved as a habilitation activity by the qualified mental retardation professional and the individual treatment planning team responsible for supervising the resident's habilitation;

(b) supervised by a staff member to oversee the habilitation aspects of the activity; and

(c) compensated in accordance with the minimum wage laws of the Fair Labor Standards Act of 1938, 29 U.S.C. 206, as amended.

(5) If a resident performs habilitative labor that involves the operation and maintenance of a facility but due to physical or mental disability is unable to perform the labor as efficiently as a person not so physically or mentally disabled, then the resident may be compensated at a rate that bears the same approximate relation to the statutory minimum wage as his ability to perform that particular job bears to the ability of a person not so afflicted.

(6) Residents may be required to perform tasks of a personal housekeeping nature, such as the making of one's own bed.

(7) Deductions or payments for care and other charges may not deprive a resident of a reasonable amount of the compensation received pursuant to this section for personal and incidental purchases and expenses.

(8) Staffing must be sufficient so that the facility is not dependent upon the use of residents or volunteers for the care, maintenance, or habilitation of other residents or for income-producing services. The facility shall formulate a written policy to protect the residents from exploitation when they are engaged in productive work.

53-20-165. Clothing for residents discharged or conditionally released. A resident may not be discharged or conditionally released from a residential facility for persons with developmental disabilities without suitable reasonable clothing that will allow the resident to make a normal appearance in the community.

53-20-202. Definitions. As used in this part, the following definitions apply:

(1) "Comprehensive developmental disability system" means a system of services, including but not limited to the following basic services, with the intention of providing alternatives to institutionalization:

(a) evaluation services;
(b) diagnostic services;
(c) treatment services;
(d) day-care services;
(e) training services;
(f) education services;
(g) employment services;
(h) recreation services;
(i) personal-care services;
(j) domiciliary-care services;
(k) special living arrangements services;
(l) counseling services;
(m) information and referral services;
(n) follow-along services;
(o) protective and other social and sociolegal services; and
(p) transportation services.

(2) "Department" means the department of public health and human services.

(3) "Developmental disabilities" means disabilities attributable to mental retardation, cerebral palsy, epilepsy, autism, or any other neurologically disabling condition closely related to mental retardation and requiring treatment similar to that required by mentally retarded individuals if the disability originated before the person attained age 18, has continued or can be expected to continue indefinitely, and results in the person having a substantial disability.

(4) "Developmental disabilities facility" means any service or group of services offering care to persons with developmental disabilities on an inpatient, outpatient, residential, clinical, or other programmatic basis.

(5) "Planning and advisory council" or "council" means the developmental disabilities planning and advisory council created in 2-15-2204.

1997 Amendment: Chapter 472 in definition of developmental disabilities, near beginning, substituted "disabling" for "handicapping" and near end substituted "results in the person having a substantial disability" for "constitutes a substantial handicap of the person"; and made minor changes in style.

53-20-203. Responsibilities of department. The department shall:

(1) take cognizance of matters affecting the citizens of the state who are persons with developmental disabilities;

(2) initiate a preventive developmental disabilities program that must include but not be limited to the implementation of developmental disabilities care, treatment, prevention, and research as can best be accomplished by community-centered services. Every means must be used to initiate and operate the service program in cooperation with local agencies under the provisions of 53-20-205.

(3) collect and disseminate information relating to developmental disabilities;

(4) prepare, with the assistance of the planning and advisory council, an annual comprehensive plan for the initiation and maintenance of developmental disabilities services in the state. The services must include but not be limited to community comprehensive developmental disabilities services as referred to in 53-20-202.

(5) provide by rule for the evaluation of persons who apply for services or persons admitted into a program at a developmental disability facility;

(6) receive from agencies of the government of the United States and other agencies, persons or groups of persons, associations, firms, or corporations grants of money, receipts from fees, gifts, supplies, materials, and contributions to initiate and maintain developmental disabilities services within the state;

(7) require that habilitation plans be developed, implemented, and continuously maintained for all persons with developmental disabilities who are served through a community-based program funded by the state; and

(8) use funds available for cases in which special medical or material assistance is necessary to rehabilitate children with developmental disabilities or children with physical disabilities if the assistance is not otherwise provided for by law.

1997 Amendments: Chapter 171 in (2), at end after "53-20-205", deleted "and 53-20-207"; deleted former (6) that read: "provide state personnel to assist regional councils provided for in 53-20-207"; and made minor changes in style.

Chapter 472 in (8) substituted "children with physical disabilities" for "physically handicapped children"; and made minor changes in style.

53-20-204. Rules. (1) The department may adopt rules necessary for the proper administration of this part.

(2) The department shall adopt rules in cooperation with the board of nursing under which a properly trained staff member of a facility providing services to persons with developmental disabilities under this part may assist and supervise a client of the facility in taking medication if the medication is usually self-administered and if a physician has prescribed the assistance.

History: En. 80-2614 by Sec. 4, Ch. 325, L. 1974; R.C.M. 1947, 80-2614; amd. and redes. 71-2404 by Sec. 3, Ch. 239, L. 1975; amd. Sec. 41, Ch. 37, L. 1977; amd. Sec. 3, Ch. 559, L. 1977; R.C.M. 1947, 71-2404(1), (4); amd. Sec. 21, Ch. 255, L. 1995.

53-20-205. Community services. (1) The department may establish and administer community comprehensive services, programs, clinics, or other facilities throughout the state for the purpose of aiding in the prevention, diagnosis, amelioration, or treatment of developmental disabilities. Programs, clinics, or other services may be provided directly by state agencies or indirectly through contract or cooperative arrangements with other agencies of government, regional or local, private or public agencies, private professional persons, or accredited health or long-term care facilities.

(2) The department may contract for programs for developmental disabilities services. Contracts entered into by the department must contain specific conditions for performance by the contractor. The department shall set minimum standards for programs and establish appropriate qualifications for persons employed in such programs.

(3) All developmental disabilities facilities and services must comply with existing federal guidelines and with requirements that will enable the services and facilities to qualify for available aid funds. However, this section does not require facilities serving persons with developmental disabilities to meet the same or equal standards as licensed medical facilities unless the developmental disabilities facility is providing professional or skilled medical care.

(4) Comprehensive services, programs, clinics, or other facilities established or provided by the department under this part must conform as nearly as possible to the plans of the advisory council created under 2-15-2204.

(5) The department may promote scientific and medical research investigations relative to the incidence, cause, prevention, and care of persons with developmental disabilities.

53-20-206. Planning and advisory council. (1) The planning and advisory council may elect from among its members the officers necessary for the proper management of the council.

(2) The council may adopt rules governing its own organization and procedures.

(3) A majority of the members of the council constitutes a quorum for the transaction of business.

(4) The council may employ and fix the compensation and duties of necessary staff.

(5) A council member, unless he is a full-time salaried officer or employee of this state or any of the political subdivisions of this state, is entitled to be paid in an amount to be determined by the council, not to exceed $25, for each day in which he is actually and necessarily engaged in the performance of council duties. A council member is also entitled to be reimbursed for travel expenses incurred while in the performance of council duties as provided for in 2-18-501 through 2-18-503. Members who are full-time salaried officers or employees of this state or any political subdivisions of this state are not entitled to be compensated for their service as members but are entitled to be reimbursed for travel expenses as provided for in 2-18-501 through 2-18-503.

(6) The council shall:

(a) advise the department, other state agencies, councils, local governments, and private organizations on programs for services to persons with developmental disabilities;

(b) develop a plan for a statewide system of community-based services for persons with developmental disabilities; and

(c) serve in any capacity required by federal law for the administration of federal programs for services to persons with developmental disabilities.

53-20-208. Contributions of counties and municipalities. (1) The boards of county commissioners of the several counties and the governing bodies of municipalities of this state may, in their discretion, contribute to any developmental disabilities facility approved by the department, without regard to whether they are within or outside of their respective jurisdictions. The boards of county commissioners of the counties may levy a tax up to but not to exceed 1 mill on each dollar of taxable property within the county, which shall be in addition to all other county tax levies. All proceeds of the tax, if levied, shall be used for the sole purpose of support of developmental disabilities services.

(2) For the purpose of carrying out the provisions of this section, boards of county commissioners and governing bodies of municipalities may appropriate out of the general fund of their respective counties or municipalities.

Part 3
Community Homes

53-20-301. Purpose. The legislature, in recognition of the wide and varied needs of persons with developmental disabilities and of the desirability of meeting these needs on a community level to the fullest extent possible and in order to reduce the need for care in existing state institutions, establishes by this part a community home program for persons with developmental disabilities to provide facilities and services for the training and treatment of persons with developmental disabilities in family-oriented residences and establishes a program to provide such homes through local nonprofit corporations.

History: En. Sec. 1, Ch. 373, L. 1973; amd. Sec. 1, Ch. 149, L. 1974; amd. Sec. 1, Ch. 385, L. 1975; R.C.M. 1947, 71-2001; amd. Sec. 21, Ch. 255, L. 1995.

53-20-302. Definition of community home — limitation on number of residents. A community home for persons with developmental disabilities is a family-oriented residence or home designed to provide facilities for two to eight persons with developmental disabilities, established as an alternative to existing state institutions. The number of persons with developmental disabilities may not exceed eight in a community home, except that the department of public health and human services may grant written approval for more than eight but not more than twelve persons.

History: En. Sec. 2, Ch. 373, L. 1973; R.C.M. 1947, 71-2002; amd. Sec. 11, Ch. 609, L. 1987; amd. Sec. 21, Ch. 255, L. 1995; amd. Sec. 478, Ch. 546, L. 1995.

53-20-303. Parties authorized to establish and operate community homes. (1) Nonprofit corporations or associations may be formed or organized in any community for the purposes of establishing a community home or homes for persons with developmental disabilities under this part and to receive services, facilities, and funds as the department of public health and human services and other governmental units may be authorized by law to provide.

(2) The department may also establish a community home or homes for persons with developmental disabilities under this part and receive services, facilities, and funds as the department and other governmental units may be authorized by law to provide.

History: En. Sec. 3, Ch. 373, L. 1973; amd. Sec. 2, Ch. 149, L. 1974; R.C.M. 1947, 71-2003; amd. Sec. 21, Ch. 255, L. 1995; amd. Sec. 479, Ch. 546, L. 1995.

53-20-304. Department contracts with nonprofit corporations — governmental units providing for community homes. (1) The department of public health and human services may contract with nonprofit corporations or associations to provide facilities and services for persons with developmental disabilities in community homes for persons with developmental disabilities and is authorized to expend money appropriated or available for that purpose.

(2) Governmental units, including but not limited to counties, municipalities, school districts, or state institutions of higher learning, are authorized to provide, at their own expense, funds, materials, facilities, and services for community homes for persons with developmental disabilities.

History: En. Sec. 4, Ch. 373, L. 1973; amd. Sec. 3, Ch. 149, L. 1974; amd. Sec. 2, Ch. 385, L. 1975; R.C.M. 1947, 71-2004; amd. Sec. 21, Ch. 255, L. 1995; amd. Sec. 480, Ch. 546, L. 1995.

Cross-References

53-20-305. Local control of community homes — departmental licensing, administration, operation, health and safety standards. (1) Community homes for persons with developmental disabilities may be under local control, and the nonprofit corporations or associations operating community homes are authorized to establish homes and programs they believe in the best interest of their homes.

(2) (a) A community home for persons with developmental disabilities must be licensed annually by the department of public health and human services.

(b) One temporary license may be issued for no longer than 60 days if there are unavoidable delays in the certification process.

(3) The department of public health and human services for the purpose of licensing shall adopt standards and rules concerning the administration, operation, health, and safety of community homes for persons with developmental disabilities.

History: En. Sec. 5, Ch. 373, L. 1973; amd. Sec. 4, Ch. 149, L. 1974; R.C.M. 1947, 71-2005; amd. Sec. 1, Ch. 271, L. 1981; amd. Sec. 95, Ch. 609, L. 1987; amd. Sec. 21, Ch. 255, L. 1995; amd. Sec. 164, Ch. 418, L. 1995; amd. Sec. 481, Ch. 546, L. 1995.

53-20-306. Federal aid. The department of public health and human services may apply for and receive federal-aid money or other assistance that is available for programs in the nature of the program created by this part.

History: En. Sec. 6, Ch. 373, L. 1973; amd. Sec. 5, Ch. 149, L. 1974; R.C.M. 1947, 71-2006; amd. Sec. 482, Ch. 546, L. 1995.

53-20-307. Health and safety standards for licensing. (1) (a) After initial certification by the state fire prevention and investigation program of the department of justice, community homes must be certified annually for fire and life safety by the department of justice.

(b) The department of justice shall notify the department of public health and human services when a community home has been certified.

(2) (a) Local health officers shall certify community homes for compliance with health and safety standards. If for any reason the local authority cannot complete the certification in a timely manner, the department of public health and human services is authorized to make the determination on certification.

(b) A reasonable fee may be charged to authorized parties as defined in 53-20-303 for the health and safety certification.

History: En. Sec. 7, Ch. 373, L. 1973; R.C.M. 1947, 71-2007; amd. Sec. 2, Ch. 271, L. 1981; amd. Sec. 96, Ch. 609, L. 1987; amd. Sec. 1, Ch. 706, L. 1991; amd. Sec. 165, Ch. 418, L. 1995; amd. Sec. 483, Ch. 546, L. 1995.

53-21-101. Purpose. The purpose of this part is to:

(1) secure for each person who may be suffering from a mental disorder and requiring commitment the care and treatment suited to the needs of the person and to ensure that the care and treatment are skillfully and humanely administered with full respect for the person's dignity and personal integrity;

(2) accomplish this goal whenever possible in a community-based setting;

(3) accomplish this goal in an institutionalized setting only when less restrictive alternatives are unavailable or inadequate and only when a person is suffering from a mental disorder and requires commitment; and

(4) ensure that due process of law is accorded any person coming under the provisions of this part.

Compiler's Comments

1997 Amendment: Chapter 490 in (1), after "who may be", deleted "seriously mentally ill or", after "disorder" substituted "and requiring commitment the" for "such", and after "treatment" deleted "as will be"; in (3), after "person is", substituted "suffering from a mental disorder and requires commitment" for "so mentally ill as to require institutionalized care"; and made minor changes in style. Amendment effective July 1, 1997.

53-21-102. Definitions. As used in this part, the following definitions apply:

(1) "Board" or "mental disabilities board of visitors" means the mental disabilities board of visitors created by 2-15-211.

(2) "Commitment" means an order by a court requiring an individual to receive treatment for a mental disorder.

(3) "Court" means any district court of the state of Montana.

(4) "Department" means the department of public health and human services provided for in 2-15-2201.

(5) "Emergency situation" means a situation in which any person is in imminent danger of death or bodily harm from the activity of a person who appears to be suffering from a mental disorder and appears to require commitment.

(6) "Friend of respondent" means any person willing and able to assist a person suffering from a mental disorder and requiring commitment or person alleged to be suffering from a mental disorder and requiring commitment in dealing with legal proceedings, including consultation with legal counsel and others. The friend of respondent may be the next of kin, the person's conservator or legal guardian, if any, representatives of a charitable or religious organization, or any other person appointed by the court to perform the functions of a friend of respondent set out in this part. Only one person may at any one time be the friend of respondent within the meaning of this part. In appointing a friend of respondent, the court shall consider the preference of the respondent. The court may at any time, for good cause, change its designation of the friend of respondent.

(7) "Mental disorder" means any organic, mental, or emotional impairment that has substantial adverse effects on an individual's cognitive or volitional functions. The term does not include:

(a) addiction to drugs or alcohol;

(b) drug or alcohol intoxication;

(c) mental retardation; or

(d) epilepsy.

(8) "Mental health facility" or "facility" means a public hospital or a licensed private hospital that is equipped and staffed to provide treatment for persons with mental disorders or a community mental health center or any mental health clinic or treatment center approved by the department. A correctional institution or facility or jail is not a mental health facility within the meaning of this part.

(9) "Next of kin" includes but is not limited to the spouse, parents, adult children, and adult brothers and sisters of a person.

(10) "Patient" means a person committed by the court for treatment for any period of time or who is voluntarily admitted for treatment for any period of time.

(11) "Peace officer" means any sheriff, deputy sheriff, marshal, police officer, or other peace officer.

(12) "Professional person" means:

(a) a medical doctor; or

(b) a person who has been certified, as provided for in 53-21-106, by the department.

(13) "Reasonable medical certainty" means reasonable certainty as judged by the standards of a professional person.

(14) "Respondent" means a person alleged in a petition filed pursuant to this part to be suffering from a mental disorder and requiring commitment.

(15) "State hospital" means the Montana state hospital.

Sec. 15, Ch. 490, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 490 inserted definition of commitment; in definition of emergency situation, after "death or", deleted "serious" and at end substituted "suffering from a mental disorder and appears to require commitment" for "seriously mentally ill"; in definition of friend of respondent, in first sentence after "assist a", deleted "seriously mentally ill", after second "person" inserted "suffering from a mental disorder and requiring commitment", and after "alleged to be" substituted "suffering from a mental disorder and requiring commitment" for "seriously mentally ill"; in definition of mental disorder inserted (c) regarding mental retardation and (d) regarding epilepsy; in definition of respondent, at end, substituted "suffering from a mental disorder and requiring commitment" for "seriously mentally ill"; deleted definition of seriously mentally ill that read: ""Seriously mentally ill" means suffering from a mental disorder which has resulted in self-inflicted injury or injury to others or the imminent threat of injury or which has deprived the person afflicted of the ability to protect the person's life or health. For this purpose, injury means physical injury. A person may not be involuntarily committed to a mental health facility or detained for evaluation and treatment because the person is an epileptic, mentally deficient, mentally retarded, senile, or suffering from a mental disorder unless the condition causes the person to be seriously mentally ill within the meaning of this part"; and made minor changes in style. Amendment effective July 1, 1997.

53-21-103. Court records to be kept separate. Records and papers in proceedings under this part shall be maintained separately by the clerks of the several courts. Five days prior to the release of a respondent or patient committed to a mental health facility, the facility shall notify the clerk of the court, and the clerk shall immediately seal the record in the case and omit the name of the respondent or patient from the index or indexes of cases in the court unless the court orders the record opened for good cause shown.

History: En. 38-1309 by Sec. 9, Ch. 466, L. 1975; amd. Sec. 9, Ch. 546, L. 1977; R.C.M. 1947, 38-1309(5); amd. Sec. 2, Ch. 547, L. 1979.

53-21-104. Powers and duties of mental disabilities board of visitors. (1) The board is an independent board of inquiry and review to assure that the treatment of all persons either voluntarily or involuntarily admitted to a mental facility is humane and decent and meets the requirements set forth in this part.

(2) The board shall review all plans for experimental research involving persons admitted to a mental health facility to assure that the research project is humane and not unduly hazardous and that it complies with the principles of the statement on the use of human subjects for research of the American association on mental deficiency and with the principles for research involving human subjects required by the United States department of health, education, and welfare. An experimental research project involving persons admitted to a mental health facility affected by this part may not be commenced unless it is approved by the mental disabilities board of visitors.

(3) The board shall at least annually inspect every mental health facility which is providing treatment and evaluation to any person pursuant to this part. The board shall inspect the physical plant, including residential, recreational, dining, and sanitary facilities. It shall visit all wards and treatment areas. The board shall inquire concerning all treatment programs being implemented by the facility.

(4) The board shall annually insure that a treatment plan exists and is being implemented for each patient admitted or committed to a mental health facility under this part. The board shall inquire concerning all use of restraints, isolation, or other extraordinary measures.

(5) The board may assist any patient at a mental health facility in resolving any grievance the patient may have concerning the patient's commitment or course of treatment in the facility.

(6) The board shall employ and be responsible for full-time legal counsel at the state hospital, whose responsibility is to act on behalf of all patients at the institution. The board shall insure that there is sufficient legal staff and facilities to insure availability to all patients and shall require that the appointed counsel periodically interview every patient and examine the patient's files and records. The board may employ additional legal counsel for representation of patients in a similar manner at any other mental health facility having inpatient capability.

(7) If the board believes that any facility is failing to comply with the provisions of this part in regard to its physical facilities or its treatment of any patient, it shall report its findings at once to the professional person in charge of the facility and the director of the department, and if appropriate, after waiting a reasonable time for a response from the professional person, the board may notify the next of kin or guardian of any patient involved, the friend of respondent appointed by the court for any patient involved, and the district court which has jurisdiction over the facility.

(8) The board shall report annually to the governor concerning:

(a) the status of the mental health facilities and treatment programs which it has inspected; and

(b) medications involuntarily administered to patients in mental health facilities and the effectiveness of the review procedure required by 53-21-127(2) in protecting patients from unnecessary or excessive medication.

History: En. Sec. 2, Ch. 578, L. 1983.

53-21-106. Certification of professional persons. (1) The department shall certify professional persons as defined in 53-21-102 for the purpose of this part.

(2) The department, with reference to recognized national standards in the field of mental health, shall adopt standards and rules governing the certification of professional persons as defined in 53-21-102.

(3) The rules for certification must address but are not limited to:

(a) the type of education that an individual has received, including degrees;

(b) the type of experience or training received by the individual;

(c) continuing education, training, instruction, and work experience necessary to maintain certification;

(d) an examination instrument to be used to determine an individual's proficiency and understanding of mental health laws, diagnosis, and treatment procedures;

(e) the procedure for categorical certification qualifying the level of professional authority and responsibility of an individual; and

(f) specific procedures for certification, recertification, and revocation of certification.

Qualifications of professional person, 53-21-161.

53-21-107 through 53-21-110 reserved.

53-21-111. Voluntary admission. (1) Nothing in this part may be construed to limit the right of any person to make voluntary application for admission at any time to any mental health facility or professional person. An application for admission to a mental health facility must be in writing on a form prescribed by the facility and approved by the department. An application is not valid unless it is approved by a professional person and a copy is given to the person being voluntarily admitted. A statement of the rights of the person voluntarily applying for admission, as set out in this part, including the right to release, must be furnished to the patient within 12 hours.

(2) Any applicant who wishes to voluntarily apply for admission to the state hospital shall first obtain certification from a professional person that the applicant is suffering from a mental disorder. The professional person shall then obtain confirmation from the department or the department's designee that the facilities available to the mental health region in which the applicant resides are unable to provide adequate evaluation and treatment. The department shall adopt rules to establish a procedure whereby a professional person shall obtain the confirmation from the department or the department's designee as required in this section.

(3) An application for voluntary admission must give the facility the right to detain the applicant for no more than 5 days, excluding weekends and holidays, past the applicant's written request for release. A mental health facility may adopt rules providing for detention of the applicant for less than 5 days. The facility shall notify all applicants of the rules and post the rules as provided in 53-21-168.

(4) Any person voluntarily entering or remaining in any mental health facility shall enjoy all the rights secured to a person involuntarily committed to the facility.

History: En. 38-1303 by Sec. 3, Ch. 466, L. 1975; amd. Sec. 3, Ch. 546, L. 1977; R.C.M. 1947, 38-1303(1) thru (3), (6); amd. Sec. 3, Ch. 547, L. 1979; amd. Sec. 1, Ch. 603, L. 1985; amd. Sec. 10, Ch. 590, L. 1995.

53-21-112. Voluntary admission of minors. (1) Notwithstanding any other provision of law, a parent or guardian of a minor may consent to mental health services to be rendered to the minor by:

(a) a facility;

(b) a person licensed in this state to practice medicine; or

(c) a mental health professional licensed in this state.

(2) A minor who is at least 16 years of age may, without the consent of a parent or guardian, consent to receive mental health services from those facilities or persons listed in subsection (1).

(3) Except as provided by this section, the provisions of 53-21-111 apply to the voluntary admission of a minor to a mental health facility but not to the state hospital.

(4) Except as provided by this subsection, voluntary admission of a minor to a mental health facility for an inpatient course of treatment is for the same period of time as that for an adult. A minor voluntarily admitted with consent of the minor's parent or guardian has the right to be released within 5 days of a request by the parent or guardian as provided in 53-21-111(3). A minor who has been admitted without consent by a parent or guardian, pursuant to subsection (2), may also make a request and also has the right to be released within 5 days as provided in 53-21-111(3). Unless there has been a periodic review and a voluntary readmission consented to by the parent or guardian in the case of a minor patient or consented to by the minor alone in the case of a minor patient who is at least 16 years of age, voluntary admission terminates at the expiration of 1 year. Counsel must be appointed for the minor at the minor's request or at any time that the minor is faced with potential legal proceedings.

53-21-119. Waiver of rights. (1) A person may waive his rights, or if the person is not capable of making an intentional and knowing decision, these rights may be waived by his counsel and friend of respondent acting together if a record is made of the reasons for the waiver. The right to counsel may not be waived. The right to treatment provided for in this part may not be waived.

(2) The right of the respondent to be physically present at a hearing may also be waived by his attorney and the friend of respondent with the concurrence of the professional person and the judge upon a finding supported by facts that:

(a) the presence of the respondent at the hearing would be likely to seriously adversely affect his mental condition; and

(b) an alternative location for the hearing in surroundings familiar to the respondent would not prevent such adverse effects on his mental condition.

(3) (a) In the case of a minor, provided that a record is made of the reasons for the waiver, his rights may be waived by the mutual consent of his counsel and parents or guardian or guardian ad litem if there are no parents or guardian.

(b) If there is an apparent conflict of interest between a minor and his parents or guardian, the court shall appoint a guardian ad litem for him.

53-21-120. Detention to be in least restrictive environment — preference for mental health facility — court relief — prehearing detention of mentally ill person prohibited. (1) A person detained pursuant to this part must be detained in the least restrictive environment required to protect the life and physical safety of the person detained or members of the public; in this respect, prevention of significant injury to property may be considered.

(2) Whenever possible, a person detained pursuant to this part must be detained in a mental health facility and in the county of residence. If the person detained demands a jury trial and trial cannot be held within 7 days, the individual may be sent to the state hospital until time of trial if arrangements can be made to return him to trial. The trial must be held within 30 days. The county of residence shall pay the cost of travel and professional services associated with the trial. A person may not be detained in any hospital or other medical facility that is not a mental health facility unless the hospital or facility has agreed in writing to admit the person.

(3) A person may not be detained pursuant to this part in a jail or other correctional facility.

(4) A person detained prior to involuntary commitment may apply to the court for immediate relief with respect to the need for detention or the adequacy of the facility being utilized to detain.

53-21-121. Petition for commitment — contents of — notice of. (1) The county attorney, upon the written request of any person having direct knowledge of the facts, may file a petition with the court alleging that there is a person within the county who is suffering from a mental disorder and who requires commitment pursuant to this chapter.

(2) The petition must contain:

(a) the name and address of the person requesting the petition and the person's interest in the case;

(b) the name of the respondent and, if known, the address, age, sex, marital status, and occupation of the respondent;

(c) the purported facts supporting the allegation of mental disorder, a statement of the disposition sought pursuant to 53-21-127(2), and the need for commitment;

(d) the name and address of every person known or believed to be legally responsible for the care, support, and maintenance of the respondent for whom evaluation is sought;

(e) the name and address of the respondent's next of kin to the extent known to the county attorney and the person requesting the petition;

(f) the name and address of any person whom the county attorney believes might be willing and able to be appointed as friend of respondent;

(g) the name, address, and telephone number of the attorney, if any, who has most recently represented the respondent for whom evaluation is sought; if there is no attorney, there must be a statement as to whether to the best knowledge of the person requesting the petition the respondent for whom evaluation is sought is indigent and unable to afford the services of an attorney; and

(h) a statement of the rights of the respondent, which must be in conspicuous print and identified by a suitable heading.

(3) Notice of the petition must be hand-delivered to the respondent and to the respondent's counsel on or before the initial appearance of the respondent before the judge or justice of the peace. The respondent's counsel shall meet with the respondent, explain the substance of the petition, and explain the probable course of the proceedings. Notice of the petition and the order setting the date and time of the hearing and the names of the respondent's counsel, professional person, and friend of respondent must be hand-delivered or mailed to the person or persons legally responsible for care, support, and maintenance of the respondent, the next of kin identified in the petition, and any other person identified by the county attorney as a possible friend of respondent other than the one named as the friend of respondent. The notice may provide, other than as to the respondent and the respondent's counsel, that no further notice will be given unless written request is filed with the clerk of court.

53-21-122. Petition for commitment — filing of — initial hearing on. (1) The petition must be filed with the clerk of court who shall immediately notify the judge.

(2) If a judge is available, the judge shall consider the petition, and if the judge finds no probable cause, it must be dismissed. If the judge finds probable cause, counsel must be immediately appointed for the respondent, and the respondent must be brought before the court with the respondent's counsel. The respondent must be advised of the respondent's constitutional rights, the respondent's rights under this part, and the substantive effect of the petition.

The respondent may at this appearance object to the finding of probable cause for filing the petition. The judge shall appoint a professional person and a friend of respondent and set a date and time for the hearing on the petition that may not be on the same day as the initial appearance and that may not exceed 5 days, including weekends and holidays, unless the fifth day falls upon a weekend or holiday and unless additional time is requested on behalf of the respondent. The desires of the respondent must be taken into consideration in the appointment of the friend of respondent and in the confirmation of the appointment of the attorney.

(3) If a judge is not available in the county, the clerk shall notify a resident judge by telephone and shall read the petition to the judge. If the judge finds no probable cause, the petition must be dismissed. If the judge finds probable cause, the judge shall cause the clerk to issue an order appointing counsel and a professional person and setting a date and time for the hearing on the petition that may not be on the same day as the initial appearance and that may not exceed 5 days, including weekends and holidays, unless the fifth day falls upon a weekend or holiday and unless additional time is requested on behalf of the respondent. The order must also direct that the respondent be brought before a justice of the peace with the respondent's counsel to be advised of the respondent's constitutional rights, the respondent's rights under this part, and the contents of the clerk's order, as well as to furnish the respondent with a copy. The justice of the peace shall ascertain the desires of the respondent with respect to the appointment of counsel, and this information must be immediately communicated to the resident judge. The resident judge may appoint other counsel, may confer with respondent's counsel and the county attorney in order to appoint a friend of respondent, and may do all things necessary through the clerk of court by telephone as if the resident judge were personally present.

53-21-123. Examination of respondent following initial hearing — recommendation of professional person. (1) Following the initial hearing, whether before a judge or justice of the peace, the respondent must be examined by the professional person without unreasonable delay. The examination may not exceed a period of 4 hours. The professional person shall immediately notify the county attorney of the findings in person or by phone and shall make a written report of the examination to the court, with copies to the respondent's attorney and the county attorney. If the professional person recommends commitment, the professional person's written report must contain a statement of the professional person's recommendations to the court for disposition under 53-21-127(2).

(2) The following action must be taken based on the professional person's findings:

(a) If the professional person recommends dismissal, the professional person shall additionally notify counsel and the respondent must be released and the petition dismissed. However, the county attorney may, upon good cause shown, request the court to order an additional, but no more than one, examination by a different professional person for a period of no more than 4 hours.

(b) If the court finds that commitment proceedings should continue, the hearing must be held as scheduled.

(3) The court may not order further evaluation pending the hearing unless sound medical reasons require additional time for a complete evaluation. The reasons must be set forth in the order, along with the amount of additional time needed.

53-21-124. Detention of respondent pending hearing or trial — jail prohibited. (1) The court may not order detention of a respondent pending the hearing unless requested by the county attorney and upon the existence of probable cause for detention. Counsel must be orally notified immediately. Counsel for the respondent may then request a detention hearing, which must be held forthwith.

(2) In the event of detention, the respondent must be detained in the least restrictive setting necessary to assure his presence and assure his safety and the safety of others as provided in 53-21-120.

(3) If the respondent is detained, he has the right to be examined additionally by a professional person of his choice. Unless objection is made by counsel for the respondent, he must continue to be evaluated and treated by the professional person pending the hearing.

(4) A respondent may not be detained in a jail or other correctional facility pending a hearing or trial to determine whether the respondent should be committed to a mental health facility.

53-21-126. Trial or hearing on petition. (1) The respondent must be present unless the respondent's presence has been waived as provided in 53-21-119(2), and the respondent must be represented by counsel at all stages of the trial. The trial must be limited to the determination of whether or not the respondent is suffering from a mental disorder and requires commitment. At the trial, the court shall consider all the facts relevant to the issues of whether the respondent is suffering from a mental disorder. If the court determines that the respondent is suffering from a mental disorder, the court shall then determine whether the respondent requires commitment. In determining whether the respondent requires commitment, the court shall consider the following:

(a) whether the respondent, because of a mental disorder, is substantially unable to provide for the respondent's own basic needs of food, clothing, shelter, health, or safety;

(b) whether the respondent has recently, because of a mental disorder and through an act or an omission, caused self-injury or injury to others;

(c) whether, because of a mental disorder, there is an imminent threat of injury to the respondent or to others because of the respondent's acts or omissions; and

(d) whether the respondent's mental disorder, as demonstrated by the respondent's recent acts or omissions, will, if untreated, predictably result in deterioration of the respondent's mental condition to the point at which the respondent will become a danger to self or to others or will be unable to provide for the respondent's own basic needs of food, clothing, shelter, health, or safety. Predictability may be established by the respondent's relevant medical history.

(2) The standard of proof in a hearing held pursuant to this section is proof beyond a reasonable doubt with respect to any physical facts or evidence and clear and convincing evidence as to all other matters. However, the respondent's mental disorder must be proved to a reasonable medical certainty. Imminent threat of self-inflicted injury or injury to others must be proved by overt acts or omissions, sufficiently recent in time as to be material and relevant as to the respondent's present condition.

(3) The professional person appointed by the court must be present for the trial and subject to cross-examination. The trial is governed by the Montana Rules of Civil Procedure. However, if the issues are tried by a jury, at least two-thirds of the jurors shall concur on a finding that the respondent is suffering from a mental disorder and requires commitment. The written report of the professional person that indicates the professional person's diagnosis may be attached to the petition, but any matter otherwise inadmissible, such as hearsay matter, is not admissible merely because it is contained in the report. The court may order the trial closed to the public for the protection of the respondent.

(4) The professional person may testify as to the ultimate issue of whether the respondent is suffering from a mental disorder and requires commitment. This testimony is insufficient unless accompanied by evidence from the professional person or others that:

(a) the respondent, because of a mental disorder, is substantially unable to provide for the respondent's own basic needs of food, clothing, shelter, health, or safety;

(b) the respondent has recently, because of a mental disorder and through an act or an omission, caused self-injury or injury to others;

(c) because of a mental disorder, there is an imminent threat of injury to the respondent or to others because of the respondent's acts or omissions; or

(d) (i) the respondent's mental disorder:

(A) has resulted in recent acts, omissions, or behaviors that create difficulty in protecting the respondent's life or health;

(B) is treatable, with a reasonable prospect of success;

(C) has resulted in the respondent's refusing or being unable to consent to voluntary admission for treatment; and

(ii) will, if untreated, predictably result in deterioration of the respondent's mental condition to the point at which the respondent will become a danger to self or to others or will be unable to provide for the respondent's own basic needs of food, clothing, shelter, health, or safety. Predictability may be established by the respondent's relevant medical history.

(5) The court, upon the showing of good cause and when it is in the best interests of the respondent, may order a change of venue.

53-21-127. Posttrial disposition. (1) If, upon trial, it is determined that the respondent is not suffering from a mental disorder or does not require commitment within the meaning of this part, the respondent must be discharged and the petition dismissed.

(2) (a) If it is determined that the respondent is suffering from a mental disorder and requires commitment within the meaning of this part, the court shall hold a posttrial disposition hearing. The disposition hearing must be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent. At the conclusion of the disposition hearing, the court shall:

(i) commit the respondent to the state hospital for a period of not more than 3 months;

(ii) commit the respondent to a community facility, program, or course of treatment for a period of not more than 3 months;

(iii) order the respondent to be placed in the care and custody of a relative or guardian or some other appropriate place other than an institution;

(iv) order outpatient therapy; or

(v) make some other appropriate order for treatment.

(b) A treatment ordered pursuant to this subsection may not affect the respondent's custody or course of treatment for a period of more than 3 months.

(c) In determining which of the alternatives in subsection (2)(a) to order, the court shall choose the least restrictive alternatives necessary to protect the respondent and the public and to permit effective treatment. The court may authorize the chief medical officer of a facility or a physician designated by the court to administer appropriate medication involuntarily if the court finds that involuntary medication is necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by the court approves it prior to the beginning of the involuntary administration and unless, if possible, a medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review is not possible, within 5 working days after the beginning of the involuntary administration. The medication review committee must include at least one person who is not an employee of the facility or program. The patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The involuntary administration of medication must be again reviewed by the committee 14 days and 90 days after the beginning of the involuntary administration if medication is still being involuntarily administered. The mental disabilities board of visitors and the director of the department of public health and human services must be fully informed of the matter within 5 working days after the beginning of the involuntary administration. The director shall report to the governor on an annual basis.

(d) Satisfaction of any one of the criteria listed in 53-21-126(1) justifies commitment pursuant to this chapter. However, if the court relies solely upon the criterion provided in 53-21-126(1)(d), the court may require commitment only to a community facility and may not require commitment at the state hospital.

(e) In ordering commitment pursuant to this section, the court shall make the following findings of fact:

(i) a detailed statement of the facts upon which the court found the respondent to be suffering from a mental disorder and requiring commitment;

(ii) the alternatives for treatment that were considered;

(iii) the alternatives available for treatment of the respondent;

(iv) the reason that any treatment alternatives were determined to be unsuitable for the respondent;

(v) the name of the facility, program, or individual to be responsible for the management and supervision of the respondent's treatment;

(vi) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was chosen from among other alternatives; and

(vii) if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives.

53-21-128. Petition for extension of commitment period. (1) (a) Not less than 2 calendar weeks prior to the end of the 3-month period of commitment provided for in 53-21-127(2), the professional person in charge of the patient at the place of commitment may petition the district court in the county where the patient is committed for extension of the commitment period unless otherwise ordered by the original committing court. The petition must be accompanied by a written report and evaluation of the patient's mental and physical condition. The report must describe any tests and evaluation devices that have been employed in evaluating the patient, the course of treatment that was undertaken for the patient, and the future course of treatment anticipated by the professional person.

(b) Upon the filing of the petition, the court shall give written notice of the filing of the petition to the patient, the patient's next of kin, if reasonably available, the friend of respondent appointed by the court, and the patient's counsel. If any person notified requests a hearing prior to the termination of the previous commitment authority, the court shall immediately set a time and place for a hearing on a date not more than 10 days from the receipt of the request and notify the same people, including the professional person in charge of the patient. If a hearing is not requested, the court shall enter an order of commitment for a period not to exceed 6 months.

(c) Procedure on the petition for extension when a hearing has been requested must be the same in all respects as the procedure on the petition for the original 3-month commitment except the patient is not entitled to trial by jury. The hearing must be held in the district court having jurisdiction over the facility in which the patient is detained unless otherwise ordered by the court. Court costs and witness fees, if any, must be paid by the county that paid the same costs in the initial commitment proceedings.

(d) If upon the hearing the court finds the patient not to be suffering from a mental disorder and requiring commitment within the meaning of this part, the patient must be discharged and the petition dismissed. If the court finds that the patient continues to suffer from a mental disorder and to require commitment, the court shall order commitment, custody in relatives, outpatient therapy, or other order as set forth in 53-21-127(2). However, an order may not affect the patient's custody for more than 6 months. In its order, the court shall describe what alternatives for treatment of the patient are available, what alternatives were investigated, and why the investigated alternatives were not found suitable. The court may not order continuation of an alternative that does not include a comprehensive, individualized plan of treatment for the patient. A court order for the continuation of an alternative must include a specific finding that a comprehensive, individualized plan of treatment exists.

(2) Further extensions may be obtained under the same procedure described in subsection (1); however, the patient's custody may not be affected for more than 1 year without a renewal of the commitment under the procedures set forth in subsection (1), including a statement of the findings required by subsection (1).

53-21-129. Emergency situation — petition — detention. (1) When an emergency situation exists, a peace officer may take any person who appears to have a mental disorder and to present an imminent danger of death or bodily harm to the person or to others into custody only for sufficient time to contact a professional person for emergency evaluation. If possible, a professional person should be called prior to taking the person into custody.

(2) If the professional person agrees that the person detained is a danger to the person or to others because of a mental disorder and that an emergency situation exists, then the person may be detained and treated until the next regular business day. At that time, the professional person shall release the detained person or file findings with the county attorney who, if the county attorney determines probable cause to exist, shall file the petition provided for in 53-21-121 through 53-21-126 in the county of the respondent's residence. In either case, the professional person shall file a report with the court explaining the professional person's actions.

(3) The county attorney of a county may make arrangements with a federal, state, regional, or private mental facility or with a mental health facility in a county for the detention of persons held pursuant to this section. If an arrangement has been made with a facility that does not, at the time of the emergency, have a bed available to detain the person at that facility, the person may be transported to the state hospital for detention and treatment as

provided in this part. This determination must be made on an individual basis in each case, and the professional person at the local facility shall certify to the county attorney that the facility does not have adequate room at that time.

(4) However, before a person is transferred to the state hospital under this section, the state hospital must be notified prior to transfer and shall state that a bed is available for the person.

53-21-131. Appeal procedure. Appellate review of any order of short-term evaluation and treatment or long-term commitment may be had by appeal to the supreme court of Montana in the manner as other civil cases, except that the appeal may be taken at any time within 90 days of the actual service of the written notice of the right to appeal required by 53-21-114 or within 90 days after discharge, whichever is later. The patient shall not be released pending appeal unless ordered by the court. The appeal shall have priority above all other matters before the supreme court.

53-21-132. Cost of examination and commitment. (1) The cost of precommitment examination, detention, treatment, and taking a person who is suffering from a mental disorder and who requires commitment to a mental health facility must be paid by the county in which the person resides at the time that the person is committed. The sheriff must be allowed the actual expenses incurred in taking a committed person to the facility, as provided by 7-32-2144.

(2) The county of residence shall also pay all precommitment expenses, including transportation to a mental health facility, incurred in connection with the detention, examination, and precommitment custody of the respondent. However, the county of residence is not required to pay costs of

treatment and custody of the respondent after the respondent is committed pursuant to this part. The fact that a person is examined, hospitalized, or receives medical, psychological, or other mental health treatment pursuant to this part does not relieve a third party from a contractual obligation to pay for the cost of the examination, hospitalization, or treatment.

(3) The adult respondent or the parent or guardian of a minor shall pay the cost of treatment and custody ordered pursuant to 53-21-127, except to the extent that the adult or minor is eligible for public mental health program funds.

(4) A community service provider that is a private, nonpublic provider may not be required to treat or treat without compensation a person who has been committed.

1997 Amendment: Chapter 490 in (1), in first sentence after "cost of", substituted "precommitment examination, detention, treatment" for "the examination, committal", after "who is" substituted "suffering from a mental disorder and who requires commitment" for "seriously mentally ill", and at end substituted "committed" for "adjudged to be seriously mentally ill" and in second sentence, after "taking a", substituted "committed person" for "person who is seriously mentally ill"; in (2) inserted second sentence clarifying that the county of residence is not required to pay treatment and custody costs after the respondent is committed; inserted (3) requiring the adult respondent or parent or guardian to pay treatment and custody costs, except to the extent that public mental health program funds are available; inserted (4) providing that a community service provider is not required to treat a committed person without compensation; and made minor changes in style. Amendment effective July 1, 1997.

53-21-133. Transfer to nonstate facilities. (1) If a person is committed under the provisions of this part and is eligible for hospital care or treatment by an agency of the United States and if a certificate of notification from such agency showing that facilities are available and that the person is eligible for care or treatment therein is received, the court may order the person to be placed in the custody of the agency for hospitalization. The chief officer of any hospital or institution operated by such an agency and in which a person is so hospitalized shall be vested with the same powers as the superintendent of the state hospital with respect to detention, custody, transfer, conditional release, or discharge of the person. Jurisdiction shall be retained in the appropriate courts of this state to inquire into the mental condition of persons so hospitalized and to determine the necessity for continuance of their hospitalization.

(2) Consistent with other provisions of this part, a person committed under this part for a period of 3 months or longer may be committed by the court to the custody of friends or next of kin residing outside the state or to a mental health facility located outside the state if the out-of-state facility agrees to receive the patient. No such commitment shall be for a longer period of time than is permitted within the state. If the patient is indigent, the expense of supporting him in an out-of-state facility and the expense of transportation shall be borne by the state of Montana.

(3) The transfer out of Montana of persons committed under the provisions of this part or into Montana under the laws of another jurisdiction shall be governed by the provisions of the Interstate Compact on Mental Health.

53-21-138. Diversion of certain persons suffering from mental disorders from jail. (1) The sheriff or administrator of a jail in each county shall require screening of inmates to identify persons accused of minor misdemeanor offenses who appear to be suffering from mental disorders and who require commitment, as defined in 53-21-102.

(2) If as a result of screening and observation it is believed that an inmate is suffering from a mental disorder and requires commitment, the sheriff or administrator of the jail shall:

(a) request services from a crisis intervention program established by the department, as provided for in 53-21-139;

(b) refer the inmate to the nearest community mental health center, as defined in 53-21-201; or

(c) transfer the inmate to a private mental health facility or hospital equipped to provide treatment and care of persons who are suffering from a mental disorder and who require commitment.

(3) As used in this section, the term "minor misdemeanor offense" includes but is not limited to a nonserious misdemeanor, such as criminal trespass to property, loitering, vagrancy, disorderly conduct, and disturbing the public peace.

(4) A person intoxicated by drugs or alcohol who is accused of a minor misdemeanor offense may be detained in a jail until the level of intoxication is reduced to the point that screening for a mental disorder and the need for commitment can be performed.

53-21-141. Civil and legal rights of person committed. (1) Unless specifically stated in an order by the court, a person involuntarily committed to a facility for a period of evaluation or treatment does not forfeit any legal right or suffer any legal disability by reason of the provisions of this part except insofar as it may be necessary to detain the person for treatment, evaluation, or care. All communication between an alleged mentally ill person and a professional person is privileged under normal privileged communication rules unless it is clearly explained to the person in advance that the purpose of an interview is for evaluation and not treatment.

(2) Whenever a person is committed to a mental health facility for a period of 3 months or longer, the court ordering the commitment may make an order stating specifically any legal rights which are denied the respondent and any legal disabilities which are imposed on him. As part of its order, the court may appoint a person to act as conservator of the respondent's property. Any conservatorship created pursuant to this section terminates upon the conclusion of the involuntary commitment if not sooner terminated by the court. A conservatorship or guardianship extending beyond the period of involuntary commitment may not be created except according to the procedures set forth under Montana law for the appointment of conservators and

guardians generally. In the case of a person admitted to a program or facility for the purpose of receiving mental health services, an individual employed by or receiving remuneration from the program or facility may not act as the person's guardian or representative unless the program or facility can demonstrate that no other person is available or willing to act as the person's guardian or representative.

(3) A person who has been committed to a mental health facility pursuant to this part is automatically restored upon the termination of the commitment to all of his civil and legal rights which may have been lost when he was committed. This subsection does not affect, however, a guardianship or conservatorship created independently of the commitment proceedings according to the provisions of Montana law relating to the appointment of conservators and guardians generally. A person who leaves a mental health facility following a period of evaluation and treatment shall be given a written statement setting forth the substance of this subsection.

(4) A person committed to a mental health facility prior to July 1, 1975, enjoys all the rights and privileges of a person committed after that date.

53-21-142. Rights of persons admitted to facility. Patients admitted to a mental health facility, whether voluntarily or involuntarily, shall have the following rights:

(1) Patients have a right to privacy and dignity.

(2) Patients have a right to the least restrictive conditions necessary to achieve the purposes of commitment. Patients must be accorded the right to appropriate treatment and related services in a setting and under conditions that:

(a) are the most supportive of the patient's personal liberty; and

(b) restrict the patient's liberty only to the extent necessary and consistent with the patient's treatment need, applicable requirements of law, and judicial orders.

(3) Patients shall have the same rights to visitation and reasonable access to telephone communications, including the right to converse with others privately, except to the extent that the professional person responsible for formulation of a particular patient's treatment plan writes an order imposing special restrictions. The written order must be renewed after each periodic review of the treatment plan if any restrictions are to be continued. Patients shall have an unrestricted right to visitation with attorneys, with spiritual counselors, and with private physicians and other professional persons.

(4) Patients shall have an unrestricted right to send sealed mail. Patients shall have an unrestricted right to receive sealed mail from their attorneys, private physicians and other professional persons, the mental disabilities board of visitors, courts, and government officials. Patients shall have a right to receive sealed mail from others except to the extent that a professional person responsible for formulation of a particular patient's treatment plan writes an

order imposing special restrictions on receipt of sealed mail. The written order must be renewed after each periodic review of the treatment plan if any restrictions are to be continued.

(5) Patients have an unrestricted right to have access to letter-writing materials, including postage, and have a right to have staff members of the facility assist persons who are unable to write, prepare, and mail correspondence.

(6) Patients have a right to wear their own clothes and to keep and use their own personal possessions, including toilet articles, except insofar as such clothes or personal possessions may be determined by a professional person in charge of the patient's treatment plan to be dangerous or otherwise inappropriate to the treatment regimen. The facility has an obligation to supply an adequate allowance of clothing to any patients who do not have suitable clothing of their own. Patients shall have the opportunity to select from various types of neat, clean, and seasonable clothing. Such clothing shall be considered the patient's throughout his stay at the facility. The facility shall make provision for the laundering of patient clothing.

(7) Patients have the right to keep and be allowed to spend a reasonable sum of their own money.

(8) Patients have the right to religious worship. Provisions for such worship shall be made available to all patients on a nondiscriminatory basis. No individual shall be required to engage in any religious activities.

(9) Patients have a right to regular physical exercise several times a week. Moreover, it shall be the duty of the facility to provide facilities and equipment for such exercise. Patients have a right to be outdoors at regular and frequent intervals in the absence of contrary medical considerations.

(10) Patients have the right to be provided, with adequate supervision, suitable opportunities for interaction with members of the opposite sex except to the extent that a professional person in charge of the patient's treatment plan writes an order stating that such interaction is inappropriate to the treatment regimen.

(11) Patients have a right to receive prompt and adequate medical treatment for any physical ailments. In providing medical care, the mental health facility shall take advantage of whatever community-based facilities are appropriate and available and shall coordinate the patient's treatment for mental illness with his medical treatment.

(12) Patients have a right to a diet that will provide at a minimum the recommended daily dietary allowances as developed by the national academy of sciences. Provisions shall be made for special therapeutic diets and for substitutes at the request of the patient or the friend of respondent in accordance with the religious requirements of any patient's faith. Denial of a nutritionally adequate diet shall not be used as punishment.

(13) Patients have a right to a humane psychological and physical environment within the mental health facilities. These facilities shall be designed to afford patients with comfort and safety, promote dignity, and ensure privacy. The facilities shall be designed to make a positive contribution to the efficient attainment of the treatment goals set for the patient. In order to assure the accomplishment of this goal:

(a) regular housekeeping and maintenance procedures which will ensure that the facility is maintained in a safe, clean, and attractive condition shall be developed and implemented;

(b) there must be special provision made for geriatric and other nonambulatory patients to assure their safety and comfort, including special fittings on toilets and wheelchairs. Appropriate provision shall be made to permit nonambulatory patients to communicate their needs to the facility staff.

(c) pursuant to an established routine maintenance and repair program, the physical plant of every facility shall be kept in a continuous state of good repair and operation in accordance with the needs of the health, comfort, safety, and well-being of the patients;

(d) every facility must meet all fire and safety standards established by the state and locality. In addition, any hospital shall meet such provisions of the life safety code of the national fire protection association as are applicable to hospitals. Any hospital shall meet all standards established by the state for general hospitals insofar as they are relevant to psychiatric facilities.

(14) A patient at a facility has the right:

(a) to be informed of the rights described in this section at the time of his admission and periodically thereafter, in language and terms appropriate to the patient's condition and ability to understand;

(b) to assert grievances with respect to infringement of the rights described in this section, including the right to have a grievance considered in a fair and timely manner according to an impartial grievance procedure that must be provided for by the facility; and

(c) to exercise the rights described in this section without reprisal and may not be denied admission to the facility as reprisal for the exercise of the rights described in this section.

(15) In order to assist a person admitted to a program or facility in the exercise or protection of the patient's rights, the patient's attorney, advocate, or legal representatives shall have reasonable access to:

(a) the patient;

(b) the program or facility areas where the patient has received treatment or has resided or the areas to which he has had access; and

(c) pursuant to the written authorization of the patient, records and information pertaining to the patient's diagnosis, treatment, and related services.

(16) A person admitted to a facility shall have access to any available individual or service that provides advocacy for the protection of the person's rights and that assists the person in understanding, exercising, and protecting his rights as described in this section.

(17) This section may not:

(a) obligate a professional person to administer treatment contrary to the professional's clinical judgment;

(b) prevent a facility from discharging a patient for whom appropriate treatment, consistent with the clinical judgment of a professional person responsible for the patient's treatment, is or has become impossible to administer because of the patient's refusal to consent to the treatment;

(c) require a facility to admit a person who has, on prior occasions, repeatedly withheld consent to appropriate treatment; or

(d) obligate a facility to treat a person admitted to the facility solely for diagnostic evaluation.

53-21-145. Right to be free from unnecessary or excessive medication. Patients have a right to be free from unnecessary or excessive medication. A medication may not be administered unless at the written order of a physician. The attending physician is responsible for all medication given or administered to a patient. The use of medication may not exceed standards of use that are advocated by the United States food and drug administration. Notation of each individual's medication must be kept in the individual's medical records. The department of public health and human services shall adopt rules governing attending physician review of the drug regimen of each patient under the physician's care in a mental health facility, except that the drug regimen of inpatients in hospitals must be reviewed no less than weekly. Except in the case of outpatients, all prescriptions must be written with a termination date, which may not exceed 30 days. Medication may not be used as punishment, for the convenience of staff, as a substitute for a treatment program, or in quantities that interfere with the patient's treatment program.

53-21-146. Right to be free from physical restraint and isolation. Patients have a right to be free from physical restraint and isolation. Except for emergency situations in which it is likely that patients could harm themselves or others and in which less restrictive means of restraint are not feasible, patients may be physically restrained or placed in isolation only on a professional person's written order which explains the rationale for such action. The written order may be entered only after the professional person has personally seen the patient concerned and evaluated whatever episode or situation is said to call for restraint or isolation. Emergency use of restraints or isolation shall be for no more than 1 hour, by which time a professional person shall have been consulted and shall have entered an appropriate order in writing. Such written order shall be effective for no more than 24 hours and must be renewed if restraint and isolation are to be continued. Whenever a patient is subject to restraint or isolation, adequate care shall be taken to monitor his physical and psychiatric condition and to provide for his physical needs and comfort. Physical restraint may not be used as punishment, for the convenience of the staff, or as a substitute for a treatment program.

53-21-147. Right not to be subjected to experimental research. (1) Patients have a right not to be subjected to experimental research without the express and informed consent of the patient, if the patient is able to give consent, and of the patient's guardian, if any, and the friend of respondent appointed by the court after opportunities for consultation with independent specialists and with legal counsel. If there is no friend of respondent or if the friend of respondent appointed by the court is no longer available, then a friend of respondent who is in no way connected with the facility, the department, or the research project must be appointed prior to the involvement of the patient in any experimental research. At least 10 days prior to the commencement of experimental research, the facility shall send notice of intent to involve the patient in experimental research to the patient, the patient's next of kin, if known, the patient's legal guardian, if any, the attorney who most recently represented the patient, and the friend of respondent appointed by the court.

(2) The proposed research must have been reviewed and approved by the mental disabilities board of visitors before consent may be sought. Prior to approval, the board shall determine that the research complies with the principles of the statement on the use of human subjects for research of the American association on mental deficiency and with the principles for research involving human subjects required by the United States department of health and human services for projects supported by that agency.

(3) A patient has the right to appropriate protection before participating in an experimental treatment, including the right to a reasonable explanation of the procedure to be followed, expected benefits, relative advantages, and the potential risks and discomforts of any experimental treatment. A patient has the right to revoke at any time consent to an experimental treatment.

(2) Each patient must have an individualized treatment plan. This plan must be developed by appropriate professional persons, including a psychiatrist, and must be implemented no later than 10 days after the patient's admission. Each individualized treatment plan must contain:

(a) a statement of the nature of the specific problems and specific needs of the patient;

(b) a statement of the least restrictive treatment conditions necessary to achieve the purposes of hospitalization;

(c) a description of treatment goals, with a projected timetable for their attainment;

(d) a statement and rationale for the plan of treatment for achieving these goals;

(e) a specification of staff responsibility for attaining each treatment goal;

(f) criteria for release to less restrictive treatment conditions; and

(g) a notation of any therapeutic tasks and labor to be performed by the patient.

(3) Overall development, implementation, and supervision of the treatment plan must be assigned to an appropriate professional person.

(4) The inpatient mental health facility shall periodically reevaluate the patient and revise the individualized treatment plan based on changes in the patient's condition. At a minimum, the treatment plan must be reviewed:

(a) at the time of any transfer within the facility;

(b) at the time of discharge;

(c) upon any major change in the patient's condition;

(d) at the conclusion of the initial estimated length of stay and subsequent estimated lengths of stay;

(e) no less than every 90 days; and

(f) at each of the times specified in subsections (4)(a) through (4)(e), by a treatment team that includes at least one professional person who is not primarily responsible for the patient's treatment plan.

(5) A patient has the right:

(a) to ongoing participation, in a manner appropriate to the patient's capabilities, in the planning of mental health services to be provided and in the revision of the plan;

(b) to a reasonable explanation of the following, in terms and language appropriate to the patient's condition and ability to understand:

(i) the patient's general mental condition and, if given a physical examination, the patient's physical condition;

(ii) the objectives of treatment;

(iii) the nature and significant possible adverse effects of recommended treatments;

(iv) the reasons why a particular treatment is considered appropriate;

(v) the reasons why access to certain visitors may not be appropriate; and

(vi) any appropriate and available alternative treatments, services, or providers of mental health services; and

(c) not to receive treatment established pursuant to the treatment plan in the absence of the patient's informed, voluntary, and written consent to the treatment, except treatment:

(i) during an emergency situation if the treatment is pursuant to or documented contemporaneously by the written order of a responsible mental health professional; or

(ii) permitted under the applicable law in the case of a person committed to a facility by a court.

(6) In the case of a patient who lacks the capacity to exercise the right to consent to treatment described in subsection (5)(c), the right must be exercised on behalf of the patient by a guardian appointed pursuant to the provisions of Title 72, chapter 5.

(7) The department shall develop procedures for initiating limited guardianship proceedings in the case of a patient who appears to lack the capacity to exercise the right to consent described in subsection (5)(c).

53-21-163. Examination following commitment. No later than 30 days after a patient is committed to a mental health facility, the professional person in charge of the facility or his appointed, professionally qualified agent shall reexamine the committed patient and shall determine whether he continues to require commitment to the facility and whether a treatment plan complying with this part has been implemented. If the patient no longer requires commitment to the facility in accordance with the standards for commitment, he must be released immediately unless he agrees to continue with treatment on a voluntary basis. If for sound professional reasons a treatment plan has not been implemented, this fact shall be reported immediately to the professional person in charge of the facility, the director of the department, the mental disabilities board of visitors, and the patient's counsel.

53-21-165. Records to be maintained. Complete patient records must be kept by the mental health facility for the length of time required by rules established by the department of public health and human services. All records kept by the mental health facility must be available to any person authorized by the patient in writing to receive these records and upon approval of the authorization by the board. The records must also be made available to any attorney charged with representing the patient or any professional person charged with evaluating or treating the patient. These records must include:

(1) identification data, including the patient's legal status;

(2) a patient history, including but not limited to:

(a) family data, educational background, and employment record;

(b) prior medical history, both physical and mental, including prior hospitalization;

(3) the chief complaints of the patient and the chief complaints of others regarding the patient;

(4) an evaluation that notes the onset of illness, the circumstances leading to admission, attitudes, behavior, estimate of intellectual functioning, memory functioning, orientation, and an inventory of the patient's assets in descriptive rather than interpretative fashion;

(5) a summary of each physical examination that describes the results of the examination;

(6) a copy of the individual treatment plan and any modifications to the plan;

(7) a detailed summary of the findings made by the reviewing professional person after each periodic review of the treatment plan, required under 53-21-162(4), that analyzes the successes and failures of the treatment program and includes recommendations for appropriate modification of the treatment plan;

(8) a copy of the individualized discharge plan and any modifications to the plan and a summary of the steps that have been taken to implement that plan;

(9) a medication history and status that includes the signed orders of the prescribing physician. The staff person administering the medication shall indicate by signature that orders have been carried out.

(10) a summary of each significant contact by a professional person with the patient;

(11) documentation of the implementation of the treatment plan;

(12) documentation of all treatment provided to the patient;

(13) chronological documentation of the patient's clinical course;

(14) descriptions of any changes in the patient's condition;

(15) a signed order by a professional person for any restrictions on visitations and communications;

(16) a signed order by a professional person for any physical restraints and isolation;

(17) a detailed summary of any extraordinary incident in the facility involving the patient, to be entered by a staff member noting that the staff member has personal knowledge of the incident or specifying any other source of information. The summary of the incident must be initialed within 24 hours by a professional person.

(18) a summary by the professional person in charge of the facility or by an appointed agent of the determination made after the 30-day review provided for in 53-21-163.

53-21-166. Records to be confidential — exceptions. All information obtained and records prepared in the course of providing any services under this part to individuals under any provision of this part shall be confidential and privileged matter and shall remain confidential and privileged after the individual is discharged from the facility. Except as provided in Title 50, chapter 16, part 5, information and records may be disclosed only:

(1) in communications between qualified professionals in the provision of services or appropriate referrals;

(2) when the recipient of services designates persons to whom information or records may be released, provided that if a recipient of services is a ward and his guardian or conservator designates in writing persons to whom records or information may be disclosed, such designation shall be valid in lieu of the designation by the recipient; except that nothing in this section shall be construed to compel a physician, psychologist, social worker, nurse, attorney, or other professional person to reveal information which has been given to him in confidence by members of a patient's family;

(3) to the extent necessary to make claims on behalf of a recipient of aid, insurance, or medical assistance to which he may be entitled;

(4) for research if the department has promulgated rules for the conduct of research; such rules shall include but not be limited to the requirement that all researchers must sign an oath of confidentiality;

(5) to the courts as necessary to the administration of justice;

(6) to persons authorized by an order of court, after notice and opportunity for hearing to the person to whom the record or information pertains and the custodian of the record or information pursuant to the rules of civil procedure;

(7) to members of the mental disabilities board of visitors or their agents when necessary to perform their functions as set out in 53-21-104.

53-21-167. Patient labor. The following rules shall govern patient labor:

(1) No patient shall be required to perform labor which involves the operation and maintenance of a facility or for which the facility is under contract with an outside organization. Privileges or release from the facility shall not be conditioned upon the performance of labor covered by this provision. Patients may voluntarily engage in such labor if the labor is compensated in accordance with the minimum wage laws of the Fair Labor Standards Act of 1938, 29 U.S.C. 206, as amended.

(2) (a) Patients may be required to perform therapeutic tasks which do not involve the operation and maintenance of the facility, provided the specific task or any change in assignment is:

(i) an integrated part of the patient's treatment plan and approved as a therapeutic activity by a professional person responsible for supervising the patient's treatment; and

(ii) supervised by a staff member to oversee the therapeutic aspects of the activity.

(b) Patients may voluntarily engage in therapeutic labor for which the facility would otherwise have to pay an employee, provided the specific labor or any change in labor assignment is:

(i) an integrated part of the patient's treatment plan and approved as a therapeutic activity by a professional person responsible for supervising the patient's treatment;

(ii) supervised by a staff member to oversee the therapeutic aspects of the activity; and

(iii) compensated in accordance with the minimum wage laws of the Fair Labor Standards Act of 1938, 29 U.S.C. 206, as amended.

(3) If any patient performs therapeutic labor which involves the operation and maintenance of a facility but due to physical or mental disability is unable to perform the labor as efficiently as a person not so physically or mentally disabled, then the patient may be compensated at a rate which bears the same approximate relation to the statutory minimum wage as his ability to perform that particular job bears to the ability of a person not so afflicted.

(4) Patients may be required to perform tasks of a personal housekeeping nature, such as the making of one's own bed.

(5) Deductions or payments for care and other charges shall not deprive a patient of a reasonable amount of the compensation received pursuant to this section for personal and incidental purchases and expenses.

53-21-169. Protection and advocacy system — designation and authority. (1) A protection and advocacy system for individuals with a significant mental illness or emotional impairment is designated by the governor and may be administered in the state under the provisions of 42 U.S.C. 10801 through 10851. An eligible mental health protection and advocacy system under the provisions of 42 U.S.C. 10801 through 10851 must have as its primary goals:

(a) the protection and advocacy of the rights of mentally ill individuals who are defined in 42 U.S.C. 10802 as individuals with a significant mental illness or emotional impairment; and

(b) the investigation of incidents of abuse and neglect, as defined in 42 U.S.C. 10802, of mentally ill individuals.

(2) Pursuant to 42 U.S.C. 10801 and 10802, the protection and advocacy system may:

(a) investigate incidents of abuse and neglect of mentally ill individuals;

(b) pursue administrative, legal, and other appropriate remedies to ensure the protection of mentally ill individuals who are residents of the state and are receiving care or treatment in the state;

(c) have access to all mentally ill individuals and all facilities, wards, and living quarters as necessary to fulfill the goals described in subsection (1); and

(d) pursuant to 42 U.S.C. 10801 through 10851 and Title 50, chapter 16, part 5, have access to records, including:

(i) reports prepared by the staff of a mental health care and treatment facility;

(ii) reports prepared by an agency investigating reports of abuse, neglect, and injury occurring at a facility and that describe the incidents and the steps taken to investigate the reports; and

(iii) discharge planning records.

(3) All information obtained under this section must be kept confidential pursuant to 42 U.S.C. 10806.

(4) The protection and advocacy system described in this section is independent of any public or private agency that provides treatment or services to the mentally ill.

53-21-180. Discharge plan. Each patient admitted as an inpatient to a mental health facility must have an individualized discharge plan developed within 10 days after admission. The discharge plan must be updated as necessary. Each individualized discharge plan must contain:

(1) an anticipated discharge date;

(2) criteria for discharge;

(3) identification of the facility staff member responsible for discharge planning;

(4) identification of the community-based agency or individual that is assisting in arranging postdischarge services; and

(5) other information necessary to ensure an appropriate discharge and adequate postdischarge services.

53-21-181. Discharge during or at end of initial commitment period — patient's right to referral. (1) At any time within the 3-month period provided for in 53-21-127(2), the patient may be discharged on the written order of the professional person in charge of him. In the event the patient is not discharged within the 3-month period and if the term is not extended as provided for in 53-21-128, he shall be discharged by the facility at the end of 3 months without further order of the court. Notice of the discharge shall be filed with the court and the county attorney at least 5 days prior to the discharge.

(2) Upon being discharged, each patient has a right to be referred, as appropriate, to other providers of mental health services.

History: En. 38-1306 by Sec. 6, Ch. 466, L. 1975; amd. Sec. 6, Ch. 546, L. 1977; R.C.M. 1947, 38-1306(2); amd. Sec. 9, Ch. 579, L. 1991.

53-21-182. Court-ordered release to alternative placement or treatment. At any time during the patient's commitment, the court may, on its own initiative or upon application of the professional person in charge of the patient, the patient, the patient's next of kin, the patient's attorney, a third party responsible for payment for the care of the patient, or the friend of respondent appointed by the court, order the patient to be placed in the care and custody of relatives or guardians or to be provided outpatient therapy or other appropriate placement or treatment.

53-21-183. Release conditioned on receipt of outpatient care. (1) When, in the opinion of the professional person in charge of a mental health facility providing involuntary treatment, the committed person can be appropriately served by outpatient care prior to the expiration of the period of commitment, then outpatient care may be required as a condition for early release for a period which, when added to the inpatient treatment period, except as provided in 53-21-198, may not exceed the period of commitment. If the mental health facility designated to provide outpatient care is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility.

(2) The mental health facility designated to provide outpatient care or the professional person in charge of the patient's case may modify the conditions for continued release when the modification is in the best interest of the patient. This includes the authorization to transfer the patient to another mental health facility designated to provide outpatient care, provided the transfer is in the best interest of the patient and the outpatient facility so designated agrees in writing to assume responsibility. Notice of an intended transfer shall be given to the professional person in charge of the mental health facility that provided the involuntary treatment.

(3) Notice in writing to the court which committed the patient for treatment and the county attorney who initiated the action shall be provided by the professional person in charge of him at least 5 days prior to his release from commitment or outpatient care.

(4) This section and 53-21-195 through 53-21-198 do not apply to a temporary release, certified as such by the professional person in charge of the mental health facility, from the facility for the purposes of a home visit not exceeding 30 days.

53-21-186. Support of patient conditionally released. When a mental health facility conditionally releases a patient committed to its care, it is not liable for his support while conditionally released. Liability devolves upon the legal guardian, parent, or person under whose care the patient is placed when conditionally released or upon any other person legally liable for his support. The public welfare officials of the county where the patient resides or is found are responsible for providing relief and care for a conditionally released patient who is unable to maintain himself or who is unable to secure support from the person under whose care he was placed on convalescent leave, like any other person in need of relief and care, under the public assistance laws.

53-21-195. Rehospitalization of patient conditionally released from inpatient treatment facilities — petition. (1) A proceeding for the rehospitalization of a patient conditionally released from an inpatient mental health facility pursuant to 53-21-182 or 53-21-183 is commenced by the filing of a written petition in any district court by the county attorney, the professional person in charge of the patient's case, or the patient's next of kin. Upon the filing of a petition under this subsection, the clerk of court shall notify each district court that committed the patient for the period of the patient's present hospitalization under 53-21-127 or 53-21-128 and request that the file of the earlier proceeding or proceedings be forwarded to the clerk. The file or files must be promptly forwarded.

(2) The patient has the rights set forth in 53-21-115 in a proceeding under this section.

(3) The petition must state:

(a) the patient's name and last-known address;

(b) the name and address of the patient's spouse, next of kin, attorney, or the friend of respondent appointed by the court, if any and if this information is reasonably ascertainable;

(c) that the patient has been determined by the district court to be suffering from a mental disorder and requiring commitment within the meaning of this part and is presently under a valid order of commitment pursuant to 53-21-127 or 53-21-128;

(d) a simple and precise statement of the facts showing that the patient has violated a condition of the release, that the violation has caused a deterioration of the patient's mental disorder, and that as a result of this deterioration, the patient can no longer be appropriately served by outpatient care; and

(e) a statement of the rights of the respondent, including those set forth in 53-21-115, which must be in conspicuous print and identified by a suitable heading.

(4) The petition must be filed with the clerk of court, who shall immediately notify the judge.

(5) The judge shall issue notice of the time and place of the hearing on the petition. The hearing must be held no more than 5 days after the date that the petition is filed, including weekends and holidays, unless the fifth day falls upon a weekend or holiday or unless additional time is requested by the patient. Further, the judge shall ensure that the notice and copy of the petition are immediately hand-delivered to the patient, to the patient's friend of respondent, if any, and to the patient's counsel.

53-21-197. Hearing on rehospitalization petition — revocation of conditional release. (1) The court may order that the patient's conditional release status be revoked and that the patient be returned to the mental health facility from which the patient was conditionally released or be sent to another appropriate inpatient mental health facility if, after a hearing, the court finds by clear and convincing evidence that:

(a) the conditionally released patient has been determined by the district court to be suffering from a mental disorder and requiring commitment and is presently under a valid order of commitment pursuant to 53-21-127 or 53-21-128; and

(b) the conditionally released patient has violated a condition of the release, that the violation has caused a deterioration of the patient's mental condition, and that as a result of this deterioration, the patient can no longer be appropriately served by outpatient care.

(2) A revocation of the patient's conditional release status under subsection (1) must be based on the testimony of the professional person responsible for the patient's case.

(3) If the court revokes the patient's conditional release status pursuant to subsection (1), a treatment plan must be updated or a new plan prepared for the patient as required by and within the time set forth in 53-21-162.

(4) Except as provided in 53-21-198, an order revoking the patient's conditional release status may not order hospitalization or impose other conditions of release that extend beyond the expiration date of the order committing the patient under 53-21-127 or 53-21-128.

1997 Amendment: Chapter 490 in (1)(a), near middle after "court to be", substituted "suffering from a mental disorder and requiring commitment" for "seriously mentally ill"; and made minor changes in style. Amendment effective July 1, 1997.

53-21-198. Extension of conditions of release — hearing. (1) Conditions of release may be extended by the district court beyond the expiration date of the order committing the patient under 53-21-127 or 53-21-128, but in no case for longer than 2 years beyond that date, upon a showing by clear and convincing evidence that:

(a) continuation of the conditions of release is necessary to prevent the deterioration of the patient's mental disorder; and

(b) the deterioration will predictably result in the necessity of further inpatient care for the patient. Predictability may be established by the patient's medical history.

(2) Not less than 2 calendar weeks prior to the end of the period of detention ordered under 53-21-127 or 53-21-128 or the period of extension ordered under subsection (5) of this section, the professional person responsible for the patient's case may petition the court for extension of the conditions of release. The petition must be accompanied by a written report and evaluation of the patient's mental and physical condition. The report must describe any

tests and evaluation devices that have been employed in evaluating the patient, the course of treatment that has been undertaken for the patient, and the future course of treatment anticipated by the professional person.

(3) Upon the filing of the petition, the court shall give written notice of the filing of the petition to the patient, the patient's next of kin, if reasonably available, the friend of respondent appointed by the court, if any, and the patient's counsel. If any person notified requests a hearing prior to the end of the period of detention ordered under 53-21-127 or 53-21-128, the court shall immediately set a time and place for a hearing on a date not more than 10 days from the receipt of the request and notify the same people, including the professional person in charge of the patient. If a hearing is not requested, the court shall enter an order extending the conditions of release for a period not to exceed 6 months.

(4) Procedure on the petition for extension is the same in all respects as the procedure for hearing on a rehospitalization petition pursuant to 53-21-197. However, in an extension proceeding, the finding required is that set forth in subsection (1) of this section. The hearing must be held in the district court for the county in which the patient is residing. Court costs and witness fees, if any, must be paid by the county that paid the same costs in the initial commitment proceeding.

(5) If upon the hearing the court finds that the showing required by subsection (1) has not been made, the conditions of release may not be extended. If the court finds that the required showing has been made, the court may extend the conditions of release as recommended by the professional person. In its order, the court shall describe what alternatives for treatment of the patient are available, what alternatives were investigated, and why the investigated alternatives were not considered suitable. The court may not order continuation of an alternative that does not include a comprehensive, individualized plan of treatment for the patient, as required by 53-21-162. A court order for the continuation of an alternative must include a specific finding that a comprehensive, individualized plan of treatment exists.

(6) Further extensions may be obtained under the same procedure described in this section. However, the patient's custody may not be affected for more than 1 year without a renewal of the extension under the procedures set forth in this section, including a hearing and a statement of the findings required by subsection (5). Extensions under this subsection may not extend the 2-year extension limitation provided in subsection (1).

Part 2

Community Mental Health Centers

53-21-201. Definitions. As used in this part, the following definitions apply:

(1) "Community mental health center" means a facility, not necessarily encompassed within one building, that is licensed by the department of public

health and human services as a mental health center, as defined in 50-5-101, and that offers comprehensive mental health services that include at least the following services to the public:

(a) outpatient services, including specialized outpatient services for children, the elderly, individuals who have serious mental illness, and residents of its service area who have been discharged from inpatient treatment at a mental health facility;

(b) 24-hour-a-day emergency care services;

(c) day treatment or other partial hospitalization services or psychosocial rehabilitation services;

(d) screening for patients being considered for admission to state mental health facilities to determine the appropriateness of admission; and

(e) consultation and education in mental health.

(2) "Department" means the department of public health and human services.

History: En. 80-2801 by Sec. 1, Ch. 509, L. 1975; R.C.M. 1947, 80-2801; amd. Sec. 1, Ch. 262, L. 1991; amd. Sec. 1, Ch. 312, L. 1991; amd. Sec. 168, Ch. 418, L. 1995; amd. Sec. 492, Ch. 546, L. 1995.

53-21-202. Duties of department. The department shall:

(1) take cognizance of matters affecting the mental health of the citizens of the state;

(2) initiate mental health care and treatment, prevention, and research as can best be accomplished by community-centered services. The means must be utilized to initiate and operate these services in cooperation with local agencies as established under this part.

(3) collect and disseminate information relating to mental health;

(4) prepare and maintain a comprehensive plan for the development of public mental health services in the state;

(5) receive from agencies of the United States and other state agencies, persons or groups of persons, associations, firms, or corporations grants of money, receipts from fees, gifts, supplies, materials, and contributions for the development of mental health services within the state;

(6) establish standards for mental health programs that receive funds from the department;

(7) evaluate performance of programs that receive funds from the department in compliance with federal and state standards; and

(8) coordinate state and community resources to ensure comprehensive delivery of services to children with emotional disturbances and submit at least a biennial report to the governor and the legislature concerning the activities and recommendations of the department and service providers.

History: En. 80-2802 by Sec. 2, Ch. 509, L. 1975; amd. Sec. 52, Ch. 37, L. 1977; R.C.M. 1947, 80-2802; amd. Sec. 19, Ch. 361, L. 1983; amd. Sec. 2, Ch. 312, L. 1991; amd. Sec. 12, Ch. 579, L. 1993; amd. Sec. 493, Ch. 546, L. 1995; amd. Sec. 15, Ch. 171, L. 1997.

1997 Amendment: Chapter 171 deleted (9) that read: "(9) appoint an advisory council to make recommendations to the department regarding services for emotionally disturbed children. The members of the advisory council shall serve without compensation and must include but not be limited to a representative of:

(a) the department;

(b) the office of public instruction;

(c) a youth court;

(d) parents of emotionally disturbed children; and

(e) service provider groups"; and made minor changes in style.

53-21-203. Departmental contracts with mental health corporations. The department may enter into contracts with regional mental health corporations for the purposes of the prevention, diagnosis, and treatment of mental illness. Under rules adopted by the department, mental health corporations may be provided for directly by state agencies or indirectly through contract or cooperative arrangements with other agencies of government, regional or local, private or public agencies, private professional persons, or hospitals.

History: En. 80-2803 by Sec. 3, Ch. 509, L. 1975; R.C.M. 1947, 80-2803; amd. Sec. 20, Ch. 361, L. 1983; amd. Sec. 1, Ch. 124, L. 1985.

Cross-References

53-21-204. Mental health corporations. (1) Mental health regions must be established in the state mental health plan and must conform to the mental health regions as established in the state mental health construction plan promulgated by the department under the federal Community Mental Health Centers Act.

(2) The mental health regions must be established under Title 35, chapter 2. Upon incorporation, a mental health region may enter into contracts with the department in order to carry out the department's comprehensive plan for mental health. These nonprofit corporations may not be considered agencies of the department or the state of Montana. However, they may retain and enter into retirement programs as established under Title 19, chapter 3.

(3) Upon the establishment of the mental health regions, the county commissioners in each of the counties in the region designated as participating counties pursuant to subsection (8) shall appoint a person from their respective county to serve as a representative of the county on the regional mental health corporation board. In addition, unless the groups in subsections (3)(a) and (3)(b) are already represented, the board consists of three members-at-large who must be chosen according to the corporate bylaws, as follows:

(a) Two members must be chosen, one from each of the following groups:

(i) persons with severe and disabling mental illnesses; and

(ii) family members of persons with severe and disabling mental illnesses.

(b) One person must be chosen from among the following four groups:

(i) parents of children with emotional disturbances;

(ii) advocates of mental health services for the elderly;

(iii) health care professionals; or

(iv) organizations that provide community support services, such as food, housing, and clothing, to persons with severe and disabling mental illnesses.

(4) This section does not prohibit a regional mental health corporation from voluntarily expanding its board membership to include members-at-large, appointed by the board, from any of the groups described in subsections (3)(a) and (3)(b).

(5) The board must be established under guidelines adopted by the bylaws of the corporation. All appointments to the board must be for terms of 2 years, and the department must be notified in writing of all appointments.

(6) The duties of an organized regional mental health corporation board include:

(a) annual review and evaluation of mental health needs and services within the region;

(b) preparation and submission to the department and to each of the counties in the region of plans and budget proposals to provide and support mental health services within the region;

(c) establishment of a recommended proportionate level of financial participation of each of the counties within the region in the provision of mental health services within the limits of this section;

(d) receipt and administration of money and other support made available for the purposes of providing mental health services by the participating agencies, including grants from the United States government and other agencies, receipts for established fees for services rendered, taxes, gifts, donations, and any other type of support or income. All funds received by the board in accordance with this part must be used to carry out the purposes of this part.

(e) supervision of appropriate administrative staff personnel of the operation of community mental health services within the region;

(f) keeping all records of the board and making reports required by the department.

(7) Regional mental health board members must be reimbursed from funds of the board for actual and necessary expenses incurred in attending meetings and in the discharge of board duties when assigned by the board.

(8) Prior to June 10 of each year, the board of mental health shall submit to the board of county commissioners of each of the counties within the constituted mental health region an annual budget, specifying each county's recommended proportionate share. If the board of county commissioners includes in the county budget the county's proportionate share of the regional board's budget, it must be designated as a participating county. Funds for each participating county's proportionate share for the operation of mental health services within the region must be derived from the county's general fund. If the general fund is insufficient to meet the approved budget, a levy not to exceed 1 mill may be made on the taxable valuation of the county in addition to all other taxes allowed by law to be levied on that property.

(9) The regional board of mental health, with the approval of the department, shall establish a schedule of fees for mental health services. The fees may be received by the board and used to implement the budget in accordance with subsection (6)(d).

53-21-211. Purpose. The purpose of 53-21-211 through 53-21-214 is to:

(1) eliminate unnecessary duplication and overlapping of review and inspection of community mental health centers by multiple state agencies;

(2) improve the efficiency and minimize the cost of necessary state review and announced inspection of community mental health centers; and

(3) reduce the inconvenience and cost to community mental health centers of review and inspection by separate state agencies.

History: En. Sec. 1, Ch. 619, L. 1989.

53-21-212. Definition. As used in 53-21-211 through 53-21-214, the term "state agency" means:

(1) the department of public health and human services provided for in 2-15-2201;

and

(2) the mental disabilities board of visitors provided for in 2-15-211.

53-21-213. Joint review and inspection. Each state agency shall, if possible and practical, participate in joint review and inspection of community mental health centers. All joint announced onsite review and inspection activities of state agencies must be coordinated by function so that similar review and inspection activities of each state agency are conducted at one time.

History: En. Sec. 3, Ch. 619, L. 1989.

53-21-214. Authorization for employees to perform functions of other state agency. Each state agency may enter into an interagency agreement with other state agencies to authorize its employees to conduct specific review and inspection of community mental health centers under the jurisdiction of another state agency. Prior to authorizing employees of another state agency to conduct review and inspection under its jurisdiction, each state agency may require minimum standards of knowledge and training relevant to the type of activity to be conducted.

Community-Based Nursing Homes
Montana Mental Health Nursing Care Center

53-21-401. Legislative intent. (1) It is the intent of the legislature that geriatric patients at the Montana state hospital and geriatric residents of the state who may in the future be placed at the Montana state hospital and who do not need intensive psychiatric care receive care and treatment in nursing homes located in community settings.

(2) It is the further intent of the legislature that nursing homes providing such care and treatment be located regionally so that the residents may be near their homes and families.

(3) It is the further intent of the legislature that these nursing homes shall be located in communities with:

(a) a labor pool large enough to ensure adequate and qualified staffing;

(b) sufficient medical facilities and medical professionals to provide necessary medical services; and

(c) if possible, an institution or institutions of higher learning with educational programs in disciplines with relevance to the problems of aging.

History: En. 80-2413 by Sec. 1, Ch. 523, L. 1975; R.C.M. 1947, 80-2413; amd. Sec. 21, Ch. 361, L. 1983.

53-21-402. Powers and duties of department of public health and human services. The department of public health and human services:

(1) shall contract with nonprofit corporations which demonstrate expertise in and the capability of providing rehabilitative and restorative programs for aged citizens for the operation and management of nursing homes established under this part;

(2) shall ensure that nursing homes established and operated under this part are in compliance with all applicable federal and state regulations;

(3) shall adopt rules for staffing requirements and the admission of patients;

(4) shall provide that geriatric residents of the Montana state hospital have first priority for admission to nursing homes established under this part;

(5) may accept grants, gifts, bequests, and contributions in money or property or any other form from individuals, corporations, associations, or federal, state, and local government agencies for the purposes of establishing and operating nursing homes under this part.

53-21-413. Discharge and transfer of patients. (1) The superintendent of the Montana mental health nursing care center may authorize the discharge of a patient residing at the center according to rules adopted by the department of public health and human services. Rules adopted by the department governing discharge from the center must be consistent with 53-21-111, 53-21-181, and 53-21-183.

(2) A patient in the center who requires the intensity of treatment available at the Montana state hospital may be transferred to the Montana state hospital if the patient is subject to an involuntary commitment. The department shall notify the patient, the patient's next of kin, and the mental disabilities board of visitors at least 15 days before the transfer. If a person or entity notified by the department objects to the transfer, the person or entity may petition the district court for a hearing to review whether the transfer is necessary and appropriate to meet the needs of the patient. The notice required by this subsection must include notification of the right to petition the district court pursuant to this subsection. Transfer to nonstate facilities, 53-21-133.

53-22-101. Enactment of compact. The Interstate Compact on Mental Health as contained herein is hereby enacted into law and entered into by this state with all other jurisdictions legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

Article I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

Article II

As used in this compact:

(1) "sending state" means a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent;

(2) "receiving state" means a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent;

(3) "institution" means any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency;

(4) "patient" means any person subject to or eligible, as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact;

(5) "aftercare" means care, treatment, and services provided a patient, as defined herein, on convalescent status or conditional release;

(6) "mental illness" means mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, the welfare of others, or of the community;

(7) "mental deficiency" means mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of

managing himself and his affairs but shall not include mental illness as defined herein; and

(8) "state" means any state, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

Article III

(1) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement, or citizenship qualifications.

(2) The provisions of subsection (1) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this subsection shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(3) No state shall be obliged to receive any patient pursuant to the provisions of subsection (2) of this article unless the sending state gives advance notice of its intention to send the patient, furnishes all available medical and other pertinent records concerning the patient, gives the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish, and unless the receiving state agrees to accept the patient.

(4) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(5) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

Article IV

(1) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive aftercare or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that aftercare in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such aftercare in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose

charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(2) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby and if the public safety would not be jeopardized thereby, the patient may receive aftercare or supervision in the receiving state.

(3) In supervising, treating, or caring for a patient on aftercare pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

Article V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escapee in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

Article VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact without interference.

Article VII

(1) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(2) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific arrangement for that purpose, arrange for a different allocation of costs as among themselves.

(3) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies, and officers of and in the government of a party state or between a party state and its subdivisions as to the payment of costs or responsibilities therefor.

(4) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency, or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(5) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care, or treatment of the mentally ill or mentally deficient or any statutory authority pursuant to which such agreements may be made.

Article VIII

(1) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that, where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall, upon being duly advised of the new appointment and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances. In the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(2) The term "guardian" as used in subsection (1) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

Article IX

(1) No provisions of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(2) To every extent possible it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail, or lockup, but such patient shall with all expedition be taken to a suitable institutional facility for mental illness or mental deficiency.

Article X

(1) Each party state shall appoint a compact administrator who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of a sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(2) The compact administrators of the respective party states shall have power to promulgate reasonable rules to carry out more effectively the terms and provisions of this compact.

Article XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

Article XII

This compact shall enter into full force and effect as to any state when enacted by it into law, and such state shall thereafter be a party thereto with any and all states legally joining therein.

Article XIII

(1) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect 1 year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(2) Withdrawal from any agreement permitted by Article VII(2) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

Article XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

53-22-102. Compact administrator. The director of the department of public health and human services is the compact administrator and may make any rules necessary for the administration of the compact. The director shall cooperate with all departments, agencies, and officers of the state and any political subdivision thereof to facilitate the proper administration of the Interstate Compact on Mental Health or of any supplementary agreement or agreements entered into thereunder by this state.

History: En. Sec. 1, Ch. 112, L. 1971; amd. Sec. 48, Ch. 37, L. 1977; R.C.M. 1947, 80-2412 (Art. XIV(2)); amd. Sec. 1, Ch. 262, L. 1991; amd. Sec. 501, Ch. 546, L. 1995.

53-22-103. Supplementary agreements. The director may enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact.

History: En. Sec. 1, Ch. 112, L. 1971; amd. Sec. 48, Ch. 37, L. 1977; R.C.M. 1947, 80-2412 (Art. XIV(3)).

53-22-104. Annual budget. The department of public health and human services in its annual budget shall include amounts necessary to discharge the financial obligations incurred by it to carry out the purposes of the Interstate Compact on Mental Health, and the legislature shall appropriate sums necessary for carrying out the purposes of the compact.

History: En. Sec. 1, Ch. 112, L. 1971; amd. Sec. 48, Ch. 37, L. 1977; R.C.M. 1947, 80-2412 (Art. XIV(4)); amd. Sec. 1, Ch. 262, L. 1991; amd. Sec. 502, Ch. 546, L. 1995.

53-22-105. Court review. The compact administrator is hereby directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to make no transfer out of the state without approval of the district or probate court. Before granting such approval, the court shall hold such hearings as it considers appropriate. In addition, the court shall designate some appropriate person to deliver written notice of the proposed transferee's right to a hearing to the proposed transferee and his guardian ad litem. The person serving such notices shall make a written return to the court that such has been done. At the conclusion of such hearing, if any, the court may approve the proposed transfer, order the release of the proposed transferee, or enter any other suitable order.

History: En. Sec. 1, Ch. 112, L. 1971; amd. Sec. 48, Ch. 37, L. 1977; R.C.M. 1947, 80-2412 (Art. XIV(5)).

53-22-106. Authenticated copies. Duly authenticated copies of the compact shall, upon its approval, be transmitted by the secretary of state to the governor of each state, the attorney general, and the secretary of state of the United States and the Council of State Governments.

History: En. Sec. 1, Ch. 112, L. 1971; amd. Sec. 48, Ch. 37, L. 1977; R.C.M. 1947, 80-2412 (Art. XIV(6)).

General Provisions

53-24-101. Legislative purpose. It is the purpose of this chapter and the policy of this state to recognize chemical dependency as a problem affecting the health, safety, morals, economy, and general welfare of this state; to recognize chemical dependency as a problem subject to treatment; and to recognize the sufferer of chemical dependency as worthy of treatment and rehabilitation. It is the intent of this chapter to establish means whereby the appropriate resources of this state may be focused fully and effectively upon the problem of chemical dependency and utilized in implementing programs for the control and treatment of this problem.

53-24-103. Definitions. For purposes of this chapter, the following definitions apply:

(1) "Alcoholic" means a person who has a chronic illness or disorder of behavior characterized by repeated drinking of alcoholic beverages to the extent that it endangers the health, interpersonal relationships, or economic function of the individual or public health, welfare, or safety.

(2) "Approved private treatment facility" means a private agency that has as its function the treatment, rehabilitation, and prevention of chemical dependency, that meets the standards prescribed in 53-24-208(1), and that is approved under 53-24-208.

(3) "Approved public treatment facility" means:

(a) a treatment agency operating under the direction and control of the department as a state agency and approved under 53-24-208; or

(b) a treatment agency operating under the direction and control of a local government and approved under 53-24-208.

(4) "Chemical dependency" means the use of any chemical substance, legal or illegal, that creates behavioral or health problems, or both, resulting in operational impairment. This term includes alcoholism, drug dependency, or both, that endanger the health, interpersonal relationships, or economic functions of an individual or the public health, welfare, or safety.

(5) "Commission on accreditation of rehabilitation facilities" means the organization nationally recognized by that name that surveys rehabilitation facilities upon their requests and grants accreditation status to a rehabilitation facility that it finds meets its standards and requirements.

(6) "Department" means the department of public health and human services provided for in 2-15-2201.

(7) "Family member" is the spouse, mother, father, child, or member of the household of a chemically dependent person whose life has been affected by the actions of the chemically dependent person and who may require treatment.

(8) "Incapacitated by alcohol" means that a person, as a result of the use of alcohol, is unconscious or has judgment otherwise so impaired that the person is incapable of realizing and making a rational decision with respect to a need for treatment.

(9) "Incompetent person" means a person who has been adjudged incompetent by the district court.

(10) "Intoxicated person" means a person whose mental or physical functioning is substantially impaired as a result of the use of alcohol.

(11) "Prevention" has meaning on four levels; these are:

(a) education to provide information to the school children and general public relating to chemical dependency treatment and rehabilitative services and to reduce the consequences of life experiences acquired by contact with a chemically dependent person;

(b) early detection and recovery from the illness before lasting emotional or physical damage, or both, have occurred;

(c) if lasting emotional or physical damage, or both, have occurred, to arrest the illness before full disability has been reached;

(d) the provision of facility requirements to meet division program standards and improve public accessibility for services.

(12) "Rehabilitation facility" means a facility that is operated for the primary purpose of assisting in the rehabilitation of disabled individuals by providing comprehensive medical evaluations and services, psychological and social services, or vocational evaluation and training or any combination of these services and in which the major portion of the services is furnished within the facility.

(13) "Treatment" means the broad range of emergency, outpatient, intermediate, and inpatient services and care, including diagnostic evaluation, medical, psychiatric, psychological, and social service care, vocational rehabilitation, and career counseling, which may be extended to chemically dependent persons, intoxicated persons, and family members.

53-24-108. Use of funds generated by taxation on alcoholic beverages. (1) Revenue generated by 16-1-404, 16-1-406, and 16-1-411 to state-approved private, nonprofit or public programs whose function is the treatment, rehabilitation, and prevention of alcoholism may be distributed in either of the following manners:

(a) as payment of fees for alcoholism services provided by state-approved private, nonprofit or public alcoholism programs and licensed hospitals for detoxification services; or

(b) as grants to state-approved private, nonprofit or public alcoholism programs.

(2) State-approved private chemical programs organized for profit are not eligible for revenue generated by 16-1-404, 16-1-406, and 16-1-411.

(3) A person operating a state-approved alcoholism program may not be required to provide matching funds as a condition of receiving a grant under subsection (1).

(4) In addition to funding received under this section, a person operating a state-approved alcoholism program may accept gifts, bequests, or the donation of services or money for the treatment, rehabilitation, or prevention of alcoholism.

(5) A person receiving funding under this section to support operation of a state-approved alcoholism program may not refuse alcoholism treatment, rehabilitation, or prevention services to a person solely because of that person's inability to pay for those services.

(6) A grant made under this section is subject to the following conditions:

(a) The grant application must contain an estimate of all program income, including income from earned fees, gifts, bequests, donations, and grants from other than state sources during the period for which grant support is sought.

(b) Whenever, during the period of grant support, program income exceeds the amount estimated in the grant application, the amount of the excess must be reported to the grantor.

(c) The excess must be used by the grantee under the terms of the grant in accordance with one or a combination of the following options:

(i) use for any purpose that furthers the objectives of the legislation under which the grant was made; or

(ii) to allow program growth through the expansion of services or for capital expenditures necessary to improve facilities where services are provided.

(7) Revenue generated by 16-1-404, 16-1-406, and 16-1-411 for the treatment, rehabilitation, and prevention of alcoholism that has not been encumbered for those purposes by the counties of Montana or the department must be returned to the state special revenue fund for the treatment, rehabilitation, and prevention of alcoholism within 30 days after the close of each fiscal year and must be distributed by the department the following year as provided in 53-24-206(3)(b).

53-24-204. Powers and duties of department. (1) To carry out this chapter, the department may:

(a) accept gifts, grants, and donations of money and property from public and private sources;

(b) enter into contracts;

(c) acquire and dispose of property.

(2) The department shall:

(a) approve treatment facilities as provided for in 53-24-208;

(b) prepare a comprehensive long-term state chemical dependency plan every 4 years and update this plan each biennium;

(c) provide for and conduct statewide service system evaluations;

(d) distribute state and federal funds to the counties for approved treatment programs in accordance with the provisions of 53-24-206;

(e) plan in conjunction with approved programs and provide for training of program personnel delivering services to persons with a chemical dependency;

(f) establish criteria to be used for the development of new programs;

(g) encourage planning for the greatest utilization of funds by discouraging duplication of services, encouraging efficiency of services through existing programs, and encouraging rural counties to form multicounty districts or contract with urban programs for services;

(h) cooperate with the board of pardons and parole in establishing and conducting programs to provide treatment for intoxicated persons and persons with a chemical dependency in or on parole from penal institutions;

(i) establish standards for chemical dependency educational courses provided by state-approved treatment programs and approve or disapprove the courses; and

(j) assist all interested public agencies and private organizations in developing education and prevention programs for chemical dependency.

53-24-206. Administration of financial assistance. (1) The department may apply for and receive grants, allotments, or allocations of funds or other assistance for purposes pertaining to the problems of chemical dependency or related social problems under laws and rules of the United States, any other state, or any private organization.

(2) The department may cooperate with any other government agency or private organization in programs on chemical dependency or related social problems. In carrying out cooperative programs, the department may make grants of financial assistance to government agencies and private organizations under terms and conditions agreed upon.

(3) (a) In administering proceeds derived from the liquor license tax, the beer license tax, or the wine tax, the department shall distribute those funds appropriated by the legislature. Money that is appropriated for distribution to approved private, nonprofit or public programs on a discretionary basis shall be distributed to those programs that can demonstrate that:

(i) the program is achieving the goals and objectives mutually agreed upon by the program and the department; and

(ii) the receipt of additional funds would be justified.

(b) The remainder of the proceeds shall be distributed to the counties for use by approved private, nonprofit or public programs. The distribution of these proceeds is statutorily appropriated as provided in 17-7-502 and must be distributed in the following manner:

(i) Eighty-five percent shall be allocated according to the proportion of each county's population to the state's population according to the most recent United States census.

(ii) Fifteen percent shall be allocated according to the proportion of the county's land area to the state's land area.

(c) Money distributed under subsection (3) may only be used for purposes pertaining to the problems of alcoholism.

53-24-207. Comprehensive program for treatment. (1) The department shall establish a comprehensive and coordinated program for the treatment of chemically dependent persons, intoxicated persons, and family members.

(2) The program must include:

(a) emergency treatment provided by a facility affiliated with or part of the medical service of a general hospital;

(b) inpatient treatment;

(c) intermediate treatment;

(d) outpatient treatment; and

(e) followup services.

(3) The department shall provide for adequate and appropriate treatment for alcoholics and intoxicated persons admitted under 53-24-301 through 53-24-303.

(4) All appropriate public and private resources must be coordinated with and used in the program if possible.

(5) The department shall prepare, publish, and distribute annually a list of all approved public and private treatment facilities.

History: En. 69-6215 by Sec. 5, Ch. 302, L. 1974; Sec. 69-6215, R.C.M. 1947; redes. 80-2712 by Sec. 6, Ch. 280, L. 1975; amd. Sec. 3, Ch. 414, L. 1977; R.C.M. 1947, 80-2712; amd. Sec. 5, Ch. 711, L. 1979; amd. Sec. 6, Ch. 406, L. 1983; amd. Sec. 3, Ch. 165, L. 1995.

53-24-208. Facility standards. (1) The department shall establish standards for approved treatment facilities that must be met for a treatment facility to be approved as a public or private treatment facility and fix the fees to be charged for the required inspections. The standards must be adopted by rule and may concern the health standards to be met and standards for the approval of treatment programs for patients.

(2) Facilities applying for approval shall demonstrate that a local need currently exists for proposed services and that the proposed services do not duplicate existing local services.

(3) The department shall periodically inspect approved public and private treatment facilities at reasonable times and in a reasonable manner.

(4) The department shall maintain a list of approved public and private treatment facilities.

(5) Each approved public or private treatment facility shall, on request, file with the department data, statistics, schedules, and information that the department reasonably requires. An approved public or private treatment facility that without good cause fails to furnish any data, statistics, schedules, or information as requested or files fraudulent returns of the requested material must be removed from the list of approved treatment facilities.

(6) The department, after holding a hearing in accordance with the Montana Administrative Procedure Act, may suspend, revoke, limit, or restrict an approval or refuse to grant an approval for failure to meet its standards.

(7) A district court may restrain any violation of this section, review any denial, restriction, or revocation of approval, and grant other relief required to enforce its provisions.

(8) Upon petition of the department and after a hearing held upon reasonable notice to the facility, a district court may issue a warrant to the department authorizing it to enter and inspect at reasonable times and examine the books and accounts of any approved public or private treatment facility that refuses to consent to inspection or examination by the department or that the department has reasonable cause to believe is operating in violation of this chapter.

(9) If a rehabilitation facility otherwise meets the requirements of subsection (2), the department may consider as eligible for approval during the accreditation period any rehabilitation facility that furnishes written evidence, including the recommendation for future compliance statements, of accreditation of its programs by the commission on accreditation of rehabilitation facilities. The department may, but is not required to, inspect a facility considered eligible for approval under this section to ensure compliance with state approval standards.

53-24-209. Rules for acceptance for treatment. The department shall adopt rules for acceptance of persons into the treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of chemically dependent persons, intoxicated persons, and family members. In adopting the rules, the department must be guided by the following standards:

(1) If possible, a patient must be treated on a voluntary rather than an involuntary basis.

(2) A patient must be initially assigned or transferred to outpatient treatment unless found to require inpatient treatment.

(3) An individualized treatment plan must be prepared and maintained on a current basis for each person.

(4) Provision must be made for a continuum of coordinated treatment services so that a person who leaves a facility or a form of treatment will have available and use other appropriate treatment.

53-24-211. County plan to be submitted to department. (1) Every 4 years each county shall submit to the department a comprehensive countywide plan for the treatment, rehabilitation, and prevention of chemical dependency. Each county shall also submit annual plan updates that include, at a minimum, allocation to approved programs of revenues generated by taxation on alcoholic beverages.

(2) The plan must have been approved by the board of county commissioners and must contain information regarding existing private and public chemical dependency programs within the county. The plan must also contain information regarding the current and future needs of the county for the treatment, rehabilitation, and prevention of chemical dependency.

(3) The department shall approve or disapprove the countywide plan and annual updates. If the department disapproves a plan or update, the county may submit another plan or update to the department. In distributing funds to approved programs in a county, the department shall give consideration to the county plan.

(4) The department may adopt rules regarding the submission, submission dates, updates, approval, and disapproval of plans and the use of plans by the department in determining the needs of the county for the treatment, rehabilitation, and prevention of chemical dependency. No money

may be distributed to a county by the department for the treatment, rehabilitation, and prevention of chemical dependency if the county does not comply with these rules.

Part 3

Treatment of Alcoholics and Intoxicated Persons

53-24-301. Treatment of the chemically dependent. (1) An applicant for voluntary admission or court-referred admission to an approved public treatment facility shall obtain confirmation from a certified chemical dependency counselor that the applicant is chemically dependent and appropriate for inpatient, freestanding care as described in the administrative rules. The department shall adopt rules to establish policies and procedures governing assessment, patient placement, confirmation, and admission to an approved public treatment facility. If the proposed patient is a minor or an incompetent person, the proposed patient, a parent, legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the department, the administrator of an approved public treatment facility may determine who is admitted for treatment. If a person is refused admission to an approved public treatment facility, the administrator, subject to departmental rules, shall refer the person to an approved private treatment facility for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved public treatment facility, the patient must be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the administrator of the treatment facility that the patient is chemically dependent and requires help, the department shall arrange for assistance in obtaining supportive services and residential facilities.

(4) If a patient leaves an approved public treatment facility, with or against the advice of the administrator of the facility, the department shall make reasonable provisions for the patient's transportation to another facility or to the patient's home. If the patient has no home, the patient must be assisted in obtaining shelter. If the patient is a minor or an incompetent person, the request for discharge from an inpatient facility must be made by a parent, legal guardian, or other legal representative or by the minor or incompetent, if the minor or incompetent person was the original applicant.

53-24-302. Involuntary commitment of alcoholics. (1) A person may be committed to the custody of the department by the district court upon the petition of the person's spouse or guardian, a relative, the certifying physician, or the chief of any approved public treatment facility. The petition must allege that the person is an alcoholic who habitually lacks self-control as to the use of alcoholic beverages and that the person has threatened, attempted, or inflicted physical harm on another and that unless committed is likely to inflict physical harm on another or is incapacitated by alcohol. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition must be accompanied by a certificate of a licensed physician who has examined the person within 2 days before submission of the petition unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal must be alleged in the petition. The certificate must set forth the physician's findings in support of the allegations of the petition. A physician employed by the admitting facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no later than 10 days after the date the petition was filed. A copy of the petition and of the notice of the hearing, including the date fixed by the court, must be served on the petitioner, the person whose commitment is sought, the person's next of kin other than the petitioner, a parent or the person's legal guardian if the person is a minor, the administrator in charge of the approved public treatment facility to which the person has been committed for emergency care, and any other person the court believes advisable. A copy of the petition and certificate must be delivered to each person notified.

(3) At the hearing, the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person has a right to have a licensed physician of the person's own choosing conduct an examination and testify on the person's behalf. If the person has no funds with which to pay the physician, the reasonable costs of one examination and testimony must be paid by the county. The person must be present unless the court believes that the person's presence is likely to be injurious to the person. The person must be advised of the right to counsel, and if the person is unable to hire counsel, the court shall appoint an attorney to represent the person at the expense of the county. The court shall examine the person in open court or, if advisable, shall examine the person in chambers. If the person refuses an examination by a licensed physician and there is sufficient evidence to believe that the allegations of the petition are true or if the court believes that more medical evidence is necessary, the court may make a temporary order committing the person to the department for a period of not more than 5 days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination by the department, the court finds that grounds for involuntary commitment have been established by clear and convincing evidence, it shall make an order of commitment to the department. The court may not order commitment of a person unless it determines that the department is able to provide adequate and appropriate treatment for the person and that the treatment is likely to be beneficial.

(5) A person committed under this section must remain in the custody of the department for treatment for a period of 40 days unless sooner discharged. At the end of the 40-day period, the person must automatically be discharged unless before expiration of the period the department obtains a court order from the district court of the committing district for the person's recommitment upon the grounds set forth in subsection (1) for a further period of 90 days unless sooner discharged. If a person has been committed because the person is an alcoholic likely to inflict physical harm on another, the department shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) who has not been discharged by the department before the end of the 90-day period must be discharged at the expiration of that period unless before expiration of the period the department obtains a court order from the district court of the committing district on the grounds set forth in subsection (1) for recommitment for a further period not to exceed 90 days. If a person has been committed because the person is an alcoholic likely to inflict physical harm on another, the department shall apply for recommitment if after examination it is determined that the likelihood still exists. Only two recommitment orders under subsections (5) and (6) are permitted.

(7) Upon the filing of a petition for recommitment under subsection (5) or (6), the court shall fix a date for hearing no later than 10 days after the date the petition was filed. A copy of the petition and of the notice of hearing, including the date fixed by the court, must be served on the petitioner, the person whose commitment is sought, the person's next of kin other than the petitioner, the original petitioner under subsection (1) if different from the petitioner for recommitment, one of the person's parents or the person's legal guardian if the person is a minor, and any other person the court believes advisable. At the hearing, the court shall proceed as provided in subsection (3).

(8) A person committed to the custody of the department for treatment must be discharged at any time before the end of the period for which the person has been committed if either of the following conditions is met:

(a) in case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon another, that the person is no longer in need of treatment or the likelihood no longer exists; or

(b) in case of an alcoholic committed on the grounds of incapacity and the need of treatment, that the incapacity no longer exists, further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(9) The court shall inform the person whose commitment or recommitment is sought of the person's right to contest the application, be represented by counsel at every stage of any proceedings relating to the

person's commitment and recommitment, and have counsel appointed by the court or provided by the court if the person wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for the person regardless of the person's wishes. The person whose commitment or recommitment is sought must be informed of the right to be examined by a licensed physician of the person's choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) If a private treatment facility agrees with the request of a competent patient or the patient's parent, sibling, adult child, or guardian to accept the patient for treatment, the department may transfer the patient to the private treatment facility.

(11) A person committed under this section may at any time seek to be discharged from commitment by writ of habeas corpus or other appropriate means.

(12) The venue for proceedings under this section is the place in which the person to be committed resides or is present.

(1) A person who appears to be intoxicated in a public place and to be in need of help may be assisted to the person's home, an approved private treatment facility, or other health facility by the police, if the person consents to an offer for help.

(2) A person who appears to be incapacitated by alcohol must be taken into protective custody by the police and must be taken to an emergency medical service customarily used for incapacitated persons. The police, in detaining the person, are taking the person into protective custody and shall make every reasonable effort to protect the person's health and safety. In taking the person into protective custody, the detaining officer may take reasonable steps for the officer's own protection. An entry or other record may not be made to indicate that the person taken into custody under this section has been arrested or charged with a crime.

Part Cross-References

Sentences for certain offenses committed in state prison, 46-18-220.

53-30-101. Location and function of prisons — definitions. (1) The correctional facility at Deer Lodge is the Montana state prison and its primary function is to provide for the custody, treatment, training, and rehabilitation of adult male criminal offenders. The custody, treatment, training, and rehabilitation of adult male offenders may also occur at a correctional facility in another jurisdiction pursuant to an agreement as provided in 53-30-106.

(2) The correctional facility located in Billings is the Montana women's prison, and its primary function is to provide for the custody, treatment, training, and rehabilitation of adult female criminal offenders.

(3) As used in this title, unless the context indicates otherwise, the following definitions apply:

(a) "Montana prison" means:

(i) the Montana state prison;

(ii) the Montana women's prison;

(iii) a Montana regional correctional facility;

(iv) a detention center in another jurisdiction detaining inmates from Montana pursuant to 53-30-106; or

(v) a combination of the facilities listed in this subsection (3)(a).

(b) "Montana state prison" means:

(i) the correctional facility located at Deer Lodge;

(ii) a Montana regional correctional facility; or

(iii) a detention center in another jurisdiction detaining inmates from Montana pursuant to 53-30-106.

(c) "Montana women's prison" or "women's prison" means:

(i) the correctional facility located at Billings;

(ii) a Montana regional correctional facility; or

(iii) a detention center in another jurisdiction detaining inmates from Montana pursuant to 53-30-106.

53-30-106. Excessive inmate population — confinement of inmates in other institutions. (1) If the inmate population of a correctional institution or system exceeds the emergency capacity for 30 consecutive days, the director of the department of corrections may declare that the emergency capacity has been exceeded and temporarily stop admissions to the institution or system. The director shall notify each sheriff and district court that new inmates will not be accepted by the department for admission into the institution or system until the inmate population is reduced to 95% or less of the emergency capacity. Persons committed to the department and persons sought to be admitted remain in the department's legal custody but must be kept in a detention center in the jurisdiction holding them. In the event the jurisdiction holding the inmate is at maximum capacity, the inmate may be placed in an available detention center in another jurisdiction. The department shall reimburse that jurisdiction for the cost of detention for the period beyond the normal time of delivery to a correctional institution administered by the department. Reimbursement must be at a rate mutually agreeable to the department and the jurisdiction holding the person. The rate must cover the reasonable costs of the holding jurisdiction. Expenses for medication, medical services, or hospitalization for persons confined in a detention center under this section must be paid by the department.

(2) The department may enter into contracts with the federal government, other states, or the commissioners of counties that have suitable detention centers for confining inmates committed to a correctional institution or system

administered by the department, either because a correctional institution or system has exceeded its emergency capacity or because the department has no institution that is adequate for certain inmates.

(3) Within budgetary limits, the department may also enter into contracts with public or private corporations for the confinement of selected inmates if suitable programs have been established.

53-30-110. Expense of trial for offenses committed in prison. Whenever a trial of any person takes place under any of the provisions of 45-7-306 and whenever a prisoner in the state prison is tried for any crime committed in prison, the county clerk of the county where the trial is held shall make out a statement of all the costs incurred by the county for the trial of the case and of guarding and keeping the prisoner, properly certified by a district judge of the county. The statement must be sent to the department of corrections for its approval. After such approval, the department shall pay the costs out of the money appropriated for the support of the state prison to the county treasurer of the county where the trial was held.

Sec. 509, Ch. 546, L. 1995.

53-30-111. Clothing and money furnished on discharge or parole. The state prison shall furnish suitable clothing to a discharged or paroled inmate. An inmate discharged and delivered to the custody of the federal government or another state must receive $5. All other discharged or paroled inmates may receive "gate money" in an amount up to $100. The department of corrections may establish rules that allow it to deduct up to one-fourth of an inmate's wages earned under 53-30-132 and hold that money in a special account to be disbursed to the inmate when the inmate is discharged or paroled. This amount is in addition to the "gate money".

53-30-131. Prison industries training program — purpose and scope. (1) In addition to any correctional facility industry operated at the Montana state prison, the department of corrections shall conduct a prison industries training program.

(2) The purpose of the prison industries training program is to:

(a) provide innovative and progressive inmate reformation and rehabilitation possibilities by exposing inmates to worthwhile training;

(b) prepare inmates for release by providing industries at the prison that utilize their skills, thus providing experience beyond mere training, inculcating inmates with good production and work habits, and providing them with a means to earn money that will be available to them upon release.

(3) The prison industries training program consists of vocational training, on-the-job training, and production experience. The department may contract with public and private vocational education entities to provide this training.

(4) The program may provide training and experience involving cultivation, production, repair, construction, refurbishment, service, and related processes involving personal property, including but not limited to such items as crops, livestock, furniture, office and electrical equipment, and motor vehicles. The products and services, with the exception of livestock and agricultural products produced from the Montana state prison ranch and products or services of a federally certified prison industries program, may be provided only to state agencies, local government units, school districts, authorities, and other governmental entities.

(5) The department may donate surplus food grown or produced at the prison to local food banks, nonprofit organizations, and low-income persons.

History: En. Sec. 1, Ch. 3, Sp. L. 1982; amd. Sec. 1, Ch. 262, L. 1991; amd. Sec. 3, Ch. 471, L. 1993; amd. Sec. 511, Ch. 546, L. 1995; amd. Sec. 4, Ch. 315, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 315 in (1) substituted "correctional facility" for "institutional" and after "state prison" deleted "under Title 53, chapter 1, part 3"; and inserted (5) allowing the Department to donate surplus food grown or produced at the prison to local food banks, nonprofit organizations, and low-income persons. Amendment effective July 1, 1997.

53-30-132. Inmate participation and status in prison work programs — prison industries and vocational training program — wages and benefits. (1) The department of corrections may:

(a) establish prison industries that will result in the production or manufacture of products and the rendering of services that may be needed by any department or agency of the state or any political subdivision of the state, by any agency of the federal government, by any other states or their political subdivisions, or by nonprofit organizations and that will assist in the rehabilitation of inmates in institutions;

(b) obtain federal certification of specific prison industries programs in order to gain access to interstate markets for prison industries products;

(c) contract with private industry for the sale of goods or components manufactured or produced in shops under its jurisdiction and for the employment of inmates in federally certified prison industries programs;

(d) print catalogs describing goods manufactured or produced by prison industries and distribute the catalogs;

(e) fix the sale price for goods produced or manufactured by prison industries. Prices may not exceed prices existing in the open market for goods of comparable quality.

(f) require a correctional facility to purchase needed goods from other correctional facilities;

(g) provide for the repair and maintenance of property and equipment of institutions by inmates;

(h) provide for the removal of graffiti from property and equipment of institutions and the removal of litter from the property of institutions, public roads, and public parks by inmates;

(i) provide for construction projects, up to the aggregate sum of $200,000 for each project, performed by inmates. The department of administration may:

(i) exempt projects authorized by this subsection from the provisions of Title 18, chapter 2, relating to construction, public bidding, bonding, or contracts; and

(ii) exempt inmates who provide labor for those projects from the labor and wage requirements of Title 18, chapter 2, part 4. Inmates providing labor for projects under this subsection must be paid a rate of pay as provided in subsection (5).

(j) provide for the repair and maintenance by prison industries of furniture and equipment of any state agency;

(k) provide for the manufacture by prison industries of motor vehicle license plates and other related articles;

(l) sell manufactured or agricultural products and livestock on the open market;

(m) provide for the manufacture by prison industries of highway, road, and street marking signs for the use of the state or any of its political subdivisions, except when the manufacture of the signs is in violation of a collective bargaining contract;

(n) pay an inmate from receipts from the sale of products produced or manufactured or services rendered in a program in which the inmate is working;

(o) collect 15% of the net wages paid to an inmate employed in a federally certified prison industries program for deposit in the Montana crime victims compensation and assistance account established under 53-9-109; and

(p) collect from an inmate employed in a federally certified prison industries program charges for room and board consistent with charges established by the director for inmates assigned to prerelease centers.

(2) Except as provided in subsection (3), furniture made in the prison may be purchased by state agencies in accordance with the procurement provisions under Title 18, chapter 4. All other prison-made furniture may be sold only through licensed wholesale or retail furniture outlets or through export firms for sale to international markets.

(3) Any state institution, facility, or program operated by the department of corrections may purchase prison-made furniture without complying with the procurement provisions under Title 18, chapter 4.

(4) While engaged in on-the-job training and production, inmates not employed in a federally certified prison industries program may be paid a wage

in accordance with subsection (5). Inmates employed in a federally certified prison industries program must be paid as provided in subsection (5).

(5) (a) Except as provided for in subsection (5)(b), payment for the performance of work may be based on the following criteria:

(i) knowledge and skill;
(ii) attitude toward authority;
(iii) physical effort;
(iv) responsibility for equipment and materials; and
(v) regard for safety of others.

(b) The maximum rate of pay must be determined by the appropriation established for the program, except that an inmate employed in a federally certified prison industries program must be paid at a rate not less than the rate paid for similar work in the locality where the inmate performs the work.

(6) Premiums for workers' compensation and occupational disease coverage for federally certified prison industries programs must be paid by the prison industries program or by the department of corrections. If the department of corrections pays the premium, reimbursement for premium payments for workers' compensation and occupational disease coverage must be made to the department of corrections by the private company contracting with the federally certified prison industries program for services and products.

(7) Inmates not working in a federally certified prison industries training program are not employees, either public or private, and employment rights accorded other classes of workers do not apply to the inmates. Inmates working in a federally certified prison industry program are entitled to coverage and benefits as provided in 39-71-744.

(8) Able-bodied persons committed to a Montana prison as adult offenders must be required to perform work as provided for by the department of corrections, including the manufacture of products or the rendering of services. In order to ensure the public safety, the department may secure inmates performing work.

53-30-133. Administration of prison industries training program. (1) (a) The prison industries training program need not be a self-supporting program. The department of corrections may enter into contracts and establish prices for products or services produced by this program. Within budgetary restrictions, the department shall establish prices that tend to maximize the amount of work available for inmates. All revenue raised through the program may be used only for the program and payment of inmate wages.

(b) State agencies, local governments, school districts, authorities, and other local government entities are encouraged to explore the possibilities of using the prison industries training program. State agencies shall cooperate with the department of corrections in notifying governmental entities within the state of the program and of the services and products that are available.

(2) (a) The department of corrections shall adopt rules implementing this program. Any price lists established by the department are exempt from the provisions of Title 2, chapter 4, but the department may, if it considers it an effective method of dissemination, publish the price lists in the Montana Administrative Register or the Administrative Rules of Montana, or both.

(b) The department of corrections is subject to program audits of the prison industries training program by the legislative auditor.

53-30-141. Extension of limits of confinement. (1) The department of corrections may extend the limits of confinement of the Montana state prison for purposes of housing outside the prison fence inmates who:

(a) are employed in ranch or agricultural industry programs; and

(b) have demonstrated sufficient reliability and trustworthiness.

(2) Housing units outside the confines of the prison fence may be created by renovation of existing buildings or by the erection of modular-type units and associated facilities on the prison ranch.

(3) For the purpose of expediting the acquisition and construction of housing units authorized in subsection (2) the department of administration may exempt the project from provisions of Montana law relating to the employment of architects, advertising, labor, and wages. The department of

administration need not comply with any state bidding requirements that would preclude a sole source purchase.

Community Corrections Act

53-30-301. Short title. This part may be cited as the "Montana Community Corrections Act".

History: En. Sec. 1, Ch. 554, L. 1991.

53-30-302. Purpose. It is the purpose of this part to:

(1) encourage the development of community corrections facilities and programs by units of local government, tribal governments, and nongovernmental agencies;

(2) reduce court commitments to the state prisons through diversion of offenders determined appropriate by the community corrections board to community corrections facilities and programs;

(3) reduce the use of jail space for offenders who need a structured environment, treatment, counseling, and supervision but who may not require incarceration;

(4) provide a local facility for employed offenders so that they may maintain their employment under a structured environment and receive treatment, counseling, and supervision;

(5) provide a procedure by which units of local government, tribal governments, and nongovernmental agencies may provide corrections services to the sentencing courts; and

(6) include citizen participation in the policymaking and program planning related to community corrections facilities and programs through the formation of local community corrections boards.

History: En. Sec. 2, Ch. 554, L. 1991; amd. Sec. 6, Ch. 322, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 322 in (2) substituted "prisons" for "penitentiary", and substituted "offenders determined appropriate by the community corrections board: for "low-risk, nonviolent felony offenders"; inserted (3) relating to reduction of the use of jails for persons not requiring incarceration; inserted (4) relating to local facilities for employed offenders who can retain their jobs; and made minor changes in style.

53-30-303. Definitions. As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Community corrections board" means a community corrections board as provided in 53-30-312.

(2) "Community corrections facility or program" means a community-based or community-oriented facility or program, other than a jail, that:

(a) is established by a local or tribal government and operated by a unit of local government, a tribal government, or a nongovernmental agency; and

(b) provides programs and services to aid offenders in:

(i) obtaining and holding regular employment;

(ii) enrolling in and maintaining academic courses;

(iii) participating in vocational training programs;

(iv) utilizing the resources of the community to meet their personal and family needs;

(v) obtaining the benefits of specialized treatment services that exist within the community; and

(vi) paying restitution or performing community restitution to crime victims.

(3) "Department" means the department of corrections created in 2-15-2301.

(4) "Nongovernmental agency" means a person, private, nonprofit agency, corporation, association, labor organization, or other nongovernmental entity.

(5) "Offender" means a person who has entered a plea of guilty or has been convicted of a criminal offense.

(6) "Tribal government" means a federally recognized Indian tribe within the state of Montana.

(7) "Unit of local government" means a county, city, town, or city-county consolidated government.

History: En. Sec. 3, Ch. 554, L. 1991; amd. Sec. 1, Ch. 262, L. 1991; amd. Sec. 515, Ch. 546, L. 1995; amd. Sec. 7, Ch. 322, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 322 in definition of community corrections facility or program, in (a), inserted "established by a local or tribal government and"; deleted definitions of crime of violence and nonviolent felony offender (see 1997 Session Law for former text); and in definition of offender substituted "criminal offense" for "felony" and deleted "The term does not include a person who has committed a crime of violence"; and made minor changes in style.

53-30-304 through 53-30-310 reserved.

53-30-311. Community corrections facilities and programs operated by units of local government. (1) A unit of local government may establish, maintain, and operate any community corrections facilities and programs that it considers necessary to serve its own needs or the needs of offenders who are sentenced to the facility or program by a judge as provided in 53-30-321.

(2) A unit of local government may enter into a contract or agreement with the department for the purpose of providing community corrections facilities and programs for offenders.

History: En. Sec. 4, Ch. 554, L. 1991.

53-30-312. Creation of community corrections boards — membership — appointment — terms — compensation. (1) A unit of local government, the governing bodies of two or more units of local government, or a tribal government may establish a community corrections board.

(2) A community corrections board consists of three to seven members, must, when possible, be gender-balanced and have racial parity, and must include:

(a) one local law enforcement officer;

(b) one probation and parole officer; and

(c) one member of the public.

(3) Members of a community corrections board must be appointed by the chief executive officer of the unit of local government or the tribal government in the judicial district in which community corrections facilities or programs are established.

(4) Members of a community corrections board shall serve for a term of 4 years.

(5) Members of a community corrections board shall serve without compensation except as otherwise decided by the units of local government or a tribal government.

History: **En. Sec. 5, Ch. 554, L. 1991; amd. Sec. 8, Ch. 322, L. 1997.**

Compiler's Comments

1997 Amendment: Chapter 322 in (2), in introductory clause, reduced membership from nine to "three to seven" and at end substituted "include" for "appointed as follows" and deleted from the membership requirement a County Attorney, a District Court Judge, a local private employer or representative of the Department of Labor and Industry, a mental health professional, and a person representing local or tribal drug and alcohol treatment programs and decreased the members of the public from two to one; and in (3) deleted requirement that the members be "nominated by representatives of units of local government or a tribal government", substituted "chief executive officer of the unit of local government" for "district court judges", and substituted "tribal government" for "tribal judges".

53-30-313. Powers and duties of community corrections boards. (1) A community corrections board may establish and enforce standards for:

(a) the operation of community corrections facilities and programs operated by the unit of local government or a tribal government served by the community corrections board; and

(b) the conduct of offenders placed in local community corrections facilities and programs.

(2) The community corrections board, together with the judicial district, shall establish procedures for screening offenders who are to be placed in the community corrections facility or program. The screening must take into account the aptitude, attitude, and social and occupational skills of the offender and the risk of harm the offender may present to the offender and others.

(3) A community corrections board may accept, reject, or reject after acceptance the placement of any offender in the community corrections facility or program. If an offender is rejected by the community corrections board after initial acceptance, the sheriff of the county in which the facility or program is located must take custody of the offender. The community corrections board shall notify in writing the sentencing judge who, after considering the board's reasons for rejection, shall appropriately modify the sentencing order.

History: **En. Sec. 6, Ch. 554, L. 1991; amd. Sec. 9, Ch. 322, L. 1997.**

1997 Amendment: Chapter 322 in (2), near beginning after "together with", deleted "the department and"; and made minor changes in style.

53-30-314. Community corrections facilities and programs operated by tribal governments. (1) A tribal government may establish, maintain, and operate a community corrections facility or program to serve the needs of offenders who are sentenced to the facility or program by a judge as provided in 53-30-321.

(2) A tribal government operating a community corrections facility or program may accept, reject, or reject after acceptance the placement of any offender in the facility or program pursuant to an agreement with a unit of local government, a nongovernmental agency, or a judicial district. If an offender is rejected by the tribal government after initial appearance and the offender is a court referral, the sheriff of the county in which the facility or

program is located must take custody of the offender. The tribal government shall notify in writing the sentencing judge who, after considering the tribal government's reasons for rejection, shall appropriately modify the sentencing order.

1997 Amendment: Chapter 322 deleted former (2) allowing an agreement between the Department and a tribal government to provide community corrections facilities or programs; and made minor changes in style.

53-30-315. Community corrections facilities and programs operated by nongovernmental agencies. (1) Except as provided in subsection (2), a nongovernmental agency may establish, maintain, and operate a community corrections facility or program to serve the needs of offenders who are sentenced to the facility or program by a judge as provided in 53-30-321.

(2) A nongovernmental agency may not establish a community corrections facility or program unless approved by the local community corrections board in a local government or tribal government that has established a community corrections board.

(3) A nongovernmental agency operating a community corrections facility or program may accept, reject, or reject after acceptance the placement of any offender in the facility or program pursuant to a contract or agreement with a unit of local government, a tribal government, or a judicial district. If an offender is rejected by the nongovernmental agency after initial acceptance and the offender is a court referral, the sheriff of the county in which the facility or program is located must take custody of the offender. The nongovernmental agency shall notify in writing the sentencing judge who, after considering the agency's reasons for rejection, shall appropriately modify the sentencing order.

1997 Amendment: Chapter 322 deleted former (3) allowing an agreement between the Department and a nongovernmental agency to provide community corrections facilities or programs; and made minor changes in style.

53-30-316 through 53-30-320 reserved.

53-30-321. Authority of judge to utilize community corrections facilities or programs — restrictions. (1) Subject to the restrictions contained in subsection (2), a judge may order placement of an offender in a community corrections facility or program operated by a unit of local government, a tribal government, or a nongovernmental agency.

(2) A judge may not order placement of an offender in a residential community corrections facility or program for a period exceeding 1 year. After completing the residential community corrections portion of a sentence, an offender shall serve the remainder of the sentence under normal probation supervision, if applicable.

(3) An offender is not eligible for parole while serving a sentence in a community corrections facility or program.

(4) The probation and parole officers for the judicial district shall include in their presentence report to the sentencing judge recommendations for utilization of a community correctional facility or program that has been approved for use by the judicial district.

History: En. Sec. 9, Ch. 554, L. 1991; amd. Sec. 12, Ch. 322, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 322 in (1) substituted "an offender" for "a nonviolent felony offender" and deleted sentence requiring the sentencing order for a person placed in a community corrections facility or program to indicate that the offender would have been sentenced to prison if the facility or program had not been available; deleted former (2) providing that an offender could be placed in a community corrections facility or program only if it was operated by a local or tribal government or a nongovernmental agency under a contract with the Department and if funding was available; adjusted subsection references; and made minor changes in style.

Boot Camp Incarceration Program

53-30-401. Definitions. As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Department" means the department of corrections provided for in 2-15-2301.

(2) "Reduction of sentence" includes changing an incarceration sentence to a grant of probation.

History: En. Sec. 1, Ch. 463, L. 1993; amd. Sec. 516, Ch. 546, L. 1995.

53-30-402. Sentence reduction for offenders. A sentencing court retains jurisdiction for purposes of this section. A sentencing court may order a reduction of sentence for a convicted offender who:

(1) is certified by the department as having successfully completed the boot camp incarceration program; and

(2) applies to the court within 1 year after beginning to serve a sentence at a correctional institution.

History: En. Sec. 2, Ch. 463, L. 1993.

53-30-403. Boot camp incarceration program — eligibility — rulemaking. (1) The department shall establish a boot camp incarceration program for offenders incarcerated in a correctional institution.

(2) In order to be eligible for participation in the boot camp incarceration program, an inmate must:

(a) be serving a sentence of at least 1 year in a Montana correctional institution for a felony offense other than a felony punishable by life imprisonment or death;

(b) be less than 35 years of age; and

(c) pass a physical examination to ensure sufficient health for participation.

(3) The boot camp incarceration program must include:

(a) as a major component, a strong emphasis on work, physical activity, physical conditioning, and good health practices;

(b) a strong emphasis on intensive counseling and treatment programming designed to correct criminal and other maladaptive thought processes and behavior patterns and to instill self-discipline and self-motivation;

(c) a detailed, clearly written explanation of program goals, objectives, rules, and criteria that must be provided to, read by, and signed by all prospective enrollees; and

(d) a maximum enrollment period of 120 days.

(4) (a) Inmate participation in the boot camp incarceration program must be voluntary. The admission of an inmate to the program is discretionary with the department. Enrollment may be revoked only:

(i) at the participant's request; or

(ii) upon written departmental documentation of a participant's failure or refusal to comply with program requirements.

(b) A revocation of program enrollment is not subject to appeal. An inmate may not be admitted to the boot camp incarceration program more than twice.

(5) The department may adopt rules for the establishment and administration of the boot camp incarceration program.

Regional Correctional Facility Act

53-30-501. Short title. This part may be known and cited as the "Regional Correctional Facility Act".

History: En. Sec. 1, Ch. 316, L. 1995.

53-30-502. Purpose. It is the purpose of this part to provide a method by which the state and local governments can make the most efficient use of their powers and resources by enabling them to cooperate to fulfill their respective responsibilities of providing services and facilities for the incarceration and rehabilitation of criminal offenders at regional correctional facilities. The state and local governments are encouraged to use innovative means in accomplishing this purpose.

History: En. Sec. 2, Ch. 316, L. 1995.

53-30-503. Definitions. As used in this part, the following definitions apply:

(1) "Corporation" means an entity organized and existing pursuant to Title 35, chapter 1 or 2, and approved or designated by a local governmental entity.

(2) "Department" means the department of corrections.

(3) "Interlocal cooperation commission" means a commission established in accordance with Title 7, chapter 11, part 2.

(4) "Local governmental entity" means:

(a) a local governmental unit;

(b) a multijurisdictional service district; or

(c) an interlocal cooperation commission.

(5) "Multijurisdictional service district" means a district established in accordance with Title 7, chapter 11, part 11.

(6) "Regional correctional facility" means a correctional facility, except the Montana state prison, the women's prison, or the Swan River boot camp, designed, constructed, or operated under this part by a local governmental entity, a corporation, the department, or any combination of a local governmental entity, a corporation, and the department for the housing of convicted felons.

History: En. Sec. 3, Ch. 316, L. 1995; amd. Sec. 28, Ch. 189, L. 1997; amd. Sec. 1, Ch. 224, L. 1997.

Compiler's Comments

1997 Amendments: Chapter 189 in definition of regional correctional facility, after "women's", substituted "prison" for "correctional system".

Chapter 224 inserted definition of corporation; in definition of regional correctional facility inserted reference to corporation and substituted "any combination of a local governmental entity, a corporation, and the department" for "both"; and made minor changes in style.

53-30-504. Authority to enter into contracts — terms — financing. (1) The department may contract with one or more local governmental entities or corporations for the housing of and provision of services to inmates sentenced to the department or the department's correctional institutions at a regional correctional facility designed, financed, constructed, or operated by a local governmental entity, a corporation, the department, or any combination of a local governmental entity, a corporation, and the department.

(2) The contract must be authorized and approved by the governor, the department, and the governing body of the local governmental entity or the corporation, whichever is party to the contract. The contract must set forth fully the purposes, powers, rights, and responsibilities of each party to the contract and address necessary and proper matters set forth in 7-11-105.

(3) A contract may include an agreement to jointly design, finance, construct, and operate a regional correctional facility.

(4) The department may not enter into a contract unless the department and the local governmental entity or corporation has the legal authority and the ability to finance its share of the costs under the contract.

(5) A regional correctional facility may be constructed on real property that is owned by the state of Montana, a local governmental entity, or a corporation or that is jointly owned.

(6) The proceeds of long-range building program general obligation bonds authorized to be issued in accordance with Title 17, chapter 5, part 8, may be used, in whole or in part, to construct a regional correctional facility that may be owned and operated by a local governmental entity, whether or not the facility or any part of it is to be owned and operated by the state. If the proceeds of long-range building program general obligation bonds or other state revenue is to be used in whole or in part to construct a regional correctional facility that is to be owned and operated by a local governmental entity, the department of administration is not required to procure the design, engineering, or construction services for the facility. The contract may provide that the local governmental entity shall procure the services, but must also provide that the department of administration must be involved in the development and

approval of the plans and specifications for the facility prior to the time the facility is let to bid.

(7) The department shall use the proceeds of long-range building program bonds and other state revenue appropriated for regional correctional facilities to negotiate with local governmental entities, corporations, or private providers to obtain the greatest number of beds that is consistent with program objectives for the least cost to the state.

(8) A person convicted in another state may not be confined in the state portion of a regional correctional facility in this state unless the confinement is under and governed by Title 46, chapter 19, part 3 or 4.

History: En. Sec. 4, Ch. 316, L. 1995; amd. Sec. 2, Ch. 224, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 224 in (1), near beginning and near end, inserted reference to corporation and at end substituted "any combination of a local governmental entity, a corporation, and the department" for "both"; in (2), at end of first sentence, inserted reference to corporation or other party to the contract; in (4) inserted references to Department and to corporation; in (5) inserted reference to corporation and at end deleted "by both"; in (6), in first sentence after "facility", inserted "that may be owned and operated by a local governmental entity"; in (7) inserted reference to corporations; inserted (8) prohibiting confinement of certain persons in state portion of facility; and made minor changes in style.

Public construction contracts, Title 18, ch. 2.

53-30-505. Contract time limit. A contract entered into under 53-30-504 may not exceed a term of 30 years and must contain provisions for renegotiation after 30 years. The provisions of 18-4-313 that limit the term of a contract do not apply to a contract authorized by 53-30-504.

History: En. Sec. 5, Ch. 316, L. 1995; amd. Sec. 6, Ch. 455, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 455 in second sentence, after "provisions of", deleted "18-3-104 and". Amendment effective April 30, 1997.

53-30-506. Local governmental entity option to purchase facility owned by state. If, under a contract entered into under 53-30-504, the state constructs and owns a regional correctional facility, the contract may provide an option for the local governmental entity or corporation to purchase the facility.

History: En. Sec. 6, Ch. 316, L. 1995; amd. Sec. 3, Ch. 224, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 224 near end inserted reference to corporation.

53-30-507. Rulemaking authority. The department may adopt rules to implement this part, including rules for the determination of how sites are to be chosen for regional correctional facilities. The rules must provide that in selecting a site the department shall consider the need for a regional correctional facility in the area, the ability and willingness of a local governmental entity or a corporation to enter into a long-term contract with the department, and the availability of rehabilitative services to inmates. The rules must require that a corporation respond to a request for proposals prepared by the department for a regional correctional facility before a contract may be entered with that corporation.

History: **En. Sec. 7, Ch. 316, L. 1995; amd. Sec. 4, Ch. 224, L. 1997.**

Compiler's Comments

1997 Amendment: Chapter 224 near middle of second sentence inserted reference to corporation; inserted last sentence concerning rules requiring response to request for proposals; and made minor changes in style.

Cross-References

Adoption and publication of rules, Title 2, ch. 4, part 3.

53-30-508 through 53-30-510 reserved.

53-30-511. Local governmental entity authorized to enter into long-term contracts and to incur indebtedness — noncompetition clause. (1) A local governmental entity may enter into a long-term lease or agreement, not to exceed a term of 30 years, with a corporation proposing to operate a regional detention facility under this part. The local governmental entity may agree in the long-term lease or agreement to acquire the facility from the corporation through a lease or a lease option to purchase, subject to the limitations of Title 7, chapter 7, part 21.

(2) A contract may also contain a covenant by the local governmental entity that if the contract is terminated for nonappropriation of funds by the local governmental entity, the local governmental entity agrees not to purchase, lease, or rent property to perform the functions performed by the corporation and agrees not to permit the functions to be performed by its own employees or by any local governmental entity for a specified period of not less than 1 year and not more than the remaining original term of the contract.

History: **En. Sec. 5, Ch. 224, L. 1997.**

Part 6

Private Correctional Facilities

Part Compiler's Comments

Applicability: Section 13, Ch. 511, L. 1997, provided: "(1) [This act] applies to proceedings begun or contracts renewed on or after [the effective date of this act] [effective May 2, 1997].

(2) [Section 7] [53-30-607] does not apply to a private correctional facility that has been established prior to [the effective date of this act]."

Effective Date: Section 14, Ch. 511, L. 1997, provided: "[This act] is effective on passage and approval." Approved May 2, 1997.

53-30-601. Policy. It is the policy of the state of Montana to encourage innovative methods to provide the correctional resources necessary to confine persons convicted of crimes. The state recognizes that there may be benefits to confining convicted persons in private correctional facilities operated consistently with public policy.

History: **En. Sec. 1, Ch. 511, L. 1997.**

53-30-602. Definitions. As used in this part, the following definitions apply:

(1) "Department" means the department of corrections provided for in 2-15-2301.

(2) (a) "Private correctional facility" means a correctional facility that is either privately operated or privately owned and operated. The term includes a regional correctional facility, as defined in 53-30-503, if privately operated or privately owned and operated.

(b) The term does not include a private detention center or a regional jail governed by Title 7, chapter 32, part 22.

History: **En. Sec. 2, Ch. 511, L. 1997.**

53-30-603. Private correctional facilities — confinable persons. (1) An individual, corporation, partnership, association, or other private organization or entity may not construct or operate a private correctional facility unless licensed by the department. A license is nontransferable.

(2) A person convicted in another state may not be confined in the portion of a private correctional facility in this state that is used for the incarceration of convicted felons for a term of over 1 year unless the confinement is under and governed by Title 46, chapter 19, part 3 or 4.

History: **En. Sec. 3, Ch. 511, L. 1997.**

53-30-604. Department duties and responsibilities — rulemaking authority. (1) (a) The department shall adopt administrative rules that include the minimum applicable standards for the siting, construction, operation, and physical condition of a private correctional facility and for the security, safety, health, treatment, and discipline of persons confined in a private correctional facility.

(b) The administrative rules must require that a private correctional facility conform to applicable American correctional association and national commission on correctional health care standards for the facility and achieve accreditation from the American correctional association and national commission on correctional health care within 3 years from the date the facility begins operation.

(c) The administrative rules must provide for review and approval of facility design and construction by the department of administration.

(2) Within 90 days of May 2, 1997, and on a biennial basis, the department shall publish a description of the long-range correctional needs, objectives, and goals of the department and the state.

(3) The department shall at least annually inspect each private correctional facility to determine compliance with this part, applicable American correctional association and national commission on correctional health care standards, department rules, and contract requirements.

(4) The department shall present a biennial report of compliance inspections to the legislature.

History: **En. Sec. 4, Ch. 511, L. 1997.**

53-30-605. Requirements of request for proposals. (1) Prior to contracting for services with a private correctional facility, the department shall publish a request for proposals. The request for proposals must include a description of the long-range correctional needs, objectives, and goals of the department and the state.

(2) The request for proposals must include and identify the services requested and required and other information, including but not limited to:

(a) the physical plant, facility, and perimeter, including:

(i) the facility capacity and inmate population, including classification levels accepted;

(ii) inmate housing; and

(iii) security, safety, and emergency procedures;

(b) who is responsible for transportation of inmates:

(i) among facilities;

(ii) upon an inmate's release, including discharge or parole;

(iii) for court and administrative proceedings such as parole hearings and inmate participation as a witness;

(iv) for medical transportation; and

(v) for security;

(c) administration of the facility, including but not limited to:

(i) the organizational structure and staffing; and

(ii) a policy and procedures manual addressing:

(A) inmate discipline;

(B) incident reporting;

(C) grievance procedures;

(D) searches;

(E) drug testing;

(F) monitoring of facility standards; and

(G) the retention and maintenance of inmate and facility records by the private correctional facility;

(d) staffing issues regarding:

(i) management;

(ii) security;

(iii) administrative personnel;

(iv) qualifications and requirements;

(v) training; and

(vi) staff-to-inmate ratios;

(e) inmate needs such as food, clothing, sanitation, hygiene, and laundry;

(f) programs and services to be required such as vocational and educational training, religious services or customs, counseling, recreation, and canteen;

(g) medical, dental, optical, pharmaceutical, psychological, and other medical-related care;

(h) insurance requirements;

(i) indemnification;

(j) a performance bond that is sufficient to protect the state from damages upon default or nonperformance and that may not exceed the biennial amount of the compensation to be paid to the contractor;

(k) a requirement that proposers provide evidence or documentation demonstrating an ability to provide the services, to comply with acceptable services, and to comply with the rules, regulations, and contract requirements;

(l) a requirement that proposers provide documentation of financial stability or security; and

(m) monitoring of facility operations.

(3) The department may release separate requests for proposals or contracts for specific services such as transportation of inmates and medical, dental, vision, and sick call services. Each contract must include a detailed explanation of the services that must be provided.

(4) The department shall maintain a list of qualified applicants and all proposal responses. The department shall retain all records related to the evaluation process and the awarding of a contract.

History: En. Sec. 5, Ch. 511, L. 1997.

53-30-606. License — inspection. (1) The department shall grant a license to a private correctional facility determined by the department to conform to this part and department rules.

(2) The department may grant a temporary license for 1 year to a facility that loses accreditation if the department determines that the facility is making satisfactory progress toward substantial conformity with this part, applicable American correctional association and national commission on correctional health care standards, as determined by the department by administrative rule, department rules, and contract requirements and that the interests and well-being of the residents of the state and of the persons to be confined in the facility are protected. A temporary license may not be renewed.

(3) Except as provided in subsection (2), the department may not grant a license unless the contractor conforms to all state and federal statutes, applicable American correctional association and national commission on correctional health care standards, as determined by the department by administrative rule, department rules, and other requirements as defined in administrative rule. During the initial 3-year period of a contract, a private correctional facility is not required to be accredited by the American correctional association or the national commission on correctional health care in order to be granted a license by the department.

(4) The department may not grant a license to a private correctional facility unless the department determines that the facility conforms to the long-range correctional needs, objectives, and goals of the department and state.

(5) The department may not grant a license to a private correctional facility until the owner or operator of the facility has provided the department with proof of indemnity insurance that appropriately indemnifies the state and that is acceptable to the department.

(6) The department may not grant a license to a private correctional facility unless the facility is constructed in accordance with American correctional association facility construction requirements. In addition, the private correctional facility shall comply with any other applicable local, state, or federal laws or regulations.

(7) The department may not grant a license to a private correctional facility unless the facility has promulgated a policy to provide reasonable access to the facility by representatives of the public media.

(8) The department may not grant a license to a private correctional facility unless the facility has entered into an agreement with local and state law enforcement authorities. The private correctional facility shall demonstrate an adequate response for the mutual aid, assistance, and notification in the event of an escape, riot or disturbance, natural or human-caused event, or other act that may potentially affect public safety.

(9) The department may not grant a license to a private correctional facility unless the legislature has appropriated funds for the housing of state inmates in private correctional facilities.

(10) The department shall at least annually inspect each private correctional facility to determine compliance with this part and department rules.

History: En. Sec. 6, Ch. 511, L. 1997.

53-30-607. Licensure limitations — siting of private correctional facilities. (1) The department may not grant a license to a private correctional facility located within 1 mile of a public or nonpublic school, not including a home school. However, if a public or nonpublic school is established after a facility has been approved, the department may not prevent the private correctional facility from operating because of this subsection (1).

(2) The department may not grant a license to a private correctional facility unless there has been a public hearing in the county in which the private correctional facility is to be located and unless the county commissioners approve the location of the private correctional facility by a majority vote. If the proposed facility is to be located within the limits of a municipality, the department may not grant a license to a private correctional facility unless there has been a public hearing in the municipality and the local governing body approves the location of the private correctional facility by a majority vote.

(3) If the siting of a private correctional facility is proposed within 7 ½ miles of an adjacent county or if the department determines that there are reasonable expectations that the siting may have a significant impact on an adjacent county, the department may not grant a license to a private correctional facility unless there has been a public hearing in the adjacent county and unless the concerns of the adjacent county have been considered.

History: En. Sec. 7, Ch. 511, L. 1997.

53-30-608. Contracts with owners or operators of private correctional facilities. (1) Upon request of the legislative audit committee, the legislative audit division shall review the procedures by which a contract was awarded and shall review each contract prior to execution to determine if the contract includes the requirements provided in this part.

(2) A contract with an owner or operator of a private correctional facility must be awarded to the contractor who best meets the needs of the state and the department and demonstrates the capability of providing services requested.

(3) A contract must specify the type and level of services to be provided by the contractor. The contract must provide that a private contractor may not:

(a) choose the correctional facility to which an inmate is initially or subsequently assigned. A contractor may request the department to transfer an inmate to a state facility or to another private correctional facility.

(b) develop or adopt disciplinary rules that differ from the disciplinary rules, penalties, and policies of the department;

(c) make a decision that affects the sentence imposed on an inmate or the time served by an inmate;

(d) make recommendations to the board of pardons and parole with respect to the denial or granting of parole or release, except to submit reports to the board of pardons and parole and to respond to requests by the department or the board of pardons and parole;

(e) develop or implement requirements that inmates engage in any type of work, except to the extent that those requirements are accepted by the department;

(f) determine inmate eligibility for any form of release from a correctional facility; or

(g) use an inmate classification system unless it is approved by the department.

(4) Contracts may not exceed a term of 30 years and must contain provisions for renegotiation after 30 years. The provisions of 18-4-313 that limit the term of a contract do not apply to a contract authorized by this section.

(5) The contract must specify that the private correctional facility shall grant access to the legislative audit division or a person contracting with the legislative audit division for compliance auditing. The contractor shall provide access to all areas of the facility and to all records maintained onsite or offsite that pertain to all aspects of the facility, including but not limited to operation, financial, and inmate records.

History: **En. Sec. 8, Ch. 511, L. 1997.**

53-30-609. Contractor costs responsibility. (1) The contractor is responsible for costs incurred by the state or any political subdivision of the state for legal costs relating to escapes, riots or disturbances, or other natural or human-caused events that occur at the facility because of the contractor's negligence, errors, omissions, intentional acts, or failure to comply with the terms of the contract.

(2) The contractor is responsible for all reasonable costs and expenses incurred by the state or a political subdivision of the state for defense of causes of action brought by or on behalf of an inmate that accrue while an inmate is incarcerated at a private correctional facility.

(3) The provisions of this part are not intended to create a private or public cause of action for any person, partnership, corporation, or other entity, including any inmate housed within any private correctional facility or any inmate housed within the state of Montana.

History: **En. Sec. 9, Ch. 511, L. 1997.**

53-30-610. Restrictions on inmate movements. An inmate may not leave the secure premises of a private correctional facility except to comply with a court order, to receive medical care that is not available at the private correctional facility, or as part of a work program without the express written approval of the department. Any movement of an inmate outside of the secure premises of the private correctional facility must be in compliance with approved policies and procedures established by the department.

History: **En. Sec. 10, Ch. 511, L. 1997.**

53-30-611. Failure to comply with law — action by department. (1) A contractor shall remain in strict compliance with this part, established applicable American correctional association and national commission on correctional health care standards, as determined by the department by administrative rule, department rules, and contract requirements.

(2) If the department determines at any time that a private correctional facility does not conform to this part, applicable American correctional association and national commission on correctional health care standards, department rules, and contract requirements, the department shall notify the chief executive officer and the owner or operator, or both, of the private correctional facility. The notice must state the deficiencies and order that they be remedied within a specified period of time not to exceed 1 year. If the deficiencies are not remedied within that time, the department may hold a

contested case hearing under Title 2, chapter 4, and if the department finds that suspension or revocation is warranted by nonconformance with this part, applicable American correctional association and national commission on correctional health care standards, department rules, and contract requirements, the department may suspend or revoke the facility's license.

(3) If a private correctional facility fails to comply with this part, applicable American correctional association and national commission on correctional health care standards, department rules, or contract requirements within the specified time period, the state may assume control of the facility for the purpose of protecting the inmates, facility staff, or the public. If the state assumes control of the facility, the department shall suspend payment for any services, and the department assumes the costs of assuming control.

(4) The department may assume emergency control of a private correctional facility if substantial violations exist that affect the life, health, or safety of the inmates, facility employees, or the public or that otherwise substantially impact the security of the private correctional facility.

(5) In the event that a contractor fails to comply with this part, applicable American correctional association and national commission on correctional health care standards, department rules, or contract requirements, the state may retain the option of purchasing or leasing the facility.

(6) If either the state or the contractor fails to renew a contract, the state may retain the option of purchasing or leasing the facility.

(7) If the state retains the option of purchasing or leasing the facility under subsections (5) and (6) of this section, because it requires the creation of state debt, the appropriation bill that funds the purchase of services from the facility must be treated in the same manner as a bill creating state debt and requires a vote of two-thirds of the members of each house of the legislature for passage.

Highway safety, Title 61, ch. 2.

60-1-101. Legislative findings. The legislature recognizes that safe and efficient highway transportation is of important interest to all of the people of the state and declares that:

(1) inadequate highways, roads, and streets obstruct the free flow of traffic, increase costs of motor vehicle operation, endanger the health and safety of the citizens of the state, depreciate property values, and impede generally the economic progress of the state;

(2) the problems of establishing and maintaining adequate highways, roads, and streets, eliminating congestion, reducing accident frequency, providing parking facilities, and taking all necessary steps to insure safe and convenient transportation are urgent;

(3) adequate and integrated systems of highways, roads, and streets are essential to the general welfare of the state;

(4) providing adequate highway facilities is a proper public use and purpose, and this title is necessary for the preservation of the public peace, health, and safety, for the promotion of the general welfare, and as a contribution to the national defense.

History: En. Sec. 1, Ch. 197, L. 1965; R.C.M. 1947, 32-2201; amd. Sec. 1, Ch. 23, L. 1979.

60-1-102. Legislative policy and intent. Consistent with the foregoing determinations and declarations, the legislature intends:

(1) to place a high degree of trust in the hands of those officials whose duty it is, within the limits of available funds, to plan, develop, operate, maintain, and protect the highway facilities of this state for present as well as for future use;

(2) to make the department of transportation custodian of the federal-aid and state highways and to impose similar responsibilities upon the boards of county commissioners with respect to county roads and upon municipal officials with respect to the streets under their jurisdiction;

(3) that the state shall have integrated systems of highways, roads, and streets and that the department of transportation, the counties, and municipalities assist and cooperate with each other to that end;

(4) to provide sufficiently broad authority to enable the highway officials at all levels of government to function adequately and efficiently in all areas of their respective responsibilities, subject to the limitations of the constitution and the legislative mandate hereinafter imposed.

60-1-103. General definitions. Subject to additional definitions contained in this title that are applicable to specific chapters or sections and unless the context otherwise requires, terms are defined as follows:

(1) "Abandonment" means cessation of use of right-of-way or an easement or cessation of activity on the right-of-way or easement with no intention to reclaim or use again. Abandonment is sometimes called vacation.

(2) "Bridge" means any bridge constructed by the department, together with all appurtenances, additions, alterations, improvements, and replacements and the approaches to the bridge, lands used in connection with the bridge, and improvements incidental or integral to the bridge.

(3) "Commission" means the transportation commission provided for in 2-15-2502.

(4) "Condemnation" means taking by exercise of the right of eminent domain.

(5) "Construction" means supervising, inspecting, actual building, and all expenses incidental to the construction or reconstruction of a highway, including locating, surveying, mapping, and costs of right-of-way or other interests in land and elimination of hazards at railway grade crossings.

(6) "Control of access" means the condition in which the right of owners or occupants of abutting land or other persons to access, light, air, or view in connection with a highway is fully or partially controlled by public authority.

(7) "County road" means any public highway opened, established, constructed, maintained, abandoned, or discontinued by a county in accordance with Title 7, chapter 14.

(8) "Department" means the department of transportation provided for in Title 2, chapter 15, part 25.

(9) "Director" means the director of transportation, a position provided for in 2-15-2501.

(10) "Easement" means a right acquired by public authority to use or control property for a designated purpose.

(11) "Eminent domain" means the right of the state to take private property for public use.

(12) "Federal-aid highway" means a public highway that is a portion of any of the federal-aid highway systems.

(13) "Federal-aid highway systems" means all of the systems named as part of the systems and their urban extensions.

(14) "Federal-aid interstate system" means that system of public highways selected by the commission in cooperation with adjoining states, subject to the approval of the secretary of commerce, as provided in Title 23, U.S.C.

(15) "Federal-aid primary system" means that system of connected public highways designated by the commission, subject to the approval of the secretary of commerce, as provided in Title 23, U.S.C.

(16) "Federal-aid secondary system" means that system of public highways not in the federal-aid primary or interstate systems selected by the commission in cooperation with the boards of county commissioners, subject to the approval of the secretary of commerce, as provided in Title 23, U.S.C.

(17) "Fee simple" means an absolute estate or ownership in property, including unlimited power of alienation.

(18) "Highway" includes rights-of-way or other interests in land, embankments, retaining walls, culverts, sluices, drainage structures, bridges, railroad-highway crossings, tunnels, signs, guardrails, and protective structures.

(19) "Highway", "road", and "street", whether the terms appear together or separately or are preceded by the adjective "public", are general terms denoting a public way for purposes of vehicular travel and include the entire area within the right-of-way.

(20) "Highway authority" means the entity at any level of government authorized by law to construct and maintain highways.

(21) "Maintenance" means the preservation of the entire highway, including surface, shoulders, roadsides, structures, and traffic-control devices that are necessary for the safe and efficient use of the highway.

(22) "Public highways" means all streets, roads, highways, bridges, and related structures:

(a) built and maintained with appropriated funds of the United States or the state or any political subdivision of the state;

(b) dedicated to public use;

(c) acquired by eminent domain; or

(d) acquired by adverse use by the public, jurisdiction having been assumed by the state or any political subdivision of the state.

(23) "Right-of-way" is a general term denoting land, property, or any interest in land or property, usually in a strip, acquired for or devoted to highway purposes.

(24) "State highway" means any public highway planned, laid out, altered, constructed, reconstructed, improved, repaired, maintained, or abandoned by the department.

History: En. Sec. 2-101, Ch. 197, L. 1965; amd. Sec. 69, Ch. 316, L. 1974; R.C.M. 1947, 32-2203(part); amd. Sec. 2, Ch. 23, L. 1979; amd. Sec. 3, Ch. 512, L. 1991; amd. Sec. 2, Ch. 75, L. 1995.

60-2-108 and 60-2-109 reserved.

60-2-110. Setting priorities and selecting projects. (1) The commission shall establish priorities and select and designate segments for construction and reconstruction on the national highway system, the primary highway system, the secondary highway system, the urban highway system, and state highways.

(2) The commission shall consult with the board of county commissioners of the county in which a highway is located when establishing priorities and when selecting and designating segments on the secondary highway system for construction and reconstruction.

(3) The commission shall consult with the appropriate local government authorities when establishing priorities and selecting and designating segments on the urban highway system for construction and reconstruction.

(4) The commission shall use information gathered or discovered by and documents prepared by the department, and department officials and employees shall provide assistance and advice.

(5) The commission shall establish and determine priorities and projects for rail and transit programs and, to the extent possible, coordinate intermodal transportation within the state.

(6) In carrying out the requirements of this section, the department shall:

(a) make recommendations to the commission;

(b) establish the requirements and procedures for administering this section; and

(c) take all reasonable steps to ensure the integrity and viability of agricultural and rural transportation and related needs.

History: En. Sec. 1, Ch. 30, L. 1983; amd. Sec. 8, Ch. 87, L. 1993; amd. Sec. 3, Ch. 75, L. 1995.

Cross-References

60-2-111. Letting of contracts on state and federal-aid highways. (1) Except as provided in subsection (2), all contracts for the construction or reconstruction of the highways and streets located on highway systems and state highways as defined in 60-2-125, including portions in cities and towns, and all contracts entered into under 7-14-4108 must be let by the commission. Except as otherwise specifically provided, the commission may enter the types of contracts and upon terms as it may decide. All contracts must meet the requirements of Title 18, chapter 2, part 4. When there is no prevailing rate of wages set by collective bargaining, the commission shall determine the prevailing rate to be stated in the contract.

(2) The commission may delegate the authority, with all applicable statutory restrictions, to award any contract covered by this section to the department or to a unit of local government.

History: En. Sec. 9-101, Ch. 197, L. 1965; R.C.M. 1947, 32-4101; amd. Sec. 1, Ch. 88, L. 1983; amd. Sec. 9, Ch. 87, L. 1993.

60-2-112. Competitive bidding. (1) Except as provided in subsections (2) through (4), when the estimated cost of any work exceeds $50,000, the commission shall let the contract by competitive bidding to the lowest responsible and responsive bidder. Award must be made upon the notice and terms that the commission prescribes by its rules. However, except when prohibited by federal law, the commission shall make awards and contracts in accordance with 18-1-102 and 18-1-112.

(2) The commission may let a contract by means other than competitive bidding if it determines that special circumstances so require. The commission shall specify the special circumstances in writing.

(3) The commission may enter into contracts with units of local government for the construction of projects without competitive bidding if it finds that the work can be accomplished at lower total costs, including total costs of labor, materials, supplies, equipment usage, engineering, supervision,

clerical and accounting services, administrative costs, and reasonable estimates of other costs attributable to the project.

(4) The commission may delegate to the department the authority to enter, without competitive bidding, agreed-upon price contracts for projects costing $50,000 or less.

(1) "Federal-aid highway funds" means those funds made available for expenditure by the department pursuant to Title 23, U.S.C.

(2) "National highway system" means the system of public highways designated by the commission and approved by the secretary of transportation as provided in Title 23, U.S.C.

(3) "Primary highway system" means the highways that have been functionally classified by the department as either principal or minor arterials and that have been selected by the commission to be placed on the primary highway system.

(4) "Secondary highway system" means the highways that have been functionally classified by the department as either minor arterials or major

collectors and that have been selected by the commission, in cooperation with the boards of county commissioners, to be placed on the secondary highway system.

(5) "State highways" means the highways throughout the state that are not located on a defined highway system but that are on the state maintenance system.

(6) "Urban highway system" means the highways and streets that are in and near incorporated cities with populations of over 5,000 and within urban boundaries established by the department, that have been functionally classified as either urban arterials or collectors, and that have been selected by the commission, in cooperation with local government authorities, to be placed on the urban highway system.

History: **En. Sec. 1, Ch. 87, L. 1993.**

60-2-126. Designation of public highways — allocation of funds. (1) For the purpose of allocating state and federal-aid highway funds, the commission shall designate the public highways and streets to be placed on the following systems:

(a) the national highway system;
(b) the primary highway system;
(c) the secondary highway system; or
(d) the urban highway system.

(2) The commission shall consult with the board of county commissioners of the county in which a highway is located prior to designating a public highway to be placed on the secondary highway system.

(3) The commission shall consult with the appropriate local government authorities prior to designating a highway or street to be placed on the urban highway system.

(4) The commission may designate public highways not placed on the systems listed in subsection (1) as state highways.

60-2-206. Compilation of statistics — investigation — consultation. (1) The department shall compile statistics regarding public highways throughout the state and collect all related information deemed expedient.

(2) It shall investigate various methods of construction adapted to different sections of the state and decide the best methods of construction and maintenance of highways, bridges, and road markers.

(3) The department may be consulted at all reasonable times by county officers having care and authority over highways and bridges and shall advise them on construction, repair, alteration, or maintenance.

(4) The department shall furnish such information and advice as may be requested by persons interested in the construction, maintenance, and marking of public highways. It shall at all times lend its aid in promoting highway improvement throughout the state.

(a) are not part of the national system of interstate highways built under the National Defense Highway Act; and

(b) divert motor vehicles from an existing highway route through a municipality incorporated prior to January 1, 1965.

(2) The department shall notify the governing body of the municipality by certified mail that it proposes to bypass the municipality. A contract may not be let or work commenced until the governing body notifies the department of its consent or until the elapse of 60 days after the notice has been sent by the department to the municipality, whichever first occurs. The failure of the municipality to act and notify the department of its action within the 60-day period is implied consent to the bypass.

(3) Actual consent or refusal to bypass shall be in the form of a resolution duly adopted by a majority of the members of the governing body of the municipality.

(4) The governing body may not withdraw consent once the department has been notified of the consent.

(a) each prominent mountain range that is visible to an occupant of a vehicle traveling on a primary or interstate highway in Montana; and

(b) the junctions with primary or interstate highways in Montana of scenic highways designated under authority of the commission or the department. The signs must mark where the scenic loop leaves and returns to the primary or interstate highway.

(2) (a) The department may not pay the cost of the manufacture and erection of the signs provided for in subsection (1)(b) out of funds appropriated to the department.

(b) Scenic loop highway signs are intended to provide tourist information, and the department's responsibility for the construction, maintenance, or traffic operation of the highway so signed is not affected by the signs.

(c) Erection of scenic loop highway signs does not create a scenic highway.

60-2-218. Welcome and farewell signs — design, erection, maintenance — completion date — exceptions. (1) The department shall:

(a) design, erect, and maintain welcome and farewell signs within Montana at the nearest practical location to the border of the state where each federal-aid interstate highway, except interstate 90 at the Montana-Idaho border in Mineral County, and each federal-aid primary highway enters or leaves Montana;

(b) select locations for the signs consistent with the requirements for public safety and maximum visibility and with all applicable provisions of federal law; and

(c) subject to the exception in this subsection (1), complete the construction and erection of welcome and farewell signs:

(i) on the four interstate highways and on highway 212 in Carter County before July 1, 1991; and

(ii) on the remainder of the primary highways at the earliest possible date.

(2) However, nothing in this section prevents the department from constructing and erecting signs on the remaining primary highways before July 1, 1991.

60-3-201. Distribution and use of proceeds of gasoline dealers' license tax. (1) All money received in payment of license taxes under the Distributor's Gasoline License Tax Act, except those amounts paid out of the department of transportation's suspense account for gasoline tax refund, must be used and expended as provided in this section. The portion of that money on hand at any time that is needed to pay highway bonds and interest on highway bonds when due and to accumulate and maintain a reserve for payment of highway bonds and interest, as provided in laws and in resolutions of the state board of examiners authorizing the bonds, must be deposited in the highway bond account in the debt service fund established by 17-2-102. After deductions for amounts paid out of the suspense account for gasoline tax refunds, the remainder is allocated as follows:

(a) 9/10 of 1% to the state park account;

(b) 15/28 of 1% to a snowmobile account in the state special revenue fund;

(c) 1/8 of 1% to an off-highway vehicle account in the state special revenue fund; and

(d) 1/25 of 1% to the aeronautics revenue fund of the department of transportation under the provisions of 67-1-301.

(e) The remainder of the money must be used:

(i) by the department of transportation on the highways in this state selected and designated by the commission;

(ii) for collection of the license taxes; and

(iii) for the enforcement of the Montana highway code under Article VIII, section 6, of the constitution of this state.

(2) The department shall, in expending this money, carry forward construction from year to year, using the money expended in accordance with this title. Nothing in this title conflicts with Title 23, U.S.C., and the rules by which it is administered.

(3) The department may enter into cooperative agreements with the national park service and the federal highway administration for the purpose of maintaining national park approach roads in Montana.

(4) Money credited to the state park account in the state special revenue fund may be used only for the creation, improvement, and maintenance of state parks where motorboating is allowed. The legislature finds that of all the fuel sold in the state for consumption in internal combustion engines, except fuel for which refunds have been made, not less than 9/10 of 1% is used for propelling boats on waterways of this state.

(5) (a) Money credited to the snowmobile account may be used only to develop and maintain facilities open to the general public at no admission cost, to promote snowmobile safety, for enforcement purposes, and for the control of noxious weeds.

(b) Of the amounts deposited in the snowmobile account:

(i) 13% of the amount deposited must be used by the department of fish, wildlife, and parks to promote snowmobile safety and education and to enforce snowmobile laws. Two-thirds of the 13% deposited must be used to promote snowmobile safety and education and one-third of the 13% deposited must be used for the enforcement of snowmobile laws.

(ii) 1% of the amount deposited must be credited to the Montana noxious weed control trust fund.

(c) The legislature finds that of all fuels sold in this state for consumption in internal combustion engines, except fuel for which refunds have been made, not less than 15/28 of 1% is used for propelling registered snowmobiles in this state.

(6) (a) Money credited to the off-highway vehicle account under subsection (1)(c) may be used only to develop and maintain facilities open to the general public at no admission cost, to repair areas that are damaged by off-highway vehicles, and to promote off-highway vehicle safety. Ten percent of the money deposited in the off-highway vehicle account must be used to promote off-highway vehicle safety. Up to 10% of the money deposited in the off-highway vehicle account may be used to repair areas that are damaged by off-highway vehicles.

(b) The legislature finds that of all fuel sold in this state for consumption in internal combustion engines, except fuel for which refunds have been made, not less than 1/8 of 1% is used for propelling off-highway vehicles in this state.

(7) Money credited to the aeronautics account of the department of transportation may be used only to develop, improve, and maintain facilities open to the public at no admission cost and to promote aviation safety. The legislature finds that of all the fuel sold in this state for consumption in internal combustion engines, except fuel for which refunds have been made, not less than 1/25 of 1% is used for propelling aircraft in this state.

60-3-205. Apportionment of state funds to primary highway system. (1) Prior to the beginning of each biennium, the commission, referring to highway sufficiency ratings developed by the department, shall designate a level of sufficiency considered adequate and a lesser level of sufficiency considered critical, both to be used to compute the apportionment of federal-aid highway funds for the primary highway system during the succeeding biennium.

(2) The department shall then compute the ratio:

(a) between the mileage rated below adequate sufficiency in each financial district and the total mileage rated below adequate sufficiency of the primary highway system in the state; and

(b) between the mileage rated at or below critical sufficiency in each financial district and the total mileage rated at or below critical sufficiency of the primary highway system in the state.

(3) The department, subject to the limitation provided in subsection (4), shall then distribute three-fourths of the available federal-aid highway funds for the primary highway system among the financial districts according to the

ratios computed in subsection (2)(a) and one-fourth of the available federal-aid highway funds for the primary highway system among the financial districts according to the ratios computed in subsection (2)(b).

(4) A financial district may not receive more than one-third of the total funds available for the primary highway system in any biennium. If a financial district would receive more than one-third of the total funds available under the formula in subsection (3), its apportionment is limited to the one-third maximum and any excess funds it would have received must be redistributed among the other districts according to the formula.

(5) To the extent necessary to permit the orderly programming and construction of projects, obligations in any financial district may exceed the amount apportioned to that district by up to 25%. The amount of excess obligations must be deducted from future apportionments to that district.

History: En. Sec. 4-309, Ch. 197, L. 1965; amd. Sec. 98, Ch. 316, L. 1974; amd. Sec. 2, Ch. 31, L. 1975; R.C.M. 1947, 32-2606; amd. Sec. 1, Ch. 412, L. 1983; amd. Sec. 13, Ch. 87, L. 1993.

60-3-206. Apportionment of funds to secondary highway system. (1) Each fiscal year the department shall apportion the federal-aid highway funds allocated for the secondary highway system among the counties. The proportion that each county receives is computed on the following basis:

(a) one-fourth in the ratio of land area in each county to the total land area in the state;

(b) one-fourth in the ratio of the rural population in each county to the total rural population in the state;

(c) one-fourth in the ratio of the rural road mileage in each county to the total rural road mileage in the state;

(d) one-fourth in the ratio of value of rural lands in each county to the total value of rural lands in the state.

(2) To the extent necessary to permit orderly programming and construction of projects, obligations in a county may exceed the amount apportioned to that county. The amount of excess obligations must be deducted from future apportionments to that county.

(3) For the purposes of this section, terms are defined as follows:

(a) “Rural population” means total county population as reported in the latest decennial federal census less the population in cities over 5,000 persons and their unincorporated fringe urban areas as determined by the department, using the latest decennial federal census.

(b) (i) “Rural road mileage” means all road mileage outside of incorporated cities and towns, exclusive of road mileage on the primary highway system and the national highway system, and those roads that are inside incorporated cities and towns and are functionally classified and approved by the commission as a major collector or a minor arterial, exclusive of road mileage on the primary system and the national highway system.

(ii) Road mileage that lies within incorporated cities over 5,000 persons and their unincorporated fringe urban areas, whose population is determined by the department, using the latest decennial federal census, is not considered rural road mileage.

(iii) Rural road mileage reported by the road inventory of the department must be used in determining rural road mileage.

(c) "Value of rural lands" includes the value of state-owned lands from which the state derives grazing, timber, and agricultural income.

(i) The basis for the value of rural lands must be computed from the latest available information from the department of revenue.

(ii) The basis for the value of state-owned lands must be computed from the latest figures on the total grazing, timber, and agricultural lands in each county based on the most recent information available from the department of natural resources and conservation.

60-3-303. Footpaths and bicycle trails to be established — funding. (1) The transportation commission or a county or city, with funds received from the state transportation commission state special revenue fund, may construct footpaths and bicycle trails. Footpaths and bicycle trails may be established and extended to the nearest city or town or termination point of the highway or road wherever a highway, road, or street is being constructed, reconstructed, or relocated. In addition, footpaths and bicycle trails may be established along all streets under state jurisdiction. Funds received from the state special revenue fund may also be expended to construct footpaths and bicycle trails along other highways, roads, and streets and in parks and recreation areas if the construction enhances traffic safety and convenience. Footpaths and bicycle trails may be constructed along all sections of the national defense interstate highway system.

(2) Footpaths and trails may not be established under subsection (1) of this section:

(a) if the cost of establishing the paths and trails is excessively disproportionate to the need or probable use; or

(b) if sparsity of population, other available ways, or other factors indicate an absence of any need for the paths and trails.

(3) The state transportation commission shall let to contract in any period of 5 consecutive fiscal years not less than an average of $200,000 per year for footpaths and bicycle trails. The department shall establish accounting procedures to document compliance with this subsection.

60-3-304. Duties of department of transportation. (1) The establishment of paths and trails and the expenditure of funds as authorized by this part are for the promotion of traffic safety on the highways, roads, and streets of the state. The transportation commission shall, when requested, provide technical assistance and advice to cities and counties in carrying out the purpose of this part.

(2) The department of transportation shall recommend construction standards for footpaths and bicycle trails. The department shall provide a uniform system of signing footpaths and bicycle trails which shall apply to paths and trails under the jurisdiction of the commission and cities and counties. The commission and cities and counties shall restrict the use of footpaths and bicycle trails under their jurisdiction to pedestrians and nonmotorized vehicles to the maximum possible extent, except that the commission, in cooperation with local governments, may authorize the operation of snowmobiles on designated portions of bicycle trails and footpaths when snow conditions permit.

(1) Whenever the department cannot acquire lands or other property or interests in the lands or property at a price or cost which it considers reasonable, it may direct the attorney general or any county attorney to procure the interests by proceedings to be instituted as provided in Title 70, chapter 30, against all nonaccepting landholders.

(2) It shall not so direct the attorney general or any county attorney until it adopts an order declaring that:

(a) public interest and necessity require the construction or completion by the state of the highway or improvement for one of the purposes set forth in 60-4-103;

(b) the interest described in the order and sought to be condemned is necessary for the highway or improvement;

(c) the highway or improvement is planned and located in a manner which will be compatible with the greatest public good and the least private injury.

(3) The order creates and establishes a disputable presumption:

(a) of the public necessity of the proposed highway or improvement;

(b) that the taking of the interest sought is necessary therefor;

(c) that the proposed highway or improvement is planned or located in a manner which will be most compatible with the greatest public good and the least private injury.

60-4-105. Acquisition of whole parcel — sale of excess. (1) Whenever any interest in a part of a parcel of land or other real property is to be acquired for highway purposes leaving the remainder in a shape or condition as to be of little market value or to give rise to claims or litigation over severance or other damage, the department may acquire the whole parcel. It may sell or exchange the remainder for other property needed for highway purposes.

(2) Whenever a part of a parcel of land acquired for highway purposes is in a shape or size as to come within the Montana Subdivision and Platting Act, the department shall prepare and file the required plat in the office of the county clerk and recorder.

60-4-109. Irrigable lands rendered unusable — unpaid construction costs. (1) Whenever the department acquires irrigable land for highway purposes or so acquires land as to render other irrigable land unusable for irrigation, it shall pay to the owner of the irrigation or drainage project, in addition to other sums allowed by law, a proportionate share of the unpaid construction costs of the project or drainage district.

(2) The department shall also pay a lump-sum amount to the district sufficient to produce, on an amortized basis for a reasonable period not to exceed 90 years, a sum of money equal to the annual increase in operation and maintenance costs against the remaining lands under irrigation in the district resulting from the severance from the district of the lands acquired by the department and not overcome by bringing new or additional land under irrigation. For the purpose of determining the amount of the lump-sum payment, the annual operation and maintenance assessment of the district shall be considered to be the average for the 5 years, or so many years as the district has assessment experience if less than 5 years, preceding the date of acquisition.

60-4-111. Acquisition of property for controlled-access facility. (1) The highway authorities of the state, counties, incorporated cities and towns, respectively, or in cooperation one with the other, may acquire private or public property and property rights for controlled-access highways or controlled-access facilities and service roads. Such rights may include rights of access, air, view, and light. They may be acquired by gift, devise, purchase, or condemnation, in the same manner as may now or hereafter be authorized by law for the acquisition of property or property rights in connection with highways, roads, and streets in their respective jurisdictions.

(2) A right-of-way is hereby given, dedicated, and set apart for controlled-access highways or controlled-access facilities through, over, upon, or across any county road and any street or alley intersecting a controlled-access highway. Acquisition of any county road, street, or alley for use as a controlled-access highway or controlled-access facility shall be deemed a superior and more necessary public use and purpose than the public use or purpose to which such road, street, or alley has theretofore been dedicated.

60-4-201. Exchange of interest in real property. (1) The department may determine that an interest in real property, however acquired by it, is no longer necessary to the laying out, altering, construction, improvement, or maintenance of a highway. It may then exchange the interest, either as entire or partial consideration, for any other interest in real property needed for highway purposes. The department may establish the manner and terms and conditions for the exchange.

(2) The owner from whom the interest was originally acquired by the state or his successor in interest has the right to require the department to offer the land for sale in the manner set forth in 60-4-202 and 60-4-203. The department shall notify the owner or successor in interest of its intention to exchange the interest. The owner shall make his demand for sale by registered or certified mail to the department within 10 days after receipt of notice from the department.

The department may sell an interest in real property if the department determines that the property is not necessary to the laying out, altering, construction, improvement, or maintenance of a highway. If the interest is reasonably of a value in excess of $2,500, sale must be made to the highest bidder at public auction. The sale of an interest at auction must be conducted as provided in 77-2-321.

History: En. Sec. 8-110, Ch. 197, L. 1965; amd. Sec. 133, Ch. 316, L. 1974; R.C.M. 1947, 32-3910; amd. Sec. 1, Ch. 305, L. 1981; amd. Sec. 1, Ch. 232, L. 1995.

60-4-203. Conduct of sale. (1) The department shall publish notice of the sale once a week for 4 successive weeks in a newspaper published in the county in which the interest is located. The notice of sale must contain the information required by 77-2-322. Sale must be held in the county where the property is located.

(2) Before the sale of an interest having a value in excess of $2,500, the department must have the interest appraised at a price representing a fair market value. The appraised value must be stated in the published notice.

(3) A sale of an interest may not be made unless it has been appraised within 3 months prior to the date of the sale. A sale may not be made for less than 90% of the appraised value.

(4) Title to an interest may not pass from the state until the purchaser has paid the full amount of the purchase price into the state treasury to the credit of the department.

60-4-205. Private sale if no bid or offer. (1) If, after proper notice is published, the department receives neither bid at public sale nor offer from the original owner or his successor in interest, it may at any time thereafter sell the interest at private sale. At the sale, the department may accept as the purchase price an amount of money not less than 90% of the appraised value.

(2) Title to an interest may not pass from the state until the purchaser has paid the full amount of the purchase price into the state treasury to the credit of the department.

(1) Upon abandonment by the state in the manner provided in subsection (2) of an interest in real property acquired for the purpose of establishment of a highway, the owner of contiguous real property or his successor in interest is vested with the abandoned interest to the extent provided in subsection (3).

(2) For the purposes of this section:

(a) a fee simple interest may be abandoned only by the proper order of the commission; and

(b) an interest of less than fee simple may be abandoned in the manner provided in subsection (2)(a), by operation of law, and by judgment of a court of competent jurisdiction.

(3) The interest acquired by the contiguous property owner under subsection (1) is the abandoned interest or portion of such interest:

(a) if there are different contiguous property owners on each side of the abandoned interest, bounded on one side by the contiguous property and on the remaining two opposite sides by lines following the shortest distance from the extreme ends of the contiguous property abutting upon the abandoned interest to the center of the abandoned interest; and

(b) if the owners of the contiguous property on each side of the abandoned interest are one and the same, bounded on two opposite sides by the contiguous properties and on the two remaining opposite sides by lines following the shortest distance from the extreme ends of the contiguous property on one side of the abandoned interest to the extreme ends of the contiguous property on the other side of the abandoned interest.

(4) For the purpose of this section, an interest in property abandoned by a proper order of the commission includes an interest in property that the commission determines to be unnecessary to the laying out, altering, construction, improvement, or maintenance of a highway, whether or not the commission determines to sell such interest.

(5) The interest acquired by a contiguous property owner under subsection (3) is conditioned upon the use of the property for agricultural or noncommercial purposes. If the property is used for commercial purposes or for purposes of future subdivision or other similar development, the property shall revert to the state for sale pursuant to this part. This restriction applies to all subsequent holders of title to the property.

(1) (a) "Cost of relocation" means the amount paid by the utility for material, labor, and equipment properly attributable to the relocation after deducting any increase in the value of the new facility and any salvage value derived from the old facility.

(b) "Cost of relocation" does not mean engineering costs for designing, locating, staking, inspecting, or any other incidental costs of engineering.

(2) "Facility" means a utility's tracks, pipes, mains, conduits, cables, wires, towers, poles, and other equipment and appliances impacted by a project on a federal-aid system or state highway.

(3) "Federal-aid systems" includes the following, as defined in 60-2-125:

(a) national highway system;
(b) primary highway system;
(c) secondary highway system; and
(d) urban highway system.

(4) "State highway" means that term, as defined in 60-2-125.

(5) "Utility" includes publicly, privately, and cooperatively owned utilities.

60-5-101. Policy. The legislature declares it to be the policy of this state to facilitate the flow of traffic and promote public safety by controlling access to:

(1) highways included by the federal highway administration in the national system of interstate highways;

(2) throughways and intersections with throughways;

(3) such other federal-aid and state highways as shall be designated by the commission in accordance with the requirements set forth in this chapter.

History: En. Sec. 10-101, Ch. 197, L. 1965; amd. Sec. 152, Ch. 316, L. 1974; R.C.M. 1947, 32-4301; amd. Sec. 23, Ch. 23, L. 1979.

60-5-102. Definitions. When used in this chapter, the following definitions apply:

(1) "Arterial highway" means a state highway designated by agreement between the commission and the secretary of transportation as part of the federal-aid primary system and any highway so designated as a part of the

federal-aid secondary system which has been constructed and is being used primarily for through traffic on a continuous route.

(2) "Controlled-access facility" means and includes streets, alleys, public roads, private roads, and ways of passage intersecting a controlled-access highway and real property contiguous to the right-of-way of a controlled-access highway.

(3) "Controlled-access highway" means those portions of an interstate highway, throughway, or throughway intersection which the commission designates for through traffic or other federal-aid or state highway over, from, or to which owners or occupants of abutting land or other persons have no easement of access or only a limited easement of access, light, air, or view. It also means those portions of spurs to the interstate highway system which the commission designates as unsafe or impeded by unrestricted access of traffic from intersecting streets or alleys or public or private roads or ways of passage.

(4) "Existing highway" means and includes highways, roads, and streets established, constructed, and in use on March 2, 1955. It does not include highways, roads, or streets, established, constructed, and in use after that date or highways, roads, or streets, or portions thereof relocated after that date.

(5) "Highway authorities" or "authority" means the entities in state, county, and municipal governments which have authority to construct, repair, and maintain highways, roads, and streets.

(6) "Interstate highway" means a highway included as a part of the national system of interstate highways.

(7) "Throughway" means a portion of an arterial highway constructed and used for carrying traffic partially or entirely around a town or city or a portion thereof.

(8) "Throughway intersection area" means an area within a radius of 300 feet from the point of intersection of the centerlines of a throughway and a public road, street, or highway.

History: En. Sec. 10-102, Ch. 197, L. 1965; amd. Sec. 153, Ch. 316, L. 1974; R.C.M. 1947, 32-4302.

60-5-103. Designation as controlled-access highway. (1) No portion of any interstate highway, throughway or throughway intersection, or other federal-aid or state highway shall be designated as a controlled-access highway unless the commission shall adopt a resolution so designating it. The resolution shall be adopted by the majority vote of the members in attendance at any regular or special meeting. In it, the commission shall find and determine that it is necessary and desirable that:

(a) the owners or occupants of the abutting land or other persons shall have no easement of access or only a limited easement of access, light, air, or view;

(b) the rights of or easements to access, light, air, or view be acquired by the state so as to prevent such portion of highway from becoming unsafe for or impeded by unrestricted access of traffic from intersecting streets, alleys, public or private roads, or ways of passage.

(2) The resolution shall contain a statement of the reasons for its adoption and shall set forth the location, distance, and termini of the portion of the highway designated as a controlled-access highway.

History: **En. Sec. 10-103, Ch. 197, L. 1965; amd. Sec. 1, Ch. 215, L. 1969; R.C.M. 1947, 32-4303.**

60-5-104. Powers of highway authorities. (1) Those authorities of the state, counties, and municipalities authorized to participate in construction and maintenance of highways may plan, designate, establish, regulate, vacate, alter, improve, maintain, and provide controlled-access facilities for public use. Each such authority shall by resolution make the findings and determinations provided for in 60-5-103.

(2) The highway authorities of the state, counties, incorporated cities, and towns, respectively, or in cooperation each with the other, may acquire private or public property and property rights for controlled-access highways or controlled-access facilities and service roads. Such rights may include rights of access, air, view, and light. They may be acquired by gift, devise, purchase, or condemnation, in the same manner as may now or hereafter be authorized by law for the acquisition of property or property rights in connection with highways, roads, and streets in their respective jurisdictions.

(3) Within incorporated cities and towns and upon county roads or secondary highways, the department of transportation shall not control access without the consent of the appropriate governing body.

(4) Each authority may also exercise with relation to controlled-access facilities any and all additional authority now or hereafter vested in it over highways, roads, or streets within its respective jurisdiction. It may regulate, restrict, or prohibit the use of controlled-access facilities by any vehicles or traffic.

History: **(1), (3), (4)En. Sec. 10-105, Ch. 197, L. 1965; amd. Sec. 1, Ch. 436, L. 1973; Sec. 32-4305, R.C.M. 1947; (2)En. Sec. 8-218, Ch. 197, L. 1965; Sec. 32-4018, R.C.M. 1947; R.C.M. 1947, 32-4018, 32-4305; amd. Sec. 3, Ch. 512, L. 1991.**

60-5-105. Design of controlled-access facility — entrance and exit restricted. (1) Each highway authority may so design any controlled-access facility and so regulate, restrict, or prohibit access as to best serve the traffic for which the facility is intended. In so doing, it may divide and separate any controlled-access facility into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations or by designating the separate roadways by signs, markers, stripes, and other devices.

(2) No person shall have any right to enter upon, exit from, or cross any controlled-access facility except at designated points at which access may be permitted. Terms and conditions governing such access may be specified from time to time.

60-5-106. Elimination of grade crossings. (1) Each highway authority may provide for elimination of intersections at grade of controlled-access highways or controlled-access facilities with existing federal-aid and state highways, county roads, and city or town streets. Elimination shall be accomplished at the boundary of the controlled-access right-of-way.

(2) After the establishment of any controlled-access highway or facility, no private or public highway or street which is not a part of the highway or facility shall intersect it at grade, except as may be provided in the resolution designating it a controlled-access highway or facility. No street, road, highway, or other public or private way shall be opened into or connected with any controlled-access highway or facility without the prior consent and approval of the appropriate highway authority which adopted the controlled-access resolution.

(3) The commission may, whenever it determines that the public safety is not thereby impaired, authorize the continued intersection at grade of lightly traveled farm entrances and minor public roads as ways of access to controlled-access highways in sparsely populated rural areas. The commission shall have sole jurisdiction to determine the existence and location of any intersection with interstate highways, throughways, and other federal-aid and state highways.

60-5-107. Existing roads and streets as service roads. (1) In connection with the development of any controlled-access highway or facility, each highway authority may plan, designate, establish, use, regulate, alter, improve, maintain, and vacate local service roads and streets. Each authority may designate as local service roads and streets any existing road or street.

(2) Service roads and streets shall be of appropriate design. They shall be separated from the controlled-access highway or facility by means of all devices determined to be necessary to carry out the provisions of this chapter.

(3) Each authority shall exercise jurisdiction over service roads and streets in the same manner as is authorized over controlled-access highways or facilities.

60-5-501. Purpose. It is the purpose of this part to provide for the installation of motorist information signs giving specific information of interest to the traveling public regarding motorist services that are conveniently accessible from the interstate and primary highways within the state.

History: En. Sec. 1, Ch. 537, L. 1989.

60-5-502. Definitions. As used in this part, unless the context indicates otherwise, the following definitions apply:

(1) "Business sign" means a separately attached sign mounted on a motorist information sign panel to show the brand, symbol, trademark, or

name, or combination of these, for a motorist service available on a crossroad at or near an interchange or intersection.

(2) "Crossroad" means a marked route or other public road intersecting a freeway or divided highway for which access is provided at an interchange or intersection.

(3) "Department" means the department of transportation provided for in 2-15-2501.

(4) "Franchisee" means a person awarded a franchise as provided in 60-5-505.

(5) "Motorist information sign" means a rectangular sign panel located in the same manner as other official traffic signs, readable from the main traveled way, and that is a:

(a) specific information sign; or

(b) tourist-oriented directional sign.

(6) "Motorist service" means gas, food, lodging, camping, recreation, and other tourist services.

(7) "Specific information sign" means a motorist information sign that is located on the interstate highway system and that contains:

(a) the words "GAS", "FOOD", "LODGING", or "CAMPING";

(b) directional information; and

(c) one or more individual business signs.

(8) "Tourist-oriented directional sign" means a motorist information sign located on the primary highway system to provide:

(a) business identification; and

(b) directional information for businesses, services, and activities of interest to tourists.

History: En. Sec. 2, Ch. 537, L. 1989; amd. Sec. 3, Ch. 512, L. 1991.

60-5-503. Rulemaking authority. The department may adopt rules necessary to implement the provisions of 60-5-501, 60-5-502, 60-5-504, 60-5-505, 60-5-509 through 60-5-514, and 60-5-519 through 60-5-522.

60-5-506 through 60-5-508 reserved.

60-5-509. Contract requirements. All contracts made between the department and a franchisee must provide for:

(1) a requirement that the franchisee obtain liability insurance in an amount sufficient to jointly insure the state and the franchisee against all liability for claims for damages occurring wholly or in part because of the franchisee; and

(2) the standards for the size, design, erection, and maintenance that were adopted under 60-5-503.

History: En. Sec. 13, Ch. 537, L. 1989.

60-5-510. Costs. The department shall authorize reasonable fees to cover all costs incurred under the motorist information sign program. Fees must be paid under agreements negotiated between a franchisee and an advertiser unless otherwise provided in the contract between the department and the franchisee.

History: En. Sec. 14, Ch. 537, L. 1989.

60-5-511. Specific information signs within right-of-way of interstate highway system. Specific information signs may be erected and maintained within the right-of-way of the interstate highway system to give the traveling public specific information as to motorist services available on a crossroad at or near an interchange.

History: En. Sec. 3, Ch. 537, L. 1989.

Cross-References

Outdoor advertising prohibited — exceptions, 75-15-111.

60-5-512. Specific information signs — number of business signs — distances. (1) The number of specific information signs permitted is limited to one for each type of motorist service along an approach to an interchange or intersection.

(2) More than six business signs may not be displayed on a "GAS", "FOOD", "LODGING", or "CAMPING" specific information sign. Except as provided in subsection (3), a business may not be allowed more than one business sign on the same specific information sign.

(3) In areas where there are not more than four qualified businesses available for each of two or more types of motorist services, business signs for two types of services may be displayed by a business on the same specific information sign. More than four business signs for each type of service may not be displayed in combination on a specific information sign.

(4) To qualify for business identification on a specific information sign, a motorist service facility shall meet the eligibility criteria established in 60-5-514 and may not be located more than 3 miles from the interstate highway. However, if eligible services are not located within the 3-mile limit, the distance limits may be increased in 3-mile increments until either an eligible service or 15 miles is reached.

History: **En. Sec. 4, Ch. 537, L. 1989; amd. Sec. 1, Ch. 260, L. 1993; amd. Sec. 1, Ch. 281, L. 1997.**

Compiler's Comments

1997 Amendment: Chapter 281 in first sentence of (3) substituted "where there are not more than four qualified businesses" for "where there are only one or two qualified businesses" and in second sentence substituted "four business signs" for"two business signs". Amendment effective April 16, 1997.

60-5-513. Sign composition — spacing — conformity with laws. (1) A specific information sign panel must have a blue background with a white reflectorized border. The panels may be illuminated subject to regulation by the department.

(2) A business sign must have a blue background with a white legend unless other requirements are established by the department. Nationally, regionally, or locally known commercial symbols, brands, or trademarks for service stations, restaurants, campgrounds, and motels must be used when applicable. The symbol, brand, or trademark used on the business sign must be reproduced in the colors and general shape consistent with customary use. Messages, symbols, brands, or trademarks that interfere with or resemble any official warning or regulatory traffic sign, signal, or device are prohibited.

(3) Specific information signs are permitted only at locations where there is adequate distance between interchanges in compliance with the Manual on Uniform Traffic Control Devices, as amended.

(4) The spacing between two specific information sign panels and between specific information sign panels and official traffic control signs must be in accordance with the Manual on Uniform Traffic Control Devices. If there is insufficient space for both official traffic control signs and specific information signs, the official traffic control signs must be installed.

(5) The erection and maintenance of specific information signs must conform to national standards promulgated by the secretary of the U.S. department of transportation pursuant to 23 U.S.C. 131 and 23 U.S.C. 315 and rules adopted by the department under 60-5-503.

History: **En. Sec. 5, Ch. 537, L. 1989.**

60-5-514. Business eligibility — criteria — restrictions. (1) To be eligible for placement of a business sign on a specific information sign panel, a business establishment shall meet standards for "GAS", "FOOD", "LODGING", and "CAMPING" services in rules adopted by the department pursuant to guidelines in the Manual on Uniform Traffic Control Devices, as amended.

(2) (a) Each business identified on a specific information sign shall provide assurance of its conformity with all applicable laws concerning the provision of public accommodations without regard to race, color, sex, culture, social origin or condition, or political or religious ideas.

(b) If such a business violates any of these laws, it loses eligibility for business identification on a specific information sign.

(3) No business that owns any outdoor advertising structure in violation of the provisions of Title 75, chapter 15, part 1, may be eligible for business identification on a specific information sign for 1 year after the illegal outdoor advertising structure is removed unless the owner voluntarily removes it within 45 days of receiving notification under 75-15-131.

History: **En. Sec. 6, Ch. 537, L. 1989.**

60-5-515 through 60-5-518 reserved.

60-5-519. Tourist-oriented directional signs within right-of-way of primary highway system. (1) Tourist-oriented directional signs may be erected and maintained within the right-of-way of the primary highway system to provide information to the traveling public concerning motorist services accessible from the primary highway system by way of an intersecting highway.

(2) Except as provided by rule, a tourist-oriented directional sign may not be erected if the place of business is readily visible from the main-traveled roadway.

History: En. Sec. 7, Ch. 537, L. 1989.

Cross-References

Outdoor advertising prohibited — exceptions, 75-15-111.

60-5-520. Tourist-oriented directional signs — number of business signs — distances. (1) The number of tourist-oriented directional signs is limited to three signs on an approach to an intersection.

(2) No more than four business signs may be installed on a tourist-oriented directional sign.

(3) To qualify for business identification on a tourist-oriented sign, a business shall meet the eligibility criteria established in 60-5-522 and may not be located more than 5 miles from the primary highway, except as otherwise permitted by the department if no eligible business is located within the 5-mile limit.

History: En. Sec. 8, Ch. 537, L. 1989.

60-5-521. Sign composition — design — conformity with standards and rules. (1) A tourist-oriented directional sign must be rectangular in shape and must have a white legend and border on a blue background.

(2) A tourist-oriented directional sign may contain standard general service symbols to indicate a class of business, service, or activity.

(3) Business signs for specific businesses, services, and activities may be installed on a tourist-oriented directional sign. Nationally, regionally, or locally known commercial symbols, brands, or trademarks for service stations, restaurants, campgrounds, and motels must be used when applicable. Such commercial symbols, brands, and trademarks must be reduced to an appropriate size. No business sign may resemble any official warning or regulatory traffic sign, signal, or device.

(4) A tourist-oriented directional sign may contain no more than two lines of legend, including no more than one business sign, a separate directional arrow, and the distance to the specific business, service, or activity.

(5) The content of the legend must be limited to the identification of the business, service, or activity. The legend may not include promotional advertising.

(6) The legends, arrows, and business signs displayed on a tourist-oriented directional sign may be reflectorized.

(7) The erection and maintenance of tourist-oriented directional signs must conform to national standards promulgated by the U.S. secretary of transportation pursuant to 23 U.S.C. 131 and 23 U.S.C. 315 and rules adopted by the department under 60-5-503.

History: **En. Sec. 9, Ch. 537, L. 1989.**

60-5-522. Business eligibility — criteria — restrictions. (1) To be eligible for business identification on a tourist-oriented directional sign, a business establishment shall meet the following standards for a business, service, or activity:

(a) Gas, food, lodging, and camping services must:

(i) be licensed and approved by the state and local agencies regulating the particular type of business;

(ii) provide an acceptable level of service to the public;

(iii) be in continuous operation at least 8 hours a day, 5 days a week, including Saturday or Sunday; and

(iv) have a telephone and restroom facilities available for public use.

(b) Recreation services must:

(i) be licensed and approved by state and local agencies as required by law;

(ii) provide to families and the public activities of interest in which people participate for purposes of physical exercise, collective amusement, or enjoyment of nature. Such activities may include hiking, golfing, skiing, boating, swimming, picnicking, fishing, and horseback riding.

(c) Tourist services must:

(i) be licensed as required by law;

(ii) be open to the public at least 8 hours a day, 5 days a week, including Saturday or Sunday, during the normal tourist season; and

(iii) provide a natural, recreational, historical, cultural, educational, or entertainment activity or a unique or unusual commercial or nonprofit activity, from which the major portion of income or visitors is derived during normal business seasons from motorists not residing in the immediate area of the activity.

(2) Priority under subsection (1)(a) must be given to businesses that are in continuous operation for 12 months a year.

(3) (a) Each business identified on a tourist-oriented directional sign shall provide assurance of its conformity with all applicable laws concerning the provision of public accommodations without regard to race, color, sex, culture, social origin or condition, or political or religious ideas.

(b) If a business violates any of these laws, it loses eligibility for business identification on a tourist-oriented directional sign.

(4) A business that owns any outdoor advertising structure in violation of the provisions of Title 75, chapter 15, part 1, may not be eligible for business identification on a tourist-oriented directional sign for 1 year after the illegal outdoor advertising structure is removed unless the owner voluntarily removes it within 45 days of receiving notification under 75-15-131.

Part 1

Removal of Encroachments by State Authorities

60-6-101. Highway encroachments — immediate removal. (1) If any highway under the jurisdiction of the transportation commission is encroached upon by a fence, building, structure, sign, marker, mailbox, newspaper delivery box, or other obstruction, the department of transportation may give notice in writing to the person erecting or maintaining such encroachment requiring the same to be removed.

(2) The department shall adopt rules pertaining to the accommodation of mailboxes and newspaper delivery boxes on public highway rights-of-way. The rules must ensure that the location and construction of mailboxes and newspaper delivery boxes conform to the rules and regulations of the U.S. postal service.

(3) If the encroachment obstructs and prevents the use of the highway for vehicles, the department may immediately remove the same without the notice required by 60-6-102.

History: **En. 32-4411 by Sec. 1, Ch. 231, L. 1975; R.C.M. 1947, 32-4411; amd. Sec. 1, Ch. 287, L. 1991; amd. Sec. 3, Ch. 512, L. 1991; amd. Sec. 6, Ch. 75, L. 1995.**

60-6-102. Notice of encroachment. (1) Notice to remove the encroachment, specifying the width of the highway right-of-way and the place and extent of the encroachment, must be given to the person erecting or maintaining such encroachment.

(2) Notice must be given in the following manner:

(a) in writing by certified mail sent to the person's business or personal address or by personal service;

(b) if such address cannot be found, by posting it on the encroachment.

60-6-103. Time limit for removal — penalty. If the encroachment is not permanently affixed to the land, such encroachment shall be removed from the right-of-way within 2 days after receipt of the notice. If such an encroachment remains on the right-of-way after this period of time, the person who causes, owns, or controls the encroachment shall be liable for the cost of such removal.

History: En. 32-4413 by Sec. 3, Ch. 231, L. 1975; R.C.M. 1947, 32-4413.

60-6-104. Denial of encroachment — department action. If the encroachment is denied, the department shall commence appropriate legal action to have said encroachment removed. If the department recovers a judgment, it shall have its costs. If the encroachment is not removed within 5 days after entry of judgment, the department may remove it at the expense of the person who causes, owns, or controls it.

Fencing of Open Range

Part Cross-References
Open range defined, 81-4-203.

60-7-101. Purpose. It is the purpose of 60-7-101 through 60-7-103 to balance the tradition of the open range and the economic and geographic problems of raising livestock with the need for safer highways and the policy of taking all feasible measures to reduce the high incidence of traffic accidents and fatalities on Montana highways.

History: En. 32-2425.1 by Sec. 1, Ch. 255, L. 1974; R.C.M. 1947, 32-2425.1.

60-7-102. Definitions. As used in 60-2-208 and 60-7-101 through 60-7-103, the following definitions apply:

(1) A "high-hazard area" is a segment of the primary highway system passing through open range where livestock moves on or across the highway often enough, in enough numbers, and with enough ease of access that such animals create a significant traffic safety hazard. Evidence bearing on whether animals on the highway pose a significant hazard includes, without limitation, past accident records, the opinions of persons qualified by experience to evaluate the relative safety of road conditions, and the terrain around the road.

(2) "Livestock" means cattle, sheep, swine, horses, mules, and goats.

(3) A "low-hazard area" is a segment of the primary highway system passing through open range which is not a high-hazard area.

(4) "Open range" means those areas of the state where livestock is raised and maintained in sufficient numbers as to constitute a significant part of the local or county economy and where such animals graze and move about generally unrestrained by fences.

History: En. Sec. 1, Ch. 311, L. 1969; amd. Sec. 2, Ch. 255, L. 1974; amd. Sec. 91, Ch. 316, L. 1974; R.C.M. 1947, 32-2426(2).

60-7-103. Department to fence right-of-way through open range. (1) The department shall fence the right-of-way of any part of the state highway system that is constructed or reconstructed after July 1, 1969, through open range where livestock present a hazard to the safety of the motorist. Where a fence is constructed, adequate stock gates or stock passes, as necessary, shall be provided to make land on either side of the highway usable for livestock purposes.

(2) The department shall erect a fence in every high-hazard area as promptly as possible, and the cost of such construction is an expenditure for the enforcement of federal-aid highway safety programs. Gates, stock underpasses, water facilities, and cattle guards may be installed where necessary to make the land on either side of the highway usable for livestock purposes or where a public right-of-way intersects the state highway.

History: **(1)En. Sec. 1, Ch. 311, L. 1969; amd. Sec. 2, Ch. 255, L. 1974; amd. Sec. 91, Ch. 316, L. 1974; Sec. 32-2426, R.C.M. 1947; (2)En. 32-2429 by Sec. 5, Ch. 255, L. 1974; Sec. 32-2429, R.C.M. 1947; R.C.M. 1947, 32-2426(1), 32-2429.**

Grazing of Livestock on Highways

60-7-201. Grazing livestock on highway unlawful. A person who owns or possesses livestock may not permit the livestock to graze, remain upon, or occupy a part of the right-of-way of:

(1) a state highway running through cultivated areas or a part of the fenced right-of-way of a state highway if in either case the highway has been designated by agreement between the transportation commission and the secretary of transportation as a part of the national system of interstate and defense highways; or

(2) a state highway designated by agreement between the transportation commission and the secretary of transportation as a part of the federal-aid primary system, except as provided in 60-7-202.

History: **En. Sec. 1, Ch. 95, L. 1951; amd. Sec. 1, Ch. 186, L. 1961; Sec. 32-1018, R.C.M. 1947; amd. and redes. 32-21-176 by Sec. 7, Ch. 316, L. 1974; R.C.M. 1947, 32-21-176; amd. Sec. 6, Ch. 75, L. 1995.**

60-7-202. Exclusions. Section 60-7-201 does not apply to the following:

(1) livestock on state highways under the charge of one or more herders;

(2) the parts of fenced highways adjacent to open range where a highway device has not been installed to exclude range livestock;

(3) the parts of a state highway or a part of the federal-aid primary system which the department of transportation designates as being impracticable to exclude livestock. These portions of the highway shall be marked by proper signs in accordance with the department's manual and specifications for a uniform system of traffic-control devices.

History: **En. Sec. 2, Ch. 95, L. 1951; amd. Sec. 2, Ch. 186, L. 1961; Sec. 32-1019, R.C.M. 1947; amd. and redes. 32-21-177 by Sec. 8, Ch. 316, L. 1974; R.C.M. 1947, 32-21-177; amd. Sec. 24, Ch. 23, L. 1979; amd. Sec. 3, Ch. 512, L. 1991.**

60-7-203. Penalty. A person who violates 60-7-201 is guilty of a misdemeanor and is subject to a fine of not less than $5 or more than $100 for each offense. In a civil action for damages caused by collision between a motor vehicle and a domestic animal or animals on a highway brought by the owner, driver, or occupant of a motor vehicle or by their personal representatives or assigns or by the owner of livestock, there is no presumption or inference that the collision was due to negligence on the part of the owner or the person in possession of the livestock or the driver or owner of the vehicle.

A person who owns, controls, or possesses livestock may not herd or drive a herd of livestock numbering more than 10 on an interstate or state primary highway designated as such by the transportation commission unless the livestock is preceded and followed by flagmen escorts for the purpose of warning other highway users. Livestock may not be herded or driven on an interstate or state primary highway during nighttime, as that term is defined in 1-1-301, except in a case of emergency. In the case of an emergency during the nighttime, the flagmen escorts shall use adequate warning lights, such as but not limited to portable lamps, lanterns, or rotating beacons. This section does not apply during daytime at posted livestock crossings on highways.

60-11-111. Identification and acquisition of railroad rights-of-way — identification of railroad lines for rehabilitation. (1) Identification of those railroad lines proposed for abandonment in the state of Montana that may have potential for local transportation service or future use as transportation corridors is necessary to determine the feasibility of acquisition by the state and to allow the state to negotiate for acquisition of those railroad lines or easements in the lines.

(2) Identification of those railroad branch lines in the state that may have potential for local rail freight transportation service is necessary to determine the feasibility of providing loans or grants to the owner or operator of the railroad line as provided in 60-11-120.

(3) The department of transportation:

(a) shall identify railroad rights-of-way in this state that may be abandoned and research the feasibility of acquisition by the state of Montana of those rights-of-way that may be abandoned;

(b) shall identify, under the state rail planning program, railroad branch lines that should be preserved for continued operation;

(c) may negotiate for and acquire easements in the rights-of-way or the railroad rights-of-way and attendant facilities identified pursuant to subsection (3)(a) and:

(i) hold all acquired lands in trust for transportation purposes; and

(ii) upon creation of an appropriate local authority, other than an agency of state government, shall transfer to the local authority all attendant facilities and all rights and responsibility to operate and maintain transportation services over the lands acquired in subsection (3)(c);

(d) shall cooperate with and assist persons representing recreational, transportation, and utility interests and other interested persons, including adjacent landowners, in acquiring ownership or easement of abandoned railbeds; and

(e) shall establish procedures, including the use of federal funds received for rail freight assistance programs under 49 U.S.C. 1654, for providing loans and grants under 60-11-120.

(4) Abandoned rights-of-way acquired and held in trust pursuant to subsection (3)(c)(i) must be administered by the department of natural resources and conservation, as prescribed in Title 77, until the land is needed for transportation purposes.

History: En. Secs. 1, 2, Ch. 653, L. 1983; amd. Sec. 1, Ch. 564, L. 1985; amd. Sec. 2, Ch. 509, L. 1991; amd. Sec. 6, Ch. 512, L. 1991; amd. Sec. 1, Ch. 541, L. 1993; amd. Sec. 171, Ch. 418, L. 1995; amd. Sec. 66, Ch. 545, L. 1995.

60-11-112. Definitions. As used in 60-11-111, the following definitions apply:

(1) "Railbed" means the fee or lessor interest in the land 8.5 feet to either side of the centerline of the railroad track.

(2) "Recreational interest" means a local government or a not-for-profit corporation that has as its stated purpose the development, use, or maintenance of public recreational trails.

History: En. Sec. 1, Ch. 509, L. 1991.

60-11-113 through 60-11-119 reserved.

60-11-120. Railroad and intermodal transportation facility loans and grants — authorization — eligibility. (1) Money appropriated by the legislature may be used by the department of transportation, after deducting the necessary costs and expenses for administering this section, to provide loans and grants for the preservation and continued operation of railroad branch lines identified in 60-11-111 and for the development and improvement of intermodal transportation facilities. Proceeds of all repayments of loans, including interest, made under this section must be deposited in the state general fund.

(2) An owner or operator of a railroad identified in 60-11-111(2) is eligible for a loan or grant under this section if the owner or operator:

(a) undertakes to repair, improve, or replace rail facilities to allow the continued operation of the railroad for local rail transportation service; and

(b) derives revenue from the continued operation of the railroad.

(3) A port authority created under Title 7, chapter 14, part 11, is eligible for a loan or grant under this section for the development or improvement of an intermodal transportation facility under this section if:

(a) the port authority is included in the state transportation planning process as described in 23 U.S.C. 135; and

(b) the intermodal transportation facility for which a loan or grant is sought is integrally related to the railroad transportation system of the state.

History: En. Sec. 5, Ch. 541, L. 1993; amd. Sec. 49, Ch. 422, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 422 in (1), at beginning of first sentence, substituted "Money appropriated by the legislature" for "Money deposited in the special railroad facilities and intermodal transportation facilities account created in 60-11-122" and at end of last sentence substituted "state general fund" for "special railroad facilities and intermodal transportation facilities account"; and made minor changes in style. Amendment effective July 1, 1997.

60-11-121. Legislative findings. (1) The legislature finds that it is in the interests of the state of Montana to preserve and encourage, whenever possible, Montana's railroad transportation infrastructure, especially:

(a) those railroads classified as Class III carriers under 49 CFR, chapter X, that operate mainly within the state; and

(b) those railroads within the state that are eligible for rail freight assistance programs under 49 U.S.C. 1654.

(2) The legislature further finds that:

(a) the railroad transportation infrastructure of the state is enhanced by the development and improvement of intermodal transportation facilities by port authorities created under Title 7, chapter 14, part 11; and

(b) abandonment of railroad branch lines and the increased demands for shipping have a negative impact on the highways of the state.

(3) The legislature further finds that the preservation of those railroads described in subsection (1)(b) and the development and improvement of intermodal transportation facilities are necessary to enhance access to markets, to mitigate rural isolation and long-term negative impacts on the highways of the state, and to promote the efficiency and effectiveness of the state's transportation system.

(4) The legislature declares that loans and grants made available under 60-11-120 to railroads and to port authorities are in the interest of the state.

History: En. Sec. 1, Ch. 513, L. 1991; amd. Sec. 2, Ch. 541, L. 1993; amd. Sec. 244, Ch. 42, L. 1997.

1997 Amendment: Chapter 42 in (1)(a) substituted "49 CFR, chapter X" for "49 CFR, chapter 10". Amendment effective March 12, 1997.

60-11-122. Repealed. Sec. 66, Ch. 422, L. 1997.

History: En. Sec. 2, Ch. 513, L. 1991; amd. Sec. 3, Ch. 541, L. 1993.

60-11-123. Disposition of revenue from state-owned railroads — use of money. (1) Unless otherwise required by law, revenue from the lease or sale of assets of or revenue paid to the state of Montana by an operator of a railroad owned by the state of Montana must be deposited in the state general fund.

(2) The department of transportation is authorized to administer, as provided in 60-11-120 through 60-11-123, funding available to provide for improvement of railroad tracks and associated facilities of any state-owned railroad in Montana and to provide loans and grants to railroad lines and intermodal transportation facilities as provided in 60-11-120.

History: En. Sec. 3, Ch. 513, L. 1991; amd. Sec. 4, Ch. 541, L. 1993; amd. Sec. 50, Ch. 422, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 422 in (1), at end, substituted "state general fund" for "special railroad facilities and intermodal transportation facilities account created in 60-11-122"; and in (2), after "60-11-123", substituted "funding available" for "the special railroad facilities and intermodal transportation facilities account created in 60-11-122". Amendment effective July 1, 1997.

Part 2

Rail Passenger Service

60-11-201. Agreements for rail passenger service application. The governor or his authorized representative may negotiate with the proper authority representing any other state to establish an agreement to enable Montana, in concert with other states, to submit an application to the rail passenger corporation for institution of rail passenger service under the provisions of the Rail Passenger Service Act (45 U.S.C. 563(b)) or any interstate or federal proposal for the purpose of maintaining or augmenting rail passenger service in the state. The governor may not participate in the submission of an application until the base agreement and any application have been approved by the legislature. However, the governor or his authorized representative may enter into agreements to expand Amtrak rail passenger service under 45 U.S.C.

563(b), as that statute reads on July 1, 1985, subject to appropriation by the legislature.

(2) "Department" means the department of transportation.

(3) "Person" means an individual or a partnership, association, corporation, or other business entity.

(4) "Project" or "rehabilitation project" means a business undertaking to repair, improve, or replace rail facilities to improve the safety and efficiency of the facilities and to derive revenue.

(5) "Rail facilities" means the line of track of a railroad, including spurs and extensions, and associated facilities, including but not limited to freight and commodities, storage and loading facilities, signal and switching systems, roadbeds, and machinery and equipment designed for rail maintenance, but the term does not include engines or rolling stock used for the transport of goods or passengers.

(6) "Refunding bonds" means railroad rehabilitation refunding revenue bonds authorized by 60-11-1109.

60-11-1104. Bond details. (1) The bonds may be issued as serial bonds payable in annual installments, as term bonds, or as a combination of serial and term bonds. A bond may not mature more than 50 years from its date of issue. The amount to be issued and sold at any one time shall be determined by the department. The bonds may be sold at either public or private sale and at prices above or below par as determined by the department.

(2) At the time of issuance of the bonds, the department shall specify the bond details, including but not limited to:

(a) whether serial, term, or combination thereof;

(b) the interest rate;

(c) the denominations;

(d) whether coupon or registered bonds;

(e) the manner, medium, and place of payment;

(f) whether redeemable or not and if redeemable, the manner of redemption;

(g) bond covenants.

History: En. Sec. 4, Ch. 564, L. 1979; amd. Sec. 2, Ch. 486, L. 1981.

60-11-1105. Bond limitations. (1) The interest rate or rates on the bonds shall be determined by the department. The total amount of bonds outstanding at any one time may not exceed $25 million.

(2) Each bond must have printed on its face a statement that the state is not liable on the bond, the bond is not a debt of the state, and neither the faith and credit nor the taxing power of the state is pledged to the payment of the principal or the interest on the bond.

History: En. Sec. 5, Ch. 564, L. 1979; amd. Sec. 3, Ch. 486, L. 1981.

60-11-1106. Bond covenants. The department may enter into covenants with the bondholders by resolution, trust indenture, or other appropriate security instrument to enhance the marketability of the bonds. These covenants may relate to:

(1) the purpose to which the bond proceeds are to be applied;

(2) the use and disposition of the revenue of a project to which the bond proceeds are to be applied;

(3) the issuance of additional bonds to be paid from revenue of a project to which the bond proceeds are to be applied;

(4) the insurance to be carried on a project to which bond proceeds are to be applied;

(5) the accounting procedures and auditing powers related to a project;

(6) the terms and conditions upon which the bondholders are entitled to have a receiver appointed to operate a project to which bond proceeds are to be applied;

(7) the maintenance of a required capital reserve;

(8) the granting of a mortgage and security interest in the project and other properties of the borrower to secure the bonds;

(9) such other matters as the department considers customary and appropriate to secure the bonds.

History: En. Sec. 6, Ch. 564, L. 1979; amd. Sec. 4, Ch. 486, L. 1981.

60-11-1107. Bond accounts — appropriation. (1) There is a railroad rehabilitation account in the state special revenue fund provided for in 17-2-102. All bond proceeds shall be placed in the railroad rehabilitation account, and all money deposited in the account is continuously appropriated to the department and may be expended by the department for the purposes authorized in this part.

(2) There is a railroad rehabilitation reserve debt service fund as provided for in 17-2-102. Loan repayments and required capital reserves shall be deposited in the railroad rehabilitation reserve debt service fund, and all money deposited in the debt service fund is continuously appropriated to the department and may be expended for the payment of principal and interest on the bonds as they become due.

(3) If the department enters into a trust indenture pursuant to 60-11-1106, it may provide for the establishment of funds and accounts to be held by the trustee and may pledge and appropriate the bond proceeds, capital reserves, and loan payments to such funds and accounts notwithstanding the provisions of subsections (1) and (2).

History: En. Sec. 7, Ch. 564, L. 1979; amd. Sec. 5, Ch. 486, L. 1981; amd. Sec. 27, Ch. 298, L. 1983.

60-11-1111. Use of bond proceeds. (1) The proceeds of the bonds shall be used by the department to make loans to persons for financing rehabilitation projects on rail lines in Montana.

(2) The revenue from the project shall be used for repayment of the loan.

History: En. Sec. 11, Ch. 564, L. 1979.

60-11-1112. Loan details. The terms of any loan made pursuant to 60-11-1111 shall be specified by the department and shall be such as to assure sufficient payments to meet the obligations on the bonds. Any terms required under an agreement with the bondholder must be included in the loan agreement. The department may require the borrower to secure the loan with the project or other property of the borrower.

History: En. Sec. 12, Ch. 564, L. 1979; amd. Sec. 6, Ch. 486, L. 1981.

60-11-1113. Administration of loans. (1) The department shall develop forms and application procedures to enable a person to secure a loan authorized by 60-11-1111. Loans may only be made to persons the department determines to be capable of repaying the loan. The department shall develop criteria for this determination.

(2) Preference in making loans must be given to persons who intend to use the loan proceeds in such a manner as to create new jobs in Montana.

Vehicles

61-1-101. Definitions. Unless the context indicates otherwise, the words and phrases defined in this chapter have, as used in this title, the meanings respectively ascribed to them in this chapter.

History: En. Sec. 2, Ch. 267, L. 1947; R.C.M. 1947, 31-118; amd. Sec. 1, Ch. 421, L. 1979.

61-1-102. Motor vehicle. "Motor vehicle" means a vehicle propelled by its own power and designed or used to transport persons or property upon the highways of the state. For the purpose of chapter 3, the term also includes trailers, semitrailers, and housetrailers. For the purpose of chapter 3, parts 1 and 2, the term also includes campers. The term does not include a bicycle as defined in 61-1-123.

History: Ap.p. Sec. 6-215, Ch. 197, L. 1965; amd. Sec. 5, Ch. 290, L. 1967; amd. Sec. 119, Ch. 316, L. 1974; amd. Sec. 15, Ch. 74, L. 1975; Sec. 32-3315, R.C.M. 1947; Ap.p. 61-1-104. Special mobile equipment. (1) "Special mobile equipment" means a vehicle not designed for the transportation of persons or property on the highways but incidentally operated or moved over the highways, including road construction or maintenance machinery, ditch-digging apparatus, and well-boring apparatus. The fact that equipment is permanently attached to a vehicle does not make the vehicle special mobile equipment. The enumeration in this section is partial and does not exclude other vehicles that are within the general terms of this section.

(2) For purposes of Title 61, chapter 3, and Title 61, chapter 10, part 2, a motor vehicle or a trailer designed and used to apply fertilizer to agricultural land must be treated as special mobile equipment.

(3) For registration purposes, a log loader must be treated as special mobile equipment, subject to the identification and registration exemptions and regulations in 61-3-431.

History: **En. Sec. 2, Ch. 263, L. 1955; amd. Sec. 1, Ch. 153, L. 1975; R.C.M. 1947, 32-2102(j); amd. Sec. 4, Ch. 421, L. 1979; amd. Sec. 1, Ch. 84, L. 1993; amd. Sec. 1, Ch. 314, L. 1995; amd. Sec. 1, Ch. 159, L. 1997.**

Part 1
Traffic Safety Program

61-2-101. Purpose. To promote public safety, health, and welfare and to reduce traffic deaths, injuries, and property losses resulting from traffic accidents, it is in the public interest to establish a highway traffic safety program and provide for its administration. It is in the public interest to implement, modernize, and improve the following traffic safety activities: driver performance, including but not limited to driver education, driver testing to determine proficiency to operate motor vehicles; driver examinations, both physical and mental; driver licensing; pedestrian performance; establish an effective accident record system, including traffic accident investigation to determine the probable cause of accidents, injuries, and deaths; improve and establish a system of vehicle registration, vehicle operation, and vehicle inspection; assist in the improving of highway design and maintenance, including lighting, markings, and surface treatment to improve safety; establish an effective traffic control system; promote the adoption of uniform vehicle laws; provide for surveillance of traffic for detection and correction of high or potentially high accident locations; establish emergency services, including but not limited to communications, medical or mechanical assistance, and ambulance service for injured persons; and establish an effective compilation and storage program of reports and records through electronic data processing.

History: En. Sec. 1, Ch. 177, L. 1967; amd. Sec. 74, Ch. 348, L. 1974; R.C.M. 1947, 32-4601.

Cross-References

61-2-102. Definitions. Unless the context requires otherwise, in this part, the following definitions apply:

(1) "Department" means the department of transportation.

(2) "Highway traffic safety program" means a program designed to reduce traffic accidents, deaths, injuries to persons, and damage to property. The program must be in accordance with uniform standards established by the secretary of commerce of the United States under Title 23, U.S.C., as amended. Nothing in this part restricts or prohibits the establishment of standards that enlarge or implement the federal standards.

(3) "Political subdivisions" means each county, incorporated city or town, and school district within the boundaries of the state.

History: En. Sec. 2, Ch. 177, L. 1967; amd. Sec. 75, Ch. 348, L. 1974; amd. Sec. 34, Ch. 213, L. 1975; R.C.M. 1947, 32-4602; amd. Sec. 8, Ch. 274, L. 1981; amd. Sec. 2, Ch. 538, L. 1995.

61-2-103. Duties. (1) The governor is responsible for the administration of the highway traffic safety program. The governor may contract and do all other things necessary to secure the full benefits available to this state under the Federal Highway Safety Act of 1966 and, in so doing, may cooperate with federal and state agencies, private and public organizations, and individuals to effectuate the purposes of that enactment and all amendments to it. The governor may appoint an administrator of the highway traffic safety program to carry out the governor's responsibilities under this part. For purposes of participation in the Federal Highway Safety Act of 1966, the governor shall designate the superintendent of public instruction as the state agency responsible for all aspects of federally assisted driver education and safety programs in the public schools, including the approval of the programs, certification of teachers, and the acceptance, allocation, and expenditure of funds for driver education in accordance with applicable federal laws and regulations. Nothing in this part interferes with the provisions of Title 20, chapter 7, part 5, or 20-9-603.

(2) The department shall:

(a) advise and assist the governor in all matters of highway safety and establish comprehensive training programs, including establishment and regulation of driver training schools, certification of the schools and instructors, and establishment of adult training and retraining programs;

(b) develop and procure practice driving facilities, simulators, and other teaching aids for school and driver training use; and

(c) establish a continuing and adequate research program designed to determine the causes of accidents and effect a program of prevention.

(3) The department of justice shall:

(a) establish a uniform system of driver licensing, including mental and physical standards; and

(b) prescribe and establish safety regulations for motor vehicles and operators.

History: En. Sec. 5, Ch. 177, L. 1967; amd. Sec. 76, Ch. 348, L. 1974; amd. Sec. 35, Ch. 213, L. 1975; R.C.M. 1947, 32-4605; amd. Sec. 8, Ch. 274, L. 1981; amd. Sec. 1, Ch. 126, L. 1991; amd. Sec. 3, Ch. 538, L. 1995.

61-2-104. Funds. The governor and the department may enter into contracts with the federal government to secure maximum federal appropriation. At least 40% of all federal funds received by the state shall be spent by the political subdivisions of the state in carrying out local approved highway traffic safety programs. Except as provided in this part, the governor may accept all gifts, money, and funds to implement the purposes of this part. The expenditure of funds, exclusive of the federal appropriation, shall be maintained at a level which shall not fall below the average level of the expenditures for the last 2 full fiscal years preceding July 1, 1966, as determined by the expenditures of state and political subdivisions.

History: En. Sec. 6, Ch. 177, L. 1967; amd. Sec. 77, Ch. 348, L. 1974; R.C.M. 1947, 32-4606.

61-2-106. County drinking and driving prevention program. (1) The governing body of a county may appoint a task force to study the problem of alcohol-related traffic accidents and recommend a program designed to:

(a) prevent driving while under the influence of alcohol;

(b) reduce alcohol-related traffic accidents; and

(c) educate the public on the dangers of driving after consuming alcoholic beverages or other chemical substances that impair judgment or motor functions.

(2) A task force appointed under subsection (1) shall conduct its study and submit its recommendations within 6 months from the date it was appointed. Task force meetings are open to the public. The task force shall give notice by publication in the community meeting announcement section of a newspaper of general circulation in the county.

(3) The county governing body may by resolution adopt the recommendations of the task force appointed under subsection (1). The proposed program must be approved by the governor as provided in 61-2-105.

(4) The chairman of the task force shall submit to the county governing body:

(a) a budget and a financial report for each fiscal year; and

(b) an annual report containing but not limited to:

(i) an evaluation of the effectiveness of the program;

(ii) the number of arrests and convictions in the county for driving under the influence of alcohol and the sentences imposed for these convictions;

(iii) the number of alcohol-related traffic accidents in the county; and

(iv) any other information requested by the county governing body or considered appropriate by the task force.

(5) A copy of the annual report may be submitted to the department.

Vehicle Equipment Safety

Part Cross-References

Vehicle equipment, Title 61, ch. 9.

61-2-201. Vehicle Equipment Safety Compact. This part shall be known and may be cited as the "Vehicle Equipment Safety Compact".

Article I. Findings and Purposes

(1) The party states find that:

(a) accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare;

(b) there is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations, and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(2) The purposes of this compact are to: (a) promote uniformity in regulation of and standards for equipment;

(b) secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety;

(c) provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subsection (1) of this article.

(3) It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

Article II. Definitions

As used in this compact:

(1) "Vehicle" means every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

(2) "State" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(3) "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

Article III. The Commission

(1) There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission", hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve, and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

(2) The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(3) The commission shall have a seal.

(4) The commission shall elect annually, from among its members, a chairman, a vice-chairman, and a treasurer. The commission may appoint an executive director and fix his duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

(5) Irrespective of the civil service, personnel, or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove, or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

(6) The commission may establish and maintain independently or in conjunction with any one or more of the party states a suitable retirement system for its full time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivor's insurance

provided that the commission takes such steps as may be necessary pursuant to the laws of the United States to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(7) The commission may borrow, accept, or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

(8) The commission may accept for any of its purposes and functions under this compact any and all donations and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize, and dispose of the same.

(9) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(10) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

(11) The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

Article IV. Research and Testing

The commission shall have power to:

(1) collect, correlate, analyze, and evaluate information resulting or derivable from research and testing activities in equipment and related fields;

(2) recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken;

(3) contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing;

(4) recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations, or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

Article V. Vehicular Equipment

(1) In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than 60 days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(2) Following the hearing or hearings provided for in subsection (1) of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations, or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

(3) Each party state obligates itself to give due consideration to any and all rules, regulations, and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

(4) The commission shall send prompt notice of its action in issuing any rule, regulation, or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation, or code.

(5) If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation, or code. In such event, the commissioner of such party state shall submit any commission rule, regulation, or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(6) Except as otherwise specifically provided in or pursuant to subsections (5) and (7) of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation, or code within 6 months of the sending of the notice and, upon such adoption, the rule, regulation, or code shall have the force and effect of law therein.

(7) The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation, or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission's rule, regulation, or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subsection.

Article VI. Finance

(1) The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(2) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: one-third in equal shares and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

(3) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III(8) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III(8) hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

(5) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(6) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

Article VII. Conflict of Interest

(1) The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale, or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigations, or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment, or business, any violation of a

commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

(2) Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission, or to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

Article VIII. Advisory and Technical Committees

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

Article IX. Entry Into Force and Withdrawal

(1) This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(2) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 1 year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article X. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

61-2-202. Legislative findings on equipment safety. The legislature finds that:

(1) the public safety necessitates the continuous development, modernization, and implementation of standards and requirements of law relating to vehicle equipment, in accordance with expert knowledge and opinion;

(2) the public safety further requires that such standards and requirements be uniform from jurisdiction to jurisdiction, except to the extent that specific and compelling evidence supports variation;

(3) the department, acting upon recommendations of the vehicle equipment safety commission and pursuant to the Vehicle Equipment Safety Compact, provides a just, equitable, and orderly means of promoting the public safety in the manner and within the scope contemplated by this part.

Part 3

Driver Improvement Program

61-2-301. Purpose. The toll of accidents, personal injuries, and deaths resulting from the operation of motor vehicles remains a matter of great concern to the legislature. The failure to apply proper driving techniques in the operation of vehicles and improper driving attitudes and habits on the part of operators constitute major factors in a substantial portion of both fatal and nonfatal automobile accidents. Current efforts to improve driver skills, responsibilities, attitudes, and habits have not proved adequate to stem the accident, injury, and death toll. The public interest in the cause of highway safety will be well served by additional methods of driver rehabilitation and improvement and the establishment of programs of rehabilitative instruction, driver improvement, and direction for drivers with poor driving records.

History: **En. 31-191 by Sec. 1, Ch. 526, L. 1977; R.C.M. 1947, 31-191.**

61-2-302. Establishment of driver improvement program — participation by offending drivers. (1) The department may establish by administrative rules a driver rehabilitation and improvement program or programs that may consist of classroom instruction in rules of the road, driving techniques, defensive driving, driver attitudes and habits, actual on-the-road driver's training, and other subjects or tasks designed to contribute to proper driving attitudes, habits, and techniques.

(2) Official participation in the driver rehabilitation and improvement program is limited to those persons who are not subject to an ignition interlock restriction imposed under 61-8-442 and whose license to operate a motor vehicle in the state of Montana is:

(a) subject to suspension or revocation as a result of a violation of the traffic laws of this state or, unless otherwise provided by the sentencing court, a violation of 45-5-624; or

(b) revoked and they have:

(i) completed at least 3 months of a 1-year revocation; or

(ii) completed 1 year of a 3-year revocation; and

(iii) met the requirements for reobtaining a Montana driver's license.

(3) Notwithstanding any provision of this part inconsistent with any other law of the state of Montana, the enforcement of any suspension or revocation order that constitutes the basis for any person's participation in the driver rehabilitation and improvement program provided for in this section may be stayed if that person complies with the requirements established for the driver improvement program and meets the eligibility requirements of subsection (2).

(4) In the event that a person's driver's license has been surrendered before the person's selection for participation in the driver rehabilitation and improvement program, the license may be returned upon receipt of the person's agreement to participate in the program.

(5) The stay of enforcement of any suspension or revocation order must be terminated and the order of suspension or revocation enforced if a person declines to participate in the driver rehabilitation and improvement program or fails to meet the attendance or other requirements established for participation in the program.

(6) This part does not create a right to be included in any program established under this part.

(7) The department may establish a schedule of fees that may be charged those persons participating in the driver improvement and rehabilitation program. The fees must be used to help defray costs of maintaining the program.

(8) A person may be referred to this program by a driver improvement analyst, city judge, justice of the peace, youth court judge, judge of a district court of the state, or a hearing examiner of the department.

(9) The department may issue a restricted probationary license to any person who enrolls and participates in the driver rehabilitation and improvement program. Upon issuance of a probationary license under this section, the licensee is subject to the restrictions set forth on the license.

(10) It is a misdemeanor for a person to operate a motor vehicle in any manner in violation of the restrictions imposed on a restricted license issued to the person under this section.

Part 1
General Provisions

61-3-101. Duties of department — records. (1) The department shall keep a record as specified in this section of all motor vehicles, trailers, and semitrailers of every kind, of certificates of registration and ownership of those vehicles, and of all manufacturers and dealers in motor vehicles.

(2) The record must show the following:

(a) name of owner, residence address by street or rural route, town, and county, and mailing address if different than residence address;

(b) name and address of conditional sales vendor, mortgagee, or other lienholder and amount due under contract or lien;

(c) manufacturer of vehicle;

(d) manufacturer's designation of style of vehicle;

(e) identifying number;

(f) year of manufacture;

(g) character of motive power and shipping weight of vehicle as shown by the manufacturer;

(h) the distinctive license number assigned to the vehicle, if any;

(i) if a truck or trailer, the number of tons' capacity or GVW if imprinted on manufacturer's identification plate;

(j) except as provided in 61-3-103, the name and complete address of any holder of a perfected security interest in the vehicle; and

(k) other information that may from time to time be found desirable.

(3) The department shall file applications for registration received by it from county treasurers and register the vehicles and the vehicle owners as follows:

(a) under the distinctive license number assigned to the vehicle by the county treasurer;

(b) alphabetically under the name of the owner;

(c) numerically under make and identifying number of the vehicle; and

(d) another index of registration as the department considers expedient.

(4) The department shall determine the amount of motor vehicle taxes and fees to be collected at the time of registration for each light vehicle subject to tax under 61-3-503 and for each bus, truck having a manufacturer's rated capacity of more than 1 ton, and truck tractor subject to a fee in lieu of tax

under 61-3-528 and 61-3-529. The county treasurer shall collect the taxes and fees on each motor vehicle at the time of its registration.

(5) Vehicle registration records and indexes and driver's license records and indexes may be maintained by electronic recording and storage media.

(6) In the case of dealers, the records must show the information contained in the application for a dealer's license as required by 61-4-101 through 61-4-105, as well as the distinctive license number assigned to the dealer.

(7) In order to prevent an accumulation of unneeded records and files, regardless of any other statutory requirements, the department may destroy all records and files that relate to vehicles that have not been registered within the preceding 4 years and that do not have an active lien.

(8) All records must be open to inspection during reasonable business hours, and the department shall furnish any information from the records upon payment by the applicant of the cost of the information requested. Prior to providing the information, the department may require the applicant to provide identification. However, the department may, by rule, reasonably restrict disclosure of information on an owner or the owner's vehicle if the owner has requested in writing that the department not disclose the information.

61-3-103. *(Temporary)* **Filing of security interests — perfection — rights — procedure — fees.** (1) Except as provided in 61-3-109, the department may not file any voluntary security interest or lien unless it is accompanied by or specified in the application for a certificate of ownership of the vehicle encumbered. If the approved notice form is transmitted to the department, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete vehicle description, and the amount of the lien and is signed by the debtor. The department shall file voluntary security interests and liens by entering the name and address of the secured party upon the face of the certificate of ownership. Involuntary liens must be filed against the record of the vehicle encumbered. The department shall mail a statement certifying to the filing of a security interest or lien to the secured party. The department shall mail the certificate of ownership to the owner at the address given on the certificate; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department shall return the certificate of ownership to the county treasurer in the county in which the vehicle is to be registered. The owner of a motor vehicle is the person entitled to operate and possess the motor vehicle.

(2) A security interest in a motor vehicle held as inventory by a dealer licensed under the provisions of 61-4-101 must be perfected in accordance with Title 30, chapter 9.

(3) Whenever a security interest or lien is filed against a motor vehicle that is subject to two security interests previously perfected under this section, the department shall endorse on the face of the certificate of ownership, "NOTICE. This motor vehicle is subject to additional security interests on file with the Department of Justice." Other information regarding the additional security interests need not be endorsed on the certificate.

(4) Satisfactions or statements of release filed with the department under this chapter must be retained by it for a period of 8 years after receipt, after which they may be destroyed.

(5) Except as provided in 61-3-109 and subsection (6) of this section, a voluntary security interest or lien is perfected on the date that the lien notice and the certificate of ownership or manufacturer's statement of origin are delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection. Perfection under this section constitutes constructive notice to subsequent purchasers or encumbrancers, from the date of delivery of the lien notice to the county treasurer, of the existence of the security interest.

(6) Except as provided in 61-3-109, voluntary security interests or lien filings that do not require transfer of ownership are perfected on the date that the lien notice and the certificate of ownership or manufacturer's statement of origin are received by the department. On that date, the department shall issue to the secured party a receipt evidencing the perfection. Perfection under this subsection constitutes constructive notice to subsequent purchasers or encumbrancers, from the date that the lien notice is delivered to the department, of the existence of the security interest.

(7) Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of motor vehicles, all the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable except that deposits must be made with the department.

(8) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract within 15 days after receiving final payment is required to pay the

department the sum of $1 for each day that the person fails to file the satisfaction.

(9) Upon receipt of notice of any involuntary liens or attachments against the record of any motor vehicle registered in this state, the department shall within 24 hours mail to the owner, conditional sale vendor, mortgagees, or assignees of the owner, conditional sale vendor, or mortgagees a notice showing the name and address of the lien claimant, the amount of the lien, the date of execution of the lien, and, in the case of attachment, the full title of the court and the action and the names of the attorneys for the plaintiff and attaching creditor.

(10) It is not necessary to refile with the department any instruments on file in the offices of the county clerk and recorders at the time that this law takes effect.

(11) A fee of $4 must be paid to the department to file any security interest or other lien against a motor vehicle. The $4 fee includes the cost of filing a satisfaction or release of the security interest and also the cost of entering the satisfaction or release on the records of the department and of deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of $4 must be paid to the department for issuing a certified copy of a certificate of ownership subject to a security interest or other lien on file in the office of the department or for filing an assignment of any security interest or other lien on file with the department. All fees provided for in this section must be paid to the county treasurer for deposit in the state general fund in accordance with 15-1-504. *(Terminates June 30, 2000—sec. 4, Ch. 90, L. 1997.)*

61-3-103. *(Effective July 1, 2000)* **Filing of security interests, perfection, rights, procedure, fees.** (1) The department may not file any voluntary security interest or lien unless it is accompanied by or specified in the application for a certificate of ownership of the vehicle encumbered. If the approved notice form is transmitted to the department, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete vehicle description, amount of lien, and is signed by the debtor. The department shall file voluntary security interests and liens by entering the name and address of the secured party upon the face of the certificate of ownership. Involuntary liens must be filed against the record of the vehicle encumbered. The department shall mail a statement certifying to the filing of a security interest or lien to the secured party. The department shall mail the certificate of ownership to the owner at the address given on the certificate; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department shall return the certificate of ownership to the county treasurer where the vehicle is to be registered. The owner of a motor vehicle is the person entitled to operate and possess the motor vehicle.

(2) A security interest in a motor vehicle held as inventory by a dealer licensed under the provisions of 61-4-101, must be perfected in accordance with Title 30, chapter 9.

(3) Whenever a security interest or lien is filed against a motor vehicle that is subject to two security interests previously perfected under this section, the department shall endorse on the face of the certificate of ownership, "NOTICE. This motor vehicle is subject to additional security interests on file with the Department of Justice." No other information regarding such additional security interests need be endorsed on the certificate.

(4) Satisfactions or statements of release filed with the department under this chapter must be retained by it for a period of 8 years after receipt, after which they may be destroyed.

(5) Except as provided in subsection (6), a voluntary security interest or lien is perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection. Perfection under this section constitutes constructive notice to subsequent purchasers or encumbrancers, from the date of delivery of the lien notice to the county treasurer, of the existence of the security interest.

(6) Voluntary security interests or lien filings that do not require transfer of ownership are perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are received by the department. On that date, the department shall issue to the secured party a receipt evidencing the perfection. Perfection under this subsection constitutes constructive notice to subsequent purchasers or encumbrancers, from the date the lien notice is delivered to the department, of the existence of the security interest.

(7) Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of motor vehicles all the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable except that deposits must be made with the department.

(8) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract within 15 days after receiving final payment is required to pay the department the sum of $1 for each day that the person fails to file such satisfaction.

(9) Upon receipt of notice of any involuntary liens or attachments against the record of any motor vehicle registered in this state, the department shall within 24 hours mail to the owner, conditional sale vendor, mortgagees, or assignees of any thereof a notice showing the name and address of the lien claimant, amount of the lien, date of execution of lien, and in the case of attachment the full title of the court and the action and the name of the attorneys for the plaintiff and attaching creditor.

(10) It is not necessary to refile with the department any instruments on file in the offices of the county clerk and recorders at the time this law takes effect.

(11) A fee of $4 must be paid to the department to file any security interest or other lien against a motor vehicle. The $4 fee shall include and cover the cost of filing a satisfaction or release of the security interest and also the cost of entering such satisfaction or release on the records of the department and

deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of $4 must be paid to the department for issuing a certified copy of a certificate of ownership subject to a security interest or other lien on file in the office of the department or for filing an assignment of any security interest or other lien on file with the department. All fees provided for in this section must be paid to the county treasurer for deposit in the state general fund in accordance with 15-1-504.

Cross-References

Owner defined, 61-1-310.

61-3-106. Report of stolen and recovered motor vehicles — accessibility — insurance fraud and theft reporting — immunity. (1) It shall be the duty of the sheriff of every county of the state and of the chief of police or commissioner of police of every city to make an immediate entry regarding each vehicle theft or recovery into the state automated stolen vehicle file maintained by the law enforcement network system (LENS). Failure on the part of any officer shall be considered to be misfeasance in office and shall constitute grounds for removal. Upon entry of such information, LENS and the national crime information center must be allowed immediate access to the state automated stolen vehicle file. It shall also be the duty of LENS to file reports of stolen and recovered motor vehicles reported to it from other states.

(2) The state automated stolen vehicle file must be made available to the secretary of state or other proper official in each state of the United States

through access to the national crime information center. Before issuing a certificate of ownership, the department shall check the vehicle identification number on the motor vehicle to be registered against the state automated stolen vehicle file.

(3) Upon written request to an insurer by an authorized governmental agency or upon an insurer's own initiative to notify a specific lienholder, an insurer or an agent authorized by an insurer to act on its behalf shall release to the requesting agency or lienholder relevant information in the insurer's possession relating to any specific motor vehicle theft or motor vehicle insurance fraud.

(4) (a) Except as otherwise provided by law, information furnished pursuant to this section is privileged and may not become part of a public record. The evidence or information is not subject to a subpoena duces tecum in a civil or criminal proceeding unless the court determines after reasonable notice to the parties listed in subsection (4)(b) and a hearing that the public interest and any ongoing investigation by the parties listed in subsection (4)(b) will not be jeopardized by compliance with the subpoena duces tecum.

(b) The notice required by subsection (4)(a) must be sent to an insurer, an agent authorized by an insurer to act on its behalf, an authorized governmental agency that has an interest in the information, and a specific lienholder.

(5) An authorized governmental agency provided with information pursuant to this section may release or provide the information to any other authorized governmental agency.

(6) An insurer, an agent authorized by an insurer to act on its behalf, or an employee of an insurer or agent is not subject to civil or criminal liability in any cause of action for releasing or receiving information under this section.

(7) As used in this section, the following definitions apply:

(a) "Authorized governmental agency" means any duly constituted criminal investigative department or agency of the United States; the state department of justice; the state auditor's office; a peace officer of the state or a political subdivision of the state; or a prosecuting attorney of any state, of any political subdivision of any state, or of the United States or any district of the United States.

(b) "Relevant information" includes but is not limited to:

(i) insurance policy information related to any motor vehicle theft or motor vehicle insurance fraud under investigation, including an application for a policy;

(ii) available policy premium payment records;

(iii) the history of previous claims made by the insured; and

(iv) information relating to the investigation of any motor vehicle theft or motor vehicle insurance fraud, including statements of any person, proof of loss and notice of loss, and any information that an insurer knows or reasonably believes reveals or may reveal the identity of a person who it has reason to believe committed a criminal or fraudulent act relating to a motor vehicle theft or motor vehicle insurance claim or has knowledge of an act that has not been reported to an authorized governmental agency.

(c) "Specific lienholder" means a person or firm that holds a security interest in a motor vehicle involved in a specific motor vehicle theft or motor vehicle insurance fraud.

61-3-107. Identification number for trailers, campers, and other vehicles. (1) A trailer, semitrailer, housetrailer, or camper that does not have a manufacturer's or other identifying number thereon must be assigned an identification number by the department.

(2) The department may not issue a certificate of ownership or reissue a certificate of ownership covering a vehicle on which the identification number has been altered, removed, obliterated, defaced, omitted, or is otherwise absent unless the owner or other person lawfully in possession of the vehicle files an application with the department, accompanied by a fee of $5. The application must be on a form provided by the department and must contain information required by the department for the assignment of a special identification number for a vehicle. Upon receipt of the application and if the department is satisfied that the applicant is entitled to the assignment of an identification number, the department shall designate a special identification number for the vehicle. The department shall note the special identification number on the application and on records to be kept by the department. This assigned identification number must be stamped or securely attached in a conspicuous position on the vehicle in the manner and form prescribed by the department.

(3) In a case where the true identity of a vehicle can be established by restoring the original manufacturer's serial number or other distinguishing numbers or identification marks, the department may not assign a special identification number and shall replace the vehicle's identification mark by duplicating the manufacturer's full numeric or alphanumeric identification sequence. The department may replace an identification mark only after conducting an inquiry to determine that ownership of the vehicle bearing a restored identification mark has been lawfully transferred to the applicant. The applicant shall apply for and the department shall replace the identification mark on the vehicle as required under subsection (2).

(4) Upon receipt by the department of a certificate of inspection completed by a peace officer or authorized member of the department verifying that the identification number has been stamped or securely attached in a conspicuous position upon the vehicle, accompanied by an application for a certificate of ownership and the required fee, the department shall use the number as the numeric or alphanumeric identification mark for the vehicle in any certificate of ownership that may be issued.

Part 2

Certificates of Ownership

61-3-201. Transfer of interest — cancellation of erroneous certificate of ownership or registration. (1) Upon a transfer of any interest in a motor vehicle registered under the provisions of this chapter, the person whose interest is to be transferred shall write his signature with pen and ink upon the certificate of ownership issued for the vehicle in the appropriate space provided, and the signature must be acknowledged before the county treasurer, a deputy county treasurer, an elected official authorized to acknowledge signatures, an employee of the department, or a notary public.

(2) Within 20 calendar days after endorsement, the transferee shall forward both the endorsed certificate of ownership with the odometer mileage statement required under 61-3-206 and the certificate of registration, together with the information required under 61-3-202, to the county treasurer, who shall forward them to the department. The department may not issue a certificate of ownership or certificate of registration until the outstanding certificates are surrendered to that office or their loss is established to its reasonable satisfaction. Failure to make application within the 20-day grace period subjects the transferee to a penalty of $10. The county treasurer shall collect the penalty at the time of registration. The penalty is in addition to the fees otherwise provided by law. If the transferee does not make application within 25 days, a creditor or secured party may pay the fees for the transfer of

title and filing of security interest or lien in order to have title transferred to the transferee and have the security interest or lien filed. The creditor or secured party is not liable for the penalty, registration fees, or taxes. The department shall return the certificate of title to the county treasurer as provided in 61-3-103(1). When the certificate of ownership is returned by the department to the county treasurer, the treasurer shall hold the certificate of ownership until the vehicle is properly registered.

(3) In the event of a transfer by operation of law of any interest in a motor vehicle as upon inheritance, devise, or bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in the performance of the terms of a lease or executory sales contract, or otherwise than by voluntary act of the person whose title or interest is transferred, the executor, administrator, receiver, trustee, sheriff, or other representative or successor in interest of the person whose interest is transferred shall forward to the department an application for a certificate of ownership in the form required by the department, together with a verified or certified statement of the transfer of interest. The statement must set forth the reason for the involuntary transfer, the interest transferred, the name of the person to whom the interest is to be transferred, the process of procedure effecting the transfer, and other information requested by the department. Evidence and instruments otherwise required by law to effect a transfer of legal or equitable title to or an interest in chattels as may be required in such cases must be furnished with the statement. If the department is satisfied that the transfer is regular and that all formalities required by law have been complied with, it shall send to the owner, conditional sales vendor, lessor, mortgagee, and other lienor, as shown by its records, notice of the intended transfer and, not less than 5 days after sending notice, shall issue a new certificate of ownership and certificate of registration to the transferee. The notice required by this section is complied with by deposit in the U.S. mail of the notice, postage prepaid, addressed to the person at the respective address shown on its records.

(4) When the vehicle certificate of ownership that is involuntarily transferred is not registered in this state, the procedure in subsection (3) must be followed in applying for a new certificate of ownership and certificate of registration; however, in lieu of the statement required in subsection (3), the department may accept an affidavit of repossession on the form provided by the state in which a lien has been perfected and the department need not send notice of intended transfer and shall issue a new certificate of ownership and a new certificate of registration to the person entitled to the certificates.

(5) (a) If the owner of one or more motor vehicles, trailers, semitrailers, or housetrailers registered under this chapter and not exceeding a combined value of $15,000 dies without leaving other property necessitating the procuring of letters of administration or letters testamentary, the surviving spouse or other heir unless the property is by will otherwise bequeathed may secure transfer of the decedent's certificate of ownership and the certificate of registration for the vehicle.

(b) The person seeking transfer of the certificate of ownership shall file an affidavit with the department setting forth the fact of survivorship and the name and address of any other heirs and other facts as are necessary under subsection (5)(a) to entitle the affiant to a transfer.

(c) The department is authorized to transfer the certificate of ownership and certificate of registration, subject to all security interests shown by its records, upon receipt of an affidavit showing that the affiant is entitled to a transfer under the provisions of subsection (5)(a).

(6) Nothing in subsection (5) prevents a secured party from assigning his interest in a motor vehicle registered under the provisions of this chapter to any other person without the consent of and without affecting the interest of the holder of the certificate of ownership and certificate of registration. Upon any assignment by a secured party of his security interest in any motor vehicle registered under this chapter, a copy of the assignment must be filed with the department and a record of the assignment made upon its records.

(7) The certificate of ownership is valid until canceled by the department upon a transfer of any interest shown in the certificate, and annual renewal is not needed.

(8) (a) Upon its determination that a certificate of ownership or a registration receipt contains an error or that the applicant has paid the required fees and taxes with an insufficient funds check and if the department has been notified of that fact by the county attorney, the department may cancel the certificate of ownership or receipt and, in the case of an error, issue a replacement for the erroneous certificate or receipt if the owner has returned the certificate or receipt to be canceled. If the owner fails to return to the department the certificate of ownership, the registration receipt, or the license plate, the department shall direct a peace officer or department employee to secure and return the certificate, receipt, or license plate to the department.

(b) Any person who fails to return a certificate of ownership or a registration receipt that contains an error or that has been canceled by the department due to an insufficient funds check, as provided in subsection (8)(a), after receiving actual notice of the department's demand for the return of the certificate or receipt, as required by subsection (8)(a), is guilty of a misdemeanor and upon conviction may be fined an amount not to exceed $500.

61-3-202. Certificate of ownership — issuance — contents — joint ownership — inspection — fees. (1) Upon completion of the application for certificate of ownership, on forms furnished by the department, the county treasurer shall forward one copy of the application to the department, which shall enter the information contained in the application upon the corresponding records of its office and, except as provided in 61-3-103(1) and 61-3-201(2) concerning applications by creditors or secured parties, shall furnish the applicant a certificate of ownership subject to the provisions of 61-3-103.

(2) The certificate of ownership shall contain upon the face thereof:

(a) the date issued;

(b) the name and mailing and residence address of the owner or the names and addresses of joint owners;

(c) except as provided in 61-3-103, the name and complete address of any holder of a perfected security interest in the registered vehicle;

(d) a description of the registered vehicle, including the year built and vehicle identification number;

(e) except as provided in 61-3-103, the filing date of any lien against such motor vehicle; and

(f) such other statement of facts as may be determined by the department.

(3) When the names and addresses of more than one owner who are members of the same immediate family are listed on the certificate of ownership, joint ownership with right of survivorship, and not as tenants in common, is presumed.

(4) Upon receipt of the application, the department shall recheck the application. If there is any error in the application, it may be returned to the owner or to the county treasurer to effectively secure the correction of such error, who shall return the same to the department.

(5) The certificate of ownership shall contain a notice to the department of a transfer of interest of the owner and such other statements as may be determined by the department.

(6) A salvage vehicle for which a certificate of ownership is sought must be inspected for the vehicle identification number to authenticate the identity of the vehicle before a certificate of ownership can be issued. The inspection may not attest to the roadworthiness or safety condition of the vehicle and must be performed by department employees or peace officers designated by the department.

(7) The department may contract with a person or entity for use of a facility as a regional inspection site for salvage vehicles.

(8) To defray the cost of the vehicle inspection program, the department shall collect a fee of $18.50 for the inspection of each salvage vehicle for which a certificate of ownership is sought. The fee must be distributed as follows:

(a) A portion of the inspection fee for each salvage vehicle must be remitted by the department to the state treasurer for deposit in the general fund.

(b) A portion of the inspection fee for each salvage vehicle must be remitted by the department to the inspection site that has contractually permitted the use of its facility for the inspection.

(9) (a) An authorized inspector may seize and hold a vehicle:

(i) the inspector has probable cause to believe is stolen;

(ii) on which a motor number or vehicle identification number has been defaced, altered, removed, covered, destroyed, or obliterated; or

(iii) that does not conform with the vehicle identification number on the certificate of ownership.

(b) A seized vehicle may be held until the identity of the vehicle is established and arrangements are made for its lawful disposition. An authorized inspector may use any means necessary to identify a vehicle by its vehicle identification number or numbers.

(10) The department may not issue a certificate of ownership for a vehicle until the identity of the vehicle is established.

(11) The department may adopt rules for the implementation and administration of the vehicle inspection program.

(1) Except as provided in subsection (2), a charge of $5 must be made for issuance of an original certificate of ownership of title and for a transfer of registration, which must be collected by the county treasurer. The fees must be distributed as follows:

(a) The amount of $3.50 of each fee must be remitted to the department by the county treasurer, as provided in 15-1-504, for each application for original certificate of ownership or transfer of registration.

(b) Each March, the county commissioners of each county shall divide the fees retained by the county to:

(i) the city road fund of each city and town within the county based on the number of motor vehicles registered inside the corporate limits of each city or town; and

(ii) the county road fund based on the number of motor vehicles registered outside the corporate limits of cities and towns.

(2) Upon transfer of any interest in a used motor vehicle by a dealer, broker, or wholesaler as provided in 61-4-111(1), a charge of $5 must be paid to the department.

(1) Except as provided in subsection (3), before executing any transfer of ownership document relating to a motor vehicle, each seller of a motor vehicle shall record on the certificate of ownership the odometer reading at the time of transfer or, if the certificate of ownership does not provide for the recording of the odometer reading, furnish to the purchaser a written statement that is signed by the seller, who shall also print his name on the written statement, and that contains the following information:

(a) the odometer reading at the time of transfer;

(b) the date of transfer;

(c) the seller's name and current address;

(d) the purchaser's name and current address;

(e) the vehicle year, make, model, body style, and identification number;

(f) one of the following statements or certification:

(i) a certification by the seller that, to the best of his knowledge, the odometer reading reflects the actual miles or kilometers the vehicle has been driven;

(ii) if the seller knows that the odometer reading reflects the amount of mileage in excess of the designed mechanical odometer limit of 99,999 miles or kilometers, he shall include a statement to that effect; or

(iii) if the seller knows that the odometer reading differs from the number of miles or kilometers the vehicle has actually traveled and that the difference is greater than that caused by odometer calibration error, he shall include a statement that the odometer reading is not the actual mileage and should not be relied upon.

(2) The purchaser shall acknowledge receipt of the disclosure statement by signing it and printing his name on the disclosure statement.

(3) The seller of the following types of motor vehicles need not disclose the odometer reading of the vehicle as required in subsection (1):

(a) a motor vehicle that is 10 years old or older;

(b) a vehicle that is not self-propelled;

(c) a new motor vehicle transferred between dealers or wholesalers prior to its first retail sale, unless such vehicle has been used as a demonstrator;

(d) a vehicle having a gross weight rating of more than 16,000 pounds; or

(e) a vehicle sold directly by the manufacturer to an agency of the United States.

(4) A dealer or wholesaler licensed under 61-4-101 shall create a record of the information required in subsection (1) and shall maintain and preserve that record for at least 5 years after the date of sale of the motor vehicle to which the information pertains.

(1) Upon a transfer of any interest in a mobile home or housetrailer under the provisions of this chapter, the application for the transfer must be made through the county treasurer's office in the county in which the mobile home or housetrailer is located at the time of the transfer. The county treasurer may not accept the application unless all taxes, interest, and penalties that have been assessed on the mobile home or housetrailer have been paid in full.

(2) When a mobile home or housetrailer is sold under contract or under conditions that title is not immediately conveyed, the parties to the transaction shall immediately file with the county clerk and recorder a notice of intention to transfer title. The notice must indicate the name of the party who is responsible for payment of taxes upon the mobile home or housetrailer after the transfer. The clerk and recorder shall immediately notify the department of revenue of the information in the notice. The penalty provisions of 61-3-201(2) do not apply if the notice of intent to transfer is filed with the county clerk and recorder within 20 days after the transfer.

61-3-208. Affidavit and bond for certificate. (1) If an applicant for a vehicle certificate of title cannot provide the department with a certificate of title transferred to the applicant, the department may issue a certificate of title for the vehicle if the applicant furnishes an affidavit in a form prescribed by the department.

(2) The affidavit must be signed and sworn to before an officer authorized to administer oaths and affirmations. The affidavit must accompany the application for the certificate of title and include:

(a) the facts and circumstances through which the applicant acquired ownership and possession of the vehicle;

(b) information as required by the department to enable it to determine what security interests, liens, and encumbrances, if any, are outstanding against the vehicle;

(c) the date and the amount secured by the security interests, liens, and encumbrances, if any; and

(d) a statement that the applicant has the right to have a certificate of title issued.

(3) If after examination of the application, affidavit, and any other evidence the department determines that a certificate of title for the vehicle should be issued to the applicant, the department shall require the applicant to file with the department a good and sufficient bond before issuing the certificate of title. The bond must be:

(a) in an amount equal to the average trade-in or wholesale value of the vehicle as determined by the applicable national appraisal guide for the vehicle as of January 1 for the year in which the application for certificate of title is made. When a national appraisal guide is not available for a vehicle, the department shall determine an alternative value for the vehicle.

(b) conditioned to indemnify a prior owner, lienholder, subsequent purchaser, secured creditor, or encumbrancer of the motor vehicle and any respective successors in interest against expenses, losses, or damages caused by the issuance of the certificate or by a defect in or undisclosed security interest upon the right, title, and interest of the applicant in the vehicle; and

(c) issued by a surety company authorized to do business in the state.

(4) Any interested person has a right of action to recover on the bond for a breach of its conditions, but the aggregate liability of the surety to all persons may not exceed the amount of the bond.

(5) Unless the department has been notified of a pending action to recover the bond, the department shall return the bond at the earlier of:

(a) 3 years from the date of issuance of the certificate of title; or

(b) the date of surrender of the valid certificate of title to the department if the vehicle is no longer registered in this state.

61-3-210. Definitions. As used in this part, the following definitions apply:

(1) "Cab" means the passenger compartment of a common truck or pickup truck. It is a unit of construction that includes the top or roof and the cowl and may or may not include glass, instrumentation, the steering column, and a seat or seats.

(2) "Center structure" includes the section of either a unibody or frame-type passenger vehicle that consists of a unit of sheet metal that extends from the firewall to the back of the rear seat or the centerline of the rear wheels. The structure may comprise the roof, side and rear window posts, cowl panel, dash panel, floor pans, doors, and rocker panels if two or more of these parts are assembled together as one unit.

(3) "Component part" means the front-end assembly, center structure, or tail section of an automobile, the cab of a truck, the bed of a 1-ton or lighter truck, the frame of a vehicle, or any part of a vehicle that contains a vehicle identification number or a derivative of a vehicle identification number.

(4) "Frame" means the structure that supports the automobile body and other external component parts.

(5) "Front-end assembly" includes the hood, right front and left front fenders, grill, bumper, and radiator supports if two or more of these parts are assembled together as one unit forward of the firewall.

(6) "Salvage certificate" means a certificate of ownership issued by the department for a salvage vehicle that may be used to retitle the vehicle.

(7) "Salvage vehicle" means a vehicle damaged by collision, fire, flood, accident, trespass, or other occurrence to the extent that the owner, an insurer, or other person acting on behalf of the owner determines that the cost of parts and labor makes it uneconomical to repair the vehicle.

(8) "Salvage vehicle purchaser" means a person, other than an insurer, who purchases or otherwise obtains possession of a salvage vehicle.

(9) "Tail section" includes the floor pan, right rear and left rear quarter panels, deck lid, upper rear and lower rear panels, and rear bumper if two or more of these parts are assembled together as one unit.

(10) "Vehicle identification number" means the number, letters, or combination of numbers and letters assigned by the manufacturer, by the department, or in accordance with the laws of another state or country for the purpose of identifying the vehicle or a component part of the vehicle.

History: En. Sec. 1, Ch. 725, L. 1991.

61-3-211. Surrender of certificate of ownership — issuance of salvage certificate — salvage retitling requirements. (1) An insurer acquiring ownership of a vehicle that is less than 5 years of age that he determines to be a salvage vehicle shall surrender the certificate of ownership to the department within 15 days after acquiring the certificate. If the insurer has not sold the salvage vehicle prior to the time of surrendering the certificate of ownership, the insurer shall apply for a salvage certificate on a form prescribed by the department. If the certificate of ownership names one or more holders of a perfected security interest in the vehicle, the insurer shall secure and deliver to the department a release from each secured party of the secured interest.

(2) Upon receipt of a properly executed certificate of ownership and a salvage certificate application from an insurer, the department shall issue a salvage certificate to the insurer within 5 working days of the date of receipt of the application. Upon receipt of a salvage certificate issued by the department, an insurer may possess, retain, transport, sell, transfer, or otherwise dispose of the salvage vehicle. The salvage certificate is prima facie evidence of ownership of a salvage vehicle.

(3) If the insurer sells a salvage vehicle within the 15-day period established in subsection (1) prior to surrendering the certificate of ownership, the insurer shall complete a salvage receipt on a form prescribed by the department. The insurer shall deliver the original salvage receipt to the salvage vehicle purchaser only after obtaining a clear title and lien release. Prior to disposing of the salvage vehicle, the salvage vehicle purchaser shall apply for a salvage certificate by completing the salvage receipt and submitting it to the department. The insurer shall deliver a copy of the salvage receipt with the surrendered certificate of ownership to the department. Upon receipt of the certificate of ownership from the insurer and the application from the salvage vehicle purchaser, the department shall issue a salvage certificate to the salvage vehicle purchaser that is prima facie evidence of ownership.

(4) If an insurer determines that a salvage vehicle will remain with the owner after an agreed settlement, the insurer shall notify the department of the settlement on a form prescribed by the department. Upon receipt of the notice, the department may require the owner to surrender the certificate of ownership in compliance with this part, regardless of whether ownership of the salvage vehicle was obtained in a jurisdiction not requiring the surrender of the certificate of ownership or a comparable ownership document.

(5) At the time of surrender of a certificate of ownership for a salvage vehicle not acquired by an insurer, the department shall issue a salvage certificate to the owner. Upon receipt of a salvage certificate issued by the department to a noninsurer, the owner may possess, retain, transport, sell, transfer, or otherwise dispose of the salvage vehicle. A salvage certificate is prima facie evidence of ownership of a salvage vehicle.

(6) A fee of $5 must be paid to the department for the issuance of a salvage certificate.

(7) A salvage vehicle owned by or in the inventory of a motor vehicle wrecking facility on October 1, 1991, is exempt from the provisions of this section if the owner of the facility has complied with the provisions of 75-10-513(2).

61-3-212. Retitling salvage vehicles — penalty. (1) Prior to operating a salvage vehicle on the roads and highways of this state, the owner shall present the vehicle and the salvage certificate, if one has been issued, or the certificate of ownership, the appropriate receipts or bills of sale establishing ownership, and the source of component parts used to rebuild the vehicle to a department employee or designated peace officer for inspection at a regional inspection site authorized under 61-3-202(7). An owner may obtain a 72-hour temporary registration permit from the department or its designee for the purpose of moving a salvage vehicle to and from the designated inspection site.

(2) (a) The inspector shall inspect the vehicle to verify the identity of the vehicle.

(b) The inspector shall verify that the component parts used to rebuild the vehicle are evidenced by traceable receipts or bills of sale and that there are no indications that the vehicle or any of its parts are stolen. Documentation provided by the owner or employee of a wrecking facility licensed under the provisions of Title 75, chapter 10, part 5, is prima facie evidence of the facts stated in the documentation.

(3) Following inspection and prior to operating the vehicle on the roads and highways of this state, the owner shall apply for a new certificate of ownership by submitting the application, the salvage certificate, receipts or bills of sale, and a copy of the inspection report to the department.

(4) Upon receipt of the application, required documentation, and payment of the fee for a salvage vehicle required in 61-3-202(8), the department shall issue a new certificate of ownership with the words "rebuilt salvage" on the face of the certificate.

(5) A person failing to comply with the provisions of this part is guilty of a misdemeanor and upon conviction shall be fined an amount not to exceed $500. The salvage vehicle purchaser shall produce the salvage certificate upon request of a public official legally entitled to request the certificate. A person may not operate or use a salvage vehicle on the roads or highways of this state except when a permit has been issued.

61-3-301. Registration — license plate required — display. (1) Except as otherwise provided in this chapter, no person may operate a motor vehicle upon the public highways of Montana unless the vehicle is properly registered and has the proper number plates conspicuously displayed, one on the front and one on the rear of the vehicle, each securely fastened to prevent it from swinging and unobstructed from plain view, except that trailers, semitrailers, quadricycles, motorcycles, and vehicles authorized in 61-4-102(6) to display demonstrator plates may have but one number plate conspicuously displayed on the rear. No person may display on a vehicle at the same time a number assigned to it under any motor vehicle law except as provided in this chapter. A junk vehicle, as defined in Title 75, chapter 10, part 5, being driven or towed to an auto wrecking graveyard for disposal is exempt from the provisions of this section.

(2) No person may purchase or display on a vehicle a license plate bearing the number assigned to any county as provided in 61-3-332 other than the county of his permanent residence at the time of application for registration. However, the owner of any motor vehicle requiring a license plate on any motor vehicle used in the public transportation of persons or property may make application for the license in any county through which the motor vehicle passes in its regularly scheduled route, and the license plate issued bearing the number assigned to that county may be displayed on the motor vehicle in any other county of the state.

(3) It is unlawful to use license plates issued to one vehicle on any other vehicle, trailer, or semitrailer unless legally transferred as provided by statute, or to repaint old license plates to resemble current license plates.

(4) This section does not apply to a vehicle exempt from taxation under 15-6-215 or subject to taxation under 61-3-520.

(5) Any person violating these provisions is guilty of a misdemeanor and subject to the penalty prescribed in 61-3-601.

(1) Each owner of a motor vehicle operated or driven upon the public highways of this state shall for each motor vehicle owned, except as otherwise provided in this section, file or cause to be filed in the office of the county treasurer where the owner permanently resides at the time of making the application or, if the vehicle is owned by a corporation or used primarily for commercial purposes, in the taxing jurisdiction of the county where the vehicle is permanently assigned an application for registration or reregistration on a form prescribed by the department. The application must contain:

(a) the name and address of the owner, giving the county, school district, and town or city within whose corporate limits the motor vehicle is taxable, if taxable, or within whose corporate limits the owner's residence is located if the motor vehicle is not taxable;

(b) the name and address of the holder of any security interest in the motor vehicle;

(c) a description of the motor vehicle, including make, year model, engine or serial number, manufacturer's model or letter, gross weight, declared weight on all trucks for which the manufacturer's rated capacity is 1 ton or less, and type of body and, if a truck, the manufacturer's rated capacity;

(d) the declared weight on all trailers operating intrastate, except travel trailers or trailers and semitrailers registered as provided in 61-3-711 through 61-3-733; and

(e) other information that the department may require.

(2) A person who files an application for registration or reregistration of a motor vehicle, except of a mobile home or a manufactured home as those terms are defined in 15-1-101(1), shall upon the filing of the application pay to the county treasurer:

(a) the registration fee, as provided in 61-3-311 and 61-3-321 or 61-3-456; and

(b) except as provided in 61-3-456 or unless it has been previously paid:

(i) the motor vehicle taxes or fees in lieu of tax assessed or imposed against the vehicle for the current year of registration and the immediately previous year; or

(ii) the new motor vehicle sales tax against the vehicle for the current year of registration.

(3) The application may not be accepted by the county treasurer unless the payments required by subsection (2) accompany the application. The department may not assess or impose and the county treasurer may not collect taxes or fees for a period other than:

(a) the current year; and

(b) the immediately previous year if the vehicle was not registered or operated on the highways of the state, regardless of the period of time since the vehicle was previously registered or operated.

(4) The department may make full and complete investigation of the tax status of the vehicle. An applicant for registration or reregistration shall submit proof from the tax or other appropriate records of the proper county at the request of the department.

(2) All rates are 25% higher for motor vehicles, trailers, and semitrailers that are not equipped with pneumatic tires.

(3) "Tractor", as specified in this section, means any motor vehicle, except a passenger car, that is used for towing a trailer or semitrailer.

(4) If a motor vehicle, housetrailer, trailer, or semitrailer is originally registered 6 months after the time of registration as set by law, the registration or license fee for the remainder of the year is one-half of the regular fee except for trailers or semitrailers registered as provided in 61-3-721(6).

(5) An additional fee of $5.25 a year for each registration of a vehicle, except trailers and semitrailers registered in other jurisdictions and registered through a proportional registration agreement, must be collected as a registration fee. Revenue from this fee must be forwarded by the respective county treasurers to the state treasurer for deposit in the general fund. The department shall pay an amount equal to 25 cents from each motor vehicle registration fee from the general fund to the pension trust fund for payment of supplemental benefits provided for in 19-6-709.

(6) A fee of $2 for each set of new number plates must be collected when number plates provided for under 61-3-332(3) are issued. Revenue from this fee must be deposited as provided in subsection (5).

(7) The provisions of this part with respect to the payment of registration fees do not apply to and are not binding upon motor vehicles, trailers, semitrailers, or tractors owned or controlled by the United States of America or any state, county, city, or special district, as defined in 18-8-202.

(8) The provisions of this section relating to the payment of registration fees or new number plate fees do not apply when number plates are transferred to a replacement vehicle under 61-3-317, 61-3-332, or 61-3-335. *(See compiler's comments for contingent termination of certain text.)*

Compiler's Comments

1997 Amendments: Chapter 72 in (1)(i), after "jurisdictions", deleted "and registered"; at end of (4) inserted exception clause; and made minor changes in style. Amendment effective January 1, 1998.

Chapter 532 in (5), in third sentence after "department shall", substituted "pay an amount equal to" for "distribute", before "motor" substituted "each" for "the", and after "registration fee" inserted "from the general fund to the pension trust fund". Amendment effective July 1, 1997.

Termination — Disposition of Funds: Section 7, Ch. 567, L. 1991, provided: "(1) The provisions of [sections 1 through 6] [19-6-709 and amendments to 17-7-502 and 61-3-321] terminate upon the death of the last recipient eligible under [section 1(2)] [19-6-709(2)] for the supplemental benefit provided by [section 1] [19-6-709].

(2) Money collected for the purposes of the supplemental payment under [section 1] [19-6-709] that remains in the account, meaning the highway patrol officers' retirement pension trust fund, upon termination of [sections 1 through 6] [19-6-709 and amendments to 17-7-502 and 61-3-321] must be used to amortize unfunded liabilities of the account."

The sentence in 61-3-321(5) concerning disposition of 25 cents for supplemental benefits is the language that terminates upon occurrence of contingency.

61-3-323. Definitions. As used in 61-3-323 through 61-3-325, unless the context requires otherwise, the following definitions apply:

(1) "Domicile" means the county in which a motor vehicle is most frequently used, dispatched, or controlled.

(2) "Fleet" means 100 or more motor vehicles owned or leased by a person operating the vehicles in this state.

History: En. Sec. 1, Ch. 61, L. 1989.

61-3-324. Fleet registration — application — additions to and deletions from fleet. (1) A person owning or leasing a fleet may apply to the department of transportation to register the fleet annually through the department of transportation in lieu of registering each motor vehicle in its domicile.

(2) The application for fleet registration must:

(a) be submitted to the department of transportation prior to November 1 of each year;

(b) include a list of the motor vehicles in the fleet;

(c) include the current registration receipt for each motor vehicle; and

(d) include any other relevant information required by the department of transportation.

(3) A motor vehicle may be added to the fleet.

(4) A motor vehicle may be removed from a fleet if the owner of the fleet surrenders to the department of transportation the current registration receipt and the license plate for the vehicle no later than December 31. If the receipt or license plate has been lost or stolen, the owner shall submit an affidavit explaining why he is not able to surrender the receipt or license plate.

History: En. Sec. 2, Ch. 61, L. 1989; amd. Sec. 3, Ch. 512, L. 1991.

61-3-325. Vehicles subject to staggered registration — fees and taxes — disposition. (1) Any motor vehicle in the fleet that is subject to staggered registration under 61-3-313 through 61-3-316 may be registered as part of the fleet on the following fleet renewal date. The department of transportation shall collect the remaining fees and taxes due for the registration year after crediting the registrant for the period that was previously paid.

(2) (a) The department of transportation shall compute fees and taxes due on each motor vehicle in the fleet as provided in part 5 of this chapter, based on its domicile.

(b) The department of transportation shall also collect a registration fee of $7.50 for each motor vehicle in the fleet in lieu of the registration fee provided for in 61-3-321. The department shall retain $4.50 of each registration fee for administrative costs and forward the remaining $3 to the state treasurer for deposit in the general fund in lieu of the fee provided in 61-3-321(5).

(c) All fees and taxes must be paid no later than February 15 each year.

(d) The fees and taxes collected must be distributed by the department of transportation as provided in 61-3-321 and part 5 of this chapter, based on the domicile of each motor vehicle.

History: En. Sec. 3, Ch. 61, L. 1989; amd. Sec. 14, Ch. 398, L. 1989; amd. Sec. 3, Ch. 512, L. 1991.

61-3-326 through 61-3-330 reserved.

61-3-331. Assignment of number plates. The county treasurer shall, at the time of issuing a registration receipt under 61-3-322, assign such motor vehicle a distinctive number, viz., the license plate number, and deliver to the applicant two license plates, as received from the department, which shall bear such distinctive numbers. The department shall ship said license plates to the various county treasurers by freight, so that they will be received by the county treasurer on or before January 1 of each year.

61-3-332. Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle. The number plates are in 10 series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type that bear the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) that bear the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) that bear the distinctive letters "UD" or the letter "U" and the word "DEALER", one for dealers in trailers and/or semitrailers (new or used) that bear the distinctive letters "DTR" or the letters "TR" and the word "DEALER", one for dealers in recreational vehicles that bear the distinctive letters "RV" or the letter "R" and the word "DEALER", and one for special license plates. All markings for the various kinds of dealers' plates must be placed on the number plates assigned to the dealer, in the position that the department designates.

(2) All number plates for motor vehicles must be issued for a minimum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(3) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. The outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" and the year must be placed across the plates. Registration plates must be treated with

a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of tax-exempt motor vehicles, in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(7) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks and tax-exempt trailers, there must appear the letter "T" or the word "TRUCK" on plates assigned to trucks and the letters "TR" or the word "TRAILER" on plates assigned to trailers and housetrailers. The letters "MC" or the word "CYCLE" must appear on plates assigned to vehicles of the motorcycle or quadricycle type.

(8) Number plates issued to a passenger car, truck, trailer, or vehicle of the motorcycle or quadricycle type may be transferred only to a replacement passenger car, truck, trailer, or motorcycle- or quadricycle-type vehicle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder

River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they may be formed, beginning with the number 57.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. The special license plates must be issued to national guard members, former prisoners of war, persons with disabilities, reservists, disabled veterans, survivors of the Pearl Harbor attack, veterans of the armed services, or veterans of the armed services who were awarded the purple heart medal, who comply with the following provisions:

(a) An active member of the Montana national guard may be issued special license plates with a design or decal displaying the letters "NG". The adjutant general shall issue to each active member of the Montana national guard a certificate authorizing the department to issue national guard plates, numbered in sets of two with a different number on each set, and the member shall surrender the plates to the department upon becoming ineligible to use them.

(b) An active member of the reserve armed forces of the United States of America who is a resident of this state may be issued special license plates with a design or decal displaying the following: United States army reserve, AR (symbol); United States naval reserve, NR (anchor); United States air force reserve, AFR (symbol); and United States marine corps reserve, MCR (globe and anchor). The commanding officer of each armed forces reserve unit shall issue to each eligible member of the reserve unit a certificate authorizing the issuance of special license plates, numbered in sets of two with a different number on each set. The member shall surrender the plates to the department upon becoming ineligible to use them.

(c) (i) A resident of Montana who is a veteran of the armed forces of the United States and who is 100% disabled because of an injury that has been determined by the department of veterans affairs to be service-connected may, upon presentation to the department of proof of the 100% disability, be issued:

(A) a special license plate under this section with a design or decal displaying the letters "DV"; or

(B) one set of any other military-related plates that the disabled veteran is eligible to receive under this section.

(ii) The fee for original or renewal registration by a 100% disabled veteran for a passenger vehicle or a truck with a GVW-rated capacity of 1 ton or less is $5 and is in lieu of all other fees and taxes for that vehicle under this chapter.

(iii) Special license plates issued to a disabled veteran are not transferable to another person.

(iv) A disabled veteran is not entitled to a special disabled veteran's license plate for more than one vehicle.

(v) A vehicle lawfully displaying a disabled veteran's plate and that is conveying a 100% disabled veteran is entitled to the parking privileges allowed a person with a disability's vehicle under this title.

(d) A Montana resident who is a veteran of the armed forces of the United States and was captured and held prisoner by a military force of a foreign nation, documented by the veteran's service record, may upon application and presentation of proof be issued special license plates, numbered in sets of two with a different number on each set, with a design or decal displaying the words "ex-prisoner of war" or an abbreviation that the department considers appropriate.

(e) Except as provided in subsection (10)(c), upon payment of all taxes and fees required by parts 3 and 5 of this chapter and upon furnishing proof satisfactory to the department that the applicant meets the requirements of this subsection (10)(e), the department shall issue to a Montana resident who is a veteran of the armed services of the United States special license plates, numbered in sets of two with a different number on each set, designed to indicate that the applicant is a survivor of the Pearl Harbor attack if the applicant was a member of the United States armed forces on December 7, 1941, was on station on December 7, 1941, during the hours of 7:55 a.m. to 9:45 a.m. (Hawaii time) at Pearl Harbor, the island of Oahu, or offshore at a distance of not more than 3 miles, and received an honorable discharge from the United States armed forces. If special license plates issued under this subsection are lost, stolen, or mutilated, the recipient of the plates is entitled to replacement plates upon request and without charge.

(f) A motor vehicle owner and resident of this state who is a veteran or the surviving spouse of a veteran of the armed services of the United States may be issued license plates inscribed as provided in subsection (10)(f)(i) if the veteran was separated from the armed services under other than dishonorable circumstances or was awarded the purple heart medal:

(i) Upon submission of a department of defense form 214(DD-214) or its successor or documents showing an other-than-dishonorable discharge or a reenlistment, proper identification, and other relevant documents to show an applicant's qualification under this subsection, there must be issued to the applicant, in lieu of the regular license plates prescribed by law, special license plates numbered in sets of two with a different number on each set. The plates must display:

(A) the word "VETERAN“ and a symbol signifying the United States army, United States navy, United States air force, United States marine corps, or United States coast guard, according to the record of service verified in the application; or

(B) a symbol representing the purple heart medal.

(ii) Plates must be furnished by the department to the county treasurer, who shall issue them to a qualified veteran or to the veteran's surviving spouse. The plates must be placed or mounted on the vehicle owned by the veteran or the veteran's surviving spouse designated in the application and must be removed upon sale or other disposition of the vehicle.

(iii) Except as provided in subsection (10)(c), a veteran or surviving spouse who receives special license plates under this subsection (10)(f) is liable for payment of all taxes and fees required under parts 3 and 4 of this chapter and a special veteran's or purple heart medal license plate fee of $10. Upon an original application for a license under this subsection (10)(f), the county treasurer shall:

(A) deposit $3 of the special fee in the county general fund;

(B) remit $1 for deposit in the state general fund; and

(C) deposit the remainder of the special fee in the state special revenue account established in 10-2-603 for administration, construction, operation, and maintenance of the state veterans' cemeteries.

(iv) Upon subsequent annual renewal of registration, the county treasurer shall deposit all of the special fee as provided in subsection (10)(f)(iii)(C).

(g) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(11) The provisions of this section do not apply to a motor vehicle, trailer, or semitrailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733.

(1) Should the transferor make application for the registration of another motor vehicle at any time during the remainder of the current registration year as shown on the original certificate of registration, he may file an application in the office of the county treasurer where the motor vehicle is registered, upon a form to be prepared and furnished by the department, accompanied by the original certificate of registration, for the transfer of the license plates. The application for transfer of the license plates from the motor vehicle for which originally issued to a motor vehicle acquired by the same person in whose name the original license plates were issued shall be made within 20 days from date of acquiring the vehicle. The use of the license plates shall not be legalized until proper transfer of license plates has been made.

(2) License plates may be transferred pursuant to this section without transferring ownership of the first vehicle.

(3) Upon transfer of the license plates, the registration of the motor vehicle from which the license plates were transferred expires. The certificate of registration for such vehicle must be surrendered to the county treasurer with the application for transfer.

61-3-342. Temporary window sticker. (1) Any purchaser of a motor vehicle who is unable to fully complete the process of applying for a Montana title at the time he makes application for registration or reregistration of the vehicle because the certificate of ownership is lost, in the possession of third parties, or in the process of reissuance in this state or elsewhere may, upon making affidavit to that effect upon a form prescribed by the department and upon the payment of all applicable fees and taxes, plus an additional fee of $2 to be collected by the county treasurer and remitted to the department, obtain from the county treasurer of the county in which the vehicle is to be registered a temporary window sticker of such size, color, and design as the department may prescribe, to be validated by the county treasurer for a period of 60 days from the date of issuance. The purchaser, upon displaying the sticker on the upper left-hand corner of the rear window of the motor vehicle, may operate the vehicle during the period for which the window sticker has been validated without displaying the registration certificate or number plates or plate for the current year. The county treasurer may not sell, and no person may purchase, more than one 60-day temporary window sticker for any vehicle, the ownership of which has not changed since the issuance of the previous 60-day window sticker.

(2) A vehicle for which an application for title cannot be completed may not be registered by the county treasurer nor may license plates for the vehicle be issued by the county treasurer until the completed certificate of ownership or application for title is presented for the purpose of transferring ownership.

(3) In the event an unusual circumstance prevents the owner of a vehicle from presenting the certificate of ownership within the 60-day period permitted under subsection (1), the owner may apply to the motor vehicle division for an extended temporary window sticker on an application form provided by the division. The form must be accompanied by the title application.

(4) Upon receipt of an application for an extended temporary window sticker and title as designated in subsection (3), the motor vehicle division or

the county treasurer, with the authorization of the motor vehicle division, may issue an extended temporary window sticker, valid for an additional 60 days, upon payment of a fee of $10 that must be deposited in the general fund. At the end of the extended 60-day period or in the event the request for extension is rejected by the department for cause, the owner may obtain a certificate of ownership by the method provided in 61-3-208.

(1) An owner of a motor vehicle more than 30 years old, used solely as a collector's item and not for general transportation purposes, may file with the department an application for the registration of the motor vehicle. The application must be sworn to before an officer authorized to administer oaths. The application must state:

(a) the name and address of the owner;

(b) the name and address of the person from whom purchased;

(c) the make, the gross weight, the year and number of the model, and the manufacturer's identification number and serial number of the motor vehicle; and

(d) that the vehicle is owned and operated solely as a collector's item and not for general transportation purposes.

(2) The registration fee for a motor vehicle registered under subsection (1) is:

(a) for a vehicle weighing 2,850 pounds or less, $5; and

(b) for a vehicle weighing more than 2,850 pounds, $10.

(3) Upon receipt of the application for registration and payment of the registration fee, the department shall file the application and register the motor vehicle therein described in the manner specified in 61-3-101 and, unless the

applicant chooses to exercise the option allowed in 61-3-412, shall deliver to the applicant:

(a) for a motor vehicle manufactured in 1933 or earlier, two license plates bearing the inscription "Pioneer—Montana" and the registration number; or

(b) for a motor vehicle manufactured in 1934 or later and more than 30 years old, two license plates bearing the inscription "Vintage—Montana" and the registration number.

(4) The year of issuance may not be shown on the plates.

(5) Annual renewal of the registration of a motor vehicle registered under this section is not required, and the registration is valid as long as the vehicle is in existence; provided, however, that upon sale of the motor vehicle, the purchaser shall renew the registration and pay the license fees provided in subsection (2).

61-3-412. Display of original Montana license plates on collector's item vehicle — definition — validation. (1) As used in this section, "original Montana license plate" means a license plate issued according to the provisions of 61-3-331; section 53-116, R.C.M. 1947; section 1759.1, R.C.M. 1935; or section 1759, R.C.M. 1921; whichever section was effective during the year of the manufacture of the motor vehicle on which the license plate is authorized to be displayed.

(2) Notwithstanding the provisions of 61-3-332, the department shall authorize the owner of a motor vehicle registered as provided in 61-3-411 to display original Montana license plates, with validation as required in subsection (3), after:

(a) payment of the fee required in subsection (5);

(b) inspection by a highway patrol officer of the original Montana license plate to be displayed on the motor vehicle and, upon payment of a $5 fee, receipt of the highway patrolman's certification that he has determined the license plate is legible and meets the requirements of subsection (1); and

(c) receipt of an application by the owner of the motor vehicle as provided for in 61-3-411.

(3) If the owner of a vehicle registered under the provisions of 61-3-314 meets the requirements of subsection (2), the department shall:

(a) file the application and register information on the motor vehicle in the manner prescribed in 61-3-101; and

(b) issue a validating decal inscribed with:

(i) a unique number; and

(ii) the letter:

(A) "P" to designate vehicles described in 61-3-411(3)(a); or

(B) "V" to designate vehicles described in 61-3-411(3)(b).

(4) The owner of the motor vehicle shall permanently affix the validating decal to the windshield of the collector's item motor vehicle or, if no windshield exists, to another prominent and visible position on the vehicle.

(5) The owner of the motor vehicle shall pay to the department with the application required under this section a one-time special collector's item motor vehicle license fee of $20.

61-3-425. Special plates — how affixed to car — sale or transfer of auto — revocation or expiration of radio license. The lettered license plates, as herein provided, are in lieu of the regular license plates on the motor vehicle owned by the amateur radio licensee for the period of time that the amateur radio license is in force under the federal communications commission and the special license issued hereunder is in force, but no longer. If the official amateur radio license is revoked or expires for any reason, the license plate must be removed immediately by the owner of the motor vehicle, and it is the responsibility of the owner to then obtain regular license plates. If the motor vehicle is sold or otherwise transferred, the owner and holder of valid official amateur radio station and operator's licenses has the right to transfer the lettered plates to another motor vehicle owned by him upon such reasonable conditions as may be prescribed by the department. On the revocation or expiration of the amateur radio station and operator's licenses, the lettered license plates as issued must be returned and surrendered to the department.

61-3-426. Combined license plates. (1) An application for license plates for amateur radio operators may be combined with an application for the special license plates issued to veterans of the armed services who comply with the provisions in 61-3-332(10)(d), (10)(e), and (10)(f) or with an application for special license plates issued to a person with a disability who complies with the provisions in 61-3-332(10)(g). The applicant for the combined license plates is liable for the payment of all taxes and fees applicable to regular motor vehicle license plates and shall pay an additional fee of $5 for the original issuance as provided in 61-3-422.

(2) An application for license plates for amateur radio operators may be combined with an application for license plates for disabled veterans as provided in 61-3-332(10)(c). The fees for the registration of the combined

license plates are the fees provided for in 61-3-332(10)(c) and in 61-3-422. The fees are in lieu of all other fees and taxes for that vehicle under this chapter.

(3) The combined license plates must be stamped with the official amateur radio call letters of the owner as assigned to the owner by the federal communications commission. The plates must also be stamped with the design or decal provided for in 61-3-332(10)(c), (10)(d), (10)(e), (10)(f), or (10)(g).

61-3-431. Special mobile equipment — exemption from registration and payment of fees and charges — identification plate — publicly owned special mobile equipment. (1) A person, firm, partnership, or corporation who owns, leases, or rents special mobile equipment as defined in 61-1-104 and occasionally moves that equipment on, over, or across the highways of the state is not subject to registration of that equipment or required to pay the fees and charges provided for in 61-3-502, 61-4-301 through 61-4-308, or part 2 of chapter 10. Prior to movement on the highways, however, each piece of equipment shall display an equipment identification plate or a dealer's license plate attached to the equipment.

(2) Annual application for the identification plate shall be made to the county treasurer before any piece of equipment is moved on the highways. Application shall be made on a form furnished by the department of justice, together with the payment of a fee of $5. The equipment for which a special mobile equipment plate is sought is subject to the assessment of personal property taxes on the date application is made for the plate. The personal property taxes assessed against the special mobile equipment must be paid before the issuance of a special mobile equipment plate. The fees collected under this section belong to the county road fund.

(3) The identification plate expires on December 31 of each year. If the expired identification plate is displayed, an owner of special mobile equipment registered under the provisions of this section is entitled to operate the equipment between January 1 and February 15 following expiration without displaying the identification plate or receipt of the current year.

(4) Publicly owned special mobile equipment and implements of husbandry used exclusively by an owner in the conduct of his own farming operations are exempt from this section.

61-3-501. When vehicle taxes and fees are due. (1) Motor vehicle taxes, fees in lieu of tax, new car taxes, and fees must be paid on the date of registration or reregistration of the vehicle.

(2) If the anniversary date for reregistration of a vehicle passes while the vehicle is owned and held for sale by a licensed new or used car dealer, motor vehicle taxes or fees in lieu of tax abate on the vehicle properly reported with the county treasurer until the vehicle is sold. After the sale, the purchaser shall pay the pro rata balance of the taxes or fees in lieu of tax due and owing on the vehicle.

(3) In the event that a vehicle's registration period is changed under 61-3-315, all taxes or fees in lieu of tax and other fees due must be prorated and paid from the last day of the old period until the first day of the new period in which the vehicle is registered. The taxes or fees in lieu of tax and other fees must be paid from the first day of the new period for a minimum period of 1 year. When the change is to a later registration period, taxes and fees must be prorated and paid based on the same tax year as the original registration period. Thereafter, during the appropriate anniversary registration period, each vehicle must again be registered or reregistered and all taxes and fees must be paid for a 12-month period.

61-3-502. Sales tax on new motor vehicles — exemptions. (1) In consideration of the right to use the highways of the state, there is imposed a tax upon all sales of new motor vehicles, excluding trailers, semitrailers, and housetrailers, for which a license is sought and an original application for title is made. The tax must be paid by the purchaser when the purchaser applies for an original Montana license through the county treasurer. For purposes of this section, "new motor vehicle" means a new motor vehicle for which original registration is sought or a motor vehicle previously furnished without charge by a dealer to a school district for use in a state-approved traffic education program, whether or not titled by the dealer or the school district, and for which original registration is sought.

(2) Except as provided in subsections (4) and (5), the sales tax is:

(a) 1 1/2% of the f.o.b. factory list price or f.o.b. port-of-entry list price, during the first quarter of the year or for a registration period other than a calendar year or calendar quarter;

(b) 1 1/8% of the list price during the second quarter of the year;

(c) 3/4 of 1% during the third quarter of the year;

(d) 3/8 of 1% during the fourth quarter of the year.

(3) If the manufacturer or importer fails to furnish the f.o.b. factory list price or f.o.b. port-of-entry list price, the department may use published price lists.

(4) The new car sales tax on vehicles subject to the provisions of 61-3-313 through 61-3-316 is 1 1/2% of the f.o.b. factory list price or f.o.b. port-of-entry list price regardless of the month in which the new vehicle is purchased.

(5) The sales tax on new motor vehicles registered as part of a fleet under 61-3-318 is 3/4 of 1% of the f.o.b. factory list price or f.o.b. port-of-entry list price.

(6) The proceeds from this tax must be remitted to the state treasurer every 30 days. The state treasurer shall deposit $1 of the tax on each new motor vehicle in a special revenue account to be used by the department of commerce in carrying out its duties under Title 61, chapter 4, part 5, with the balance of the proceeds to be credited to the highway nonrestricted account of the state special revenue fund. The county treasurer shall retain 5% of the taxes collected to pay for the cost of administration.

(7) The new vehicle is not subject to any other assessment, fee in lieu of tax, or tax during the calendar year in which the original application for title is made.

(8) A new motor vehicle may not be registered or licensed unless the application for registration is accompanied by a statement of origin that is furnished by the dealer selling the vehicle and that shows that the vehicle has not previously been registered or owned, except as otherwise provided in this section, by any person, firm, corporation, or association other than a new motor vehicle dealer holding a franchise or distribution agreement from a new car manufacturer, distributor, or importer.

(9) (a) Motor vehicles operating exclusively for transportation of persons for hire within the limits of incorporated cities or towns and within 15 miles from the limits are exempt from the provisions of subsection (1).

(b) Motor vehicles brought or driven into Montana by nonresident, migratory, bona fide agricultural workers who are temporarily employed in agricultural work in this state, when those motor vehicles are used exclusively for transportation of agricultural workers, are also exempt from the provisions of subsection (1).

(c) Vehicles lawfully displaying a licensed dealer's plate as provided in 61-4-103 are exempt from the provisions of subsection (1):

(i) when moving to or from a dealer's place of business when unloaded or loaded with dealer's property only; and

(ii) in the case of vehicles having a gross loaded weight of less than 24,000 pounds, while being demonstrated in the course of the dealer's business.

(d) Motor vehicles owned or controlled by a special district, as defined in 18-8-202, are exempt from subsection (1).

(e) A vehicle registered under 61-3-456 is exempt from the provisions of subsection (1).

61-3-503. Assessment. (1) Except as provided in 61-3-520 and subsection (4) of this section, the following apply to the taxation of motor vehicles:

(a) Vehicles subject to the provisions of 61-3-313 through 61-3-316 must be assessed as of the first day of the registration period, using the depreciated value of the manufacturer's suggested retail price as determined in subsection (2).

(b) A lien for taxes and fees due on the vehicle occurs on the anniversary date of the registration and continues until the fees and taxes have been paid. If the depreciated value is less than $500, the department shall value the vehicle at $500.

(2) (a) Except as provided in subsections (2)(c) and (2)(d), the depreciated value for the taxation of light vehicles is computed by multiplying the manufacturer's suggested retail price by a percentage multiplier based on the type and age of the vehicle determined from the following table:

Age of Vehicle	Type of Vehicle			
(in years)	Automobile	Truck	Van	Sport Utility
-1	100%	100%	100%	100%
0	90	96	93	98
1	80	91	86	94
2	69	86	78	90
3	58	80	69	84
4	49	73	60	76
5	41	66	52	67

14	09	15	11	19
15	09	13	09	17
16	09	12	09	15

(b) The age for the light vehicle is determined by subtracting the manufacturer's model year of the vehicle from the calendar year for which the tax is due.

(c) If the value of the vehicle determined under subsection (2)(a) is $500 or less, the value of the vehicle is $500 and the value must remain at that amount as long as the vehicle is registered.

(d) The depreciated value of a light vehicle that is 17 years old or older is computed by depreciating the value obtained for the vehicle at 16 years old as determined under subsection (2)(a) by 10% a year until a minimum value of $500 is attained. The value must remain at that amount as long as the vehicle is registered.

(3) (a) For the purposes of this section, "manufacturer's suggested retail price" means the price suggested by the manufacturer for each given type, style, or model of light vehicle produced and first made available for retail sale by the manufacturer.

(b) The manufacturer's suggested retail price is based on standard equipment of a vehicle and does not contain price additions or deductions for optional accessories.

(c) When a manufacturer's suggested retail price is unavailable for a motor vehicle, the department shall determine an alternative valuation for the vehicle.

(4) The provisions of subsections (1) through (3) do not apply to buses, trucks having a manufacturer's rated capacity of more than 1 ton, truck tractors, motorcycles, motor homes, quadricycles, travel trailers, campers, mobile homes or manufactured homes as those terms are defined in 15-1-101(1).

1997 Amendment: Chapter 496 deleted(1) that read: "(1) A motor vehicle subject to anniversary date registration as provided in 61-3-313 through 61-3-316 is exempt from the provisions of 61-3-503(1)(b)"; and made minor changes in style. Amendment effective January 1, 1998.

Effective Date — Applicability: Section 42(1), Ch. 496, L. 1997, provided: "Except for the purposes of subsection (2), [this act] is effective January 1, 1998, and applies to tax years beginning after December 31, 1997."

61-3-508. Junk vehicle disposal fee. A special junk vehicle disposal fee shall be assessed on each new application for a motor vehicle title and on each transfer of a motor vehicle title in the amount of $1.50 on passenger cars and trucks under 8,001 pounds GVW. An additional special junk vehicle disposal fee shall be assessed in the amount of 50 cents on each passenger car and truck under 8,001 pounds GVW registered for licensing. The fees shall be collected by the county treasurer. However, the following are exempt from payment of the fees:

(1) vehicles leased or owned by the state or by a county or municipality;

(2) vehicles used for transportation by nonresident, migratory workers temporarily employed in agricultural work in this state;

(3) vehicles displaying dealer's or wholesaler's license plates, as provided in 61-4-103, while owned by a dealer or wholesaler; and

(4) housetrailers or equipment which is not self-propelled or which requires towing upon a highway of this state.

(1) Except as provided in subsection (2), the county treasurer shall, after deducting the district court fee, credit all taxes on motor vehicles and fees in lieu of tax on motorcycles, quadricycles, motor homes, travel trailers, campers, trailers, pole trailers, semitrailers, buses, trucks having a manufacturer's rated capacity of more than 1 ton, and truck tractors collected under 61-3-504, 61-3-521, 61-3-527, 61-3-529, and 61-3-537, to a motor vehicle suspense fund. At some time between March 1 and March

10 of each year and every 60 days after that date, the county treasurer shall distribute the money in the motor vehicle suspense fund in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as personal property taxes are distributed.

(2) The county treasurer shall deduct as a district court fee 7% of the amount of the 2% tax collected on light vehicles. The county treasurer shall credit the fee for district courts to a separate suspense account and shall forward the amount in the account to the state treasurer at the time that the county treasurer distributes money from the motor vehicle suspense fund. The state treasurer shall credit amounts received under this subsection to the state special revenue fund to be used for purposes of state funding of district court expenses as provided in 3-5-901.

Effective Date — Applicability: Section 42(1), Ch. 496, L. 1997, provided: "Except for the purposes of subsection (2), [this act] is effective January 1, 1998, and applies to tax years beginning after December 31, 1997."

61-3-529. *(Effective January 1, 1998)* **Schedule of fees for buses, motor vehicles having rated capacity of more than 1 ton, and truck tractors — proration — exemption.** (1) (a) There is a fee in lieu of property tax imposed on buses, trucks having a manufacturer's rated capacity of more than 1 ton, and truck tractors. The fee is in addition to annual registration fees.

(b) The fee imposed by subsection (1)(a) is not required to be paid by a dealer of buses, trucks, or truck tractors that constitute inventory of the dealership.

(2) Subject to the conditions of subsection (4), the owner of a bus, truck with a manufacturer's rated capacity of more than 1 ton, or truck tractor shall pay a fee in lieu of tax based on the age and manufacturer's rated capacity of the vehicle according to the following schedule:

Age of Vehicle (in years)	Rated Capacity (in pounds) 16,999 or less	17,000-26,999	27,000-54,999	55,000 or more
1 or less	$234	$334	$568	$750
2	218	300	500	600
3	200	268	440	532
4	184	234	368	484
5	166	218	320	390
6	150	200	268	334
7	132	182	234	294
8	116	166	200	250
9	100	150	184	218
10	82	116	158	184
11-12	66	100	134	152
13-14	56	74	104	122
15-16	50	60	76	94
17-18	36	52	58	72
19-20	26	38	44	52
21 or more	20	24	32	40

(3) The age of the vehicle is determined by subtracting the manufacturer's model year of the vehicle from the calendar year for which the fee in lieu of tax is due.

(4) (a) The manufacturer's rated capacity for a bus or truck with a manufacturer's rated capacity of more than 1 ton is the manufacturer's rated gross vehicle weight.

(b) The manufacturer's rated capacity for a truck tractor is the manufacturer's rated gross combined weight.

(5) A motor vehicle brought into the state or otherwise used for the exclusive purpose of filming motion pictures or television commercials is exempt from the fee in lieu of tax if the vehicle does not remain in the state for a period in excess of 180 consecutive days in a calendar year.

(6) Except as provided in 61-3-520, the fee in lieu of tax on a vehicle subject to this section that is brought or driven into this state by a nonresident person for hire, compensation, or profit must be prorated according to the ratio that the remaining number of months in the year bears to the total number of months in the year.

(7) (a) The fee in lieu of tax on a vehicle subject to this section that is registered in the state for the first time must be prorated as provided in subsection (6).

(b) The fee in lieu of tax on a vehicle subject to this section that is reregistered in the state is for a full year.

(8) The fee in lieu of tax may not be refunded.

Effective Date — Applicability: Section 42(1), Ch. 496, L. 1997, provided: "Except for the purposes of subsection (2), [this act] is effective January 1, 1998, and applies to tax years beginning after December 31, 1997."

61-3-530. *(Effective January 1, 1998)* **Schedule of fees for trailers — exception.** (1) Except as provided in subsection (4), the owner of a trailer, pole trailer, or semitrailer that has a declared weight of less than 26,000 pounds shall pay the fee imposed pursuant to 61-3-521. The fee is based on the age and declared weight of the trailer or semitrailer according to the following schedule:

Age (in years)	Declared Weight (in pounds)		
	0-6,000	6,001-16,000	16,001-25,999
Less than 5 years old	$16	$55	$74
5 years old and less than 10 years old	11	32	41
10 years old and older	6	17	23

(2) (a) Except as provided in subsection (2)(b), the age of a trailer, pole trailer, or semitrailer is determined by subtracting the manufacturer's designated model year from the current calendar year. For trailers, pole trailers, and semitrailers that do not have a designated model year, the department shall determine a year of manufacture.

(b) If the purchase year of a trailer, pole trailer, or semitrailer precedes the designated model year of the trailer, pole trailer, or semitrailer and the trailer, pole trailer, or semitrailer is originally titled in Montana, then the purchase year is considered the model year for the purposes of calculating the fee in lieu of tax.

(3) The declared weight is the total unladen weight of the trailer, pole trailer, or semitrailer plus the maximum load declared by the owner to be carried on the trailer, pole trailer, or semitrailer.

(4) This section does not apply to a trailer, pole trailer, or semitrailer that has a declared weight of less than 26,000 pounds and that is registered through a proportional registration agreement under 61-3-721.

(2) A local vehicle tax is payable at the same time and in the same manner as the tax imposed under 61-3-504. The first priority of the local vehicle tax is for district court funding, and the tax is distributed as follows:

(a) 50% to the county; and

(b) the remaining 50% to the county and the incorporated cities and towns within the county, apportioned on the basis of population. The distribution to a city or town is determined by multiplying the amount of money available by the ratio of the population of the city or town to the total county population. The distribution to the county is determined by multiplying the amount of money available by the ratio of the population of unincorporated areas within the county to the total county population.

(3) The governing body of a county may impose, revise, or revoke a local vehicle tax by adopting a resolution before July 1, after conducting a public hearing on the proposed resolution. The resolution may provide for the distribution of the local vehicle tax. *(Terminates June 30, 2005—sec. 2, 3, Ch. 217, L. 1995.)*

Registration of Foreign Vehicles

61-3-701. Foreign vehicles used in gainful occupation to be registered — reciprocity. (1) Before a foreign licensed motor vehicle may be operated on the highways of this state for hire, compensation, or profit or before the owner or user of the vehicle uses the vehicle if the owner or user is engaged in gainful occupation or business enterprise in the state, including highway work, the owner of the vehicle shall apply to a county treasurer for registration upon an application form furnished by the department. Upon satisfactory evidence of ownership submitted to the county treasurer and the payment of motor vehicle taxes or fees in lieu of taxes, if appropriate, as required by 15-8-201, 15-8-202, 15-24-301, 61-3-504, 61-3-529, or 61-3-537, the treasurer shall accept the application for registration and shall collect the regular license fee required for the vehicle.

(2) Upon payment of the fees or taxes, the treasurer shall issue to the applicant a copy of the certificate entitled "Owner's Certificate of Registration and Payment Receipt" and forward a duplicate copy of the certificate to the department. The treasurer shall at the same time issue to the applicant the proper license plates or other identification markers, which must at all times

be displayed upon the vehicle when operated or driven upon roads and highways of this state during the effective period of the license.

(3) The registration receipt does not constitute evidence of ownership but must be used only for registration purposes. A Montana certificate of ownership may not be issued for this type of registration.

(4) This section is not applicable to a vehicle covered by a valid and existing reciprocal agreement or declaration entered into under the provisions of the laws of Montana.

61-3-707. Foreign vehicles used for transportation in connection with employment. (1) Before a motor vehicle taxed pursuant to 15-24-301(4) may be operated in Montana for a calendar quarter, the person responsible for payment of taxes must apply for and obtain a window decal.

(2) Decals must be color-coded to distinguish the four quarterly registration periods of the year.

(3) An applicant may purchase a decal for more than one registration quarter at a time by paying the appropriate amount.

(4) There is a $2 fee for each decal, and money collected from this fee shall be deposited to the county general fund. The $2 fee is in addition to the tax.

(5) A current window decal must be displayed on the lower right-hand corner of the windshield.

61-3-708. Cooperative or reciprocal registration — filing of insurance — fee. (1) The department may enter into written agreements with agencies of other states to allow for the cooperative or reciprocal state registration of interstate or international motor carriers and authorize the agency of a participating state to:

(a) issue interstate motor carrier registrations, stamps, and permits;

(b) accept filings of insurance, financial responsibility, and orders;

(c) collect and disburse fees;

(d) share and exchange information for audit, reporting, and enforcement purposes; and

(e) perform any other function that the department determines is justified to facilitate the cooperative or reciprocal registration.

(2) (a) The department may impose a fee set by rule on an interstate or international motor carrier for the administration of this section. The fee must be paid on each motor vehicle operated by the motor carrier on the public highways of this state. At the time of initial registration and each succeeding year, at a time set by the department, the motor carrier shall pay the fee to the department.

(b) The department shall remit the fee to the state treasurer for deposit in the general fund.

History: En. Sec. 1, Ch. 358, L. 1995.

61-3-709. Identification of ownership of certain large motor vehicles. (1) (a) A person may not operate a motor vehicle or combination of vehicles, except farm vehicles, having a gross weight of more than 10,000 pounds upon the highways of the state unless there is displayed on both sides of each vehicle operated under its own power, either alone or in combination:

(i) the name or trade name and city and state of the person or corporation under whose jurisdiction the vehicle is being operated; or

(ii) the trade name and department of transportation number of the person or corporation under whose jurisdiction the vehicle is being operated.

(b) The display of name must be in letters in sharp contrast to the background and in size, shape, and color readily legible in daylight from a distance of 50 feet while the vehicle is not in motion. The display must be kept and maintained to remain legible. The display may be accomplished either by painting the information on the vehicle or through the use of a decal or a removable device that is prepared so that it meets the identification and legibility requirements of this section.

(2) This section does not apply to motor vehicles being:

(a) transported to dealers from point of manufacture;

(b) transported from one dealer to another;

(c) demonstrated to a prospective buyer; or

(d) delivered to a buyer from a dealer or a manufacturer.

61-3-712. Definitions. As used in 61-3-711 through 61-3-733 the following definitions apply:

(1) "Apportionable vehicle" means a vehicle which is used or intended for use in more than one jurisdiction and used for the transportation of persons for hire, compensation, or profit, or designed or used primarily for the transportation of property.

(2) "Fleet" means one or more apportionable vehicles.

(3) "Jurisdiction" means and includes a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(4) "Legal residence" means a jurisdiction where the person lives or conducts his business. This residence need not be coupled with the intent to live or conduct the business there on a permanent basis. The use of the word "residence" in 61-3-711 through 61-3-733 shall be confined to the definition given, and shall not be confused with the word "domicile". This definition of "residence" further recognizes that a person may have several residences, but only one domicile.

(5) "Preceding year" means a period of 12 consecutive months fixed by the department of transportation, which period shall be within 18 months immediately preceding the commencement of the registration or license year for which proportional registration is sought. The department in fixing the period shall make it conform to the terms, conditions, and requirements of any applicable agreement or arrangements for the proportional registration of vehicles.

(6) (a) "Properly registered", as applied to place of registration, means:

(i) the jurisdiction where the person registering the vehicle has his legal residence;

(ii) in the case of an apportionable vehicle, the jurisdiction in which it is registered if the enterprise in which the vehicle is used has a place of business therein and if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled in or from the place of business and the vehicle has been assigned to the place of business; or

(iii) in the case of an apportionable vehicle, the jurisdiction where because of an agreement or arrangement between two or more jurisdictions or pursuant to a declaration the vehicle has been registered as required by that jurisdiction.

(b) In case of doubt or dispute as to the proper place of registration of a vehicle, the transportation commission shall make the final determination, but in making the determination, the commission may confer with departments of the other jurisdictions affected.

The department of transportation may enter into an agreement or arrangement with the duly authorized representatives of other jurisdictions, granting to vehicles or to owners of vehicles which are properly registered or licensed in those jurisdictions, and for which evidence of compliance is supplied, benefits, privileges, and exemptions from payment, wholly or partially, of any taxes, fees, or other charges imposed upon those vehicles or owners with respect to the operation or ownership of the vehicles under the laws of this state. The agreement or arrangement shall provide that vehicles properly registered or licensed in this state, when operated upon highways of those other jurisdictions, shall receive exemptions, benefits, and privileges of a similar kind or to a similar degree as are extended to vehicles properly registered or licensed in the jurisdiction when operated in this state. The agreement or arrangement shall, in the judgment of the department, be in the best interests and fair and equitable to this state and its citizens determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce.

61-3-715. Base state registration reciprocity. An agreement or arrangement entered into or a declaration issued under the authority of 61-3-711 through 61-3-733 may contain provisions authorizing the registration or licensing in another jurisdiction of vehicles located in or operated from a base in such other jurisdiction, which vehicles otherwise would be required to be registered or licensed in this state; and in such event the exemptions, benefits, and privileges extended by such agreement, arrangement, or declaration shall apply to such vehicles, when properly licensed or registered in such base jurisdiction.

History: En. Sec. 6, Ch. 206, L. 1963; R.C.M. 1947, 53-706.

61-3-716. Proportional registration of fleet vehicles. (1) If a jurisdiction permits or requires the licensing of fleets of vehicles in interstate or combined interstate and intrastate commerce and payment of registration fees, license fees, taxes, or other fixed fees on those vehicles on an apportionment basis commensurate with and determined by the miles traveled on and the use made of the jurisdiction's highways, as compared with the miles traveled on and the use made of other jurisdiction's highways or any other equitable basis of apportionment, and exempts vehicles registered in any other jurisdiction under this apportionment basis from the requirements of full payment of its own registration, license fees, taxes, or other fixed fees, then the department may, by agreement, adopt exemptions with respect to vehicles of these fleets, whether owned by residents or nonresidents of this state and regardless of where based. An agreement, under the terms, conditions, or restrictions that the department considers proper, may provide that owners of vehicles operated in interstate or combined interstate and intrastate commerce in this state be permitted to pay registration, license fees, taxes, or other fixed fees on an apportionment basis, commensurate with and determined by the miles traveled on and the use made of the highways of this state as compared with the use made of the highways of other jurisdictions or any other equitable basis of apportionment. This agreement may not authorize or be construed to authorize a vehicle so registered to be operated in intrastate commerce in this state unless the owner of the vehicle has been granted intrastate authority or rights by the public service commission if a grant is otherwise required by law.

(2) The department of transportation may adopt rules that it considers necessary to carry out and administer this section, and the registration of fleet vehicles under 61-3-711 through 61-3-733 is subject to the rights, terms, and conditions granted by or contained in any applicable agreement, arrangement, or declaration made by the department. The department of transportation shall adopt rules providing for a change of registration period for a fleet in a case in which the owner of the fleet requests that the registration period be changed

to coincide with the registration period of one or more other fleets in the same ownership.

61-3-721. Proportional registration of fleet vehicles, registration periods, application, fee formula, and payment — transfer of ownership — transfer of license plates. (1) An owner of one or more fleets may register and license each fleet for operation in this state by filing an application with the department of transportation. The application must contain the information pertinent to vehicle registration that is required by the department of transportation.

(2) Each fleet subject to the provisions of 61-3-711 through 61-3-733 must, except as provided in 61-3-318(1) and subsection (6) of this section, be registered for an annual registration period based upon the date that the fleet is first registered in this state.

(3) There are four annual registration periods, each of which begins on the first day of a calendar quarter. As used in this subsection, "calendar quarter" means the period of 3 consecutive months ending March 31, June 30, September 30, or December 31. The periods are:

(a) January 1 through March 311st period

(b) April 1 through June 302nd period

(c) July 1 through September 303rd period

(d) October 1 through December 314th period

(4) Registration of a fleet of apportionable vehicles under subsection (2) must be renewed on or before the last day of the month for the designated annual registration period unless a different registration period has been authorized pursuant to 61-3-716(2). The department shall provide for simultaneous registration of multiple fleets of apportionable vehicles in common ownership.

(5) Except as provided in subsection (6), the application for each fleet may be accompanied by a fee payment computed by:

(a) dividing in-state miles by total fleet miles as defined in the applicable agreement entered into pursuant to 61-3-711 through 61-3-733;

(b) determining the total amount necessary to register each vehicle in the fleet for which registration is requested, based on the regular annual registration fees prescribed by 61-3-321 and chapter 10, part 2, and the property taxes that are due on the fleet;

(c) multiplying the sum obtained under subsection (5)(b) by the fraction obtained under subsection (5)(a).

(6) (a) Subject to section 4, Chapter 72, Laws of 1997, each trailer and semitrailer fleet must be registered for a 5-year period based upon the date that the fleet is first registered in this state.

(b) Subject to section 4, Chapter 72, Laws of 1997, each trailer and semitrailer in the fleet for which registration is requested must be assessed a registration fee equal to five times the amount prescribed by 61-3-321.

(c) Each trailer or semitrailer must be issued a license plate, a distinctive sticker, or other suitable identification device valid for 5 years from the date of the original application or renewal application.

(d) Registration of a trailer or semitrailer must be renewed on or before the last day of the month for the designated 5-year registration period.

(7) Upon the transfer of ownership of a trailer or semitrailer, the registration of the trailer or semitrailer expires and it is the duty of the transferor to immediately remove the license plates from the trailer or semitrailer.

(8) (a) If the transferor applies for the registration of another trailer or semitrailer at any time during the remainder of the current registration period as shown on the original registration, the transferor may file an application with the department of transportation, accompanied by the original certificate of registration, for the transfer of the license plates. The application for transfer of the license plates must be made by the person or motor carrier in whose name the original license plates to the trailer or semitrailer were issued. The use of the license plates is not legal until the proper transfer of license plates has been made.

(b) License plates may be transferred pursuant to this section without transferring ownership of the trailer or semitrailer for which the license plates were originally issued.

(c) Upon transfer of the license plates, the registration of the trailer or semitrailer from which the license plates were transferred expires. The registration for the trailer or semitrailer must be surrendered to the department of transportation with the application for transfer.

(d) License plates issued for a trailer or semitrailer under this section may be transferred only to a replacement trailer or semitrailer. A license plate fee may not be assessed upon transfer of a license plate.

(9) Applications submitted with fees may be recomputed by the department of transportation. The department of transportation shall furnish a statement showing the overpayment or balance due.

(10) Applications submitted without fees must be computed by the department of transportation. The department of transportation shall furnish a statement showing the amount of fees due.

Compiler's Comments

1997 Amendment: Chapter 72 in (2), in exception clause, inserted reference to subsection (6); inserted (6) concerning 5-year registration; inserted (7) concerning expiration of registration upon transfer of ownership; inserted (8) concerning application for transfer of license plates; in two places in (9) and two places in (10), after "department", inserted "of transportation" ; and made minor changes in style. Amendment effective January 1, 1998.

Staggered Implementation — Termination: Section 4, Ch. 72, L. 1997, provided: "The transition from annual trailer and semitrailer registrations to a 5-year registration for trailers and semitrailers must be accomplished in the first registration year after January 1, 1998. One-fifth of the trailer and semitrailer fleets proportionally registered must be registered for 1 year. One-fifth of the trailer and semitrailer fleets must be registered for 2 years. One-fifth of the trailer and semitrailer fleets must be registered for 3 years. One-fifth of the trailer and semitrailer fleets must be registered for 4 years. One-fifth of the trailer and semitrailer fleets must be registered for 5 years. Fees under 61-3-721 must be prorated to reflect the registration period." Section 5, Ch. 72, L. 1997, provided that section 4 terminates December 31, 1998.

61-3-722. Registration and identification of proportionally registered vehicles — fees — effect of registration. (1) The department shall register each proportionally registered vehicle and issue a license plate or plates, a distinctive sticker, or other suitable identification device for each vehicle described in the application upon payment of the appropriate fees and property taxes, as provided by law, for the application and for the license plates, stickers, or devices issued. A fee of $2 must be paid for each license plate, each sticker, and each device issued for each proportionally registered vehicle. A fee of $5 must be paid for each vehicle receiving temporary registration as authorized by section 704 of the international registration plan of the American association of motor vehicle administrators, adopted in April 1988. A registration card must be issued for each proportionally registered vehicle. The registration card must, in addition to other information required by chapter 3, show the number of the license, sticker, or other device issued for the proportionally registered vehicle and must be carried in the vehicle at all times.

(2) Fleet vehicles registered and identified as fleet vehicles are considered fully licensed and registered in this state for any type of movement or operation, except that, in those instances in which a grant of authority is required for intrastate movement or operation, the vehicle may not be operated in intrastate commerce in this state unless the owner has been granted intrastate authority by the public service commission and unless the vehicle is being operated in conformity with that authority.

History: En. Sec. 13, Ch. 206, L. 1963; amd. Sec. 3, Ch. 88, L. 1965; amd. Sec. 196, Ch. 316, L. 1974; R.C.M. 1947, 53-713; amd. Sec. 1, Ch. 32, L. 1993; amd. Sec. 6, Ch. 42, L. 1995.

61-3-723. Proportional registration not applicable in a single jurisdiction. The right to the privilege and benefits of proportional registration of fleet vehicles extended by 61-3-711 through 61-3-733, or by any contract, agreement, arrangement, or declaration made under the authority thereof, shall be subject to the condition that each fleet vehicle proportionally registered under the authority of 61-3-711 through 61-3-733 shall also be proportionally or otherwise properly registered in at least one other jurisdiction during the period for which it is proportionally registered in this state.

History: En. Sec. 14, Ch. 206, L. 1963; R.C.M. 1947, 53-714.

61-3-724. Registration of additional fleet vehicles. Vehicles acquired by the owner after the commencement of the registration period and subsequently added to a proportionally registered fleet must be proportionally registered by applying the mileage percentage used in the original application for the fleet for the registration period to the regular registration fees due with respect to the vehicle for the remainder of the registration period.

History: En. Sec. 15, Ch. 206, L. 1963; R.C.M. 1947, 53-715; amd. Sec. 7, Ch. 42, L. 1995.

61-3-725. Withdrawal of fleet vehicles — procedure, credits, and accounting. (1) If a vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered, the owner of the fleet shall notify the department of transportation of that fact on forms prescribed by the department. The department may require the owner to surrender proportional registration cards and other identification devices that have been issued with respect to that vehicle. If a vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold, or otherwise completely removed from the service of the registrant, the unused portion of the gross vehicle weight fees paid with respect to that vehicle must be credited to the proportional registration account of the owner. This unused portion equals the amount paid with respect to the vehicle when it was first proportionally registered in the registration period, reduced by one-twelfth of the total annual gross vehicle weight fee of the vehicle for each calendar month and fraction of a month elapsing between the first day of the month of the current period in which the vehicle was registered and the date the notice of withdrawal is received by the department. This credit must be applied against liability for additional fees due during the registration period or for additional fees due upon audit under 61-3-728. If a credit is less than $5, it may not be made or entered. In no event may the amount be credited against fees other than those for the registration period, nor may any amount be subject to refund.

(2) If the owner replaces a vehicle withdrawn from the fleet at the same time as the withdrawal and the replacement vehicle is of the same or of a lesser weight category than the one withdrawn, the gross vehicle weight fees are transferable to the replacement vehicle. If the transfer is to a smaller vehicle, credit may not be given or entered.

61-3-728. Preservation of proportional registration records. An owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of 4 years following the year or period upon which the application is based. Upon request of the department, the owner shall make these records available to the department for audit as to accuracy of computations and payments or pay the reasonable costs of an audit at the owner's home office by an appointed representative of the department. The department may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of the owner.

61-3-734 and 61-3-735 reserved.

61-3-736. *(Effective January 1, 1998)* **Assessment of proportionally registered interstate motor vehicle fleets — payment of tax or fee in**

lieu of tax required for registration. (1) (a) Except as provided in subsection (2), the department of transportation shall determine the fee for the purpose of imposing the fee in lieu of tax as provided in 61-3-528 and 61-3-529 on buses, trucks having a manufacturer's rated capacity of more than 1 ton, and truck tractors, in interstate motor vehicle fleets that are proportionally registered under the provisions of 61-3-711 through 61-3-733. The fee must be apportioned on the ratio of total miles traveled to in-state miles traveled as prescribed by 61-3-721. The fee in lieu of tax on interstate motor vehicle fleets is imposed upon application for proportional registration and must be paid by the persons who own or claim the fleet or in whose possession or control the fleet is at the time of the application.

(b) With respect to an original application for a fleet that has a situs in Montana for the purpose of the fee in lieu of tax under this part or any other provision of the laws of Montana, the fee in lieu of tax on fleet vehicles must be prorated according to the ratio that the remaining number of months in the year bears to the total number of months in the year.

(2) For the purpose of taxation, the department of transportation shall assess light vehicles, as defined in 61-1-139, that are part of an interstate motor vehicle fleet as follows:

(a) The value of each vehicle is determined in the same manner as provided in 61-3-503.

(b) The value determined under subsection (2)(a) multiplied by the percent of miles traveled in Montana, as prescribed by 61-3-721, is the market value.

(c) The sum of the market value of all vehicles subject to tax under this subsection (2) multiplied by 2% is the tax for the entire fleet.

(d) With respect to an original application for a fleet that has a situs in Montana for the purpose of taxation under this part or any other provision of the laws of Montana, the taxes on taxable vehicles are determined as provided in subsection (2)(b).

(e) Vehicles taxed as part of a fleet under this subsection (2) are not subject to the local option tax imposed under 61-3-537.

(3) With respect to a renewal application for a fleet, taxable vehicles are assessed and taxed for a full year and for all other vehicles the fee in lieu of tax is imposed for a full year.

(4) Vehicles contained in a fleet for which current taxes or fees, or both, have been assessed and paid may not be assessed or charged fees under this section upon presentation to the department of proof of payment of taxes, fees, or both for the current registration year. The payment of fleet vehicle taxes, fees in lieu of tax, and license fees is a condition precedent to proportional registration or reregistration of an interstate motor vehicle fleet.

(5) All taxes and fees collected on motor vehicle fleets under this chapter must be deposited and distributed as provided in 61-3-738.

61-4-101. Application for dealer's license or wholesaler's license.

(1) (a) A verified application for licensure as a dealer or wholesaler must be filed, by mail or otherwise, in the office of the department by each person, firm, corporation, or association that, for commission or profit, engages in:

(i) the business of buying, selling, exchanging, taking for consignment, or acting as a broker of new motor vehicles, recreational vehicles, used motor vehicles, trailers (except trailers having an unloaded weight of less than 500 pounds), semitrailers, mobile homes, or special mobile equipment as defined in 61-1-104; or

(ii) business as a wholesaler as defined in 61-1-319.

(b) A licensed real estate broker or agent lawfully buying, selling, exchanging, taking for consignment, or acting as a broker of mobile homes is exempt from licensure under this section.

(c) The sale of more than three motor vehicles or the offering for sale of more than three motor vehicles, if the motor vehicles are not titled in the seller's name, in any calendar year is prima facie evidence that a person is engaged in the business of dealing motor vehicles. Licensed wholesalers do not have the privilege of the use of dealer license plates as provided in subsection (2)(b) but are authorized to display and use demonstrator plates under the provisions of 61-4-102(2)(a)(ii).

(d) Each license application and all of the information contained in it must be verified by the department or an authorized representative of the department on a form to be furnished by the department for that purpose and must contain the information required. Each application must be accompanied by the license fee specified in 61-4-102. A dealer's or wholesaler's license must be renewed and paid for annually, and an application for relicensure must be filed not later than January 1 of each year. If an application for renewal of a license has been received by the department before the expiration of the license, the licensee may operate the business and display dealer or demonstrator plates under the expired license between January 1 and February 15 following expiration.

(2) To qualify for licensure and the issuance and use of “D”, “UD”, “RV”, “DTR”, or “MCD” plates as provided in this subsection, the applicant shall furnish the following information and qualify under the following provisions:

(a) To qualify as a new motor vehicle dealer and for the use of “D” plates, the applicant shall:

(i) state the name under which the business is to be conducted and the location of the premises (street address, city, county, and state) where records are kept, sales are made, and stock of motor vehicles is displayed;

(ii) state the name, address, date of birth, and social security number of all owners or persons having an interest in the business, provided that in the case of a corporation, the names and addresses of the president and secretary are sufficient;

(iii) identify other dealerships owned by the applicant, identify all persons in Montana or in another state having an interest in another dealership owned by the applicant, and disclose whether the applicant or other person with interest in a dealership owned by the applicant has been convicted of a felony;

(iv) certify that the applicant has acquired and shall maintain motor vehicle liability insurance, pursuant to 61-6-301, for any vehicle offered for demonstration or loan to a customer;

(v) state the name and make of all motor vehicles handled and the name and address of the manufacturer, importer, or distributor with whom the applicant has a written new motor vehicle franchise or sales agreement;

(vi) execute a certificate to the effect that the applicant has a permanent building for the display and sale of new motor vehicles at the location of the premises where sales are conducted;

(vii) execute a certificate to the effect that the applicant has a bona fide service department for the repair, service, and maintenance of motor vehicles; and

(viii) execute a certificate to the effect that the applicant is a bona fide dealer in new motor vehicles and that the dealer is recognized by a manufacturer, importer, or distributor as a dealer in new motor vehicles.

(b) To qualify as a used motor vehicle dealer and for the use of “UD” plates; as a recreational vehicle dealer and for the use of “RV” plates; as a trailer, semitrailer, or special mobile equipment dealer and for the use of “DTR” plates; as a motorcycle or quadricycle dealer and for the use of “MCD” plates; or as a wholesaler and for the use of demonstrator plates, the applicant shall, in addition to the matters set forth in subsections (2)(a)(i) through (2)(a)(iv), provide:

(i) a statement that the:

(A) applicant has an established place of business consisting of one or more lots located within 200 feet of each other upon which motor vehicles may be displayed and a permanent nonresidential building on or within 1,000 feet of the lot or lots where records are kept and sales are made; or

(B) wholesaler applicant has an established place of business that includes a permanent nonresidential building or office where records are kept in order that those records may be inspected;

(ii) a certificate to the effect that the applicant is a bona fide dealer or wholesaler in used motor vehicles, recreational vehicles, trailers, semitrailers, special mobile equipment, motorcycles, or quadricycles. An applicant for a recreational vehicle dealer license shall also indicate on the same certificate that the person is recognized by a manufacturer, importer, or distributor as a dealer in recreational vehicles.

(c) If two or more vehicle dealers or wholesaler businesses share a location, all records, office facilities, and inventory, if applicable, must be physically segregated and clearly identified. Each applicant's established place of business may display a sign that indicates the firm name and that vehicles are offered for sale. The letters of the sign must be clearly visible and readable to the major avenue of traffic at a minimum distance of 150 feet.

(d) To qualify for a used motor vehicle dealer's or wholesaler's license, a person shall submit an annual application for that license and comply with the provisions of 61-4-102(5) in addition to fulfilling the requirements of subsection (2)(b).

(e) The provisions of subsection (2)(d) do not apply to an applicant who is licensed as a motor vehicle wrecking facility under the provisions of Title 75, chapter 10, part 5.

(3) (a) The applicant for a dealer's or wholesaler's license shall also file with the application a bond of $25,000 for a license as a new motor vehicle dealer, a used motor vehicle dealer, a recreational vehicle dealer, a trailer dealer, or a wholesaler. However, applicants for a license as a trailer dealer or a trailer wholesaler shall file the $25,000 surety bond only if special mobile equipment, commercial trailers and semitrailers exceeding 6,000 pounds maximum gross loaded weight, mobile homes, or house trailers are sold. All other trailer dealer, motorcycle dealer, or wholesaler license applicants shall file a bond in the sum of $10,000. All bonds must be conditioned that the applicant shall conduct the business in accordance with the requirements of the law. The bond may extend to any other type of dealer license issued to the applicant at the same place of business, provided that all types of licenses are indicated on the face of the bond. All bonds must run to the state of Montana, must be approved by the department, must be filed in its office, and must be renewed annually.

(b) A person who suffers loss or damage due to the unlawful conduct of a dealer or wholesaler licensed under this section shall obtain a judgment from a court of competent jurisdiction prior to collecting on the bond. The judgment must determine a specific loss or damage amount and conclude that the licensee's unlawful operation caused the loss or damage before payment on the bond is required.

61-4-102. Fees — restrictions on licensees. (1) Upon making such application, the applicant shall pay to the department, in addition to the fees required of dealers and wholesalers under the provisions of subsection (2), a fee of $5. Upon receipt of the application, fee, and bond, as provided above, the department shall examine the application, and may, prior to issuing a license, make individual investigation of the truth of the statements contained in the application. If the department is satisfied that the applicant qualifies for the issuance of a license under the provisions of this chapter, the department may issue the license. The department may refuse, after investigation, to issue a license to an applicant as allowed by law.

(2) Registration or license fees shall be paid upon registration or reregistration of dealers in motor vehicles, recreational vehicles, or trailers as follows:

(a) (i) all dealers in motor vehicles and recreational vehicles, a fee of $25, which shall entitle such dealer to one set of number plates, and $25 additional fee for each additional set of number plates, subject to the following limitations on the number of additional sets allowed a dealer:

(A) 5% of the first 100 vehicle sales for the previous year; plus

(B) 3% of the next 100 vehicle sales for the previous year; plus

(C) 2% of vehicle sales in excess of 200 for the previous year; and

(D) any additional sets upon a showing of good cause by the applicant dealer to the department.

(ii) in addition to the dealer plates allowed under subsection (2)(a)(i), a dealer who has purchased one or more sets of dealer plates or a licensed wholesaler is entitled to purchase demonstrator plates at a cost determined by the department to offset the cost of production. Demonstrator plates must be used in lieu of a dealer plate but only as set forth in subsection (6) and must be distinguished from dealer plates in a manner determined by the department. Wholesaler demonstrator plates must be distinguished from dealer demonstrator plates in a manner determined by the department.

(b) dealers in motorcycles, quadricycles, and trailers, including housetrailers, $45; and

(c) wholesalers in used motor vehicles, recreational vehicles, trailers (including semitrailers and special mobile equipment), and motorcycles (including quadricycles), $30.

(3) If a dealer or wholesaler is originally registered 6 months after the time of registration as set by law, the registration or license fee for the remainder of the year is one-half of the regular fee above given.

(4) A dealer or wholesaler in motor vehicles, recreational vehicles, or trailers who maintains more than one place of business or who maintains a branch establishment or establishments shall register and pay a registration or license fee for each place of business or establishment. A dealer may sell vehicles only from his licensed place of business unless the dealer notifies the department 10 days in advance, on a form prescribed by the department, of the opening date and location of an off-premises sale. Except for recreational vehicle dealers, an off-premises sale must be conducted within the city limits of the city of the dealer's licensed location or upon an adjacent off-premises site that is approved by the department and that is within the county of the dealer's licensed location. The sale may not exceed 10 consecutive business days, and a licensed dealer may not conduct more than 10 off-premises sales during any 1 calendar year.

(5) A new applicant for a used motor vehicle dealer or wholesaler license shall pay $300 to the department in addition to any other sums required by this section or other provisions of the law. An applicant for a renewal of a used motor vehicle dealer or wholesaler license shall certify under oath that he has sold more than five used motor vehicles during the preceding calendar year or pay an additional $300 before he may be licensed.

(6) Demonstrator plates provided for in subsection (2)(a)(ii) may be used only as follows:

(a) New and used motor vehicle or recreational vehicle demonstrator plates may be used:

(i) to demonstrate, for no more than 72 hours, an authorized vehicle held for sale, when operated by an individual holding a valid operator's license;

(ii) on authorized vehicles owned by the firm when operated by an officer or bona fide full-time employee of the dealer or wholesaler and used to transport the dealer's or wholesaler's own tools, parts, and equipment;

(iii) on authorized vehicles being tested for repair;

(iv) on authorized vehicles being moved to or from a dealer's place of business for sale;

(v) on authorized vehicles being moved to or from service and repair facilities before sale;

(vi) on authorized vehicles being moved to or from exhibitions within the state, provided any such exhibition does not exceed a period of 20 days.

(b) Mobile home and trailer dealer demonstrator plates may be used:

(i) on units hauled to or from the place of business of the manufacturer and the place of business of the dealer or to and from places of business of the dealer;

(ii) on mobile homes hauled to a customer's location for setup after sale;

(iii) on travel trailers held for sale to demonstrate the towing capability of the vehicle provided that a dated demonstration permit, valid for not more than 72 hours, is carried with the vehicle at all times;

(iv) on any motor vehicle owned by the dealer that is used only to move vehicles legally bearing mobile home and travel trailer dealer license plates of the dealer owning any such motor vehicle;

(v) on vehicles being moved to or from vehicle exhibitions within the state, provided any such exhibition does not exceed a period of 20 days.

61-4-103. Assignment of dealer plates. (1) Upon the licensing of a dealer as a new motor vehicle dealer, used motor vehicle dealer, recreational vehicle dealer, or trailer, semitrailer, or special mobile equipment dealer, or a dealer of the motorcycle- or quadricycle-type vehicle, the department shall assign to the dealer a distinctive serial license number as a dealer and after payment of fees furnish every qualified dealer in motor vehicles with sets of number plates as required according to need, which need must be justified by the dealer with the initial application for license and each renewal. Assigned number plates must be similar to number plates furnished to owners of motor vehicles but must bear, in addition to the serial number assigned the dealer, the letter "D" if the dealer is authorized to sell new motor vehicles (including trucks and truck trailers); the letters "RV" if the dealer is authorized to sell recreational vehicles; the letters "UD" if the dealer is authorized to sell used motor vehicles (including used trucks and used truck trailers); the letters "DTR" if the dealer is authorized to sell trailers, semitrailers, or special mobile equipment (new or used); and the letters "MCD" if the dealer is authorized to sell vehicles of the motorcycle or quadricycle type (new or used).

(2) With the exception of a dealer authorized to sell new motor vehicles (including trucks and truck trailers) and to use the "D" plate or demonstrator plate, a dealer or wholesaler authorized to transact business under the provisions of this section may not offer for sale or trade any vehicle described in this section except the vehicles that are authorized by the plates assigned to him. If an applicant wishes to sell more than one type of vehicle, he shall make application for each separate authorization. No plate assigned to a dealer or wholesaler may be used on any vehicle other than the type described in this section. A wholesaler may not sell a motor vehicle to a person who is not a licensed dealer. A dealer authorized to sell new motor vehicles and assigned a "D" plate or demonstrator plate is authorized to sell both new and used motor

vehicles (including trucks and truck trailers), and the plates may be displayed on either new or used motor vehicles by a licensed dealer in new vehicles.

(3) The department shall cause to be placed on each set of license plates issued to a dealer a serial number assigned to each dealer and the actual number of license plates issued to each dealer. The number of the dealer must follow the prefix of the county, and the number of plates issued the dealer must follow the prefix of the county and the number of the dealer, the dealer's number to be separated from the county prefix by a dash, and the number of plates issued to a dealer to be separated from the dealer's number by a dash, as follows: dealer number 4 in Lewis and Clark County would be numbered 5-4, and if the dealer were issued three sets of plates, they would be numbered consecutively as follows, 5-4-1, 5-4-2, and 5-4-3. Wholesalers who receive demonstrator plates under this part must be issued license plates that are of a similar sequence to dealer and dealer demonstrator plates and display a "wholesaler" or "wholesale dealer" identifier conspicuously displayed upon the plates.

(4) Dealers properly licensed under this section are authorized to use and display dealer's license plates on a motor vehicle held for bona fide sale or used in the conduct of the dealer's business in selling or demonstrating motor vehicles and operated by or under the control of the dealer, his officers or employees. For purposes of this provision, "officers and employees" include only the persons listed on the manufacturer's franchise agreement or the importer's distribution agreement and their spouses or such other persons upon whom the dealer has paid social security taxes as a full-time employee. A dealer's or wholesaler's license plate may not be used or displayed on vehicles normally used for hire, lease, or rental or for purposes not incident to the business of a motor vehicle dealer. A dealer is accountable for each plate issued and shall certify quarterly to the department the disposition of each dealer plate assigned to the dealer, including the name, address, and occupation of the person primarily using each plate.

(5) When the department has reasonable cause to believe, from an investigation made by it or information furnished to it by the sheriff or any other law enforcement officer, that a dealer or wholesaler has been improperly licensed, has used the dealer's license in a manner other than the one authorized in this section, has provided a material misstatement of fact in an application for a license, is not qualified as a dealer or wholesaler under the requirements of this section, or whose criminal conduct renders him unfit for licensure, the department may revoke the dealer's or wholesaler's license. A person, firm, corporation, or association may not, for commission or profit, engage in the business of buying, selling, exchanging, or acting as a broker of new motor vehicles, trailers, or semitrailers unless duly licensed in compliance with this section (except trailers having an unladen weight of less than 500 pounds).

61-4-104. Record of purchase or sale. A dealer or wholesaler licensed under 61-4-101 shall keep a book or record of the purchases, sales or exchanges, or receipts for the purpose of sale of used vehicles and a description of the vehicles, together with the name and address of the seller, of the purchaser, and of the alleged owner or other person from whom each vehicle was purchased or received or to whom it was sold or delivered, as the case may be. The description in the case of motor vehicles must also include the vehicle identification number and engine number, if any, and must include a statement that a number has been obliterated, defaced, or changed if that has occurred. In the case of a trailer, semitrailer, or special mobile equipment, the record must include the manufacturer's number and other numbers or identification marks that appear on the trailer, semitrailer, or special mobile equipment. The dealer or wholesaler must also have a duly assigned certificate of ownership from the owner of the motor vehicle to the dealer or wholesaler from the time the motor vehicle is delivered to the dealer or wholesaler until it has been disposed of by the dealer or wholesaler. It is a violation of this part for a dealer or wholesaler to fail to take assignment of all certificates of ownership or manufacturer's certificates of origin for vehicles acquired by the licensee or to fail to assign the certificate of ownership or manufacturer's certificate of origin for vehicles sold. All records required to be kept in accordance with this section, in addition to the required retention of odometer disclosure information under 61-3-206(4), must be physically located and maintained within the building referred to in 61-4-101(2)(b)(i). An authorized representative of the department, upon presentation of the representative's credentials, may inspect and have access to and copy any records required under this chapter.

For the purposes of this section, every sale of a motor vehicle in violation of the provisions of 61-4-101 through 61-4-104 or 61-4-120 is a separate offense.

(2) In addition to all other penalties created by this part, the department is authorized to take appropriate enforcement action on its own initiative. Any person violating the provisions of 61-4-101 through 61-4-104 or 61-4-120 may

be subject to administrative action, in accordance with the contested case procedures of Title 2, chapter 4, as follows:

(a) a civil penalty not to exceed $200 for each violation;

(b) suspension of the motor vehicle dealer, wholesaler, or auto auction license not to exceed 5 working days;

(c) revocation or denial of the motor vehicle dealer, wholesaler, or auto auction license; or

(d) any combination of subsections (2)(a) through (2)(c).

61-4-108. Exemptions. (1) This part does not require licensure of, or restrict or prohibit a financial institution, as defined in 32-6-103:

(a) in the selling of collateral repossessed on default of a loan made by the financial institution;

(b) in the conduct of a motor vehicle sales promotion in affiliation with one or more licensed dealers; or

(c) in the conduct of a motor vehicle sales promotion in affiliation with a person regularly engaged in a bona fide vehicle rental business if the purpose of the sale is to dispose of used motor vehicles used in the rental business.

(2) This part does not require licensure of an auctioneer whose business consists primarily of the sale of personal property other than motor vehicles.

History: **En. Sec. 2, Ch. 523, L. 1989.**

61-4-109 and 61-4-110 reserved.

61-4-111. Used motor vehicles — transfer to and from dealers. (1) A licensed dealer, broker, or wholesaler who intends to resell a used motor vehicle and who operates the vehicle only for demonstration purposes:

(a) is exempt from registration under 61-3-201(2) when applying for a certificate of ownership; and

(b) may transfer or receive ownership of a motor vehicle by use of a dealer reassignment section on a certificate of ownership; however, when the allotted number of dealer reassignment sections on a certificate of ownership has been completed, ownership of the vehicle may not be transferred until an application for a certificate of ownership has been submitted by the dealer to the department and a new certificate of ownership has been issued.

(2) Upon the transfer of a used motor vehicle to a person other than a licensed dealer, broker, or wholesaler, the following acts are required of the dealer on or before the times set forth in this subsection:

(a) Prior to delivery of the vehicle to the purchaser, the dealer shall issue and affix to the rear window of the vehicle a 20-day permit in a form to be prescribed by the department and containing the name and address of the purchaser, date of sale, name and address of the dealer, and a description of the vehicle, including its serial number. There must be imprinted on the permit in bold letters the following statement: "IT IS UNLAWFUL TO PLACE LICENSE PLATES UPON THIS VEHICLE UNTIL REGISTERED AT THE OFFICE OF THE COUNTY TREASURER". One copy of the permit must be delivered by the dealer to the county treasurer in the manner prescribed in subsection (2)(b), and a copy must be retained by the dealer for the dealer's file. It is unlawful for the dealer to issue more than one permit per vehicle sale.

(b) Within 4 working days following the date of delivery of the vehicle, the dealer shall forward to the county treasurer of the county where the purchaser resides the certificate of ownership and certificate of registration (if the certificates are then in the dealer's possession), with an application for registration executed by the new owner in accordance with the provisions of 61-3-322, and a copy of the permit affixed to the vehicle by the dealer. The department, upon receipt of the documents from the county treasurer, together with the conditional sales contract or other lien, if any, shall issue a new certificate of ownership and certificate of registration, together with a statement of any conditional sales contract, mortgage, or other lien as provided in 61-3-202. Transmission of the documents by the dealer to the county treasurer may be accomplished either by personal delivery or by first-class mail, in which event they are considered to have been delivered at the time of mailing.

(c) If the dealer is unable to forward the certificate of ownership or certificate of registration within the time set forth in subsection (2)(b) because the certificate is lost, is in the possession of third parties, or is in the process of reissuance in this state or elsewhere, the dealer shall comply in all other respects with the provisions of subsection (2)(b) and shall forward the missing document or documents to the county treasurer, either personally or by first-class mail, within 3 days after receipt.

(3) Upon compliance by the dealer with the requirements in this section, title to the motor vehicle is considered to have passed to the purchaser as of the date of the delivery of the vehicle to the purchaser by the dealer, and the dealer has no further liability or responsibility with respect to the processing of registration.

(4) For purposes of this section, "motor vehicle" includes a trailer as defined in 61-1-111.

(b) within 4 working days following the date of delivery of the new motor vehicle, forward to the county treasurer of the county where the purchaser or recipient resides:

(i) one copy of the permit issued under subsection (1)(a);

(ii) an application for certificate of title with a notice of security interest, if any, executed by the purchaser or recipient; and

(iii) a statement of origin as prescribed in 61-3-502(8).

(2) Upon receipt from the county treasurer of the documents required under subsection (1), the department shall issue a certificate of ownership and certificate of registration, together with a statement of lien as provided in 61-3-202.

61-4-120. Application for auto auction license — general regulations. (1) A person, firm, association, or corporation that takes possession of a motor vehicle owned by another person through consignment, bailment, or any other arrangement for the purpose of selling the motor vehicle to the highest bidder when all buyers are licensed motor vehicle dealers, wholesalers, or wrecking facilities shall file by mail or otherwise in the office of the department a verified application for licensure as an auto auction. The application must be made in the following manner:

(a) Each application and all of the information contained in it must be verified by the department or an authorized representative of the department on a form to be furnished by the department for that purpose. The application must provide the following information:

(i) the name in which the business is to be conducted and the location of premises, including street address, city, county, and state, where records are kept, sales are made, and motor vehicle stock is displayed as an established place of business that displays a sign indicating the firm name and that vehicles are offered for sale. The letters on the sign must be clearly visible and readable to the major avenue of traffic at a minimum distance of 150 feet.

(ii) the name and address of all owners or persons having an interest in the business. In the case of a corporation, the names and addresses of the president and secretary are sufficient.

(iii) a statement that the applicant is authorized to auction used motor vehicles, recreational vehicles, trailers, semitrailers, special mobile equipment, motorcycles, and quadricycles under one license. A licensed auto auction may not auction a new motor vehicle except when authorized by a new motor vehicle manufacturer, importer, distributor, or representative thereof, for the purpose of conducting a closed-factory fleet sale to dispose of new motor vehicles by the franchisor (manufacturer, distributor, or importer) to franchisee purchasers when the purchasers are licensed new motor vehicle dealers purchasing new motor vehicle line-makes authorized by their respective franchise, sales, or distributor agreements. An auto auction licensed under the provisions of this section shall notify and update the department with current fleet sale agreements between the auto auction and franchisor. An auto auction may not conduct a factory fleet sale unless authorized or appointed by a franchisor licensed under part 2 of this chapter.

(b) Each application must be accompanied by a bond of $25,000 and must be conditioned that the applicant shall conduct business in accordance with the requirements of the law. All bonds must run to the state of Montana, must be approved by the department and filed in its office, and must be renewed annually. A person who suffers loss or damage due to the unlawful conduct of an auto auction licensed under this section may proceed in the same manner as provided for licensed dealers and wholesalers in 61-4-101(3)(b).

(2) An auto auction's license must be renewed and paid for annually to the department, and an application for relicensure must be filed by January 1 of each year. The fee required for each first-time applicant is $500 and for subsequent renewal applications is $100 each year. Upon receipt of a properly completed application, fee, and bond, the department shall issue the auto auction license and assign an auto auction license number for each applicant in a manner determined by the department. Auto auctions dealing in motor vehicles may sell only to licensed dealers and wholesalers.

(3) Auto auctions that are licensed under this section and that hold a current license number may issue temporary permits, which may be displayed

and used by a buyer to operate an unregistered vehicle purchased from the auto auction. The temporary permit is valid for a period of 72 hours from the time of purchase and may be used only for the purpose of driving or transporting a vehicle from the auction premises to the purchaser's established place of business or point of destination. Temporary permits must be on a form prescribed by the department and must contain the name, address, and license number of the purchaser, date of sale, name, address, license number, and authorized signature of the auto auction, and a description of the vehicle, including its serial number. The department shall collect a fee of $10 from the auto auction for each temporary permit, and the auto auction may charge a vehicle purchaser no more than $10 for the issuance of each permit to offset the cost of the permit. It is unlawful for the auto auction to issue more than one temporary permit per vehicle sale.

(4) A licensed auto auction may apply for and may be authorized by the department to purchase and use license plates of a type and amount approved by the department, upon payment of a fee to the department to offset the cost of production. Licensed auto auctions may use the license plates to transport inventory vehicles from a point of storage or a point of delivery in this state to the auto auction's place of business, for road testing authorized vehicles, or for moving vehicles for purposes of repairing, painting, upholstering, polishing, and related activities. One license plate is required to be conspicuously displayed on the rear of the vehicle. Auto auctions may appoint designated persons, partnerships, corporations, service stations, or repair garages to use the license plate only when conducting work for the auto auction involving repairing, painting, upholstering, polishing, or performing similar types of work upon a vehicle. Upon application for an auto auction license, the applicant, if requesting the license plates, shall submit a sworn affidavit on a form prescribed by the department, listing each authorized person designated by the auction to use the license plates. The auto auction is responsible for reporting any changes to the affidavit within 72 hours after the amendment has occurred. An auto auction licensed under the provisions of this section is liable for the proper use of the license plates, which may not be used for private purposes. The department may revoke an auto auction's 72-hour temporary permit and license plate privileges if an auction issues, authorizes the use of, or uses a temporary permit or the license plate in violation of the provisions of this section.

(5) (a) Each auto auction shall keep a book or record, in a form and manner subject to approval by the department, of the purchases, sales, or exchanges or the receipts for the purpose of sale of any motor vehicle, a properly completed copy of a temporary permit issued to a vehicle purchaser, the date of title transfer, and a description of the motor vehicle, together with the name and address of the seller, the purchaser, and the alleged owner or other person from whom the motor vehicle was purchased or received or to whom it was sold or delivered. The description in the case of a motor vehicle must include:

(i) the vehicle identification number and engine number, if any; and

(ii) a statement that a number has been obliterated, defaced, or changed, if it has.

(b) An auto auction licensed under this section shall validate the sale of a motor vehicle through its auction by stamping its name and license number upon the certificate of ownership at a location on the front or back of the certificate, at the margin in the assignment section as executed between the transferor and transferee. An auto auction's stamp must be legible and may not interfere with the information recorded on the certificate between the transferor and transferee. If the certificate of ownership lacks adequate space for the auto auction to place its stamp, the auction may provide the transferee a copy of the auction invoice bearing the:

(i) name and license number of the auction, along with an indication of the vehicle year, make, model, and identification number;

(ii) name, address, and signature of the transferor;

(iii) name, license number, and signature of the transferee; and

(iv) date the vehicle was sold through the auction.

(c) The invoice must be attached to the certificate of ownership and must be presented to the department with any application for title.

(d) An auto auction shall retain, for 5 years, odometer disclosure information, including the name of the owner on the date the auto auction took possession of the motor vehicle, the name of the buyer, the vehicle identification number, and the odometer reading on the date the auto auction took possession of the motor vehicle. The odometer information may be retained in any way that is systematically retrievable and is not required to be maintained on any special disclosure form. The information may be part of the auction receipt or invoice or be maintained as a portion of a computer data base or manual file. An auto auction that executes a transfer of ownership as an agent on behalf of a seller or buyer is liable for providing an odometer disclosure statement for the seller or an odometer disclosure acknowledgment for the buyer under the provisions of 61-3-206.

61-4-132. Right of designated family member to succeed in dealership ownership. (1) Any designated family member of a deceased or incapacitated dealer may succeed the dealer in the ownership or operation of the dealership under the existing franchise or distribution agreement provided he gives the manufacturer, factory branch, distributor, or importer of new motor vehicles written notice of his intention to do so within 120 days of the dealer's death or incapacity and unless there exists good cause for refusal to honor such succession on the part of the manufacturer, factory branch, distributor, or importer.

(2) The manufacturer, factory branch, distributor, or importer may request, and the designated family member shall provide, upon request, personal and financial data that is reasonably necessary to determine whether the succession should be honored.

History: En. 51-610 by Sec. 2, Ch. 381, L. 1977; R.C.M. 1947, 51-610.

61-4-133. Refusal to honor succession to ownership — notice required. (1) If a manufacturer, factory branch, distributor, or importer believes that good cause exists for refusing to honor the succession to the ownership and operation of a dealership by a family member of a deceased or incapacitated dealer under the existing franchise agreement, the manufacturer, factory branch, distributor, or importer may, within 30 days of receipt of notice of the designated family member's intent to succeed the dealer in the ownership and operation of the dealership, serve upon the designated family member and the department notice of its refusal to honor the succession and of its intent to discontinue the existing franchise agreement with the dealership no sooner than 90 days from the date the notice is served.

(2) The notice must state the specific grounds for the refusal to honor the succession and of its intent to discontinue the existing franchise agreement with the dealership no sooner than 90 days from the date the notice is served.

(3) If notice of refusal and discontinuance is not timely served upon the family member and the department or if the department rules in favor of the complainant in a hearing held pursuant to 61-4-134, the franchise agreement

must continue in effect subject to termination only as otherwise permitted by law.

61-4-134. Procedure to determine right to succeed. (1) Any designated family member who receives notice of the manufacturer's, factory branch, distributor's, or importer's refusal to honor the family member's succession to the ownership and operation of the dealership may, within the 90-day period, file with the department a verified complaint for a hearing and determination by the department on whether good cause exists for refusal and discontinuance.

(2) The manufacturer, factory branch, distributor, or importer must establish good cause for refusal by showing that the succession would be detrimental to the public interest or to the representation of the manufacturer, factory branch, distributor, or importer.

(3) The franchise agreement must continue in effect until the final adjudication by the department on the verified complaint and the exhaustion of all appellate remedies available to the designated family member. The manufacturer, factory branch, distributor, or importer and the designated family member shall abide by the terms of the franchise agreement and the laws of Montana during the appeals process.

(4) If the manufacturer, factory branch, distributor, or importer prevails, the department shall include in its order approving the termination of the franchise agreement reasonable conditions affording the complainant an opportunity to receive fair and reasonable compensation for the value of the dealership.

(5) Any decision by the department may be reviewed pursuant to Title 2, chapter 4, part 7.

(1) Regardless of the terms of any franchise agreement, in the event of a proposed sale or transfer of a dealership, the manufacturer or distributor may exercise a right of first refusal to acquire the new vehicle dealer's assets or ownership. This may occur if the sale or transfer is conditioned upon either the manufacturer or dealer entering into a dealer agreement with the proposed new owner or transferee if all the following requirements are met:

(a) the manufacturer or distributor notifies the dealer in writing of the manufacturer's or dealer's intent to exercise the right of first refusal within 60 days of receipt of the dealer's written proposal for sale or transfer;

(b) the dealer and the dealer's owner receive the same or greater consideration as they have contracted to receive in connection with the proposed change of ownership or transfer;

(c) the proposed sale or transfer of the dealership's assets does not involve the transfer or sale to a member or members of the family of one or more dealer owners or to a qualified manager, partnership, or corporation controlled by a member of the family of a dealer owner; and

(d) the manufacturer or distributor agrees to pay reasonable costs and attorney fees relative to the proposed changes in ownership or transfer of dealership assets. In order for costs and fees to be payable, the dealer shall submit an accounting of the expenses within 20 days of the dealer's receipt of the manufacturer's or distributor's written request for the accounting. The manufacturer or distributor may request the accounting before exercising the manufacturer's or distributor's right of first refusal.

(2) This section does not affect any contractual right of a manufacturer or distributor to charge back to the dealer's account any amount previously credited or paid as a discount incident to the dealer's purchase of the vehicles.

61-4-201. Definitions. As used in this part, the following definitions apply:

(1) "Community" means the relevant market area of a franchise. For the purposes of this part, the relevant market area of a franchise is the county or counties in which the franchisee is located.

(2) "Distributor" or "wholesaler" means a person who sells or distributes new motor vehicles to new motor vehicle dealers in this state or who maintains distributor representatives in this state.

(3) "Distributor branch" means a branch office maintained or availed of by a distributor or wholesaler for the sale of new motor vehicles to new motor vehicle dealers in this state for directing or supervising its representatives in this state.

(4) "Factory branch" means a branch office maintained or availed of by a manufacturer for the sale of new motor vehicles to distributors or for the sale of new motor vehicles to new motor vehicle dealers in this state or for directing or supervising its representatives in this state.

(5) "Franchise" means a contract between or among two or more persons when all of the following conditions are included:

(a) a commercial relationship of definite duration or continuing indefinite duration is involved;

(b) the franchisee is granted the right to offer, sell, and service in this state new motor vehicles manufactured or distributed by the franchisor;

(c) the franchisee, as a separate business, constitutes a component of franchisor's distribution system; and

(d) the operation of the franchisee's business is substantially reliant on the franchisor for the continued supply of new motor vehicles, parts, and accessories.

(6) "Franchisee" means a person who receives new motor vehicles from the franchisor under a franchise and who offers, sells, and services such new motor vehicles to and for the general public.

(7) "Franchisor" means a person who manufactures, imports, or distributes new motor vehicles and who may enter into a franchise.

(8) "Importer" means a person who transports or arranges for the transportation of a foreign manufactured new motor vehicle into the United States for sale in this state.

(9) "Manufacturer" means a person who manufactures or assembles new motor vehicles or who manufactures or installs on previously assembled truck chassis special bodies or equipment that, when installed, forms an integral part of the new motor vehicle and that constitutes a major manufacturing alteration, but does not include a person who installs a camper on a pickup truck.

(10) "New motor vehicle" means a motor vehicle that has not been the subject of a retail sale regardless of the mileage of the vehicle.

(11) "New motor vehicle dealer" means a person who buys, sells, exchanges, or offers or attempts to negotiate a sale or exchange or any interest in or who is engaged in the business of selling new motor vehicles under a franchise with the manufacturer of the new motor vehicles or used motor vehicles taken in trade on new motor vehicles.

(12) (a) "Retail sale" means the sale of a new motor vehicle.

(b) "Retail sale" does not mean a sale:

(i) of a new motor vehicle to a purchaser who is acquiring the vehicle for the purposes of a resale; or

(ii) that is the result of a transfer between two licensed new motor vehicle dealers.

History: En. 51-601 by Sec. 1, Ch. 380, L. 1977; R.C.M. 1947, 51-601(1) thru (9), (11), (12); amd. Sec. 2, Ch. 274, L. 1981; amd. Sec. 1, Ch. 431, L. 1981; amd. Sec. 1, Ch. 503, L. 1985; amd. Sec. 8, Ch. 221, L. 1997.

61-4-202. License requirements. (1) No new motor vehicle dealer, manufacturer, distributor, factory branch, or distributor branch may engage in business in Montana except in accordance with the requirements of this part. The provisions of this part do not apply to a public officer engaged in the discharge of his official duties or to a trustee, receiver, or other officer acting under the jurisdiction of a court; to financial institutions disposing of repossessed vehicles; or to a person disposing of his personal vehicle. The provisions of this part regulating and licensing new motor vehicle dealers, manufacturers, distributors, factory branches, distributor branches, and franchisors apply only to those new motor vehicle dealers, manufacturers, distributors, factory branches, distributor branches, and franchisors of motor vehicles as defined by this part.

(2) A manufacturer, distributor, factory branch, distributor branch, importer, or franchisor transacting business within Montana by offering, selling, trading, consigning, or otherwise transferring a new motor vehicle to a new motor vehicle dealer must be licensed by the state of Montana. The department shall issue licenses to qualified applicants upon receipt of a license fee in the amount of $15 accompanied by the information required in this section.

(3) The following information, if applicable, shall be submitted by an applicant upon forms supplied by the department:

(a) the name and address of the applicant;

(b) the make and model of each new motor vehicle to be franchised;

(c) the name and address of each of the applicant's franchisees within the state; and

(d) the name and address of each factory branch, distributor branch, agent, or representative within the state.

(4) The license may be renewed each year if the applicant is in compliance with the provisions of this part, remits a renewal fee in the amount of $15, and notifies the department of any changes in the information previously supplied.

(5) No new motor vehicle may be sold in this state unless either the manufacturer on direct dealership of domestic vehicles, the importer of foreign manufactured vehicles on direct dealership, or the distributor on indirect dealerships of either domestic or foreign vehicles is licensed as provided in this part. Notwithstanding any other licensing provision contained in Montana law, every new motor vehicle dealer must obtain a license under part 1 of this chapter. The obtaining of a license under this part or Title 61, chapter 4, part 1 conclusively establishes that a new motor vehicle dealer, manufacturer, distributor, or importer is subject to the laws of this state regulating new motor vehicle dealers, manufacturers, importers, and distributors.

61-4-204. Filing agreement — product liability. (1) A franchisee must, at the time he applies for a new motor vehicle dealer license under the provisions of 61-4-101, file with the department a certified copy of his written agreement with a manufacturer and a certificate of appointment as dealer or distributor. The certificate of appointment must be signed by an authorized agent of the manufacturer of domestic vehicles whenever there is a direct manufacturer dealer agreement or by an authorized agent of the distributor whenever the manufacturer is wholesaling through an appointed distributorship. The certificate must be signed by an authorized agent of the importer of foreign made vehicles whenever there is a direct importer-dealer agreement or by an authorized agent of the distributor whenever there is an indirect distributor-dealer agreement. The distributor's certificate of appointment must be signed by an authorized agent of the manufacturer of domestically manufactured vehicles or by an authorized agent of the manufacturer or importer of foreign made vehicles.

(2) A franchisee need not file a written agreement or certificate of appointment if the manufacturer on direct dealerships or distributor on indirect dealerships or importer on direct dealerships uses the identical basic agreement for all its franchised dealers or distributors in this state and certifies in the certificate of appointment that the blanket agreement is on file and the written agreement with the particular dealer or distributor, respectively, is identical with the filed blanket agreement and that he has filed with the department one such agreement together with a list of franchised dealers or distributors.

(3) A manufacturer, distributor, or importer shall notify the department within 30 days of any revision of or addition to the basic agreement on file or of any franchise supplement to the agreement. Annual renewal of a certificate filed as provided in this section is not required.

(4) A manufacturer must file with the department a copy of the delivery and preparation obligations required to be performed by a dealer prior to the delivery of a new motor vehicle to a buyer. These delivery and preparation obligations constitute the dealer's only responsibility for product liability as between the dealer and the manufacturer. Any mechanical, body, or parts defects arising from an express or implied warranty of the manufacturer constitute the manufacturer's product or warranty liability only; provided, however, that this section shall not affect the obligations of new motor vehicle dealers to perform such warranty repair and maintenance as may be required by law or contract. Except as regards household appliances, including but not limited to ranges, refrigerators, and water heaters, in a recreational vehicle, as defined in 61-1-132, and except as regards a truck rated at more than 10,000 pounds gross vehicle weight, the manufacturer must compensate an authorized dealer for labor, parts, and other expenses incurred by a dealer who performs work to rectify the manufacturer's product or warranty defect or for delivery and preparation obligations at the same rate and time the dealer charges to its retail customers for nonwarranty work of a like kind, based upon a published, nationally recognized, retail flat rate labor time guide manual if the dealer uses the manual as the basis for computing charges for both warranty and retail work.

(5) The dealer must furnish the purchaser of a new vehicle with a signed copy of the manufacturer's delivery and preparation requirements indicating that each of those requirements has been performed.

61-4-205. Limitations on cancellation and termination. (1) Notwithstanding the terms, provisions, or conditions of any agreement or franchise, a franchisor may not cancel, terminate, or refuse to continue a franchise unless the franchisor has cause for termination or noncontinuance.

(2) A franchisor may not enter into a franchise for the purpose of establishing an additional new motor vehicle dealership in any community in which the same line-make is then represented unless there is good cause for an additional new motor vehicle dealership under a franchise and that it is in the public interest.

(3) If a franchisor seeks to terminate or not continue a franchise or seeks to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make, the franchisor shall, not less than 60 days prior to the intended action, and the franchisee may, at any time, file a notice with the department of intention to terminate or not continue the franchise or to enter into a franchise for additional representation of the same line-make. A notice of intention to terminate or not continue a franchise is not required from a franchisor until the conclusion of any review proceeding of that intention offered to the franchisee under the franchise. This section does not apply to an intended termination or noncontinuance of a franchise that the franchisee elects voluntarily, pursuant to a plan established by a franchisor, to submit to binding arbitration.

(4) Upon receiving a notice of intention under the provisions of subsection (3), the department shall, within 5 days of receipt of a notice of intention, send by certified mail, with return receipt requested, a copy of the notice to the franchisor and to the franchisee whose franchise the franchisor seeks to establish, terminate, or not continue. If the notice states an intent to establish an additional new motor vehicle dealership, a copy of the notice must be sent within 5 days of receipt to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. Copies of notices must be addressed to the principal place of business of each recipient and to the statutory agent of each corporate recipient. The department may also give a copy of the franchisor's notice to any other parties whom the department may consider interested persons.

(5) In instances where the change in ownership has the effect of the sale of the franchise, the franchisor may not without good cause withhold its consent to the sale. Good cause relates only to the transferee's financial and managerial capabilities or to the inability of the transferee to comply with a state or federal law relating to new motor vehicle dealerships. The burden of establishing good cause is upon the franchisor.

(6) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, in the event of the sale or transfer of ownership of the franchisee's dealership by sale or transfer of the business or by stock transfer to the dealer's or wholesaler's spouse, son, or daughter, the franchisor shall give effect to the sale or transfer of ownership in the franchise unless the transfer of the franchisee's new motor vehicle dealer's or wholesaler's license is denied or the new owner is unable to obtain a license under the laws of this state.

(7) If a franchisor enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the establishment of an additional new motor vehicle dealership in a community where the same line-make is then represented, without first complying with the provisions of this part, a license under 61-4-101 through 61-4-105 may not be issued to that franchisee or proposed franchisee to engage in the business of selling new motor vehicles manufactured or distributed by that franchisor.

61-4-206. Objections — hearing. (1) A person who receives or is entitled to receive a copy of a notice provided for in 61-4-205(4) may object to the approval of the proposed action by filing a written objection with the department within 15 days from the date the notice was received by the person entitled to receive the notice. If an objection is not filed within 15 days from the date the notice was received, the proposed action must be approved.

(2) If a timely objection has been filed, the department shall enter an order fixing the time, which must be within 30 days of the date of the order, and place of a hearing on the objection and shall send by certified mail with return receipt requested a copy of the notice provided for in 61-4-205(4).

(3) The department may upon request continue the date of hearing for a period of 30 days and may upon application, but not ex parte, continue the date of hearing for an additional period of 30 days.

(4) Upon hearing or upon objection to the establishment of a new motor vehicle dealership, the franchisor has the burden of proof to establish that good cause exists to terminate, not continue, or not establish the franchise.

(5) The rules of evidence for a hearing provided for in subsection (2) are the same as those found in Title 2, chapter 4. The department shall reasonably apportion all costs between the parties.

(6) The department may issue subpoenas, administer oaths, and compel the attendance of witnesses and production of books, papers, documents, and all other evidence. The department may apply to the district court of the county in which the hearing is held for a court order enforcing this section. The hearing must be conducted pursuant to Title 2, chapter 4.

(7) A transcript of the testimony of each witness taken at the hearing must be made and preserved. Within 30 days after the hearing, the department shall make written findings of fact and conclusions and enter a final order.

(8) Any party to the hearing before the department may appeal pursuant to Title 2, chapter 4.

(9) The franchise agreement must continue in effect until the adjudication by the department on the verified complaint and the exhaustion of all appellate remedies available to the franchisee. The franchisor and the franchisee shall abide by the terms of the franchise and the laws of Montana during the appeals process.

61-4-207. Determination of good cause. (1) In determining whether good cause has been established for terminating or not continuing a franchise, the department shall take into consideration the existing circumstances, including but not limited to:

(a) amount of business transacted by the franchise;

(b) investment necessarily made and obligations incurred by the franchisee in the performance of the franchisee's part of the franchise;

(c) permanency of the investment;

(d) whether it is injurious to the public welfare for the business of the franchisee to be discontinued;

(e) whether the franchisee has adequate new motor vehicle facilities, equipment, parts, and qualified management, sales, and service personnel to reasonably provide consumer care for the new motor vehicles sold at retail by the franchisee and any other new motor vehicle of the same line-make;

(f) whether the franchisee refuses to honor warranties of the franchisor to be performed by the franchisee if the franchisor reimburses the franchisee for warranty work performed by the franchisee; and

(g) except as provided in subsection (2), failure by the franchisee to substantially comply with the written and uniformly applied requirements of the franchise that are determined by the department to be reasonable and material.

(2) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, the following do not constitute good cause for the termination or noncontinuance of a franchise:

(a) a change in ownership of the franchisee's dealership; or

(b) the fact that the franchisee refused to purchase or accept delivery of a new motor vehicle, part, accessory, or any other commodity or service not ordered by the franchisee.

(3) In determining whether good cause has been established for entering into an additional franchise for the same line-make, the department shall take into consideration the existing circumstances, including but not limited to:

(a) amount of business transacted by other franchisees of the same line-make in that community;

(b) investment necessarily made and obligations incurred by other franchisees of the same line-make in that community in the performance of their part of their franchises; and

(c) whether the franchisees of the same line-make in that community are providing adequate consumer care, including satisfactory new motor vehicle dealer sales and service facilities, equipment, parts supply, and qualified management, sales, and service personnel, for the new motor vehicle products of the line-make.

61-4-208. Prohibited acts. (1) A manufacturer of new motor vehicles, factory branch, distributor, distributor branch, importer, field representative, officer, agent, or any representative of the persons or entities listed may not:

(a) coerce, attempt to coerce, or require a new motor vehicle dealer to:

(i) accept delivery of a new motor vehicle, a part, or an accessory for a new motor vehicle or any other commodity that has not been ordered by the dealer;

(ii) participate in or contribute to any local, regional, or national advertising fund or to participate in or to contribute to contests, giveaways, or other sales devices;

(iii) change location of the dealership or to make substantial alterations to the use or number of franchises or the dealership premises or facilities when to do so would be unreasonable, or without written assurance of a sufficient supply of new motor vehicles that would justify an expansion;

(iv) either establish or maintain exclusive facilities, personnel, or display space or to abandon an existing franchise relationship with another manufacturer that was established before April 8, 1997, when those requirements are not justified by reasonable business considerations;

(v) refrain from participation in the management of, investment in, or acquisition of any other line of new motor vehicle or related products if the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicles and remains in compliance with any reasonable capital standards and facility requirements of the manufacturer; or

(vi) enter into an agreement with a manufacturer, factory branch, distributor, distributor branch, or representative of the listed persons or entities or do any other act unfair to the dealer by:

(A) threatening to cancel or not renew a franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative of the listed persons or entities and the dealer; or

(B) threatening to withhold, delay, or disrupt the receipt of new motor vehicles or any motor vehicle parts or supplies ordered by the dealer from the manufacturer, factory branch, distributor, distributor branch, importer, or representative or agent of the listed entities;

(b) delay, refuse, or fail to deliver new vehicles in a reasonable time in reasonable quantity relative to the new vehicle dealer's facilities and sales potential after accepting an order from a new vehicle dealer if the new vehicles are publicly advertised as being available for immediate delivery; or

(c) impose unreasonable restrictions on the assertion of legal or equitable rights on the new motor vehicle dealer or franchise regarding transfer; sale; right to renew; termination; discipline; noncompetition covenants; site control, whether by sublease, collateral pledge of lease, or otherwise; or compliance with subjective standards.

(2) There is no violation of subsection (1)(a)(iii) or (1)(b) if a failure on the part of the manufacturer, factory branch, distributor, or distributor branch is beyond the control of the listed persons or entities.

New motor vehicles towed into state to be labeled, 61-4-113.

61-4-301. Permit and transit plates for new vehicles being transported by driveaway or towaway methods — used mobile homes. (1) (a) A person, firm, partnership, or corporation, regularly and lawfully engaged in the transportation of new vehicles over the highways of this state from manufacturing or assembly points to agents of manufacturers and dealers in this state or in other states, territories, or foreign countries or provinces by the driveaway or towaway methods, where the vehicles being driven, towed, or transported by the saddle-mount, towbar or full-mount methods, or a lawful combination of these methods, will be transported over the highways of the state but once, may annually apply to the department of justice for a permit to use the highways of this state and shall pay, upon filing the application, a fee of $100. Upon processing of the application, that department shall issue an annual permit to the applicant.

(b) A person moving used mobile homes from a point outside the state to a point inside the state may apply to the department for the permit authorized pursuant to subsection (1)(a).

(2) The permitholder may also apply to the department of justice for a sufficient number of distinctive transit plates or devices showing the permit number for identification of the vehicles being transported by the permitholder, and the plates or devices may be used on a vehicle being driven, towed, or transported by and under the control of the permitholder. That department shall collect the additional sum of $1 for each pair of transit plates or devices applied for and issued.

(3) The department of justice shall retain the permit and plate fees to defray costs of administering 61-4-301 through 61-4-308.

(4) The permit and transit plates or devices expire on December 31 of each year.

61-4-310. Single movement permit — fee — limitation — county treasurer to issue. (1) (a) A vehicle, subject to license under this title, or a mobile home may be moved unladen upon the highways of this state from a point within the state to a point of destination. The county treasurer at the point of the origin of the movement shall issue a special permit for the vehicle in lieu of fees required under 61-3-321 and part 2 of chapter 10 of this title upon application presented to the county treasurer in a form provided by the department, upon exhibiting to the county treasurer proof of ownership and evidence that the personal property taxes on the vehicle, if any are due, have been paid, and upon payment of a fee of $5. The permit is not in lieu of fees and permits required under 61-4-301 and 61-4-302.

(b) For purposes of this section, a mobile home is considered unladen when all items are removed except the equipment originally installed by the manufacturer and the personal effects of the owners.

(2) The permit is for the transit of the vehicle or mobile home only, and the vehicle or mobile home may not at the time of the transit be used for the transportation of any persons, except the driver, or any property for compensation or otherwise and is for one transit only between the points of origin and destination as set forth in the application and shown on the permit.

(3) A junk vehicle being driven or towed to a motor vehicle wrecking facility or a motor vehicle graveyard for disposal is exempt from the provisions of this section. The definitions in 75-10-501 apply to this subsection.

61-4-501. Definitions. For purposes of this part, the following definitions apply:

(1) "Collateral charge" means all governmental charges, including but not limited to sales tax, property tax, license and registration fees, and fees in lieu of tax.

(2) "Consumer" means the purchaser, other than for purposes of resale, of a motor vehicle that has not been brought into nonconformity as the result of abuse, neglect, or unauthorized modifications or alterations by the purchaser, any person to whom the motor vehicle is transferred during the duration of an express warranty applicable to the motor vehicle, or any other person entitled by the terms of the warranty to the benefits of its provisions.

(3) "Incidental damage" means incidental and consequential damage as defined in 30-2-715.

(4) "Manufacturer" has the meaning applied to that word in 61-4-201.

(5) "Motor vehicle" means a vehicle, including the nonresidential portion of a motor home as defined in 61-1-130, propelled by its own power, designed primarily to transport persons or property upon the public highways, and sold in this state. The term does not include a truck with 10,000 pounds or more gross vehicle weight rating or a motorcycle as defined in 61-1-105. Motor vehicle does not include components, systems, fixtures, appliances, furnishings, accessories, and features that are designed, used, and maintained primarily for residential purposes.

(6) "Reasonable allowance for use" is an amount directly attributable to use of the motor vehicle by the consumer and any previous consumers prior to the first written notice of the nonconformity to the manufacturer or its agent and during any subsequent period when the vehicle is not out of service because of nonconformity. The reasonable allowance for use shall be computed by multiplying the total contract price of the vehicle by a fraction having as its denominator 100,000 and having as its numerator the number of miles that the vehicle traveled prior to the manufacturer's acceptance of its return.

(7) "Warranty period" means the period ending 2 years after the date of the original delivery to the consumer of a new motor vehicle or during the first 18,000 miles of operation, whichever is earlier.

History: En. Sec. 1, Ch. 144, L. 1983; amd. Sec. 1, Ch. 744, L. 1985; amd. Sec. 2, Ch. 300, L. 1991.

61-4-502. Notice — warranty enforceable after warranty period — when. (1) If a consumer notifies in writing the manufacturer or its agent during the warranty period that a new motor vehicle does not conform to all applicable express warranties, the repairs necessary to conform the new motor vehicle to the express warranties shall be made by or at the expense of the warrantor, regardless of the expiration of the warranty period after notification of nonconformity is given by the consumer.

(2) The warranty period of an express warranty is extended to equal the time that repair services are not available because of war or invasion or because of strike or fire, flood, or other natural disaster. The presumption provided herein may not apply against a manufacturer who has not received prior

written notification from or on behalf of the consumer and has not had an opportunity to cure the alleged defect.

(3) The manufacturer must clearly and conspicuously disclose to the consumer in the warranty or owner's manual that written notification of a nonconformity is required before a consumer may be eligible for a refund or replacement of the vehicle. The manufacturer must include with the warranty or owner's manual the name and address where the written notification must be sent.

History: **(1)En. Sec. 2, Ch. 144, L. 1983; (2)En. Sec. 5, Ch. 144, L. 1983; amd. Sec. 2, Ch. 744, L. 1985.**

61-4-503. Replacement for nonconformity to warranty. (1) If after a reasonable number of attempts the manufacturer or its agent or authorized dealer is unable, during the warranty period, to conform the new motor vehicle to any applicable express warranty by repairing or correcting any defect or condition that substantially impairs the use and market value or safety of the motor vehicle to the consumer, the manufacturer shall replace it with a new motor vehicle of the same model and style and of equal value, unless for reasons of lack of availability such replacement is impossible, in which case the manufacturer shall replace it with a vehicle of comparable market value.

(2) As an alternative to replacement, the manufacturer may accept return of the new motor vehicle from the consumer upon refund to him of the full purchase price, plus reasonable collateral charges and incidental damages, less a reasonable allowance for the consumer's use of the motor vehicle. The refund shall be paid to the consumer and to a lienholder, if any, in proportion to their interests.

61-4-504. Reasonable number of attempts — presumption. A reasonable number of attempts to conform a new motor vehicle to the applicable express warranties is presumed to have been made for purposes of 61-4-503(1) if:

(1) the same nonconformity has been subject to repair four or more times by the manufacturer or its agent or authorized dealer during the warranty period but the nonconformity continues to exist; or

(2) the vehicle is out of service because of nonconformity for a cumulative total of 30 or more business days during the warranty period after notification of the manufacturer, agent, or dealer.

(2) A dealer is not liable to a manufacturer for any refunds or vehicle replacements in the absence of evidence indicating that repairs made by the

dealer were carried out in a manner inconsistent with the manufacturer's instructions.

History: En. Sec. 8, Ch. 144, L. 1983; amd. Sec. 4, Ch. 744, L. 1985.

61-4-506. Provisions nonexclusive — applicability of U.C.C. — defenses. (1) The provisions of this part do not limit the rights or remedies available to a consumer under any other law.

(2) All express warranties arising from the sale of a new motor vehicle are subject to the provisions of Title 30, chapter 2, part 3.

(3) It is an affirmative defense to a claim brought under this part that an alleged nonconformity does not substantially impair the use, market value, or safety of the vehicle or that the nonconformity is the result of abuse, neglect, or unauthorized modification or alteration of a motor vehicle by the consumer.

History: En. Sec. 6, Ch. 144, L. 1983; amd. Sec. 5, Ch. 744, L. 1985.

61-4-507. Exhaustion of remedies under federal law. The provisions of 61-4-503 are not applicable against a manufacturer who has established an informal dispute settlement procedure certified by the department of commerce to be in substantial compliance with the provisions of Title 16, Code of Federal Regulations, part 703, as those provisions read on October 1, 1983, unless the consumer has first resorted to that procedure without satisfaction.

History: En. Sec. 7, Ch. 144, L. 1983; amd. Sec. 6, Ch. 744, L. 1985.

61-4-508 through 61-4-510 reserved.

61-4-511. Manufacturer's dispute settlement procedure — certification — prohibited contents. (1) A manufacturer who has established an informal dispute settlement procedure under the provisions of Title 16, Code of Federal Regulations, part 703 (16 CFR, part 703), as those provisions read on October 1, 1983, shall submit a copy of the procedure to the department of commerce. The department of commerce shall issue a certificate of approval to a manufacturer whose procedure complies in all respects with such federal regulations and subsection (2). The department of commerce shall report to the department of justice all manufacturer's procedures certified. The department of commerce may issue subpoenas requiring the attendance of witnesses and the production of records, documents, or other evidence necessary to it in an investigation related to the certification of a manufacturer's informal dispute settlement procedure.

(2) A manufacturer's informal dispute settlement procedure must afford the consumer or his representative an opportunity to appear and present evidence in Montana at a location reasonably convenient to the consumer and, further, may not include any practices that:

(a) delay a decision in any dispute beyond 60 days after the date on which the consumer initially resorts to the dispute settlement procedure;

(b) delay performance of remedies awarded in a settlement beyond 10 days after a decision, except that a manufacturer may have 30 days following the date of decision to replace a motor vehicle or make refund to the consumer as provided in 61-4-503;

(c) require the consumer to make the vehicle available for inspection by a manufacturer's representative more than once;

(d) fail to consider in decisions any remedies provided by this part; or

(e) require the consumer to take any action or assume any obligation not specifically authorized under the federal regulations referred to in subsection (1).

History: **En. Sec. 7, Ch. 744, L. 1985; amd. Sec. 13, Ch. 503, L. 1985.**

Cross-References

Subpoenas and witnesses, Title 26, ch. 2.

61-4-512. Annual audit — revocation or suspension of certification. (1) A manufacturer establishing an informal dispute resolution procedure shall file with the department of commerce a copy of the annual audit required under Title 16, Code of Federal Regulations, part 703 (16 CFR, part 703), as those provisions read on October 1, 1983, along with any additional information the department of commerce may require, including the number of refunds and replacements made by the manufacturer during the period audited.

(2) The department of commerce may, after notice and hearing as provided in Title 2, chapter 4, suspend or revoke the certification of a manufacturer's informal dispute resolution procedure upon a finding that the procedure is being used to create hardship to consumers. The department of commerce shall notify the department of justice of any revocation or suspension of a certification. The department of justice may consider the revocation or suspension in licensing manufacturers under Title 61, chapter 4, part 2.

History: **En. Sec. 8, Ch. 744, L. 1985; amd. Sec. 13, Ch. 503, L. 1985.**

61-4-513 and 61-4-514 reserved.

61-4-515. Arbitration procedure. (1) The department of commerce shall provide an independent forum and arbitration procedure for the settlement of disputes between consumers and manufacturers of motor vehicles that do not conform to all applicable warranties under the provisions of this part. The procedure must conform to Title 27, chapter 5. All arbitration shall take place in Montana at a place reasonably convenient to the consumer.

(2) Except as provided in 61-4-520, a consumer owning a motor vehicle that fails to conform to all applicable warranties may bring a grievance before an arbitration panel only if the manufacturer of the motor vehicle has not established an informal dispute settlement procedure which has been certified by the department of commerce under 61-4-511.

History: **En. Sec. 10, Ch. 744, L. 1985; amd. Sec. 23, Ch. 744, L. 1985.**

Cross-References

Uniform Arbitration Act, Title 27, ch. 5.

61-4-516. Composition of arbitration panel. An arbitration panel hearing a grievance under this part must consist of three members. One member must be chosen by the consumer, one member must be chosen by the manufacturer, and one member must be chosen by mutual agreement of the parties. The department of commerce may maintain a list of persons willing to serve on panels from which the third member may be chosen.

History: **En. Sec. 11, Ch. 744, L. 1985.**

61-4-517. Implementation of arbitration. (1) A consumer may initiate a request for arbitration by filing a notice with the department of commerce. The consumer shall file, on a form prescribed by the department of commerce, any information considered relevant to the resolution of the dispute and shall return the form, along with a $50 filing fee, within 5 days after receiving it.

The complaint form must offer the consumer the choice of presenting any subsequent testimony orally or in writing, but not both.

(2) The department of commerce shall determine whether the complaint alleges the violation of any applicable warranty under this part. If the department of commerce determines that a complaint does not allege a warranty violation, it must refund the filing fee.

(3) Upon acceptance of a complaint, the department of commerce shall notify the manufacturer of the filing of a request for arbitration and shall obtain from the manufacturer, on a form prescribed by the department of commerce, any information considered relevant to the resolution of the dispute. The manufacturer must return the form within 15 days of receipt, with a filing fee of $250.

(4) Fees collected under this section shall be deposited in a special revenue fund for the use of the department of commerce in administering this part.

(5) The manufacturer's fee provided in subsection (3) is due only if the department of commerce arbitration procedures are utilized.

History: En. Sec. 12, Ch. 744, L. 1985.

61-4-518. Arbitration — role of department of commerce — expert. (1) The department of commerce shall investigate, gather, and organize all information necessary for a fair and timely decision in each dispute. The department of commerce may, on behalf of the arbitration panel, issue subpoenas to compel the attendance of witnesses and the production of documents, papers, and records relevant to the dispute.

(2) If requested by the panel, the department of commerce may forward a copy of all written testimony and documentary evidence to an independent technical expert certified by the national institute of automotive excellence. The expert may review the material and be available to advise and consult with the panel. The expert may sit as a nonvoting member of the panel whenever oral testimony is presented. The department of justice may suggest an expert at the request of the department of commerce.

History: En. Sec. 13, Ch. 744, L. 1985; amd. Sec. 13, Ch. 503, L. 1985.

61-4-519. Action by arbitration panel — decision. (1) The arbitration panel shall, as expeditiously as possible, but not later than 60 days after the department of commerce has accepted a complaint, render a fair decision based on the information gathered and disclose its findings and its reasoning to the parties.

(2) The decision shall provide appropriate remedies, including but not limited to:

(a) repair of the vehicle;

(b) replacement of the vehicle with an identical vehicle or a comparable vehicle acceptable to the consumer;

(c) refund as provided in 61-4-503(2);

(d) any other remedies available under the applicable warranties or 15 U.S.C. 2301 through 2312, as in effect on October 1, 1983; or

(e) reimbursement of expenses and costs to the prevailing party.

(3) The decision shall specify a date for performance and completion of all awarded remedies. The department of commerce shall contact the prevailing party within 10 working days after the date for performance to determine

whether performance has occurred. The parties shall act in good faith in abiding by any decision. In addition, if the decision is not accepted, the parties shall follow the provisions of Title 27, chapter 5. If it is determined by the court that the appellant has acted without good cause in bringing an appeal of an award, the court, in its discretion, may grant to the respondent his costs and reasonable attorney fees.

History: En. Sec. 14, Ch. 744, L. 1985; amd. Sec. 23, Ch. 744, L. 1985.

61-4-520. Nonconforming procedure — arbitration de novo. A consumer injured by the operation of any procedure that does not conform with procedures established by a manufacturer pursuant to 61-4-511 and the provisions of Title 16, Code of Federal Regulations, part 703, as in effect on October 1, 1983, may appeal any decision rendered as the result of such a procedure by requesting arbitration de novo of the dispute by a department of commerce panel. Filing procedures and fees for appeals must be the same as those required in 61-4-515 through 61-4-517. The findings of the manufacturer's informal dispute settlement procedure are admissible in evidence at the department of commerce arbitration panel hearing and in any civil action arising out of any warranty obligation or matter related to the dispute.

History: En. Sec. 16, Ch. 744, L. 1985.

61-4-521 through 61-4-524 reserved.

61-4-525. Notice on resale of replaced vehicle. A motor vehicle which is returned to the manufacturer and which requires replacement or refund may not be sold in the state without a clear and conspicuous written disclosure of the fact that the vehicle was returned. The department of justice may prescribe by rule the form and content of the disclosure statement and a procedure by which the disclosure may be removed upon a determination that the vehicle is no longer defective.

History: En. Sec. 9, Ch. 744, L. 1985; amd. Sec. 13, Ch. 503, L. 1985.

61-4-526. Records of disputes. The department of commerce shall maintain records of each dispute as it determines, including an index of disputes by brand name and model. The department of commerce shall, at intervals of no more than 6 months, compile and maintain statistics indicating the record of compliance with arbitration decisions and the number of refunds or replacements awarded. A copy of the statistical summary must be filed with the department of justice and must be considered by it in determining the issuance of any manufacturer license required under Title 61, chapter 4, part 2.

History: En. Sec. 15, Ch. 744, L. 1985; amd. Sec. 13, Ch. 503, L. 1985.

61-4-527 through 61-4-530 reserved.

61-4-531. Nondelegable. The liabilities and obligations contained in this part may not be delegated or assigned to or assumed by any other person or entity.

History: En. Sec. 17, Ch. 744, L. 1985.

61-4-532. Rulemaking. The department of commerce may adopt rules to implement the provisions of this part.

61-5-102. Drivers to be licensed. (1) No person, except those expressly exempted under 61-5-104, shall drive any motor vehicle upon a highway in this state unless such person has a valid Montana driver's license. No person shall receive a Montana driver's license unless and until he surrenders to the department all valid driver's licenses in his possession issued to him by any other jurisdiction. All surrendered licenses shall be returned by the department to the issuing department together with information that the licensee is now licensed in this state. No person shall be permitted to have more than one valid driver's license at any time.

(2) Whenever a city or town requires a licensed driver to obtain a local driving license or permit, such a license or permit shall not be issued unless the applicant presents a state driver's license valid under the provisions of this chapter.

(3) A person operating a bicycle defined in 61-1-123(2) shall have in his possession at all times when operating the bicycle a valid Montana driver's license.

61-5-104. Exemptions. (1) The following persons are exempt from licensure under this chapter:

(a) a person who is a member of the armed forces of the United States while operating a motor vehicle owned by or leased to the United States government and being operated on official business;

(b) a person who is a member of the armed forces of the United States on active duty in Montana who holds a valid license issued by another state and the spouse of the person who holds a valid license issued by another state and who is not employed in Montana, except as a member of the armed forces. If a spouse of a member of the armed forces becomes gainfully employed in Montana, the spouse must be licensed, as required by 61-5-102, within 90 days of becoming employed.

(c) a person on active duty in the armed forces of the United States and in immediate possession of a valid license issued to that person in a foreign country by the armed forces of the United States, for a period of 45 days from the date of the person's return to the United States;

(d) a person who temporarily drives, operates, or moves a road machine, farm tractor, or implement of husbandry for use in intrastate commerce on a highway;

(e) a person who is a locomotive engineer, assistant engineer, conductor, brakeman, railroad utility person, or other member of the crew of a railroad locomotive or train being operated upon rails, including operation on a railroad crossing a public street, road, or highway. A person employed as described in this subsection is not required to display a driver's license to a law enforcement officer in connection with the operation of a railroad locomotive or train within Montana.

(2) A nonresident who is at least 15 years of age and who is in immediate possession of a valid operator's license issued to the nonresident by the nonresident's home state or country may operate a motor vehicle, except a commercial motor vehicle, in this state.

(3) A nonresident not otherwise exempt from the licensing requirements of 49 CFR, part 383, and in immediate possession of a valid commercial driver's license issued to the nonresident by the nonresident's home state or country may operate a commercial motor vehicle in this state.

(4) A nonresident who is at least 18 years of age, whose home state or country does not require the licensing of operators, may operate a motor vehicle as an operator only, for a period of not more than 90 days in any calendar year, if the motor vehicle is registered in the home state or country of the nonresident.

(5) A driver's license issued under this chapter to a person who enters the United States armed forces, if valid and in effect at the time that the person enters the service, continues in effect so long as the service continues, unless the license is suspended, revoked, or canceled for a cause as provided by law, and for up to 30 days following the date on which the licensee is honorably separated from the service. During the 30-day period, the license is valid only when the license and the licensee's discharge, separation, leave, or furlough papers are in the licensee's immediate possession.

61-5-105. Who may not be licensed. The department may not issue a license under this chapter to a person:

(1) who is under 16 years of age unless:

(a) the person is at least 15 years of age and has passed a driver's education course approved by the department and the superintendent of public instruction; or

(b) the person is at least 13 years of age and, because of individual hardship, to be determined by the department, needs a restricted license;

(2) whose license or driving privilege is currently suspended or revoked in this or any state;

(3) who is addicted to the use of alcohol or narcotic drugs;

(4) who has previously been adjudged to be afflicted with or suffering from any mental disability or disease and who, at the time of application, has not been restored to competency by the methods provided by law;

(5) who is required by this chapter to take an examination;

(6) who has not deposited proof of financial responsibility when required under the provisions of chapter 6 of this title; or

(7) who has any condition characterized by lapse of consciousness or control, either temporary or prolonged, that is or may become chronic. However, the department may in its discretion issue a license to an otherwise qualified person suffering from a condition if the afflicted person's attending physician attests in writing that the person's condition has stabilized and would not be likely to interfere with that person's ability to operate a motor vehicle safely and, if a commercial driver's license is involved, the person is physically qualified to operate a commercial motor vehicle under applicable state or federal regulations.

61-5-106. Instruction permits — traffic education learner licenses and permits — temporary licenses. (1) The department may issue an instruction permit to a person satisfying the age requirements specified in 61-5-105(1) after the applicant has successfully passed the knowledge test and the vision examination as provided in 61-5-110. An instruction permit entitles the permittee, while in immediate possession of the permit and accompanied by a licensed driver seated beside the permittee, to drive a motor vehicle upon the public highways for a period of 6 months from the date the fees required in 61-5-111 are paid.

(2) The department may issue a traffic education learner license to any person who is at least 14 ½ years of age and who has successfully completed or is successfully participating in a traffic education course approved by the department and the superintendent of public instruction. A traffic education learner license entitles the licensee to operate a motor vehicle only when accompanied by an approved instructor or licensed parent or guardian and may be restricted to specific times or areas.

(3) (a) An instructor of a traffic education program approved by the department and by the superintendent of public instruction may issue a traffic education permit that is effective for a school year or more restricted period to

an applicant who is enrolled in a traffic education program approved by the department and who meets the age requirements specified in 20-7-503.

(b) When in immediate possession of the traffic education permit, the permittee may operate on a designated highway or within a designated area:

(i) a motor vehicle when an approved instructor is seated beside the permittee; or

(ii) a motorcycle or quadricycle when under the immediate and proximate supervision of an approved instructor.

(4) The department may in its discretion issue a temporary driver's permit to an applicant for a driver's license permitting the applicant to operate a motor vehicle while the department is completing its investigation and determination of all facts relative to the applicant's right to receive a driver's license. The temporary driver's permit must be in the permittee's immediate possession while operating a motor vehicle, and it is invalid when the applicant's license has been issued or for good cause has been refused.

(5) The department may in its discretion issue a temporary commercial driver's license to an applicant permitting the applicant to operate a commercial motor vehicle while the department is completing its investigation and determination of all facts relative to the applicant's right to receive a commercial driver's license. The temporary license must be in the applicant's immediate possession while operating a commercial motor vehicle and is invalid when the applicant's license has been issued or for good cause has been refused.

A motorcycle endorsement is required for the operation of a quadricycle. Each application must be accompanied by the proper fee, and payment of the fee entitles the applicant to not more than three attempts to pass the examination within a period of 6 months from the date of application. A voter registration form for mail registration as prescribed by the secretary of state must be attached to each driver's license application. If the applicant wishes to register to vote, the department shall accept the registration and forward the form to the election administrator.

(2) Each application must state the full name, date of birth, sex, residence address of the applicant[, and if the application is for a commercial vehicle operator's license, social security number], must briefly describe the applicant, and must state whether:

(a) the applicant has previously been licensed as a driver or commercial vehicle operator, and, if so, when and by what state or country;

(b) any commercial operator license has ever been suspended or revoked; or

(c) an application has ever been refused, and, if so, the date of and reason for suspension, revocation, or refusal.

[(3) The department shall keep the applicant's social security number from this source confidential, except that the number may be used for purposes of subtitle VI of Title 49 of the U.S.C. or as otherwise permitted by state law administered by the department and may be provided to the department of public health and human services for use in administering Title IV-D of the Social Security Act.]

(4) When application is received from an applicant previously licensed by another jurisdiction, the department shall request a copy of the applicant's driving record from the previous licensing jurisdiction. The driving record may be transmitted manually or by electronic medium. When received, the driving records become a part of the driver's record in this state with the same force and effect as though entered on the driver's record in this state in the original instance. *(Bracketed language terminates on occurrence of contingency or July 1, 1999—sec. 104, Ch. 552, L. 1997.)*

1997 Amendment: Chapter 552 in (2), in introductory clause, inserted "and if the application is for a commercial vehicle operator's license, social security number"; inserted (3) requiring the Department to keep the Social Security number from this source confidential, except that it may be used for purposes of subtitle VI of Title 49 of the U.S.C. or as otherwise permitted by state law administered by the Department and may be provided to the Department of Public Health and Human Services to use for Title IV-D purposes; and made minor changes in style. Amendment effective July 1, 1997.

Contingent Termination — Request for Federal Exemptions: Section 104, Ch. 552, L. 1997, contained the following contingent termination provisions and order that the Department of Public Health and Human Services seek federal exemptions:

"(1) [Sections 9, 11, 22 through 24, 93, and 95] [37-1-307, 40-1-107, 40-4-105, 40-5-922, 40-5-924, 50-15-403, and 61-5-107] and the bracketed language in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116] terminate on the date of the suspension if the federal government suspends federal payments to this state for this state's child support enforcement program and for this state's program relating to temporary assistance to needy families because of this state's failure to enact law as required by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

(2) [Sections 9, 11, 22 through 24, 93, and 95] [37-1-307, 40-1-107, 40-4-105, 40-5-922, 40-5-924, 50-15-403, and 61-5-107] and the bracketed language in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116] terminate on the date that a final decision is rendered in federal court invalidating the child support provisions of the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

(3) If the director of the department of public health and human services certifies to the governor and the secretary of state in writing that one of the following provisions is no longer required by federal law because of repeal of or amendment to federal statutes that require that provision, the provision terminates on the date the certification takes effect:

(a) [section 9] [40-5-922];

(b) [section 11] [40-5-924];

(c) [sections 22 through 24] [37-1-307, 40-1-107, and 40-4-105];

(d) [section 93] [50-15-403];

(e) [section 95] [61-5-107];

(f) the bracketed provisions in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116].

(4) If the director of the department of public health and human services certifies to the governor and the secretary of state in writing that the federal government has granted this state an exemption from one of the following provisions, the provision terminates on the date the exemption takes effect:

(a) [section 9] [40-5-922];

(b) [section 11] [40-5-924];

(c) [sections 22 through 24] [37-1-307, 40-1-107, and 40-4-105];

(d) [section 93] [50-15-403];

(e) [section 95] [61-5-107];

(f) the bracketed provisions in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116].

(5) (a) The department of public health and human services shall do everything reasonably within its power to obtain, as soon as possible, federal government exemptions from the provisions listed in subsection (4).

(b) Because section 395(c) of the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) allows a grace period for states to amend their constitutions in order to comply with PRWORA and because the Montana legislature believes that the section of PRWORA prohibiting a jury trial in a paternity proceeding violates Article II, section 26, of the Montana constitution and is therefore rejected, the department of public health and human services shall seek a federal government exemption from the jury trial prohibition in PRWORA as the first exemption it seeks under subsection (5)(a).

(6) [Sections 9, 11, 22 through 24, 93, and 95] [37-1-307, 40-1-107, 40-4-105, 40-5-922, 40-5-924, 50-15-403, and 61-5-107] and the bracketed language in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116] terminate July 1, 1999.

(7) If the bracketed language in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116] terminates, the code commissioner is instructed to renumber subsections, adjust internal references, and correct grammar and arrangement."

61-5-110. *(Temporary)* **Examination of applicants — cooperative driver testing programs.** (1) The department shall examine each applicant for a driver's license or motorcycle endorsement, except as otherwise provided in this section. The examination must include a test of the applicant's eyesight, a knowledge test examining the applicant's ability to read and understand highway signs and the applicant's knowledge of the traffic laws of this state, and, except as provided in 61-5-118, a road test or a skills test demonstrating the applicant's ability to exercise ordinary and reasonable control in the operation of a motor vehicle, quadricycle, or motorcycle. The examination for the commercial driver's license may include additional items. The knowledge test and the road test or the skills test must be waived for an applicant who works in a farm-related service industry and who otherwise meets the requirements for a seasonal commercial driver's license as set forth in this title and rules adopted by the department. The knowledge test or road test, or both, may be waived by the department upon certification of the applicant's successful completion of the test by a certified cooperative driver testing program, as provided in subsection (2).

(2) The department is authorized to certify as a cooperative driver testing program any state-approved high school traffic education course offered by or in cooperation with a school district that employs an approved instructor who has current endorsement from the superintendent of public instruction as a teacher of traffic education and who agrees to:

(a) administer standardized knowledge and road tests required by the department to students participating in the district's high school traffic education courses:

(b) certify the test results to the department; and

(c) comply with regulations of the department and the superintendent of public instruction.

(3) Except as otherwise provided by law, a resident who has a valid driver's license issued by another state may surrender that license for a Montana license of the same class, type, and endorsement upon payment of the required fees, successful completion of a vision examination, and, if requested by the examiner, completion of either the knowledge test or road test, or both. In addition, a resident surrendering a commercial driver's license issued by another state shall successfully complete any examination required by federal regulations before being issued a commercial driver's license by the department. *(Terminates September 30, 1999—sec. 12, Ch. 53, L. 1995.)*

61-5-110. *(Effective October 1, 1999)* **Examination of applicants — cooperative driver testing programs.** (1) The department shall examine each applicant for a driver's license or motorcycle endorsement, except as otherwise provided in this section. The examination must include a test of the applicant's eyesight, a knowledge test examining the applicant's ability to read and understand highway signs and the applicant's knowledge of the traffic laws of this state, and a road test or a skills test demonstrating the applicant's ability to exercise ordinary and reasonable control in the operation of a motor vehicle, quadricycle, or motorcycle. The examination for the commercial driver's license may include additional items. The knowledge test and the road test or the skills test must be waived for an applicant who works in a farm-related service industry and who otherwise meets the requirements for a seasonal commercial driver's license as set forth in this title and rules adopted by the department. The knowledge test or road test, or both, may be waived by the department upon certification of the applicant's successful completion of the test by a certified cooperative driver testing program, as provided in subsection (2).

(2) The department is authorized to certify as a cooperative driver testing program any state-approved high school traffic education course offered by or in cooperation with a school district that employs an approved instructor who has current endorsement from the superintendent of public instruction as a teacher of traffic education and who agrees to:

(a) administer standardized knowledge and road tests required by the department to students participating in the district's high school traffic education courses:

(b) certify the test results to the department; and

(c) comply with regulations of the department and the superintendent of public instruction.

(3) Except as otherwise provided by law, a resident who has a valid driver's license issued by another state may surrender that license for a Montana license of the same class, type, and endorsement upon payment of the required fees, successful completion of a vision examination, and, if requested by the examiner, completion of either the knowledge test or road test, or both. In addition, a resident surrendering a commercial driver's license issued by another state shall successfully complete any examination required by federal regulations before being issued a commercial driver's license by the department.

61-5-111. Renewals, expirations, and fees for licenses, permits, and endorsements — notice of expiration. (1) The department may appoint county treasurers and other qualified officers to act as its agents for the sale of driver's licenses receipts and shall make necessary rules governing sales. In areas in which the department provides driver licensing services 3 days or more a week, the department is responsible for sale of receipts and may, in its discretion, appoint an agent to sell receipts. The department, upon receipt of payment of the fees specified in this section, shall issue a driver's license to each qualifying applicant. The license must contain a full-face photograph of the licensee in the size and form prescribed by the department; a distinguishing number issued to the licensee; the full name, date of birth, Montana mailing address, and a brief description of the licensee; and either the licensee's signature or a digital reproduction of the licensee's signature. A license is not valid until it is signed by the licensee.

(2) (a) When a person applies for renewal of a driver's license, the department shall test the applicant's eyesight and, in the department's discretion, may have the applicant complete a road test demonstrating the applicant's ability to operate and to exercise ordinary and reasonable care in the operation of a motor vehicle.

(b) In the case of a commercial driver's license, the department may also require that the applicant successfully complete a written examination as required by federal regulations.

(c) A person is considered to have applied for renewal of a Montana driver's license if the application is made within 6 months before or 3 months after the expiration of the person's license.

(d) The department shall mail a driver's license renewal notice no earlier than 60 days and no later than 30 days prior to the expiration date of a commercial driver's license if the licensee has previously submitted a written request for the notice, either at the time of initial application or of renewal of the license.

(3) (a) Except as provided in subsections (3)(b) and (3)(c), a license expires on the anniversary of the licensee's birthday 8 years or less after the date of issue or on the licensee's 75th birthday, whichever occurs first. The department may adopt rules to stagger the implementation of the conversion to an 8-year license cycle over a 4-year period.

(b) A license issued to a person who is 75 years of age or older expires on the anniversary of the licensee's birthday 4 years or less after the date of issue.

(c) A license issued to a person who is under 21 years of age expires on the licensee's 21st birthday.

(4) Whenever the department issues an original license to a person under the age of 18 years, the license must be designated and clearly marked as a "provisional license". Any license designated and marked as provisional may be suspended by the department for a period of not more than 12 months when its records disclose that the licensee, subsequent to the issuance of the license, has been guilty of careless or negligent driving.

(5) It is unlawful for any person to have in the person's possession or under the person's control more than one valid Montana driver's license at any one time. A license is not valid for the operation of a motorcycle or quadricycle unless the holder of the license has completed the requirements of 61-5-110 and the license has been clearly marked with the words "motorcycle endorsement". A license is not valid for the operation of a commercial vehicle unless the holder of the license has completed the requirements of 61-5-110 and the license has been clearly marked with the words "commercial driver's license".

(6) Fees for driver's licenses are:

(a) driver's license, except a commercial driver's license — $4 per year or fraction of a year;

(b) motorcycle endorsement — 50 cents per year or fraction of a year;

(c) commercial driver's license:

(i) interstate — $5 per year or fraction of a year;

(ii) intrastate — $3.50 per year or fraction of a year.

(7) The holder of a valid chauffeur's license may convert or renew the chauffeur's license to a commercial driver's license by paying the appropriate fee and complying with the requirements established by the department.

(a) in the course of its commercial enterprise, customarily transports or hauls any goods, including agricultural commodities, in company-owned class A commercial motor vehicles as prescribed by federal regulations;

(b) regularly and continuously employs a minimum number of drivers. The department shall determine the minimum number of drivers and whether they are regularly and continuously employed by the company.

(c) has a permanent Montana mailing address and maintains a place of business in this state that includes at least one permanent, regularly occupied structure with facilities and equipment to conduct offstreet skills testing;

(d) employs at least one examiner with qualifications required by rules of the department; and

(e) complies with rules adopted by the department under 61-5-117.

(2) The road test or the skills test required by 61-5-110 may be waived by the department for a commercial driver's license applicant upon certification of the applicant's successful completion of the road test or the skills test by a certified third-party commercial driver testing program.

(3) An examiner for a certified third-party commercial driver testing program may administer a road test or a skills test only to a company employee who has applied to the department for a commercial driver's license and who has passed the knowledge test required by 61-5-110 and by department or federal rules. *(Terminates September 30, 1999—sec. 12, Ch. 53, L. 1995.)*

61-5-121. Disposition of fees. (1) The disposition of the fees from driver's licenses, motorcycle endorsements, commercial driver's licenses, and duplicate driver's licenses provided for in 61-5-114 is as follows:

(a) The amount of 16.7% of each driver's license fee and 25% of each duplicate driver's license fee must be deposited into an account in the state special revenue fund. The department shall transfer the funds from this account to the Montana highway patrol officers' retirement pension trust fund as provided in 19-6-404.

(b) (i) If the fees are collected by a county treasurer or other agent of the department, the amount of 2.5% of each driver's license fee and 3.75% of each duplicate driver's license fee must be deposited into the county general fund.

(ii) If the fees are collected by the department, the amount provided for in subsection (1)(b)(i) must be deposited into the state general fund.

(c) (i) If the fee is collected by a county treasurer or other agent of the department, the amount of 3.34% of each motorcycle endorsement must be deposited into the county general fund.

(ii) If the fee is collected by the department, the amount provided for in subsection (1)(c)(i) must be deposited into the state general fund.

(d) The amount of 26.25% of each driver's license fee and 8.75% of each duplicate driver's license fee must be deposited into the state traffic education account.

(e) In addition to the amounts deposited pursuant to subsections (1)(b)(ii) and (1)(c)(ii), the amount of 54.55% of each driver's license fee and 62.5% of each duplicate driver's license fee must be deposited into the state general fund.

(f) If the fee is collected by the county treasurer or other agent of the department, the amount of 2.5% of each commercial driver's license fee must be deposited into the county general fund, otherwise all of the fee must be deposited in the state general fund.

(g) The amount of 63.46% of each motorcycle endorsement fee must be deposited into the state traffic education account in the state special revenue fund, and the amount of 33.2% of each motorcycle endorsement fee must be deposited into the state general fund.

(2) (a) If fees from driver's licenses, commercial driver's licenses, motorcycle endorsements, and duplicate driver's licenses are collected by a county treasurer or other agent of the department, the county treasurer or agent shall deposit the amounts provided for in subsections (1)(b)(i) and (1)(c)(i) into the county general fund. The county treasurer or agent shall then remit to the state treasurer all remaining fees, together with a statement indicating what portion of each fee is to be deposited into the account in the state special revenue fund, as provided in subsection (1)(a), and the state general fund. The state treasurer, upon receipt of the fees and statement, shall deposit the fees as provided in subsections (1)(a) and (1)(d) through (1)(g).

(b) If fees from driver's licenses, commercial driver's licenses, motorcycle endorsements, and duplicate driver's licenses are collected by the department, it shall remit all fees to the state treasurer, together with a statement indicating what portion of each fee is to be deposited into the account in the state special revenue fund as provided in subsection (1)(a), the state special revenue fund, and the state general fund. The state treasurer, upon receipt of the fees and statement, shall deposit the fees as provided in subsections (1)(a), (1)(b)(ii), (1)(c)(ii), and (1)(d) through (1)(g).

61-5-206. Authority of department to suspend license or driving privilege or issue probationary license. (1) The department may suspend the driver's license or driving privilege of a driver without preliminary hearing upon a showing by its records or other sufficient evidence that the licensee:

(a) has been involved as a driver in any accident resulting in the death or personal injury of another or serious property damage;

(b) has been convicted with such frequency of serious offenses against traffic regulations governing the movement of vehicles as to indicate a disrespect for traffic laws and a disregard for the safety of other persons on the highways;

(c) is an habitually reckless or negligent driver of a motor vehicle;

(d) is incompetent to drive a motor vehicle;

(e) has committed or permitted an unlawful or fraudulent use of the license as specified in 61-5-302;

(f) has committed an offense in another state which if committed in this state would be grounds for suspension or revocation;

(g) has falsified the licensee's date of birth on the application for a driver's license;

(h) is under 21 years of age and has altered the licensee's or another's driver's license or identification card to obtain alcohol; or

(i) has authorized another to use the licensee's driver's license or identification card to obtain alcohol.

(2) However, the department may, in its discretion and in lieu of suspending the license or driving privilege, issue a probationary license to a driver, without preliminary hearing, upon a showing by its records or other sufficient evidence that the licensee's driving record is such as would authorize suspension as provided in subsection (1). Upon issuance of a probationary license, the licensee is subject to the restrictions set forth in the probationary license. The licensee's driving privilege may be suspended upon conviction or forfeiture of bail not vacated of any traffic violation during the period of probation. The licensee shall surrender to the department all driver's licenses that have been issued to the licensee before the probationary license may be issued. The licensee's refusal or neglect to surrender the licenses upon demand is grounds for suspending all licenses. Probationary licenses may be issued for a period not to exceed 12 months.

(3) Upon suspending the license of any person or upon placing the person on probation, as authorized in this section, the department shall immediately notify the licensee in writing and upon the licensee's request shall afford the licensee an opportunity for a hearing as early as practical within not to exceed 20 days after receipt of the request in the county in which the licensee resides unless the department and the licensee agree that the hearing may be held in some other county. At the hearing the department through its authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the licensee. At the hearing, the department shall either rescind its order of suspension or probation, or, for good cause, may affirm, reduce, or extend the period of probation or suspension of the license.

The department, having good cause to believe that a licensed driver is incompetent or otherwise not qualified to be licensed, may, based on information received, investigate the licensee's record, physical or mental condition, or need for a license or, upon written notice of at least 5 days to the licensee, require the licensee to submit to an examination. Upon the conclusion of the investigation or examination the department shall take action as may be appropriate considering the facts reported or discovered and may suspend or revoke the driver's license of the person or permit the person to retain the license or may issue a license subject to restrictions as permitted under 61-5-113. Refusal or neglect of the licensee to submit to the investigation or examination is grounds for suspension or revocation of the person's license.

61-5-208. Period of suspension or revocation. (1) The department may not suspend or revoke a driver's license or privilege to drive a motor vehicle on the public highways for a period of more than 1 year, except as otherwise permitted by law.

(2) A person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked may not have the license, endorsement, or privilege renewed or restored unless the revocation was for a cause which has been removed. After the expiration of the period of the revocation or suspension, the person may make application for a new license or endorsement as provided by law but the department may not issue a new license or endorsement unless and until it is satisfied, after investigation of the driving ability of the person and upon a showing by its records or other sufficient evidence, that the person is eligible to be licensed to drive in Montana. When any person is convicted or forfeits bail or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of alcohol or any drug or a combination of alcohol or drugs or for the offense of operation of a motor vehicle by a person with alcohol concentration of 0.10 or more, the department shall, upon receiving a report of conviction or forfeiture of bail or collateral not vacated, suspend the driver's license or driving privilege of the person for a period of 6 months. Upon receiving a report of a conviction or forfeiture of bail or collateral for a second, third, or subsequent offense within 5 years of the first offense, the department shall revoke the license or driving privilege of the person for a period of 1 year, except that if the 1-year period passes and the person has not completed an alcohol information course, treatment, or both, as ordered by the sentencing court, the license revocation remains in effect until the course, treatment, or both are completed.

(3) (a) If a person pays the reinstatement fee required in 61-2-107 and provides the department proof of compliance with any ignition interlock restriction imposed under 61-8-442, the department shall stay the license suspension or revocation of a person who has been convicted of a violation of 61-8-401 or 61-8-406 and return the person's driver's license. The stay must remain in effect until the period of suspension or revocation has expired and any required alcohol information course, treatment, or both, have been completed.

(b) If the department receives notice from a court, peace officer, or ignition interlock vendor that the person has violated the ignition interlock restriction by, including but not limited to, operating a motor vehicle not equipped with the device, tampering with the device, or removing the device before the period of restriction has expired, the department shall lift the stay and reinstate the license suspension or revocation for the remainder of the time period. The department may not issue a probationary driver's license to a person whose license suspension or revocation has been reinstated due to violation of an ignition interlock restriction.

(4) The period for all revocations made mandatory by 61-5-205 is 1 year except as provided in subsection (2).

(5) The period of revocation for any person convicted of any offense which makes mandatory the revocation of the driver's license commences from date of conviction or forfeiture of bail.

(6) If a person is convicted of a violation of 61-8-401 or 61-8-406 while operating a commercial motor vehicle, the department shall suspend the person's driver's license as provided in 61-8-811 and subsection (2) of this section.

Part 4
Driver License Compact

61-5-401. Driver License Compact. This part shall be known and may be cited as the "Driver License Compact".

Article I. Findings and Declaration of Policy

(1) The party states find that:

(a) the safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles;

(b) violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property;

(c) the continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles in whichever jurisdiction the vehicle is operated.

(2) It is the policy of each of the party states to:

(a) promote compliance with the laws, ordinances, and administrative rules relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles;

(b) make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances, and administrative rules as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

Article II. Definitions

As used in this compact:

(1) "state" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico;

(2) "home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle;

(3) "conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance, or administrative rule, or a forfeiture of bail, bond, or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

Article III. Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code, or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered or the conviction was a result of the forfeiture of bail, bond, or other security; and include any special findings made in connection therewith.

Article IV. Effect of Conviction

(1) The licensing authority in the home state, for the purposes of suspension, revocation, or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(a) manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(b) driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(c) any felony in the commission of which a motor vehicle is used;

(d) failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(2) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(3) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (1) of this article, such party state shall construe the denominations and descriptions appearing in subdivision (1) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

Article V. Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) the applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated;

(2) the applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of 1 year from the date the license was revoked, such person may make application for a new license if permitted

by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) the applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

Article VI. Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

Article VII. Compact Administrator and Interchange of Information

(1) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(2) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

Article VIII. Entry Into Force and Withdrawal

(1) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(2) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 6 months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

Article IX. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

(2) In addition to convictions mentioned in subsection (1), the department, for the purpose of suspension, revocation, or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported as it would if the conduct had occurred in this state for:

(a) convictions of perjury or the making of a false affidavit relating to the ownership or operation of a motor vehicle (61-5-303); and

(b) three convictions of reckless driving committed within a period of 12 months (61-8-301).

(3) Court abstracts or reports of conviction received by the department that name an individual licensed in another jurisdiction must be forwarded to the jurisdiction of licensure. The department may not take action against the driver's license or driving privilege of the individual as may be required elsewhere in this title.

History: En. Sec. 41, Ch. 204, L. 1951; R.C.M. 1947, 53-457.

61-6-102. Definitions. The following words and phrases, when used in this part, have the meanings respectively ascribed to them in this section except in those instances where the context clearly indicates a different meaning:

(1) "Judgment" means any judgment that has become final by expiration without appeal of the time within which an appeal might have been perfected or by final affirmation on appeal rendered by a court of competent jurisdiction of any state or of the United States upon a cause of action arising out of the ownership, maintenance, or use of any motor vehicle, for damages, including damages for care and loss of services, because of bodily injury to or death of any person or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damages.

(2) "License" means any license, temporary instruction permit, or temporary license issued under the laws of this state pertaining to the licensing of persons to operate motor vehicles.

(3) "Nonresident's operating privilege" means the privilege conferred upon a nonresident by the laws of this state pertaining to the operation by him of a motor vehicle or the use of a motor vehicle owned by him in this state.

(4) "Proof of financial responsibility" means proof of ability to respond in damages for liability on account of accidents occurring subsequent to the effective date of said proof, arising out of the ownership, maintenance, or use of a motor vehicle.

(5) "State" means any state, territory, or possession of the United States, the District of Columbia, or any province of the Dominion of Canada.

(6) "Ways of this state open to the public" means any highway, road, alley, lane, parking area, or other public or private place adapted and fitted for public travel and in common use by the public.

History: En. Sec. 1, Ch. 204, L. 1951; amd. Sec. 1, Ch. 30, L. 1967; R.C.M. 1947, 53-418(part); amd. Sec. 60, Ch. 421, L. 1979; amd. Sec. 1, Ch. 212, L. 1985.

61-6-103. Motor vehicle liability policy defined. (1) A "motor vehicle liability policy", as the term is used in this part, means an owner's or operator's policy of liability insurance, certified as provided in 61-6-133 or 61-6-134 as proof of financial responsibility and issued, except as otherwise provided in 61-6-134, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

(2) The owner's policy of liability insurance must:

(a) designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

(b) insure the person named therein and any other person, as insured, using any motor vehicle or motor vehicles with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of the motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each motor vehicle, as follows:

(i) $25,000 because of bodily injury to or death of one person in any one accident and subject to said limit for one person;

(ii) $50,000 because of bodily injury to or death of two or more persons in any one accident; and

(iii) $10,000 because of injury to or destruction of property of others in any one accident.

(3) An operator's policy of liability insurance must insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to the operator's policy of liability insurance.

(4) A motor vehicle liability policy must state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability and contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this part as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this part.

(5) A motor vehicle liability policy need not insure any liability under any workers' compensation law or any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured or while engaged in the operation, maintenance, or repair of a motor vehicle or any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

(6) A motor vehicle liability policy is subject to the following provisions, which need not be contained therein:

(a) The liability of the insurance carrier with respect to the insurance required by this part becomes absolute whenever injury or damage covered by the motor vehicle liability policy occurs. The policy may not be canceled or annulled as to the liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage. No statement made by the insured or on his behalf and no violation of the policy may defeat or void the policy.

(b) The satisfaction by the insured of a judgment for the injury or damage may not be a condition precedent to the right or duty of the insurance carrier to make payment on account of the injury or damage.

(c) The insurance carrier has the right to settle any claim covered by the policy, and if the settlement is made in good faith, the amount is deductible from the limits of liability specified in subsection (2)(b).

(d) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this part constitute the entire contract between the parties.

(7) A motor vehicle policy is not subject to cancellation, termination, nonrenewal, or premium increase due to injury or damage incurred by the insured or operator unless the insured or operator is found to have violated a traffic law or ordinance of the state or a city, is found negligent or contributorily negligent in a court of law or by the arbitration proceedings contained in chapter 5 of Title 27, or pays damages to another party, whether by settlement or otherwise. In no event may a premium be increased during the term of the policy unless there is a change in exposure.

(8) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and the excess or additional coverage is not subject to the provisions of this part. With respect to a policy which grants the excess or additional coverage, the term "motor vehicle liability policy" applies only to that part of the coverage which is required by this section.

(9) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this part.

(10) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(11) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers, which policies together meet such requirements.

(12) Any binder issued pending the issuance of a motor vehicle liability policy fulfills the requirements for such a policy.

(13) A reduced limits endorsement may not be issued by any company to be attached to any policy issued in compliance with this section.

61-6-106. Appeal to court. (1) At any time within 60 days after the rendition of any decision or order by the department under the provisions of this part, any party in interest may appeal to the district court of the judicial district of the state of Montana, in and for any county wherein any party in interest may reside or in which any party in interest which is a corporation may have its principal office, or place of business, and said appeal may be for the purpose of having the lawfulness of any order, decision, or act of the department inquired into and determined. The court shall determine whether the filing of an appeal shall operate as a stay of any order or decision of the department.

(2) Said appeal shall be taken by serving a written notice of said appeal upon the department, which said service shall be made by delivering a copy of such notice to the department and filing the original thereof with the clerk of the court to which said appeal is taken. A copy of such notice must also be served upon all other parties in interest, if there be any, by mailing the same to said parties in interest to such addresses of such parties as such parties shall have left with the department. If such parties shall have left no address with the department, then no service on such parties shall be required. The order of filing and service of said notice is immaterial.

(3) Immediately upon service upon said department of said notice, the department shall certify to said district court a complete record of all proceedings had by it with reference to the decision, order, or act appealed from, together with all official forms or documents in the possession of said department pertaining to said decision, order, or act and all correspondence and other written matter in the possession of said department pertaining to said decision, order, or act, with the clerk of the district court.

(4) Immediately upon the return of such certified matter, the district court shall fix a day for the hearing of said appeal and shall cause notice to be served upon the department and upon the appellant and also upon any other parties in interest upon whom service was required under the provisions of this section. The court may upon the hearing for a good cause shown permit evidence in addition to the matter certified by the department to the court, but in the absence of such permission from the court, the cause shall be heard on the matter certified to the court by the department. The trial of the matter shall be de novo, without a jury, and upon such trial the court shall determine whether or not the department regularly pursued its authority, whether or not the findings of the department ought to be sustained, and whether or not such findings are reasonable under all circumstances of the case. The department and each party in interest shall have the right to appear in the proceeding.

(5) If the court shall find from such trial, as aforesaid, that the findings and conclusions of the department are not in accordance with either the facts or the law or that they ought to be other or different from those made by the department or that any finding and conclusion or any decision, order, act, rule, or requirement of the department is unreasonable, the court shall set aside such finding, conclusion, decision, order, act, rule, or requirement of said department or shall modify or change the same as law and justice shall require, and the court shall also make and enter any finding, conclusion, order, or judgment that shall be required or shall be legal and proper in the premises. Either the department or the appellant or any other party in interest, if there be any, may appeal to the supreme court from any final order, judgment, or decree of said district court, which said appeal shall be taken in like manner as appeals are now taken in other civil actions to the supreme court.

(6) Upon such appeal, the supreme court shall make such orders in reference to a stay of proceedings as it finds to be just in the premises and may stay the operation of any order, judgment, or decree of said district court without requiring any bond or undertaking from the applicant for such stay. When any such cause is so appealed, it shall have precedence upon the calendar of said supreme court upon the record made in said district court and upon the matters certified to or which ought to have been certified by said department to said district court, and judgment and decree shall be entered therein as expeditiously as possible.

61-6-132. Alternate methods of giving proof. (1) Proof of financial responsibility when required under this part with respect to a motor vehicle or with respect to a person who is not the owner of a motor vehicle may be given by filing:

(a) a certificate of insurance as provided in 61-6-133 or 61-6-134;

(b) a bond as provided in 61-6-137;

(c) a certificate or deposit of money or securities as provided in 61-6-138; or

(d) a certificate of self-insurance, as provided in 61-6-143, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, he will pay the same judgments and in the same amounts that an insurer would have been obligated to pay under an owner's motor vehicle liability policy if it had issued such a policy to said self-insurer.

(2) No motor vehicle shall be or continue to be registered in the name of any person required to file proof of financial responsibility unless such proof shall be furnished for such motor vehicle.

(1) The nonresident owner of a motor vehicle not registered in this state may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the motor vehicle or motor vehicles described in such certificate is registered, or if such nonresident does not own a motor vehicle, then in the state in which the insured resides, provided such certificate otherwise conforms to the provisions of this part, and the department shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

(a) Said insurance carrier shall execute a power of attorney authorizing the department to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state.

(b) Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued herein.

(2) If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertaking or agreements, the department shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues.

61-6-137. Bond as proof of responsibility. (1) Proof of financial responsibility may be furnished by filing with the department the bond of a surety company duly authorized to transact business in the state or a bond with at least two individual sureties each owning real estate within this state and together having equities equal in value to at least twice the amount of such bond, which real estate shall be scheduled in the bond approved by a judge of a court of record. The bond shall be conditioned for payments in amounts and under the same circumstances as would be required in a motor vehicle liability policy and shall not be cancelable except after 10 days' written notice to the department. Upon the filing of notice to this effect by the department in the office of the county clerk and recorder of the county wherein such real estate is located, the bond shall constitute a lien in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a judgment against the person who has filed the bond.

(2) The person in whose favor the lien exists may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the state against the company or persons executing the bond, including an action

or proceeding to foreclose any lien that may exist upon the real estate of any person who has executed such bond. (1) Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him $55,000 in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of $55,000. The state treasurer shall not accept any such deposit and issue a certificate therefor and the department shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(2) Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this part, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid.

61-6-142. Duration of proof — when money or securities may be canceled or returned. (1) The department shall direct and the state treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this part as proof of financial responsibility, or the department shall waive the requirement of filing proof under this part, in any of the following events:

(a) at any time after 3 years from the date such proof was required when during the 3-year period preceding the request the department has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license or nonresident's operating privilege of the person by or for whom such proof was furnished;

(b) in the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

(c) in the event the person who has given proof surrenders his license to the department.

(2) However, the department shall not consent to the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has deposited such money or securities has, within 1 year immediately preceding such request, been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

(3) Whenever any person whose proof has been canceled or returned under subsection (1)(c) of this section applies for a license within a period of 3 years from the date proof was originally required, any such application shall be refused unless the applicant complies with the insurance or bond requirements under 61-6-301 and 61-6-302.

61-6-143. Self-insurers. (1) Any person in whose name more than 25 motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the department as provided in subsection (2) of this section.

(2) The department may, in its discretion, upon the application of such a person, issue a certificate of self-insurance when it is satisfied that such person is possessed and will continue to be possessed of ability to pay judgments obtained against such person.

(3) Upon not less than 5 days' notice and a hearing pursuant to such notice, the department may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within 30 days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance.

61-6-301. Required motor vehicle insurance — family member exclusion. (1) (a) Except as provided in subsection (1)(b), an owner of a motor vehicle that is registered and operated in Montana by the owner or with the owner's permission shall continuously provide insurance against loss resulting from liability imposed by law for bodily injury or death or damage to property suffered by any person caused by maintenance or use of a motor vehicle, as defined in 61-1-102, in an amount not less than that required by 61-6-103, or a certificate of self-insurance issued in accordance with 61-6-143.

(b) Notwithstanding the mandatory motor vehicle liability insurance protection provided for in subsection (1)(a), nothing in this part may be construed to prohibit the exclusion from insurance coverage of a named family member in a motor vehicle liability insurance policy.

(2) A motor vehicle owner who prefers to post an indemnity bond with the department in lieu of obtaining a policy of liability insurance may do so. The bond must guarantee that any loss resulting from liability imposed by law for bodily injury, death, or damage to property suffered by any person caused by accident and arising out of the operation, maintenance, and use of the motor vehicle sought to be registered must be paid within 30 days after final judgment is entered establishing the liability. The indemnity bond must guarantee payment in the amount provided for insurance under subsection (1).

(3) Any bond given in connection with this section is a continuing instrument and must cover the period for which the motor vehicle is to be registered and operated. The bond must be on a form approved by the commissioner of insurance and must be with a surety company authorized to do business in the state.

(4) It is unlawful for a person to operate a motor vehicle upon ways of this state open to the public without a valid policy of liability insurance in effect in an amount not less than that required by 61-6-103 unless the person has been issued a certificate of self-insurance under 61-6-143, has posted an indemnity bond with the department as provided in this section, or is operating a vehicle exempt under 61-6-303.

61-6-302. Proof of compliance. (1) The registration receipt required by 61-3-322 must contain a statement that unless the vehicle is eligible for an exemption under 61-6-303, it is unlawful to operate the vehicle without a valid motor vehicle liability insurance policy, a certificate of self-insurance, or a posted indemnity bond, as required by 61-6-301.

(2) Each person shall carry in a motor vehicle being operated by the person an insurance card approved by the department but issued by the insurance carrier to the motor vehicle owner as proof of compliance with 61-6-301. A motor vehicle operator shall exhibit the insurance card upon demand of a justice of the peace, a city or municipal judge, a peace officer, a highway patrol officer, or a field deputy or inspector of the department. A person commits an offense under this subsection if the person fails to carry the insurance card in a motor vehicle or fails to exhibit the insurance card upon demand of a person specified in this subsection. However, a person charged with violating this subsection may not be convicted if the person produces in court or the office of the arresting officer proof of insurance valid at the time of arrest.

(1) a vehicle owned by the United States government or any state or political subdivision;

(2) a vehicle for which cash, securities, or a bond has been deposited or filed with the department upon such terms and conditions providing the same benefits available under a required motor vehicle liability insurance policy;

(3) a vehicle owned by a self-insurer certified as provided in 61-6-143;

(4) an implement of husbandry or special mobile equipment that is only incidentally operated on a highway or property open to use by the public;

(5) a vehicle operated upon a highway only for the purpose of crossing such highway from one property to another;

(6) a commercial vehicle registered or proportionally registered in this and any other jurisdiction, provided that vehicle is covered by a motor vehicle liability insurance policy complying with the laws of another jurisdiction in which it is registered;

(7) a motorcycle or quadricycle;

(8) a vehicle moved solely by human or animal power;

(9) a vehicle owned by a nonresident if it is currently registered in the owner's resident jurisdiction and he is in compliance with the motor vehicle liability insurance requirements, if any, of that jurisdiction.

61-6-304. Penalties. (1) Conviction of a first offense under 61-6-301 or 61-6-302 is punishable by a fine of not less than $250 or more than $500 or by imprisonment in the county jail for not more than 10 days, or both. A second conviction is punishable by a fine of $350 or by imprisonment in the county jail for not more than 10 days, or both. A third or subsequent conviction is punishable by a fine of $500 or by imprisonment in the county jail for not more than 6 months, or both.

(2) Upon a second or subsequent conviction under 61-6-301 or 61-6-302, the sentencing court shall order the surrender of the vehicle registration receipt and license plates for the vehicle operated at the time of the offense if that vehicle was operated by the registered owner or a member of the registered owner's immediate family or by a person whose operation of that vehicle was authorized by the registered owner. The court shall send the receipt and plates,

along with a copy of the complaint and dispositional order, to the department, which shall immediately suspend the receipt and plates for a period of 90 days from the date of a second conviction or 180 days from the date of a third or subsequent conviction. The receipt and plates may not be reinstated until the expiration of that period and until proof of compliance with 61-6-301 is furnished to the department, but if the vehicle is transferred to a new owner, the new owner is entitled to register the vehicle.

(3) Upon a fourth and subsequent conviction under 61-6-301 or 61-6-302, the court shall order the surrender of the driver's license of the offender, if the vehicle operated at the time of the offense was registered to the offender or a member of the offender's immediate family. The court shall send the driver's license, along with a copy of the complaint and the dispositional order, to the department, which shall immediately suspend the driver's license. The department may not reinstate a driver's license suspended under this subsection until the registered owner provides the department proof of compliance with 61-6-301 and the department determines that the registered owner is otherwise eligible for licensure.

(4) The court may suspend a required fine only upon a determination that the offender is or will be unable to pay the fine.

(5) A court may not defer imposition of penalties provided by this section.

(6) An offender is considered to have been previously convicted for the purposes of sentencing if less than 5 years have elapsed between the commission of the present offense and a previous conviction.

(1) The operator of any motor vehicle which is in any manner involved in an accident within this state in which any person is killed or injured or in which damage to the property of any one person in excess of $400 is sustained shall, within 10 days after such accident, report the matter in writing to the department unless the accident was investigated and reported by a law enforcement officer as provided in subsection (3).

(2) The department may require any driver of a vehicle involved in an accident of which report must be made as provided in this section to file supplemental reports whenever the original report is insufficient and may require witnesses of accidents to render reports.

(3) Every law enforcement officer who in the regular course of duty investigates a motor vehicle accident in which any person is killed or injured or in which damage to the property of any person exceeds $400, either at the time of and at the scene of the accident or thereafter by interviewing participants or witnesses, shall within 10 days after completing the investigation forward a written report of the accident to the department.

(4) The form of the accident report required under this section shall contain information sufficient to enable the department to determine whether the requirements for the deposit of security for safety responsibility are inapplicable by reason of the existence of insurance or other exemptions specified in chapter 6 of this title.

(5) A report required by subsection (1) or (2) may not be used as evidence in any trial, civil or criminal, arising out of an accident.

General Provisions

61-8-101. Application — exceptions. (1) As used in this chapter, "ways of this state open to the public" means any highway, road, alley, lane, parking area, or other public or private place adapted and fitted for public travel that is in common use by the public.

(2) The provisions of this chapter relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except:

(a) where a different place is specifically referred to in a given section;

(b) the provisions of 61-8-301 and 61-8-401(1)(b), (1)(c), and (2), with regard to operating a vehicle while under the influence of drugs, apply anywhere within this state;

(c) the provisions of 61-8-301 and 61-8-401 except subsections (1)(b), (1)(c), and (2) thereof, and 61-8-402 through 61-8-405, with regard to operating a vehicle while under the influence of alcohol, apply upon all ways of this state open to the public.

(3) The operation of motor vehicles directly across the public roads and highways of this state, especially as required in the transportation of natural resource products, including agricultural products and livestock, shall not be considered to be the operation of such vehicles on the public roads and highways

of this state or on ways of this state open to the public, provided that such crossings are adequately marked with warning signs or devices. Such crossings are subject to provisions relating to stopping before entry and to restoration of any damage as may reasonably be prescribed by the state or local agency in control of safety of operation of the public highway involved.

(1) The department of transportation shall place and maintain traffic-control devices, conforming to its manual and specifications, upon all state highways it considers necessary to indicate and to carry out this chapter and chapter 9 or to regulate, warn, or guide traffic.

(2) A local authority may not place or maintain a traffic-control device upon a highway under the jurisdiction of the department except by the latter's permission.

(3) Only the department may erect and maintain these traffic-control devices conforming to its manual and specifications on a controlled-access highway or controlled-access facility. The erection of a sign, marker, or emblem on a controlled-access facility or controlled-access highway by any other public authority, or agent, or by a private individual, firm, or corporation is unlawful and a misdemeanor and punishable as provided in 61-8-712.

(4) The erection or maintenance of a sign, marker, emblem, or traffic-control device on a state highway except a controlled-access highway or controlled-access facility, is subject to the rules and specifications the department adopts and publishes in the interest of public safety and convenience.

Whenever traffic is controlled by traffic-control signals exhibiting the words "Go", "Caution", or "Stop" or exhibiting different colored lights successively one at a time or with arrows, the following colors only must be used and the terms and lights must indicate and apply to drivers of vehicles and pedestrians as follows:

(1) green alone or "Go":

(a) Vehicular traffic facing the signal may proceed straight through or turn left or right unless a sign at the place prohibits either turn. But vehicular traffic, including vehicles turning right or left, must yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited.

(b) Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

(2) yellow alone or "Caution" when shown following the green or "Go" signal:

(a) Vehicular traffic facing the signal is warned that the red or "Stop" signal will be exhibited immediately thereafter and vehicular traffic may not enter the intersection when the red or "Stop" signal is exhibited.

(b) Pedestrians facing the signals are advised that there is insufficient time to cross the roadway, and a pedestrian then starting to cross shall yield the right-of-way to all vehicles.

(3) red alone or "Stop":

(a) Vehicular traffic facing the signal must stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and must remain standing until green or "Go" is shown alone, until a right turn can safely be made, or until a left turn can safely be made from the far left lane if the turn is made from a one-way street onto another one-way street going left. In making the turn, vehicular traffic must yield the right-of-way to pedestrians lawfully within the crosswalk and to other traffic lawfully using the intersection. If a traffic sign legend indicating that no right turn on red or no left turn on red may be made after a stop is posted at the intersection, the movement cannot be made until green or "Go" is shown alone.

(b) A pedestrian facing a signal may not enter the roadway unless the pedestrian can do so safely and without interfering with any vehicular traffic.

(4) red with a green arrow:

(a) Vehicular traffic facing a signal may cautiously enter the intersection only to make the movement indicated by the arrow but must yield the right-of-way to pedestrians lawfully within the crosswalk and to other traffic lawfully using the intersection.

(b) A pedestrian facing a signal may not enter the roadway unless the pedestrian can do so safely and without interfering with vehicular traffic.

(5) traffic-control signal at a place other than an intersection:

(a) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section are applicable except as to those provisions that by their very nature can have no application.

(b) Any stop required must be made at a sign or marking on the pavement indicating where the stop must be made, but in the absence of any sign or marking, the stop must be made at the signal.

(1) Walk. Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

(2) Wait or Don't Walk. No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the wait signal is showing.

(a) Flashing red (stop signal). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked or, if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) Flashing yellow (caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in 61-8-347.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) The prohibition of this section shall not apply to portable "Caution" signs placed in the vicinity of schools at those times during which school children are going to and coming from school.

(1) A person operating or driving a vehicle of any character on a public highway of this state shall drive the vehicle in a careful and prudent manner and at a rate of speed no greater than is reasonable and proper under the conditions existing at the point of operation, taking into account the amount and character of traffic, condition of brakes, weight of vehicle, grade and width of highway, condition of surface, and freedom of obstruction to the view ahead. The person operating or driving the vehicle shall drive the vehicle so as not to unduly or unreasonably endanger the life, limb, property, or other rights of a person entitled to the use of the street or highway.

(2) When no special hazard exists that requires lower speed for compliance with subsection (1), the speed of a vehicle not in excess of the limits specified in this section or established as authorized in 61-8-309 through 61-8-311 and 61-8-313 is lawful, but a speed in excess of the following limits is unlawful:

(a) 25 miles per hour in an urban district;

(b) 55 miles per hour in other locations during the nighttime, except that the nighttime speed limit on completed sections of interstate highways is 65 miles per hour.

(3) "Daytime" means from one-half hour before sunrise to one-half hour after sunset. "Nighttime" means at any other hour.

(4) The speed limits set forth in this section may be altered by the transportation commission or a local authority as authorized in 61-8-309, 61-8-310, 61-8-313, and 61-8-314.

(5) The driver of a vehicle shall, consistent with subsection (1), drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon a narrow or winding roadway, and when a special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway condition.

(1) The provisions of 61-8-304 do not apply to those public streets and highways for which a speed limit lower than that required by federal law was applicable on March 2, 1974, under any other state, county, municipal, or other local law, ordinance, regulation, or order.

(2) The fuel conservation speed limits imposed by 61-8-304 remain in effect only as long as the establishment of those speed limits by the state is required by federal law as a condition to the state's continuing eligibility to receive funds authorized by the Federal-Aid Highways Amendments of 1974 and all acts amendatory thereto or any other federal statute.

(3) If the speed limit of 55 miles an hour for vehicles traveling on federal-aid interstate highways within an urbanized area of 50,000 population or more is no longer required by federal law as a condition to the state's continuing eligibility for federal highway funding, the speed limit within an urbanized area increases to 65 miles an hour.

(4) If there is no speed limit required by federal law as a condition to the state's continuing eligibility for federal highway funding, then the speed limit on Montana highways is subject to the basic rule and other speed restrictions in 61-8-303.

(b) If a local authority requests the department of transportation or an engineer, as provided in subsection (1)(c)(i), to conduct an engineering and traffic investigation based on the belief that a speed limit on a highway under the department's jurisdiction is greater than is reasonable or safe, the commission may not increase the speed limit under consideration as a result of the investigation.

(c) (i) A local authority may request at its own expense that an engineering and traffic investigation be completed by a licensed professional engineer selected from a list compiled and approved by a committee as provided in subsection (1)(c)(ii).

(ii) A committee containing two department of transportation staff appointed by the director and two representatives of associations whose membership comprises cities, towns, and counties, as authorized by 7-5-2141 and 7-5-4141, shall review credentials submitted by licensed professional engineers and shall determine who appears on the list of individuals authorized to conduct engineering and traffic investigations for local governments. The list must be completed by October 1, 1997, and must be updated every 2 years.

(iii) Upon completion of an engineering and traffic investigation conducted for a local government, the department of transportation shall submit a report to the commission with findings and recommendations. The commission shall decide on an appropriate speed limit based on the traffic investigation within 120 days from the date the investigation is submitted to the department.

(2) The department of transportation shall erect and maintain appropriate signs giving notice of these special limits. When they are erected, the limits are effective at that part at all times or at other times that the commission sets.

(3) The authority of the commission under this section includes the authority to set reduced nighttime speed limits on curves and other dangerous locations.

(4) This section does not authorize the commission to set a statewide speed limit.

(1) If a local authority in its jurisdiction determines on the basis of an engineering and traffic investigation that the speed permitted under 61-8-303 and 61-8-309 through 61-8-313 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may set a reasonable and safe limit that:

(a) decreases the limit at an intersection;

(b) increases the limit within an urban district, but not to more than 55 miles per hour during the nighttime;

(c) decreases the limit outside an urban district, but not to less than 15 miles per hour; or

(d) decreases the limit in an area near a school, a senior citizen center, as defined in 23-5-112, or a designated crosswalk, as crosswalk is defined in 61-1-209, that is close to a school or a senior citizen center to not less than 80%, rounded down to the nearest whole number evenly divisible by 5, of the limit that would be set on the basis of an engineering and traffic investigation, but not less than 15 miles an hour. If warranted by an engineering and traffic investigation, a local authority may adopt variable speed limits to adapt to traffic conditions by time of day, provided that the variable limits comply with the provisions of 61-8-206.

(2) A board of county commissioners may set limits, as provided in subsection (1)(c), without an engineering and traffic investigation on a county road, as defined in 60-1-103.

(3) A local authority in its jurisdiction may determine the proper speed for all arterial streets and shall set a reasonable and safe limit on arterial streets that may be greater or less than the speed permitted under 61-8-303 for an urban district.

(4) An altered limit established as authorized under this section is effective at all times or at other times determined by the authority when appropriate signs giving notice of the altered limit are erected upon the highway.

(5) Except as provided in subsection (1)(d), the commission has exclusive jurisdiction to set special speed limits on all federal-aid highways or extensions of federal-aid highways in all municipalities or urban areas. The commission shall set these limits in accordance with 61-8-309.

61-8-311. Minimum speed regulations. (1) A person may not drive a motor vehicle at a speed slow enough to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

(2) On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow-moving vehicle, including a passenger vehicle, behind which four or more vehicles are formed in line shall turn off the roadway at the nearest place designated as a turnout by signs erected by the authority having jurisdiction over the highway or wherever sufficient area for a safe turnout exists in order to permit the vehicles following it to proceed. If the shoulder of the highway to the right of the overtaken vehicle is wide enough and is in a condition allowing safe travel, the driver of the overtaken vehicle may drive onto the shoulder and proceed at a safe speed until passed. As used in this section a slow-moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. The department of transportation is authorized to designate and construct such turnouts and to erect signs at appropriate places advising motorists of this statute.

(3) If the department of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway consistently impede the normal and reasonable movement of traffic, the commission or the local authority may set a minimum speed limit below which a person may not drive a vehicle except when necessary for safe operation or in compliance with law.

(1) A person may not operate a truck or truck tractor, the gross weight of which exceeds 8,000 pounds, at a speed greater than 65 miles an hour on those completed sections of interstate and four-lane divided highways and 60 miles an hour on those completed sections of primary and secondary highways. However, the truck nighttime speed limit may not exceed that of automobiles, as stated in 61-8-303.

(2) A person may not operate a vehicle subject to a term permit under 61-10-124(2)(d) or a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles subject to special permits under 61-10-124(4) at a speed greater than 55 miles an hour.

(3) A person may not operate a motor-driven cycle at any time mentioned in 61-9-201 at a speed greater than 35 miles an hour unless the motor-driven cycle is equipped with a headlamp or lamps that are adequate to reveal a person or vehicle at a distance of 300 feet ahead.

(4) A person may not operate a vehicle that is towing a housetrailer at a speed greater than a maximum of 50 miles an hour.

61-8-313. Special speed limitations. (1) A person may not drive a vehicle equipped with solid rubber or cushion tires at a speed greater than 10 miles per hour.

(2) A person may not drive a vehicle over a bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to the bridge or structure when the structure is signposted as provided in this section.

(3) The department of transportation upon request from a local authority may, or upon its own initiative shall, conduct an investigation of a bridge or other elevated structure constituting a part of a highway, and if it finds on investigation that the structure cannot safely withstand vehicles traveling at the speed otherwise permissible under this chapter, the commission shall set the maximum speed of vehicles which the structure can withstand, and the department shall erect and maintain suitable signs stating the maximum speed at a distance of not less than 100 feet before each end of the structure.

(4) Upon the trial of a person charged with a violation of this section, proof of the setting of the maximum speed by the commission and the existence of the signs is conclusive evidence of the maximum speed which can be maintained with safety to the bridge or structure.

61-8-314. Traffic violations in construction zone and work zone — definitions. (1) As used in this section, the following definitions apply:

(a) "Construction zone" means an area on a public highway or on the adjacent right-of-way where construction, repair, maintenance, or survey work is being performed by the department of transportation, a local authority, a utility company, or a private contractor under contract with the department of transportation or a local authority. A construction zone may include a work zone.

(b) "Public highway" has the same meaning as in 60-1-103.

(c) "Work zone" means the area where the construction, repair, maintenance, or survey work is actually taking place.

(2) A person may not operate a motor vehicle in a construction zone or in a work zone on a public highway in violation of any of the provisions of part 3 of this chapter.

(3) The speed limit in a construction zone or in a work zone must be set by the department of transportation or the local authority based on traffic conditions or the condition of the construction, repair, maintenance, or survey project.

(4) (a) The department of transportation, the local authority, the utility company, or the private contractor shall post signs that conform to the department of transportation's manual on uniform traffic control devices and that indicate the boundaries of the construction zone and the work zone and the speed limit in effect within both zones.

(b) The department of transportation, the local authority, the utility company, or the private contractor shall clearly indicate at the boundary of a construction zone that a person who violates any of the provisions of part 3 of this chapter in the work zone is subject to the fine provided in subsection (5)(a).

(c) The boundaries of the work zone may not exceed 500 feet in advance of and beyond the actual construction activity.

(5) (a) A person convicted of a traffic violation in a work zone is guilty of a misdemeanor. Upon arrest and conviction, the person shall be punished by a fine of not less than double the penalty provided for the violation in part 7 of this chapter.

(b) A person convicted of a traffic violation in a construction zone is guilty of a misdemeanor. Upon arrest and conviction, the person is subject to the penalty provided for the violation in part 7 of this chapter.

(2) A person commits the offense of reckless endangerment of highway workers if the person purposely, knowingly, or negligently drives a motor vehicle in a highway construction zone in such a manner as to endanger persons or property or if the person purposely removes, ignores, or intentionally strikes a traffic control device in a highway construction zone for reasons other than:

(a) avoidance of an obstacle;

(b) an emergency; or

(c) to protect the health or safety of an occupant of the vehicle or another person.

61-8-321. Drive on right side of roadway — exceptions. (1) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(a) when overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(b) when the right half of a roadway is closed to traffic while under construction or repair;

(c) upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

(d) upon a roadway designated and signposted for one-way traffic.

(2) Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

History: En. Sec. 49, Ch. 263, L. 1955; R.C.M. 1947, 32-2152; amd. Sec. 67, Ch. 421, L. 1979.

61-8-323. Overtaking vehicle on left. The following rules govern the overtaking and passing of vehicles proceeding in the same direction, subject to the limitations, exceptions, and special rules provided in this part:

(1) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left of the other vehicle at a safe distance and may not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(2) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle upon an audible signal or the use of signal lamps, as provided in 61-9-218, and may not increase the speed of the vehicle until completely passed by the overtaking vehicle. When giving way to the right on a two-lane highway, the driver of the vehicle being overtaken may travel upon the shoulder at a safe speed until passed if the shoulder is wide enough and is in a condition allowing safe travel.

History: En. Sec. 50, Ch. 263, L. 1955; R.C.M. 1947, 32-2153; amd. Sec. 2, Ch. 15, L. 1983; amd. Sec. 1, Ch. 119, L. 1997.

61-8-324. When overtaking on right is permitted. (1) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(a) when the vehicle overtaken is making or about to make a left turn;

(b) upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving vehicles in each direction;

(c) upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free from obstructions and of sufficient width for two or more lines of moving vehicles.

(2) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway.

History: **En. Sec. 51, Ch. 263, L. 1955; R.C.M. 1947, 32-2154.**

61-8-325. Limitations on overtaking on the left. (1) No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within 100 feet of any vehicle approaching from the opposite direction.

(2) No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

(a) when approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(b) when approaching within 100 feet of or traversing any intersection or railroad grade crossing;

(c) when the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel.

(3) The foregoing limitations shall not apply upon a one-way roadway.

(1) The department of transportation may determine those portions of a highway where overtaking and passing or driving to the left of the roadway would be especially hazardous, and it may by appropriate signs or markings on the roadway indicate the beginning and end of these zones. When the signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions of those signs.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1) a driver may not drive on the left side of the roadway within the no-passing zone or on the left side of a pavement striping designed to mark the no-passing zone throughout its length.

(1) A vehicle must be driven as nearly as practicable entirely within a single lane and may not be moved from the lane until the driver has first ascertained that the movement can be made with safety.

(2) Upon a roadway that is divided into three lanes, a vehicle may not be driven in the center lane except:

(a) when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance;

(b) in preparation for a left turn; or

(c) when the center lane is at the time allocated exclusively to traffic moving in the direction that the vehicle is proceeding and is signposted to give notice of the allocation.

(3) Official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway. Drivers of vehicles shall obey the directions of every official sign that designates use of specific lanes.

(4) A person may turn a vehicle left across a lane marked with two yellow lines into a public or private parking lot or a roadway if the turn can be made safely and if the person does not hinder the flow of oncoming traffic.

(a) Right turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(b) Left turn on two-way roadways. At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(c) Left turns on other than two-way roadways. At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered.

(d) A person making a turn under subsections (1)(a), (1)(b), or (1)(c) is entitled to the full use of the lane from which the turn may be legally made.

(2) (a) A person operating a bicycle who intends to turn left shall follow the course described in subsection (1) or in subsection (2)(b).

(b) A person operating a bicycle who intends to turn left shall approach the turn as close as practicable to the right curb or edge of the roadway. After proceeding across the intersecting roadway, the person shall make the turn as close as practicable to the curb or edge of the roadway on the far right side of the intersection. After turning, the person shall yield to through traffic and shall comply with any official traffic-control device or police officer regulating traffic on the highway along which he intends to proceed.

(3) Local authorities in their respective jurisdictions may cause markers, buttons, or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons, or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such markers, buttons, or signs.

61-8-336. Turning movements and required signals. (1) No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the roadway as required by 61-8-333 or turn a vehicle to enter a private road or driveway or otherwise turn a vehicle from a direct course or move right or left upon a roadway unless and until such movement can be made with reasonable safety. No person shall so turn any vehicle without giving an appropriate signal in the manner hereinafter provided in the event any other traffic may be affected by such movement.

(2) A signal of intention to turn right or left, other than when passing, when required shall be given continuously during not less than the last 100 feet traveled by the vehicle before turning in any business, residence, or urban district as defined in 61-1-408 through 61-1-410.

(3) A signal of intention to turn right or left, other than when passing, when required shall be given continuously during not less than the last 300 feet traveled by the vehicle before turning in areas other than those set forth in subsection (2).

(4) A signal by hand and arm need not be given continuously by the person operating a bicycle if the hand is needed in the control or operation of the bicycle.

(5) No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal.

(1) The department of transportation with reference to state highways and local authorities with reference to other highways under their jurisdiction may designate through highways and erect stop signs at specified entrances to these highways or may designate an intersection as a stop intersection and erect similar signs at one or more entrances to that intersection.

(2) The sign shall bear the word "Stop" in letters not less than 8 inches in height, and it shall be made luminous at nighttime by steady or flashing internal illumination or by a fixed floodlight projected on the face of the sign or by efficient reflecting elements on the face of the sign.

(3) The stop sign shall be erected as near as practicable to the nearest line of the crosswalk on the near side of the intersection or, if there is no crosswalk, then as close as practicable to the nearest line of the roadway.

(4) A driver of a vehicle approaching a stop sign shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, he shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection except when directed to proceed by a police officer or highway patrol officer or traffic-control signal.

(1) Whenever any person driving a vehicle approaches a railroad grade crossing under any of the circumstances stated in this section, the driver of such vehicle shall stop within 50 feet but not less than 15 feet from the nearest rail of such railroad, and shall not proceed until he can do so safely. The foregoing requirements shall apply when:

(a) a clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train;

(b) a crossing gate is lowered or when a human flagman gives or continues to give a signal of the approach or passage of a railroad train;

(c) a railroad train approaching within approximately 1,500 feet of the highway crossing emits a signal audible from such distance and such railroad train, by reason of its speed or nearness to such crossing, is an immediate hazard;

(d) an approaching railroad train is plainly visible and is in hazardous proximity to such crossing.

(2) No person shall drive any vehicle through, around, or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed.

61-8-349. Certain vehicles to stop at all railroad grade crossings. (1) A person driving a motor vehicle upon a public highway of this state outside of corporate limits of incorporated cities or towns where the view is obscure or when a moving train is within sight or hearing shall bring the vehicle to a full stop not less than 10 or more than 100 feet from the intersection of the highway and the railroad tracks, before crossing the railroad tracks, at all crossings where a flagman or a mechanical device is not maintained to warn the traveling public of approaching trains or cars.

(2) (a) Except as provided in subsection (2)(b), the driver of a motor vehicle carrying seven or more passengers for hire, a school bus with or without passengers, or a vehicle carrying explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at grade any track or tracks of a railroad, shall stop the vehicle within 50 feet but not less than 15 feet from the nearest rail of the railroad and while stopped shall open the door (in the case of a school bus) and shall listen and look in both directions along the track for an approaching train and for signals indicating the approach of a train and may not proceed until he can do so safely. After stopping as required in this section and upon proceeding when it is safe to do so, the driver of a vehicle shall cross only in a gear of the vehicle that requires no changing gears while traversing the crossing. The driver may not shift gears while crossing the track or tracks.

(b) A stop is not required at a crossing where a police officer, highway patrol officer, or traffic-control signal directs traffic to proceed.

(3) As used in this section, "traffic-control signal" does not include a railroad grade crossing signal.

(1) No person shall operate or move any crawler-type tractor, steam shovel, derrick, roller, or any equipment or structure having a normal operating speed of 10 or less miles per hour or a vertical body or load clearance of less than one-half inch per foot of the distance between any two adjacent axles or in any event of less than 9 inches, measured above the level surface of a roadway, upon or across any tracks at a railroad grade crossing without first complying with this section.

(2) Notice of any such intended crossing shall be given to a station agent of such railroad and reasonable time be given to such railroad to provide proper protection at such crossing.

(3) Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than 15 feet or more than 50 feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

(4) No such crossing shall be made when warning is given by automatic signal or crossing gates or a flagman or otherwise of the immediate approach of a railroad train or car. If a flagman is provided by the railroad, movement over the crossing shall be under his direction.

61-8-351. Meeting or passing school bus — penalty. (1) The driver of a vehicle upon a highway or street either inside or outside the corporate limits of any city or town upon meeting or overtaking from either direction any school bus that has stopped on the highway or street to receive or discharge any school children:

(a) shall stop the vehicle not less than 10 feet before reaching the school bus when there is in operation on the bus a visual flashing red signal as specified in 61-9-402; and

(b) may not proceed until the children have entered the school bus or have alighted and reached the side of the highway or street and until the school bus ceases operation of its visual flashing red signal.

(2) The driver of a vehicle shall slow to a rate of speed that is reasonable under the conditions existing at the point of operation and must be prepared to stop when meeting or overtaking from either direction any school bus that is preparing to stop on the highway or street to receive or discharge school children as indicated by flashing amber lights as specified in 61-9-402.

(3) Each bus used for the transportation of school children must bear upon the front and rear plainly visible signs containing the words "SCHOOL BUS" in letters not less than 8 inches in height and, in addition, must be equipped with visual signals meeting the requirements of 61-9-402. Amber flashing lights must be actuated by the driver approximately 150 feet in cities and approximately 500 feet in other areas before the bus is stopped to receive or discharge school children on the highway or street. Red lights must be actuated by the driver of the school bus whenever but only whenever the vehicle is stopped on the highway or street whether inside or outside the corporate limits of any city or town to receive or discharge school children. However, a school district board of trustees may, in its discretion, adopt a policy prohibiting the operation of amber or red lights when a bus is stopped at the school site to receive or discharge school children and the receipt or discharge does not involve street crossing by the children. The lights may not be operated in violation of that policy.

(4) When a school bus is being operated upon a highway for purposes other than the actual transportation of children either to or from school or for school functions, all markings on the bus indicating "SCHOOL BUS" must be covered or concealed.

(5) The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus that is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone that is a part of or adjacent to the highway and where pedestrians are not permitted to cross the roadway.

(6) Whenever a vehicle is established to have been in violation of subsection (1), the person in whose name the vehicle is registered is prima facie the driver of the vehicle at the time of the alleged violation.

(7) Violation of subsection (1) is punishable upon conviction by a fine of not more than $500.

(1) Upon any highway outside of a business or residence district no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the highway when it is practical to stop, park, or so leave such vehicle off such part of said highway, but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage of other vehicles. No person shall stop, stand, or park any vehicle upon such highway unless such vehicle can be seen by the driver of any other vehicle approaching from either direction within 500 feet and unless drivers approaching from opposite directions are visible to each other when both are at least 500 feet from the vehicle to be stopped, turned, or parked, except in cases of justifiable emergency.

(2) This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-traveled portion of a highway in such

manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position.

(1) No person shall stop, stand, or park a vehicle, except as allowed under subsection (2) or when necessary to avoid conflict with other traffic or in compliance with law or the directions of a police officer or highway patrol officer or traffic-control device, in any of the following places:

(a) on a sidewalk;

(b) in front of a public or private driveway;

(c) within an intersection;

(d) within 15 feet of a fire hydrant;

(e) on a crosswalk;

(f) within 20 feet of a crosswalk at an intersection;

(j) within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of said entrance when properly signposted;

(k) alongside or opposite any street excavation or obstruction when stopping, standing, or parking would obstruct traffic;

(l) on the roadway side of any vehicle stopped or parked at the edge or curb of a street;

(m) upon any bridge or other elevated structure upon a highway or within a highway tunnel;

(n) at any place where official signs prohibit stopping.

(2) A bicycle may be parked on a sidewalk and other such places if the parking does not impede normal and reasonable movement of pedestrians or other traffic.

(3) A public bus stop may not be established in the areas described in subsections (1)(a) through (1)(c) and (1)(e). Otherwise, this section does not prohibit the establishment of public bus stops and the regulation of their use by a local government. Such a bus stop must be established by ordinance pursuant to a traffic and engineering study. Such establishment is subject to review and approval by the department of transportation if the bus stop is to be established on a street or highway under its jurisdiction.

(4) No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such distance as is unlawful.

(2) A local authority may by ordinance permit parking of a vehicle with the left-hand wheels adjacent to and within 18 inches of the left-hand curb of a one-way roadway.

(3) A local authority may by ordinance permit angle parking on a roadway, except that angle parking shall not be permitted on any federal-aid or state highway unless the department of transportation determines that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(4) The department with respect to highways under its jurisdiction may place signs prohibiting or restricting the stopping, standing, or parking of vehicles on a highway where in its opinion this stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic on it. These signs shall be official signs, and a person may not stop, stand, or park a vehicle in violation of the restrictions stated on these signs.

(1) A vehicle may not be parked or left standing upon the right-of-way of a public highway for a period longer than 48 hours or upon a city street or state, county, or city property for a period longer than 5 days.

(2) The abandonment of a motor vehicle on a public highway, a city street, public property, or private property creates a prima facie presumption that the last-registered owner of the motor vehicle is responsible for the abandonment

and is liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less the amount realized if the motor vehicle is sold.

(3) The filing of a verified theft report with a law enforcement agency prior to the abandonment relieves the last-registered owner of liability under subsection (2).

(2) No passenger shall be carried in a position that will interfere with the operation of the motorcycle or quadricycle or the view of the operator.

(3) No person operating a motorcycle or quadricycle shall carry any packages, bundles, or articles which would interfere with the operation of said vehicle in a safe and prudent manner.

(4) "Sidesaddle" riding on a motorcycle or quadricycle is prohibited.

(5) Motorcycles and quadricycles are to be operated with lights on at all times when operated on any public highway or street, except that if the motorcycle is registered under 61-3-411 as a collector's item, it may be operated without lights from one-half hour before sunrise to one-half hour after sunset if persons and vehicles are clearly discernible at a distance of 500 feet.

(6) Not more than two motorcycles shall be operated side by side in a single traffic lane.

(7) All motor vehicles, including motorcycles and quadricycles, are entitled to the full use of a traffic lane, and no vehicle shall be driven or operated in such a manner so as to deprive any other vehicle of the full use of a traffic lane, except that motorcycles may, with the consent of both drivers, be operated not more than two abreast in a single traffic lane.

(8) Every person riding a motorcycle or quadricycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a motor vehicle except as to those provisions which, by their nature, can have no application.

History: **En. Sec. 1, Ch. 374, L. 1991.**

61-8-371. Operation of motor vehicle or off-highway vehicle below high-water mark on certain state or federal lands prohibited — exceptions. (1) Except as provided in subsections (2) and (3), a person may not operate a motor vehicle, as defined in 61-1-102, or an off-highway vehicle, as defined in 23-2-801, below the ordinary high-water mark, as defined in 23-2-301, of class I or class II waters, as defined in 23-2-301, that occurs on state or federal lands or below the ordinary high-water mark of class I waters flowing through private lands, within that portion of the streambed that is covered with water.

(2) A motor vehicle or an off-highway vehicle may be operated below the ordinary high-water mark on state or federal lands on an established road or trail that enters or crosses a stream, but the stream crossing must be by the shortest practical or designated route to the road or trail on the opposite bank.

(3) The prohibition in subsection (1) does not apply to:

(a) off-highway or motor vehicle use that occurs on state or federal land that is designated for off-highway or motor vehicle use below the ordinary high-water mark if the use is in accordance with the requirements of the authorization;

(b) off-highway or motor vehicle use conducted on state or federal land pursuant to and in accordance with a specific written authorization from the appropriate land management agency for that use below the ordinary high-water mark; and

(c) operation of an off-highway vehicle by a nonambulatory person who is using the vehicle for recreational use, as defined in 23-2-301, as long as operation of the vehicle is prudent and minimizes destruction.

(4) The state may authorize the use of a motor vehicle or off-highway vehicle on state property below the ordinary high-water mark only when the state has determined that the use will have a minimal impact on the streambed and on the fish and wildlife ecology of the stream or river. Federal land

management agencies are requested to apply the same criteria when authorizing use of federal land.

(2) A person may not empty an ashtray containing matches, ashes, cigarette or cigar refuse, or other related material on a forest road, private road, city street, county road, public highway, or railroad right-of-way in this state.

(3) A person convicted of violating subsection (1) or (2) shall be fined a minimum of $100.

(4) Municipalities, the forest service, county governments, property owners, public transit operators, federal highway administrators, and any other appropriate entity may, at their discretion, post copies of this section in conspicuous locations.

61-8-380. Funeral procession right-of-way — funeral lead vehicle and funeral escort vehicle in funeral procession. (1) Except as provided in subsection (4), pedestrians and operators of motor vehicles shall yield the right-of-way to a motor vehicle that is part of a funeral procession being led by a funeral lead vehicle or a funeral escort vehicle.

(2) After a funeral lead vehicle enters an intersection, the other vehicles in the funeral procession may continue to follow the funeral lead vehicle through the intersection despite any official traffic-control device, right-of-way provisions of this chapter, or local ordinance if the operator exercises reasonable care toward any other vehicle or pedestrian. When the funeral lead vehicle arrives at an intersection, it must comply with the requirements of any official traffic-control device, right-of-way provision of this chapter, and local ordinance.

(3) Except as provided in subsection (4), a driver of a funeral escort vehicle may direct the drivers of other vehicles in a funeral procession to proceed through an intersection or to make turns or other movements despite any official traffic-control device. The driver of a funeral escort vehicle may direct and control the drivers of vehicles not in a funeral procession, including those in or approaching an intersection, to stop, proceed, or make turns or other movements without regard to an official traffic-control device. Persons directing traffic shall comply with the provisions of 61-1-411. However, use of a funeral escort vehicle is not required.

(4) A vehicle in a funeral procession has the right-of-way at intersections regardless of official traffic-control devices provided the driver of that vehicle and the drivers of all vehicles in the funeral procession meet all the requirements of 61-1-413 through 61-1-415 and 61-8-380 through 61-8-384, except that an operator of a vehicle in a funeral procession shall yield the right-of-way to an approaching authorized emergency vehicle giving an audible

or visual signal or when directed to do so by a highway patrol officer or police officer. This section does not relieve the driver of a vehicle in a funeral procession from the duty to drive with due regard for the safety of all persons using the highway.

History: **En. Sec. 5, Ch. 338, L. 1991.**

61-8-381. Equipment required for funeral vehicle — restricted light use. (1) A funeral escort vehicle or a funeral lead vehicle must be equipped with at least one lighted rotating or oscillating lamp exhibiting an amber light or lens visible under normal atmospheric conditions for a distance of 500 feet from the front of the vehicle.

(2) A funeral escort vehicle or a funeral lead vehicle may illuminate a rotating or oscillating amber light only when the vehicle is in use in a funeral procession.

History: **En. Sec. 6, Ch. 338, L. 1991.**

61-8-382. Driving in funeral procession. (1) A vehicle in a funeral procession shall follow the preceding vehicle in the funeral procession as closely as is practicable and safe.

(2) An ordinance, law, or regulation requiring that motor vehicles be operated to allow sufficient space between them to enable another vehicle to enter and occupy that space without danger does not apply to vehicles in a funeral procession.

(3) The driver of a motor vehicle in a funeral procession may not drive the vehicle at a speed greater than:

(a) 55 miles per hour on a highway where the posted speed limit is 55 miles per hour or more; or

(b) 5 miles per hour below the posted speed limit on other streets or roads.

(4) A vehicle being operated in a funeral procession must have its headlights and taillights illuminated.

(5) The turn signals must be flashing simultaneously as warning lights on a vehicle that:

(a) is the first vehicle in a funeral procession; or

(b) the driver has reason to believe is the last vehicle in a funeral procession.

History: **En. Sec. 7, Ch. 338, L. 1991.**

61-8-383. Vehicles not in funeral procession. The driver of a vehicle that is not part of a funeral procession may not:

(1) drive between the vehicles forming a funeral procession while they are in motion except when:

(a) authorized to do so by a police officer; or

(b) driving an authorized emergency vehicle emitting an audible or visible signal;

(2) join a funeral procession to secure the right-of-way granted by 61-8-380;

(3) pass a funeral procession on a multiple-lane highway on the funeral procession's right side unless the funeral procession is in the farthest left lane;

(4) enter an intersection, even if the driver is facing a green traffic-control signal, when a funeral procession being conducted in compliance with 61-1-413 through 61-1-415 and 61-8-380 through 61-8-384 is proceeding through a red

traffic-control signal at that intersection as permitted by 61-8-380 unless the driver can do so without crossing the path of the funeral procession. If the red signal changes to green while the funeral procession is within the intersection, the driver of a vehicle facing a green signal may proceed subject to the right-of-way of a vehicle participating in a funeral procession.

History: **En. Sec. 8, Ch. 338, L. 1991.**

61-8-384. Liability. The operator of a vehicle in a funeral procession, including a lead vehicle or an escort vehicle, is not negligent if he operates the vehicle in accordance with the requirements of 61-1-413 through 61-1-415 and 61-8-380 through 61-8-384. When no negligence exists on the part of the operator of a vehicle in a funeral procession, none may be imputed to the funeral director or mortician organizing the procession, to the agent of the funeral director or mortician, or to a member of a local law enforcement agency acting as the agent, with or without compensation, of the funeral director or mortician.

61-8-401. Persons under the influence of alcohol or drugs. (1) It is unlawful and punishable, as provided in 61-8-442, 61-8-714, and 61-8-731 through 61-8-734, for a person who is under the influence of:

(a) alcohol to drive or be in actual physical control of a vehicle upon the ways of this state open to the public;

(b) a dangerous drug to drive or be in actual physical control of a vehicle within this state;

(c) any other drug to drive or be in actual physical control of a vehicle within this state; or

(d) alcohol and any dangerous or other drug to drive or be in actual physical control of a vehicle within this state.

(2) The fact that any person charged with a violation of subsection (1) is or has been entitled to use alcohol or a drug under the laws of this state does not constitute a defense against any charge of violating subsection (1).

(3) "Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination of alcohol and drugs, a person's ability to safely operate a motor vehicle has been diminished.

(4) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person at the time of a test, as shown by analysis of a sample of the person's blood or breath drawn or taken within a reasonable time after the alleged act, gives rise to the following inferences:

(a) If there was at that time an alcohol concentration of 0.04 or less, it may be inferred that the person was not under the influence of alcohol.

(b) If there was at that time an alcohol concentration in excess of 0.04 but less than 0.10, that fact may not give rise to any inference that the person was or was not under the influence of alcohol, but the fact may be considered with other competent evidence in determining the guilt or innocence of the person.

(c) If there was at that time an alcohol concentration of 0.10 or more, it may be inferred that the person was under the influence of alcohol. The inference is rebuttable.

(5) The provisions of subsection (4) do not limit the introduction of any other competent evidence bearing upon the issue of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(6) Each municipality in this state is given authority to enact 61-8-406, 61-8-408, 61-8-410, 61-8-714, 61-8-722, 61-8-731 through 61-8-734, and subsections (1) through (5) of this section, with the word "state" in 61-8-406 and subsection (1) of this section changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and of the imposition of the fines and penalties provided in the ordinance.

(7) Absolute liability as provided in 45-2-104 will be imposed for a violation of this section.

61-8-402. Blood or breath tests for alcohol, drugs, or both. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a test or tests of the person's blood or breath for the purpose of determining any measured amount or detected presence of alcohol or drugs in the person's body.

(2) (a) The test or tests must be administered at the direction of a peace officer when:

(i) the officer has reasonable grounds to believe that the person has been driving or has been in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person has been placed under arrest for a violation of 61-8-401;

(ii) the person is under the age of 21 and has been placed under arrest for a violation of 61-8-410; or

(iii) the officer has probable cause to believe that the person was driving or in actual physical control of a vehicle in violation of 61-8-401 and the person has been involved in a motor vehicle accident or collision resulting in property damage, bodily injury, or death.

(b) The arresting or investigating officer may designate which test or tests are administered.

(3) A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is considered not to have withdrawn the consent provided by subsection (1).

(4) If an arrested person refuses to submit to one or more tests requested and designated by the officer as provided in subsection (2), the refused test or tests may not be given, but the officer shall, on behalf of the department, immediately seize the person's driver's license. The peace officer shall immediately forward the license to the department, along with a report certified under penalty of law stating which of the conditions set forth in subsection (2)(a) provides the basis for the testing request and confirming that the person refused to submit to one or more tests requested and designated by the peace officer. Upon receipt of the report, the department shall suspend the license for the period provided in subsection (6).

(5) Upon seizure of a driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is valid for 5 days following the date of issuance and shall provide the driver with written notice of the license suspension or revocation and the right to a hearing provided in 61-8-403.

(6) The following suspension and revocation periods are applicable upon refusal to submit to one or more tests:

(a) upon a first refusal, a suspension of 6 months with no provision for a restricted probationary license;

(b) upon a second or subsequent refusal within 5 years of a previous refusal, as determined from the records of the department, a revocation of 1 year with no provision for a restricted probationary license.

(7) A nonresident driver's license seized under this section must be sent by the department to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to one or more tests.

(8) The department may recognize the seizure of a license of a tribal member by a peace officer acting under the authority of a tribal government or an order issued by a tribal court suspending, revoking, or reinstating a

license or adjudicating a license seizure if the actions are conducted pursuant to tribal law or regulation requiring alcohol or drug testing of motor vehicle operators and the conduct giving rise to the actions occurred within the exterior boundaries of a federally recognized Indian reservation in this state. Action by the department under this subsection is not reviewable under 61-8-403.

(9) A suspension under this section is subject to review as provided in this part.

(10) This section does not apply to blood and breath tests, samples, and analyses used for purposes of medical treatment or care of an injured motorist or related to a lawful seizure for a suspected violation of an offense not in this part.

61-8-403. Right of appeal to court. (1) Within 30 days after notice of the right to a hearing has been given by a peace officer, a person may file a petition to challenge the license suspension or revocation in the district court in the county where the person resides or in the county where the arrest was made.

(2) The court has jurisdiction and shall set the matter for hearing. The court shall give at least 10 days' written notice of the hearing to the county

attorney of the county where the appeal is filed and to the city attorney if the incident leading to the suspension or revocation resulted in a charge filed in a city or municipal court. The county attorney or city attorney may represent the state. If the county attorney and the city attorney cannot agree on who will represent the state, the county attorney shall represent the state.

(3) Upon request of the petitioner, the court may order the department to return the seized license or issue a stay of the suspension or revocation action pending the hearing.

(4) (a) The court shall take testimony and examine the facts of the case, except that the issues are limited to whether:

(i) a peace officer had reasonable grounds to believe that the person had been driving or was in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person was placed under arrest for violation of 61-8-401;

(ii) the person is under the age of 21 and was placed under arrest for a violation of 61-8-410;

(iii) the officer had probable cause to believe that the person was driving or in actual physical control of a vehicle in violation of 61-8-401 and the person was involved in a motor vehicle accident or collision resulting in property damage, bodily injury, or death; and

(iv) the person refused to submit to one or more tests designated by the officer.

(b) Based on the above issues and no others, the court shall determine whether the petitioner is entitled to a license or whether the petitioner's license is subject to suspension or revocation.

(5) This section does not grant a right of appeal to a state court if a driver's license is initially seized, suspended, or revoked pursuant to a tribal law or regulation that requires alcohol or drug testing of motor vehicle operators.

(a) evidence of any measured amount or detected presence of alcohol, drugs, or a combination of alcohol and drugs in the person at the time of the act alleged, as shown by an analysis of the person's blood or breath, is admissible. A positive test result does not, in itself, prove that the person was under the influence of a drug or drugs at the time the person was in control of a motor vehicle. A person may not be convicted of a violation of 61-8-401 based upon the presence of a drug or drugs in the person unless some other competent evidence exists that tends to establish that the person was under the influence of a drug or drugs while driving or in actual physical control of a motor vehicle within this state.

(b) a report of the facts and results of one or more tests of a person's blood or breath is admissible in evidence if:

(i) a breath test or preliminary alcohol screening test was performed by a person certified by the forensic sciences division of the department to administer the test;

(ii) a blood sample was analyzed in a laboratory operated or certified by the department or in a laboratory exempt from certification under the rules of the department and the blood was withdrawn from the person by a person competent to do so under 61-8-405(1);

(c) a report of the facts and results of a physical, psychomotor, or physiological assessment of a person is admissible in evidence if it was made by a person trained by the department or by a person who has received training recognized by the department.

(2) If the person under arrest refused to submit to one or more tests as provided in this section, proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(1) Only a physician or registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse, may, at the request of a peace officer, withdraw blood for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. This limitation does not apply to the sampling of breath.

(2) In addition to any test administered at the direction of a peace officer, a person may request that an independent blood sample be drawn by a physician or registered nurse for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. The peace officer may not unreasonably impede the person's right to obtain an independent blood test. The officer may but has no duty to transport the person to a medical facility or otherwise assist the person in obtaining the test. The cost of an independent blood test is the sole responsibility of the person requesting the test. The failure or inability to obtain an independent test by a person does not preclude the admissibility in evidence of any test given at the direction of a peace officer.

(3) Upon the request of the person tested, full information concerning any test given at the direction of the peace officer must be made available to the person or the person's attorney.

(4) A physician or registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse, does not incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer a test.

(5) The department in cooperation with any appropriate agency shall adopt uniform rules for the giving of tests and may require certification of training to administer the tests as considered necessary.

61-8-409. Preliminary alcohol screening test. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a preliminary alcohol screening test of the person's breath, for the purpose of estimating the person's alcohol concentration, upon the request of a peace officer who has a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410.

(2) The person's obligation to submit to a test under 61-8-402 is not satisfied by the person submitting to a preliminary alcohol screening test pursuant to this section.

(3) The peace officer shall inform the person of the right to refuse the test and that the refusal to submit to the preliminary alcohol screening test will result in the suspension or revocation for up to 1 year of that person's driver's license.

(4) If the person refuses to submit to a test under this section, a test will not be given. However, the refusal is sufficient cause to suspend or revoke the person's driver's license as provided in 61-8-402.

(5) A hearing as provided for in 61-8-403 must be available. The issues in the hearing must be limited to determining whether a peace officer had a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410 and whether the person refused to submit to the test.

(6) The provisions of 61-8-402 (3) through (8) that do not conflict with this section are applicable to refusals under this section. If a person refuses a test requested under 61-8-402 and this section for the same incident, the department may not consider each a separate refusal for purposes of suspension or revocation under 61-8-402.

(7) A test may not be conducted or requested under this section unless both the peace officer and the instrument used to conduct the preliminary alcohol screening test have been certified by the department pursuant to rules adopted under the authority of 61-8-405(5).

61-8-410. Operation of vehicle by person under twenty-one with alcohol concentration of 0.02 or more. (1) It is unlawful for a person under the age of 21 who has an alcohol concentration of 0.02 or more to drive or be in actual physical control of a vehicle upon ways of this state open to the public.

Absolute liability, as provided for in 45-2-104, is imposed for a violation of this section.

(2) Upon a first conviction under this section, a person shall be punished by a fine of not less than $100 or more than $500.

(3) Upon a second conviction under this section, a person shall be punished by a fine of not less than $200 or more than $500 and, if the person is 18 years of age or older, by incarceration for not more than 10 days.

(4) Upon a third or subsequent conviction under this section, a person shall be punished by a fine of not less than $300 or more than $500 and, if the person is 18 years of age or older, by incarceration for not less than 24 consecutive hours or more than 60 days.

(5) In addition to the punishment provided in this section, regardless of disposition:

(a) the person shall comply with the alcohol information course and alcohol and drug treatment provisions in 61-8-714; and

(b) the department shall suspend the person's driver's license for 90 days upon the first conviction, 6 months upon the second conviction, and 1 year upon the third or subsequent conviction. A restricted or probationary driver's license may not be issued during the suspension period until the person has paid a license reinstatement fee in accordance with 61-2-107 and, if the person was under the age of 18 at the time of the offense, has completed at least 30 days of the suspension period.

1997 Amendment: Chapter 520 deleted former (2) that read: "(2) A person convicted of a violation of this section must be sentenced under the provisions of 45-5-624"; inserted (2) through (6) outlining penalties; and made minor changes in style. Amendment effective May 2, 1997.

61-8-411 through 61-8-420 reserved.

61-8-421. Forfeiture procedure. (1) A motor vehicle forfeited under 61-8-733 must be seized by the arresting agency within 10 days after the conviction and disposed of as provided in Title 44, chapter 12, part 2. Except as provided in this section, the provisions of Title 44, chapter 12, part 2, apply to the extent applicable.

(2) Forfeiture proceedings under 44-12-201(1) must be instituted by the arresting agency within 20 days after the seizure of the motor vehicle.

(3) For purposes of 44-12-203 and 44-12-204, there is a rebuttable presumption of forfeiture. The owner of the motor vehicle may rebut the presumption by proving a defense under 61-8-733(2) or by proving that the owner was not convicted of a third or subsequent offense under 61-8-401 or 61-8-406. It is not a defense that the convicted person owns the motor vehicle jointly with another person.

(4) (a) For purposes of 44-12-206, the proceeds of the sale of the motor vehicle must be distributed first to the holders of security interests who have presented proper proof of their claims, up to the amount of the interests or the amount received from the sale, whichever is less, and the remainder to the general fund of the arresting agency.

(b) A holder of a security interest may petition the sentencing court for transfer of title to the motor vehicle to the holder of the security interest if the secured interest is equal to or greater than the estimated value of the motor vehicle.

(5) Actions the court may take under 44-12-205(3) to protect the rights of innocent persons include return of the motor vehicle without a sale to an owner who is unable to present an adequate defense under this section but is found by the court to be without fault.

History: En. Sec. 3, Ch. 474, L. 1993; amd. Sec. 7, Ch. 447, L. 1995; amd. Sec. 4, Ch. 525, L. 1997.

1997 Amendment: Chapter 525 in (1) substituted "61-8-733" for "61-5-212, 61-8-714, or 61-8-722"; and in (3) substituted "a defense under 61-8-733(2)" for "a defense under 61-8-714(3)(b)(ii) or 61-8-722(3)(b)(ii)" and after "convicted of a" deleted "second or subsequent offense under 61-5-212 or of a".

Applicability: Section 14, Ch. 525, L. 1997, provided: "[This act] applies to offenses committed on or after October 1, 1997."

61-8-422. Prohibition on transfer, sale, or encumbrance of vehicles subject to seizure or forfeiture — penalty. (1) It is unlawful for the owner of a vehicle subject to seizure under 61-5-212 or seizure and forfeiture under 61-8-733 to transfer, sell, or encumber the owner's interest in that vehicle from the time of the owner's arrest or the filing of the underlying charge until the time that the underlying charge is dismissed, the owner is acquitted of the underlying charge, the issue of seizure or forfeiture is resolved by the sentencing court, or the underlying charge is otherwise terminated.

(2) The prohibition against transfer of title may not be stayed pending the determination of an appeal from the conviction on the underlying charge.

(3) A person who violates this section is guilty of a felony and upon conviction shall be imprisoned in the county jail for not more than 2 years, fined an amount not more than $20,000, or both.

History: En. Sec. 3, Ch. 447, L. 1995; amd. Sec. 254, Ch. 42, L. 1997; amd. Sec. 5, Ch. 525, L. 1997.

1997 Amendments: Chapter 42 in (1), after "61-5-212(3)", deleted "or (6)" (voided by Ch. 525 amendment). Amendment effective March 12, 1997.

Chapter 525 near beginning of (1) substituted "a vehicle subject to seizure under 61-5-212 or seizure and forfeiture under 61-8-733" for "a vehicle subject to actions under 61-5-212(3) or (6) or forfeiture under 61-8-714 or 61-8-722".

Applicability: Section 14, Ch. 525, L. 1997, provided: "[This act] applies to offenses committed on or after October 1, 1997."

61-8-423 through 61-8-439 reserved.

61-8-440. Ignition interlock device — assisting in starting and operating — circumventing — penalty. (1) It is unlawful for a person who is subject to a restriction under 61-8-442 to operate a motor vehicle not equipped with an ignition interlock device.

(2) A person may not knowingly assist a person who is restricted to the use of an ignition interlock device to start and operate the restricted person's vehicle.

(3) A person may not knowingly circumvent the operation of an ignition interlock device.

(4) A person convicted of a violation of this section shall be punished by a fine of not more than $500 or by imprisonment for not more than 6 months or both.

(5) This section does not apply if:

(a) the starting of a motor vehicle or the request to start a motor vehicle equipped with an ignition interlock device is done for the purpose of safety or mechanical repair of the device or the vehicle; and

(b) the person subject to the restriction does not operate the vehicle.

61-8-441. Department rules regarding ignition interlock devices. (1) The department shall adopt rules providing for the approval of ignition interlock devices and the installation, calibration, repair, and removal of approved devices.

(2) The department's rules must be based upon federal standards issued for similar devices.

(3) An ignition interlock device that is approved by the department must also:

(a) be designed so it does not impede safe operation of the vehicle;

(b) correlate well with the level established for alcohol impairment;

(c) work accurately and reliably in an unsupervised environment and under extreme weather conditions;

(d) require a deep lung breath sample or use an equally accurate measure of blood alcohol concentration equivalence;

(e) resist tampering and show evidence of tampering if it is attempted;

(f) be difficult to circumvent;

(g) minimize inconvenience of a sober user;

(h) operate reliably over the range of automobile environments and in connection with various manufacturing standards;

(i) be manufactured by a person who is adequately insured for product liability; and

(j) have a label affixed in a prominent location warning that a person who knowingly tampers with, circumvents, or otherwise misuses the device is subject to criminal prosecution.

61-8-442. Driving under the influence of alcohol or drugs — driving with excessive alcohol concentration — ignition interlock device required. (1) In addition to the punishments provided in 61-8-714 and 61-8-722, regardless of disposition, the court may restrict a defendant to only driving a motor vehicle equipped with a functioning ignition interlock device and require the defendant to pay the reasonable cost of leasing, installing, and maintaining the device if:

(a) the court determines that approved ignition interlock devices are reasonably available; and

(b) (i) the defendant's blood alcohol concentration at the time of the arrest was 0.18% or greater; or

(ii) the defendant previously has been convicted of a violation of 61-8-401 or 61-8-406.

(2) Any restriction imposed under this section must be included in a report of the conviction made by the court to the department in accordance with 61-11-101 and placed upon the person's driving record maintained by the department in accordance with 61-11-102.

(3) The duration of a restriction imposed under this section must run parallel to the time period for suspension or revocation of the driver's license of the defendant in accordance with 61-2-107, 61-5-205, and 61-5-208 and must be monitored by the department.

61-8-502. Pedestrians' right-of-way in crosswalk. (1) (a) Except as provided in subsection (1)(b), when traffic-control signals are not in place or not in operation, the driver of a vehicle shall yield the right-of-way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within a marked crosswalk or within an unmarked crosswalk at an intersection, but a pedestrian may not suddenly leave a curb or other place of safety and walk or run into the path of a vehicle that is so close that it is impossible for the driver to yield. This provision does not apply under the conditions stated in 61-8-503(2).

(b) When a vehicle is stopped at a marked crosswalk or at an unmarked crosswalk at an intersection, the driver of a vehicle may make a right-hand turn if the pedestrian is in the opposite half of the roadway and is not in danger.

(2) When a vehicle is stopped at a marked crosswalk or at an unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear may not overtake and pass the stopped vehicle.

(3) It is unlawful for any person to drive a motor vehicle through a column of school children crossing a street or highway or past a member of the school safety patrol while the member of the school safety patrol is directing the movement of children across a street or highway and while the school safety patrol member is holding an official signal in the stop position.

61-8-605. Riding on roadways. (1) As used in this section, "roadway" means that portion of a highway improved, designed, or ordinarily used for vehicular travel, including the paved shoulder.

(2) A person operating a bicycle upon a roadway at less than the normal speed of traffic at the time and place and under the conditions then existing shall ride as near to the right side of the roadway as practicable except when:

(a) overtaking and passing another vehicle proceeding in the same direction;

(b) preparing for a left turn at an intersection or into a private road or driveway; or

(c) necessary to avoid a condition that makes it unsafe to continue along the right side of the roadway, including but not limited to a fixed or moving object, parked or moving vehicle, pedestrian, animal, surface hazard, or a lane that is too narrow for a bicycle and another vehicle to travel safely side by side within the lane.

(3) A person operating a bicycle upon a one-way highway with two or more marked traffic lanes may ride as close to the left side of the roadway as practicable.

(4) Persons riding bicycles upon a roadway shall ride in single file except when:

(a) riding on paths or parts of roadways set aside for the exclusive use of bicycles;

(b) overtaking and passing another bicycle;

(c) riding on a paved shoulder or in a parking lane, in which case the persons may ride two abreast; or

(d) riding within a single lane on a laned roadway with at least two lanes in each direction, in which case the persons may ride two abreast if they do not impede the normal and reasonable movement of traffic more than they would otherwise impede traffic by riding single file and in accordance with the provisions of this chapter.

(5) A bicycle, as defined in 61-1-123(2), is excluded from the provisions of subsections (2) and (3).

History: En. Sec. 85, Ch. 263, L. 1955; amd. Sec. 1, Ch. 110, L. 1975; R.C.M. 1947, 32-2188; amd. Sec. 8, Ch. 508, L. 1979; amd. Sec. 11, Ch. 450, L. 1983; amd. Sec. 2, Ch. 169, L. 1991.

61-8-607. Lamps and other equipment on bicycles. (1) Every bicycle when in use at nighttime shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least 500 feet to the front. A lamp emitting a red light visible from a distance of 500 feet to the rear may be used in addition to rear-facing reflectors required by this section.

(2) Every bicycle when in use at nighttime shall be equipped with an essentially colorless front-facing reflector, essentially colorless or amber pedal reflectors, and a red rear-facing reflector. Pedal reflectors shall be mounted on the front and back of each pedal.

(3) Every bicycle when in use at nighttime shall be equipped with either tires with retroflective sidewalls or reflectors mounted on the spokes of each wheel. Spoke mounted reflectors shall be within 76 millimeters (3 inches) of the inside of the rim and shall be visible on each side of the wheel. The reflectors on the front wheel shall be essentially colorless or amber and the reflectors on the rear wheel shall be amber or red.

(4) Reflectors required by this section shall be of a type approved by the department.

(5) Every bicycle shall be equipped with a brake which will enable the operator to make the braked wheels skid on dry, level, clean pavement.

(6) Every bicycle is encouraged to be equipped with a flag clearly visible from the rear and suspended not less than 6 feet above the roadway when the bicycle is standing upright. The flag shall be fluorescent orange in color.

61-8-609. Bicycle racing — when lawful. (1) Bicycle racing on a highway is prohibited except as authorized in this section.

(2) Bicycle racing on a highway is lawful when a racing event is approved by state or local authorities on any highway under their respective jurisdictions. Approval of bicycle highway racing events will be granted only under conditions

that assure reasonable safety for all race participants, spectators, and other highway users and that prevent unreasonable interference with traffic flow.

(3) By agreement with the approving authority, participants in an approved bicycle highway racing event may be exempted from compliance with any traffic laws otherwise applicable if traffic control is adequate to assure the safety of all highway users.

61-8-711. Violation of chapter — penalty. (1) It is a misdemeanor for a person to violate any of the provisions of this chapter unless the violation is declared to be a felony.

(2) Each person convicted of a misdemeanor for a violation of any of the provisions of this chapter for which another penalty is not provided shall for a first conviction be punished by a fine of not less than $10 or more than $100. For a second conviction within 1 year after the first conviction, the person shall be punished by a fine of not less than $25 or more than $200. Upon a third or subsequent conviction within 1 year after the first conviction, the person shall be punished by a fine of not less than $50 or more than $500.

(3) Except as provided in subsection (4), failure to pay a fine imposed under this chapter is a civil contempt of the court. On failure of payment of a fine, the court may:

(a) order enforcement of the fine by execution in the manner provided in 25-13-204 and under the provisions of Title 25, chapter 13; or

(b) if the court finds that the person is unable to pay, order the person to perform community service.

(4) If property is not found in an amount necessary to satisfy the unpaid portion of the fine and if the court makes a written finding that community service is inappropriate, the person shall be imprisoned in the county jail in the county in which the offense was committed, and the imprisonment shall be the number of days that the fine is divisible by the dollar amount of the incarceration credit contained in 46-18-403.

(5) Upon conviction, the court costs or any part of the court costs may be assessed against the defendant in the discretion of the court.

(1) A person convicted of a violation of 61-8-401 shall be punished by imprisonment for not less than 24 consecutive hours or more than 60 days and shall be punished by a fine of not less than $100 or more than $500. The initial 24 hours of the imprisonment term must be served in the county jail and may not be served under home arrest. The imprisonment sentence may not be suspended unless the judge finds that the imposition of the imprisonment sentence will pose a risk to the defendant's physical or mental well-being.

(2) On a second conviction, the person shall be punished by a fine of not less than $300 or more than $500 and by imprisonment for not less than 7 days or more than 6 months. At least 48 hours of the imprisonment term must be served consecutively in the county jail and may not be served under home arrest. Three days of the imprisonment sentence may not be suspended unless the judge finds that the imposition of the imprisonment sentence will pose a risk to the defendant's physical or mental well-being.

(3) On the third conviction, the person shall be punished by imprisonment for a term of not less than 30 days or more than 1 year and by a fine of not less than $500 or more than $1,000. At least 48 hours of the imprisonment term must be served consecutively in the county jail and may not be served under home arrest. The imposition or execution of the first 10 days of the imprisonment sentence may not be suspended.

1997 Amendments — Composite: Chapter 512 deleted former (4) that read: "(4) On the fourth or subsequent conviction, the person is guilty of a felony offense and shall be punished by imprisonment for a term of not less than 1 year or more than 10 years and by a fine of not less than $1,000 or more than $10,000. Except as provided in subsection (8), notwithstanding any provision to the contrary providing for suspension of execution of a sentence imposed under this subsection, the imposition or execution of the first 6 months of the imprisonment sentence imposed for a fourth or subsequent offense may not be suspended"; in (7), in first sentence, substituted "imprisonment imposed for a first, second, or third offense" for "imprisonment imposed under this section"; in (8) substituted "on a second or third offense, the court may order that a term of imprisonment imposed for a first, second, or third offense be served" for "on a second or subsequent offense, the court may order that a term of imprisonment imposed under this section be served"; and made minor changes in style. Amendment effective May 2, 1997. (The amendments to subsections (7) and (8) were rendered void by sec. 6, Ch. 525, L. 1997, which deleted subsections (7) and (8) in their entirety.)

Chapter 525 in (1), in first sentence at beginning, deleted "Except as provided in subsections (8) and (9)" and after "punished by imprisonment" deleted "in the county jail" and inserted second sentence requiring first 24 hours of imprisonment to be served in county jail; in (2), in first sentence at beginning, deleted "Except as provided in subsection (8)" and after "imprisonment for not less than 7 days" deleted "at least 48 hours of which must be served consecutively", inserted second sentence requiring first 48 hours of imprisonment to be served consecutively in county jail, and at beginning of third sentence deleted "Except as provided in subsection (8)"; in (3), in first sentence at beginning, deleted "Except as provided in subsection (8)" and after "a term of not less than 30 days" deleted "at least 48 hours of which must be served consecutively", inserted second sentence requiring first 48 hours of imprisonment to be served consecutively in county jail, and in third sentence, at beginning, deleted "Except as provided in subsection (8), notwithstanding any provision to the contrary providing for suspension of execution of a sentence imposed under this subsection" and substituted "first 10 days of the imprisonment sentence may not be suspended" for "first 10 days of the imprisonment sentence imposed for a third offense that occurred within 5 years of the first offense may not be suspended"; deleted (3)(b)(i) through (3)(b)(iii) that read: "(b) (i) On the third or subsequent conviction, the court, in addition to any other penalty imposed by law, shall order the motor vehicle owned and operated by the person at the time of the offense to be seized and subjected to the procedure provided under 61-8-421.

(ii) A vehicle used by a person as a common carrier in the transaction of business as a common carrier is not subject to forfeiture unless it appears that the owner or other person in charge of the vehicle consented to or was privy to the violation. A vehicle may not be forfeited under this section for any act or omission established by the owner to have been committed or omitted by a person other than the owner while the vehicle was unlawfully in the possession of a person other than the owner in violation of the criminal laws of this state or the United States.

(iii) Forfeiture of a vehicle encumbered by a security interest is subject to the secured person's interest if the person did not know and could not have reasonably known of the unlawful possession, use, or other act on which the forfeiture is sought"; in (4) inserted reference to 61-8-731; deleted (5) through (10) that read: "(5) In addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of public health and human services, which may include alcohol or drug treatment, or both. Alcohol or drug treatment, or both, must be ordered for a first-time offender upon a finding of chemical dependency made by a certified chemical dependency counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services. On conviction of a second or subsequent offense under this section, in addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of public health and human services, which must include alcohol or drug treatment, or both. As long as the alcohol information course is approved as provided in this subsection and the treatment is provided by a certified chemical dependency counselor, the defendant may attend the information course and treatment program of the defendant's choice. The treatment provided to the defendant at a treatment program must be at a level appropriate to the defendant's alcohol or drug problem, or both, as determined by a certified chemical dependency counselor pursuant to diagnosis and patient placement rules adopted by the department of corrections. Upon determination, the court shall order the defendant's appropriate level of treatment. If more than one counselor makes a determination as provided in this subsection, the court shall order an appropriate level of treatment based upon the determination of one of the counselors. On a second or subsequent conviction, the treatment program must be followed by monthly monitoring for a period of at least 1 year from the date of admission to the program. A court or counselor may not require attendance at a self-help program other than at an "open meeting" as that term is defined by the self-help program. A defendant may voluntarily participate in self-help programs. Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in an alcohol information course or treatment program. If the defendant fails to attend the information course or treatment program, the counselor shall notify the court of the failure.

(6) For the purpose of determining the number of convictions under this section, "conviction" means a final conviction, as defined in 45-2-101, in this state, conviction for a violation of a similar statute in another state, or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state or another state, which forfeiture has not been vacated. An offender is considered to have been previously convicted for the purposes of sentencing if less than 5 years have elapsed between the commission of the present offense and a previous conviction, unless the offense is the offender's fourth or subsequent offense, in which case all previous convictions must be used for sentencing purposes. If there has not been an additional conviction for an offense under this section for a period of 5 years after a prior conviction under this section, then all records and data relating to the prior conviction are confidential criminal justice information, as defined in 44-5-103, and public access to the information may only be obtained by district court order upon good cause shown.

(7) For the purpose of calculating subsequent convictions under this section, a conviction for a violation of 61-8-406 also constitutes a conviction for a violation of 61-8-401.

(8) The court may order that a term of imprisonment imposed under this section be served in another facility made available by the county and approved by the sentencing court. The defendant, if financially able, shall bear the expense of the imprisonment in the facility. The court may impose restrictions on the defendant's ability to leave the premises of the facility and require that the defendant follow the rules of that facility. The facility may be, but is not required to be, a community-based prerelease center as provided for in 53-1-203. The prerelease center may accept or reject a defendant referred by the sentencing court.

(9) Except for the initial 24 hours on a first offense or the initial 48 hours on a second or subsequent offense, the court may order that a term of imprisonment imposed under this section be served by imprisonment under home arrest as provided in Title 46, chapter 18, part 10.

(10) A court may not defer imposition of sentence under this section"; and made minor changes in style. (The amendment to subsection (4) was rendered void by sec. 1, Ch. 512, L. 1997, which deleted subsection (4) in its entirety.)

Applicability: Section 14, Ch. 525, L. 1997, provided: "[This act] applies to offenses committed on or after October 1, 1997."

1997 Amendments — Composite: Chapter 42 in (7), near end, substituted "44-5-103" for "45-5-103" (voided by Ch. 525 amendment). Amendment effective March 12, 1997.

Chapter 512 deleted former (4) that read: "(4) On the fourth or subsequent conviction, the person is guilty of a felony offense and shall be punished by imprisonment for a term of not less than 1 year or more than 10 years and by a fine of not less than $1,000 or more than $10,000. Except as provided in subsection (9), notwithstanding any other provision providing for suspension of execution of a sentence imposed under this subsection, the imposition or execution of the first 6 months of the imprisonment sentence imposed for a fourth or subsequent offense may not be suspended"; in (8) substituted "imprisonment imposed for a first, second, or third offense be served" for "imprisonment imposed under this section be served"; in (9) substituted "initial 48 hours on a second or third offense" for "initial 48 hours on a second or subsequent offense", and substituted "imprisonment imposed for a first, second, or third offense" for "imprisonment imposed under this section"; and made minor changes in style. Amendment effective May 2, 1997. (The amendments to subsections (8) and (9) were rendered void by sec. 7, Ch. 525, L. 1997, which deleted subsections (8) and (9) in their entirety.)

Chapter 525 at beginning of (1) deleted "Except as provided in subsection (9)"; in (2), at beginning, deleted "Except as provided in subsection (9)" and after "not less than 48 consecutive hours" inserted "to be served in the county jail and not on home arrest"; in (3), at beginning, deleted "Except as provided in subsection (9)" and after "not less than 48 consecutive hours" inserted "to be served in the county jail and not on home arrest"; deleted (3)(b)(i) through (3)(b)(iii) that read: "(b) (i) On the third or subsequent conviction, the court, in addition to any other penalty imposed by law, shall order the motor vehicle owned and operated by the person at the time of the offense to be seized and subjected to the procedure provided under 61-8-421.

(ii) A vehicle used by a person as a common carrier in the transaction of business as a common carrier is not subject to forfeiture unless it appears that the owner or other person in charge of the vehicle consented to or was privy to the violation. A vehicle may not be forfeited under this section for any act or omission established by the owner to have been committed or omitted by a person other than the owner while the vehicle was unlawfully in the possession of a person other than the owner in violation of the criminal laws of this state or the United States.

(iii) Forfeiture of a vehicle encumbered by a security interest is subject to the secured person's interest if the person did not know and could not have reasonably known of the unlawful possession, use, or other act on which the forfeiture is sought"; in (4), at beginning of second sentence, deleted "Except as provided in subsection (9), notwithstanding any other provision providing for suspension of execution of a sentence imposed under this subsection"; deleted (5) through (11) that read: "(5) The provisions of 61-5-205(2), 61-5-208(2), and 61-11-203(2)(d), relating to revocation and suspension of driver's licenses, apply to any conviction under 61-8-406.

(6) In addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of public health and human services, which must include alcohol or drug treatment, or both, in accordance with the provisions of 61-8-714. Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in a course or treatment program. If the defendant fails to attend the course or the treatment program, the counselor shall notify the court of the failure.

(7) For the purpose of determining the number of convictions under this section, "conviction" means a final conviction, as defined in 45-2-101, in this state or a similar statute in another state or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state or another state, which forfeiture has not been vacated. An offender is considered to have been previously convicted for the purposes of sentencing if less than 5 years have elapsed between the commission of the present offense and a previous conviction, unless the offense is the offender's fourth or subsequent offense, in which case all previous convictions must be used for sentencing purposes. If there has not been an additional conviction for an offense under this section for a period of 5 years after a prior conviction under this section, then all records and data relating to the prior conviction are confidential criminal justice information, as defined in 45-5-103, and public access to the information may only be obtained by district court order upon good cause shown.

(8) For the purpose of calculating subsequent convictions under this section, a conviction for a violation of 61-8-401 also constitutes a conviction for a violation of 61-8-406.

(9) The court may order that a term of imprisonment imposed under this section be served in another facility made available by the county and approved by the sentencing court. The defendant, if financially able, shall bear the expense of the imprisonment in the facility. The court may impose restrictions on the defendant's ability to leave the premises of the facility and require that the defendant follow the rules of that facility. The facility may be, but is not required to be, a community-based prerelease center as provided for in 53-1-203. The prerelease center may accept or reject a defendant referred by the sentencing court.

(10) Except for the initial 24 hours on a first offense or the initial 48 hours on a second or subsequent offense, the court may order that a term of imprisonment imposed under this section be served by imprisonment under home arrest as provided in Title 46, chapter 18, part 10.

(11) A court may not defer imposition of sentence under this section"; and made minor changes in style. (The amendment to subsection (4) was rendered void by sec. 2, Ch. 512, L. 1997, which deleted subsection (4) in its entirety.)

61-8-731. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — penalty for fourth or subsequent offense. (1) On the fourth or subsequent conviction under 61-8-714 or 61-8-722 for a violation of 61-8-401 or 61-8-406, the person is guilty of a felony and shall be punished by:

(a) imprisonment for a term of not less than 6 months or more than 13 months, the imposition or execution of which may not be suspended, and during which the person is not eligible for parole;

(b) probation for a term of not less than 1 year or more than 4 years; and

(c) a fine of not less than $1,000 or more than $10,000.

(2) The court shall, subject to sentencing restrictions:

(a) specify one of the following facilities as the initial place in which the term of imprisonment must be served:

(i) a state prison;

(ii) a regional correctional facility;

(iii) a county jail;

(iv) a boot camp, provided the prior approval of the department of corrections has been obtained; or

(v) a prerelease center, provided the prior approval of the department of corrections has been obtained; or

(b) sentence the person to the department of corrections for placement in an appropriate correctional institution or program; and

(c) order a person who is financially able to pay the costs of imprisonment and probation under this section and of the information course and treatment under 61-8-732.

(3) The sentencing judge may impose upon the defendant any reasonable restrictions or conditions during the period of probation. Reasonable restrictions or conditions may include:

(a) payment of a fine as provided in 46-18-231;

(b) payment of costs as provided in 46-18-232 and 46-18-233;

(c) payment of costs of court-appointed counsel as provided in 46-8-113;

(d) community service;

(e) any other reasonable restrictions or conditions considered necessary for rehabilitation or for the protection of society;

(f) treatment in a state-approved public or private treatment facility; or

(g) any combination of the restrictions or conditions listed in subsections (3)(a) through (3)(f).

(4) (a) Following initial placement of a defendant in a boot camp or a prerelease center under subsection (2)(a), the department of corrections may, at its discretion, place the offender in another facility or program.

(b) The department of corrections may order all or any portion of the term of probation to be served under intensive supervision. The provisions of Title 46, chapter 23, part 10, relating to probation, apply to the probation.

(5) If a violation of the restrictions or conditions of the probation is established, the court may continue the period of probation or may require the defendant to serve the remainder of the probation sentence in one of the facilities set forth in subsection (2)(a) or (2)(b). The court may credit the remainder of the probation or the time to be served in a facility set forth in subsection (2)(a) or (2)(b) with all or part of the time already served on probation.

61-8-732. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — alcohol information course required. (1) (a) In addition to the punishments provided in 61-8-714, 61-8-722, and 61-8-731, regardless of disposition, a defendant convicted of a violation of 61-8-401 or 61-8-406 shall complete an alcohol information course at an alcohol treatment program approved by the department of public health and human services, which may include alcohol or drug treatment, or both.

(b) As long as the alcohol information course is approved as provided in this section and the treatment is provided by a certified chemical dependency counselor, the defendant may attend the information course and treatment program of the defendant's choice. The treatment provided to the defendant at a treatment program must be at a level appropriate to the defendant's alcohol or drug problem, or both, as determined by a certified chemical dependency counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services. Upon determination, the court shall order the defendant's appropriate level of treatment. If more than one counselor makes a determination as provided in this subsection, the court shall order an appropriate level of treatment based upon the determination of one of the counselors.

(c) Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in an alcohol information course or treatment program. If the defendant fails to attend the information course or treatment program, the counselor shall notify the court of the failure.

(d) A court or counselor may not require attendance at a self-help program other than at an "open meeting" as that term is defined by the self-help program. A defendant may voluntarily participate in self-help programs.

(2) Alcohol or drug treatment, or both, must be ordered for a first-time offender convicted of a violation of 61-8-401 or 61-8-406 upon a finding of chemical dependency made by a certified chemical dependency counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services.

(3) (a) On conviction of a second or subsequent offense under 61-8-714 or 61-8-722 for a violation of 61-8-401 or 61-8-406, in addition to the punishment provided in 61-8-714 or 61-8-722, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of public health and human services, which must include alcohol or drug treatment, or both.

(b) (i) On a second or subsequent conviction, the treatment program provided for in subsection (1) must be followed by monthly monitoring for a period of at least 1 year from the date of admission to the program.

(ii) If a defendant fails to comply with the monitoring program imposed under subsection (3)(b)(i), the court shall revoke the suspended sentence, impose any remaining portion of the suspended sentence, and may include additional monthly monitoring for up to an additional 6 months.

Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — conviction defined — place of imprisonment — home arrest — exceptions — deferral of sentence not allowed. (1) (a) For the purpose of determining the number of convictions under 61-8-714 or 61-8-722 for a violation of 61-8-401 or 61-8-406, "conviction" means a final conviction, as defined in 45-2-101, in this state; conviction for a violation of a similar statute or regulation in another state, or a federally recognized Indian reservation; or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state, another state, or a federally recognized Indian reservation, which forfeiture has not been vacated.

(b) An offender is considered to have been previously convicted for the purposes of sentencing if less than 5 years have elapsed between the commission of the present offense and a previous conviction, unless the offense is the offender's fourth or subsequent offense, in which case all previous convictions must be used for sentencing purposes.

(c) A previous conviction under 61-8-714 or 61-8-722 for violation of 61-8-401 or 61-8-406 may be counted for purposes of determining the number of a subsequent conviction for violation of either 61-8-401 or 61-8-406.

(2) Except as provided in 61-8-731, the court may order that a term of imprisonment imposed under 61-8-714 or 61-8-722 be served in another facility made available by the county and approved by the sentencing court. The defendant, if financially able, shall bear the expense of the imprisonment in the facility. The court may impose restrictions on the defendant's ability to leave the premises of the facility and require that the defendant follow the rules of that facility. The facility may be, but is not required to be, a community-based prerelease center as provided for in 53-1-203. The prerelease center may accept or reject a defendant referred by the sentencing court.

(3) Subject to the limitations set forth in 61-8-714 and 61-8-722 concerning minimum periods of imprisonment, the court may order that a term of imprisonment imposed under either section be served by imprisonment under home arrest, as provided in Title 46, chapter 18, part 10.

Commercial Motor Vehicle Safety

Part Cross-References

Commercial motor vehicle defined, 61-1-134.

Commercial driver's license defined, 61-1-135.

Licensing provisions, Title 61, ch. 5, part 1.

Revocation, suspension, or cancellation of licenses, Title 61, ch. 5, part 2.

61-8-801. Purpose. (1) The purpose of this part is to reduce the number of commercial motor vehicle accidents in Montana, to provide greater safety to the motoring public and others by establishing stringent criteria governing the operation of commercial motor vehicles, and to deny the privilege of operating commercial motor vehicles upon the public streets and highways to those commercial motor vehicle operators who are determined to be not qualified.

(2) To fulfill this purpose, the legislature intends that this part:

(a) establish criteria and procedures for the operation of commercial motor vehicles that require safety practices commensurate with the danger inherent to their operation;

(b) provide for increased administrative punishment for commercial motor vehicle operators who use alcohol while operating commercial motor vehicles;

(c) provide greater control of commercial motor vehicle operators using the streets and highways; and

(d) conform Montana's laws on commercial motor vehicle operator's endorsements with federal regulations based on the Commercial Motor Vehicle Safety Act of 1986, Public Law 99-570.

History: En. Sec. 1, Ch. 378, L. 1989.

61-8-802. Suspension of commercial driver's license — disqualification. (1) The department shall suspend the commercial driver's license of any commercial operator if the department's records or information received from federal authorities shows that the person is disqualified under federal law.

(2) A commercial driver's license suspended pursuant to this section remains suspended for the duration of the period of disqualification under federal regulations.

(3) A person whose commercial driver's license is suspended under this section due to disqualification:

(a) may appeal the suspension as provided in 61-5-211; and

(b) may not operate a commercial vehicle until the suspension is lifted and the person's commercial driver's license is restored.

History: En. Sec. 2, Ch. 378, L. 1989; amd. Sec. 27, Ch. 195, L. 1993.

61-8-803. Suspension of commercial driver's license — serious traffic violations. (1) If the department receives notice from a court or another licensing jurisdiction that a person holding a commercial driver's license has been convicted of more than one serious traffic violation in separate incidents within a 3-year period, the department shall suspend the person's commercial driver's license:

(a) for 60 days upon receipt of notice of the second conviction; or

(b) for 120 days upon receipt of notice of the third or subsequent conviction.

(2) For purposes of this section, "serious traffic violation" means conviction, when operating a commercial motor vehicle, of:

(a) speeding in excess of 15 miles an hour above a posted speed limit;

(b) reckless driving;

(c) improper or erratic traffic lane changes;

(d) following too closely; or

(e) a violation of a state law or local ordinance relating to the operation of a motor vehicle, excluding a parking, weight, or equipment violation, that arises in connection with a fatal accident.

History: En. Sec. 3, Ch. 378, L. 1989; amd. Sec. 28, Ch. 195, L. 1993; amd. Sec. 5, Ch. 105, L. 1997.

1997 Amendment: Chapter 105 substituted current text concerning suspension of commercial driver's license for former text that read: "If a commercial motor vehicle operator's record shows that the operator has been convicted of a serious traffic violation as defined in federal regulations, the department shall suspend the commercial driver's license:

(1) for 60 days if the operator was convicted of two hazardous moving violations within 3 years; or

(2) for 120 days if the operator was convicted of three hazardous moving violations within 3 years."

61-8-804. Suspension of commercial driver's license — felony involving a controlled substance while driving a commercial vehicle. If the department receives information that a commercial motor vehicle operator has been convicted of using a commercial motor vehicle in the commission of a felony involving the manufacture, distribution, or dispensing of a controlled substance, as defined by federal regulations, or a felony involving possession with intent to manufacture, distribute, or dispense a controlled substance, the department shall suspend the operator's commercial driver's license for life.

History: En. Sec. 4, Ch. 378, L. 1989; amd. Sec. 29, Ch. 195, L. 1993.

61-8-805. Suspension for operating commercial vehicle with alcohol concentration of 0.04 or more — hearing. (1) A person whose alcohol concentration is 0.04 or more while the person drives or is in actual physical control of a commercial motor vehicle is subject to the suspension of the person's commercial driver's license. The peace officer who determines that the person is operating a commercial motor vehicle with an alcohol concentration of 0.04 or more shall immediately seize the person's commercial driver's license and, on behalf of the department, give the person written notice of the license suspension and the right to a hearing under 61-8-808. Upon receipt of a report certified under penalty of law from the peace officer that the person was operating a commercial motor vehicle with an alcohol concentration of 0.04 or more, the department shall suspend the license, with no provision for a restricted probationary commercial license, for:

(a) 1 year, upon receipt of the first report of a 0.04 or more alcohol concentration violation, except that if the violation occurred in a commercial motor vehicle transporting placardable hazardous materials, the suspension must be for 3 years; and

(b) life, upon receipt of a second or subsequent 0.04 or more alcohol concentration violation report at any time as determined from the records of the department, subject to federal rules allowing for driver rehabilitation and license reinstatement, if otherwise eligible, upon service of a minimum period of 10 years' suspension.

(2) A peace officer who determines that a commercial motor vehicle operator has a measured amount or detected presence of alcohol in the operator's body while operating a commercial motor vehicle shall place the commercial motor vehicle operator out of service as mandated by federal regulations for 24 hours.

(3) The fact that a person charged with a violation of the provisions of subsection (1) is entitled to use alcohol under the laws of Montana is not a defense against a charge of violating the provisions of subsection (1).

History: En. Sec. 5, Ch. 378, L. 1989; amd. Sec. 3, Ch. 563, L. 1991; amd. Sec. 9, Ch. 789, L. 1991; amd. Sec. 30, Ch. 195, L. 1993; amd. Sec. 9, Ch. 88, L. 1997; amd. Sec. 6, Ch. 105, L. 1997.

1997 Amendments — Composite: Chapter 88 in third sentence in (1), after "receives", substituted "a report certified under penalty of law" for "a sworn report".

Chapter 105 in (1) inserted second sentence concerning seizure of license and in third sentence substituted "certified report" for "sworn report"; in (1)(a), near middle, substituted "violation" for "offense" and after "transporting" inserted "placardable"; at end of (1)(b) substituted "subject to federal rules allowing for driver rehabilitation and license reinstatement, if otherwise eligible, upon service of a minimum period of 10 years' suspension" for "unless a restricted license or endorsement is allowed by federal rules governing commercial drivers"; deleted former (4) that read: "(4) The department shall immediately notify in writing any person whose commercial driver's license is suspended under this section. The person may file a petition within 30 days after the notice is given for a hearing in the matter in the district court in the county in which the finding of alcohol concentration was made. The court has jurisdiction and shall set the matter for hearing upon 10 days' written notice to the county attorney of the county in which the appeal is filed. The county attorney shall represent the state. The court shall take testimony and examine the facts of the case, except that the issue is limited to whether the person was driving or had actual physical control of a commercial motor vehicle while the person's alcohol concentration was 0.04 or more. The court shall determine whether the petitioner is entitled to a commercial driver's license or is subject to suspension as provided in this section. The provisions of 61-8-404 apply to any proceedings under this section"; and made minor changes in style.

Style changes in the chapters were slightly different. In each case, the codifier chose the more appropriate.

61-8-806. Blood and breath tests of commercial vehicle operators — procedure — suspension. (1) A person who operates a commercial motor vehicle upon the ways of this state open to the public is considered to have given consent to one or more tests of the person's blood or breath for the purpose of determining a measured amount or detected presence of alcohol in the person's body if the person is requested to submit to the test or tests by a peace officer who has reasonable grounds to believe that the person was driving or in actual physical control of a commercial motor vehicle upon the ways of this state open to the public while having a measured alcohol concentration or detected presence of alcohol. The peace officer may designate the blood or breath test or tests to be administered and may request that the person submit to a preliminary alcohol screening test before a blood, breath, or urine test is taken.

(2) A person who is unconscious or who is otherwise incapable of refusal is considered not to have withdrawn the consent provided in subsection (1).

(3) If a person refuses to submit to one or more tests designated by the officer, the test or tests may not be given, but the officer shall immediately seize the person's commercial driver's license and forward the license to the department, along with a report certified under penalty of law that the officer

had reasonable grounds to believe that the person was driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while having a measurable alcohol concentration or detected presence of alcohol and that the person had refused to submit to one or more tests upon the request of the officer. Upon receipt of the report, the department shall suspend the license for a period provided in subsection (5).

(4) Upon seizure of a person's commercial driver's license, the peace officer shall issue, on behalf of the department, a temporary 5-day noncommercial driving permit, effective 12 hours after the time of issuance, and shall provide the person with written notice of the license suspension and the right to a hearing under 61-8-808.

(5) Upon receipt of the officer's certified report, the department shall suspend the person's commercial driver's license, with no provision for a restricted probationary commercial driver's license, for:

(a) 1 year, upon a first refusal, except that if the violation occurred in a commercial motor vehicle transporting placardable hazardous materials, the suspension for a first refusal must be for 3 years;

(b) life, upon a second or subsequent refusal at any time as determined from the records of the department, subject to federal rules allowing for driver rehabilitation and license reinstatement, if otherwise eligible, upon service of a minimum period of 10 years' suspension.

Administration of chemical drunk driving tests, 61-8-405.

61-8-808. Right of appeal to court. (1) Within 30 days after notice of the suspension and the right to a hearing has been given by the peace officer under 61-8-805 or 61-8-806, the person may file a petition to challenge the suspension in the district court in the county where the finding of 0.04 or more alcohol concentration or refusal was made.

(2) The court has jurisdiction and shall set the matter for hearing. The court shall give at least 10 days' written notice to the county attorney of the county where the appeal is filed. The county attorney shall represent the state.

(3) The court shall take testimony and examine the facts of the case, except that:

(a) with regard to a suspension under 61-8-805, the issue is limited to whether the person was driving or had actual physical control of a commercial motor vehicle while the person's alcohol concentration was 0.04 or more; and

(b) with regard to a suspension under 61-8-806, the issues are limited to whether a peace officer had reasonable grounds to believe that the person had been driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while the person had a measurable or detectable alcohol concentration, whether the person was ordered to submit to a test, and whether the person refused to submit to the test.

(4) The court shall determine whether the petitioner is entitled to a commercial driver's license or is subject to suspension as provided in this part.

61-8-812. Suspension of commercial driver's license — operation of out-of-service vehicle. (1) Upon receipt of notice from a court of competent jurisdiction or another licensing jurisdiction that a person holding a commercial driver's license has been convicted of violating an out-of-service order, the department shall suspend the person's commercial driver's license for:

(a) 6 months for a first conviction;

(b) 1 year for a second conviction if the vehicle being operated by the person at the time of the violation was not transporting placardable hazardous materials or was not designed or being used to transport more than 15 passengers, inclusive of the driver; and

(c) 3 years:

(i) for a second conviction if the vehicle:

(A) being operated at the time of the violation was transporting placardable hazardous materials; or

(B) was designed or being used to transport more than 15 passengers, inclusive of the driver; and

(ii) for a third or subsequent conviction.

(2) For purposes of this section, an offender is considered to have been previously convicted if less than 10 years have elapsed between the commission of the present offense and a previous conviction.

(3) A temporary or probationary commercial driver's license may not be issued while a commercial driver's license is suspended under subsection (1).

Professional Tow Trucks

Part Cross-References
Removal and sale of abandoned vehicles, Title 61, ch. 12, part 4.

61-8-901. Short title. This part may be cited as the "Montana Professional Tow Truck Act".

History: **En. Sec. 1, Ch. 283, L. 1995.**

61-8-902. Purpose. The legislature recognizes that:

(1) wrecked, disabled, and abandoned motor vehicles on the public roadways create hazards that imperil lives and property and require expeditious removal;

(2) officers investigating accidents on the public roadways need immediately available towing and recovery vehicles staffed by competent operators and adequately equipped to clear the roadways and remove hazardous obstructions with minimum damage to property;

(3) certain standards and classifications are needed for professional tow trucks and equipment used for towing and recovering wrecked, disabled, and abandoned motor vehicles or other objects creating hazards on the public roadways;

(4) encouragement of a competitive and qualified professional towing industry requires establishment of a uniform and equitable qualification system based on the equipment and the standards provided in 61-8-905 through 61-8-907 and a system for the fair consideration of all qualified tow truck companies; and

(5) the use of nonqualified tow truck companies or private motor vehicles to tow or recover for hire wrecked, disabled, or abandoned vehicles creates additional hazards and, except in limited situations, should be prohibited. However, when a person or tow truck company responds in good faith to life-threatening emergency situations, it should not be liable for civil damages for acts or omissions, other than damages occasioned by gross negligence or by willful or wanton acts or omissions.

History: **En. Sec. 2, Ch. 283, L. 1995.**

61-8-903. Definitions. As used in this part, the following definitions apply:

(1) "Commercial tow truck operator" or "operator" means a person, firm, or other entity that owns or operates a commercial tow truck as defined in 61-9-416.

(2) "Department" means the department of justice provided for in 2-15-2001.

(3) "Local government" means a county, a municipality, or other local board or body that has authority to enact laws relating to traffic.

(4) "Qualified tow truck operator" means a commercial tow truck operator:

(a) that has equipment that:

(i) meets the requirements of 61-8-906, 61-8-907, and 61-9-416; and

(ii) has been classified in accordance with 61-8-905; and

(b) that participates in the law enforcement rotation system provided for in 61-8-908.

History: En. Sec. 3, Ch. 283, L. 1995.

61-8-904. Prohibition — exception. (1) A commercial tow truck operator may not operate for compensation upon the public roadways of this state unless the operator complies with the provisions of 61-8-906(1) and 61-8-907.

(2) A commercial tow truck operator may not participate in the law enforcement rotation system provided for in 61-8-908 unless the operator complies with the provisions of 61-8-905 through 61-8-907.

(3) Sections 61-8-901 through 61-8-908 and 61-8-910 do not apply to a commercial tow truck operator that does not operate for compensation.

History: En. Sec. 4, Ch. 283, L. 1995.

61-8-905. Classification standards. (1) Commercial tow trucks are divided into the following five classes based on the manufacturer's rating:

(a) Class A tow truck equipment must have a minimum manufacturer's rating of 4 tons and must be mounted on a truck chassis with a minimum manufacturer's rating of 10,000 pounds gross vehicle weight.

(b) Class B tow truck equipment must have a minimum manufacturer's rating of 8 tons and must be mounted on a truck chassis with a minimum manufacturer's rating of 18,000 pounds gross vehicle weight.

(c) Class C tow truck equipment must have a minimum manufacturer's rating of 16 tons and must be mounted on a chassis that has a minimum manufacturer's rating of 32,000 pounds gross vehicle weight.

(d) Class D is class A, B, or C tow truck equipment that includes manufactured rollbacks and car carriers with manufacturer's gross vehicle ratings ranging from 10,000 pounds to 30,000 pounds. The rollbacks and car carriers must be mounted on a truck-trailer chassis that, at a minimum, is equal to the minimum gross weight of the rollback or car carrier.

(e) Class E includes two or more tow trucks working together with a combined manufacturer's rating of a minimum of 80,000 pounds with access to supportive equipment, such as forklifts, banders, and air bags, for the recovery of rollovers and wrecked, disabled, and abandoned vehicles whose cargo requires special handling. Class E refers to tow truck companies and not to tow truck equipment.

(2) (a) An operator of noncommercially manufactured or modified tow truck equipment in use on October 1, 1995, that wishes to participate in the law enforcement rotation system must have its equipment classified by the department within a time period set by the department. Once the equipment is classified, further modifications may not be made.

(b) (i) The department shall establish a committee composed of members selected from the:

(A) tow truck industry;

(B) the motor carrier services division of the department of transportation; and

(C) the highway patrol.

(ii) The committee is responsible for hearing disputes that may arise regarding the classification of noncommercially manufactured or modified tow truck equipment.

(iii) The department shall establish by rule a procedure for hearing a dispute.

(c) After October 1, 1995, an operator of new noncommercially manufactured or modified tow truck equipment must have its equipment independently certified before participating in the law enforcement rotation system.

History: En. Sec. 5, Ch. 283, L. 1995.

61-8-906. Liability insurance — storage requirements. (1) Notwithstanding the provisions of 61-6-301, a commercial tow truck operator shall continuously provide:

(a) insurance against loss resulting from liability imposed by law for bodily injury or death or damage to property caused by the maintenance or use of a commercial tow truck, as defined in 61-9-416, or occurring on the business premises of a commercial tow truck operator in an amount not less than:

(i) $300,000 for class A tow trucks;

(ii) $500,000 for class B tow trucks; and

(iii) $750,000 for class C tow trucks;

(b) insurance to cover the damage to cargo or other property entrusted to the care of the commercial tow truck operator; and

(c) garage keepers legal liability insurance.

(2) A qualified tow truck operator shall provide a storage facility, either a fenced lot or a building, that is:

(a) adequate for the secure storage and safekeeping of stored vehicles;

(b) located in a place that is reasonably convenient for public access;

(c) available to public access between 8 a.m. and 5 p.m., Monday through Friday, excluding legal holidays; and

(d) large enough to store all the vehicles towed for law enforcement agencies.

History: En. Sec. 6, Ch. 283, L. 1995.

61-8-907. Inspection — fees — decal. (1) The tow truck equipment of a commercial tow truck operator must have an annual safety inspection. A highway patrol officer, an employee of the department of transportation appointed as a peace officer in accordance with 61-12-201, or an inspector certified by the department shall conduct the inspection and require the commercial tow truck operator to provide proof of compliance with the provisions of 61-8-906.

(2) (a) Upon satisfactory completion of the inspection and verification of the insurance requirements, a decal showing the last inspection date and the expiration date of the insurance coverage must be affixed in a prominent place on the tow truck.

(b) If the commercial tow truck operator is participating in the law enforcement rotation system, the decal must also show the classification of the operator's tow truck equipment.

(3) The department may establish an inspection fee that may not exceed the actual costs of the inspection. The fees must be deposited in the state highway account in the state special revenue fund.

History: En. Sec. 7, Ch. 283, L. 1995.

61-8-908. State law enforcement rotation system — local government rotation system. (1) The department shall establish an equitable rotation system among qualified tow truck operators that apply to the department in writing to be placed on the system. The rotation system:

(a) must be administered by the highway patrol in a manner that will give priority to public safety;

(b) must be based on the classification of equipment as provided in 61-8-905; and

(c) may include only qualified tow truck operators.

(2) The rotation system is not applicable when the owner or driver of a wrecked or disabled vehicle obstructing a public roadway requests a tow truck operator of the owner's or driver's choice and the operator meets the insurance requirements provided in 61-8-906 and the safety inspection requirements provided in 61-8-907.

(3) (a) (i) The law enforcement officer at the scene of the wreck shall call the qualified tow truck operator that is next on the rotation list if:

(A) a request for a tow truck is not made by the owner or driver;

(B) the requested tow truck cannot respond in a timely manner; or

(C) the law enforcement officer determines that the requested tow truck is unable to handle the wrecked or disabled vehicle.

(ii) If the qualified tow truck operator is not classified to handle the wrecked or disabled vehicle, the officer shall call the qualified tow truck operator next on the rotation list that is classified to handle the wrecked or disabled vehicle.

(b) If a qualified tow truck operator classified to handle the wrecked or disabled vehicle is not reasonably available, the law enforcement officer may request other equipment to remove the hazard.

(4) The department shall administer the state law enforcement rotation system. A qualified tow truck operator may examine the rotation system schedule established by the department in order to determine if the system is being administered in an equitable manner.

(5) A qualified tow truck operator gives implied consent to a reasonable inspection during normal business hours of its premises, vehicles, and equipment by the department of transportation, highway patrol, or a local government to ensure compliance with 61-8-905 through 61-8-907.

(6) A local law enforcement agency may adopt and administer a local law enforcement rotation system. A tow truck operator desiring to be placed on the local law enforcement rotation system must be a qualified tow truck operator as provided in this part.

History: En. Sec. 8, Ch. 283, L. 1995.

61-8-909. Good faith immunity. A person who renders assistance in an emergency that is life-threatening to the occupant of a wrecked, disabled, or abandoned vehicle or that is creating an immediate hazard on a public roadway or who renders emergency assistance as directed by a law enforcement officer or other emergency responder at the scene of a motor vehicle accident is immune from damages arising from acts or omissions related to the rendering of assistance unless the damages are occasioned by the gross negligence or by the willful or wanton acts or omissions of the person rendering the assistance.

History: **En. Sec. 9, Ch. 283, L. 1995.**

61-8-910. Violation — penalty. A commercial tow truck operator that violates a provision of 61-8-906 or 61-8-907 is guilty of a misdemeanor and is subject to the penalty provided in 61-8-711.

History: **En. Sec. 10, Ch. 283, L. 1995.**

61-8-911. Rulemaking authority. The department shall adopt reasonable and necessary rules to administer the provisions of this part.

History: **En. Sec. 11, Ch. 283, L. 1995.**

Part 1
General Provisions

61-9-101. Application — exceptions. (1) The provisions of this chapter relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except where a different place is specifically referred to in a given section.

(2) The operation of motor vehicles directly across the public roads and highways of this state, especially as required in the transportation of natural resource products, including agricultural products and livestock, may not be considered to be the operation of the vehicles on the public roads and highways of this state. The crossings must be adequately marked with warning signs or devices relating to stopping before entry and to restoration of any damage, as may reasonably be prescribed by the state or local agency in control of safety of operation of the public highway involved.

(3) If a provision of this chapter conflicts with federal laws or regulations governing motor vehicle equipment standards, the applicable federal law or regulation supersedes.

61-9-106. Responsibility of public officers and employees. (1) The provisions of this chapter applicable to the drivers of vehicles upon the highways shall apply to the drivers of all vehicles owned or operated by the United States, this state, or any county, city, or town, district, or any other political subdivision of the state, except as provided in this section and subject to such specific exceptions as are set forth in this chapter with reference to authorized emergency vehicles.

(2) Unless specifically made applicable, the provisions of this chapter except those contained in part 5 of chapter 8 shall not apply to persons, teams,

motor vehicles, and other equipment while actually engaged in work upon the surface of a highway but shall apply to such persons and vehicles when traveling to or from such work.

(a) is in such unsafe condition as to endanger a person;

(b) is not equipped with lamps and other equipment as required in this chapter; or

(c) is equipped in a manner in violation of this chapter.

(2) It is a misdemeanor for a person to perform an act forbidden or fail to perform an act required under this chapter.

(3) The use of additional parts and accessories on a vehicle not inconsistent with the provisions of this chapter is not prohibited.

(4) The provisions of this chapter do not apply to implements of husbandry, road machinery, road rollers, or farm tractors except as made applicable in this chapter.

(5) All lamps and equipment required by this chapter must be maintained in proper working order and adjustment at all times.

61-9-202. Visibility distance and mounted height of lamps. (1) Whenever requirement is hereinafter declared as to the distance from which certain lamps and devices shall render objects visible or within which such lamps or devices shall be visible, said provisions shall apply during the times stated in 61-9-201 in respect to a vehicle without load when upon a straight, level, unlighted highway under normal atmospheric conditions unless a different time or condition is expressly stated.

(2) Whenever requirement is hereinafter declared as to the mounted height of lamps or devices it shall mean from the center of such lamp or device to the level ground upon which the vehicle stands when such vehicle is without a load.

History: En. Sec. 113, Ch. 263, L. 1955; R.C.M. 1947, 32-21-116.

61-9-203. Headlamps on motor vehicles. (1) A motor vehicle other than a motorcycle, quadricycle, or motor-driven cycle must be equipped with at least two headlamps, with at least one on each side of the front of the motor vehicle, that comply with the requirements and limitations set forth in this chapter.

(2) A motorcycle, quadricycle, or motor-driven cycle must be equipped with at least one and not more than two headlamps that comply with the requirements and limitations of this chapter. If a motorcycle is registered under 61-3-411 as a collector's item, it need not be equipped with headlamps; however, if it is not equipped with headlamps, it may not be operated upon a highway or street from one-half hour after sunset to one-half hour before sunrise or if persons and vehicles are not clearly discernible at a distance of 500 feet. A motorcycle may be equipped with a means of modulating the high beam of its

headlamps between high and low beam at a rate of 200 to 280 flashes a minute; however, an operator may not modulate the headlamps at that rate during periods when headlamps are required to be lighted by 61-9-201.

(3) A headlamp upon a motor vehicle, including a motorcycle, quadricycle, and motor-driven cycle, must be located at a height, measured from the center of the headlamp, of not more than 54 inches or less than 22 inches, to be measured as provided in 61-9-202(2).

(4) When headlamps are required to be lighted by 61-9-201, a person may not operate a motor vehicle on a highway with headlamps that are composed of, covered by, or treated with a tinted or colored material, substance, system, or component that obscures the headlamps or diminishes the distance of visibility required by this section.

(5) This section does not prohibit the operation or sale of a motor vehicle the headlamps of which are composed of, covered by, or treated with a tinted or colored material, substance, system, or component with which the vehicle was sold or could have been equipped for sale when new as standard or optional equipment in compliance with federal statute or regulation governing the sale at the time of manufacture.

History: En. Sec. 114, Ch. 263, L. 1955; amd. Sec. 1, Ch. 103, L. 1957; R.C.M. 1947, 32-21-117; amd. Sec. 2, Ch. 345, L. 1983; amd. Sec. 36, Ch. 516, L. 1985; amd. Sec. 6, Ch. 431, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 431 inserted third sentence in (2) permitting installation of modulating high beam on motorcycle but prohibiting owner from modulating during periods of required headlamp use; in (3) substituted "less than 24 inches" for "less than 22 inches"; inserted (4) prohibiting person from operating motor vehicle on highway with substance obscuring headlamps or diminishing visibility; inserted (5) permitting operation of motor vehicle with headlamps composed of treated or tinted substance if equipment complied with federal law at time of manufacture; and made minor changes in style.

61-9-204. Taillamps. (1) A motor vehicle, trailer, semitrailer, and pole trailer and any other vehicle that is being drawn at the end of a combination of vehicles must be equipped with at least one properly functioning taillamp mounted on the rear that emits a red light plainly visible from a distance of 500 feet to the rear, except that in the case of a combination of vehicles, only the taillamp on the rearmost vehicle need actually be seen from the distance specified. The vehicles mentioned in this subsection, other than a motorcycle, quadricycle, motor-driven cycle, or truck tractor, registered in this state and manufactured or assembled after January 1, 1956, must be equipped with at least two properly functioning taillamps mounted on the rear that emit a red light plainly visible from a distance of 1,000 feet to the rear of the vehicle.

(2) A taillamp upon a vehicle must be located at a height of not more than 72 inches or less than 15 inches.

(3) Either a taillamp or a separate lamp must illuminate with a white light the rear registration plate and render it clearly legible from a distance of 50 feet to the rear. A taillamp or taillamps, together with a separate lamp for illuminating the rear registration plate, must be lighted whenever the headlamps are lighted.

(4) Taillamps are not required on a motorcycle that is registered under 61-3-411 as a collector's item, but the motorcycle may not be operated on a highway or street from one-half hour after sunset to one-half hour before sunrise or when persons and vehicles are not clearly discernible at a distance of 500 feet unless it is equipped with the required taillamps.

(5) A person may not operate a motor vehicle on a highway with taillamps that are covered by a lens or a plastic cover or with a tinted or colored material, substance, system, or component placed on or in front of rear lamps, taillamps, license plate lamps, or rear lamp combinations that obscures the taillamps or diminishes the distance of visibility required by this section.

(6) This section does not prohibit a vehicle manufactured prior to 1960 from being equipped with a taillamp that includes within the red cover a center lens that is blue in color.

History: En. Sec. 115, Ch. 263, L. 1955; R.C.M. 1947, 32-21-118; amd. Sec. 1, Ch. 42, L. 1979; amd. Sec. 3, Ch. 345, L. 1983; amd. Sec. 1, Ch. 58, L. 1987; amd. Sec. 7, Ch. 431, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 431 in first and second sentences in (1), before "taillamp", inserted "properly functioning" and at end of second sentence, after "rear", substituted "that emit a red light plainly visible from a distance of 1,000 feet to the rear of the vehicle" for "which when lighted as herein required, shall comply with the provisions of this section"; at end of (3), after "headlamps", deleted "or auxiliary driving lamps"; inserted (5) prohibiting operation of motor vehicle with substance covering, obscuring, or diminishing visibility of taillamps; inserted (6) permitting operation of motor vehicle with taillamps with blue center lens on vehicle manufactured prior to 1960; and made minor changes in style.

61-9-205. New motor vehicles to be equipped with reflectors. (1) Every new motor vehicle hereafter sold and operated upon a highway, other than a truck tractor, shall carry on the rear, either as a part of the taillamps or separately, two red reflectors, except that every motorcycle, quadricycle, and motor-driven cycle shall carry at least one reflector meeting the requirements of this section, and except that vehicles of the type mentioned in 61-9-208 shall be equipped with reflectors as required in those sections applicable thereto.

(2) Every such reflector shall be mounted on the vehicle at a height not less than 15 inches or more than 60 inches measured as set forth in 61-9-202(2) and shall be of such size and characteristics and so mounted as to be visible at night from all distances within 300 feet to 50 feet from such vehicle when directly in front of lawful upper beams of headlamps, except that visibility from a greater distance may be required of reflectors on certain types of vehicles.

61-9-206. Stop lamps — when required. (1) A person may not sell a new motor vehicle in this state or drive a vehicle on the highways unless it is equipped with at least two properly functioning stop lamps. A vehicle manufactured before January 1, 1956, and all motorcycles, quadricycles, and motor-driven cycles must be equipped with at least one properly functioning stop lamp.

(2) The stop lamp or lamps on the rear of a vehicle must display a red light that is actuated upon application of the service (foot) brake and, in a vehicle manufactured or assembled on or after January 1, 1964, must be visible from a distance of not less than 300 feet to the rear in normal sunlight. In a vehicle manufactured or assembled before January 1, 1964, the stop lamp or lamps must be visible from a distance of not less than 100 feet. The stop lamp may be incorporated with one or more other rear lamps.

(3) A stop lamp may not project a glaring light.

History: **En. Sec. 117, Ch. 263, L. 1955; R.C.M. 1947, 32-21-120; amd. Sec. 38, Ch. 516, L. 1985; amd. Sec. 8, Ch. 431, L. 1997.**

Compiler's Comments

1997 Amendment: Chapter 431 near beginning of (1), after "vehicle", deleted "including any motorcycle, quadricycle, or motor-driven cycle" and after "equipped" substituted "with at least two properly functioning stop lamps" for "with at least one stop lamp meeting the requirements of 61-9-218" and inserted second sentence requiring vehicle manufactured before 1956 and all cycles to be equipped with at least one functioning stop lamp; inserted (2) describing the required visibility of rear stop lamps; inserted (3) prohibiting stop lamp from projecting glaring light; and made minor changes in style.

61-9-207. Application of succeeding sections. Sections 61-9-208 through 61-9-229 apply as stated in those sections to vehicles of the type enumerated in those sections when operated upon a highway. The vehicles must be equipped as required and all lamp equipment required must be lighted at all times mentioned in 61-9-201 except that clearance and side marker lamps need not be lighted on a vehicle when operated within a municipality when there is sufficient light to render clearly discernible persons and vehicles on the highway at a distance of 1,000 feet.

History: **En. Sec. 118, Ch. 263, L. 1955; R.C.M. 1947, 32-21-121; amd. Sec. 9, Ch. 431, L. 1997.**

Compiler's Comments

1997 Amendment: Chapter 431 at beginning substituted "Sections 61-9-208 through 61-9-229" for "Those sections of this chapter which follow immediately, including 61-9-208 through 61-9-211 and 61-9-213 relating to clearance and marker lamps, reflectors, and stoplights" and after "enumerated" substituted "in those sections" for "namely passenger buses, trucks, truck tractors, and certain trailers, semitrailers, and pole trailers, respectively"; at end of second sentence substituted "1,000 feet" for "500 feet"; and made minor changes in style.

61-9-208. Additional equipment required on certain vehicles. In addition to other equipment required in this chapter, the following vehicles must be equipped as stated in this section under the conditions stated in 61-9-207:

(1) On a bus or truck there must be on the rear, two reflectors, one at each side.

(2) On a bus or truck 80 inches or more in overall width, in addition to the requirements in subsection (1):

(a) on the front, two clearance lamps, one at each side;

(b) on the rear, two clearance lamps, one at each side;

(c) on each side, two side marker lamps, one at or near the front and one at or near the rear;

(d) on each side, two reflectors, one at or near the front and one at or near the rear.

(3) On a truck tractor, on the front, two clearance lamps, one at each side.

(4) On a trailer or semitrailer having a gross weight in excess of 3,000 pounds:

(a) on the front, two clearance lamps, one at each side;

(b) on each side, two side marker lamps, one at or near the front and one at or near the rear;

(c) on each side, two reflectors, one at or near the front and one at or near the rear;

(d) on the rear, two clearance lamps, one at each side, also two reflectors, one at each side.

(5) On a pole trailer in excess of 3,000 pounds gross weight:

(a) on each side, one side marker lamp and one clearance lamp that may be in combination, to show to the front, side, and rear; and

(b) on the rear of the pole trailer or load, two reflectors, one at each side.

(6) On a trailer, semitrailer, or pole trailer weighing 3,000 pounds or less:

(a) on the front, a steel safety chain or cable that must be securely fastened to the towing unit with the minimum diameter of any portion of the chains or cables being one-fourth of an inch. A safety chain or cable may not be connected to the ball but must be connected to the hitch or other frame member of the towing vehicle to prevent the drawbar from dropping to the ground if the ball, socket, or coupler fails;

(b) on the rear, two reflectors and two stoplights, one on each side.

History: En. Sec. 119, Ch. 263, L. 1955; amd. Sec. 1, Ch. 233, L. 1959; amd. Sec. 1, Ch. 182, L. 1974; R.C.M. 1947, 32-21-122(part); amd. Sec. 10, Ch. 431, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 431 at end of (1) and (4)(d), after "side", deleted "and one stoplight"; deleted (3)(b) that required a truck tractor to have "on the rear, one stoplight"; inserted second sentence in (6)(a) requiring safety chain or cable to be connected to towing vehicle hitch or frame; in (6)(b), after "reflectors", inserted "and two stoplights" and deleted second sentence that read: "If any trailer or semitrailer is so loaded or is of such dimensions as to obscure the stoplight on the towing vehicle, then such vehicle shall also be equipped with one stoplight"; and made minor changes in style.

61-9-209. Color of clearance lamps, side marker lamps, reflectors, and backup lamps. (1) Front clearance lamps and those marker lamps and reflectors mounted on the front or on the side near the front of a vehicle must display or reflect an amber color.

(2) Rear clearance lamps and those marker lamps and reflectors mounted on the rear or on the sides near the rear of a vehicle must display or reflect a red color.

(3) All lighting devices, reflectors, and stoplights mounted on the rear of a vehicle must display or reflect a red color, except:

(a) the signal devices, as defined in 61-9-218;

(b) the light illuminating the license plate that must be a white lamp; and

(c) the light emitted by a backup lamp that must be white.

History: **En. Sec. 120, Ch. 263, L. 1955; R.C.M. 1947, 32-21-123; amd. Sec. 11, Ch. 431, L. 1997.**

Compiler's Comments

1997 Amendment: Chapter 431 in (3), after "reflectors", inserted "and stoplights"; substituted exception language in (3)(a) regarding rear signal devices defined in 61-9-218 for "the stoplight or other signal device which may be red, amber, or yellow"; at end of (3)(c), after "white", deleted "amber, or red"; and made minor changes in style.

61-9-210. Mounting of reflectors, clearance lamps, and side marker lamps. (1) Reflectors when required by 61-9-208 shall be mounted at a height not less than 24 inches and not higher than 60 inches above the ground on which the vehicle stands, except that if the highest part of the permanent structure of the vehicle is less than 24 inches the reflector at such point shall be mounted as high as that part of the permanent structure will permit.

(2) The rear reflectors on a pole trailer may be mounted on each side of the bolster or load.

(3) Any required red reflector on the rear of a vehicle may be incorporated with the taillamp, but such reflector shall meet all the other reflector requirements of this chapter.

(4) Clearance lamps shall be mounted on the permanent structure of the vehicle in such a manner as to indicate its extreme width and as near the top thereof as practicable. Clearance lamps and side marker lamps may be mounted in combination provided illumination is given as required herein with reference to both.

61-9-211. Visibility of reflectors, clearance lamps, and marker lamps. (1) Every reflector upon any vehicle referred to in 61-9-208 shall be of such size and characteristics and so maintained as to be readily visible at nighttime from all distances within 600 feet to 100 feet from the vehicle when directly in front of lawful upper beams of headlamps. Reflectors required to be mounted on the sides of the vehicle shall reflect the required color of light to the sides, and those mounted on the rear shall reflect a red color to the rear.

(2) Front and rear clearance lamps shall be capable of being seen and distinguished under normal atmospheric conditions, at the times lights are required, at a distance of 500 feet from the front and rear respectively of the vehicle.

(3) Side marker lamps shall be capable of being seen and distinguished under normal atmospheric conditions, at the times lights are required, at a distance of 500 feet from the side of the vehicle on which mounted.

History: **En. Sec. 122, Ch. 263, L. 1955; R.C.M. 1947, 32-21-125.**

61-9-212. Obstructed lights not required. Whenever motor and other vehicles are operated in combination during the time that lights are required, any lamp (except taillamps) need not be lighted which, by reason of its location on a vehicle of the combination, would be obscured by another vehicle of the combination, but this shall not affect the requirements that lighted clearance lamps be displayed on the front of the foremost vehicle required to have clearance lamps or that all lights required on the rear of the rearmost vehicle of any combination shall be lighted.

History: En. Sec. 123, Ch. 263, L. 1955; R.C.M. 1947, 32-21-126.

61-9-213. Lamp or flag on projecting load. (1) Whenever the load upon a vehicle extends to the rear 4 feet or more beyond the rear of the vehicle, the following lamps and reflectors must be displayed at the extreme rear end of the load, at the times specified in 61-9-201:

(a) a red lamp plainly visible from a distance of at least 500 feet to the sides and 1,000 feet to the rear and located to indicate maximum overhang; and

(b) a red reflector visible at night at all distances from 100 feet to 600 feet to the rear when directly in front of lawful lower beams of headlamps.

(2) The red lights and reflectors required under this section must be in addition to the red lights required upon a vehicle. At any other time there must be displayed at the extreme rear end of the load a red flag or cloth not less than 12 inches square, marking the extremities of the load, at each point where a lamp or reflector would otherwise be required by this section.

History: En. Sec. 124, Ch. 263, L. 1955; R.C.M. 1947, 32-21-127; amd. Sec. 12, Ch. 431, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 431 in first sentence in (1) inserted "the following lamps and reflectors"; at beginning of (1)(a) substituted "red lamp" for "red light or lantern" and after "least" substituted "500 feet to the sides and 1,000 feet to the rear and located to indicate maximum overhang" for "500 feet to the sides and rear"; inserted (1)(b) requiring display of red reflector visible from the rear with low beams from 100 feet to 600 feet; at beginning of first sentence of (2) substituted "red lights and reflectors" for "red light or lantern" and in second sentence, after "12 inches square", substituted "marking the extremities of the load, at each point where a lamp or reflector would otherwise be required by this section" for "and so hung that the entire area is visible to the driver of a vehicle approaching from the rear"; and made minor changes in style.

61-9-214. Lamps on parked vehicles. (1) Whenever a vehicle is lawfully parked upon a street or highway during the hours between one-half hour after sunset and one-half hour before sunrise and in the event there is sufficient light to reveal any person or object within a distance of 500 feet upon such street or highway no lights need be displayed upon such parked vehicle.

(2) Whenever a vehicle is parked or stopped upon a roadway or shoulder adjacent thereto, whether attended or unattended, during the hours between one-half hour after sunset and one-half hour before sunrise and there is not sufficient light to reveal any person or object within a distance of 500 feet upon such highway, such vehicle so parked or stopped shall be equipped with one or more lamps meeting the following requirements: at least one lamp shall display a white or amber light visible from a distance of 500 feet to the front of the vehicle, and the same lamp or at least one other lamp shall display a red light visible from a distance of 500 feet to the rear of the vehicle, and the location of said lamp or lamps, shall always be such that at least one lamp or combination of lamps meeting the requirements of this section is installed as near as practicable to the side of the vehicle which is closest to passing traffic. The foregoing provisions shall not apply to a motor-driven cycle.

(3) Any lighted headlamp upon a parked vehicle shall be depressed or dimmed.

61-9-215. Lamps on farm tractors, farm equipment, and implements of husbandry. (1) A farm tractor and a self-propelled farm equipment unit or implement of husbandry not equipped with an electric lighting system must at all times mentioned in 61-9-201 be equipped with at least one lamp displaying a white light visible from a distance of not less than 500 feet to the front of the vehicle, at least one lamp displaying a red light visible from a distance of not less than 500 feet to the rear of the vehicle, and two red reflectors visible from a distance of 100 to 600 feet to the rear when illuminated by the upper beams of headlamps. The lights required in this section must be positioned so that one lamp showing to the front and one lamp or reflector showing to the rear indicates the farthest projection of the tractor, unit, or implement on the side of the road used in passing the vehicle.

(2) A combination of farm tractor and towed unit of farm equipment or implement of husbandry not equipped with an electric lighting system or an implement of husbandry being towed by a motor vehicle must at all times mentioned in 61-9-201 be equipped with the following lamps:

(a) at least one lamp mounted to indicate the extreme left projection of the combination and displaying a white light visible from a distance of not less than 500 feet to the front of the combination; and

(b) two lamps each displaying a red light visible from a distance of not less than 500 feet to the rear of the combination, or at least one lamp displaying a red light visible from a distance of not less than 500 feet to the rear of the combination and two red reflectors visible from a distance of 100 to 600 feet to the rear of the combination when illuminated by the upper beams of headlamps. The lamps or reflectors must be mounted to indicate the extreme left and right rear projections of the towed unit or implement on the highway.

(3) A farm tractor and a self-propelled unit of farm equipment or implement of husbandry equipped with an electric lighting system must at all times mentioned in 61-9-201 be equipped with two multiple-beam or single-beam headlamps meeting the requirements of 61-9-220 or 61-9-222 and two red lamps visible from a distance of not less than 500 feet to the rear, or one red lamp visible from a distance of not less than 500 feet to the rear and two red reflectors visible from a distance of 100 to 600 feet to the rear when illuminated by the upper beams of headlamps. The red lamps or reflectors must be mounted in the rear of the farm tractor or self-propelled implement of husbandry to indicate the extreme left and right projections of the vehicle on the highway.

(4) A combination of farm tractor and towed farm equipment or towed implement of husbandry equipped with an electric lighting system must at all times mentioned in 61-9-201 be equipped with the following lamps:

(a) The farm tractor element of the combination must be equipped with two single-beam or multiple-beam headlamps meeting the requirements of 61-9-220 or 61-9-222.

(b) The towed unit of farm equipment or implement of husbandry element of the combination must be equipped with two red lamps visible from a distance of not less than 500 feet to the rear or one red lamp visible from a distance of not less than 500 feet to the rear and two red reflectors visible from a distance of 100 to 600 feet to the rear when illuminated by the upper beams of headlamps. The red lamps or reflectors must be located to indicate the extreme left and right projections of the towed unit or implement on the highway.

(c) The combination must also be equipped with a lamp displaying a white or amber light, or a shade of color between white and amber, visible from a distance of not less than 500 feet to the front and a lamp displaying a red light visible from a distance of not less than 500 feet to the rear. The lamp or lamps must indicate to the front and rear the farthest projection of the combination on the side of the road used by other vehicles in passing the combination.

61-9-217. Spot lamps, fog lamps, and auxiliary lamps. (1) A motor vehicle may not be equipped with more than two spot lamps and a lighted spot lamp must be turned off upon approaching another moving vehicle from either direction.

(2) A motor vehicle may not be equipped with more than two fog lamps that provide a low, wide-angle light pattern to increase short-range visibility. Fog lamps must be mounted on the front at a height not more than 30 inches above the level surface upon which the vehicle stands and so aimed that when the vehicle is not loaded none of the high-intensity portion of the light to the left of the center of the vehicle at a distance of 25 feet ahead projects higher than a level of 4 inches below the level of the center of the lamp from which it

comes. Lighted fog lamps meeting the requirements of this subsection may be used with lower headlamp beams as specified in 61-9-220(2). A fog lamp may not be used as a substitute for headlamps.

(3) A motor vehicle may not be equipped with more than two auxiliary driving lamps that produce a long-range, pencil-shaped light pattern and that are used to supplement the upper beams of headlamps. Auxiliary driving lamps must be mounted on the front at a height not less than 16 inches or more than 42 inches above the level surface upon which the vehicle stands. The provisions of 61-9-220 apply to a combination of headlamps and auxiliary driving lamps. An auxiliary driving lamp may not be used as a substitute for headlamps or lighted at any time the headlamps are required to be on in the low-beam position.

(4) An auxiliary off-road lamp mounted more than 42 inches above the level surface upon which the vehicle stands may not be lighted while the vehicle is operated or parked on a highway.

1997 Amendment: Chapter 431 in first sentence in (2), after "lamps", inserted "that provide a low, wide-angle light pattern to increase short-range visibility", near beginning of second sentence, after "not", deleted "less than 12 inches", and inserted fourth sentence prohibiting substitution of fog lamp for headlamps; deleted former (3) that read: "(3) Any motor vehicle may be equipped with not to exceed two auxiliary passing lamps mounted on the front at a height not less than 24 inches or more than 42 inches above the level surface upon which the vehicle stands. The provisions of 61-9-220 shall apply to any combination of headlamps and auxiliary passing lamps"; in first sentence in (3), after "lamps", inserted "that produce a long-range, pencil-shaped light pattern and that are used to supplement the upper beams of headlamps" and inserted fourth sentence prohibiting use of auxiliary driving lamps as substitute for required headlamps; inserted (4) prohibiting use of auxiliary off-road lamps mounted above 42 inches; and made minor changes in style.

61-9-218. Signal lamps and signal devices — when required. (1) A motor vehicle or combination of vehicles may be equipped and when required under this chapter must be equipped with signal lamps showing to the front and rear for the purpose of indicating an intention to turn either to the right or left. The lamps showing to the front must be located on the same level and as widely spaced laterally as practicable. Except as provided in subsection (3), when in use, the lamps must display a white or amber light, or a shade of color between white and amber, visible from a distance of not less than 300 feet to the front in normal sunlight. The lamps showing to the rear must be located at the same level and as widely spaced laterally as practicable. Except as provided in subsection (3), when in use, the lamps must display a red or amber light, or a shade of color between red and amber, visible from a distance of not less than 300 feet to the rear in normal sunlight. When actuated the lamps must indicate the intended direction of turning by flashing the lights showing to the front and rear on the side toward which the turn is made.

(2) Except as provided in subsection (3), a motor vehicle, trailer, semitrailer, or pole trailer must be equipped with signal lamps meeting the requirements of this section.

(3) On a motor vehicle manufactured or assembled before January 1, 1964, the signal lamps required by this section must be visible from a distance of not

less than 100 feet. Signal lamps are not required on any vehicle manufactured or assembled before January 1, 1953.

(4) A stop lamp or signal lamp or device may not project a glaring light.

(2) Any motor vehicle may be equipped with not more than one running board courtesy lamp on each side thereof which shall emit a white or amber light without glare.

(3) Any motor vehicle may be equipped with not more than two backup lamps either separately or in combination with other lamps, but any such backup lamps shall not be lighted when the motor vehicle is in forward motion.

(4) Any vehicle may be equipped with lamps which may be used for the purpose of warning the operators of other vehicles of the presence of a vehicular traffic hazard requiring the exercise of unusual care in approaching, overtaking, or passing, and when so equipped may display such warning in addition to any other warning signals required by this chapter. The lamps used to display such warning to the front shall be mounted at the same level and as widely spaced laterally as practicable and shall display simultaneously flashing white or amber lights, or any shade of color between white and amber. The lamps used to display such warning to the rear shall be mounted at the same level and as widely spaced laterally as practicable, and shall show simultaneously flashing amber or red lights, or any shade of color between amber and red. These warning lights shall be visible from a distance of not less than 500 feet under normal atmospheric conditions at night.

61-9-220. Multiple-beam road-lighting equipment. Except as provided in this part, the headlamps or the auxiliary driving lamps or combination of both on a motor vehicle other than a motorcycle, quadricycle, or motor-driven cycle must be so arranged that the driver may select between distributions of light projected to different elevations. The selection can be made automatically, subject to the following limitations:

(1) There must be an uppermost distribution of light, or composite beam, capable of revealing persons and vehicles at a distance of at least 350 feet ahead for all conditions of loading.

(2) There must be a lowermost distribution of light, or composite beam, capable of revealing persons and vehicles at a distance of at least 100 feet ahead. On a straight level road under any condition of loading the high-intensity portion of the beam may not be directed to strike the eyes of an approaching driver.

(3) A motor vehicle, other than a motorcycle, quadricycle, or motor-driven cycle, manufactured after January 1, 1956, that has multiple-beam road-lighting equipment must be equipped with a beam indicator that must be lighted whenever the uppermost distribution of light from the headlamps is in use, and may not otherwise be lighted. The indicator must be readily visible without glare to the driver of the vehicle.

Whenever a motor vehicle is being operated on a roadway or shoulder adjacent to a roadway during the times specified in 61-9-201, the driver shall use a distribution of light, or composite beam, capable of revealing persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(1) Whenever the driver of a vehicle approaches an oncoming vehicle within 1,000 feet, the driver shall use a distribution of light or composite beam that does not project into the eyes of the oncoming driver. The lowermost distribution of light specified in 61-9-220(2) must avoid glare at all times, regardless of road contour and loading.

(2) Whenever the driver of a vehicle follows another vehicle within 500 feet to the rear, the driver shall use a distribution of light permissible under this chapter other than the uppermost distribution of light specified in 61-9-220(1).

Headlamps arranged to provide a single distribution of light shall be permitted on motor vehicles manufactured and sold prior to July 1, 1956, in lieu of multiple-beam road-lighting equipment herein specified if the single distribution of light complies with the following requirements and limitations:

(1) The headlamps shall be so aimed that when the vehicle is not loaded none of the high-intensity portion of the light shall at a distance of 25 feet ahead project higher than a level of 5 inches below the level of the center of the lamp from which it comes, and in no case higher than 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead.

(2) The intensity shall be sufficient to reveal persons and vehicles at a distance of at least 200 feet.

61-9-223. Lighting equipment on motor-driven cycles. The headlamp or headlamps upon every motor-driven cycle may be of the single-beam or multiple-beam type but in either event shall comply with the requirements and limitations as follows:

(1) Every said headlamp or headlamps on a motor-driven cycle shall be of sufficient intensity to reveal a person or a vehicle at a distance of not less than 100 feet when the motor-driven cycle is operated at any speed less than 25 miles per hour and at a distance of not less than 200 feet when the motor-driven cycle is operated at a speed of 25 or more miles per hour, and at a distance of not less than 300 feet when the motor-driven cycle is operated at a speed of 35 or more miles per hour.

(2) In the event the motor-driven cycle is equipped with a multiple-beam headlamp or headlamps the upper beam shall meet the minimum requirements set forth above and shall not exceed the limitations set forth in 61-9-220(1) and the lowermost beam shall meet the requirements applicable to a lowermost distribution of light as set forth in 61-9-220(2).

(3) In the event the motor-driven cycle is equipped with a single-beam lamp or lamps, said lamp or lamps shall be so aimed that when the vehicle is loaded none of the high-intensity portion of light at a distance of 25 feet ahead shall project higher than the level of the center of the lamp from which it comes.

(1) A lighted lamp or illuminating device upon a motor vehicle other than headlamps, spot lamps, auxiliary lamps, or flashing turn signals, emergency vehicle warning lamps, and school bus warning lamps that projects a beam of light of an intensity greater than 300 candlepower must be so directed that the high intensity portion of the beam may not strike the level of the roadway on which the vehicle stands at a distance of more than 75 feet from the vehicle.

(2) A person may not drive or move a vehicle or equipment upon a highway with a lamp or device displaying a red light visible from in front of the center of the vehicle. This section does not apply to a vehicle upon which a red light visible from the front is expressly authorized or required by this code.

(3) Flashing, blinking, sequential, rotating, or pulsating lights are prohibited except on vehicles that are authorized by this chapter to contain the lights or on a vehicle as a means for indicating a right or left turn or the presence of a vehicular traffic hazard requiring unusual care in approaching, overtaking, or passing.

(4) License plate decorative lighting that is not original manufacturer's equipment or undercarriage decorative lighting that rotates, flashes, or oscillates or that displays a color authorized by this chapter for use by police vehicles and authorized emergency vehicles may not be illuminated on a vehicle that is operated upon a highway or street.

Permit and transit plates for new vehicles being transported by driveaway or towaway methods, 61-4-301.

61-9-305. Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of 3,000 pounds, manufactured or assembled after January 1, 1966, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least 15 minutes upon breakaway from the towing vehicle.

History: En. Sec. 1, Ch. 139, L. 1965; R.C.M. 1947, 32-21-143.1(d).

61-9-306. Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1966, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

History: En. Sec. 1, Ch. 139, L. 1965; R.C.M. 1947, 32-21-143.1(e).

61-9-307. Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1966, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

History: En. Sec. 1, Ch. 139, L. 1965; R.C.M. 1947, 32-21-143.1(f).

61-9-308. Two means of emergency brake operation. (1) A towing vehicle, when used to tow another vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, must be equipped with two means for emergency application of the trailer brakes. One of these means must apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure that may not be lower than 20 pounds per square inch or higher than 45 pounds per square inch. The other means must be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation must be clearly indicated. The manual means may not be arranged to prevent operation of the automatic means. The automatic and the manual means required by this section may be separate.

(2) A towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, must have,

in addition to the single control device required by 61-9-309, a second control device that can be used to operate the brakes on towed vehicles in emergencies. The second control must be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system is so arranged that failure of the pressure upon which the second control depends causes the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

61-9-309. Single control to operate all brakes. A motor vehicle, trailer, semitrailer, or pole trailer, and a combination of these vehicles, except motorcycles, quadricycles, and motor-driven cycles, equipped with brakes must have one control device that can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles can be operated by a single control on the towing vehicle.

61-9-310. Reservoir capacity and check valve. (1) A bus, truck, or truck tractor with air operated brakes must be equipped with at least one reservoir sufficient to ensure that, when fully charged to the maximum pressure as regulated by the air compressor governor cutout setting, a full service brake application is made without lowering the reservoir pressure by more than 20%. Each reservoir must be provided with means for readily draining accumulated oil or water.

(2) A truck with three or more axles equipped with vacuum assistor type brakes or a truck tractor and truck used for towing a vehicle equipped with vacuum brakes must be equipped with a reserve capacity or a vacuum reservoir sufficient to ensure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application is made without depleting the vacuum supply by more than 40%.

(3) A motor vehicle, trailer, semitrailer, or pole trailer, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, must have reservoirs or reserve capacity safeguarded by a check valve or equivalent device that, in the event of failure or leakage in its connection to the source of compressed air or vacuum, prevents the stored air or vacuum from being depleted by the leak or failure.

61-9-311. Warning devices. (1) A bus, truck, or truck tractor using compressed air for the operation of its own brakes or the brakes on a towed vehicle must have a warning signal, other than a pressure gauge, readily audible or visible to the driver that will operate at any time the air reservoir pressure of the vehicle is below 60 pounds per square inch. In addition, each vehicle must be equipped with a pressure gauge visible to the driver that indicates in pounds per square inch the pressure available for braking.

(2) A truck tractor, truck used for towing a vehicle equipped with vacuum operated brakes, or a truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, must be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver that will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than 8 inches of mercury.

(3) When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be combined into a single device that will serve both purposes. A gauge or gauges indicating pressure or vacuum is not an adequate means of satisfying this requirement.

61-9-312. Performance ability of brakes. On a dry, hard, approximately level stretch of highway free from loose material, a motor vehicle or combination of vehicles, upon application of the service brake, must be capable of stopping at a speed of 20 miles an hour within the following distances:

(1) 25 feet for passenger motor vehicles, except buses and pioneer vehicles;

(2) 40 feet for buses, trucks, and tractor trucks;

(3) 45 feet for motor vehicles registered or qualified to be registered as pioneer vehicles under 61-3-411(3)(a) when equipped with two-wheel brakes or 25 feet when equipped with four-wheel brakes;

(4) 40 feet for all combinations of vehicles; and

(5) 30 feet for motorcycles, quadricycles, and motor-driven cycles.

(2) Hydraulic brake fluid shall be distributed and serviced with due regard for the safety of the occupants of the vehicle and the public.

(3) The department shall, after public hearing following due notice, adopt and enforce regulations for the administration of this section and shall adopt and publish standards and specifications for hydraulic brake fluid which shall correlate with, and so far as practicable conform to, the then current standards and specifications of the society of automotive engineers applicable to such fluid.

(4) No person shall distribute, have for sale, offer for sale, or sell any hydraulic brake fluid unless it complies with the requirements of this section. No person shall service any vehicle with brake fluid unless it complies with the requirements of this section.

Miscellaneous Regulations

61-9-401. Horns, security alarms, and warning devices. (1) A motor vehicle when operated upon a highway must be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet. A horn or other warning device may not emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall when reasonably necessary to ensure safe operation give audible warning with the horn but may not otherwise use the horn when upon a highway.

(2) A vehicle may not be equipped with and a person may not use upon a vehicle a siren, whistle, or bell, except as otherwise permitted in this section.

(3) A vehicle may be equipped with a security alarm signal device that cannot be used by the driver as an ordinary warning signal while the vehicle is in motion.

(4) An authorized emergency vehicle may be equipped with a siren, whistle, or bell capable of emitting sound audible under normal conditions from a distance of not less than 500 feet and of a type approved by the department. The siren may not be used except when the vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which event the driver of the vehicle shall sound the siren when reasonably necessary to warn pedestrians and other drivers of the vehicle's approach.

61-9-402. Audible and visual signals on police and emergency vehicles and on-scene command vehicles. (1) A police vehicle must be equipped with a siren capable of giving an audible signal and may be equipped with alternately flashing or rotating red or blue lights as specified in this section. The use of signal equipment as described in this section imposes upon the drivers of other vehicles the obligation to yield right-of-way or to stop and to proceed past the signal or light only with caution and at a speed that is no greater than is reasonable and proper under the conditions existing at the point of operation.

(2) An authorized emergency vehicle must be equipped:

(a) with a siren and an alternately flashing or rotating red light as specified in this section; and

(b) with signal lamps mounted as high and as widely spaced laterally as practicable that are capable of displaying to the front two alternately flashing red lights located at the same level and to the rear two alternately flashing red lights located at the same level. These lights must have sufficient intensity to be visible at 500 feet in normal sunlight.

(3) A bus used for the transportation of school children must be equipped with signal lamps mounted as high and as widely spaced laterally as practicable, displaying to the front two red and two amber alternating flashing lights and to the rear two red and two amber alternating flashing lights. These lights must have sufficient intensity to be visible at 500 feet in normal sunlight. The warning lights must be as prescribed by the board of public education and approved by the department.

(4) A police vehicle and an authorized emergency vehicle may, and an emergency service vehicle must, be equipped with alternately flashing or rotating amber lights as specified in this section. The use of signal equipment as described in this section imposes upon the drivers of other vehicles the obligation to yield right-of-way or to stop and to proceed past the signal or light only with caution and at a speed that is no greater than is reasonable and proper under the conditions existing at the point of operation.

(5) Blue, red, and amber lights required in this section must be mounted as high as and as widely spaced laterally as practicable and capable of displaying to the front two alternately flashing lights of the specified color located at the same level and to the rear two alternately flashing lights of the specified color located at the same level or one rotating light of the specified color, mounted as high as is practicable and visible from both the front and the rear. These lights must have sufficient intensity to be visible at 500 feet in normal sunlight. Except as provided in 61-9-204(6), only police vehicles as defined in 61-1-118 may display blue lights, lenses, or globes.

(6) A police car and authorized emergency vehicle may be equipped with a flashing signal lamp that is green in color, visible from 360 degrees, and attached to the exterior roof of the vehicle for purposes of designation as the on-scene command and control vehicle in an emergency or disaster. The green light must have sufficient intensity to be visible at 500 feet in normal sunlight. Only the on-scene command and control vehicle may display green lights, lenses, or globes.

(7) Only a police vehicle or an authorized emergency vehicle may be equipped with the means to flash or alternate its headlamps or its backup lights.

61-9-405. Windshields required, exception — unobstructed and equipped with wipers — window tinting and sunscreening — restrictions — exemptions. (1) A motor vehicle, except a motorcycle, quadricycle, motor-driven cycle, or farm tractor, must be equipped with a front windshield meeting the requirements of 61-9-408, unless the driver wears safety glasses, goggles, or face shields at all times during the operation of the motor vehicle.

(2) A person may not drive a motor vehicle with:

(a) a sign, poster, substance, or other nontransparent material upon the front windshield, side wings, or side or rear windows of the vehicle that materially obstructs, obscures, or impairs the driver's clear view of the highway or an intersecting highway; or

(b) a windshield that is shattered or in such a defective condition that it materially impairs or obstructs the driver's clear view.

(3) The windshield on a motor vehicle must be equipped with a device for clearing rain, snow, or other moisture from the windshield.

The device must be maintained in good working order.

(4) A person may not operate a motor vehicle that is required to be registered in this state upon a highway if:

(a) the windshield has sunscreening material that is not clear and transparent below the AS-1 line or if it has a sunscreening material that is red, yellow, or amber in color above the AS-1 line;

(b) the front side windows have sunscreening or other transparent material that has a luminous reflectance of more than 35% or has light transmission of less than 24%;

(c) the rear window or side windows behind the front seat have sunscreening or other transparent material that has a luminous reflectance of more than 35% or has light transmission of less than 14%, except for the rear window or side windows behind the front seat on a multipurpose vehicle, van, or bus; or

(d) the windows of a camper, motor home, pickup cover, slide-in camper, or other motor vehicle do not meet the standards for safety glazing material specified by federal law in 49 CFR 571.205.

(5) As used in 61-9-428, 61-9-429, and this section, the following definitions apply:

(a) "Camper" means a structure designed to be mounted in the cargo area of a truck or attached to an incomplete vehicle for the purpose of providing shelter for persons.

(b) "Glass-plastic glazing material" means a laminate of one or more layers of glass and one or more layers of plastic in which a plastic surface of the glazing faces inward when the glazing is installed in a vehicle.

(c) "Light transmission" means the ratio of the amount of total light, expressed in percentages, that is allowed to pass through the sunscreening or transparent material to the amount of total light falling on the motor vehicle window.

(d) "Luminous reflectance" means the ratio of the amount of total light, expressed in percentages, that is reflected outward by the sunscreening or transparent material to the amount of total light falling on the motor vehicle window.

(e) "Motor home" means a multipurpose passenger vehicle that provides living accommodations.

(f) "Multipurpose vehicle" means a motor vehicle designed to carry 10 or fewer passengers that is constructed on a truck chassis or with special features for occasional off-road use.

(g) "Pickup cover" means a camper having a roof and sides but without a floor designed to be mounted on and removable from the cargo area of a pickup truck by the user.

(h) "Slide-in camper" means a camper having a roof, floor, and sides designed to be mounted on and removable from the cargo area of a truck by the user.

(i) "Sunscreening material" means a film, material, tint, or device applied to motor vehicle windows for the purpose of reducing the effects of the sun.

(6) Except as provided in subsection (7), subsection (4) applies to all vehicles that are equipped with tinted windows, including windows with less than 100% light transmission to which additional sunscreening material has been applied.

(7) Subsection (4) does not apply to a multipurpose vehicle that is equipped with tinted windows that were installed by the manufacturer of the vehicle or to a hearse, ambulance, government vehicle, or any other vehicle to which a currently valid certificate of waiver is affixed as specified under 61-9-428. A certificate of waiver must be issued by the department for a vehicle that was registered in this state on October 1, 1991, and was equipped with a sunscreening device or other material prohibited under subsection (4) on October 1, 1991.

History: En. Sec. 145, Ch. 263, L. 1955; R.C.M. 1947, 32-21-148; amd. Sec. 1, Ch. 777, L. 1991; amd. Sec. 1, Ch. 133, L. 1995; amd. Sec. 29, Ch. 431, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 431 inserted (1) requiring that certain vehicles be equipped with front windshield and providing exceptions to requirements; in (2)(a), after "poster", inserted "substance", and after "vehicle" substituted "that materially obstructs, obscures, or impairs" for "that obstructs"; inserted (2)(b) prohibiting driving of vehicle with shattered or defective windshield that materially impairs driver's view; and made minor changes in style.

61-9-406. Restrictions as to tire equipment — particular tires, chains, or traction equipment. (1) A solid rubber tire on a vehicle must have rubber on its entire traction surface at least 1 inch thick above the edge of the flange of the entire periphery.

(2) A person may not operate or move on a highway a motor vehicle, trailer, or semitrailer having a metal tire in contact with the roadway.

(3) A tire on a vehicle moved on a highway may not have on its periphery a block, stud, flange, cleat, or spike, or other protuberance of a material other than rubber that projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery with tires having protuberances that will not injure the highway. It is also permissible to use tire chains of reasonable proportions or pneumatic tires, the traction surfaces of which have been embedded with material, such as wood, wire, plastic or metal, that may not protrude more than one-sixteenth of an inch beyond the tire tread or that are clearly marked by the manufacturer on the sidewall "all season m&s" (or "all season mud and snow"), upon a vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. The use of pneumatic tires embedded as provided in this section is permitted only between October 1 and May 31 of each year, except that one of those tires may be used for a spare in case of tire failure. School buses equipped with such embedded pneumatic tires may operate from August 15 through the following June 15.

(4) The department of transportation and local authorities in their respective jurisdictions may in their discretion issue special permits authorizing the operation upon a highway of farm tractors or other farm machinery or of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks, the operation of which upon the highway would otherwise be prohibited under this section.

(5) If the department of transportation determines at any time that dangerous or unsafe conditions on a highway require particular tires, tire chains, or traction equipment for vehicles in addition to or beyond the ordinary pneumatic rubber tires, the department may establish the following recommendations or requirements with respect to the use of the equipment for all vehicles using the highway:

(a) chains or other approved traction devices recommended for driver wheels;

(b) chains or other approved traction devices required for driver wheels; or

(c) chains required for driver wheels.

(6) Equipment required by subsection (5)(b) or (5)(c) must conform to rules established by the department of justice.

(7) The department of transportation shall place and maintain signs and other traffic-control devices on a highway designated under subsection (5) that indicate the tire, tire chain, or traction equipment recommendation or requirement determined for vehicles. The signs or traffic-control devices may not prohibit the use of pneumatic tires embedded as provided in subsection (3) between October 1 and May 31 of each year, but when the department of transportation determines that chains are required and that no other traction equipment will suffice, the requirement is applicable to tires on driver wheels of one axle of a vehicle, including embedded tires. The signs or traffic-control devices may differentiate in recommendations or requirements for four-wheel-drive vehicles in gear.

61-9-407. Fenders, splash aprons, or flaps required on certain vehicles — dimension and location. (1) A person may not move, or permit to be moved, a vehicle, except a motorcycle, quadricycle, motor-driven cycle, or farm tractor, as defined in this title, upon the public highways without having first equipped the rearmost wheels or set of wheels of the vehicle with fenders, splash aprons, or flaps. The fenders, splash aprons, or flaps must be designed, constructed, and attached to the vehicle in a manner that arrests and deflects dirt, mud, water, rocks, and other substances that may be picked up by the rear wheels of the vehicle and thrown into the air, as follows:

(a) If the vehicle is equipped with fenders, the fenders must extend in full width from a point above and forward of the center of the tire or tires over and to the rear of the tires.

(b) If the vehicle is equipped with splash aprons or flaps, the splash aprons or flaps must extend downward in full width from a point not lower than halfway between the center of the tire or tires and the top of the tire or tires and to the rear of the tires.

(c) If the vehicle is in excess of 8,000 pounds gross vehicle weight or rating, the fenders, splash aprons, or flaps must extend downward to a point that is not more than 10 inches above the surface of the highway when the vehicle is empty.

(d) If the vehicle is 8,000 pounds or less gross vehicle weight or rating, the fenders, splash aprons, or flaps must extend downward to a point that is not more than 20 inches above the surface of the highway when the vehicle is empty.

(2) Fenders, splash aprons, or flaps, as used in subsection (1), must be constructed as follows:

(a) when measured on the cross-sections of the tread of the wheel or on the combined cross-sections of the treads of multiple wheels, the fender, splash apron, or flap extends at least to each side of the width of the tire or of the combined width of the multiple tires; and

(b) the fender, splash apron, or flap is capable at all times of arresting and deflecting dirt, mud, water, or other substance that may be picked up and carried by the wheel or wheels.

(3) This section does not apply to street rod vehicles; motor vehicles not originally equipped with fenders, splash aprons, or flaps; or motor vehicles for which fenders, splash aprons, or flaps were not required by federal law or regulation at the time of manufacture.

(4) For purposes of 61-9-430 and this section, "street rod" means a vehicle manufactured before 1949 that has been modified in body style or design.

(1) A person may not sell a new motor vehicle and a new motor vehicle may not be registered unless the vehicle is equipped with safety glazing material wherever glazing material is used in doors, windows, and windshields. These provisions apply to all passenger-type motor vehicles, including passenger buses and school buses. With respect to trucks, including truck tractors, the requirements as to safety glazing material apply to all glazing material used in doors, windows, and windshields in the driver's compartments of the vehicles.

(2) The term "safety glazing materials" means glazing materials constructed, treated, or combined with other materials to reduce substantially in comparison with ordinary sheet glass or plate glass the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

61-9-411. Certain vehicles to carry flares or other warning devices. (1) No person shall operate any motor truck of 1-ton capacity or greater, passenger bus, or truck tractor upon any highway outside the corporate limits of municipalities at any time unless there shall be carried in such vehicle, except as provided in subsection (2), the following equipment:

(a) at least three flares or three red electric lanterns or three portable red emergency reflectors each of which shall be capable of being seen and distinguished at a distance of not less than 600 feet under normal atmospheric conditions at nighttime. No portable reflector unit shall be used for the purpose of compliance with the requirements of this section unless it is so designed and constructed as to display a minimum of 24 square inches of reflective surface, or two reflecting elements; one above the other, either of which shall be capable of reflecting red light clearly visible from all distances within 600 feet to 100 feet under normal atmospheric conditions at night when directly in front of lawful upper beams of headlamps;

(b) at least three red-burning fusees unless red electric lanterns or red portable emergency reflectors are carried;

(c) at least two red cloth flags, no less than 12 inches square, with standards to support such flags.

(2) No person shall operate at the time and under the conditions stated in subsection (1) any motor vehicle used for the transportation of explosives, any cargo tank truck used for the transportation of flammable liquids or compressed gases, or any motor vehicle using compressed gas as a fuel unless there shall be carried in such vehicle three red electric lanterns or three portable red emergency reflectors meeting the requirements of subsection (1), and there shall not be carried in any said vehicle any flares, fusees, or signal produced by flame.

(3) As an alternative to the equipment required in subsections (1) and (2), three emergency reflective triangles conforming with U.S. department of transportation motor vehicle safety standard 125 may be carried.

61-9-412. Display of warning devices when vehicle disabled. (1) Whenever any motor truck, passenger bus, truck, tractor, trailer, semitrailer, or pole trailer is disabled upon the traveled portion of any highway or the shoulder thereof outside of any municipality at any time when lighted lamps are required on vehicles the driver of such vehicle shall display the following warning devices upon the highway during the time the vehicle is so disabled on the highway except as provided in subsection (2):

(a) A lighted fusee, a lighted red electric lantern, or a portable red emergency reflector shall be immediately placed at the traffic side of the vehicle in the direction of the nearest approaching traffic.

(b) As soon thereafter as possible but in any event within the burning period of the fusee (15 minutes), the driver shall place three liquid burning flares (pot torches) or three lighted red electric lanterns or three portable red emergency reflectors on the traveled portion of the highway in the following order:

(i) one approximately 100 feet from the disabled vehicle in the center of the lane occupied by such vehicle and toward traffic approaching in that lane;

(ii) one approximately 100 feet in the opposite direction from the disabled vehicle and in the center of the traffic lane occupied by such vehicle;

(iii) one at the traffic side of the disabled vehicle not less than 10 feet rearward or forward thereof in the direction of the nearest approaching traffic. If a lighted red electric lantern or a red portable emergency reflector has been placed at the traffic side of the vehicle in accordance with subsection (1)(b)(i) of this section, it may be used for this purpose.

(2) Whenever any vehicle referred to in this section is disabled within 500 feet of a curve, hillcrest, or other obstruction to view, the warning signal in that direction shall be so placed as to afford ample warning to other users of the highway but in no case less than 500 feet from the disabled vehicle.

(3) Whenever any vehicle of a type referred to in this section is disabled upon any roadway of a divided highway during the time that lights are required, the appropriate warning devices prescribed in subsections (1) and (5) shall be placed as follows:

(a) one at a distance of approximately 200 feet from the vehicle, in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane;

(b) one at a distance of approximately 100 feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane;

(c) one at the traffic side of the vehicle and approximately 10 feet from the vehicle in the direction of the nearest approaching traffic.

(4) Whenever any vehicle of a type referred to in this section is disabled upon the traveled portion of a highway or the shoulder thereof outside of any municipality at any time when the display of fusees, flares, red electric lanterns, or portable red emergency reflectors is not required, the driver of the vehicle shall display two red flags upon the roadway in the lane of traffic occupied by the disabled vehicle, or at a distance of approximately 100 feet in advance of the vehicle, and one at a distance of approximately 100 feet to the rear of the vehicle.

(5) Whenever any motor vehicle used in the transportation of explosives or any cargo tank truck used for the transportation of any flammable liquid or compressed flammable gas, or any motor vehicle using compressed gas as a fuel, is disabled upon any highway of this state at any time or place mentioned in subsection (1) of this section, the driver of such vehicle shall immediately display the following warning devices:

(a) one red electric lantern or portable red emergency reflector placed on the roadway at the traffic side of the vehicle and two red electric lanterns or portable red reflectors, one placed approximately 100 feet to the front and one placed approximately 100 feet to the rear of the disabled vehicle in the center of the traffic lane occupied by such vehicle;

(b) flares, fusees, or signals produced by flame shall not be used as warning devices for disabled vehicles of the type mentioned in this subsection (5).

(6) The flares, fusees, red electric lanterns, portable red emergency reflectors and flags to be displayed as required in this section shall conform with the requirements of 61-9-411 applicable thereto.

61-9-414. Logging trucks. (1) A truck or truck trailer combination, except pole trailers, actively engaged in transporting logs must be equipped with chains, cables, steel straps, or fiber webbing with working load limits that meet or exceed the manufacturer's marked value. The number of tie-down assemblies must be determined by the working load limits and the total weight of the load. The working load limits must equal or exceed 1 ½ times the total weight of the load.

(2) A pole trailer actively engaged in transporting logs upon the highways of the state must be equipped as follows:

(a) At least three binders are required as standard equipment. The binders must:

(i) be made of steel chain or steel cable;

(ii) have a minimum diameter of three-eighths of an inch; and

(iii) be long enough to encompass any load when secured by a fastener.

(b) Binders used to secure loads of logs together must be fastened by means of a fastener.

(i) The minimum diameter of the portions of the fastener under direct stress from the binder must be three-eighths of an inch.

(ii) The handle, or leverage portion of the fastener, when in use in tightening and holding the binder must be securely fastened to the binder or to the fastener so that it cannot be accidentally loosened.

(c) At least two binders must be in use on all loads. The binders must be placed as close as reasonably possible to the front and rear bunks.

(d) If short logs are loaded on top of longer logs, sufficient binders must be used to secure both ends of the short logs to the main body of the load. A log may not extend laterally beyond the stakes that form the outer boundary of the load at the top of the stakes. Logs or poles loaded above the tops of the stakes must be loaded in a pyramidal fashion.

(1) It is unlawful for a person to operate on a state highway, a farm, rural, or county road or a city street of this state a slow-moving vehicle or equipment, an animal-drawn vehicle, or any other machinery, including all road construction or maintenance machinery, except when engaged in actual construction or maintenance work either guarded by a flag person or clearly visible warning signs, that normally travels or is normally used at a speed of less than 25 miles an hour, unless there is displayed on the rear of the vehicle an emblem as provided in subsection (2) of this section. The requirement of the emblem is in addition to any lighting devices required by law.

(2) The emblem required by subsection (1) must be of substantial construction, and must be a based-down equilateral triangle of fluorescent yellow-orange film or equivalent quality paint with a base of 14 inches and a height of 12 inches. The triangle must be bordered with reflective red strips having a minimum width of 1 ¾ inches, with the vertices of the overall triangle truncated so that the remaining height is a minimum of 14 inches. The emblem must be mounted on the rear of the vehicle near the horizontal geometric center of the vehicle at a height of 3 to 5 feet above the roadway, and must be maintained in a clean, reflective condition.

(3) In addition to the requirements in subsection (2), on a highway that has only two lanes for traffic moving in opposite directions, when an overtaking vehicle being operated in conformity with 61-8-303 does not have a clear lane for passing as required by 61-8-325, the driver of a slower-moving, overtaken vehicle shall, at the first opportunity and when a safe turnout exists, move the overtaken vehicle off the main-traveled portion of the highway until the overtaking vehicle is safely clear of the overtaken vehicle.

61-9-416. Commercial tow truck definition — requirements. (1) "Commercial tow truck" means a motor vehicle operating for compensation that is equipped with specialized equipment designed and intended for towing or the recovery of wrecked, disabled, or abandoned vehicles or other objects creating a hazard on the public roadways. A commercial tow truck must be equipped with:

(a) not less than two red flares, two red lanterns, or two warning lights or reflectors. The reflectors must be of a type approved by the department.

(b) at least two highway warning signs of a uniform type, with dimensions of 3 x 3 feet, lettering 5 inches high, and reflectorized orange background and black border, as prescribed by the department. The signs must be designed to be visible both day and night. The warning signs must bear the words "wreck ahead", "tow truck ahead", or "wrecker ahead", as prescribed by the department.

(c) a dry chemical fire extinguisher of at least 5 pound capacity or an equivalent alternative type of fire extinguisher, approved by the department;

(d) a lamp emitting a flashing red or amber light meeting the requirements of 61-9-402(5), or both a red and amber light, mounted on top of the cab of the tow truck or on the top of the crane or hoist if the light can be seen from the front of the tow truck. The light from the lamp must be visible for a distance of 1,000 feet under normal atmospheric conditions and must be mounted so that it can be securely fastened with the lens of the lamp facing the rear of the tow truck upon which it is mounted. When standing at the location from which the disabled vehicle is to be towed, the operator of the tow truck may unfasten the red light and place it in a position considered advisable to warn approaching drivers. When the disabled vehicle is ready for towing, the red light must be turned to the rear of the tow truck upon which it is mounted and securely locked in this position. Additional red or amber lights of an approved type may be displayed at either side or both sides of the tow truck during the period of preparation at the location from which the disabled vehicle is to be towed.

(e) one or more brooms, and the operator of the tow truck engaged to remove a disabled vehicle from the scene of an accident shall remove all glass and debris deposited upon the roadway by the disabled vehicle that is to be towed;

(f) a shovel, and whenever practical, the tow truck operator engaged to remove a disabled vehicle shall spread dirt upon that portion of the roadway where oil or grease has been deposited by the disabled vehicle; and

(g) a portable electrical extension cord or other device for use in displaying stop, turn, and taillamps on the rear of the disabled vehicle. The length of the extension cord may not be less than the length of the combined vehicles. When a disabled vehicle is towed, the tow truck operator shall provide for the rear light that is capable of displaying a stop signal, turn signal, and taillamps by means of the extension cord or other device referred to in this subsection.

(2) The operator of a commercial tow truck used for the purpose of rendering assistance to other vehicles shall, when the rendering of assistance necessitates the obstruction of a portion of the roadway, place a highway warning sign as required in subsection (1)(b):

(a) in an area in which the posted speed limit is 45 miles an hour or less, not less than 450 feet in advance of the disabled vehicle and an equal distance to the rear of the disabled vehicle; and

(b) in an area in which the posted speed limit is more than 45 miles an hour or no speed limit is posted, 600 feet in advance of the disabled vehicle, except on a divided highway where the disabled vehicle does not cause disruption of traffic traveling on the opposite side of the divided highway, and an equal distance to the rear of the disabled vehicle.

(3) A local government unit may adopt an ordinance exempting a commercial tow truck operator from the requirements of subsection (2) within the limits of an incorporated city or town.

(4) When a motor vehicle is disabled on the highway during the hours of darkness, the tow truck operator called to render assistance shall immediately upon arrival place warning signs upon the highway as prescribed in this section and shall also place not less than one red flare, red lantern, or warning light or reflector in close proximity to each warning sign.

(5) The owner or operator of a commercial tow truck who complies with the requirements of 61-8-906 and 61-8-907 and this section may stop or park the tow truck upon a highway for the purpose of rendering assistance to a disabled vehicle, notwithstanding other provisions of this code.

(2) A child between 2 and 4 years of age or weighing less than 40 pounds who is a passenger in a motor vehicle must be properly restrained or restrained in a safety belt that meets applicable federal motor vehicle safety standards.

(3) The department shall by rule establish standards in compliance with 61-9-419 through 61-9-423 and applicable federal standards for approved types of child safety restraint systems purchased after January 1, 1984.

(4) A person is not required to have more than three child safety restraint systems in a vehicle.

(5) The department may by rule exempt from the requirements of subsection (1) a child who because of a physical or medical condition or body size cannot be placed in a child safety restraint system or safety belt.

History: En. Sec. 2, Ch. 177, L. 1983; amd. Sec. 1, Ch. 503, L. 1985; amd. Sec. 38, Ch. 431, L. 1997.

Compiler's Comments

1997 Amendment: Chapter 431 substituted language in (1) and (2) requiring vehicle to be equipped with regulation child safety restraint if child under 2 years of age or if child between ages 2 and 4 or weighs less than 40 pounds is passenger for "No resident of Montana who is the parent or legal guardian of a child under the age of 2 may transport the child in a motor vehicle owned by the resident or his spouse unless the child is properly restrained.

(2) No resident of Montana who is the parent or legal guardian of a child between 2 and 4 years old or weighing less than 40 pounds may transport the child in a motor vehicle owned by the resident or his spouse unless the child is properly restrained or is restrained in a safety belt of the type specified in 61-9-410"; at beginning of (4) substituted "person" for "resident or his spouse"; and made minor changes in style.

(2) A person convicted of a misdemeanor for a violation of any of the provisions of this chapter for which another penalty is not provided shall for a first conviction be punished by a fine of not less than $10 or more than $100. For a second conviction within 1 year, the person shall be punished by a fine of not less than $25 or more than $200. Upon a third or subsequent conviction within 1 year after the first conviction, the person shall be punished by a fine of not less than $50 or more than $500.

(3) Except as provided in subsection (4), failure to pay a fine imposed under this chapter is a civil contempt of the court. On failure of payment of a fine, the court may:

(a) order enforcement of the fine by execution in the manner provided in 25-13-204 and under the provisions of Title 25, chapter 13; or

(b) if the court finds that the person is unable to pay, order the person to perform community service.

(4) If property is not found in an amount necessary to satisfy the unpaid portion of the fine and if the court makes a written finding that community service is inappropriate, the person shall be imprisoned in the county jail in the county in which the offense has been committed. The imprisonment shall be the number of days that the fine is divisible by the dollar amount of the incarceration credit contained in 46-18-403.

(5) Upon conviction, the court costs or any part of the court costs may be assessed against the defendant in the discretion of the court.

Standards, Permits, and Fees

61-10-101. Standards of maximum dimensions, weights, etc. The standards provided for in 61-10-102 through 61-10-104 and 61-10-106 through 61-10-110 govern the maximum dimensions, weights, and other characteristics of motor vehicles operating over the highways in the state to the exclusion of other standards or other requirements respecting the subject matter.

61-10-102. Width. (1) Except as provided in subsection (2), a vehicle, including a bus, unloaded or with load, may not have a total outside width in excess of 102 inches. This width for buses is allowed only on paved highways 20 feet or more in width.

(2) (a) Subsection (1) does not apply to an implement of husbandry or a vehicle used for hauling hay, moved or propelled upon the highway during daylight hours for a distance of not more than 100 miles if the movement is incidental to the farming operations of the owner of the implement of husbandry or the vehicle used for hauling hay. If the implement or vehicle is more than 12 feet 6 inches wide, it must be preceded by flag vehicle escorts to

warn other highway users. This restriction does not apply to dual-wheel tractors under 15 feet overall width that are used in farming operations or to movement on a county road within 100 miles of the farming operation of the owner of an implement of husbandry or a vehicle used for hauling hay. Lights which meet the requirements of 61-9-219(4) must be displayed on the rear of the implement of husbandry or vehicle used for hauling hay. However, if the highway passes through a hazardous area, the implements or vehicles must be preceded and followed by flag vehicle escorts unless the movement of the implements or vehicles is restricted to a county road within 100 miles of the farming operation of the owner.

(b) A commercial vehicle that is hauling hay but does not qualify under subsection (2)(a) may be granted a permit subject to the provisions of 61-10-121 through 61-10-127 and the following requirements:

(i) travel during daylight hours only for an oversize shipment of large round bales of hay, whether the vehicle is loaded or with an empty hay rack, up to 144 inches; when empty, a square red or orange flag measuring 12 inches on each side must be attached to each corner of the hay rack; and

(ii) travel day or night for any other shipment of baled hay, whether the vehicle is loaded or with an empty hay rack, up to 114 inches.

(c) Subsection (1) does not apply to a commercial hay grinder moved or propelled upon the highway during daylight hours for a distance of not more than 100 miles if the movement is incidental to operations of the commercial hay grinder. A commercial hay grinder exceeding 102 inches in width must have a permit issued under 61-10-124. If the commercial hay grinder is more than 12 feet 6 inches wide, it must be preceded by flag vehicle escorts to warn other highway users. Lights that meet the requirements of 61-9-219(4) must be displayed on the rear of the commercial hay grinder. Movement of a commercial hay grinder that does not exceed 138 inches in width may occur on any day of the week, including holidays, and is restricted to movement during daylight hours. Movement of a commercial hay grinder may not exceed the posted speed limit, including the speed limit on an interstate highway.

(3) A safety device that the department determines by rule adopted pursuant to 61-9-504 to be necessary for safe and efficient operation of motor vehicles is not included in the calculation of width provided in subsection (1).

(4) For the purposes of this section, "county road" has the same meaning as the term is defined in 60-1-103.

1997 Amendment: Chapter 283 in second sentence in (2)(a) substituted "vehicle is more than 12 feet 6 inches wide" for "vehicle is more than 12 feet wide", at end of third sentence inserted "or to movement on a county road within 100 miles of the farming operation of the owner of an implement of husbandry or a vehicle used for hauling hay", and at end of fifth sentence inserted "unless the movement of the implements or vehicles is restricted to a county road within 100 miles of the farming operation of the owner"; in (2)(c), in second sentence, substituted "grinder is more than 12 feet 6 inches wide" for "grinder is more than 12 feet wide"; and inserted (4) defining county road for the section. Amendment effective April 16, 1997.

61-10-104. Length — definitions. (1) A single truck, bus, or self-propelled vehicle, unladen or with load, may not have an overall length, inclusive of front and rear bumpers, in excess of 55 feet.

(2) (a) When used in a truck tractor-semitrailer combination, the semitrailer may not exceed 53 feet in length, excluding those portions not designed to carry a load, except as provided by 61-10-124. When used in a truck tractor-semitrailer-trailer or a truck tractor-semitrailer-semitrailer combination, the semitrailer and trailer or the two semitrailers may not exceed 28 ½ feet each in length or 61 feet in combined trailer length, excluding those portions not designed to carry a load, except as provided by 61-10-124. Truck tractor-semitrailer, truck tractor-semitrailer-trailer, and truck tractor-semitrailer-semitrailer combinations are not subject to a combination length limit.

(b) A stinger-steered automobile or boat transporter may not exceed 75 feet in length plus a maximum 3 feet of front overhang and 4 feet of rear overhang, except as provided by 61-10-124. "Stinger-steered automobile or boat transporter" means a truck tractor-semitrailer combination that has a fifth wheel on a drop frame located behind and below the rear axle of the truck tractor and that is designed and used for the transportation of vehicles or assembled boats or boat hulls.

(c) All other combinations of vehicles may not have a combination length in excess of 75 feet, except as provided by 61-10-124. If the combination consists of more than two units, the rear units of the combination must be equipped with breakaway brakes.

(3) A motor vehicle may not tow more than one motor vehicle, and a motor vehicle may not draw more than three motor vehicles attached to it by the triple saddle-mount method (that is, by mounting the front wheels of one vehicle on the bed of another, leaving only the rear wheels of the vehicle in contact with the roadway), and this combination may not have a combination length in excess of 75 feet.

(4) A passenger vehicle or truck of less than 2,000 pounds "manufacturers' rated capacity" may not tow more than one trailer or semitrailer, and this combination may not have a length in excess of 65 feet.

(5) (a) The length of a vehicle combination consisting of a truck or truck-tractor and one pole trailer or semitrailer hauling raw logs may not exceed 75 feet in overall length. As used in this subsection (5)(a), the term "length" means the total length of the vehicle combination beginning at the front of the front bumper of the truck or truck-tractor and extending to the most distant end of the logs being hauled. A term permit for an overlength vehicle combination, as provided in 61-10-124(2), does not apply to the vehicle combination described in this subsection (5)(a). A vehicle combination exceeding 75 feet must have a trip permit.

(b) The maximum overhang of any log may not exceed 15 feet, except by special, single-trip permit. Overhang is measured from the center of the rear-most axle to the most distant end of the logs being hauled.

(c) The provisions in subsections (5)(a) and (5)(b) do not apply to a vehicle combination hauling utility poles.

(6) As used in this chapter, the following definitions apply:

(a) "Combination length" means the total length of a combination of vehicles, such as a truck tractor-semitrailer-trailer combination, measured from the front bumper of the motor vehicle to the back bumper or rear extremity of the last trailer, including the connection tongues.

(b) "Combined trailer length" means the total length of a combination of trailers measured from the front of the first trailer to the back of the last trailer, including the connection tongues and loads.

(c) "Length", except as provided in subsection (5)(a), means the total longitudinal dimension of a single vehicle, a trailer, or a semitrailer. The length of a trailer or semitrailer is measured from the front of the cargo-carrying unit to its rear, exclusive of safety or energy efficiency devices, air-conditioning units, air compressors, flexible fender extensions, splash and spray suppressant devices, bolsters, mechanical fastening devices, and hydraulic lift gates.

(d) "Rocky Mountain double" means a combination of vehicles that includes a truck tractor pulling a long semitrailer and a shorter trailer.

61-10-107. Maximum gross weight. (1) An axle may not carry a load in excess of 20,000 pounds, and no two consecutive axles more than 40 inches or less than 96 inches apart may carry a load in excess of 34,000 pounds. An axle load is the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle. For purposes of this section, axles

40 inches or less apart are considered to be a single axle. A vehicle or combination may not have more than nine axles. The maximum gross weight allowed on a vehicle, group of axles, or combination of vehicles must be determined by the formula:

$$W = 500((LN/(N - 1)) + 12N + 36)$$

in which W equals gross weight, L equals wheel base in feet, and N equals number of axles, except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(2) (a) Notwithstanding a vehicle's conformance with the requirements of subsection (1), except for the steering axle, all axles weighing over 11,000 pounds must have at least four tires or have wide-base tires. The maximum load on an axle, other than a steering axle, equipped with wide-base tires is limited to 500 pounds for each inch of tire width.

(b) The provisions of subsection (2)(a) do not apply to passenger buses.

(c) For the purposes of this section, wide-base tires are tires that are 14 or more inches in nominal width. The maximum tire weight limit is computed for wide-base tires based on the number of inches shown on the tire marking, or if the tire marking is shown by metric size, the tire weight limit is computed by conversion of the metric size.

(3) This section does not apply to highways that are a part of the national system of interstate and defense highways (as referred to in 23 U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes.

Sections 61-10-101 through 61-10-104 and 61-10-106 through 61-10-109 do not authorize, without a permit issued as provided by law, the operation of a combination of vehicles having a gross weight, axle load, or size in excess of that authorized in those sections or the operation on the national system of interstate and defense highways of a combination of vehicles having a gross weight or size in excess of the maximum weight and size permitted by law in this state before July 1, 1956, or permitted by federal law or regulation. If federal law allows establishment of weight and size limits in excess of the allowable limits permitted in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-109, without penalty or denial of federal funds for highway purposes, the department of transportation may, by permit designating highway routing, authorize the movement on highways under its jurisdiction of vehicles or combinations of vehicles of a weight or size in excess of the limits provided for in those sections, but within the limits necessary to qualify for federal-aid highway funds.

61-10-121. Permits for excess size and weight — agents. (1) (a) Upon application and with good cause shown, the department of transportation, or its agent under subsection (3), and local authorities in their respective jurisdictions may issue telephonically or in writing a special permit authorizing the applicant to operate or move a vehicle, combination of vehicles, load, object, or other thing of a size or weight exceeding the maximum specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 upon a highway under the jurisdiction of and for the maintenance of which the body granting the permit is responsible. However, only the department may issue permits for movement of a vehicle or combination of vehicles carrying built-up or reducible loads in excess of 9 feet in width or exceeding the length, height, or weight specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110. This permit must be issued in the public interest. A carrier receiving this permit must have public liability and property damage insurance for the protection of the traveling public as a whole. A permit may not be issued for a period greater than the period for which the GVW license is valid, including grace periods, as provided in this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(b) The department may issue to dealers in implements of husbandry and self-propelled machinery oversize permits. The permits may be transferred from unit to unit by the dealer, for the fee set forth in 61-10-124. These oversize permits may not restrict dealers in implements of husbandry and self-propelled machinery from traveling on a Saturday or Sunday and expire on December 31 of each year, with no grace period. For the purposes of this section, a dealer in implements of husbandry or self-propelled machinery must be a resident of the state. A post-office box number is not a permanent address under this section.

(2) The applicant for a special permit shall specifically describe the powered vehicle or towing vehicle and generally describe the type of vehicle, combination of vehicles, load, object, or other thing to be operated or moved and the particular state highways over which the vehicle, combination of vehicles, load, object, or other thing is to be moved and whether the permit is required for a single trip or for continuous operation.

(3) The department may enter into a contract with a private party to act as an agent of the department for the purpose of issuing, in writing, a special permit allowed under this section.

The department of transportation or local authority may issue or withhold a special permit at its discretion or, if the permit is issued, limit the number of trips or establish seasonal or other time limitations within which the vehicle, combination of vehicles, load, object, or other thing described may be operated on the public highways indicated, or otherwise limit or prescribe conditions of operation of the vehicle, combination of vehicles, load, object, or other thing when necessary to assure against damage to the road foundation, surfaces, or structures or safety of traffic, and may require an undertaking or other security considered necessary to compensate for injury to a roadway or road structure. During harvest no permit may be denied to oversize harvest or harvest-related agricultural machinery solely on the grounds that the travel takes place on a Saturday or Sunday. No permit may be denied to dealers in implements of husbandry and self-propelled machinery solely on the grounds that the travel may take place on a Saturday or Sunday.

(2) A single load may not be moved on the vehicle a distance greater than 75 miles from the point of origin on public roads.

(3) When the vehicle is hauling a load, it shall be accompanied by two pilot cars. Each car shall be equipped with a flashing warning light, a red flag, and a sign with the words "wide load" written on it. One car shall precede the vehicle by not less than 100 yards or more than one-fourth mile, and one shall follow the vehicle at a distance not less than 100 yards or more than one-fourth mile. The following pilot car shall be in radio contact with the vehicle at all times.

(4) The speed of the vehicle shall be reasonable and proper but not in excess of 35 miles per hour.

(5) The vehicle shall be operated only between the hours of sunrise and sunset.

(6) The vehicle may not be operated on an interstate or controlled-access highway.

(7) A term or blanket permit may be issued for the vehicle.

(1) Except as provided in subsections (2)(b), (2)(d), and (4), in addition to the regular registration and gross vehicle weight fees, a fee of $10 for each trip permit and a fee of $75 for each term permit issued for size in excess of that specified in 61-10-101 through 61-10-104 must be paid for all movements under special permits on the public highways under the jurisdiction of the department of transportation.

(2) (a) Except as provided in subsections (2)(b), (2)(d), (4), and (5), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; or an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. A Rocky Mountain double may not exceed 81 feet in combined trailer length, and the long semitrailer cargo unit of the combination may not exceed 48 feet in length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (4) and (5). Special permits for vehicle combinations may specify and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). The fee for this permit is $75. This permit expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) a combination of vehicles powered by a cab-over (tilt cab) type truck-tractor or a truck may not exceed overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck-tractor may not exceed overall length of 110 feet, inclusive of front and rear bumpers and overhang;

(d) an individual cargo unit of the combination may not exceed 28 ½ feet in length and 102 inches in width;

(e) gross weight fees under 61-10-203 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) the combination must have a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(h) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is $200.

(5) The department of transportation may issue special permits under subsection (4) for vehicle combinations that consist of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; and

(b) the person, firm, or corporation applying for the permit:

(i) restricts truck-trailer-trailer operations authorized by the permit to the hauling of talc ore, chlorite, dolomite, limestone, and custom combine equipment;

(ii) operated the truck-trailer-trailer combination before July 1, 1987;

(iii) restricts the truck-trailer-trailer operations authorized by the permit to the specified routes that those vehicles used before July 1, 1987; and

(iv) provides the department of transportation with an affidavit confirming the routes used before July 1, 1987, for truck-trailer-trailer operations.

1997 Amendment: Chapter 232 deleted former (1) that read: "(1) As used in this section, "crane" means a self-propelled, single unit vehicle consisting of not more than four axles and used for raising, shifting, and lowering heavy weights by means of a projecting swinging arm"; in (1), near middle after "issued for size", deleted "and weight" and after "61-10-104" deleted "and 61-10-106 through 61-10-110"; deleted former (5) that read: "(5) The owner or operator of a crane with a gross vehicle weight of less than 80,000 pounds may purchase a 30-day special permit for excess weight if the crane has a current special mobile equipment identification plate and if the department of transportation has approved the configuration of the crane through a weight analysis completed within the same calendar year. The permit is not transferable, and the fee for the permit is $200"; in (4)(f), after "must have", deleted "a restricted route permit under 61-10-107(3) and"; adjusted subsection references; and made minor changes in style. Amendment effective January 1, 1998.

61-10-125. Other fees. (1) There is charged for a single trip permit for a load that is over the gross allowable load provided for by the formula in 61-10-107(1) but that does not exceed axle limits set forth in 61-10-107(1):

(a) $10 for distances to and including 100 miles;

(b) $30 for distances from 101 to 199 miles; and

(c) $50 for distances over 200 miles traveled.

(2) (a) There is charged a fee of:

(i) $200 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 5,000 pounds in excess axle weight;

(ii) $500 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 10,000 pounds in excess axle weight, with no single axle exceeding 5,000 pounds in excess axle weight;

(iii) $750 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 15,000 pounds in excess axle weight, with no single axle exceeding 5,000 pounds in excess axle weight;

(iv) $1,000 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 20,000 pounds in excess axle weight, with no single axle exceeding 5,000 pounds in excess axle weight and no tandem axle exceeding 15,000 pounds in excess axle weight.

(b) The fees provided in subsection (2)(a) are annual fees but may be prorated on a quarterly basis and may be paid quarterly, semiannually, or annually. However, if the fee is paid other than annually, there is an additional fee of $10 each time a fee is paid.

(c) A permit issued under this subsection (2) is valid for a period of no less than 1 calendar quarter and no more than 1 calendar year.

(d) The department or its agent may not issue a term permit for loads that exceed 10,000 pounds in excess axle weight unless the person applying for the term permit has obtained approval from the department, through a weight analysis, for the configuration of the vehicle.

(3) There is charged for a permit to move a load that exceeds the single axle, tandem axle, or axle group limits set forth in 61-10-107(1) the following fee based upon the sum of excess in axle or axle group weights:

Total Excess Axle Weight (pounds)	Calculated Cost of 25 Miles of Travel (dollars)
5,000	3.50
10,000	7.00
15,000	10.50

90,000	63.00
95,000	66.50
100,000	70.00
over 100,000	70.00 + 3.50 per 5,000 lbs. or part of 5,000 lbs. in excess of 100,000 lbs.

(4) For purposes of subsection (3):

(a) mileage must be rounded off in units of 25 miles and mileage in excess of a 25-mile increment must be assessed at the next higher 25-mile increment; and

(b) weight must be rounded off in 5,000-pound increments and weight in excess of a 5,000-pound increment must be assessed at the next higher 5,000-pound increment.

(5) A vehicle must be licensed to the maximum allowable weight authorized under 61-10-107 before an overweight permit may be issued.

(2) The department of transportation by order, or a local road authority by ordinance or resolution, may prohibit the operation of or impose restrictions on the weight and speed of a vehicle traveling on a public highway under its respective jurisdiction and for which it is responsible for maintenance whenever the highway will be seriously damaged or destroyed by deterioration, rain, snow, or other climatic conditions, unless the use of vehicles on the highway is prohibited or the permissible vehicle weights and speed are reduced. The department of transportation or the authority that enacts the ordinance or resolution shall erect signs designating the department's order or the authority's ordinance or resolution at each end of that portion of the highway affected, and the order, ordinance, or resolution is not effective until the signs are erected. The department of transportation or the authority by ordinance or resolution may prohibit the operation of trucks or other commercial vehicles

or impose limitations on their weight on designated highways, subject to the provisions of subsection (3). These prohibitions and limitations must be designated by appropriate signs placed on the highways.

(3) Neither the department of transportation nor a local authority may prohibit the operation of or impose a restriction on the weight of a vehicle loaded with perishable seed potatoes that is traveling on a public highway if:

(a) the vehicle is being operated within its legal licensed gross vehicle weight;

(b) the driver possesses a federal-state inspection certificate issued for the load; and

(c) the vehicle takes the most direct route from the point of loading to the nearest nonrestricted road.

61-10-130. Custom combiner's special permit — fee — collection — distribution — not transferable. (1) In lieu of the taxes required by 15-24-301 and in lieu of motor vehicle license fees, gross vehicle weight fees, and overwidth, overlength, and overheight permits provided for in Title 61, a nonresident engaged in the business of custom combining who brings equipment into the state may pay a special permit fee of $40 per unit. A unit shall include:

(a) one truck suitable for hauling grain;

(b) one header trailer or one combine trailer; and

(c) pickup trucks and all other equipment, except combines, used by a nonresident and brought into the state as part of his business of custom combining.

(2) In lieu of gross vehicle weight fees and overwidth, overlength, and overheight permits, Montana residents engaged in the business of custom

combining may pay the annual farm gross vehicle weight fees and a special permit fee of $20 per unit. A unit includes:

(a) one truck suitable for hauling grain;

(b) one header trailer or one combine trailer; and

(c) pickup trucks used by the resident in his business of custom combining.

(3) When used to transport agricultural products, a truck authorized to be used under a custom combiner's special permit may be operated only within a 50-mile radius from the harvested field to the point of first unloading. The truck may not haul agricultural products from one commercial elevator to another commercial elevator. The truck may be operated on any highway, except a highway that is part of the federal-aid interstate system, without incurring excess weight penalties under 61-10-145 if the total gross weight of the truck does not exceed allowable weight limitations by more than 20% per axle and the maximum load per inch of tire width does not exceed 670 pounds. The truck may not be operated in excess of 40 miles per hour. No trip permit is required. If the truck exceeds the tolerance provided under this subsection, the fine or penalty imposed applies to all weight over the legal limit allowed by 61-10-107.

(4) A combine trailer authorized to be used under subsection (1)(b) or (2)(b) may be operated under the same limitations and until July 1, 1991, may be operated within the same tolerances granted trucks under subsection (3), except that the 50-mile limitation does not apply and the combine trailer may be used upon any highway of the state, including a highway that is part of the federal-aid interstate system. If the combine trailer exceeds the tolerance provided under subsection (3), the fine or penalty imposed applies to all weight over the legal limit allowed by 61-10-107.

(5) The fee required by this section must be collected by the department of transportation. Upon payment of the fee, the department of transportation must provide an identifying device to be displayed on each truck, header trailer, or combine trailer and other equipment used by the nonresident or resident in his business of custom combining in the state, which device is valid for the calendar year in which the fee is collected.

(6) All fees collected under this section must be distributed not later than January 31 immediately following the period of license as follows: 62 ½% to the county general fund in the county in which the permittee declares the greatest amount of time will be spent to operate, 37 ½% to the state special revenue fund for the department of transportation.

(7) The identifying devices and fee paid for each unit are not transferable from one vehicle to another or transferable on the sale or change of ownership.

(8) The department of transportation may adopt rules, as provided in Title 2, chapter 4, to implement the provisions of this section.

61-10-141. Officers authorized to weigh vehicles and require removal of excessive loads — enforcement of motor carrier safety standards — duty to obtain bills of lading for agricultural seeds. (1) A peace officer, officer of the highway patrol, or employee of the department of transportation may weigh any vehicle regulated by 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110, except recreational vehicles as defined in 61-1-132, by means of either portable or stationary scales, and may require that the vehicle be driven to the nearest scales if those scales are within 2 miles. That person may then require the driver to unload at a designated facility that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110. If the excess weight does not exceed 10,000 pounds, an excess weight permit may be issued in accordance with 61-10-121. The permit authorizes the driver of the excess weight load to proceed to a designated facility where the load can be safely reduced to legal limits.

(2) Commodities and material unloaded as required by this section must be cared for by the owner or operator of the vehicle at the risk of that owner or operator. Commodities or material unloaded as required by this section may not be left on the highway right-of-way.

(3) The department of transportation may establish, maintain, and operate weigh stations, either intermittently or on a continuous schedule, and may require vehicles, except passenger cars and pickup trucks under 14,000 pounds GVW and recreational vehicles as defined in 61-1-132 (that are not new or used recreational vehicles traveling into or through Montana for delivery to a distributor or a dealer), to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements. The department may require vehicles over 10,000 pounds to be inspected and weighed by portable scale crews.

(4) The department of transportation shall work with the highway patrol in the enforcement of safety standards adopted pursuant to 44-1-1005. For the purposes of the joint enforcement, the highway patrol is designated as the lead agency. The highway patrol and the department of transportation shall cooperate to ensure minimum duplication and maximum coordination of enforcement effort.

(5) In order to enforce compliance with safety standards adopted pursuant to 44-1-1005, the department of transportation shall designate employees as peace officers. The designated employees must be employed in the administration of the motor carrier services functions of the department of transportation. Each employee designated as a peace officer may:

(a) issue citations and make arrests in connection with violations of safety standards adopted under 44-1-1005;

(b) issue summons;

(c) accept bail;

(d) serve warrants for arrest;

(e) make reasonable inspections of cargo carried by commercial motor vehicles;

(f) make reasonable safety inspections of commercial motor vehicles used by motor carriers; and

(g) require production of documents relating to the cargo, driver, routing, or ownership of the commercial motor vehicles.

(6) In addition to other enforcement duties assigned under this section, an employee of the department of transportation has:

(a) the same authority to enforce provisions of the motor carriers law as that granted the public service commission under 69-12-203; and

(b) the duty to secure or make copies, or both, of all bills of lading or other evidence of delivery for shipment of agricultural seeds as defined in 80-5-120 that have been sold or are intended for sale in Montana and to forward the copies to the department of agriculture within 24 hours of the date the bill of lading was obtained.

(2) However, the operator of a vehicle or combination of vehicles may move over the highways to the first open state scale, permanent or portable, without incurring the excess weight penalties set forth in 61-10-145 if the total gross weight of the vehicle or combination of vehicles does not exceed allowable total

gross weight limitations by more than 7% and if the weight carried by any axle or combination of axles does not exceed the allowable axle weight limitations by more than 7%. If the vehicle or combination of vehicles is not in excess of the allowable total gross or axle weight limitations by more than 7%, the department may issue a single trip permit for the fee of $10, allowing the vehicle or combination of vehicles to move over the highways to the first facility where its load can be safely adjusted or to its destination. Violations of total gross or axle weight limitations in excess of 7% are subject to the fines provided in 61-10-145, and all loads in excess of 7% of the total gross or axle weight limitations:

(a) may be required to be adjusted or reduced to conform to the size and weight limitations before the vehicle or combination of vehicles is moved from the point of weighing; or

(b) may be issued a permit as authorized by 61-10-141.

(3) Farm vehicles transporting agricultural products from a harvesting combine or other harvesting machinery may move over a highway, except any highway that is part of the federal-aid interstate system, within a 50-mile radius of the harvested field to the point of first unloading without incurring the excess weight penalties set forth in 61-10-145 if the total gross weight of the farm vehicle or combination of vehicles does not exceed allowable weight limitations by more than 20% for each axle, but the maximum load for each inch of tire width may not exceed 670 pounds. The farm vehicle or combination of vehicles may not exceed 40 miles an hour. A single trip permit, as required in subsection (2), is not applicable to the farm vehicle or combination of vehicles. When a farm vehicle or combination of vehicles violates any of the provisions of this subsection, the fine or penalty imposed applies to that portion of the load above the legal limit.

61-10-145. Penalties. (1) A person, firm, or corporation convicted of violating 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 shall be punished by a fine of not less than $30 or more than $100. A person, firm, or corporation convicted of operating a motor vehicle upon the public highways of this state with weight upon a wheel, axle, or group of axles greater than the maximum permitted by 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 shall be fined, in addition to other penalties provided by law for the offense, the following amounts:

(a) $30 for any excess weight up to and including 2,000 pounds;

(b) $75 for any excess weight more than 2,000 pounds and less than 4,001 pounds;

(c) $125 for any excess weight more than 4,000 pounds and less than 6,001 pounds;

(d) $175 for any excess weight more than 6,000 pounds and less than 8,001 pounds;

(e) $250 for any excess weight more than 8,000 pounds and less than 10,001 pounds;

(f) $275 for any excess weight more than 10,000 pounds and less than 12,001 pounds;

(g) $300 for any excess weight more than 12,000 pounds and less than 14,001 pounds;

(h) $400 for any excess weight more than 14,000 pounds and less than 16,001 pounds;

(i) $500 for any excess weight more than 16,000 pounds and less than 18,001 pounds;

(j) $600 for any excess weight more than 18,000 pounds and less than 20,001 pounds;

(k) $1,000 for any excess weight more than 20,000 pounds and less than 25,001 pounds;

(l) $2,000 for any excess weight more than 25,000 pounds.

(2) If a motor vehicle is equipped with a retractable axle that is not fully extended and carrying its proportionate share of the load while the motor vehicle is operated upon the highways of this state, the weight penalties in subsection (1) apply to all weight over the legal maximum allowed by the fixed axles regardless of whether the axle is extended at the time of weighing. In addition to the penalties in subsection (1), the owner or operator shall be fined $100 for failure to have the retractable axle fully extended while the gross weight of the vehicle exceeds the legal maximum allowed by the fixed axles.

(3) A complaint filed and a summons or notice to appear issued pertaining to a violation of the gross weight regulations in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 must specify the amount of the excess weight that the defendant is alleged to have had upon the vehicle or combination of vehicles.

(4) It is a misdemeanor, punishable as provided in 46-18-212, for a person, firm, or corporation to violate any of the provisions of 61-10-123, 61-10-141, or 61-10-142.

1997 Amendment: Chapter 232 deleted former (4) that read: "(4) The penalties in subsection (1) do not apply to an operator who fails to secure a special permit as provided for in 61-10-107(3) if the vehicle or combination of vehicles is not overweight with that permit. The failure to obtain the special permit is punishable under 61-10-146 and under this section as provided in 61-10-146, and the operator is required to purchase the permit. If the vehicle or combination of vehicles exceeds the weight limitations allowed by special permit and the operator fails to obtain a permit under 61-10-107(3), the penalties of subsection (1) apply to the weight exceeding 80,000 pounds"; and made minor changes in style. Amendment effective January 1, 1998.

61-10-209. Monthly payment — quarterly payment — penalty for failure to pay fee. (1) When the gross weight of a vehicle exceeds 24,000 pounds, the gross weight or special fees for trucks, tractors, or buses may be paid for a 1-month period for one-twelfth the regular fee or for a 3-month period for one-fourth the regular fee at the beginning of any quarter of the calendar year. For each fee paid other than at the time of payment of the annual vehicle registration fee, an additional fee of $5 must be charged. The department may adopt rules relative to the issuance and display of certificates or insignia, which must state the months for which the vehicle is licensed.

(2) A vehicle licensed under this section may not be operated over the public highways after the expiration of:

(a) the 1-month period until the owner pays the required fee for a license for an additional 1-month or 3-month period or for the remainder of the year; or

(b) the 3-month period unless the owner or operator of the vehicle, within 10 calendar days or 7 business days as provided by law, whichever is greater, pays the required fee for a license for an additional 1-month or 3-month period or for the remainder of the year.

(3) A person who operates a vehicle upon the public highways in violation of subsection (2) is guilty of a misdemeanor. In addition the person is required to purchase a gross weight license for the vehicle involved at the fee covering an entire year's license for operation of the vehicle less the fees for the period of the year already paid.

(4) If, within 5 days after a requirement under subsection (3) is applicable, a license for a full year has not been purchased as required, the Montana highway patrol, county sheriff, or city police may impound the vehicle in the manner that is directed for these cases by the department until the requirement is met.

61-10-211. Fees on motortrucks, truck tractors, trailers, and semitrailers from other states. (1) In lieu of other fees for the licensing of vehicles, there must be collected a fee for each motortruck and truck tractor already licensed for the year in another jurisdiction and operated upon an itinerant basis in this state. The fee provided in subsection (2) must be collected upon each entrance of the vehicle into the state and must be based upon the number of miles to be traveled in the state and the registered gross vehicle weight of the motortruck or truck tractor as shown in the application of the nonresident operator.

(2) The fee for each trip in Montana is:

	0-200 miles	201-400 miles	over 400 miles
Up to 46,000 lbs.	$10	$15	$20
46,001 through 80,000 lbs.	20	30	40
Over 80,001 lbs.	50	65	80
Triple combination	60	80	100

(3) The fees do not apply to any trailer the principal use of which is as temporary or permanent living quarters, or to any vehicle of a carnival that is under contract with a state, county, or district fair association.

(4) A fee must be collected for each nonresident, unlicensed or unregistered trailer or semitrailer entering Montana. The fee for each trip in Montana is:

(a) $10 for each trip of 200 miles or less;
(b) $15 for each trip of over 200 miles to 400 miles; and
(c) $20 for each trip of over 400 miles.

Multistate Highway Transportation Agreement

Part Cross-References

Interstate cooperative agreements for collection of taxes and fees, 60-2-311.

61-10-1101. Multistate Highway Transportation Agreement — enactment and text. The Multistate Highway Transportation Agreement is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

Pursuant to and in conformity with the laws of their respective jurisdictions, the participating jurisdictions, acting by and through their officials lawfully authorized to execute this agreement, do mutually agree as follows:

Article I. Findings and Purposes

Section 1. Findings. The participating jurisdictions find that:

(a) the expanding regional economy depends on expanding transportation capacity;

(b) highway transportation is the major mode for movement of people and goods in the western states;

(c) uniform application in the West of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption, and related transportation costs, which are necessary to permit increased productivity;

(d) a number of western states, already having adopted substantially the 1964 bureau of public roads recommended vehicle size and weight standards, still find current federal limits more restrictive;

(e) the 1974 revision of federal law (23 U.S.C. 127) did not contain any substantial improvements for vehicle size and weight standards in the western states and deprives states of interstate matching money if vehicle weights and widths are increased, even though the interstate system is nearly 92% complete; and

(f) the participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for the regional economy and transportation requirements, consistent with and in recognition of principles of highway safety.

Section 2. Purposes. The purposes of this agreement are to:

(a) adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system;

(b) establish a system authorizing the operation of vehicles traveling between two or more participating jurisdictions at more adequate size and weight standards;

(c) promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement;

(d) secure uniformity, insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards;

(e) provide means for the encouragement and utilization of research that will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.

Article II. Definitions

Section 1. As used in this agreement:

(a) "designated representative" means a legislator or other person authorized to represent the jurisdiction;

(b) "jurisdiction" means a state of the United States or the District of Columbia;

(c) "vehicle" means any vehicle as defined by statute to be subject to size and weight standards that operates in two or more participating jurisdictions.

Article III. General Provisions

Section 1. Qualifications for membership. Participation in this agreement is open to jurisdictions that subscribe to the findings, purposes, and objectives of this agreement and will seek legislation necessary to accomplish these objectives.

Section 2. Cooperation. The participating jurisdictions, working through their designated representatives, shall cooperate and assist each other in achieving the desired goals of this agreement pursuant to appropriate statutory authority.

Section 3. Effect of headings. Article and section headings contained herein may not be considered to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of any article or section hereof.

Section 4. Vehicle laws and regulations. This agreement does not authorize the operation of a vehicle in any participating jurisdiction contrary to the laws or regulations thereof.

Section 5. Interpretation. The final decision regarding interpretation of questions at issue relating to this agreement shall be reached by unanimous joint action of the participating jurisdictions, acting through the designated representatives. Results of all such actions shall be placed in writing.

Section 6. Amendment. This agreement may be amended by unanimous joint action of the participating jurisdictions, acting through the officials thereof authorized to enter into this agreement, subject to the requirements of section 4, Article III. Any amendment shall be placed in writing and become a part hereof.

Section 7. Restrictions, conditions, or limitations. Any jurisdiction entering this agreement shall provide each other participating jurisdiction with a list of any restriction, condition, or limitation on the general terms of this agreement, if any.

Section 8. Additional jurisdictions. Additional jurisdictions may become members of this agreement by signing and accepting the terms of the agreement.

Article IV. Cooperating Committee

Section 1. Pursuant to section 2, Article III, the designated representatives of the participating jurisdictions shall constitute a committee that shall have the power to:

(a) collect, correlate, analyze, and evaluate information resulting or derivable from research and testing activities in relation to vehicle size and weight related matters;

(b) recommend and encourage the undertaking of research and testing in any aspect of vehicle size and weight or related matter when, in their collective judgment, appropriate or sufficient research or testing has not been undertaken;

(c) recommend changes in law or policy with emphasis on compatibility of laws and uniformity of administrative rules that would promote effective governmental action or coordination in the field of vehicle size and weight related matters.

Section 2. Each participating jurisdiction shall be entitled to one vote only. No action of the committee shall be binding unless a majority of the total number of votes cast by participating jurisdictions are in favor thereof.

Section 3. The committee shall meet at least once annually and shall elect, from among its members, a chairman, a vice-chairman, and a secretary.

Section 4. The committee shall submit annually to the legislature of each participating jurisdiction, no later than November 1, a report setting forth the work of the committee during the preceding year and including recommendations developed by the committee. The committee may submit such additional reports as it considers appropriate or desirable. Copies of all such reports shall be made available to the transportation committee of the western conference, council of state governments, and to the western association of state highway and transportation officials.

Article V. Objectives of the Participating Jurisdictions

Section 1. Objectives. The participating jurisdictions hereby declare that:

(a) it is the objective of the participating jurisdictions to obtain more efficient and more economical transportation by motor vehicles between and among the participating jurisdictions by encouraging the adoption of standards that will, as minimums, allow the operation on all state highways, except those determined through engineering evaluation to be inadequate, with a single-axle weight not in excess of 20,000 pounds, a tandem-axle weight not in excess of 34,000 pounds, and a gross vehicle or combination weight not in excess of that resulting from application of the formula:

$$W = 500((LN/(N - 1)) + 12N + 36)$$

where

W = maximum weight in pounds carried on any group of two or computed to nearest 500 pounds;

L = distance in feet between the extremes of any group of two or more consecutive axles;

N = number of axles in group under consideration;

(b) it is the further objective of the participating jurisdictions that in the event the operation of a vehicle or combination of vehicles according to the provisions of subsection (a) of this section would result in withholding or forfeiture of federal-aid funds pursuant to section 127, Title 23, U.S. Code, the operation of such vehicle or combination of vehicles at axle and gross weights within the limits set forth in subsection (a) of this section will be authorized under special permit authority by each participating jurisdiction that could legally issue such permits prior to July 1, 1956, provided all regulations and procedures related to such issuance in effect as of July 1, 1956, are adhered to;

(c) the objectives of subsections (a) and (b) of this section relate to vehicles or combinations of vehicles in regular operation, and the authority of any participating jurisdiction to issue special permits for the movement of any vehicle or combinations of vehicles having dimensions and/or weights in excess of the maximum statutory limits in each participating jurisdiction will not be affected;

(d) it is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including but not limited to the development of uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and such other matters as may be pertinent;

(e) in recognition of the limited prospects of federal revision of section 127, Title 23, U.S. Code, and in order to protect participating jurisdictions against any possibility of withholding or forfeiture of federal-aid highway funds, it is the further objective of the participating jurisdictions to secure congressional approval of this agreement and specifically of the vehicle size and weight standards set forth in subsection (a) of this section;

(f) in recognition of desire for a degree of national uniformity of size and weight regulations, it is the further objective to encourage development of broad, uniform size and weight standards on a national basis and further that procedures adopted under this agreement be compatible with national standards.

Article VI. Entry Into Force and Withdrawal

Section 1. This agreement shall enter into force when enacted into law by any two or more jurisdictions. Thereafter, this agreement shall become effective as to any other jurisdiction upon its enactment thereof, except as otherwise provided in section 8, Article III.

Section 2. Any participating jurisdiction may withdraw from this agreement by canceling the same but no such withdrawal shall take effect until 30 days after the designated representative of the withdrawing jurisdiction has given notice in writing of the withdrawal to all other participating jurisdictions.

Article VII. Construction and Severability

Section 1. This agreement shall be liberally construed so as to effectuate the purposes thereof.

Section 2. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any participating jurisdiction or the applicability thereto to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement shall not be affected thereby. If this agreement shall be held contrary to the constitution of any jurisdiction participating herein, the agreement shall remain in full force and effect as to the jurisdictions affected as to all severable matters.

Article VIII. Filing of Documents

Section 1. A copy of this agreement, its amendments, and rules promulgated thereunder and interpretations thereof shall be filed in the highway department in each participating jurisdiction and shall be made available for review by interested parties.

Article IX. Existing Statutes Not Repealed

Section 1. All existing statutes prescribing weight and size standards and all existing statutes relating to special permits shall continue to be of force and effect until amended or repealed by law.

Article X. State Government Departments Authorized to Cooperate With Cooperating Committee

Section 1. Within appropriations available therefor, the departments, agencies, and officers of the government of this state shall cooperate with and assist the cooperating committee within the scope contemplated by Article IV, subsections 1(a) and 1(b) of the agreement. The departments, agencies, and officers of the government of this state are authorized generally to cooperate with said cooperating committee.

Part 1

General Provisions

61-11-101. Report of convictions and suspension or revocation of driver's licenses — surrender of licenses. (1) Whenever any person is convicted of any offense for which chapter 5 makes mandatory the suspension or revocation of the driver's license of the person by the department, the court in which the conviction is had shall require the surrender to it of all driver's licenses then held by the person convicted. The court shall, within 5 days, forward the license to the department and at the same time forward a record of the conviction to the department, providing that if the person does not possess a driver's license the court shall indicate that fact in its report to the department.

(2) Every court having jurisdiction over offenses committed under any act of this state or municipal ordinance regulating the operation of motor vehicles on highways shall forward, within 5 days, to the department a record of the conviction or forfeiture of bail, not vacated, of any person in the court for a violation of any motor vehicle laws, other than regulations governing standing or parking, and may recommend the suspension of the driver's license of the person convicted. The court may also recommend that the department issue a restricted probationary license on the condition that the individual comply with the requirement that the person attend and complete an alcohol information course as provided in 61-8-732. The department shall issue a restricted probationary license unless the person is not entitled to a Montana driver's license. Upon issuance of a probationary license, the licensee is subject to the restrictions set forth and may not operate a vehicle in violation of those restrictions.

(3) Any court or other agency of this state, or a subdivision of the state, that has jurisdiction to take any action suspending, revoking, or otherwise limiting a license to drive shall report the action and the adjudication upon which it is based to the department within 5 days on forms furnished by the department.

61-11-102. Records to be kept by the department. (1) The department shall file every application for a driver's license received by it and shall maintain suitable indexes containing, in alphabetical order:

(a) all applications denied and on each thereof note the reasons for such denial;

(b) all applications granted; and

(c) the name of every licensee whose license has been suspended or revoked by the department and after each such name note the reasons for such action.

(2) The department shall also file all accident reports and abstracts of court records of convictions received by it under the laws of this state and in connection therewith maintain convenient records or make suitable notations in order that an individual record of each licensee showing the convictions of such licensee and certain traffic accidents in which he has been involved shall be readily ascertainable and available for the consideration of the department upon any application for renewal of license and at other suitable times. No record of involvement in a traffic accident may be entered on a licensee's record unless he was convicted, as defined in 61-11-203, for an act causally related to the accident.

(3) The department is further authorized, upon receiving a record of the conviction in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this state, to forward a certified copy of such record to the motor vehicle administrator in the state wherein the person so convicted is a resident.

(4) The department may photograph, microphotograph, photostat, or reproduce on film any of its records. The film or reproducing material must be durable, and the device used to reproduce the records on the film or material must accurately reproduce and perpetuate the original records. Such a photograph, microphotograph, photostatic copy, or photographic film of the original record is an original record for all purposes and is admissible in evidence in all courts or administrative agencies. A facsimile, exemplification, or certified copy of the original record is a transcript of the original for purposes stated in this section.

(5) The department may place on a computer storage device the information contained on original records or reproductions of original records made pursuant to this section. Signatures on records need not be placed on a computer storage device.

(6) A reproduction of the information placed on a computer storage device is an original of the record for all purposes and is admissible in evidence without further foundation in all courts or administrative agencies when the following certification by a custodian of the record appears on each page:

The individual named below, being a duly designated custodian of the driver records of the department of justice, motor vehicle division, certifies this document as a true reproduction, in accordance with 61-11-102(6), of the information contained in a computer storage device of the department of justice, motor vehicle division.

(b) driver's license status and expiration date;

(c) convictions of the licensee; and

(d) traffic accidents in which the licensee was involved.

(2) Information relating to a traffic accident that did not involve a conviction, as defined in 61-11-203, may not be released by the department unless the release is requested or approved by a party involved in the accident or is required by court order or a duly executed subpoena. The department

shall, upon request, furnish a criminal justice agency or any person or firm having a legitimate purpose as determined by the department with the individual Montana driving record of a licensee showing the items listed in subsections (1)(a) through (1)(d).

(3) A fee of $4 must be paid for each individual Montana driving record requested. A fee of $10 must be paid if a certified Montana record, as provided in 61-11-102(6), is requested. All driving records must be provided without charge to any criminal justice agency, as defined in 44-5-103, or other state or federal agency.

Part 2
Habitual Traffic Offenders

61-11-201. Purpose. This part is predicated upon the belief and philosophy that innocent drivers and other innocent passengers and pedestrians have a constitutional right to live, free from fear of death or injury from habitual traffic offenders. Further, it is the purpose of this part to reduce the number of motor vehicle accidents in this state and to provide greater safety to the motoring public and others by denying to the habitual traffic offenders the privilege of operating a motor vehicle upon the public streets and highways of this state.

61-11-202. Legislative intent. It is the legislative intent of this part to:

(1) establish criteria and procedures by which persons who have demonstrated their apparent indifference for the safety and welfare of others and their disrespect for the laws of this state and its political subdivisions and their disregard for the orders of its courts and administrative agencies may be adjudged habitual traffic offenders; and

(2) impose increased deprivation of the privilege to operate a motor vehicle upon these persons.

61-11-203. Definitions. As used in this part, the following definitions apply:

(1) "Conviction" means a finding of guilt by duly constituted judicial authority, a plea of guilty, or a forfeiture of bail, bond, or other security deposited to secure appearance by a person charged with having committed any offense relating to the use or operation of a motor vehicle which is prohibited by law, ordinance, or administrative order.

(2) "Habitual traffic offender" means any person who within a 3-year period accumulates 30 or more conviction points according to the schedule specified in this subsection:

(a) deliberate homicide resulting from the operation of a motor vehicle, 15 points;

(b) mitigated deliberate homicide, negligent homicide resulting from operation of a motor vehicle, or negligent vehicular assault, 12 points;

(c) any offense punishable as a felony under the motor vehicle laws of Montana or any felony in the commission of which a motor vehicle is used, 12 points;

(d) driving while under the influence of intoxicating liquor or narcotics or drugs of any kind or operation of a motor vehicle by a person with alcohol concentration of 0.10 or more, 10 points;

(e) operating a motor vehicle while the license to do so has been suspended or revoked, 6 points;

(f) failure of the driver of a motor vehicle involved in an accident resulting in death or injury to any person to stop at the scene of the accident and give the required information and assistance, as defined in 61-7-105, 8 points;

(g) willful failure of the driver involved in an accident resulting in property damage of $250 to stop at the scene of the accident and give the required information or failure to otherwise report an accident in violation of the law, 4 points;

(h) reckless driving, 5 points;

(i) illegal drag racing or engaging in a speed contest in violation of the law, 5 points;

(j) any of the mandatory motor vehicle liability protection offenses under 61-6-301 and 61-6-302, 5 points;

(k) operating a motor vehicle without a license to do so, 2 points (this subsection (k) does not apply to operating a motor vehicle within a period of 180 days from the date the license expired);

(l) speeding, 3 points;

(m) all other moving violations, 2 points.

(3) There may not be multiple application of cumulative points when two or more charges are filed involving a single occurrence. If there are two or more convictions involving a single occurrence, only the number of points for the specific conviction carrying the highest points is chargeable against that defendant.

(4) "License" means any type of license or permit to operate a motor vehicle.

History: En. 31-177 by Sec. 3, Ch. 362, L. 1974; amd. Sec. 48, Ch. 359, L. 1977; R.C.M. 1947, 31-177(1), (2), (5); amd. Sec. 1, Ch. 519, L. 1979; amd. Sec. 12, Ch. 698, L. 1983; amd. (a) declare the person a habitual traffic offender;

(b) revoke the person's driver's license or driving privileges as provided in 61-11-211; and

(c) notify the person in writing of the declaration and revocation.

(2) The notice must be sent by first-class mail to the most current address on record with the department. The notice must include a certified copy of the person's driving record and copies of all relevant abstracts of convictions and bond forfeitures. The notice must inform the person of the right under 61-11-210 to appeal the declaration and revocation. Service of the notice is complete upon mailing.

61-11-210. Appeals. (1) A person declared to be a habitual traffic offender may file a petition in the district court in the county in which the person resides, or in Lewis and Clark County if the person is not a resident of the state, challenging the declaration and revocation. The petition must be filed within 30 days after the person received notice under 61-11-204. Receipt under

61-11-204 is presumed to be on the third day after the date of mailing. After the petition is filed, a copy must be promptly served on the county attorney of the county in which the petition was filed. The county attorney shall represent the department in the proceeding. Proof of service must be filed with the clerk of the court prior to a hearing or grant of relief. Untimely service or lack of service upon the county attorney waives the right to a hearing. The filing of the petition does not stay enforcement of the revocation.

(2) Upon receipt from the county attorney of notice of the petition, the department shall give the county attorney a certified copy of the abstracts of the records of convictions and bond forfeitures upon which the habitual traffic offender declaration was based.

(3) A hearing date must be set and at least 10 days' notice of the date must be given to the parties. The scope of the hearing is limited to whether the petitioner is the person named in the certified abstracts of convictions and bond forfeitures upon which the habitual traffic offender declaration was based and whether the petitioner is a habitual traffic offender. The petitioner has the burden of proving that the department's actions are invalid or that its records are erroneous.

(4) If the court finds that the petitioner is the person declared by the department to be a habitual traffic offender and that the petitioner is a habitual traffic offender, the court shall dismiss the petition. If the court finds that the petitioner is not the person declared by the department to be a habitual traffic offender or that the petitioner is not a habitual traffic offender, the court shall grant the petition and provide the petitioner with appropriate relief, which must include an order that the department reimburse the petitioner for court fees paid by the petitioner.

(5) Upon a finding adverse to the petitioner, the clerk of the court shall file with the department a copy of the court's order, together with the petitioner's driver's license if the license has not been previously surrendered. If the petition is granted, the clerk of the court shall file with the department a copy of the court's order granting the petition. The order must state the grounds upon which the relief was granted and must specify the court findings on the conviction points, if any, that have been accrued by the petitioner. The department shall then correct the petitioner's driving record to comport with the court's specific findings.

After it declares a person to be a habitual offender, the department shall revoke the person's driver's license or driving privilege for a period of 3 years from the date of the declaration, subject to the provisions of 61-2-302. The department shall remove from the person's record the habitual offender points upon which the habitual traffic offender designation was based.

61-12-102. Private parking services — parking citations. (1) As used in this section, the following definitions apply:

(a) "Local government" means a municipality, if the private parking service operates parking services within a municipality, or a county, if such services are not operated within a municipality.

(b) "Private parking service" means the service of providing areas for parking motor vehicles, as defined in 61-1-102, by the general public for compensation and includes such services conducted:

(i) on private property; or

(ii) on public property under contract or agreement with the local government.

(2) A local government may by ordinance allow a private parking service to impound a motor vehicle. A motor vehicle may not be impounded by attaching a device that makes the motor vehicle immobile.

(3) A private parking service may enter into an agreement with the local government to authorize employees of the private parking service to issue citations for parking violations as defined by state, municipal, or county laws, which occur within the boundaries of the private parking service's parking areas. All such citations must be considered within the jurisdiction of the local government and must be handled in the same manner as citations issued by peace officers thereof.

Enforcement by Department of Transportation Personnel

Part Cross-References

Duties of Department of Transportation, 60-2-202.

61-12-201. Appointment of employees and out-of-state personnel as peace officers — definition. (1) The director of transportation may appoint employees of the department as peace officers to carry out this part. The employees appointed may include only those employees of the department who are employed in the administration of the motor carrier services functions of the department and employees of other states. Out-of-state personnel may be appointed only for the purpose of enforcing gross vehicle weight laws at joint weigh station facilities. Each employee appointed must be issued a certificate of appointment and execute an oath of office, which must be entered into the records of the department.

(2) The department may enter into joint weigh station agreements with other states. If the department enters into a joint weigh station agreement with

another state, the department may not reduce staff levels in the motor carrier services division of the department as a result of the agreement but may reassign staff. However, this subsection does not apply to a reduction in force for the department as a whole.

(3) As used in this part, "department" means the department of transportation.

61-12-303. Requirements for license. (1) The commissioner may not issue a license to a company until the company has filed with him the following:

(a) a formal application in such form and detail as the commissioner may require, executed under oath by its president or other principal officer;

(b) a copy of the form of its contract;

(c) a certified copy of its charter or articles of incorporation and its bylaws, if any;

(d) a financial statement in such form and detail as the commissioner may require, executed on oath by its president or other principal officer;

(e) a certificate from the commissioner that it has complied with 61-12-304 in all cases where a deposit of cash or a bond is required by this part;

(f) a certificate from the corporation commissioner of the state of Montana, in the event it be a corporation, that it has complied with the corporation laws of said state.

(2) The commissioner may not issue a license to a company until the company has paid to the commissioner $100 as an annual license fee, or the pro rata portion thereof necessary to be paid to the end of the current calendar year from the date of the application for the license.

(3) The commissioner may not issue a license to a company until the company has satisfied him by an examination and evidence the commissioner may require, in his discretion, that the company has complied with the laws of the state of Montana and that its management is trustworthy and competent.

History: En. Sec. 3, Ch. 131, L. 1931; re-en. Sec. 4211.3, R.C.M. 1935; R.C.M. 1947, 66-1103; amd. Sec. 19, Ch. 798, L. 1991.

61-12-304. Deposits required. The commissioner may not grant a license to a company until it has deposited with the commissioner the sum of $25,000 in cash or in lieu thereof a bond in a form prescribed by the commissioner payable to the state of Montana in the sum of $25,000, with surety approved by the commissioner, conditioned upon the faithful performance of its service contracts and payment of any fines or penalties levied against it for failure to comply with this part. However, when any company proves to the commissioner that it has been in continuous, active operation in the state for a period of more than the preceding 5 years and has a paid membership of more than 5,000 members within the state or that there are more than 5,000 holders of its service contracts within the state and that it is being properly managed, is rendering to its members the services promised to them, and is financially responsible, the commissioner may not require a cash deposit or bond while the company remains in that condition. The cash deposit or bond is not a penalty but is for the protection of the public only.

61-12-401. Taking vehicle into custody. (1) The following law enforcement agencies may take into custody any motor vehicle found abandoned for a period of 48 hours or more on any public highway, or for a period of 5 days or more on any city street, public property, or private property:

(a) the Montana highway patrol if the vehicle is upon the right-of-way of any public highway other than a county road;

(b) the sheriff of the county if the vehicle is upon the right-of-way of any county road within the county;

(c) the city police if the vehicle is upon a city street within the city.

(2) The Montana highway patrol, sheriff of the county, or the city police may use its or his personnel, equipment, and facilities for the removal and storage of the vehicle, or may hire other personnel, equipment, and facilities for those purposes.

(3) At the request of the owner or person in lawful possession or control of the private property, the sheriff of the county in which the vehicle is located or the city police of the city in which the vehicle is located may remove and hold it in the manner and upon the conditions provided in subsections (1) and (2).

History: **En. Sec. 2, Ch. 288, L. 1967; amd. Sec. 2, Ch. 169, L. 1969; R.C.M. 1947, 53-902; amd. Sec. 1, Ch. 445, L. 1979; amd. Sec. 6, Ch. 88, L. 1987.**

61-12-402. Notice to owner. (1) Within 72 hours after a vehicle is removed and held by or at the direction of the Montana highway patrol, the highway patrol shall notify the sheriff of the county in which the vehicle was located at the time it was taken into custody of the place where the vehicle is being held. In addition, the Montana highway patrol shall furnish the sheriff:

(a) a complete description of the vehicle, including year, make, model, serial number, and license number if available;

(b) any costs incurred to that date in the removal, storage, and custody of the vehicle; and

(c) any available information concerning its ownership.

(2) The sheriff or the city police shall make reasonable efforts to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle taken into custody under 61-12-401. If a name and address are ascertained, the sheriff or the city police shall notify the owner, lienholder, or person of the location of the vehicle.

(3) If the vehicle is registered in the office of the department, notice is considered to have been given when a certified letter addressed to the registered owner of the vehicle and lienholder, if any, at the latest address shown by the records in the office of the department, return receipt requested and postage prepaid, is mailed at least 30 days before the vehicle is sold.

(4) If the identity of the last-registered owner cannot be determined, if the registration does not contain an address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the county where the motor vehicle was abandoned is sufficient to meet all requirements of notice pursuant to this part. The notice by publication may contain multiple listings of abandoned vehicles. The notice must be provided in the same manner as prescribed in 25-13-701(1)(b).

(5) If the abandoned vehicle is in the possession of a motor vehicle wrecking facility licensed under 75-10-511, the wrecking facility may make the required search to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle and shall give the notices required in subsections (2) through (4). The wrecking facility shall deliver to the sheriff or the city police a certificate describing the efforts made to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle and shall deliver to the sheriff or the city police proof of the notice given.

(6) A vehicle found by law enforcement officials to be a junk vehicle, as defined by 75-10-501, and that has a value of $500 or less, as determined by the department, may be directly submitted for disposal in accordance with the provisions of Title 75, chapter 10, part 5, upon a release given by the sheriff or the city police. In the release, the sheriff or the city police shall include a description of the vehicle, including year, make, model, serial number, and license number if available. A release provided by the sheriff or the city police under this section must be transmitted to the motor vehicle wrecking facility

and must be considered by that facility to meet the requirements for records under 75-10-512 and 75-10-513. Vehicles described in this section may be submitted for disposal without notice and without a required holding period.

CHAPTER 13

SEATBELTS

Part 1 — Montana Seatbelt Use Act

61-13-101. Short title.
61-13-102. Definitions.
61-13-103. Seatbelt use required — exceptions.
61-13-104. Penalty — no record permitted.
61-13-105. Education program.
61-13-106. Evidence not admissible.

Part 1
Montana Seatbelt Use Act

61-13-101. Short title. This part may be cited as the "Montana Seatbelt Use Act".

History: En. Sec. 1, Ch. 439, L. 1987.

61-13-102. Definitions. As used in this part, the following definitions apply:

(1) "Department" means the department of justice.

(2) "Highway" means the entire width between the boundary lines of each publicly maintained way when any part thereof is open to public use for vehicular travel.

(3) "Motor vehicle" means a vehicle propelled by its own power and designed primarily to transport persons or property upon the highways of the state.

(4) "Occupants" means the driver and passengers in a motor vehicle.

(5) "Seatbelt" means a system using a lap belt, a shoulder belt, or other belt or combination of belts installed in a motor vehicle to restrain occupants, which system conforms to federal motor vehicle safety standards.

History: En. Sec. 2, Ch. 439, L. 1987.

61-13-103. Seatbelt use required — exceptions. (1) No driver may operate a motor vehicle upon a highway of the state of Montana unless each occupant of a designated seating position is wearing a properly adjusted and fastened seatbelt.

(2) The provisions of this section do not apply to:

(a) an occupant of a motor vehicle who possesses a written statement from a licensed physician that he is unable to wear a seatbelt for medical reasons;

(b) an occupant of a motor vehicle in which all seatbelts are being used by other occupants;

(c) an operator of a motorcycle as defined in 61-1-105 or a motor-driven cycle as defined in 61-1-106;

(d) an occupant of a vehicle licensed as special mobile equipment as defined in 61-1-104;

(e) children subject to the provisions of 61-9-420; or

(f) an occupant who makes frequent stops with a motor vehicle in his official job duties and who may be exempted by the department.

(3) The department may adopt rules to implement subsection (2)(f).

(4) The department or its agent may not require a driver who may be in violation of this section to stop except upon reasonable cause to believe that he has violated another traffic regulation or that his vehicle is unsafe or not equipped as required by law.

History: En. Sec. 3, Ch. 439, L. 1987.

61-13-104. Penalty — no record permitted. (1) A driver who violates 61-13-103 must be fined $20, but the violation is not a misdemeanor pursuant to 45-2-101, 46-18-236, 61-8-104, or 61-8-711. A violation of 61-13-103 may not be counted as a moving violation for purposes of suspending a driver's license under 61-11-203(2)(m). Bond for this offense is $20, and no jail sentence may be imposed.

(2) No violation of 61-13-103 may be recorded or charged against the driver's record of a person violating 61-13-103, and no insurance company shall hold a violation of 61-13-103 against the insured, and there may be no increase in premiums due to a violation of 61-13-103.

History: En. Sec. 4, Ch. 439, L. 1987; amd. Sec. 7, Ch. 365, L. 1993.

61-13-105. Education program. The highway traffic safety division of the department shall continue its program for public information and education concerning the benefits of wearing seatbelts and include within such program the requirements of 61-13-103 and the penalty specified in 61-13-104.

History: En. Sec. 5, Ch. 439, L. 1987.

61-13-106. Evidence not admissible. Evidence of compliance or failure to comply with 61-13-103 is not admissible in any civil action for personal injury or property damage resulting from the use or operation of a motor vehicle, and failure to comply with 61-13-103 does not constitute negligence.

Part 1
Definitions and Policy

67-1-101. Definitions. Unless the context requires otherwise, in this title the following definitions apply:

(1) "Aeronautics" means transportation by aircraft; the operation, construction, repair, or maintenance of aircraft, aircraft power plants and

accessories, including the repair, packing, and maintenance of parachutes; the design, establishment, construction, extension, operation, improvement, repair, or maintenance of airports, restricted landing areas, or other air navigation facilities; and air instruction.

(2) "Aeronautics instructor" means an individual engaged in giving instruction or offering to give instruction in aeronautics, either in flying or ground subjects, or both, for hire or reward, without advertising that occupation, without calling the facilities an "air school" or anything equivalent to an "air school", and without employing or using other instructors. It does not include an instructor in a public school or university of this state or an institution of higher learning accredited and approved for carrying on collegiate work while engaged in duties as an instructor.

(3) "Air carrier" means a person or corporation owning, controlling, operating, or managing aircraft as a scheduled common carrier of passengers or freight for compensation within this state.

(4) "Aircraft" means a contrivance used or designed for navigation of or flight in the air.

(5) "Aircrew" includes an individual who engages, as the person in command or as pilot, mechanic, or member of the crew, in the navigation of aircraft while under way; an individual who is directly in charge of the inspection, maintenance, overhauling, or repair of aircraft engines, propellers, or appliances except for an individual employed outside the United States, an individual employed by a manufacturer of aircraft, aircraft engines, propellers, or appliances to perform duties as inspector or mechanic in connection with them, and an individual performing inspection or mechanical duties in connection with aircraft owned or operated by the individual; and an individual who serves in the capacity of aircraft dispatcher or air traffic control tower operator.

(6) "Air instruction" means the imparting of aeronautical information by an aeronautics instructor or in or by an air school or flying club.

(7) "Air navigation" means the operation or navigation of aircraft in the air space over this state or upon an airport or restricted landing area within this state.

(8) "Air navigation facility" means a facility used in, available for use in, or designed for use in aid of air navigation, including airports, restricted landing areas, and structures, mechanisms, lights, beacons, marks, communicating systems, or other instrumentalities or devices used or useful as an aid or constituting an advantage or convenience to the safe taking off, navigation, and landing of aircraft or the safe and efficient operation or maintenance of an airport or restricted area and any combination of these facilities.

(9) "Airport" means an area of land or water, except a restricted landing area, that is designed for the landing and takeoff of aircraft, whether or not facilities are provided for the shelter, servicing, or repair of aircraft or for receiving or discharging passengers or cargo, and all appurtenant areas used or suitable for airport buildings or other airport facilities and all appurtenant rights-of-way.

(10) "Airport and landing field" means any area of land or water, or both, that is used or is made available for the landing and takeoff of aircraft, owned, leased, controlled, operated, or maintained by the United States, the state of

Montana, or any county or municipality or any of the authorized agencies or branches of a county or municipality within the state of Montana.

(11) "Airport authority" or "authority" means a regional airport authority or municipal airport authority created under chapter 11 and the governing body of a municipality that has determined to exercise the powers of a municipal airport authority under 67-11-102.

(12) "Airport hazard" means a structure, object of natural growth, or use of land that obstructs the air space required for the flight of aircraft in landing or taking off at an airport or restricted landing area or is otherwise hazardous to landing or taking off.

(13) "Airport hazard area" means any area of land or water upon which an airport hazard might be established if not prevented as provided in this title.

(14) "Airport protection privileges" means easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of airports or restricted landing areas, and other protection privileges, the acquisition or control of which is necessary to ensure safe approaches to the landing areas of airports and restricted landing areas and the safe and efficient operation of airports or restricted landing areas.

(15) "Air school" means a person engaged in giving or offering to give instruction in aeronautics, either in flying or ground subjects, or both, for or without hire or reward, and advertising or representing to the public that the person gives or offers to give that instruction. It does not include a public school or university of this state or an institution of higher learning accredited and approved for carrying on collegiate work.

(16) "Board" means the board of aeronautics provided for in 2-15-2506.

(17) "Bonds" means bonds, notes, interim certificates, debentures, or similar obligations issued by an authority under chapter 11.

(18) "Building or structure" means any edifice, structure, or construction of any kind, character, or description and any object of natural growth erected, constructed, grown, located or proposed to be erected, constructed, grown, or located within the area described in 67-5-201 hereof as safety zones, including any edifice, structure, or construction or object within the restricted zones erected, constructed, placed, or located on or over land or water, or both.

(19) "Civil aircraft" means an aircraft other than a public aircraft.

(20) "Commercial air operator" means any person owning, controlling, operating, or managing aircraft for any commercial purpose for compensation.

(21) "Department" means the department of transportation provided for in Title 2, chapter 15, part 25.

(22) "Established perimeter of an airport or landing field", for the purposes of computing all distances and elevations as contemplated by chapter 5, is the metes and bounds and elevations along the respective sides of the airport or landing field as determined by the United States government, the state of Montana, a county, a municipality, or any other public authority owning, leasing, controlling, operating, or maintaining the airport or landing field. The determination and definition must be evidenced by a plat showing the metes and bounds and elevations that must be filed in the records of the public authority for official purposes and subject to inspection and examination at all reasonable times by any interested persons.

(23) "Flying club" means a person other than an individual that, neither for profit nor reward, owns, leases, or uses one or more aircraft for the purpose of instruction or pleasure, or both.

(24) "Governing body" means a city commission, town council, or county commission and the boards, departments, and divisions of those entities, by whatever name they are known, that have charge of finances and management of a municipality or a county.

(25) "Height of buildings and structures" means, for the purposes of chapter 5, the vertical distance measured from the ground or surface level of the airport or landing field on the side adjacent to the building or structure to the level of the highest point of the building or structure.

(26) "Municipal airport authority" or "municipal authority" means a municipal airport authority created under 67-11-102.

(27) "Municipality" or "political subdivision" means a county, city, village, or town of this state and any other political subdivision, public corporation, authority, or district in this state authorized by law to acquire, establish, construct, maintain, improve, and operate airports and other air navigation facilities.

(28) "Navigable air space" means air space above the minimum altitudes of flight prescribed by the laws of this state or by regulations of the department.

(29) "Operation of aircraft" or "operate aircraft" means the use of aircraft for the purpose of air navigation and includes the navigation or piloting of aircraft. A person who causes or authorizes the operation of aircraft, whether with or without the right of legal control (in the capacity of owner, lessee, or otherwise) of the aircraft, operates the aircraft.

(30) "Person" means an individual, firm, partnership, corporation (private, municipal, or public), company, association, joint-stock association, or body politic and includes a trustee, receiver, assignee, or other similar representative.

(31) "Public aircraft" means an aircraft used exclusively in the service of any government or of a political subdivision of a government, including the government of a state, territory, or possession of the United States, or the District of Columbia but not including a government-owned aircraft engaged in carrying persons or property for commercial purposes.

(32) "Real property" means lands, structures, buildings, and interests in land, including lands under water and riparian rights, and all things and rights usually included within the term real property, including not only fee simple absolute but also all lesser interests, such as easements, rights-of-way, uses, leases, licenses, and all other incorporeal hereditaments and every estate, interest, or right, legal or equitable, pertaining to real property.

(33) "Regional airport authority" or "regional authority" means a regional airport authority created under 67-11-103.

(34) "Restricted landing area" means an area of land or water, or both, that is used or is made available for the landing and takeoff of aircraft, the use of which must, except in case of emergency, be only as provided by the department.

(35) "State airway" means a route in the navigable air space over and above the lands or waters of this state, designated by the department as a route suitable for air navigation.

(36) "Structure" means any object constructed or installed by a person, including but not limited to buildings, towers, smokestacks, and overhead transmission lines.

(37) "Tree" means any object of natural growth.

67-1-102. Policy. It is hereby declared that the purpose of this title is to further the public interest and aeronautical progress by:

(1) providing for the protection and promotion of safety in aeronautics;

(2) cooperating in effecting a uniformity of the laws relating to the development and regulation of aeronautics in the several states;

(3) revising existing statutes relative to the development and regulation of aeronautics so as to grant to a state agency such powers and impose upon it such duties that the state may properly perform its functions relative to aeronautics and effectively exercise its jurisdiction over persons and property within such jurisdiction, may assist in the promotion of a statewide system of airports, may cooperate with and assist the political subdivisions of this state and others engaged in aeronautics, and may encourage and develop aeronautics;

(4) establishing uniform regulations, consistent with federal regulations and those of other states, in order that those engaged in aeronautics of every character may so engage with the least possible restriction, consistent with the safety and the rights of others; and

(5) providing for cooperation with the federal authorities in the development of a national system of civil aviation and for coordination of the aeronautical activities of those authorities and the authorities of this state by assisting in accomplishing the purposes of federal legislation and eliminating costly and unnecessary duplication of functions.

67-1-104. Governmental nature of aeronautical functions. The acquisition of lands for establishing airports or other air navigation facilities; the acquisition of airport protection privileges; the acquisition, establishment, construction, enlargement, improvement, maintenance, equipment, and operation of airports and other air navigation facilities, whether by the state separately or jointly with a municipality; the assistance of this state in that acquisition, establishment, construction, enlargement, improvement, maintenance, equipment, and operation; and the exercise of any other powers granted to the department are public and governmental functions exercised for a public purpose and as a matter of public necessity; and such lands and other property and privileges acquired and used by the state in the manner and for the purposes enumerated in this title are acquired and used for public and governmental purposes and as a matter of public necessity.

History: En. Sec. 21, Ch. 152, L. 1945; amd. Sec. 37, Ch. 348, L. 1974; amd. Sec. 2, Ch. 232, L. 1977; amd. Sec. 1, Ch. 234, L. 1977; R.C.M. 1947, 1-502.

67-1-105. Penalties. Unless otherwise provided, any person violating any of the provisions of chapters 1 through 3, except 67-3-212, or any of the rules or orders issued pursuant thereto is guilty of a misdemeanor and punishable by a fine of not more than $500 or by imprisonment in a county jail for not more than 90 days, or both.

History: En. Sec. 22, Ch. 152, L. 1945; R.C.M. 1947, 1-503; amd. Sec. 1, Ch. 140, L. 1979.

Part 2

Uniform Principles

67-1-201. Short title. This part may be cited as the "Uniform State Law for Aeronautics".

History: En. Sec. 10, Ch. 17, L. 1929; re-en. Sec. 2736.10, R.C.M. 1935; R.C.M. 1947, 1-606.

67-1-202. State sovereignty in space. Sovereignty in the space above the lands and waters of this state is declared to rest in the state, except where assumed by the United States law.

History: En. Sec. 5, Ch. 17, L. 1929; re-en. Sec. 2736.5, R.C.M. 1935; R.C.M. 1947, 1-601.

67-1-203. Spatial ownership. The ownership of the space above the lands and waters of this state is declared to be vested in the several owners of the surface beneath, subject to the right of flight described in 67-1-204.

History: En. Sec. 6, Ch. 17, L. 1929; re-en. Sec. 2736.6, R.C.M. 1935; R.C.M. 1947, 1-602.

Cross-References

Surface owner's rights, 70-16-101.

67-1-204. Lawfulness of flight and landings. (1) Flight in aircraft over the lands and waters of this state is lawful, unless it is at such a low altitude as to interfere with the then-existing use to which the land or water or the space over the land or water is put by the owner or unless conducted as to be imminently dangerous to persons or property lawfully on the land or water or in violation of the air commerce regulations that have been or may be promulgated by the department of transportation of the United States.

(2) Aircraft landings and takeoffs from the public waters of this state are lawful if proper safety precautions regarding public waters, as prescribed in 14 CFR, part 91, are taken prior to the landing or takeoff, except as otherwise provided by this section.

(3) Aircraft landings and takeoffs from public roads in this state are lawful if proper safety precautions, as approved by the governing jurisdiction of the roads, are taken prior to the landing or takeoff, except as otherwise provided in this section. However, the local governing jurisdiction may not incur liability as a result of an approval under this subsection.

(4) A person may not operate an aircraft, as pilot of the aircraft, either in the air, on the water, or on the ground, in a careless or reckless manner so as to endanger the life or property of others, including the aircraft being operated and passengers carried in the aircraft.

(5) The willful and malicious use of aircraft in stunting or diving over livestock in a manner calculated to frighten or stampede them is an unlawful use of aircraft, and actual and punitive damages, in addition to the penalties provided by this part, may be recovered in an action for damages caused by the willful and malicious use of the aircraft. As used in this subsection, "livestock" includes ostriches, rheas, and emus.

(6) The landing of an aircraft on the private lands or waters of another without consent is unlawful, except in the case of a forced landing. For damages caused by a forced landing, however, the owner or lessee of the aircraft or the pilot is liable for actual damage caused by the forced landing.

(7) A person may not knowingly operate, attempt to operate, or be in actual physical control of an aircraft while under the influence of alcohol or drugs. "Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination of alcohol and drugs, a person's ability to safely operate the aircraft has been diminished to the slightest degree.

(8) A person having information regarding a violation of subsection (7) shall report the information to the department.

History: En. Sec. 7, Ch. 17, L. 1929; re-en. Sec. 2736.7, R.C.M. 1935; amd. Sec. 1, Ch. 109, L. 1939; amd. Sec. 1, Ch. 16, L. 1949; amd. Sec. 1, Ch. 102, L. 1963; R.C.M. 1947, 1-603; amd. Sec. 1, Ch. 528, L. 1985; amd. Sec. 1, Ch. 542, L. 1987; amd. Sec. 7, Ch. 206, L. 1995.

67-1-205. Penalties. A person who violates any provision of this part, except 67-1-204(8), shall be guilty of a misdemeanor and punishable by a fine of not more than $500 or by imprisonment for not more than 6 months, or both.

History: En. Sec. 8, Ch. 17, L. 1929; re-en. Sec. 2736.8, R.C.M. 1935; R.C.M. 1947, 1-604; amd. Sec. 2, Ch. 542, L. 1987.

67-1-206. Interpretation. This part shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it and to harmonize, as far as possible, with federal laws and regulations on the subject of aeronautics.

History: En. Sec. 9, Ch. 17, L. 1929; re-en. Sec. 2736.9, R.C.M. 1935; R.C.M. 1947, 1-605.

67-1-207 through 67-1-210 reserved.

67-1-211. Alcohol concentration standards — evidence admissible — administration of tests. (1) If a person acting or attempting to act as a crewmember of an aircraft has an alcohol concentration of 0.04% by weight or more as defined in 61-8-407, it may be inferred that the person is under the influence of alcohol and is in violation of 67-1-204.

(2) Evidence of any measured amount or detected presence of alcohol in the person at the time of the act alleged under subsection (1) and any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of the two at the time of the act alleged is admissible in any criminal action or proceeding arising out of acts alleged to have been committed in violation of 67-1-204.

(3) In any criminal action or proceeding arising out of acts alleged to have been committed in violation of 67-1-204, the court or jury may consider federal regulations governing aeronautics.

(4) A person who operates an aircraft over the lands and waters of this state is considered to have given consent to a test of his blood, breath, or urine for the purpose of determining any measured amount or detected presence of alcohol in his body if arrested by a peace officer for operating, attempting to operate, or being in actual physical control of an aircraft while under the influence of alcohol, drugs, or a combination of the two. The test must be administered at the direction of a peace officer who has reasonable grounds to believe the person was operating, attempting to operate, or in actual physical control of an aircraft while under the influence of alcohol, drugs, or a combination of the two. The arresting officer may designate which of the aforesaid tests must be administered. A person who is unconscious or who is otherwise in a condition rendering him incapable of refusal is considered not to have withdrawn the consent provided by this subsection.

(5) If a person charged with violation of 67-1-204 refuses to submit to a test of his blood, breath, or urine for the purpose of determining any measured amount or detected presence of alcohol in his body, none will be given, but proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed in violation of 67-1-204.

(6) The provisions relating to administration of tests provided in 61-8-405 and the definition of alcohol concentration provided in 61-8-407 apply to any testing done to determine any measured amount or detected presence of alcohol in a person and the alcohol concentration of a person charged with violation of 67-1-204.

History: En. Sec. 3, Ch. 542, L. 1987; amd. Sec. 15, Ch. 789, L. 1991.

Part 3
Finance

67-1-301. *(Temporary)* **Money — receipt and disbursement.** (1) All costs and expenses of administering this title, including the salaries of employees of the department engaged in functions pertaining to aeronautics, the expenses of members of the board, and all other disbursements necessary to carry out the purposes of this title, must be paid out of the following revenue:

(a) all gifts and all legislative appropriations to the department for aeronautics;

(b) all money received from any branch or department of the federal government or from other sources for the purposes mentioned in this title or for the furtherance of aeronautics generally in this state.

(2) All money collected under subsection (1) must be deposited in the state treasury to the credit of the department.

(3) When the airport loan program is terminated, any balance of the bond proceeds that is not loaned must remain in the state special revenue fund to be invested, and the income must be used to retire the outstanding debt on the remaining bond proceeds.

(4) (a) The following amounts must be deposited from the proceeds of the 3-cent-per-gallon tax imposed on aviation fuel by 15-70-204(1):

(i) in the state special revenue fund to the credit of the department, an amount equal to the proceeds of 1 cent a gallon collected under 15-70-204(1) for the sole purpose of carrying out its functions pertaining to aeronautics;

(ii) in the aeronautical loan account created in 67-1-305 to the credit of the department, an amount equal to the proceeds of 1 cent a gallon for loans to local governments and state agencies; and

(iii) in a separate account in the state special revenue fund to the credit of the department, an amount equal to the proceeds of 1 cent a gallon to provide grants to municipalities for airport development or improvement programs and to provide navigational aids, safety improvements, weather reporting services, and other aeronautical services for airports and landing fields and for the state's airways.

(b) Money deposited in the account created in 67-1-305 may, with the approval of the board, be used only to provide loans to local governments and state agencies for aeronautical purposes, including airport improvement. The board shall establish procedures, including the interest rate charged, for providing loans. Proceeds of all repayments of loans, including interest, made under this subsection (b) must be deposited in the account created in 67-1-305.

(c) Money deposited in the separate account established in subsection (4)(a)(iii) may, with the approval of the board, be used only to provide grants to municipalities for airport development or improvement programs and to provide navigational aids, safety improvements, weather reporting services, and other aeronautical services for airports and landing fields and for the state's airways. The board shall establish procedures for the awarding of grants.

(5) Except as provided in 15-70-221, the gasoline license tax imposed by the laws of this state on aviation fuel purchased and used for the operation of

airplanes or aircraft may not be refunded. *(Terminates on occurrence of contingency—sec. 17, Ch. 642, L. 1993.)*

67-1-301. *(Effective on occurrence of contingency)* **Money — receipt and disbursement.** (1) All costs and expenses of administering this title, including the salaries of employees of the department engaged in functions pertaining to aeronautics, the expenses of members of the board, and all other disbursements necessary to carry out the purposes of this title, must be paid out of the following revenue:

(a) all gifts and all legislative appropriations to the department for aeronautics;

(b) all money received from any branch or department of the federal government or from other sources for the purposes mentioned in this title or for the furtherance of aeronautics generally in this state.

(2) All money collected under subsection (1) must be deposited in the state treasury to the credit of the department.

(3) When the airport loan program is terminated, any balance of the bond proceeds that is not loaned must remain in the state special revenue fund to be invested, and the income must be used to retire the outstanding debt on the remaining bond proceeds.

(4) (a) The following amounts must be deposited from the proceeds of the 2-cent-per-gallon tax imposed on aviation fuel by 15-70-204(1):

(i) in the state special revenue fund to the credit of the department, an amount equal to the proceeds of 1 cent a gallon collected under 15-70-204(1) for the sole purpose of carrying out its functions pertaining to aeronautics; and

(ii) in a separate account in the state special revenue fund to the credit of the department, an amount equal to the proceeds of 1 cent a gallon for grants to municipalities and for other aeronautical purposes as provided in subsection (4)(b).

(b) Money deposited in the separate account established in subsection (4)(a)(ii) may, with the approval of the board, be used only to provide grants to municipalities for airport development or improvement programs and to provide navigational aids, safety improvements, weather reporting services, and other aeronautical services for airports and landing fields and for the state's airways. The board shall establish procedures for the awarding of grants.

(5) Except as provided in 15-70-221, the gasoline license tax imposed by the laws of this state on aviation fuel purchased and used for the operation of airplanes or aircraft may not be refunded.

Part 5 — Enforcement

67-2-501. Enforcement.
67-2-502. Investigations and hearings.
67-2-503. Use of reports.

Part 1
General Powers

67-2-101. Aeronautical powers and duties of department. (1) The department shall supervise aeronautics within this state. It shall encourage, foster, and assist in the development of aeronautics and encourage the establishment of airports and other air navigation facilities.

(2) The department shall cooperate with and assist the federal government, the political subdivisions of this state, and others engaged in aeronautics or the promotion of aeronautics and shall coordinate the aeronautical activities of these bodies.

(3) The department may designate, design, and establish, expand, or modify a state airways system which will best serve the interests of the state. It may chart that airways system and arrange for publication and distribution of maps, charts, notices, and bulletins relating to the airways which may be required in the public interest. The system shall be supplementary to and coordinated in design and operation with the federal airways system. It may include all types of air navigation facilities, but the facilities must conform to federal safety standards.

(4) The department may draft and recommend necessary legislation to advance the interests of the state in aeronautics and represent the state in aeronautical matters before federal agencies and other state agencies.

(5) The department may participate as party plaintiff or defendant or as intervenor on behalf of the state or a municipality or citizen in a controversy involving any claimed encroachment by the federal government or any foreign state upon state or individual rights pertaining to aeronautics.

(6) The department may use the facilities and services of other agencies of the state when reasonably available.

(7) The department may enter into any contracts necessary to the execution of the powers granted the department by this title.

(8) The department shall grant no exclusive right for the use of an airway, airport, restricted landing area, or other air navigation facility under its jurisdiction. This subsection does not prevent the making of leases in accordance with other provisions of this title.

History: **En. Sec. 7, Ch. 152, L. 1945; amd. Sec. 4, Ch. 348, L. 1974; R.C.M. 1947, 1-204.**

67-2-102. Rules, orders, and standards. (1) The department may perform acts; issue and amend orders; adopt reasonable, general, or special rules; and establish minimum standards, consistent with this title, as it considers necessary to:

(a) carry out this title;

(b) perform its duties for the purpose of protecting and ensuring the general public interest and safety, the safety of persons receiving instruction concerning (or operating, using, or traveling in) aircraft, and of persons and property on land or water; and

(c) develop and promote aeronautics in this state.

(2) All rules prescribed by the department under this title shall be kept in conformity, as nearly as may be, with the then-current federal legislation governing aeronautics and the rules and standards adopted or issued under federal legislation.

67-2-105. Air search and rescue volunteers — expenses — workers' compensation coverage. (1) The department may temporarily employ an aircrew member or other person who volunteers to aid in the aerial search for a missing aircraft being conducted by the department.

(2) The department and volunteer stand in the relationship of employer and employee for purposes of and as those terms are defined in Title 39, chapter 71. The department must have each volunteer covered by the Workers' Compensation Act in Title 39, chapter 71, during the course of the volunteer's assistance.

(3) Volunteers are not salaried employees and are not entitled to wages and benefits. The department may in its discretion reimburse volunteers for their otherwise uncompensated out-of-pocket expenses, including but not limited to their expenditures for fuel, oil, food, and lodging.

Part 3

State Airports

67-2-301. State airports — acquisition. (1) The department may, on behalf of and in the name of this state:

(a) acquire real or personal property by purchase, gift, devise, lease, condemnation proceedings, or otherwise for the purpose of establishing and constructing airports, restricted landing areas, and other air navigation facilities;

(b) acquire in like manner, own, control, establish, construct, enlarge, improve, maintain, equip, operate, regulate, and police airports, restricted landing areas, and other air navigation facilities either within or outside this state;

(c) prior to acquisition, make investigations, surveys, and plans;

(d) erect, install, construct, and maintain facilities at those airports for the servicing of aircraft and for the comfort and accommodation of air travelers; and

(e) dispose of any property, airport, restricted landing area, or any other air navigation facility by sale, lease, or otherwise in accordance with the laws of this state governing the disposition of other like property of the state.

(2) The department may not, however, acquire or take over an airport, restricted landing area, or other air navigation facility owned or controlled by a municipality of this state without the consent of the municipality. The department may erect, equip, operate, and maintain on an airport, buildings and equipment necessary and proper to establish, maintain, and conduct the airport and air navigation facilities connected with it.

(3) Where necessary, in order to provide unobstructed air space for the landing and taking off of aircraft utilizing airports and restricted landing areas acquired or operated under the provisions of this title, the department may acquire, in the manner provided for the acquisition of property for airport purposes, easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of the airports or restricted landing areas, and such other airport protection privileges as are necessary to ensure safe approaches to the landing areas of airports and restricted landing areas and the safe and efficient operation of them. The department may also acquire in the same manner the right or easement, for a term of years or perpetually, to place or maintain suitable marks for the daytime marking and suitable lights for the nighttime marking of airport hazards, including the right of ingress and egress to or from the airport hazards for the purpose of maintaining and repairing the lights and marks. This authority does not limit the right, power, or authority of the state or a municipality to zone property adjacent to an airport or restricted landing area pursuant to a law of this state.

(4) The department may engage in all those activities jointly with the United States, other states, and with municipalities or other agencies of this state.

(5) For the purpose of acquiring any property which it is authorized to acquire, the department may exercise the right of eminent domain, in the name of the state, in the manner provided by the laws of this state for the acquisition of real property for public purposes. The acquisition of property for any of those purposes is a public use.

History: En. Sec. 19, Ch. 152, L. 1945; amd. Sec. 35, Ch. 348, L. 1974; amd. Sec. 1, Ch. 232, L. 1977; R.C.M. 1947, 1-401(1) thru (5).

67-2-302. State airports — operation. (1) The department may:

(a) lease, for a term not exceeding 10 years, airports or other air navigation facilities or real property acquired or set apart for airport purposes to private parties, a municipal or state government or the national government, or a department of either of them, for operation;

(b) lease or assign, for a term not exceeding 10 years, space, area, improvements, or equipment on those airports to private parties, a municipal or state government or the national government, or a department of either for operation or use consistent with the purposes of this title;

(c) sell any part of those airports, other air navigation facilities, or real property to a municipal or state government or to the United States or a department or instrumentality thereof for aeronautical purposes or purposes incidental thereto; and

(d) confer the privilege of concessions for supplying goods, commodities, things, services, and facilities upon the premises of those airports. However, in so doing the public may not be deprived of its rightful, equal, and uniform use thereof.

(2) It may determine the charges or rental for the use of state airports, the charges for service or accommodations under its control, and the terms and conditions under which the properties may be used. However, the public may not be deprived of its rightful, equal, and uniform use of the property. Charges shall be reasonable and uniform for the same class of service and established with due regard to the property and improvements used and the expenses of operation to the state.

(3) The state has, and the department may enforce, agisters' liens as provided by law for repair, improvement, storage, or care of any personal property.

(4) The department may employ persons or contract with persons or firms to provide law enforcement in and around state airports whenever required by federal aviation regulations.

Intergovernmental Cooperation

67-2-401. Cooperation — federal government. (1) The department may confer with or hold joint hearings with any federal aeronautical agency in connection with any matter arising under this title or relating to the sound development of aeronautics and may avail itself of the cooperation, services, records, and facilities of federal agencies, as fully as practicable, in the administration and enforcement of this title. It shall reciprocate by furnishing to the federal agencies its cooperation, services, records, and facilities to the extent practicable.

(2) It shall report to the appropriate federal agency all accidents in aeronautics in this state of which it is informed and preserve, protect, and

prevent the removal of the component parts of any aircraft involved in an accident being investigated by it until a federal agency begins an investigation. It shall report to the appropriate federal agency all refusals by it to register federal licenses, certificates, or permits; all revocations of certificates of registration; the reasons for its action; and all penalties of which it has knowledge imposed upon aircrews for violations of the laws of this state relating to aeronautics or for violations of the rules or orders of the department.

History: En. 1-204.1 by Sec. 5, Ch. 348, L. 1974; R.C.M. 1947, 1-204.1; amd. Sec. 8, Ch. 279, L. 1993.

67-2-402. Cooperation — municipalities. (1) The department may offer its engineering or other technical services, without charge, to a municipality desiring them in connection with the construction, maintenance, or operation or proposed construction, maintenance, or operation of an airport or restricted landing area.

(2) The department may render assistance in the acquisition, development, operation, or maintenance of airports owned, controlled, or operated by municipalities in this state out of appropriations made by the legislature for that purpose.

(3) Municipalities may cooperate with the department in the development of aeronautics and aeronautic facilities in this state.

History: En. 1-204.3 by Sec. 7, Ch. 348, L. 1974; R.C.M. 1947, 1-204.3.

67-2-403. Federal aid. (1) The department may cooperate with the government of the United States and any agency or department thereof in the acquisition, construction, improvement, maintenance, and operation of airports and other air navigation facilities in this state and may comply with the laws of the United States and any regulations made under those laws for the expenditure of federal moneys upon airports and other navigation facilities.

(2) The department may accept, receive, and receipt for federal moneys and other moneys, either public or private, for and in behalf of this state or a municipality of this state, for the acquisition, construction, improvement, maintenance, and operation of airports and other air navigation facilities, whether the work is to be done by the state or by the municipalities or jointly, aided by grants of aid from the United States upon terms and conditions prescribed by the laws of the United States and any rules made under them. The department may act as agent of a municipality of this state upon the request of the municipality in accepting, receiving, and receipting for moneys in its behalf for airports or other air navigation facility purposes and in contracting for the acquisition, construction, improvement, maintenance, or operation of airports or other air navigation facilities financed either in whole or in part by federal moneys. The governing body of a municipality may designate the department as its agent for those purposes and enter into an agreement with it prescribing the terms and conditions of the agency in accordance with federal laws and rules. Moneys paid by the United States government shall be retained by the state or paid to the municipalities under terms and conditions imposed by the United States government in making the grants.

(3) All contracts for the acquisition, construction, improvement, maintenance, and operation of airports or other air navigation facilities made

by the department, either as the agent of this state or as the agent of a municipality, shall be made under the laws of this state governing the making of like contracts by the state or by municipalities. However, where the acquisition, construction, improvement, maintenance, and operation of an airport, landing strip, or other air navigation facility is financed wholly or partially with federal moneys, the department, as agent of the state or of a municipality of the state, may let contracts in the manner prescribed by the federal authorities, acting under the laws of the United States and any rules made under them.

(4) All moneys accepted for disbursement by the department under subsection (2) of this section shall be deposited in the state treasury and, unless otherwise prescribed by the authority from which the money is received, kept in separate funds, designated according to the purposes for which the moneys were made available, and held by the state in trust for those purposes. All those moneys are appropriated for the purposes for which they were made available, to be spent in accordance with federal laws and regulations and with this title. The department may, whether acting for this state or as the agent of any of its municipalities or when requested by the United States government or an agency or department of the United States, disburse the moneys for the designated purposes, but this does not preclude any other authorized method of disbursement.

History: En. Sec. 8, Ch. 152, L. 1945; amd. Sec. 9, Ch. 348, L. 1974; R.C.M. 1947, 1-205.

Enforcement

67-2-501. Enforcement. The department and every state, county, and municipal officer charged with the enforcement of state or municipal laws shall enforce and assist in the enforcement of this title and of all rules adopted under it and of all other laws of this state relating to aeronautics. In the aid of that enforcement, the department possesses general police powers. The department may also, in the name of the state, enforce this title and the rules adopted under it by injunction in the courts of this state.

67-2-502. Investigations and hearings. The department may hold investigations, inquiries, and hearings concerning matters covered by this title, by its orders and rules, and concerning accidents in aeronautics within this state. An officer or employee of the department designated to hold an investigation or hearing may administer oaths and affirmations; certify official acts; issue subpoenas; and compel the attendance and testimony of witnesses and the production of papers, books, and documents. In case of failure to comply with a subpoena or order issued under this title, the department may invoke the aid of a state court of general jurisdiction. The court may then order the witness to comply with the requirements of the subpoena or order or to give evidence pertaining to the matter in question. A failure to obey the order of the court may be punished as a contempt.

Part 1
General Provisions

67-3-101. Regulation and licensing — general provisions. In order to promote the general public interest and safety and to carry out the purposes of this title, the department may:

(1) require the annual registration of federal licenses, permits, or certificates of civil aircraft engaged in air navigation within this state, of aircrews engaged in aeronautics within this state, and of aeronautics instructors giving instruction in flying subjects and may issue certificates of registration. The certificates of registration constitute licenses of the aircraft, aircrews, and instructors for operations within this state to the extent permitted by the federal licenses, certificates, or permits so registered. The department may charge a fee for the registration of each federal license, certificate, or permit not exceeding $10. It may accept as evidence of the holding of a federal license, certificate, or permit the verified application of the owner of the aircraft, a member of the aircrew, or the instructor. The application shall contain information which the department may by rule or order prescribe.

(2) register aircraft repair shops, aircraft, aircraft parts and sales dealers, and other persons operating in aviation and license aircraft repair shops, aircraft, aircraft parts and sales dealers, and other persons operating in aviation, air schools, and aeronautics instructors giving instruction in ground subjects, in accordance with rules to be adopted by the department, and may annually renew these licenses. It may charge for the original licensing of aircraft repair shops, aircraft, aircraft parts and sales dealers, and other persons operating in aviation, air schools, and aeronautics instructors not more than $10 and for the renewal of a license not more than $10.

(3) upon notification by the federal aviation administration that it has revoked the license or certificate of an aircraft, aircrew member, air school, or aeronautics instructor, temporarily or permanently revoke the license or certificate of registration issued for that aircraft, aircrew member, air school, or aeronautics instructor, giving reasons for the action.

67-3-104. Department orders. (1) The department shall set forth its reasons for its action and shall state the requirements to be met before approval will be given, registration permitted, license granted, or order modified or changed before it:

(a) refuses to permit the registration of a license, certificate, or permit;

(b) refuses to grant a license to an air school or to an aeronautics instructor in ground subjects; or

(c) issues an order requiring certain things to be done or revoking a license or certificate.

(2) An order made by the department under this title shall be served upon the interested persons by registered or certified mail or in person.

(3) (a) A person aggrieved by an order of the department or by the granting or denial of a license, certificate, or registration may, within 10 days after receiving notice of the department's order or action, appeal from the order or action to the district court of the county in which the person resides or the county in which any property affected by the order or action is located.

(b) The appellant shall file with the clerk of the district court to which the appeal is taken a notice of appeal which shall state the substance of the order or action appealed from, the date of the order or action, and that the person appeals to the court from it.

(c) The appellant shall serve a copy of the notice of appeal upon the department. The order of filing and service is immaterial.

(d) The appeal shall be heard not less than 10 days or more than 30 days after the filing of the notice of appeal unless the judge, for sufficient cause resulting from press of business or other reason, is unable to hear the appeal within that time. In that event, the hearing may be deferred until it can be heard by the court. The appeal may be heard without formal pleadings.

Part 2

Aircraft, Aircrews, and Instructors

67-3-201. Aircraft registration and licensing required. (1) Except as provided in 67-3-102 and in subsection (6) of this section, a person may not operate or cause or authorize to be operated a civil aircraft within this state unless the aircraft has an appropriate effective registration, license, certificate, or permit issued or approved by the United States government which has been registered with the department and the registration with the department is in force.

(2) Aircraft customarily kept in this state must be registered on or before March 1 of each year with the department, which must charge a fee therefor according to the fee schedule in 67-3-206. The registration must be renewed annually on or before March 1 each year.

(3) Section 67-3-202 and subsections (2) and (4) through (6) of this section do not apply to:

(a) aircraft owned and operated by the federal government, the state, or any political subdivision thereof;

(b) aircraft owned and held by an aircraft dealer solely for the purpose of resale;

(c) aircraft operated by an airline company and regularly scheduled for the primary purpose of carrying persons or property for hire in interstate or international transportation; or

(d) dismantled or otherwise nonflyable aircraft.

(4) An aircraft must be registered in a particular county of the state. This county must be the county of the owner's principal residence, if the owner is a natural person, or the owner's principal place of doing business in the state, if the owner is not a natural person. However, if the owner declares by affidavit that the aircraft is customarily kept at a landing facility in another county within the state, he may register the aircraft as property within such other county.

(5) Aircraft not registered in the state but entering the state to engage in commercial operations shall be registered prior to commencing operation.

(6) Owners of ultralight aircraft for which no appropriate effective license, certificate, or permit is issued by the United States government shall pay the fee required in 67-3-206 and file with the department an appropriate registration recognized and approved by the United States government.

(1) The owner of an aircraft subject to the fee in lieu of property tax must submit an application for registration or registration renewal to the department on or before March 1 of each year. The application must be accompanied by the fee in lieu of tax prescribed in 67-3-206.

(2) An aircraft subject to the fee in lieu of tax may not be registered until payment of the fee is made to the department.

(3) All fees paid to the department for registration must be deposited to the account established in 67-3-205.

History: En. Sec. 1, Ch. 453, L. 1987.

67-3-204. Fee in lieu of tax on registered aircraft — decal. (1) Except as provided in subsection (3), aircraft required to be registered in Montana are subject to a fee. The registration fee is in lieu of property tax.

(2) The department shall issue a decal to the owner of the aircraft required to be registered at the time of payment of the registration fee in lieu of tax, as provided in 67-3-201. No aircraft subject to a fee in lieu of tax may be operated in this state unless there is displayed on the aircraft a decal as visual proof that the fee in lieu of tax has been paid for the aircraft and that the aircraft is registered for the current year.

(3) Aircraft that meet the description of property described in 15-6-145 are exempt from the fee imposed by subsection (1). Aircraft subject to the fee in lieu of tax are exempt from all other taxation.

History: En. Sec. 2, Ch. 453, L. 1987; amd. Sec. 14, Ch. 773, L. 1991.

67-3-205. Aircraft registration account — source of funds — allocation. (1) There is an account in the state special revenue fund to which must be credited all money received from fees paid in lieu of tax on aircraft as required in this part and 15-24-304 and all penalties collected for registration violations as provided in 67-3-202.

(2) Money in the account is allocated as follows:

(a) 90% to the counties in the proportion that each county's collections bear to the total collections statewide; and

(b) 10% to the department for the purpose of administering and enforcing aircraft registration.

(3) The allocations required in subsection (2)(a) must be made twice annually by the department. The first allocation must be made between March 15 and March 30 and the second allocation must be made between July 1 and July 15.

(4) The allocation required in subsection (2)(b) must be made on July 1 of each year.

(5) On receipt of the money allocated as provided in subsection (2)(a), the county treasurer shall distribute the money in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as personal property taxes are distributed.

(6) The allocations required in subsection (2)(a) are considered statutory appropriations as described in 17-7-502.

History: En. Sec. 3, Ch. 453, L. 1987; amd. Sec. 8, Ch. 628, L. 1989.

67-3-206. Schedule of fees in lieu of tax for aircraft. (1) The appropriate fee in lieu of tax imposed on aircraft is based on the age and type of aircraft and must be determined from the following schedule:

	YEARS				
	0 - 5	6 - 10	11 - 20	21 - 30	31 - 40
Single engine, fixed gear, 200 horsepower and under	$ 300	$ 175	$100	$ 50	$ 25
Single engine, fixed gear, over 200 horsepower	500	250	150	75	50
Single engine, retractable gear, 200 horsepower and under	600	300	175	100	75
Single engine, retractable gear, over 200 horsepower	700	400	200	125	100
Multi-engine, piston engine	800	500	250	175	150
Helicopter, piston engine	700	450	225	150	125
Single engine jet helicopter, prop jet	1,500	700	450	300	175
Multi-engine jet helicopter, prop jet	2,000	1,000	600	400	200
Jet engine, no propeller	3,000	1,500	800	500	250

(2) (a) Except as provided in subsection (2)(b), the age of an aircraft is determined by subtracting the manufacturer's designated model year from the current calendar year.

(b) If the purchase year of an aircraft precedes the designated model year of the aircraft and the aircraft is originally titled in Montana, then the purchase year is considered the model year for the purposes of calculating the fee in lieu of tax.

(3) The fee in lieu of tax imposed on any glider, ultralight, gyrocopter, balloon, homebuilt aircraft, antiques, or any aircraft over 40 years old is $20.

Air Operators and Air Carriers

67-3-401. Commercial air operators — insurance. The department shall require every commercial air operator to procure and continue in effect, as long as the commercial air operator continues to offer its services for compensation, adequate protection against liability imposed by law upon a commercial air operator for the payment of damages for personal bodily injuries, including death resulting from those injuries, and property damage as a result of an accident.

History: En. Sec. 4, Ch. 122, L. 1967; amd. Sec. 19, Ch. 348, L. 1974; R.C.M. 1947, 1-314.

67-3-402. Amount of insurance. The department, after a public hearing, shall set the amount of liability insurance, required by 67-3-401, which is reasonably necessary to provide adequate compensation for damage incurred through an accident involving a commercial air operator.

History: En. Sec. 5, Ch. 122, L. 1967; amd. Sec. 20, Ch. 348, L. 1974; R.C.M. 1947, 1-315.

67-3-403. Evidence of insurance. (1) The protection required under 67-3-401, covering each aircraft used or to be used in commercial operations for compensation, shall be evidenced by providing one of the following to the department:

(a) a copy of the policy of insurance issued by a company authorized to write the insurance in the state;

(b) a bond of a surety company authorized to write surety bonds in the state; or

(c) evidence of the qualification of the commercial air operator as a self-insurer as may be authorized by the department.

(2) With the consent of the department, a copy of an insurance policy, certified by the company issuing it to be a true copy of the original policy, a photostatic copy of the original policy, an abstract of the provisions of the policy, or a certificate of insurance issued by the company issuing the policy may be filed with the department instead of the original or a duplicate or counterpart of the policy.

(3) The department may accept policies of insurance written by unauthorized insurers if the policies of insurance meet the rules adopted by the department.

History: En. Sec. 6, Ch. 122, L. 1967; amd. Sec. 21, Ch. 348, L. 1974; R.C.M. 1947, 1-316.

General Provisions

67-4-101. Legislative finding and purpose. It is hereby found that tall trees and structures and certain types of development located in the vicinity of airports endanger the lives and property of users of the airport and of occupants of land in its vicinity. It is also found that the location of tall trees and structures and certain types of development near airports reduce the area available for landing, taking off, and maneuvering aircraft and increase the likelihood of legal action against a local government for noise nuisance, thus destroying the utility of the airports and the public investment in them. It is therefore the purpose of this chapter to promote the public health, safety, and general welfare by the development of compatible noise, height, and land use regulations.

History: En. 1-724 by Sec. 1, Ch. 551, L. 1977; R.C.M. 1947, 1-724.

67-4-102. Definitions. (1) The definitions in 67-1-101 apply to this chapter.

(2) In this chapter the following definitions also apply:

(a) "Airport" means, for the purpose of this chapter, only those airports included on the national airport system plan.

(b) "Airport influence area" means all land in the proximity of an airport, the use of which may be affected by the airport's existence.

(c) "Local government" means any county or incorporated city or town having an airport influence area partially or entirely within its jurisdictional limits.

History: En. 1-725 by Sec. 2, Ch. 551, L. 1977; R.C.M. 1947, 1-725.

Part 2

Airport Influence Areas

67-4-201. Designation of airport influence areas. (1) A local government with an airport shall designate an airport influence area around the airport. The designation must be based on federal aviation administration rules and guidelines. However, an airport influence area may not extend more than 10,000 feet out from the thresholds of the primary instrument approach runway or exceed 1 mile in width on each side of the primary instrument approach runway and its extended centerline. A public hearing must be held by the local government following the procedure prescribed in 67-4-302.

(2) A map of the designation must be filed with the county clerk and recorders of the affected counties and the city clerks of the affected cities and towns.

History: En. 1-726 by Sec. 3, Ch. 551, L. 1977; R.C.M. 1947, 1-726; amd. Sec. 2, Ch. 279, L. 1993.

67-4-202. Temporary effect of designation. Upon the designation of an airport influence area, the use of land within the airport influence area shall be restricted as to height consistent with part 77, federal aeronautics regulations, until rules are adopted pursuant to this chapter. This restriction does not affect nonconforming uses and areas already zoned on July 1, 1977, and may not be imposed for a period of more than 1 year. After the designation of an airport influence area, a person may not recover from a local government, an airport authority, an airport operator, or an airport owner damages caused by noise and vibrations from normal and anticipated normal airport operations.

History: En. 1-727 by Sec. 4, Ch. 551, L. 1977; R.C.M. 1947, 1-727; amd. Sec. 3, Ch. 279, L. 1993.

67-4-203. Development of criteria for regulation of influence area. (1) The local government shall devise criteria and guidelines for regulation of the airport influence area.

(2) The criteria and guidelines for noise regulations shall be designed to promote the public health, safety, and general welfare, and the criteria and guidelines for height and land use regulations shall be designed solely to promote the public safety. The criteria and guidelines shall, at the minimum, give reasonable consideration to, among other things:

(a) the safety of airport users and persons and property in the vicinity of the airport;

(b) the character of the flying operations conducted or expected to be conducted at the airport;

(c) the magnitude and duration of noise produced by aircraft and the number of aircraft flybys;

(d) the nature of the terrain;

(e) the future development of the airport;

(f) the views and mandates of the federal agency charged with the fostering of civil aeronautics as to the aerial surfaces necessary for safe flying operations.

History: En. 1-728 by Sec. 5, Ch. 551, L. 1977; R.C.M. 1947, 1-728.

67-4-204. Amendment of criteria — redesignation of influence area. (1) When circumstance so requires, the local government may amend the criteria and guidelines.

(2) The local government may redefine the boundaries of the influence area of an airport whenever an amendment to the criteria and guidelines so requires or whenever the airport site boundaries are altered.

History: En. 1-732 by Sec. 9, Ch. 551, L. 1977; R.C.M. 1947, 1-732.

67-4-205 through 67-4-210 reserved.

67-4-211. State lands. When an airport influence area lies partially or entirely on state-owned lands, the department of natural resources and conservation shall administer the affected lands in conformance with the criteria and guidelines prescribed by the local governing body.

History: En. 1-731 by Sec. 8, Ch. 551, L. 1977; R.C.M. 1947, 1-731; amd. Sec. 172, Ch. 418, L. 1995.

67-4-301. Local government to adopt rules. Within 1 year of the designation of an airport influence area, each local government affected shall adopt and provide for the administration of rules restricting the height to which structures may be erected and trees allowed to grow within the airport influence area.

History: En. 1-729 by Sec. 6, Ch. 551, L. 1977; R.C.M. 1947, 1-729.

67-4-302. Rulemaking — notice and hearing. Before a local government adopts or amends rules governing the airport influence area, it must hold a public hearing thereon. Unless otherwise specifically provided, when notice of a hearing or other official act is required by this title, the following shall apply:

(1) The notice shall be published two times with at least 7 days separating each publication. The first publication shall be no more than 21 days prior to the action and the last no less than 3 days prior to the action.

(2) The published notice shall contain:

(a) the date, time, and place at which the hearing or other action will occur;

(b) a brief statement of the action to be taken.

67-4-303. Rules to be reasonable — prior nonconforming uses. All rules adopted under this chapter shall be reasonable and may not require the removal or alteration of any structure or tree lawfully in existence when the rules become effective. Such uses are to be treated as prior nonconforming uses which may continue, but rules may prohibit their expansion or their reconstruction or replacement following destruction or substantial damage. Rules may further require that trees in place at the time the rules take effect be maintained by the local government, at its expense, at heights attained at that time. Land in existing residential subdivisions or platted for residential subdivision at the time rules are adopted may continue to be used for residential purposes.

History: **En. 1-738 by Sec. 15, Ch. 551, L. 1977; R.C.M. 1947, 1-738.**

67-4-304. Rules relative to zoning ordinances. (1) If a local government has adopted a zoning ordinance, any rules adopted under this chapter may be made a part of the zoning ordinance and may be administered and enforced in connection with it. However, the zoning ordinance may not limit the effectiveness or scope of the rules adopted pursuant to this chapter.

(2) Where a conflict exists between the rules adopted pursuant to this chapter and any zoning ordinances or resolutions applicable to the same area, the more stringent limitation or requirement shall prevail.

67-4-311. Permit system. (1) The rules adopted pursuant to this chapter shall provide for a permit system for erecting new structures, changing uses of land or structures, and substantially altering, repairing, or replacing existing structures within the airport influence area.

(2) No material change may be made in the use of land and no structure or tree may be erected, altered, planted, or otherwise established in an airport influence area unless a permit for the use has been granted.

(3) No permit may be granted which would allow the establishment of an airport hazard or that would allow a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of the designation of the airport influence area or any subsequent revisions to it or than it was prior to the application for a permit.

History: **En. 1-734 by Sec. 11, Ch. 551, L. 1977; R.C.M. 1947, 1-734.**

67-4-312. Board of adjustment. (1) All rules adopted pursuant to this chapter shall provide for a board of airport hazard adjustment consisting of five members to be appointed for terms and in the manner provided in 76-2-321 through 76-2-328.

(2) All of the provisions of 76-2-321 through 76-2-328 relating to appeals and judicial review are applicable to grievances relating to rules, variances, or permits.

(3) Where a local government has appointed a board of adjustment under the provisions of 76-2-221 through 76-2-228 or 76-2-321 through 76-2-328, the local government may designate the members of that board as the board of airport hazard adjustment required by this chapter, in which case the terms of such members for purposes of this chapter are concurrent with their terms as members of the board of adjustment.

History: **En. 1-736 by Sec. 13, Ch. 551, L. 1977; R.C.M. 1947, 1-736.**

67-4-313. Variance. (1) Any person desiring to erect or increase the height of a structure, permit the growth of a tree, or use property in violation of the rules adopted pursuant to this chapter may apply to the board of airport hazard adjustment for a variance from the rules.

(2) A variance must be granted where a literal application or enforcement of the rules would result in substantial practical difficulty or unnecessary hardship and where the variance would not be contrary to the public interest.

(3) A variance must be granted for a nonconforming use where there is no immediate hazard to safe flying operations or persons and property in the vicinity of the airport and where the noise or vibrations from normal and anticipated normal operations of the airport would not be likely to cause structural damage.

(4) Within an airport influence area a person who obtains a variance for building a structure which is a nonconforming use under rules adopted pursuant to this chapter or a person who takes or buys property subject to a variance is on notice that the airport existed before the variance was granted and that normal and anticipated normal operations of the airport will result in noise and vibrations being projected over the property. A person using a structure built under a variance may not collect damages from a local government, an airport authority, an airport operator, or an airport owner for interference with the enjoyment of that structure caused by noise and vibrations from normal and anticipated normal airport operations.

History: **En. 1-733 by Sec. 10, Ch. 551, L. 1977; R.C.M. 1947, 1-733; amd. Sec. 4, Ch. 279, L. 1993.**

Remedies

67-4-401. Penalty. Any person who violates any provision of this chapter or any rules adopted pursuant to it is guilty of a misdemeanor and punishable by a fine not to exceed $500, imprisonment in a county jail for a period not to exceed 6 months, or both. Each day a violation continues to exist constitutes a separate offense.

AIRPORT HAZARD REGULATION

Part 1 — General Provisions

67-5-101. Purpose.
67-5-102. Exception — emergency landing strips.

Part 2 — Regulation and Restriction

67-5-201. Regulation of building heights.
67-5-202. Regulation of existing structures — power of acquisition.
67-5-203. Duty to acquire permit.
67-5-204. Restriction — lights.
67-5-205 through 67-5-210 reserved.
67-5-211. Enforcement.
67-5-212. Penalty.

Part 1
General Provisions

67-5-101. Purpose. For the purpose of ensuring safety from death or injury for aeronauts and passengers, to protect the property of those engaged in aeronautics, and to encourage and promote air travel and transportation of mail, passengers, express, and freight by air, it is considered necessary to eliminate dangerous obstructions of air space in the vicinity of airports or landing fields which may now be or which may hereafter be acquired, owned, operated, controlled, or maintained by the United States, the state of Montana or any county or municipality thereof. In order to promote the public order, health, and safety by providing unobstructed air space for the safe descent, landing, ascent, and operation of aircraft utilizing public airports in the state of Montana, the height of buildings and other structures in the vicinity of the airports and landing fields in the state of Montana owned, leased, operated, maintained, or controlled by any of those public authorities shall be regulated and restricted as hereafter provided.

History: En. Sec. 1, Ch. 12, L. 1939; amd. Sec. 3, Ch. 232, L. 1977; R.C.M. 1947, 1-701.

67-5-102. Exception — emergency landing strips. This chapter shall not apply to any landing fields or strips now established or hereafter established by the civil aeronautics authority of the United States government, known as "emergency landing strips", which do not provide at least 1,800 feet of landing area in all directions and which do not provide facilities for the housing, supply, and servicing of aircraft.

History: En. Sec. 7, Ch. 12, L. 1939; R.C.M. 1947, 1-707.

Part 2
Regulation and Restriction

67-5-201. Regulation of building heights. (1) The height of buildings and other structures shall be regulated for the purposes set forth in 67-5-101, considering among other things:

(a) requirements and facilities necessary to secure the safe descent, landing, ascent, and operation of aircraft utilizing the public airports and landing fields in the state of Montana;

(b) hazards from the obstruction of air space and the relation of the height of buildings and other structures in the vicinity of such airports and landing fields to such hazards;

(c) the area within which buildings and other structures may dangerously obstruct air space in the vicinity of public airports and landing fields and the height of buildings or other structures within such area which is consistent with the safe use of such airports and landing fields; and

(d) the maintenance and use of either obstruction markers or lights, or both, upon buildings and other structures within such area as safety devices.

(2) The height of buildings and other structures is regulated and restricted within a distance of 2 miles from any public airport or landing field, measured at a right angle from any side or in a radial line from any corner of the established boundary line thereof, in any and all directions, as follows:

(a) The trapezoidal portion of the total 2-mile zone area, 500 feet in width at the boundary of the field or airport and broadening to a width of 2,500 feet 2 miles distant, the centerline of which is a continuation of the centerline of each runway at and upon such public airports and landing fields, known as the approach zone, may have no building or other structure or natural feature or object of any kind therein, the height of which is more than one-twentieth its distance from the nearest boundary of the airport or landing field.

(b) The remaining portion of the 2-mile zone area surrounding such public airports and landing fields, lying between the approach zones and known as turning zones, may have no building or other structure or natural feature or object of any kind therein, the height of which is more than one-seventh its distance from the nearest boundary of the airport or landing field.

(3) In measuring distances and heights to determine the zone standard, measurements shall be taken from the nearest side of the building or structure

or other object to the nearest side of the airport or landing field. In the event of airports having boundaries not regular, the nearest established perimeter of such port and field shall be used, as distinguished from the actual boundary.

History: **En. Sec. 2, Ch. 12, L. 1939; amd. Sec. 4, Ch. 232, L. 1977; R.C.M. 1947, 1-702.**

67-5-202. Regulation of existing structures — power of acquisition. With respect to any building or other structure existing on February 7, 1939, which does not conform to the regulations of this chapter in the manner of height, the governmental authority affected thereby (whether the United States, the state of Montana, the several counties, or the several municipalities) in its own right and name, to protect its own airports and landing fields and to carry out the purposes and provisions of this chapter, shall have and is hereby given the right and authority to acquire by purchase, grant, or condemnation, such estate or interest in any such building or structure or other object, whether natural object or not, and/or in the lands upon which situated as is necessary to vest full and absolute ownership and control in perpetuity of the space above such land to the extent necessary to correct or abate the height of any such nonconforming building or other structure or object to meet the requirements of this chapter as to height limitation within the zones designated.

History: **En. Sec. 5, Ch. 12, L. 1939; R.C.M. 1947, 1-705.**

67-5-203. Duty to acquire permit. (1) Each person, firm, or corporation in this state proposing to erect, establish, or maintain any building or other structure that would exceed the height limit established by law or to grow any natural object that would exceed such limit when grown, whenever the proposed erection or growth is within 2 miles of a public airport or landing field, shall apply to the proper officer of the United States or the state of Montana or any county or municipality thereof, whichever of those bodies has control of the airport or landing field affecting the area, for a permit to erect, establish, or maintain the structure, building, or object proposed.

(2) No permit may be granted unless the specifications of the building or other structure or object reveal that the total height does not or will not exceed the height limits fixed by law for the zone in which the same is to be established.

(3) No permit may be issued in violation of this section, and any permit which is issued in violation of this section is void.

History: **En. Sec. 4, Ch. 12, L. 1939; amd. Sec. 5, Ch. 232, L. 1977; R.C.M. 1947, 1-704.**

67-5-204. Restriction — lights. No searchlight, beacon light, or other glaring light shall be used, maintained, or operated within said Montana airport zoning areas so that the same shall reflect, glare, or shine upon or in the direction of the airports.

History: **En. Sec. 8, Ch. 12, L. 1939; R.C.M. 1947, 1-708.**

67-5-205 through 67-5-210 reserved.

67-5-211. Enforcement. A public body or governmental authority owning, operating, or maintaining a public airport or landing field or that creates a municipal or regional airport authority for that purpose shall enforce the provisions of this chapter as it pertains to areas surrounding the particular airport under the control of the body or authority. This chapter must be enforced in either a court of law or of equity in the state of Montana having jurisdiction of the action. Cases must be instituted in the name of the governmental body charged with the enforcement of this chapter. An action may be brought to prevent the erection, construction, or maintenance of buildings or other structures or parts of buildings or structures as may exceed the height limits fixed by this law or to restrain, correct, or abate any violation and to prevent the occupancy and use of any part of a building or structure erected in violation of this law.

History: En. Sec. 3, Ch. 12, L. 1939; R.C.M. 1947, 1-703; amd. Sec. 5, Ch. 279, L. 1993.

Each such person, firm, or corporation shall be deemed guilty of a separate offense for every day during any portion of which any violation of this law is committed, continued, or permitted by such person, firm, or corporation and shall be punishable as provided by such law.

Chapter Cross-References

Part 1
General Provisions

67-6-101. Short title. This chapter shall be known and may be cited as the “Airport Zoning Act”.

History: **En. Sec. 14, Ch. 287, L. 1947; R.C.M. 1947, 1-723.**

67-6-102. Legislative finding and purpose. (1) It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking off, and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein.

(2) Accordingly, it is hereby declared:

(a) that the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question;

(b) that it is therefore necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and

(c) that this should be accomplished, to the extent legally possible, by exercise of the police power, without compensation.

(3) It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein.

History: **En. Sec. 2, Ch. 287, L. 1947; R.C.M. 1947, 1-711.**

67-6-103. Constitutional restriction. In any case in which airport zoning regulations adopted under this chapter, although generally reasonable, are held by a court to interfere with the use or enjoyment of a particular structure or parcel of land to such an extent or to be so onerous in their application to such a structure or parcel of land as to constitute a taking or deprivation of that property in violation of the constitution of this state or the constitution of the United States, such holding shall not affect the application of such regulations to other structures and parcels of land.

History: **En. Sec. 10, Ch. 287, L. 1947; R.C.M. 1947, 1-719.**

67-6-201. Airport zoning power. (1) In order to prevent the creation or establishment of airport hazards, every political subdivision having an airport hazard area within its territorial limits may adopt, administer, and enforce, under the police power and in the manner and upon the conditions prescribed, airport zoning regulations for such airport hazard area, which regulations may divide such area into zones and, within such zones, specify the land uses permitted and regulate and restrict the height to which structures and trees may be erected or allowed to grow.

(2) Where an airport is owned or controlled by a political subdivision and any airport hazard area appertaining to such airport is located outside the territorial limits of said political subdivision, within or without the state, the political subdivision owning or controlling the airport and the political subdivision within which the airport hazard area is located may, by ordinance or resolution duly adopted, create a joint airport zoning board, which board shall have the same power to adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area in question as that vested by subsection (1) in the political subdivision within which such area is located. Each such joint board shall have as members two representatives appointed by each political subdivision participating in its creation and in addition a chairman elected by a majority of the members so appointed.

(3) If in the judgment of a political subdivision owning or controlling an airport, the political subdivision within which is located an airport hazard area appertaining to that airport has failed to adopt or enforce reasonably adequate airport zoning regulations for such area under subsection (1) and if that political subdivision has refused to join in creating a joint airport zoning board as authorized in subsection (2), the political subdivision owning or controlling the airport may itself adopt, administer, and enforce airport zoning regulations for the airport hazard area in question. In the event of conflict between such regulations and any airport zoning regulations adopted by the political subdivision within which the airport hazard area is located, the regulations of the political subdivision owning or controlling the airport shall govern and prevail.

History: **En. Sec. 3, Ch. 287, L. 1947; R.C.M. 1947, 1-712.**

67-6-202. Airport zoning regulations — procedure — commission. (1) In adopting, amending, and repealing airport zoning regulations under this chapter, the political subdivision or joint airport zoning board shall follow the procedure prescribed by the laws of this state for the adoption, amendment, or repeal of comprehensive zoning regulations, as provided in Title 76, chapter 2, part 3.

(2) Prior to the initial zoning of any airport hazard area under this chapter, the political subdivision or joint airport zoning board which is to adopt the regulations shall appoint a commission, to be known as the airport zoning commission, to recommend the boundaries of the various zones to be established and the regulations to be adopted therefor. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the legislative body of the political subdivision or the joint airport zoning board shall not hold its public hearings or take other action until it has received the final report of such commission. Where a city planning commission or comprehensive zoning commission already exists, it may be appointed as the airport zoning commission.

History: **En. Sec. 5, Ch. 287, L. 1947; R.C.M. 1947, 1-714.**

67-6-203. Airport zoning regulations — requirements. (1) All airport zoning regulations adopted under this chapter shall be reasonable, and none shall impose any requirement or restriction which is not reasonably necessary to effectuate the purposes of this chapter. In determining what regulations it may adopt, each political subdivision and joint airport zoning board shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport hazard area, the character of the neighborhood, and the uses to which the property to be zoned is put and adaptable.

(2) No airport zoning regulations adopted under this chapter shall require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended or otherwise interfere with the continuance of any nonconforming use, except as provided in 67-6-207(3).

History: En. Sec. 6, Ch. 287, L. 1947; R.C.M. 1947, 1-715.

67-6-204. Zoning regulations — merger or conflict. (1) In the event that a political subdivision had adopted or hereafter adopts a comprehensive zoning ordinance regulating, among other things, the height of buildings, any airport zoning regulations applicable to the same area or portion thereof may be incorporated in and made a part of such comprehensive zoning regulations and be administered and enforced in connection therewith.

(2) In the event of conflict between any airport zoning regulations adopted under this chapter and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter and whether such other regulations were adopted by the airport zoning regulations or by some other political subdivision, the more stringent limitation or requirement shall govern and prevail.

History: En. Sec. 4, Ch. 287, L. 1947; R.C.M. 1947, 1-713.

67-6-205. Airport zoning regulations — administration. All airport zoning regulations adopted under this chapter shall provide for the administration and enforcement of such regulations by an administrative agency which may be an agency created by such regulations or any official, board, or other existing agency of the political subdivision adopting the regulations or of one of the political subdivisions which participated in the creation of the joint airport zoning board adopting the regulations, if satisfactory to that political subdivision; but in no case shall such administrative agency be or include any member of the board of adjustment. The duties of any administrative agency designated pursuant to this chapter shall include that of hearing and deciding all permits under 67-6-207(1), but such agency shall not have or exercise any of the powers herein delegated to the board of adjustment.

History: En. Sec. 8, Ch. 287, L. 1947; R.C.M. 1947, 1-717.

67-6-206. Board of adjustment. All airport zoning regulations adopted under this chapter shall provide for a board of adjustment to be appointed in the manner and have and exercise all the powers provided in 76-2-321 through 76-2-328, and each and all of the provisions of said sections relating to appeals and judicial review shall be applicable to this chapter.

History: En. Sec. 9, Ch. 287, L. 1947; R.C.M. 1947, 1-718.

67-6-207. Permits — variances. (1) When advisable to facilitate the enforcement of this chapter, a system may be established for granting permits to establish or construct new structures and other uses. In any event, before any nonconforming structure may be replaced with a taller one or any nonconforming tree allowed to grow higher or be replanted, a permit must be secured from the administrative agency authorized to administer and enforce the regulations authorizing such replacement or change. No such permit shall be granted that would allow the structure to become a greater hazard to air navigation than it was when the applicable regulation was adopted. Whenever the administrative agency determines that a nonconforming structure or tree has been abandoned or more than 80% torn down, destroyed, deteriorated, or decayed, no permit shall be granted that would allow said structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations. Except as indicated, all applications for permits for replacement, change, or repair of nonconforming uses shall be granted.

(2) Any person desiring to erect any structure, increase the height of any structure, permit the growth of any tree, or otherwise use his property in violation of airport zoning regulations adopted under this chapter may apply to the board of adjustment for a variance from the zoning regulations in question. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of the regulations and this chapter. Any variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of this chapter.

(3) In granting any permit or variance under this section, the administrative agency or board of adjustment may, if it deems such action advisable to effectuate the purposes of this chapter and reasonable in the circumstances, so condition such permit or variance as to require the owner of the structure or tree in question to permit the political subdivision, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

67-6-211. Penalty — injunction. Each violation of this chapter or of any regulations, orders, or rulings promulgated or made pursuant to this chapter shall constitute a misdemeanor and shall be punishable by a fine of not more than $500 or imprisonment for not more than 6 months or by both such fine and imprisonment, and each day a violation continues to exist shall constitute a separate offense. In addition the political subdivision or agency adopting zoning regulations under this chapter may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of this chapter or of airport zoning regulations adopted under this chapter or of any order or ruling made in connection with their administration or enforcement; and the court shall adjudge to the plaintiff such relief, by way of injunction (which may be mandatory) or otherwise, as may be proper under all the facts and circumstances of the case, in order fully to effectuate the purposes of this chapter and of the regulations adopted and orders and rulings made pursuant thereto.

Miscellaneous Provisions

67-6-301. Acquisition of property rights when zoning not sufficient. The political subdivision within which the property or nonconforming use is located or the political subdivision owning the airport or served by it may acquire, by purchase, grant, or condemnation in the manner provided by the law under which political subdivisions are authorized to acquire real property for public purposes, such air right, aviation easement, or other estate or interest in the property or nonconforming structure or use in question as may be necessary to effectuate the purposes of this chapter, in any case in which:

(1) it is desired to remove, lower, or otherwise terminate a nonconforming structure or use;

(2) the approach protection necessary cannot, because of constitutional limitations, be provided by airport zoning regulations under this chapter; or

(3) it appears advisable that the necessary approach protection be provided by acquisition of property rights rather than by airport zoning regulations.

General Provisions

67-10-101. Short title. This chapter may be cited as the "Municipal Airports Act".

History: En. Sec. 22, Ch. 288, L. 1947; R.C.M. 1947, 1-828; amd. Sec. 2, Ch. 140, L. 1979.

67-10-102. Acquisition and establishment of airports and landing fields. (1) Counties, cities, and towns in this state may, either individually or by the joint action of a county and one or more of the cities and towns within its border, acquire by gift, deed, purchase, or condemnation land for airport or landing field purposes and thereon establish, construct, own, control, lease, equip, improve, operate, and regulate airports or landing fields for the use of airplanes and other aircraft and may use for such purpose or purposes any property suitable therefor that now or may at any time hereafter be acquired, owned, or controlled by such county, city, or town.

(2) In addition a county, city, or town may do the acts authorized by this section by acting jointly with one or more counties, with one or more cities, with one or more towns, or any combination of such counties, cities, or towns. Such airport need not be located, in whole or in part, within the limits of each subdivision participating in the joint venture.

67-10-103. Public purpose. (1) Any lands acquired, owned, controlled, or occupied by any county, city, or town, individually or pursuant to joint action as herein provided for the purposes enumerated in 67-10-102, are acquired, owned, controlled, and occupied for a public use and as a matter of public necessity, and such counties, cities, and towns, whether acting individually or jointly, have the right to acquire property for such purposes under the power of eminent domain as and for a public use or necessity.

(2) The acquisition of any land or interest therein pursuant to this chapter; the planning, acquisition, establishment, development, construction, improvement, maintenance, equipment, operation, regulation, protection, and policing of airports and air navigation facilities, including the acquisition or elimination of airport hazards; and the exercise of any other powers herein granted to municipalities and other public agencies, to be severally or jointly exercised, are public and governmental functions, exercised for a public purpose and matters of public necessity and, in the case of any county, are county functions and purposes as well as public and governmental and, in the case of any municipality other than a county, are municipal functions and purposes as well as public and governmental. All land and other property and privileges acquired and used by or on behalf of any municipality or other public agency in the manner and for the purposes enumerated in this chapter are acquired and used for public and governmental purposes and as a matter of public necessity and, in the case of a county or municipality, for county or municipal purposes, respectively.

Part 2

General Powers of Municipality Relating to Airports

Part Cross-References

Restrictions on annexation power, 7-2-4503.

67-10-201. General municipal powers. (1) Every municipality may, out of any appropriations or other money made available for such purposes, plan, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect, and police airports and air navigation facilities, either within or without the territorial limits of such municipality and within or without the territorial boundaries of this state, including the construction, installation, equipment, maintenance, and operation at such airports of buildings and other facilities for the servicing of aircraft or for the comfort and accommodation of air travelers and the purchase and sale of supplies, goods, and commodities as an incident to the operation of its airport properties. For such purposes the municipality may use any available property that it may now or hereafter own or control and may, by purchase, gift, devise, lease, eminent domain proceedings, or otherwise, acquire property, real or personal, or any interest therein, including easements, in airport hazards or land outside the boundaries of an airport or airport site, as is necessary to permit safe and efficient operation of the airport; to permit the removal, elimination, obstruction-marking, or obstruction-lighting of airport hazards; or to prevent the establishment of airport hazards.

(2) The municipality may, by purchase, gift, devise, lease, eminent domain proceedings, or otherwise, acquire existing airports and air navigation facilities, provided however it may not acquire or take over any airport or air navigation facility owned or controlled by another municipality or public agency of this or any other state without the consent of such municipality or public agency.

(3) For the purposes of this chapter, a municipality may establish or acquire and maintain, within or bordering upon the territorial limits of the municipality, airports in, over, and upon any public waters of this state, any submerged lands under such public waters and any artificial or reclaimed lands which before the artificial making or reclamation thereof constituted a portion of the submerged lands under such public waters, and may construct and maintain terminal buildings, landing floats, causeways, roadways, and bridges for approaches to or connecting with any such airport, and landing floats and breakwaters for the protection thereof.

(4) All air navigation facilities established or operated by municipalities shall be supplementary to and coordinated in design and operation with those established and operated by the federal and state governments.

(5) A municipality may enter into any contracts necessary for the execution of the powers granted it and for the purposes provided by this chapter.

History: En. Secs. 2, 13, Ch. 288, L. 1947; R.C.M. 1947, 1-809, 1-820; amd. Sec. 5, Ch. 140, L. 1979.

67-10-202. Creation of board — funding — rules. (1) The county, city, or town, acting individually or acting jointly as authorized by 67-10-102, having established an airport or landing field and acquired property for such purpose, may construct, improve, equip, maintain, and operate the same and for that purpose may create a board or body from the inhabitants of such county, city, or town, or such joint subdivisions of the state for the purpose of conferring upon them, and may confer upon them, the jurisdiction for the improvement, equipment, maintenance, and operation of such airport or landing field. The board of county commissioners, the city or town council, as the case may be, or the board of county commissioners and the council or councils under a joint venture may adopt rules and establish fees or charges for the use of such airport or landing field or may authorize such board or body to do so, subject, however, to the approval of the appointing power before the same shall take effect. All expenses of such construction, improvement, equipment, maintenance, and operation shall be a charge against such county, city, or town; or when a county, city, or town acts jointly under the authority herein given, such charges shall be against the joint subdivisions of the state and shall be apportioned according to benefits to accrue, the proportion to be paid by each to be fixed in advance by joint resolution of the governing bodies.

(2) For the purpose of meeting the charges mentioned when the airport or landing field is such joint venture, a joint fund shall be created and maintained into which each of the political subdivisions interested shall deposit its proportionate share in accordance with the predetermination of the board of county commissioners and council or councils affected.

(3) All disbursements from such fund shall be made by order of such joint board or body, if one be created as authorized, otherwise under such rules as the joint control by the commissioners and council or councils may adopt.

67-10-203. Mutual assistance. If any municipality determines that the public interest and the interests of the municipality will be served by assisting any other municipality or municipalities in exercising the powers and authority granted by this chapter, such municipality may furnish assistance by gift of real or personal property or lease or loan thereof with or without charge or interest. In appropriating such property or money and providing for such assistance by taxation, the issuance of bonds, or other means, the municipality may exercise all of its powers as though used for its own direct purposes as provided in this chapter.

History: En. Sec. 12, Ch. 288, L. 1947; R.C.M. 1947, 1-819; amd. Sec. 6, Ch. 140, L. 1979.

67-10-204. Joint exercise of powers. (1) For the purposes of 67-10-204 through 67-10-206, unless otherwise qualified, the term "public agency" includes municipality, as defined in this title; any agency of the state government and of the United States; and any municipality, political subdivision, and agency of another state; and the term "governing body" means the governing body of a county or municipality and the head of the agency if the public agency is other than a county or municipality.

(2) All powers, privileges, and authority granted to any municipality by this chapter may be exercised and enjoyed jointly with any public agency of this state and jointly with any public agency of any other state or of the United States to the extent that the laws of such other state or of the United States permit such joint exercise or enjoyment. If not otherwise authorized by law, any agency of the state government when acting jointly with any municipality may exercise and enjoy all of the powers, privileges, and authority conferred by this chapter upon a municipality.

(3) Any two or more public agencies may enter into agreements with each other for joint action pursuant to the provisions of 67-10-204 through

67-10-206. Concurrent action by ordinance, resolution, or otherwise of the governing bodies of the participating public agencies constitutes joint action. Each such agreement shall specify its duration; the proportionate interest which each public agency has in the property, facilities, and privileges involved; the proportion to be borne by each public agency of preliminary costs and costs of acquisition, establishment, construction, enlargement, improvement, and equipment of the airport or air navigation facility; the proportion of the expenses of maintenance, operation, regulation, and protection thereof to be borne by each; and such other terms as are required by the provisions of 67-10-204 through 67-10-206. The agreement may also provide for amendments thereof and conditions and methods of termination of the agreement; the disposal of all or any of the property, facilities, and privileges jointly owned, prior to or upon said property, facilities, and privileges, or any part thereof, ceasing to be used for the purposes provided in this chapter or upon termination of the agreement; the distribution of the proceeds received upon any such disposal and of any funds or other property jointly owned and undisposed of; the assumption or payment of any indebtedness arising from the joint venture which remains unpaid upon the disposal of all assets or upon a termination of the agreement; and such other provisions as may be necessary or convenient.

History: En. Sec. 14, Ch. 288, L. 1947; amd. Sec. 1, Ch. 10, L. 1975; R.C.M. 1947, 1-821(a), (b); amd. Sec. 7, Ch. 140, L. 1979.

67-10-205. Joint airport board. (1) Public agencies acting jointly pursuant to 67-10-204 through 67-10-206 shall create a joint board which shall consist of members appointed by the governing body of each participating public agency. Per diem and mileage of such joint board may be set by resolution of the board of county commissioners. The number to be appointed and their term shall be provided for in the joint agreement. Each such joint board shall organize, select officers for terms to be fixed by the agreement, and from time to time adopt and amend rules for its own procedure. The joint board shall have power to plan, acquire, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect, and police any airport or air navigation facility or airport hazard to be jointly acquired, controlled, and operated; and such board may exercise on behalf of its constituent public agencies all the powers of each with respect to such airport, air navigation facility, or airport hazard, subject to the limitations of subsection (2) of this section.

(2) (a) The total expenditures to be made by the joint board for any purpose in any calendar year shall be determined by a budget approved by the governing bodies of its constituent public agencies.

(b) No airport, air navigation facility, airport hazard, or real or personal property, the cost of which is in excess of sums therefor fixed by the joint agreement or allotted in the annual budget, may be acquired by the joint board without the approval of the governing bodies of its constituent public agencies.

(c) Eminent domain proceedings under 67-10-204 through 67-10-206 may be instituted only by authority of the governing bodies of the constituent public agencies of the joint board. If so authorized, such proceedings shall be instituted in the names of the constituent public agencies jointly, and the property so acquired shall be held by said public agencies as tenants in common until conveyed by them to the joint board.

(d) The joint board shall not dispose of any airport, air navigation facility, or real property under its jurisdiction except with the consent of the governing bodies of its constituent public agencies, provided that the joint board may, without such consent, enter into the contract, lease, or other arrangements contemplated by 67-10-302.

(e) Any resolutions, rules, or orders of the joint board dealing with subjects authorized by 67-10-301 shall become effective only upon approval of the governing bodies of the constituent public agencies, provided that upon such approval, the resolutions, rules, or orders of the joint board shall have the same force and effect in the territories or jurisdictions involved as the ordinance, resolutions, rules, or orders of each public agency would have in its own territory or jurisdiction.

For the purpose of providing a joint board with moneys for the necessary expenditures in carrying out the provisions of 67-10-204 and 67-10-205, a joint fund shall be created and maintained into which shall be deposited the share of each of the constituent public agencies as provided by the joint agreement. Each of the constituent public agencies shall provide its share of the fund from sources available to each. Any federal, state, or other contributions or loans and the revenues obtained from the joint ownership, control, and operation of any airport or air navigation facility under the jurisdiction of the joint board shall be paid into the joint fund. Operation of Airports

67-10-301. Municipal regulation. (1) A municipality which has established or acquired or which may establish or acquire an airport or air navigation facility is authorized to adopt, amend, and repeal such reasonable ordinances, resolutions, rules, and orders as it shall deem necessary for the management, government, and use of such airport or air navigation facility under its control, whether situated within or without the territorial limits of the municipality. For the enforcement thereof, the municipality may, by ordinance or resolution, as may by law be appropriate, appoint airport guards or police with full police powers and fix penalties within the limits prescribed by law for the violation of the ordinances, resolutions, rules, and orders. Said penalties shall be enforced in the same manner in which penalties prescribed by other ordinances or resolutions of the municipality are enforced. To the extent that an airport or other air navigation facility controlled and operated by a municipality is located outside the territorial limits of the municipality, it shall, subject to federal and state laws and rules, be under the jurisdiction and control of the municipality controlling or operating it, and no other municipality shall have any authority to charge or exact a license fee or occupation tax for operations thereon.

(2) All ordinances, resolutions, rules, or orders which are issued by the municipality shall be kept in substantial conformity with the laws of this state or any regulations promulgated or standards established pursuant thereto and, as nearly as may be, with the federal laws governing aeronautics and the rules and standards duly issued thereunder.

67-10-302. Granting of operation and use privileges. (1) In operating an airport or air navigation facility owned, leased, or controlled by a municipality, the municipality may, except as may be limited by the terms and conditions of any grant, loan, or agreement pursuant to 67-10-405, enter into contracts, leases, and other arrangements for a term not exceeding 40 years with any persons:

(a) granting the privilege of using or improving the airport or air navigation facility or any portion or facility of or space in the airport or air navigation facility for commercial purposes;

(b) conferring the privilege of supplying goods, commodities, things, services, or facilities at the airport or air navigation facility; or

(c) making available services to be furnished by the municipality or its agents at the airport or air navigation facility.

(2) In each case, the municipality may establish the terms and conditions and fix the charges, rentals, or fees for the privileges or services, which must be reasonable and uniform for the same class of privilege or service.

(3) Except as may be limited by the terms and conditions of any grant, loan, or agreement pursuant to 67-10-405, a municipality may by contract, lease, or other arrangement, upon a consideration fixed by it, grant to any qualified person for a term not to exceed 40 years the privilege of operating, as agent of the municipality or otherwise, any airport owned or controlled by the municipality; provided that the person may not be granted any authority to operate the airport other than as a public airport or to enter into any contracts, leases, or other arrangements in connection with the operation of the airport which the municipality might not have undertaken under subsections (1) and (2).

67-10-303. Delegation of authority. Any authority vested by this chapter in a municipality or in the governing body thereof for the planning, establishment, development, construction, enlargement, improvement, maintenance, equipment, operation, regulation, protection, and policing of airports or other air navigation facilities established, owned, or controlled or to be established, owned, or controlled by the municipality may be vested by resolution of the governing body of the municipality in an officer or board or other municipal agency whose powers and duties must be prescribed in the resolution. However, the expense of such planning, establishment, development, construction, enlargement, improvement, maintenance, equipment, operation, regulation, protection, and policing is a responsibility of the municipality.

Finance

67-10-401. Appropriations — taxation. The governing body of any municipality having power to appropriate and raise money is authorized to appropriate, and to raise by taxation or otherwise, sufficient money to carry out the provisions and purposes of this chapter, within the limitations prescribed by law.

History: En. Sec. 9, Ch. 288, L. 1947; R.C.M. 1947, 1-816; amd. Sec. 13, Ch. 140, L. 1979.

67-10-402. Tax levy. (1) For the purpose of establishing, constructing, equipping, maintaining, and operating airports, landing fields, and ports under the provisions of this chapter and as provided in Title 7, chapter 14, part 11, the county commissioners or the city or town council may each year assess and levy, in addition to the annual levy for general administrative purposes or the all-purpose levy authorized by 7-6-4451 and 7-6-4452, a tax on the dollar of taxable value of the property of said county, city, or town:

(a) not to exceed 2 mills for airports and landing fields; and

(b) not to exceed 2 mills for ports.

(2) In the event of a jointly established airport, landing field, or port, the county commissioners and the council or councils involved shall determine in advance the levy necessary for such purposes and the proportion each political subdivision joining in the venture must pay.

(3) No property within any political subdivision may be subject to a tax pursuant to this section at an annual rate in excess of 2 mills for airports, landing fields, or ports unless it is found that the levy is insufficient for the purposes enumerated. In such a case the commissioners and councils acting are authorized and empowered to contract an indebtedness on behalf of such county, city, or town, as the case may be, upon the credit thereof by borrowing money or issuing bonds for such purposes, provided that no bonds may be issued

for such purpose until the proposition has been submitted to the qualified electors and a majority vote cast therefor, except as provided in subsection (4).

(4) For the purpose of establishing a reserve fund to resurface, overlay, or improve existing runways, taxiways, and ramps, the governing bodies may set up annual reserve funds in their annual budget if:

(a) the reserve is approved by the governing bodies during the normal budgeting procedure;

(b) the necessity to resurface or improve said runways by overlays or similar methods every so many years is based upon competent engineering estimates; and

(c) the funds are expended at least within each 10-year period.

(5) The reserve fund may not exceed at any time a competent engineering estimate of the cost of resurfacing or overlaying the existing runways, taxiways, and ramps of any one airport for each fund. The governing body of the airport or port, if in its judgment it considers it advantageous, may invest the fund in any interest-bearing deposits in a state or national bank insured by the FDIC or obligations of the United States of America, either short-term or long-term. Interest earned from such investments must be credited to the operations and maintenance budget of the airport or port governing body. The above provisions, notwithstanding other budget control measures and due to the uniqueness of the subject matter, are declared necessary in the interests of the public health and safety.

67-10-405. Federal and state money. (1) A municipality may accept, receive, receipt for, disburse, and spend federal and state money and other money, public or private, made available by grant or loan or both to accomplish any of the purposes of this chapter. All federal money accepted under this section must be accepted and spent by the municipality upon terms and conditions prescribed by the United States and consistent with state law. All state money accepted under this section must be accepted and spent by the municipality upon terms and conditions prescribed by the state. Unless otherwise prescribed by the agency from which the money is received, the chief financial officer of the municipality shall on its behalf deposit and keep all money received pursuant to this section in separate funds, designated according to the purposes for which the money is made available, in trust for those purposes.

(2) No application may be made by a municipality for federal aid, as provided in this section, unless the "project application", as defined in the Federal Airport Act of 1946 and regulations of the administrator of civil aeronautics, is first approved by the department.

(3) A municipality may, with the approval and consent of the department, designate the department as its agent to accept, receive, receipt for, and disburse federal and state money and other money, public or private, made available by grant or loan or both to accomplish any of the purposes of this chapter. A municipality may, with the consent of the department, designate the department as its agent in contracting for and supervising the planning, acquisition, development, construction, improvement, or equipment of an airport or other air navigation facility. All contracts made, let, or awarded by the department acting as agent of a municipality under this section must be made, let, or awarded pursuant to the laws governing the making of contracts by or on behalf of the state. The municipality may enter into an agreement with the department providing for payment to the department for services rendered as agent and prescribing the terms and conditions of the agency, in accordance with terms and conditions prescribed by the United States, if federal money is involved and in accordance with applicable state law. All federal money accepted under this section by the department must be accepted and transferred or spent by the department upon terms and conditions prescribed by the United States. All money received by the department under this subsection must be deposited in the state treasury and, unless otherwise prescribed by the agency from which the money is received, must be kept in separate funds designated according to the purposes for which the money is made available and held by the state in trust for those purposes.

Organization and General Provisions

67-11-101. Short title. This chapter may be cited as the "Airport Authorities Act".

History: En. 1-925 by Sec. 24, Ch. 433, L. 1971; R.C.M. 1947, 1-925.

67-11-102. Municipal airport authority. Any municipality may, by resolution of its governing body, create a public body, corporate and politic, to be known as a municipal airport authority which shall be authorized to exercise its functions upon the appointment and qualification of the first commissioners thereof; or the governing body may by resolution determine to exercise any or all powers granted to such authorities in this chapter until or unless such powers are or have been conferred upon a municipal or regional airport authority. Upon the adoption of a resolution creating a municipal airport authority, the governing body of the municipality shall, pursuant to the resolution, appoint not less than five persons as commissioners of the authority. The commissioners who are first appointed shall be designated to serve for terms of 1, 2, 3, 4, and 5 years, respectively, but thereafter each commissioner shall be appointed for a term of 5 years, except that vacancies occurring otherwise than by expiration of the term shall be filled for the unexpired term by the governing body.

History: En. 1-904 by Sec. 4, Ch. 433, L. 1971; amd. Sec. 1, Ch. 57, L. 1975; R.C.M. 1947, 1-904.

67-11-103. Regional airport authority. (1) Two or more municipalities may by joint resolution create a public body, corporate and politic, to be known as a regional airport authority. The resolution creating a regional airport authority shall create a board of not less than five commissioners; the number to be appointed, their term and compensation, if any, shall be provided for in the resolution. Each such regional airport authority shall organize, select officers for terms to be fixed by agreement, and adopt and amend from time to time rules for its own procedure not inconsistent with 67-11-104.

(2) A regional airport authority may be increased from time to time to serve one or more additional municipalities if each additional municipality and each of the municipalities then included in the regional authority and the commissioners of the regional authority, respectively, adopt a joint resolution consenting thereto; provided that if a municipal airport authority for any municipality seeking to be included in the regional authority is then in existence, the commissioners of the municipal authority must consent to the inclusion of the municipality in the regional authority. Upon the inclusion of any municipality in the regional authority, all rights, contracts, obligations, and property, real and personal, of the municipal authority shall be in the name of and vest in the regional authority.

(3) A regional airport authority may be decreased if each of the municipalities then included in the regional authority and the commissioners of the regional authority consent to the decrease and make provisions for the retention or disposition of its assets and liabilities.

(4) A municipality shall not adopt any resolution authorized by this section without a public hearing thereon. Notice thereof shall be given at least 10 days prior thereto in a newspaper published in the municipality or, if there is no

newspaper published therein, then in a newspaper having general circulation in the municipality.

(5) For the purpose of this chapter a regional airport authority shall have the same powers as all other political subdivisions in the adoption and enforcement of comprehensive airport zoning regulations as provided for by the laws of this state.

History: En. 1-905, 1-909 by Secs. 5, 8, Ch. 433, L. 1971; R.C.M. 1947, 1-905, 1-909(part).

67-11-104. Commissioners. (1) The powers of each authority shall be vested in the commissioners thereof. A majority of the commissioners of an authority shall constitute a quorum for the purpose of conducting business of the authority and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of not less than a majority of the commissioners present.

(2) There shall be elected a chairman and vice-chairman from among the commissioners. An authority may employ an executive director, secretary, technical experts, and such other officers, agents, and employees, permanent and temporary, as it may require and shall determine their qualifications, duties, and compensation. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

(3) A commissioner of an authority shall be entitled to the necessary expense, including travel expenses, as provided for in 2-18-501 through 2-18-503, incurred in the discharge of his duties. Each commissioner shall hold office until his successor has been appointed and has qualified. The certificates of the appointment and reappointment of commissioners shall be filed with the authority.

History: En. 1-908 by Sec. 7, Ch. 433, L. 1971; amd. Sec. 4, Ch. 439, L. 1975; R.C.M. 1947, 1-908.

67-11-105. Functions — public and governmental. The acquisition of any land or interest therein, pursuant to this chapter; the planning, acquisition, establishment, development, construction, improvement, maintenance, equipment, operation, regulation, and protection of airports and air navigation facilities, including the acquisition or elimination of airport hazards, and the exercise of any powers herein granted to authorities and other public agencies to be severally or jointly exercised are hereby declared to be public and governmental functions, exercised for a public purpose, and matters of public necessity. All land and other property and privileges acquired and used by or on behalf of any authority or other public agency in the manner and for the purposes enumerated in this chapter shall and are hereby declared to be acquired and used for public and governmental purposes and as a matter of public necessity.

History: En. 1-919 by Sec. 18, Ch. 433, L. 1971; R.C.M. 1947, 1-919.

67-11-106. Cooperation of municipality. For the purpose of aiding and cooperating in the planning, undertaking, construction, or operation of airports and air navigation facilities pursuant to the provisions of this chapter, any municipality for which an authority has been created upon such terms, with or without consideration, as it may determine, may:

(1) lend or donate money to the authority;

(2) provide that all or a portion of the taxes or funds available or to become available to or required by law to be used by the municipality for airport

purposes be transferred or paid directly to the airport authority as such funds become available to the municipality;

(3) cause water, sewer, or drainage facilities or any other facilities which it is empowered to provide to be furnished adjacent to or in connection with such airports or air navigation facilities;

(4) dedicate, sell, convey, or lease any of its interest in any property or grant easements, licenses, or any other rights or privileges therein to the authority;

(5) furnish, dedicate, close, pave, install, grade, regrade, plan or replan streets, roads, roadways, and walks from established streets or roads to such airports or air navigation facilities;

(6) do any and all things, whether or not specifically authorized in this section and not otherwise prohibited by law, that are necessary or convenient to aid and cooperate with the authority in the planning, undertaking, construction, or operation of airports and air navigation facilities; and

(7) enter into agreements with the authority respecting action to be taken by the municipality pursuant to the provisions of this section.

Powers

67-11-201. General powers of authority. An authority shall have all the powers necessary or convenient to carry out the purposes of this chapter, including the power to certify annually to the governing bodies creating it the amount of tax to be levied by said governing bodies for airport purposes and including but not limited to the power to:

(1) sue and be sued, have a seal, and have perpetual succession;

(2) execute such contracts and other instruments and take such other action as may be necessary or convenient to carry out the purposes of this chapter;

(3) plan, establish, acquire, develop, construct, purchase, enlarge, improve, maintain, equip, operate, regulate, and protect airports and air navigation facilities, within this state and within any adjoining state, including the acquisition, construction, installation, equipment, maintenance, and operation at such airports or buildings and other facilities for the servicing of aircraft or for comfort and accommodation of air travelers and the purchase and sale of supplies, goods, and commodities as are incident to the operation of its airport properties. For such purposes an authority may, by purchase, gift, devise, lease, eminent domain proceedings, or otherwise, acquire property, real or personal, or any interest therein, including easements in airport hazards or land outside the boundaries of an airport or airport site, as is necessary to permit the removal, elimination, obstruction-marking, or obstruction-lighting of airport hazards or to prevent the establishment of airport hazards.

(4) establish comprehensive airport zoning regulations in accordance with the laws of this state;

(5) acquire, by purchase, gift, devise, lease, eminent domain proceedings, or otherwise, existing airports and air navigation facilities; provided, however,

an authority shall not acquire or take over any airport or air navigation facility owned or controlled by another authority, a municipality, or public agency of this or any other state without the consent of such authority, municipality, or public agency;

(6) establish or acquire and maintain airports in, over, and upon any public waters of this state, any submerged lands under such public waters provided that the authority has obtained the approval of the owner or agency that controls the water, and construct and maintain terminal buildings, landing floats, causeways, roadways, and bridges for approaches to or connecting with any such airport and landing floats and breakwaters for the protection thereof.

67-11-202. Rules. An authority is authorized to adopt, amend, and repeal such reasonable resolutions, rules, and orders as it shall deem necessary for the management, government, and use of any airport or air navigation facility owned by it or under its control. No rule, order, or standard prescribed by the commission shall be inconsistent with or contrary to any act of the congress of the United States or any regulation promulgated or standard established pursuant thereto. The authority shall keep on file at the principal office of the authority for public inspection a copy of all its rules.

67-11-203. Joint exercise of powers. (1) For the purposes of 67-11-203 through 67-11-205, unless otherwise qualified, the term "public agency" includes municipality and authority, each as defined in this title; any agency of the state government and of the United States; and any municipality, political subdivision, or agency of an adjoining state. The term "governing body" includes commissioners of an authority, the governing body of a municipality, and the head of an agency of a state or the United States if the public agency is other than an authority or municipality.

(2) All powers, privileges, and authority granted by this chapter may be exercised and enjoyed by an authority jointly with any public agency of this state and jointly with any public agency of any adjoining state or of the United States to the extent that the laws of such other state or of the United States permit such joint exercise or enjoyment. Any agency of the state government, when acting jointly with any authority, may exercise and enjoy all the powers, privileges, and authority conferred by this chapter upon an authority.

(3) Any two or more public agencies may enter into agreements with each other for joint action pursuant to the provisions of 67-11-203 through 67-11-205. Each agreement shall specify its duration; the proportionate interest which each public agency will have in the property, facilities, and privileges involved in the joint undertaking; the proportion of costs of operation, capital outlay, and maintenance to be borne by each public agency; and such other terms as are considered necessary or required by law. The agreement may also provide for amendments and termination; disposal of all

or any of the property, facilities, and privileges jointly owned prior to or at such times as the property, facilities, and privileges or any part thereof cease to be used for the purposes provided in this chapter or upon termination of the agreement; the distribution of the proceeds received upon any disposal and of any funds or other property jointly owned and undisposed of; the assumption of payment of any indebtedness arising from the joint undertaking which remains unpaid upon the disposal of all assets or upon a termination of the agreement; and such other provisions as may be necessary or convenient.

67-11-204. Joint board. (1) Public agencies acting jointly pursuant to 67-11-203 through 67-11-205 shall create a joint board which shall consist of members appointed by the governing body of each participating public agency. The number to be appointed and their term and compensation, if any, shall be provided for in the joint agreement. Each joint board shall organize, select officers for such terms as are fixed by the agreement, and adopt and amend from time to time rules for its own procedure. The joint board, as agent of the participating public agencies, may plan, acquire, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect, and police any airport or air navigation facility or airport hazard to be jointly acquired, controlled, and operated; and the board may be authorized by the participating public agencies to exercise on behalf of its constituent public agencies all the powers of each with respect to the airport, air navigation facility, or airport hazard, subject to the limitations of subsection (2) of this section.

(2) (a) The total expenditures to be made by the joint board for any purpose in any calendar year shall be as determined by a budget approved by the constituent public agencies on or before the preceding June 10 or as otherwise specifically authorized by the constituent public agencies.

(b) No airport, air navigation facility, airport hazard, or real or personal property, the cost of which is in excess of sums fixed therefor by the joint agreement or allotted in the annual budget, may be acquired, established, or developed by the joint board without the approval of the governing bodies of its constituent public agencies.

(c) Eminent domain proceedings under 67-11-203 through 67-11-205 may be instituted by the joint board only by authority of the governing bodies of the constituent public agencies of the joint board. If so authorized, such proceedings shall be instituted in the names of the constituent public agencies jointly, and the property so acquired shall be held by the public agencies as tenants in common.

(d) The joint board may not dispose of any airport, air navigation facility, or real property under its jurisdiction except with the consent of the governing bodies of its constituent public agencies. However, the joint board may, without such consent, enter into contracts, leases, or other arrangements contemplated by 67-11-211.

(e) Resolutions, rules, or orders of the joint board dealing with subjects authorized by 67-11-211 become effective only upon approval of the governing bodies of the constituent public agencies. However, upon such approval, the resolutions, rules, or orders of the joint board shall have the same force in the territories or jurisdictions involved as the ordinances, resolutions, rules, or orders of each public agency would have in its own territory or jurisdiction.

67-11-205. Joint fund. For the purpose of providing the joint board with moneys for the necessary expenditures in carrying out the provisions of 67-11-203 through 67-11-205, a joint fund shall be created and maintained, into which shall be deposited the share of each of the constituent public agencies as provided by the joint agreement. Any federal, state, or other grants, contributions, or loans and the revenues obtained from the joint ownership, control, and operation of any airport or air navigation facility under the jurisdiction of the joint board shall be paid into the joint fund. Disbursements from such fund shall be made by order of the board, subject to the limitations prescribed in 67-11-204(2).

67-11-206. Supplementary powers. In addition to the general and special powers conferred by this chapter, every authority is authorized to exercise such powers as are necessary incidental to the exercise of such general and special powers.

History: En. 1-923 by Sec. 22, Ch. 433, L. 1971; R.C.M. 1947, 1-923.

67-11-207 through 67-11-210 reserved.

67-11-211. Granting of operation and use privileges. (1) In connection with the operation of an airport or air navigation facility owned or controlled by an authority, the authority may enter into contracts, leases, and other arrangements for terms not to exceed 40 years with any persons:

(a) granting the privilege of using or improving the airport or air navigation facility or any portion or facility of or space in the airport or air navigation facility for commercial purposes;

(b) conferring the privilege of supplying goods, commodities, things, services, or facilities at the airport or air navigation facility; and

(c) making available services to be furnished by the authority or its agents at the airport or air navigation facility.

(2) In each case, the authority may establish the terms and conditions and fix the charges, rentals, or fees for the privileges or services, which must be reasonable and uniform for the same class of privilege or service; provided that the public may not be deprived of its rightful, equal, and uniform use of the airport, air navigation facility, or portion or facility of the airport or air navigation facility.

(3) Except as may be limited by the terms and conditions of any grant, loan, or agreement authorized by 67-11-305, an authority may by contract, lease, or other arrangement, upon a consideration fixed by it, grant to any qualified person for a term not to exceed 40 years the privilege of operating, as agent of the authority or otherwise, any airport owned or controlled by the authority; provided that a person may not be granted any authority to operate an airport other than as a public airport or to enter into any contracts, leases, or other arrangements in connection with the operation of the airport which the authority might not have undertaken under subsections (1) and (2).

67-11-222. Department control of airport operation and income. The department may control the operation of airports constructed under the provisions of 67-11-221 and may provide for the imposition of landing fees, granting of fuel and service concessions, or the lease of portions of the premises for other related airport services or for purposes not inconsistent with the use of the premises for airport purposes. All income from the operation of such airports shall be deposited in the state treasury in the airport operating account within the enterprise fund. All expenditures from the account shall be within the limits of legislative appropriations and shall be made upon vouchers signed and approved by the director of the department.

67-11-301. Municipal tax levy. The airport authority may certify annually to the governing bodies the amount of tax to be levied by each municipality participating in the creation of the airport authority, and the municipality shall levy the amount certified, pursuant to provisions of law authorizing cities and other political subdivisions of this state to levy taxes for airport purposes. The levy made shall not exceed the maximum levy permitted by the laws of this state for airport purposes or any such lower limit as may have been established by the municipality or municipalities in the resolution creating the authority. The municipality shall collect the taxes certified by an airport authority in the same manner as other taxes are levied and collected and make payment to the airport authority. The proceeds of such taxes when and as paid to the airport authority shall be deposited in a special account or accounts in which other revenues of the authority are deposited and may be expended by the authority as provided for in this chapter. Prior to the issuance of bonds under 67-11-303, the airport authority or the municipality may by resolution covenant and agree that the total amount of such taxes then authorized by law, or such portion thereof as may be specified by the resolution, will be certified, levied, and deposited annually as herein provided until the bonds and interest thereon are fully paid.

67-11-303. Bonds and obligations. (1) An authority may borrow money for any of its corporate purposes and issue its bonds for those purposes, including refunding bonds, in the form and upon the terms that it may determine, payable out of any revenue of the authority, including revenue derived from:

(a) an airport or air navigation facility or facilities;

(b) taxes levied pursuant to 67-11-301 or other law for airport purposes;
(c) grants or contributions from the federal government; or
(d) other sources.

(2) The bonds may be issued by resolution of the authority, without an election and without any limitation of amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in any year on the bonds and on any then outstanding bonds for which revenue from the same source or sources are pledged exceeds the amount of revenue to be received in that year as estimated in the resolution authorizing the issuance of the bonds. The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any are pledged, sufficient to make the revenue from the pledged source in the year at least equal to the amount of principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Except as otherwise provided in this section, any bonds issued pursuant to this chapter by an authority may be payable as to principal and interest solely from revenue of the authority and must state on their face the applicable limitations or restrictions regarding the source from which the principal and interest are payable.

(4) Bonds issued by an authority or municipality pursuant to the provisions of this chapter are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-111(2)(a).

(5) For the security of bonds, the authority or municipality may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenues referred to in this chapter, prior to the payment of current costs of operation and maintenance of the facilities.

(6) Subject to the conditions stated in this subsection, the governing body of any municipality having a population in excess of 10,000, with respect to bonds issued pursuant to this chapter by the municipality or by an authority in which the municipality is included, may by resolution covenant that in the event that at any time all revenue, including taxes, appropriated and collected for the bonds is insufficient to pay principal or interest then due, it will levy a general tax upon all of the taxable property in the municipality for the payment of the deficiency. The governing body may further covenant that at any time a deficiency is likely to occur within 1 year for the payment of principal and interest due on such bonds, it will levy a general tax upon all the taxable property in the municipality for the payment of the deficiency, and the taxes are not subject to any limitation of rate or amount applicable to other municipal taxes but are limited to a rate estimated to be sufficient to produce the amount of the deficiency. In the event that more than one municipality having a population in excess of 10,000 is included in an authority issuing bonds pursuant to this chapter, the municipalities may apportion the obligation to levy taxes for the payment of, or in anticipation of, a deficiency in the revenue appropriated for the bonds in a manner that the municipalities may determine. The resolution must state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies. A resolution may not be

effective until the question of its approval has been submitted to the qualified electors of the municipality at a special election called for that purpose by the governing body of the municipality and a majority of the electors voting on the question have voted in favor of the resolution. The special election must be held in conjunction with a regular or primary election. The notice and conduct of the election is governed, to the extent applicable, as provided for municipal general obligation bonds in Title 7, chapter 7, part 42, for an election called by cities and towns and as provided for county general obligation bonds in Title 7, chapter 7, part 22, for an election called by counties. If a majority of the electors voting on the issue vote against approval of the resolution, the municipality may not make the covenant or levy a tax for the payment of deficiencies pursuant to this section, but the municipality or authority may issue bonds under this chapter payable solely from the sources referred to in subsection (1).

67-11-305. Federal and state money. (1) An authority may accept, receive, receipt for, and spend federal and state moneys and other moneys, public or private, made available by grant or loan, to accomplish any of the purposes of this chapter. All federal moneys accepted under this section shall be accepted and spent by the authority upon terms and conditions prescribed by the United States and consistent with state law. All state moneys accepted under this section shall be accepted and spent by the authority upon terms and conditions prescribed by the state.

(2) An authority may designate the department as its agent to accept, receive, receipt for, and disburse federal and state moneys and other moneys, public or private, made available by grant or loan, to accomplish in whole or in part any of the purposes of this chapter and may designate the department as its agent in contracting for and supervising the planning, acquisition, development, construction, improvement, maintenance, equipment, or operation of any airport or other air navigation facility. An authority may enter into an agreement with the department prescribing the terms and conditions of the agency in accordance with terms and conditions prescribed by the United States, if federal money is involved, and in accordance with the applicable laws of this state. All federal moneys accepted under this section by the department shall be accepted and transferred or spent by the department upon terms and conditions prescribed by the United States. All moneys received by the department under this subsection shall be deposited in the state treasury and, unless otherwise prescribed by the agency from which the moneys were received, shall be kept in separate funds designated according to the purposes for which the moneys were made available and held by the state in trust for those purposes.

67-11-401. Out-of-state airport jurisdiction — reciprocity. (1) This section may be cited as the "Extraterritorial Airports Section".

(2) For the purpose of this section, "governmental agency" means any municipality, city, town, county, public corporation, or other public agency.

(3) This state or any governmental agency of this state having any powers with respect to planning, establishing, acquiring, developing, constructing, enlarging, improving, maintaining, equipping, operating, regulating, or protecting airports or air navigation facilities within this state may exercise those powers within any state or jurisdiction adjoining this state, subject to the laws of that state or jurisdiction.

(4) Any state adjoining this state or any governmental agency thereof may plan, establish, acquire, develop, construct, enlarge, improve, maintain, equip, operate, regulate, and protect airports and air navigation facilities within this state, subject to the laws of this state applicable to airports and air navigation facilities. The adjoining state or governmental agency shall have the power of eminent domain in this state, which shall be exercised in the manner provided by the laws of this state governing condemnation proceedings, provided that the power of eminent domain shall not be exercised unless the adjoining state authorizes the exercise of that power therein by this state or any governmental agency thereof having any of the powers mentioned in this section.

(5) The powers granted in this section may be exercised jointly by two or more states or governmental agencies, including this state and its governmental agencies, in such combination as may be agreed upon by them.
